December 1, 1999

Honorable City Council:

Re: Transfer of Jurisdiction and Exchange of Surplus Property. Land Disposition: 253 & 325 Harper.

The Director of the Recreation Department, in order to facilitate the proposed land assemblage for the Harper/Piquette Development has declared 253 and 325 Harper, surplus to its needs and requests that the Planning and Development Department assume jurisdictional control over these properties.

Under the terms of an exchange agreement and in exchange for these properties, Oakland Avenue Baptist Church is to enter into negotiations to purchase a pri-

vately held parcel at 247 Harper and convey it to the Recreation Department.

The Recreation Department agrees to permit Oakland Avenue Baptist Church to construct to the west property line of the Church's property at 301 Harper and subsequently convey 301 Harper to the Recreation Department.

The Recreation Department will convey to Oakland Avenue Baptist Church the portion of 311 Harper on which a breezeway has been constructed. Oakland Avenue Baptist Church will vacate their rights to the alley adjacent to the Recreation properties with rights being conveyed to the Recreation Department. An overall landscape design will be developed to complement both sites.

Honorable City Council:

Re: Surplus Property Sale By Development Agreement. Land Disposition: 14090 Prairie.

We are in receipt of an offer from C & C Transport, a Michigan Corporation to purchase the above-captioned property for the amount of \$50,000.00 and to develop such property. This land measures approximately 93,423 square feet and is zoned M-4.

The condition of this site consists of excessive mounds of dirt, debris and building materials and is an eyesore to the area. There is also a structure on the site which is vacant and open to the elements. C & C Transport has agreed to remove all dirt, debris, and building material and demolish the structure. Upon completion of clearing the land, the developer will develop a truck turnaround to accommodate their adjacent construction and demolition facility. This use is permitted as a matter of right in a M-4 zone.

We, therefore, request that your Honorable Body adopt the sale and authorize the Finance Department Director to execute an agreement to purchase and develop this property with C & C Transport, a Michigan Corporation.

Respectfully submitted,

Re: Correction of Sales Resolution. Forest Park Rehabilitation Project No. 2. Land Disposition: Parcel 12-C.

#### Youth Department

December 2, 1999

Honorable City Council:

Re: Resolution 1) Authorizing Detroit Resident Youth Council of the Detroit Youth Department to charge an admission fee at the Kwanzaa Celebration 1999 "Celebrating Youth; The Fruits of Our Labor" Program, and 2) for direction of the proceeds from the program into the Youth Department budget.

The Detroit Resident Youth Council (RYC) is a program sponsored by the City of Detroit Youth Department which affords select youth throughout the City of Detroit the opportunity to receive academic assistance, leadership skills and exposure to various cultural and social events. The participants also engage in a series of workshops, training activities, college tours and conference trips. In furtherance of its commitment of the RYC, the Youth Department will host its fourth annual Kwanzaa celebration with the theme "Celebrating Youth; The Fruits of Our Labor" on December 17, 1999, at the Cobo Hall Riverview Ballroom. The RYC members will explain the meaning of Kwanzaa through dance, song, poetry, drama and creative group presentations. The Kwanzaa celebration was so successful last year that the Museum of African-American History invited the stu-

dents to repeat their performance as a part of the Museum's Kwanzaa activities. This year the members of the RYC are prepared to introduce their talents to the Detroit community at large.

The Youth Department respectfully requests authorization from your Honorable Body to charge an admission fee of Five Dollars (\$5.00) per person for the Kwanzaa celebration. The proceeds from the Kwanzaa celebration will be utilized by the Youth Department to fund the RYC's annual Cultural College Tour which provides eligible participants exposure to educational opportunities at higher learning institutions. Due to departmental budget constraints, the number of participants for whom funding was available in previous years has been limited. This year, the Youth Department, on behalf of the RYC has a goal of raising Six Thousand Dollars (\$6,000.00) by March 2000 to fund the annual Cultural College Tour. This year, the Youth Department, on behalf of the Youth Department anticipates that the admission fees collected from this event will assist the RYC in reaching this goal.

Section 9-507 of the Detroit City Charter specifically authorizes a City department to charge a fee with City Council approval. Section 9-507 provides:

Any agency of the City may, with the approval of the City Council, charge an admission or service fee to any facility operated, or for any service provided by an agency.

Therefore, we request that your Honorable Body adopt the proposed Resolution to authorize the Youth Department to charge a Five Dollar (\$5.00) per person admission fee for the Kwanzaa program to be held on December 17, 1999, at the Cobo Hall Riverview Ballroom, and to direct the proceeds therefrom to the Youth Department's budget for the exclusive benefit of the RYC program, Cultural College Tour.

We are available to answer any questions that your Honorable Body may have regarding this proposed Resolution. Thank you for your consideration.

Respectfully submitted,  
ARLENE M. ROBINSON  
Director

**TESTIMONIAL RESOLUTION FOR**

**PAUL J. GLATZ**

By COUNCIL MEMBER K. COCKREL, JR.:  
 WHEREAS, Paul J. Glatz celebrates his 100th birthday on December 8, 1999. He was born in a small village at the base of the Austrian Alps. His father, like millions before him, was restless, dreaming of the opportunities that the United States could offer. So he brought his family — including young Paul — to America. At 16, Paul Glatz, too, became restless. He and a friend decided to venture west. On the way, however, he reached Detroit, which was booming with the growth of the auto industry. He decided to stay and sent Henry Ford a postcard. Ford wrote back, and Mr. Glatz got a job. He soon moved to the Maxwell Motor Company, which became Chrysler Corporation, and

WHEREAS, Mr. Glatz' real legacy is to the early union movement. The plight of the American worker in those days — there was little job security and dignity — resonated with young Mr. Glatz. During a strike at the Dodge Main plant, Mr. Glatz was part of a group chosen to meet in Lansing with Gov. Frank Murphy. Because Gov. Murphy refrained from sending in troops to break the strike, it allowed the strikers to wait out management. The action led to the creation of the UAW. In 1963 — forty years after he began there — Mr. Glatz was able to retire from Chrysler, secure with a union-ensured pension, and

WHEREAS, After retirement, Mr. Glatz maintained his involvement with his community. He was active in Retired Citizens for Better Nursing Care, worked at election polls and sponsored children in Webster School's Head Start program. He still meets each week with his Third Precinct senior group. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby salutes Paul J. Glatz for the remarkable role he played in the history of Detroit, the auto industry and the labor movement. We stand in awe of the history he has seen over the past 100 years. May his future be filled with happiness and good health..

## Invocation

Let us pray,

O Divine Spirit, You have given us a new day in a new year in a new millennium. Today is Wednesday, January 12, 2000! We are here, because You are the Loving God who called us into existence. Your Divine Spirit is here, let us open our hearts and souls to receive You, Our God and Our Savior.

We acknowledge, O Lord, it is Your hand that fate has guided us and brought us to this moment, this space, this corner of the world in Southeast Michigan, to this City. We remember that we are here, not through our own ambitions, but because You have brought us and gathered us.

So in humility and gratitude we surrender to You that Your Will may be our will because we know that we are not worthy. We have sinned, O God. We have sinned against You in thought, in word, and in deed. And, too often, we have sinned against one another, so we ask Your forgiveness and as we ask Your forgiveness, so we forgive those who have sinned against us that we may grow to become more like You. For in forgiving, we are forgiven, our hearts are cleansed, our lips can speak truths and we love again because You first loved us.

So, Lord, we pray.

— We pray for our city and all who dwell here, the men, women and children that reside here.

— We pray for the innocent children, who we have allowed our society to hurt and abuse for the young mean sentenced tomorrow we pray for ourselves who should be standing in his stead because we have allowed the violence, drugs and guns that so shaped and determined his young life.

— We pray that their lives may be fruitful that they will have opportunity for health and education and productive jobs. We pray for those who are hungry, that they may be fed.

— We know people suffer and we should not rest until they rest.

— We pray for those who are homeless — intentionally and unintentionally that they may find a home.

— We pray for the elderly and the infirm.

— We pray for those who are sick and hospitalized.

— We pray for those who are sick and have not received the care they need.

— We pray for the mentally ill on our streets, in our neighborhoods and in our prisons that we may provide for them and not forget them.

— We pray for the legislators and that they promote human rights and do not limit them.

— We pray for the visionaries for their dreams and ideas that these visions for this city may help all who reside here — especially those who had been forgotten and are destitute.

When we pray we remember Your words that we must serve and be a servant to all, and we remember Your great commandment that we love one another.

In loving one another, we pray for one another.

— We pray for those we love — our dear ones — our cherished family members, our beloved friends.

— We pray for the one seated to our left — grant them wisdom, grant them courage — to live and stand on their convictions.

— We pray for the one on our right — give them fortitude, bolster them with honesty and fill them with righteousness.

And mostly Lord,

— We pray for those we despise. We pray for our enemies for those we hate. Because in praying for them our hearts will soften and we may never like them, but in praying for them we will grow to love them and when we love all things are possible.

When we truly love we will come close to Your Kingdom. When we love, we will bring the new city, the New Jerusalem to earth.

And our city will shine like a beacon to the world.

Our City will show that through Jesus Christ as Paul wrote:

We have obtained access to the grace in which we stand and we rejoice in our hope of sharing the Glory of God.

More than that, we rejoice in our sufferings, knowing that suffering produces endurance, and endurance produces character, and character produces hope, and hope does not disappoint us, because God's love has been poured into our hearts through the Holy Spirit which has been given to us.

We are ready to follow You Lord. We are ready — take us and lead us, that we may glorify You, that we may glorify You!

Amen.

**City Planning Commission**

January 11, 2000

Honorable City Council:

Re: Review of plans for proposed Detroit Lions Stadium (Ford Field) and related requests for the transfer and sale of City-owned land to the Downtown Development Authority and the vacation of various streets (Recommend Approval with Conditions).

**BACKGROUND**

In order to facilitate the construction of the proposed Lions Stadium to be known

as Ford Field, the Detroit Wayne County Stadium Authority (Stadium Authority) is requesting the vacation of Adams east of Brush St. The Stadium Authority is also requesting approval of the disposition of 2210 Brush (located at the northeast corner of Brush and E. Columbia Streets), the one remaining City owned property on the site.

The great majority of issues normally surrounding a project of this magnitude such as traffic, parking, infrastructure improvements, etc., were previously addressed in the discussions regarding Comerica Park, which will be immediately to the west. Parking, and hence ingress/egress, would be the same as that for the Comerica Park.

**PROPOSAL**

The Lions are proposing the construction of a new stadium on a two by four block area zoned B4 (General Business District) bounded on the north by Montcalm, on the east by St. Antoine, on the south by Beacon and on the west by Brush. It will seat approximately 60,000 spectators, including those in the suites. In addition to restrooms, concessions, offices and all the other functions necessary to the operation and maintenance of a football venue, restaurants and retail shops are to be provided in a pedestrian mall, to be located along the to-be-vacated Adams St. between the stadium and the former Hudson's warehouse.

The Stadium Authority is not proposing additional parking west of Woodward, as was originally discussed when the new Tigers Stadium (Comerica Park) was first proposed. Tailgating will likely take place in the parking lot between St. Antoine and the Chrysler Freeway.

**DESIGN ANALYSIS**

To refer to the proposed Ford Field simply as a stadium does not do justice to the generous design and layout of this proposed structure. The designers have incorporated the former Hudson's warehouse into the stadium, forming the southern wall of the stadium. Suites, retail, and office uses will be located in the rehabilitated warehouse. Stadium-style seating for each suite will be cantilevered from the face of the warehouse.

The field of play will be about 35 feet below the level of the street. Thus, patrons entering the building from the street level enter on the main concourse, which is at the top of the lower deck seating, which rises up from the field. This means that a portion of the stadium is built into or below grade level. It also means that, along with various ramps throughout the complex, the stadium meets or exceeds the requirements of the Americans with Disabilities Act.

The most striking things about the building elevations are the reuse of the

former Hudson's warehouse and the use of a glass wall at the southwest corner. This not only affords views inside and onto the field, but out from the stands upon the downtown skyline. The stadium is proposed to be reddish brick up to the dome. The dome is designed so that the portion above the field could be replaced with translucent panels to allow some natural light in, thus creating the possibility of natural turf being used in the future.

**ANALYSIS**

The site plan shows a pedestrian plaza where the Paradise Valley area is, which is owned by the Stadium Authority. The designation of the area as a historical district is still being reviewed by the Historic Designation Advisory Board. If the area were designated, the Stadium Authority would have to go through a review and public hearing before the structures could be demolished. It seems possible that St. Antoine could be widened to the east to preserve the area and still create the desired plaza, though this would reduce available parking in the parking lot to the east.

Two issues surrounding pedestrian movements around the stadium were raised and subsequently addressed. The first of these is the possible overflow of people onto the street at the southeast entrance. To address this, the Commission recommends that turnstiles be moved further inside the entrance to allow people to wait in the lobby before having their tickets taken. This will help prevent people from spilling out onto St. Antoine St. while waiting to enter the stadium.

The second is that the location of the vehicular entrance to the large parking lot between St. Antoine and the Fisher Freeway is almost directly across from the doors to the stadium. This could likely lead to pedestrian/vehicular conflicts. To lessen this possibility, the Commission recommends that the vehicular entrance be shifted to the south. The parking lot is being constructed by the Stadium Authority, so the Lions will have to work with that organization to have the entrance moved. It is not anticipated that this will be problematic. The stadium design staff agreed to both of these recommendations.

**RECOMMENDATION**

On January 6, 2000, the City Planning Commission took action to recommend approval of the requested street vacation and the transfer of the City-owned parcel at 2210 Brush to allow for the construction of Ford Field, with the following conditions:

1. That turnstiles be installed in the lobby area inside the doors at the southeast corner of the stadium, and
2. That the Lions organization work with the Detroit/Wayne County Stadium

Authority (DWCSA) to shift the southern entrance to the parking lot located to the east of the stadium further to the south.

December 3, 1999

Honorable City Council:

Re: Transfer of Jurisdiction of Surplus Property. Stadia Project — Lions Stadium Development Project. Land Disposition: 2210 Brush.

On April 29, 1998, your Honorable Body approved the transfer of jurisdiction of the captioned property from the Planning and Development Department (P&DD) to the Downtown Development Authority of the City of Detroit, a Michigan Body Corporate (DDA), in accordance with a provision of the DDA Tax Increment and Financing Plan adopted by your Honorable Body on April 11, 1997. The DDA requested that those City-owned properties identified and generally located south of the Fisher (I-75) Freeway and north of Adams Street between the Chrysler (I-375) Freeway and Woodward Avenue be transferred to DDA for the purposes of being used as part of the development of the then proposed new Tiger Stadium Complex.

Not included in the DDA's transfer request approved on April 29, 1998 was 2210 Brush at the northeast corner of Brush Street and East Columbia Street which is the new Lions Stadium (Ford Field) Project Area. In furtherance of the Lions Stadium Development, the DDA is now making this request to your Honorable Body for the transfer of this one City-owned property to the DDA pursuant to the DDA Tax Increment and Financing Plan. Under the terms of a proposed Transfer of Land Agreement, the property will be transferred to the DDA for the sum of \$1.00.

The DDA has negotiated an Agreement with the Detroit/Wayne County Stadium Authority (D/WCSA) for the purchase of this property for the sum of \$1.00 for development under the new Lions Stadium (Ford Field) Project. Under that Agreement there is a provision that the property reverts back to the City if the planned development presented to your Honorable Body by the Detroit Lions does not occur.

We, therefore, request that your Honorable Body approve the attached resolution authorizing the Planning & Development Department to transfer jurisdiction of 2210 Brush to the Downtown Development Authority of the

City of Detroit, a Michigan Body Corporate located at the northeast corner of Brush and East Columbia Streets.

Respectfully submitted,

**Resolution of the Elected Officials Compensation Commission**

Whereas, The Elected Officials Compensation Commission ("the Commission") last met in 1997 to consider salary increases for City of Detroit elected officials, the Mayor, City Clerk and City Council Members, and did recommend salary increases which were accepted by the City Council; and

Whereas, Pursuant to City Ordinance 694-G, the Commission is not permitted to meet in even numbered years. Accordingly, it is recognized that if the

Commission fails to recommend salary increases on this year that a salary increase for elected officials cannot be considered again until the year 2001; and

Whereas, The Commission reviewed the salary increase percentages of elected officials in cities with comparable populations as Detroit for the period of January 1, 1997 through present, and determined that there are salary disparities between elected officials in these cities and the City of Detroit.

Whereas, Surveys of elected official salaries revealed that in cities with comparable populations to Detroit such as Dallas, San Antonio, San Jose and Phoenix chief executives are paid approximately \$3,000 to \$52,000 more in salary than the Mayor of Detroit; and with respect to City Clerks, at least three cities with comparable population size to Detroit and four cities with significantly smaller populations have higher salaries than the Detroit City Clerk; with respect to the City Council, the salary surveys revealed that the average salary increase for City Council members was approximately eleven percent (11%) during the two year period referenced above; and

Whereas, The Commission requested and received from the City of Detroit Budget Director, a statement regarding the City of Detroit's ability to absorb reasonable salary increases for all Elected Officials; and

Whereas, The City of Detroit Budget Director issued a written memorandum advising the Commission the City of Detroit could in fact absorb reasonable salary increases for Elected Officials; and

Now It Therefore Be Resolved, That the Elected Officials Compensation Commission feels that it is their duty to recommend the following salary increases for the Elected Officials, which recommendation may be accepted or rejected by the Detroit City Council:

- Mayor — 12% — \$176,176.
- \*City Clerk — 12% — \$81,312.
- \*City Council Members — 12% — \$81,312.

\*City Council President receives an additional \$2,000 above the amount proposed above for serving as President of City Council. The City Clerk receives an additional \$2,000 above the amount salary increase proposed above as chairperson of the Election Commission.

Received and placed on file.

Re: Authorization to transfer \$283,000 of General Fund appropriation.

The 1999-2000 Budget includes \$2,674,149 for Weatherization activities (\$500,000 from General Fund, \$1,353,134 from DOE and \$821,015 from

This additional award will allow DHS to fund the Weatherization Program at the budgeted level and utilize the General Fund dollars to assist with additional Homeless activities.

DHS proposes transferring \$283,000 to fund two (2) Homeless programs. The first would be the Homeless Hotline operated by the Neighborhood Services Organization (NSO). Honorable City Council:

Re: Petition No. 2047 - Detroit Medical Center/Harper Hospital, requesting an encroachment into a easement relative to the new Wertz Clinical Cancer Center Phase II in the Brush St. easement of Mack Ave.

Petition No. 2047 of "Detroit Medical Center/Harper Hospital" request to encroach into the Brush street easement (The Development Plan for Medical Center Rehabilitation Projects one and two provided for the conversion of Brush Street from a street to a public walkway and utility easement) north of Mack Avenue.

The petition was referred to the City Engineering Division-DPW for investigation (utility review) and report. This is our report.

Previously, Harper hospital was given permission to encroach underground (July 24, 1985; JCC. pgs. 1691-92) to construct a new Magnetic Resonance Imaging Facility in this part of Brush Street. This request is to allow any above ground encroachments to facilitate the construction of Wertz Clinical Cancer Center Phase II.

Detroit Edison Company (DECO) has conduit & underground cables in Brush Street between Mack & Canfield. DECO has no objection provided they have full 24 hour ingress & egress to their underground facilities and that no permanent structures are built over or near the conduit runs.

The Detroit Water and Sewerage Department has no objections to the proposed encroachment subject to the fulfilling of the provisions of this resolution, in order to protect an existing 12'-9" sewer in Brush St. approximately 40 feet deep.

The City Engineering Division-DPW has no objection to the proposed encroachment provided construction plans are approved by all involved City departments.

All other City departments and privately owned utility companies have reported they have no objections to the proposed encroachment or they have reached satisfactory agreement with the petitioner regarding their installations.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,  
SUNDAY JAIYESIMI

**Department of Health**

December 6, 1999

Honorable City Council:

Re: Proposed Resolution to Increase and/or Establish Detroit Health Department, Food Sanitation Division, Service Fees

Section 21-3-57 of the 1984 Detroit City Code provides that the Detroit Health Department shall establish, subject to approval by resolution of the City Council, fee

schedules for food sanitation and inspection services including routine inspections, re-inspections, ownership change inspections, plan review, food handler permits, management certification, administrative hearing proceedings, requests for assistance, and other activities that are determined by the Public Health Director as necessary to protect the public health and welfare of the People of the City of Detroit.

Further, Section 21-3-57 of the 1984 Detroit City Code provides that the fees charged by the Detroit Health Department are intended to cover the costs of rendering such services, and shall be reviewed and revised as necessary on July 1st of each year to adequately cover the cost of rendering such services. Accordingly, the Detroit Health Department has reviewed the Food Sanitation Division's current fee schedule.

Upon our review, we determined that the costs incurred by the Division in delivering the required food sanitation and inspections services have increased and that the current fees collected by the Food Sanitation Division do not adequately cover the costs of providing these services. In addition, the subject fees have not been increased since their approval by your Honorable Body on November 4, 1992 with an effective date of July 1, 1993.

Pursuant to the applicable provisions of the 1997 Detroit City Charter and the 1984 Detroit City Code, attached is a proposed resolution and fee schedule, which includes increases in certain fees to be charged the public for the above food sanitation and inspection services, effective February 1, 2000. Further, pursuant to Section 12906 of the Michigan Public Health Code, being MCL 333.12906; MSA 14.15(12906), the proposed fee schedule includes the State of Michigan license fees to be collected by the Detroit Health Department.

Also, consistent with the approval by your Honorable Body on November 4, 1992 of fees to be charged by the Detroit Health Department, all schools, civic groups and non-profit organizations which feed seniors, the poor, and the homeless shall be exempt from paying the scheduled fees. Religious, fraternal, service organizations shall continue to pay fifty percent (50%) of the required scheduled fees.

A review of fees that are charged in corresponding jurisdictions reveals that food sanitation and inspections services fees have been generally increased to more adequately cover the costs of providing these services to the public. Also, the proposed fees contained in the attached schedule are comparable to the fees charged by the Wayne County Health Department that became effective in October 1998.

Due to the need to have the fees implemented, your consideration and adoption of this matter at the next formal session are requested. We are available to answer any questions that your Honorable Body may have concerning this proposed resolution.

Thank you for your consideration.

Honorable City Council:

Re: Request to Amend the 1998-1999 and 1999-2000 Official Compensation Schedules to adjust Executive Branch Pay Bands A - F and to adjust the pay rates for other Appointed Titles,

The Appointed Position Compensation Plan adopted by your Honorable Body effective April 1, 1997 calls for periodic pay band review that includes market and benchmark surveys to ensure maintenance of the City's competitive market position. Pay band review and market survey data analysis indicates that adjustments to the pay ranges of the six-

grade Appointed Position Compensation Plan are in order for the fiscal years 1998-1999 and 1999-2000, respectively. Funds were included in the City Budget, as approved by your Honorable Body, to make performance pay adjustments to appointees.

The adjustments are in the table below,

**1998 & 1999 Adjustments to the Appointed Compensation Plan  
Pay Bands**

**Structural and Market -Based Adjustments for All Grade Minimums and Maximums**

Grade	1997-1998 Range		1998/1999 Range		1999/2000 Range	
	Minimum	Maximum	Minimum	Maximum	Minimum	Maximum
F	\$84,000	\$126,000	\$88,400	\$132,700	\$93,300	\$140,000
E	70,000	95,000	69,500	104,300	73,300	112,000
D	60,000	80,000	56,200	84,400	59,300	89,900
C	46,800	70,000	49,500	74,100	52,200	78,200
B	33,400	50,000	35,200	52,800	37,100	55,700
A	23,000	38,000	24,300	40,000	25,600	42,200

Changes in appointee salaries covered by this plan occur based on performance. Changes also occur, when appropriate, in cases of promotions and transfers to fill vacancies. No general across-the-board pay increases are applied to Executive Branch Appointed Position Compensation Plan salaries for the fiscal years 1998/1999 and 1999/2000.

The Executive Branch concurs with these adjustments and request approval of the - revised structure. Accordingly, we request your Honorable Body to amend the 1998-1999 and 1999-2000 Official Compensation Schedules to incorporate the recommended Appointed Positions Compensation Plan pay band changes and for the other appointee positions included in the attached Schedule A. The pay changes in the attached Schedule A are to the pay ranges only. No adjustments or pay increases for individuals in the positions are included.

We further request that your Honorable Body approve the following resolution with a waiver of reconsideration.

Honorable City Council:

Re: Request for Resolution Approval for Proposed Woodward-Seward Project Neighborhood Enterprise Zone.

Your Honorable Body held a Public Hearing on November 9, 1999 to consider the petition request for the Woodward-Seward Project to designate a 36.87 acre land area bounded by the alley North of Seward, Bethune on the South, Woodward on the East, and John C. Lodge on the West as a Neighborhood Enterprise Zone.

The Notice of Public Hearing date was October 20, 1999. Michigan Public Act 147 of 1992 requires at least 60 days between the date of the Notice of Public Hearing and the City Council vote on the Resolution. Therefore, please schedule the City Council Resolution vote day after December 20, 1999.

Please find attached hereto a Resolution for approval and a Legal Description for the above referenced land area.

Respectfully submitted,  
ERIC SABREE  
Deputy Director

By Council Member K. Cockrel, Jr.:

Whereas, Michigan Public Act 147 of 1992, the Neighborhood Enterprise Zone Act, provides for the establishment of Neighborhood Enterprise Zones, exemption from ad valorem taxes and the imposition of specific property tax in lieu of ad valorem real property taxes within designated Neighborhood Enterprise Zones; and

Whereas, The City of Detroit meets all the distress criteria set out within the Act; and

Whereas, The Detroit City Council desires to take advantage of the Neighborhood Enterprise Zone Act; and

Whereas, The Detroit City Council finds that designation of certain areas as Neighborhood Enterprise Zones is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay of others; and

Whereas, The Detroit City Council has found the proposed Neighborhood Enterprise Zone consistent with the Detroit Master Plan of Policies and the neighbor-

hood preservation and economic development goals of Detroit; and

Whereas, The Detroit City Council has adopted a statement of City's goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed Neighborhood Enterprise Zones; and

Whereas, The Detroit City Council has passed a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which a neighborhood enterprise zone certificate is in effect an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Neighborhood Enterprise Zone Act requires that designation of Neighborhood Enterprise Zones must be approved by a resolution adopted by the local government unit; now therefore be it

Resolved, That the following land area as specified in the legal description attached herewith, is hereby approved as a Neighborhood Enterprise Zone for new and rehabilitated facilities as defined within the Neighborhood Enterprise Zone Act and in accordance with the 10% acreage allowance provided under Sec. 3(1) and Sec. 3(5).

**\*WAIVER OF RECONSIDERATION** (No. 1) per Motions before Adjournment.

**STATEMENT ON FARE REDUCTION/ELIMINATION INITIATIVE By COUNCIL MEMBER KENNETH COCKREL, JR.:**

Today, I joined a majority of the Detroit City Council in voting to support the Fare Reduction/Elimination Initiative (F.R.E.I.).

This act will eliminate bus fares for senior citizens (aged 65 and over) and blind or disabled Detroit residents. It will also reduce the cost of student bus fares and Detroit Public Schools/D-DOT bus passes. I supported this initiative because I believe that it is not only overdue but also affordable.

Since becoming a Councilman, two years ago, my office has regularly received phone calls and letters from senior citizens and disabled residents

who've complained about the fact that they must pay .25 cents and .75 cents respectively to ride buses. Many seniors fondly recall the days when they were allowed to ride free.

Unfortunately, the days of free or reduced fares for seniors and the disabled ended in 1992 when the City had to deal with a budget crisis caused by an \$81 million deficit.

Frankly, it's my belief that the time has come to bring those days back. With Detroit currently in the midst of an economic boom, the time has come to take steps to ensure that citizens, especially those who are the most poor and vulnerable, share in the city's newfound wealth. Much of the additional revenue Detroit will receive will come from casinos. The city will receive roughly \$50 million from casino revenue generated by the casinos in 1999.

These funds coupled with funds from other sources, should more than compensate the loss of funds to D-DOT (estimated at \$4 million) caused by F.R.E.I.

There will unquestionably be those who'll argue that the efforts to "spread the wealth" shouldn't just be limited to seniors, the disabled, and students. This is true. But F.R.E.I. should be looked at as the first step in ensuring Detroit's growing economic prosperity benefits all Detroiters.

Re: Request to amend the 1999-2000 Official Compensation Schedule to establish a salary for the classification of Business Systems Support Specialist (04-19-70).

On October 18, 1999, the Human Resources Department adopted the new classification of Business Systems Support Specialist (04-19-70).

Following analysis of the essential duties and responsibilities of the classification as well as the required knowledge, skills and abilities required to accomplish them, a salary rate of \$51,300- \$58,900 per annum is recommended.

The Finance Department concurs with these findings and requests approval of the classification and compensation rate. This action maintains equity in the City Classification Plan between the salary of the new class with classes possessing similar compensable factors.

Honorable City Council:

Re: Petition of Badri Jamil, Benny's Lounge, et al, (#0016) requesting permanent closure of Gable Street between 5930 and 6000 East Eight Mile Road (Recommend Approval).

The petitioners, Badri Jamil and Benny's Lounge, request to permanently close Gable Street between East Eight Mile Road and the alley first south of East Eight Mile Road (petition attached).

One petitioner, Badri Jamil, proposes to use his portion of the subject property as part of his proposed gas station at the southeast corner of E. Eight Mile Road and Mound. The other petitioner, Benny's Lounge, wishes to use its portion of the subject property for parking. The petitioners indicated that the subject property would not be built upon.

**Background/Observations**

Currently, Gable Street is closed between the first alley south of E. Eight Mile Road and Hamlet and is being used as a parking lot for Benny's Lounge. There are only two abutting property owners who would be affected by the proposed street closure. The affected and abutting properties are a vacant lot and Benny's Lounge, both of which are owned by the petitioners of this request (map attached).

The properties abutting Gable Street are zoned M4 (Intensive Industrial District). Last June, your Honorable Body approved the closing of the unpaved alley south of E. Eight Mile Road between Mound Road and a point east of Gable Street.

**Recommendation**

The City Planning Commission staff has reviewed this request and is of the opinion that the requested street closing will not have a negative impact on the surrounding properties and traffic circulation in the area. The CPC staff, therefore, recommends that the above-referenced request be approved as proposed and that your Honorable Body adopt the appropriate resolution, which has been submitted by the City Engineering Division.

Re: Petition No. 16 — Chaker Ahmed Aoun/Benny Lounge, et al, requesting permanent closure of Gable Street south of E. Eight Mile Road.

Petition No. 16 of "Chaker Ahmed Aoun/Benny's Lounge, et al," (previously filed under the name "Badri Jamil/Benny's Lounge, et al"); requests the conversion of the remaining portion of Gable Avenue, 60 feet wide, between East Eight Mile Road, 204 feet wide, and Hamlet Street, 60 feet wide, into a private easement for public utilities.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The requested street closing was approved by the Traffic Engineering Division — DPW.

The Detroit Water and Sewerage Department (DWSD) reports there are an existing manhole, 12", 15", and 18" sewer and an 8" water main in Gable Ave., South of East Eight Mile Road. DWSD has no objections to the requesting conversion to easement provided that an easement of the full width of the involved portion of the street is reserved.

All other City Departments and private-

ly owned utility companies reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Tigers/Lions Stadia Complex: Recommendation to amend the Project Area.

The Detroit/Wayne County Stadium Authority (the Authority) has requested that the boundaries of the Project Area for the Tigers/Lions Stadia Complex (the "Project Area") be expanded to conform with the description attached hereto as Exhibit 1.

The proposed area to be incorporated into the Project Area is that property generally bordered by Adams on the north, Brush on the west Beacon on the south and St. Antoine on the east. The resulting description of the Project Area under the proposed amendment is described on Exhibit 1 attached hereto.

The primary purpose of expanding the project area is to allow the expansion of the Lions Stadium Complex (Ford Field) into the amended Project Area and allow the adaptive reuse of portions of the existing Hudson Warehouse in the construction of the Stadium.

Section 407.5.2 of the DDA Plan, as amended, both contemplates and allows the expansion of the Project Area for the

Tigers/Lions Stadium Complex as "may be amended by means of a resolution adopted by the DDA Board of Directors, the Detroit City Council and the Board of Directors of the Detroit/Wayne County Stadium Authority".

It is therefore requested that your Honorable Body approve the amendment of the Tigers/Lions Stadia Complex Project Area as described in Exhibit 1 by adopting the attached resolution.

January 18, 2000

Honorable City Council:

Re: DLI Properties, L.L.C., Request for Vacation of Public Streets, Alleys and Utility Easements in the Lions Stadium Project Area (Petition No. 2152) (Recommend Approval).

The petitioner, DLI Properties L.L.C., is requesting the vacation of public streets, alleys, and utility easements in the area bounded by Adams, Brush, Beaubien and Beacon. This is to allow the Detroit Lions to utilize the former Hudson's warehouse as a part of the stadium development.

Adams would be vacated and would become a pedestrian "mall" or walkway running between the stadium and the former warehouse, connecting Brush Street with St. Antoine. Plans submitted by the Lions show retail and commercial development along the "mall." The stadium would be constructed over the vacated street.

On January 6, 2000, the CPC took action to recommend approval of the vacation of Adams Street and the transfer of the City-owned parcel at 2210 Brush to allow for the construction of Ford Field. City Council approval of the requested street vacation would be consistent with the recommendation of the City Planning Commission.

Since the Council's discussion on Paradise Valley on January 18, 2000, the CPC office has been informed of a concern by the Tigers' organization regarding the ability of patrons of Comerica Park

being able to have continuous direct access via vacated Adams to and from the parking lot located to the east of Ford Field. The Tigers' organization has requested assurances that the pedestrian "mall" presented in the plans for Ford Field would be open before and after all Tigers' games to allow Tiger fans to walk directly to and from the parking lot.

CPC staff has been informed that a letter has been sent from the Lions' organization to Denise Illitch stating the Lions' intention to retain pedestrian access through the area between the existing Hudson's warehouse and the new Ford Field construction, although this is at the Lions' discretion. Vacated Adams is intended to be a very friendly, highly interactive space. Pedestrian traffic will be encouraged to support the various restaurants and other commercial tenants anticipated in this area.

With this information and the previous action of the Planning Commission on January 6, 2000, CPC staff recommends approval of the vacation of Adams Street as proposed, and the approval of the resolution relative to amendment of the project boundaries. This vacation is consistent both with the plans presented to your Honorable Body by the Lions and the request before your Honorable Body by the Downtown Development Authority (DDA) to amend the Tigers/Lions Stadia Complex project boundaries.

Honorable City Council:

Re: Petition No. 2152 — "DLI Properties, L.L.C.", requesting outright vacation of streets, alleys and utility easements in the area bounded by Adams, Brush, Beaubien and Beacon.

Petition No. 2152 of "DLI Properties, L.L.C.", requests for the outright vacation of Adams Street, 50 feet wide, between Brush Street, 50 feet wide, and St. Antoine Street, 50 & 59.83 feet wide, except for a Detroit Edison manhole no. 7988 and lines extending west of this manhole; also Beaubien Street, 40 feet wide, from the south line of Adams Street south to a point 15.00 feet north of the north line of Beacon Street, 50 feet wide; also, the remaining portion of the north-south public alley, 20 feet wide, first west of St. Antoine Street between Beacon and Adams Street, in order to facilitate construction of "Ford Field" the New Detroit Lions football stadium.

The petition was referred to the City Engineering Division — DPW for investi-

gation (utility review) and report. This is our report.

The Traffic Engineering Division — DPW has approved this public street closing.

The Detroit/Wayne County Stadium Authority is the owner of certain property abutting the requested changes in public rights-of-way, and as the owner, has no objection and has consented to Petition No. 2152.

ComCast Cablevision of Detroit has reported it will be necessary to remove and/or reroute services in the requested rights-of-way to be outright vacated, at an estimated costs of \$88,606.48, to be paid before vacation can take place.

The Public Lighting Department (PLD) is relocating its underground facilities located out of Adams St., between Brush and St. Antoine Streets. The relocation work also includes underground facilities located in Beaubien St. between Adams St. and a line 15.00 feet north of Beacon St. Relocation costs to petitioner will be forwarded through the Downtown Development Authority and its consultant.

Detroit Edison has reported that its underground facilities in the area are scheduled to be relocated.

Ameritech (MBT) has facilities underground in Adams St. between Brush St. and St. Antoine St. Costs of rerouting facilities are \$76,218.65, to be paid before vacation can take place. Reroute will take approximately 6-8 weeks once payment issues are settled.

The Detroit Water and Sewerage Department (DWSD) has reviewed the subject petition and based on their review, DWSD finds that they have, 48", 24" and 8" water mains in Adams St., a 10" water main and 3'-8" x 5'-6" and 3'-0" sewer(s) in Beaubien St.; 15" x 20" sewer in the north-south public alley north of Beacon St. and west of St. Antoine St.

DWSD has no objections to the outright vacations proposed in petition no. 2152 provided that the DWSD retains temporary easements and unobstructed access to maintain water and sewer facilities in streets and alleys until the petitioner completes the following:

1. The petitioner shall relocate the existing 48" water main in Adams per plans approved by DWSD and under DWSD permit and inspection at petitioner's expense.

2. The petitioner shall provide all the required permanent easements for the relocated 48" water main as required by DWSD.

3. Cut and cap existing 8" and 24" water mains in Adams and 10" water main in Beaubien as per plans approved by DWSD and under DWSD permit and inspection at petitioner's expense.

4. Bulkhead existing 3'-8" x 5'-6" and 3'-0" sewers in Beaubien and build manholes

on both of the sewers as per plans approved by DWSD.

5. Bulkhead 15" x 20" sewer in alley north of Beacon.

6. Construct manhole on 15" x 20" sewer in the alley north of Beacon and abandon the sewers as per plans approved by DWSD.

7. The existing water mains and sewers in the streets and alleys proposed to be vacated outright, shall be abandoned as city water mains and sewers to become the responsibility of the petitioner.

8. All work necessary to relocate the water mains, construct manholes and abandon the water mains and sewers is to be done by the petitioner at no costs to DWSD. In addition, all the work is to be done under DWSD's permit and inspection and accordance with plans reviewed and approved by DWSD.

All other city departments and privately owned utility companies have reported no objections to the reported changes in public rights-of-way, or that satisfactory arrangements have been made. Provisions protecting DWSD installations are a part of this resolution.

An appropriate resolution is attached for consideration by your Honorable Body.

Re: Draft Language for A Resolution of Legislative Rationale and Findings in Support of the Fare Reductions/ Elimination Initiative (FREI) Amendments to Chapter 58, Article IV of the Detroit City Code.

**Resolution Of Legislative Rationale And Findings In Support Of The Fare Reduction/Elimination Initiative As Amendments To Chapter 58, Article IV Of The Detroit City Code, Setting Bus Fare Rates For The City Of Detroit's Department Of Transportation**

By Council Member Hood:

Whereas, Article VII, Section 23 of the 1963 Michigan Constitution provides that cities and villages may "acquire, own or operate, within or without its corporate limits, public service facilities for supplying water, light, heat, power, sewerage disposal and transportation to the municipality and the inhabitants thereof"; and

Whereas, As a matter of general law, the Home Rule Cities Act, P.A. 1909, No. 279 references "transportation" alternately as one of the public utilities and a public service facilities that may be purchased, owned, operated or maintained by each city, as provided for by charter; and

Whereas, In accordance with the Detroit City Charters of 1918, 1974 and 1997 as amended, The City of Detroit has owned and operated a public transportation system, both within and without its corporate limits for more than seventy (70) years, offering bus, trolley and rail services to the public, through various modes of transportation; the provision of which has been recognized as a public utility subject to the power of the City Council to fix rates of fares and charges that may be received in the operation of such public utilities; and

Whereas, The 1997 Charter of the City of Detroit at Section 9-508(1) governs public utilities as defined by general law, and prescribes the manner of setting rates for same; specifically the 1997 Charter of the City of Detroit, at Section 9-508(2) requires that the rates of city utility services be fixed by ordinance; and

Whereas, The adoption of ordinances is exclusively a legislative function of the Detroit City Council; and

Whereas, There is nothing contained in or prescribed by the 1997 Charter of the City of Detroit that prohibits the Detroit City Council from exercising its legislative discretion, in the adoption of an ordinance to fix rates of fare, and other utility rates; thus includes adopting or amendment of ordinances either with or without a recommendation from, or in opposition to a recommendation from any affected department or the Mayor;

Whereas, The Detroit City Council as the public utility rate-making authority and legislative body of the City has the right to repeal any ordinance it has adopted, including the repeal of any previously authorized fares, rates, service fees admission fees; such action may be on its own initiative and at its discretion; and

Whereas, The Detroit City Council as

the legislative body of the City of Detroit has broad discretion to exercise its will regarding any ordinance pending before it, except as prescribed or prohibited by the Charter, state or federal law. Thus the City Council may consider, adopt, amend, repeal or reject any ordinance on its own initiative, at the request of the Mayor, the departments and agencies of the city, by request of any person or entity, or by petition initiative or referendum, in accordance with the Charter, state and federal laws; and

Whereas, The Detroit City Council may take notice of any information it deems pertinent in deciding whether to adopt or take action regarding any proposed ordinance or amendment to an ordinance; and

Whereas, The rate of fares for public bus transportation for the City of Detroit's Department of Transportation have historically been set by ordinance, and are presently found at Chapter 58, Article IV of the Detroit City Code; and

Whereas, The Detroit City Code has been amended on at least one previous occasion, in 1982 to reduce or eliminate fares for certain classes of riders of the public bus system in the City of Detroit, including Senior Citizens, age 65 and over, and persons with documented physical and mental disabilities; and

Whereas, The reduced fares for Senior Citizens and persons with physical and mental disabilities were reinstated in 1992, in partial effort to address an 81 million dollar deficit then looming over the City of Detroit; and

Whereas, The City of Detroit has experienced modest economic growth and prosperity annually since 1994, resulting in the elimination of budget deficits, and modest revenue surpluses since 1995; and

Whereas, The State of Michigan Gaming Board projected the 1999-2000 annual revenues from three operational casinos to be approximately 71 million dollars in municipal services fees and wagering tax revenues to the City of Detroit; and

Whereas, Revenues derived from the casino gaming wagering tax and the municipal services fees are new revenues for the City of Detroit beginning with the 1999-2000 fiscal year; the current year's wagering tax revenues are budgeted at 51 million dollars, the amount needed to offset the reduction in state revenue share funds; moreover early projections are for an estimated 70 to 90 million dollars in wagering taxes and municipal service fees to be collected by the City of Detroit during the next fiscal year, assuming all three casino developments are open at the start of the next fiscal year; and

Whereas, according to the Michigan Gaming Control and Revenue Act, MCL

432.201, *et seq.*, the wagering tax revenue collected by the City of Detroit for use in connection with:

a. hiring, training and deploying of street patrol officers;

b. neighborhood and downtown economic development programs designed to create local jobs;

c. public safety programs such as emergency medical services, fire department programs and street lighting;

d. anti-gang and youth development programs;

e. other programs that are designed to contribute to the improvement of the quality of life in the city;

f. relief to the taxpayers of the city from 1 or more taxes or fees imposed by the city;

g. the costs of capital improvements;

h. road repairs and improvements.

Whereas, The Detroit City Council takes legislative notice that according to the 1990 U.S. Census of Population and Housing:

a. 32.4% of all residents of the City of Detroit have income below the federal poverty level; 29% of all families residing in the City of Detroit have income below the poverty level; and the median income for households is \$18,742 dollars, for families households is \$22,566, and for non-family households is \$11,187 in Detroit; and

b. 20.1% of all persons 65 years and older have an income below the poverty level, 43.5% of all children ages 5 to 17 live in families whose income is below the poverty level, and 29% of all families with income are below the poverty level; and

c. 18.8% of the civilian non-institutionalized residents of the City of Detroit have mobility or self-care limitations; 13.8% of civilian non-institutionalized residents ages 16 to 64 work with a disability and 8.7% are prevented from working; 47% of civilian non-institutionalized residents, ages 65 and over have a mobility or self-care limitation.

Whereas, The proposed amendment to eliminate Detroit Department of Transportation bus fares for persons age 65 and over, and for persons with mental, physical and mobility limitations, and to reduce fare rates for students travelling by bus to and from school is intended to contribute to improvement of the quality of life for these residents; to provide greater access and mobility for these classes of residents to work, public facilities, places and business, medical and special needs, schools and retail services; and

Whereas, The projected cost of the elimination of bus fares for persons age 65 and over, and for persons with physical, mental limitations is less than 1 million dollars; and for students is approximately 4.1 million dollars, of an annual budget in excess of 2.9 billion dollars; and

Whereas, It is the desire and legislative intent of the Detroit City Council to fund the cost of the proposed Fare Reduction/Elimination Initiative (FREI) from the wagering tax revenues projections in the 2000-2001 fiscal year budget, thereby eliminating a reduction in the general fund allocation to the Detroit Department of Transportation for fiscal year 2000-2001.

Now, Therefore Be It

Resolved, That the Fare Reduction/ Elimination Initiative was adopted by the Detroit City Council based on the foregoing legislative rationale and findings as an amendment to Chapter 58, Article IV of the Detroit City Code, effective July 1, 2000.

Adopted as follows:

Re: Petition No. 2780 — Ecclesia of Our Lord Jesus Christ, request to vacate (outright) a part of Steel Street, south of Orangelawn.

Petition No. 2780 of "Ecclesia of Our Lord Jesus Christ" requests to vacate (outright) a part of Steel Street, 75 feet wide, south of Orangelawn, 60 feet wide, in order to facilitate construction of the new church.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The public street closing has the

approval of the Traffic Engineering Division — DPW.

The Detroit Water and Sewerage Department (DWSD) reports there is an existing 6-inch water main, an existing 12-inch sewer and a hydrant located approximately 118 feet south of the south right-of-way line of Orangelawn Street in the Steel Street right-of-way.

DWSD must retain an easement in the north 68.5 feet of Steel Street, but have no objection to the outright vacation of the remaining 121.45 feet of Steel Street, 75 feet wide.

Provisions protecting DWSD installations are a part of this resolution.

All other involved City departments and privately owned utility companies have reported no objections to the public street vacation.

An appropriate resolution is attached for consideration by your Honorable Body.

#### **RESOLUTION IN OPPOSITION TO THE JANUARY 18TH VOTE OF THE GOVERNOR'S APPOINTEE TO THE DETROIT SCHOOL REFORM BOARD**

By ALL COUNCIL MEMBERS:

WHEREAS, On January 18, 2000 the Detroit Public Schools Reform Board voted to select a Chief Executive Officer of the Detroit Public Schools from the two finalists that were identified following a lengthy and involved search process. Five of the seven members voted for one candidate, one member abstained and the Governor's appointee to the board, State Treasurer Mark Murray was the sole vote for the other candidate; and

WHEREAS, The state law requirement that the Governor's appointee vote with the majority on the School Reform Board in order to validly select a Chief Executive Officer has effectively silenced the voices

of the majority of the Board who voted for a candidate that was not selected by the Governor's appointee; and

WHEREAS, The actions of the Governor's appointee to the Board has undercut the authority of the Mayor's appointees, defeated the progress which has been made thus far in the selection process and has improperly substituted the Governor's decision for that of the local governing authority; and

WHEREAS, The actions of the Governor's appointee constitute another instance of Lansing lawmakers intruding into the decision-making of a local municipality on issues that have been historically the province of those municipalities. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council vehemently opposes the actions of the Governor's appointee and the actions of the Governor and State Legislature to override local autonomy, displace local authority and make a mockery of the democratic process. BE IT FURTHER

RESOLVED, That the Detroit City Council calls upon the Governor and State Legislature to immediately address this roadblock to the selection of the Chief of Executive Officer of the Detroit Public Schools and allow the democratic process to take its course for the benefit of the citizens and the school children of the City of Detroit. BE IT FURTHER

RESOLVED, That the Detroit City Council concurs with the Mayor's request that the State Legislature revise the legislation to remove the veto power of the Governor's appointee or in the alternative give the Mayor the authority to appoint the Chief Executive Officer of the Detroit Public Schools and the School Reform Board. BE IT FINALLY

RESOLVED, That this resolution will be forwarded to the Governor of Michigan and all the members of the State Legislature and to the City of Detroit legislative liaison to Michigan state government, Marge Maraney.

STATEMENT ON THE DETROIT CITY COUNCIL RESOLUTION IN OPPOSITION TO THE JANUARY 18, 2000 VOTE OF THE GOVERNOR'S APPOINTEE TO THE DETROIT SCHOOL REFORM BOARD

By COUNCIL MEMBER SCOTT:

I voted against this resolution, because I have been opposed to the school takeover since its inception in March, 1999. It was wrong for the Michigan

Legislature and the Governor to abolish the elected Detroit Board of Education. The Legislature and the Governor took the right to vote away from the residents of the City of Detroit. I am not saying that the elected Detroit Board of Education did not have its share of problems that needed to be addressed, but I cannot support any action that takes away anyone's right to vote. This country was built on the democratic process. Furthermore, African-Americans have been denied the right to vote in the past, and as an African-American, I cannot support such an action. I believe that it would have been a slap in the face to all of the African-Americans and other nationalities that worked tirelessly for us to gain the right to vote.

That is why I voted in favor of a City Council Resolution on March 10, 1999. This resolution supported the elected Detroit Board of Education asking for the establishment of a State of Michigan and Detroit Board of Education partnership. This partnership called for the establishment of a monitor named by the Governor, but would have left the Board elected by the citizens of Detroit intact. This partnership would have addressed the issue of much needed school reform and would have not taken away Detroit residents right to choose their leaders.

Today's resolution stated that the City Council opposed the action of the Governor's appointee to the Board to undercut the authority of the Mayor's appointees who voted in the majority to name John Thompson the CEO. Furthermore, the resolution stated that the actions of the Governor's appointee and the actions of the Governor and State Legislature to override local autonomy and displace local authority makes a mockery of the democratic process. This entire Reform Board has been a mockery of the democratic process. What makes any Reform Board member feel that they should be entitled to use the democratic process in the Reform Board when this Board was not the result of the democratic process. Therefore, although I do not agree with the actions of the Governor's appointee, I still could not vote to support this resolution. I believe that if I would have supported this resolution then I would have been saying that it was OK for this Reform Board to exist which I am not in favor of. Some would say that the Reform Board is in place and that we should work with them. Instead I would argue that this Reform Board needs to be abolished.

Mayor Archer in his initial appointments, appointed two members to this Board who were non-residents of the City of Detroit. That means that out of his six appointments 1/3 were non-residents. I do

not believe that out of over 1 million Detroit residents there were not six qualified residents to serve.

Secondly, Mayor Archer had these board members sworn in secretly. Why? This was another action that was not in the spirit of democracy.

Thirdly, prior to the first official meeting of the Reform Board, Board Chairman Mr. Freman Hendrix proposed to layoff 520 skilled trades workers and replace them with private contractors, because of dissatisfaction with their job ineffectiveness. I attended a meeting with the skilled trades workers who stated they lacked the necessary supplies to get the job done so how could they do an effective job. Furthermore, I am a strong supporter of labor and do not support actions that eliminate union jobs.

Fourth, Mayor Archer initially appointed Ms. Pam Aguirre, a non-resident, to give Hispanic representation on the board, but did not consult with the Detroit Hispanic community prior to her appointment. Ms. Aguirre missed eight of the first eleven board meetings and has since resigned from the board, but why was she ever appointed?

Fifth, at the beginning of the CEO search process, the Reform Board met outside of the city. The notice for this meeting was posted in time so as not to violate the Open Meetings Act, but it was posted in a building that had closed for the day which violated the spirit of the open meetings act.

Sixth, this board knew when they selected John Thompson as a finalist for the CEO position that he was not one of the finalists chosen by Mr. Murray (the Governor's appointee) and they would need his vote, according to the legislation passed in Lansing, in order to choose a CEO. I sincerely hope that this board apologizes to Mr. John Thompson and Mr. J. Jerome Harris, both distinguished educators, for the long and drawn out process they were put through over the past few months.

Instead of asking the Governor to take away Mr. Murray's veto power or allow the Mayor to appoint the CEO, I would ask the Governor to work to abolish this Reform Board that is a mockery of the democratic process and allow the residents of Detroit to choose their School Board leadership and then work in conjunction with them so true reform can occur.

### Invocation

Father, to believe You and Your Word, even in the midst of the storms of life, provides a place of rest for us.

In the midst of seemingly impossible demands, deadlines and tasks at hand, our hearts and mind can be at rest in You.

Strength and boldness are released into us as we confidently rest upon Your promises, Father.

In Your presence, we are refreshed, restored and renewed in Jesus' Name. Now bless our President and Governor, Mayor and Council.

Amen.

**Detroit Citizens Board of Review  
Process for Reviewing  
Hardship Applications**

1. The Applicant must own and occupy the Property as their primary Homestead.

2. Applicant is required to complete a 4-page application form along with required documentation verifying family composition, all sources of annual income, i.e., rents, Family Independence Agency grants, Michigan Homestead credit, medical and household bills, all other assets, bank statements and other pertinent data requested on the application.

The Applicant is required to submit to the Board of Review the federal and state income tax returns for all persons residing at the property, including any property tax credit returns, filed in the immediately preceding year or in the current year or submit an affidavit explaining why no income tax returns were filed.

3. HOUSEHOLD (RELATED AND NON-RELATED) COMPOSITION AND ANNUAL INCOME — While recognizing that there is no universally agreed upon view as to what constitutes poverty, the Detroit Board of Review has established the following maximum eligible income as a "guideline" and as an aid in eliminating subjective judgments for reviewing 2000 petitions.

Number of Exemptions	Maximum Eligible Income
0-1	\$11,995.00
2	15,628.00
3	17,759.00
4	20,981.00
5	24,257.00
6	27,500.00

Add \$4,774.00 to the income limit for each exemption above six.

In addition, the total household assets (i.e., bank accounts, rental properties) shall not exceed \$2,500.

4. Each application is reviewed as to its individual circumstances based upon all facts submitted by the applicant. All information is utilized by the Board of Review in judging the taxpayer's ability to meet the tax obligation. If the taxpayer is within the above guidelines, the taxpayer will be granted an exemption. If the taxpayer is outside the above guidelines, the exemption will usually be denied.

If the taxpayer shows extraordinary circumstances that are substantial and compelling, the Board of Review may deviate from the above guidelines and grant or deny a full or partial exemption. In such an instance, the taxpayer shall be advised in writing of the substantial and compelling reasons for the granting or denying of an

exemption and the reasons shall also be noted on the application. These guidelines are in accord with the amendments to Section 7(u) of M.C.L.A. 211. et seq.

It should be noted that each taxpayer's circumstances are considered anew each year.

Re: Delisa Ford v City of Detroit (Finance). File: #12937 (PBS).

Re: William M. Rogers v. City of Detroit. Case No. 99-908502 CL.

On December 20, 1999, this matter was mediated for \$112,400.00 as to the defendant. The parties have until January 21, 2000, to either accept or reject the mediation award. The failure to file a written acceptance or rejection within this period constitutes a rejection. If all parties accept the mediation panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial, however, the party rejecting the evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in the memorandum. From this review, it is our considered opinion that an acceptance of the mediation evaluation in the amount of \$112,400.00 is in the best interest of the City of Detroit. The

acceptance of the mediation evaluation does not guarantee settlement of the matter in this amount since the plaintiff has the right to reject the award and proceed to trial, however, the amount of the award is fair and a reasonable and an eventual settlement of this matter in this amount is prudent.

We, therefore, request you to authorize the acceptance of the evaluation and to direct the Finance Director to issue his draft in the amount of One Hundred Twelve Thousand Four Hundred Dollars (\$112,400.00) payable to William M. **Water and Sewerage Department**  
January 19, 2000

Honorable City Council:

Re: Approval and Authorization to Purchase Property from the City of Novi to Construct the Haggerty Road Pumping Station and Storage Facility — #99-22.

The Detroit Water and Sewerage Department (DWSD) requests your approval and authorization to purchase 4.8 acres of land from the City of Novi at a proportioned cost of \$819,767.00 to construct the Haggerty Road Pumping Station and Storage Facility. The property is located at 14 Mile and Haggerty Roads in Novi.

The purchase of this property will allow DWSD to construct and operate a water booster station and a water reservoir. These facilities will provide additional water pressure and storage capacity for the City of Novi and other water customers west of Novi. The total price of the 4.8-acre parcel of land is \$1,212,000.00. Since the construction of this booster station will improve the pressure condition in the City of Novi, Novi has agreed to subsidize the construction cost of this project by contributing to the purchase of the land parcel on which the station is to be built. Through negotiations with Novi, it was agreed that DWSD's share would be \$819,767.00 of the total \$1,212,000.00 and the balance of \$392,233.00 is to be paid by Novi.

The pump station and the reservoir will significantly improve water supply service along 14 Mile Road and will continue satisfying the needs of our customers until the year 2010. By then, further improvements will be needed such as building the metro loop or other suitable alternatives which will be developed as part of the scope of the Comprehensive Water Master Plan, Contract-1278.

The Offer to Purchase Real Estate has been accepted by the City of Novi and the Board of Water Commissioners. It is respectfully requested that your Honorable Body adopt the attached resolution accepting the purchase and authorize the Director to execute all documents related to the completion of this transaction.

Respectfully submitted,  
STEPHEN F. GORDEN  
Director

By Council Member K. Cockrel, Jr.:

**Recreation Department**

January 12, 2000

Honorable City Council:

Re: Authorization to submit grants to the Michigan Office of Services to the Aging for Equipment and Building Renovation and Shower Equipment at 5 Recreation Department Senior Centers.

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to submit grants to the Michigan Office of Services to the Aging for Equipment and Building Renovation Grants (5 grants of up to \$10,000 each for Belle Isle, Kemeny, Johnson, Williams and Young Center Senior Programs) and Shower Mini Grants (2 shower mini grants of up to \$2,500 each for Kemeny and Johnson Senior Programs). The grant applications must be received in Lansing by February 1, 2000.

The Equipment and Building Renovation Grants cover the following:

- nutrition or kitchen equipment
- computer hardware and software for use by senior adults
- exercise and fitness equipment
- minor building renovation, such as painting, landscaping, insulation or weatherization

The Shower Mini Grants cover portable or permanently installed showers and/or minor renovation for showers.

The Recreation Department will be applying for shower handrails and shower seats under the Shower Mini Grants, and for stoves, refrigerators, freezers, tables and chairs, treadmills, exercise bicycle, exercise mats, pool steps, computers, etc. under the Equipment and Building Renovation Grants.

These grants would enable the Department to improve the nutrition, fitness and programming services we offer to senior citizens at the centers. Much of our kitchen and fitness equipment dates back to the 1980's or earlier and functions poorly, if at all. At most centers, we have no computers which are accessible to our senior citizen participants. New shower rails and seats would enable disabled seniors to better take advantage of our shower facilities.

With your authorization, the Department will submit requests to the Michigan Office of Services to the Aging in an amount up to \$50,000 (5 grant requests of up to \$10,000 each) for Equipment and Building Renovation Grants and up to \$5,000 (2 grant requests of up to \$2,500 each) for Shower Mini Grants.

We respectfully request your approval to apply for these grants by adopting the

following resolution, with Waiver of Reconsideration.

Respectfully submitted,  
ENREST W. BURKEEN, JR.

Resolved, That the Director of the Recreation Department be and is hereby authorized to apply for the above cited grants.

Honorable City Council:

Re: Petition No. 1878 — Living the Word Christian Ministries, requesting to encroach into the public alley at the rear of 20470 Hubbell.

Petition No. 1878 of "Living The Word Christian Ministries", requests to encroach 6.5 ft. x 62 ft. into the north-south public alley, 14.03 to 18.19 feet wide, in the block bounded by Hubbell, Strathmoor, Norfolk, and West 8 Mile Road, in order to construct an addition to

the current sanctuary building at 20470 Hubbell.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports they have no objections to the proposed 62 ft. x 6.5 ft. encroachment. There is an existing 12 inch sewer in the 6 ft. easement behind 20470 Hubbell, however, provisions protecting DWSD facilities, are a part of the resolution.

Satisfactory arrangements have been made with the Detroit Edison Company for the proper 7-ft. clearance (horizontally) from the primary leads in the public alley right-of-way.

All other City departments and privately owned utility companies have no objections to the proposed encroachment.

I recommend approval of the attached resolution.

Respectfully submitted,  
SUNDAY JAIYESIMI  
City Engineer

By Council Member Cleveland:

Resolved, That the City Engineering Division — DPW be and it is hereby authorized and directed to issue a permit to "Living the Word Christian Ministries" at 20470 Hubbell, Detroit, Michigan 48235 to encroach into the public alley right-of-way at the rear of a parcel of land described as:

The south 75 feet of the north 437 feet of the west 99 feet, lying south of and adjacent to West Eight Mile Road and east of and adjacent to Hubbell Avenue, Northeast 1/4 of Section 6, T. 1S. R. 11 E., City of Detroit, Wayne County, Michigan, commonly known as 20470 Hubbell Avenue.

Encroachment to consist of the rear of the building wall, which encroaches 6.5 ft. x 62 ft. into the public alley, variable width, at the rear of the above described property;

Provided, That the petitioner maintains a 7 feet horizontal clearance from Detroit Edison facilities, and further

Provided, That the Detroit Water and Sewerage (DWSD) does not waive any of its rights to its facilities located in the alley and the adjoining easement and at all times, DWSD, its agents or employees, shall have the right to enter upon the alley to maintain, repair, alter, service, inspect, or install its facilities. All costs incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD's facilities for maintenance, repairing, alteration, servicing or inspection by DWSD shall be borne by the petitioner. All costs associated with gaining access to DWSD's facilities which could normally be

expected had the petitioner not encroached into the alley shall be borne by DWSD, and further

Provided, That all construction performed under this petition shall not be commenced until after five (5) days written notice to DWSD. Seventy-two (72) hours notice shall also be provided in accordance with P.A. 53 1974, as amended, utilizing the MISS DIG one call system, and further

Provided, Construction under this petition is subject to inspection and approval by DWSD forces. The cost of such inspection shall, at the discretion of DWSD, be borne by the petitioner, and further

Provided, If DWSD facilities located within the alley and adjoining easement shall break or be damaged as the result of any action on the part of the petitioner, then in such event the petitioner agrees to be liable for all costs incidental to the repair, replacement or relocation of such broken or damaged DWSD facilities, and further

Provided, The petitioner shall hold DWSD harmless for any damage to the encroaching device constructed or installed under this petition which may be caused by the failure of DWSD's facilities, and further

Provided, If at any time in the future the petitioner shall request removal and/or relocation of DWSD's facilities in the alley being encroached upon, the petitioner agrees to pay all costs for such removal and/or relocation, and further

Provided, That said permit should be issued only after a certified copy of this resolution has been duly recorded by and at the petitioner's expense in Wayne County Register of Deeds, and further

Provided, That no right in the public alley shall be considered waived by this permission which is granted expressly on the condition that the building and all obstructions in connection therewith shall be removed at the expense of the grantee at any time when so directed by City Council, and further

Provided, If at any time in the future it becomes necessary to repair or replace the sewers or other utilities located or to be located in said alley by the acceptance of this permission, the owners for themselves, their heirs and assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in their removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the owners expense, and further

Provided, That this resolution is revocable at the will, whim or caprice of the City Council, and the grantees by the acceptance of this permission waive any right to claim damages or compensation for any

structures constructed and maintained hereunder, or for removal of the same, and they acquire no implied nor any other privileges not expressly stated herein.

Honorable City Council:

Re: Petition No. 1966 — "Wayne County", requesting permission to maintain existing encroachments at the Wayne County Juvenile Detention Facility in the area of Macomb St. and Chrysler Service Drive.

Petition No. 1966 of "Wayne County" requests to maintain existing encroachments into the West Chrysler Freeway Service Drive between Macomb Street, 50 feet wide, and Clinton Street, 40 feet wide. Encroachments consist of 1) One existing underground bell caisson for the purpose of supporting the southeast building corner at the northwest corner of Macomb Street and the Chrysler Service Drive. The bell caisson is located in the public right-of-way, immediately adjacent to the Wayne County Juvenile Detention Facility, approximately 37-feet north of the Macomb Street right-of-way, along the west edge of the Chrysler Service Drive right-of-way. The footing encroaches approximately 1'-5" into the public right-of-way and is approximately 7'-0" wide. The encroachment request is 4'-0" into the right-of-way and 10'-0" wide. The building column does not encroach upon the public right-of-way. 2) One existing spread footing for the purpose of supporting the east building wall along the west side of the Chrysler Service Drive, north of Macomb Street. The spread footing is located in the public right-of-way, immediately adjacent to the Detention Facility, approximately 82 feet north of Macomb Street right-of-way, along the west line of the Chrysler Service Drive. The footing encroaches approximately 1'-5" into the public right-of-way and is approximately 9'-6" wide. The building wall does not encroach. 3) One existing ramp along the West Side of the Chrysler Service Drive, north of Macomb Street. The ramp is located in the right-of-way, immediately adjacent to the Juvenile Detention Facility, approximately 40 feet north of the Macomb Street right-of-way, along the west line of the Chrysler Service Drive right-of-way. The ramp encroachment varies from approximately 4'-6" to 5'-6" into the public right-of-way and is approximately 36'-0" wide.

On June 5, 1996 (J.C.C. pages 1229-

1232), City Council approved an alley vacation and caisson encroachments at this site.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Public Lighting Department (PLD) reports no objections to the proposed encroachments. However, the PLD has underground fed street lights in Chrysler Freeway Service Drive PLD requires a minimum horizontal clearance of 3'-6" and a vertical clearance of 1'-0" must be maintained from their facilities.

Ameritech reports no objection to the requested encroachments provided that they have continued access to their conduit run from a manhole on Macomb St. to a customer at 1326 St. Antoine.

The Detroit Water and Sewerage Department (DWSD) reports there is an 8-inch water main 22-feet east of the west property line and a 12-inch water main 6-feet east of the west property line in the Chrysler Freeway Service Drive between Clinton and Macomb Streets, therefore, DWSD has objections to this petition, but will agree to the proposed encroachments subject to the fulfilling of the provisions that are a part of the attached resolution.

All other City departments and privately owned utility companies have reported no objections to the encroachments. Where appropriate, provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

**Human Resources Department  
 Labor Relations Division**

February 1, 2000

Honorable City Council:

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by AFSCME Local 542, Motor City Seasonals.

The Labor Relations Division has recently reached agreement with the bargaining unit which represents most of the City's seasonal employees, AFSCME Local 542, Motor City Seasonals. Given the extensive time it will take to type and process the entire contract, it would cause an unreasonably long delay to withhold implementation until the formal contract has been prepared and presented to your Honorable Body for approval. Additionally, we have begun recruiting employees for this summer's job openings and the opportunity to advertise these higher wage rates should benefit our recruiting efforts. In summers past, we have had some difficulty in filling positions quickly.

Therefore, in accordance with standard City procedure, this Office is recommending that your Honorable Body pass a resolution amending the 1998-99 Official Compensation Schedule by granting a 2% general wage increase for the subject represented employees effective July 1, 1998, and similarly amend the 1999-2000 Official Compensation Schedule by granting a 3% general wage increase effective July 1, 1999. We are further requesting authorization to implement the following new contract provisions:

1) Special Adjustments for certain classifications based on recruitment and retention difficulties as outlined in the attached Schedule A.

2) Fringe benefit changes as set forth in the attached Schedule B.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,

### Human Resources Department

January 31, 2000

Honorable City Council:

Re: Request to Amend the 1999-2000 Official Compensation Schedule to Establish Pay Rates for the Classifications in the Attached Schedule A.

As part of its continuing review of classifications with ongoing recruitment, retention and turnover problems, the Human Resources Department recommends salary ranges for new class groups and classifications affecting several City of Detroit operations, grant and staff departments.

The review consists of a job evaluation and a compensation analysis, which reviews internal equity factors and makes comparisons with data from external surveys of comparable benchmark positions.

The new classes contribute to the first phase of a restructured classification/compensation plan for non-union managerial, professional, technical and support classes. The plan embodies consolidation of classes, and wider pay ranges. Consistent with the City's goal of providing high quality service, performance planning and employee development will be a component of the new classification/compensation plan. The in-range pay increments are in addition to any across the board general increases approved by your Honorable Body for the employees in the affected classifications.

The Budget and Finance departments as well as the affected departments concur with the recommendations and request approval of the pay rates for the classifications in the attached Schedule A.

Respectfully submitted,  
GARY K. DENT

Human Resources Director

By Council Member Tinsley-Talabi:

Honorable City Council:

Re: Community Development Block Grant Reprogramming Central Industrial Park St. Joseph Hospital Project.

This letter revises the resolution submitted to you with my November 18, 1999 letter regarding the above referenced reprogramming.

The resolution is changed to replace the reprogramming of CDBG funds from the Citizen District Council Service Delivery appropriation by increasing the amount of reprogrammed funds from the Michigan Avenue Community Organization appropriation. This change responds to your concerns regarding citizen district council funding.

The need for this reprogramming is described below.

In the 1999-2000 Executive Budget, the Mayor requested an appropriation of \$8,557,500 from Community Development Block Grant (CDBG) funds to pay for Wayne County Circuit Court Judgement costs related to the acquisition of the St. Joseph's Hospital in the Central Industrial Park project.

At the time of the Mayor's request and during your deliberations on the 1999-2000 Budget, the actual amount needed to make the required payment was not known. Thus, your Honorable Body appropriated \$6,719,300.

We were informed by the Law Department that the total amount needed for this court-ordered payment is \$9,361,500. Thus far, we have paid \$6,782,500 from existing appropriations. However, an additional payment of \$2,579,000 is needed. There is a balance of \$96,800 in Appropriation 05436, St. Joseph Hospital, leaving a \$2,482,200 shortfall.

Therefore, we are requesting that your Honorable Body decrease appropriations in CDBG projects as shown in the attached resolution, and increase Appropriation 05436, St. Joseph Hospital, by \$2,482,200.

Most of the CDBG projects being decreased were included in the listing of projects being considered for reprogramming which was submitted to you on February 2, 1999. These are projects which have been completed or which are no longer in operation.

Since the payment on the Court Judgement was due on December 15, 1999, the City made the payment using the General Fund advance which you authorized on December 8, 1999. Funds from this reprogramming will be used to reimburse the General Fund.

Re: Permission to accept grant award — Stop Violence Against Women Grant.

A continuation funding request for a collaborative domestic violence prevention program has been approved by the State of Michigan. The partners in this effort are the Wayne County Prosecutor's Office, Wayne County Coordination Council to Prevent Domestic Violence, Inkster Police Department, Interim House, Young Women's Christian Association, My Sister's Place, Women's Justice Center and First Step.

The Detroit Police Department will receive a total of \$60,058.00 to partially fund the salaries of one police officer (\$17,000.00) and one investigator (\$25,000.00) specifically trained to handle

domestic violence cases. One officer will be located at the Ninth Precinct, with the other officer located at the Twelfth Precinct. These officers will respond to the scene of domestic violence situations within their precinct, providing at the scene investigative presence, preserving and collecting evidence and assisting the victim.

The grant will also provide \$12,000.00 towards overtime salary to address needs related to the apprehension and arrest of domestic violence perpetrators and violators of personal protection orders. Additionally, \$6,058.00 will be allocated for supplies including film.

Also, one full-time Assistant Prosecuting Attorney from the Wayne County Prosecutor's Office will be assigned to handle domestic violence cases from the Ninth and Twelfth Precincts. This will enable the department and the Wayne County Prosecutor's Office to pursue the prosecution of domestic abusers, even in the instance where the victims later become uncooperative. Similarly, one full-time and one part-time Victim Advocate from Interim House will be assigned to the Twelfth Precinct team and one full-time and one part-time Victim Advocate from My Sister's Place will be assigned to the Ninth Precinct team.

Copies of the award letter and grant application for each member of the Council has been provided. No cash match is required.

Approval for continued participation in this program will enable the Detroit Police Department to continue its proactive approach to problems confronting the community.

The Board of Police Commissioners has approved this grant. Therefore, it is respectfully requested that your Honorable Body adopt the attached resolution authorizing the City of Detroit to accept this grant award.

**Section 6. Payment of Bonds.** The Series 2000-SRF1 Bond and the interest thereon shall be payable solely from the Net Revenues, and to secure such payment, the statutory lien upon the whole of

the Net Revenues created in Ordinance No. 27-86, subject to the prior lien thereon of Senior Lien Bonds and Junior Lien Bonds which shall have acceded to a parity therewith, Senior Subordinated Bonds, any other Junior Lien Bonds which may be issued under Ordinance No. 27-86 with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds, and the Ancillary Obligations related to each of the foregoing, is hereby confirmed in favor of the Series 2000-SRF1 Bond.

The obligation of the City to pay the principal of and interest on the Series 2000-SRF1 Bond shall continue until such payment in full has been made thereon or until sufficient cash or sufficient Government Obligations shall have been deposited in trust for payment in full of the principal of and the interest on the Series 2000-SRF1 Bond to be defeased to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any. Upon deposit of cash or sufficient Government Obligations, as provided in the previous sentence, the statutory lien herein referred to shall be terminated with respect to the Series 2000-SRF1 Bond, the holders of the Series 2000-SRF1 Bond shall have no further rights under this Resolution except for payment from the deposited funds and registration and replacement of bonds, and the Series 2000-SRF1 Bond shall no longer be considered to be outstanding under the Ordinances and this Resolution.

**Section 7. Funds and Accounts; Flow of Funds.** Except as otherwise provided in this Resolution, all of the provisions relative to funds and accounts, their maintenance, the flow of funds and other details relative thereto, shall remain as specifically set forth in the Ordinances.

**Section 8. Series 2000-SRF1 Bond Proceeds.** Portions of the proceeds of the sale of the Series 2000-SRF1 Bond representing capitalized interest, if any, as received, shall be deposited in the redemption fund for SRF Bonds established by Ordinance 27-86, and the City may take a credit for the amount so deposited against the amount required to be deposited in such fund for payment of the next maturing interest payment on the Series 2000-SRF1 Bond.

The balance of the proceeds of the sale of the Series 2000-SRF1 Bond, as received, shall be deposited in a sub-account of the Construction Fund account established by Ordinance No. 27-86 to be designated the "Construction Fund Series 2000-SRF1," which sub-account shall be established and maintained as a separate depository account with a depository qualified to be a depository of moneys under Michigan law as designated by the Finance Director. Moneys in the

Construction Fund Series 2000-SRF1 shall be applied solely in payment of the costs of the Project and any engineering, legal, financial or printing costs, and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file a signed statement with the Commissioners to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory and that such work has not been previously paid for. Payment of the costs of engineering, legal, financial, printing, and other costs of issuance with respect to the Series 2000-SRF1 Bond as provided in this section shall be made upon submission of appropriate documentation to the Finance Director of the City.

Any unexpended balance remaining in the Construction Fund Series 2000-SRF1 after completion of the Project may, with the prior approval of the Authority and at the discretion of DWSD, be used for further improvements, enlargements, and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Series 2000-SRF1 Bond from gross income for federal income tax purposes. Any remaining balance after such expenditure shall, with the prior approval of the Authority, be paid into the Redemption Fund for the purpose of redemption or purchase, at not more than the fair market value, of the outstanding Series 2000-SRF1 Bond or portions thereof. Bonds acquired by purchase shall be canceled and shall not be reissued.

**Section 9. Series 2000-SRF1 Bond Form.** The Series 2000-SRF1 Bond shall be in substantially the form set forth in Appendix A hereto, with such changes and additions as shall be determined appropriate by the Finance Director.

**Section 10. Covenants Regarding Exclusion of Interest on the Series 2000-SRF1 Bond for Federal Tax Purposes.** The City hereby covenant with and represents to the Authority and any other registered owners of the Series 2000-SRF1 Bond that so long as any portion thereof remains outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair, the exclusion of the interest on the Series 2000-SRF1 Bond from gross income for federal income tax purposes under the Internal Revenue

Code of 1986, as amended (the "Code"), including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Series 2000-SRF1 Bond proceeds and moneys deemed to be Series 2000-SRF1 Bond proceeds, and to prevent the Series 2000-SRF1 Bond from being or becoming a "private activity bond" as that term is used in Section 141 of the Code.

**Section 11. Department of Treasury Approval; Sale of Series 2000-SRF1 Bond.** The Finance Director is hereby authorized to notify the Michigan Department of Treasury of the City's intent to issue the Series 2000-SRF1 Bond, and to make application to the Michigan Department of Treasury for authority to issue and sell the Series 2000-SRF1 Bond or for an exception from prior approval for the sale of the Series 2000-SRF1 Bond and for authorization, if any, to obtain such waivers from the Michigan Department of Treasury as may be applicable to the sale of the Series 2000-SRF1 Bond at the discretion of the Finance Director and which are permitted by Act No. 202, Public Acts of Michigan, 1943, as amended, and the regulations pertaining thereto, and Act 94, and to pay any related fees. The Finance Director shall do all other acts and take all other necessary procedures required to accomplish the sale, issuance and delivery of the Series 2000-SRF1 Bond.

**Section 12. Finance Director and Deputy Finance Director Authorizations.** During the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director shall exercise all the powers, perform all the duties, and make all the determinations herein required or permitted with respect to the Series 2000-SRF1 Bond.

**Section 13. Execution of Series 2000-SRF1 Bond.** The Mayor and the Finance Director are hereby authorized and directed to execute the Series 2000-SRF1 Bond by manual or facsimile signature for and on behalf of the City and in its name, to affix thereto the official seal of the City, and to deliver the Series 2000-SRF1 Bond to the Authority upon the terms and conditions set forth in the Purchase Contract.

**Section 14. Execution of Authority's Documents.** The Series 2000-SRF1 Bond shall be sold to the Authority pursuant to the Purchase Contract. The Purchase Contract, the Supplemental Agreement and the Issuer's Certificate, in the forms on file with the Finance Director, are hereby approved; and the Mayor, the Finance Director, and the Director of DWSD or their deputies are each hereby authorized to execute and deliver, for and on behalf of the City, the Purchase Contract, the Supplemental Agreement,

and the Issuer's Certificate to the Authority in the forms hereby approved with such changes and insertions in such Purchase Contract, Supplemental Agreement, and Issuer's Certificate as the Finance Director shall determine are necessary or desirable. The executed forms of the Purchase Contract, the Supplemental Agreement, and the Issuer's Certificate shall be deemed to be the final forms thereof.

**Section 15. Deposit to Construction Fund.** Portions of the proceeds of the Series 2000-SRF1 Bond, as received and in amounts determined by the Finance Director, shall be deposited, pursuant to the Ordinances, in the Construction Fund Series 2000-SRF1 relating solely to the Series 2000-SRF1 Bond, which shall be established and maintained as a separate depository account as selected by the Finance Director in accordance with this Resolution.

**Section 16. Authorization of Other Officials.** The Mayor, City Clerk, Finance Director, Treasurer, Corporation Counsel, Director of DWSD, other officials of the City, their deputies and staff, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions, and other papers as may be deemed necessary or appropriate to complete the sale, execution, and delivery of the Series 2000-SRF1 Bond as determined by such officials executing and delivering the foregoing items. Any actions heretofore taken by such persons in furtherance of the foregoing are hereby ratified and confirmed.

**Section 17. Declaration of Official Intent.** The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. §1.150.2 pursuant to the Code:

(c) The maximum principal amount of the Series 2000-SRF1 Bond expected to be issued for the Project is \$65,000,000.

(d) Advances to be made for the Project will be borrowed from the Improvement and Extension Fund of the City's Sewage Disposal System Fund, which shall be reimbursed upon the issuance of the Series 2000-SRF1 Bond.

**Section 18. Resolution Constitutes a Contract Interpretation; Modification.** The provisions of this Resolution shall constitute a contract between the City and any registered owner of the Series 2000-SRF1 Bond. **Section 19. Repeal, Savings Clause.**

All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

**Section 20. Severability; Paragraph Headings; Conflict.** If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution. REGISTERED OWNER: Michigan Municipal Bond Authority  
 PRINCIPAL AMOUNT: \*\*\*\*\*\$\_\_\_\_\_\*\*\*

The City of Detroit, Wayne County, Michigan (the "Issuer") for value received, promises to pay, to the Michigan Municipal Bond Authority (the "Authority"), but only out of the hereinafter described Net Revenues of the Issuer's Sewage Disposal System, the principal amount

of \_\_\_\_\_ Million Dollars (\$ \_\_\_\_\_) or so much thereof as shall have been advanced to the Issuer pursuant to the Purchase Contract between the Issuer and the Authority dated as of \_\_\_\_\_, 2000 and a Supplemental Agreement by and among the Issuer, the Authority and the State of Michigan acting through the Department of Environmental Quality, in lawful money of the United States of America, with interest on said principal until paid from the date each disbursement of such principal is advanced by the Authority to the Issuer at the rate of two and one-half percent (2.5%) per annum. Interest is first payable on October 1, 2000 and semiannually on each April 1 and October 1 thereafter, and principal is payable on the first day of \_\_\_\_\_, commencing \_\_\_\_\_ 1, 20\_\_\_\_, and annually thereafter in the principal installments indicated on the Payment Schedule attached as Exhibit A hereto, unless prepaid prior thereto as hereinafter provided. The bond is payable as to principal, premium, if any, and interest at the corporate trust office of Bank One Trust Company, NA, or to such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository").

During the time funds are being drawn down by the Issuer under this bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to repay the outstanding principal amount actually advanced, all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this bond.

The Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this bond in immediately available funds at least five (5) business days prior to the date on which any such payment is due, whether by maturity, redemption or otherwise. This bond is subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority. Written notice of any redemption of any principal installment of this bond prior to its stated maturity shall be given by the Issuer and received by the authority's Depository at least forty (40) days prior to the date on which such redemption is to be made.

In the event of a default in the payment of principal hereof or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of

such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the authority's cost of providing funds, (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this bond but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the Issuer's default. Such additional interest shall be payable on the interest payment date following demand of the Authority, in the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose), to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rate share (as determined by the Authority) of such deficiency as additional interest on this bond.

For the prompt payment of the principal of and interest on this bond, the revenues of the Sewage Disposal System of the City (the "System"); including all appurtenances, extensions and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, maintenance and administration (the "Net Revenues"), are irrevocably pledged and a statutory lien thereon is recognized and created. The bonds of this series are of junior standing and priority of lien as to Net Revenues and secured on a subordinate basis to: (a) the City's \$4,360,000 maximum stated principal amount Sewage Disposal System Revenue Bond, Series 1992-A; (b) the City's \$1,915,000 maximum stated principal amount Sewage Disposal System Revenue Bond, Series 1992-B; (c) the City's \$311,460,000 original aggregate principal amount Sewage Disposal System Revenue and Revenue Refunding Bonds, Series 1993-A; (d) the City's \$6,840,000 maximum stated principal amount Sewage Disposal System Revenue Bond, Series 1993-B; (e) the City's \$257,725,000 original aggregate principal amount Sewage Disposal Revenue Bonds, Series 1995-A and Sewage Disposal System Revenue Refunding Bonds, Series 1995-B; (f) the City's \$262,494,128.05 original aggregate principal amount Sewage Disposal System Revenue Bonds, Series 1997-A; (g) the City's \$6,075,000 maximum stated

principal amount Sewage Disposal System Revenue Bond, Series 1997-B; (h) the City's \$137,955,000 original aggregate principal amount Sewage Disposal System Revenue Refunding Bonds, Series 1998-A and Series 1998-B; (i) the City's \$21,475,000 maximum stated principal amount Sewage Disposal System Revenue Bond, Series 1999-SRF1; (j) the City's \$46,000,000 maximum stated principal amount Sewage Disposal System Revenue Bond, Series 1999-SRF2; (k) the City's \$31,030,000 maximum stated principal amount Sewage Disposal System Revenue Bond, Series 1999-SRF3; (l) the City's \$40,665,000 maximum stated principal amount Sewage Disposal System Revenue Bond, Series 1999-SRF4; (m) the City's \$302,995,177.80 aggregate original principal amount Sewage Disposal System Revenue Bonds, Series 1999-A; (n) any other bonds on a parity with the foregoing bonds issued hereafter pursuant to the Bond Ordinance (hereafter defined); (o) Junior Lien Bonds (as defined in the Bond Ordinance) which shall have acceded to parity status with the foregoing bonds pursuant to the terms of the Bond Ordinance; (p) Senior Subordinated Bonds and other Junior Lien Bonds which have a higher priority of lien than that granted the SRF Junior Lien Bonds which may hereafter be issued under the Bond Ordinance; and (q) Ancillary Obligations relating to all of the foregoing, and on a parity with any other SRF Junior Lien Bonds issued hereafter pursuant to the Bond Ordinance on a parity with this bond and the series of which it is one.

This bond is issued pursuant to Ordinance No. 27-86 as supplemented and amended by Ordinance No. 7-87, Ordinance No. 38-92, Ordinance No. 3-93, Ordinance No. 31-95, Ordinance No. 16-97, Ordinance No. 24-97 and Ordinance No. 36-99, as further supplemented by a Resolution of the City Council adopted \_\_\_\_\_, 2000 (as supplemented and amended, the "Bond Ordinance"), and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act No. 94, Public Acts of Michigan, 1993, as amended, for the purpose of paying all or part of the cost of acquiring and constructing replacements, repairs, extensions and improvements to the System and paying the costs of issuing this bond.

This bond is a self-liquidating bond which is not a general obligation of the Issuer and does not constitute an indebtedness of the Issuer within any constitutional, statutory, or charter limitation, but is payable, both as to principal and interest, solely from the Net Revenues of the System. The principal of and interest on

this bond are secured by the statutory lien hereinbefore mentioned.

This bond is subject to prepayment by the Issuer, in whole or in part, on any interest payment date, but only upon the prior written consent of the Authority and on such terms as may be required by the Authority.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the Bond Ordinance.

The Issuer has covenanted and agreed, and does hereby covenant and agree, to fix and maintain at all times while any bonds payable from the Net Revenues of the System shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest on and the principal of this bond and any other bonds of superior and equal standing payable from the Net Revenues as and when the same shall become due and payable, and to create and maintain a bond redemption fund therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for the System as are required by the Ordinances.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City of Detroit, Wayne County, Michigan, by its City Council has caused this bond to be signed by the manual or facsimile signatures of its Mayor and its Finance Director and its corporate seal to be impressed on this bond, all as of March 30, 2000.

**APPENDIX B  
PROPOSED PROJECT**

Completion of the following, which was financed in part by the Series 1999-SRF2 Bond:

Construction of a 6,190-foot long, 21-foot diameter deep rock outfall tunnel to convey treated effluent from the wastewater plant to a discharge point in the Detroit River. A pre-cast, grouted and gasketed tunnel liner will be used, and ventilation will be provided to minimize the impact from inflow of ground water and the presence of hydrogen sulfide or methane gas on the rock strata.

Six 10-foot diameter riser shafts will be drilled into the outfall tunnel and will be fitted with diffusers so that treated effluent receives rapid mix and dilution with Detroit River water. On the inside of the tunnel, four 12-inch sulfur dioxide feed lines will be installed to allow the injection of chemicals to dechlorinate the wastewater prior to discharge. These feed lines will be approximately 3,500 feet long. An 8-foot diameter access shaft and manhole will be installed to allow access to the outfall.

Ancillary items to be constructed include new roller gates, stop logs, modifications to existing dams and flow control facilities, level sensors, and improvements to the junction chamber.

Project No. 5143-02, New Detroit River Outfall (DRO-2).

BOTH STORIES OF THE BAYS FLANKING THE CENTRAL TOWER ARE PENETRATED BY A SET OF THREE (3) OPENINGS CONTAINING SINGLE-

HUNG SASH, FOUR-PANE WINDOWS WITH TRANSOMS ABOVE. TO THE OUTSIDE OF THESE SECTIONS ON BOTH STORIES IS A SINGLE NARROW OPENING CONTAINING A PAIR OF TRANSOMS ATOP TWO (2) NARROW RECTANGULAR WINDOWS. EACH STORY OF THE OUTER BAYS OF THE ORIGINAL SCHOOL BUILDING CONTAINS A SET OF FOUR (4) RECTANGULAR OPENINGS TWO (2) TIMES TALLER THAN WIDE WHICH CONTAIN FOUR-OVER-FOUR DOUBLE-HUNG PANE WINDOWS. THE BASEMENT WINDOW OPENINGS ARE SLIGHTLY TALLER THAN WIDE AND ORIGINALLY CONTAINED DOUBLE-HUNG SASH WINDOWS. THE SIDE ELEVATIONS OF THE ORIGINAL SCHOOL BUILDING HAVE SIMILARLY PROPORTIONED ARRANGEMENTS OF OPENINGS. A SINGLE SQUARE OPENING CONTAINING THREE (3) NARROW RECTANGULAR FOUR-OVER FOUR DOUBLE-HUNG SASH WINDOWS EXISTS OVER THE LARGE RECTANGULAR ENTRANCE OPENING OF THE NORTH FACE OF THE ANNEX. THE WEST ELEVATION OF THE ANNEX ALONG WEST END AVENUE IS COMPOSED OF THREE (3) LARGE RECTANGULAR, TWO-STORY TALL OPENINGS SUBDIVIDED INTO THREE (3) VERTICAL AND HORIZONTAL SECTIONS, WITH SOME PARTS NOW FILLED IN WITH BRICK. OTHER OPENINGS ALONG THIS ELEVATION INCLUDE A METAL DOOR NEAR A GROUPING OF THREE (3) SIX-OVER-SIX DOUBLE-HUNG SASH WINDOWS AND A SECONDARY ENTRANCE WITHIN A MOLDED STONE SURROUND AND A HORIZONTAL ROW OF THREE (3) SIX-OVER-SIX DOUBLE-HUNG SASH WINDOWS SHARING A STONE SILL ABOVE AT SECOND STORY LEVEL. WINDOW OPENINGS THAT MAY HAVE EXISTED ON THE SOUTHERN PART OF THE WEST ELEVATION OF THE ANNEX HAVE BEEN FILLED WITH BRICK, EXCEPT FOR A RELATIVELY SMALL HORIZONTAL RECTANGLE OF GLASS BLOCK AT SECOND STORY LEVEL. A METAL DOOR EXISTS AT THE REAR OF THE GYMNASIUM; ROWS OF OPENINGS TO THE NORTH OF THE GYMNASIUM ON THE EAST ELEVATION OF THE ANNEX ARE IN THE FORM OF NINE-OVER-NINE DOUBLE-HUNG SASH WINDOWS; BELOW THESE AT FIRST FLOOR LEVEL ARE ALTERED HORIZONTAL OPENINGS CONTAINING MODERN ARRANGEMENTS OF THREE (3) WINDOWS. THE ONE-STORY ADDITION IN THE REAR HAS A LARGE HORIZONTAL ROW OF WINDOWS IN A SINGLE OPENING.

(4) **RHYTHM OF SOLIDS TO VOIDS IN FRONT FACADES.** A SYMMETRICAL

GRID PATTERN IS CLEARLY DISCERNABLE ON THE FRONT FACADE AND THE RELATIVELY UNALTERED NORTH ELEVATION OF THE ORIGINAL JAMES MCMILLAN SCHOOL BUILDING. FENESTRATION WITHIN THE FIVE (5) MAIN BAYS OF THE FRONT FACADE IS RHYTHMICALLY ARRANGED; THERE ARE ROWS OF FOUR (4) WINDOWS WITHIN THE TWO (2) OUTER BAYS, ROWS OF THREE (3) WINDOWS IN THE BAYS FLANKING THE CENTRAL BAY, AND A PAIR OF WINDOWS IN THE CENTRAL ENTRANCE BAY.

(5) **RHYTHM OF SPACING OF BUILDINGS ON STREETS.** THE JAMES MCMILLAN SCHOOL HISTORIC DISTRICT IS COMPOSED OF THE ORIGINAL BUILDING, WHICH IS SET BACK NOTICEABLY FURTHER ON ITS LOT THAN THE ANNEX, AND ITS ANNEX, WHICH IS SITUATED SOUTH OF THE ORIGINAL BUILDING AND NEARER TO THE FRONT LOT LINE, CREATING A PARTIAL COURTYARD IN FRONT OF THE SCHOOL.

(6) **RHYTHM OF ENTRANCE AND/OR PORCH PROJECTIONS.** NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(7) **RELATIONSHIP OF MATERIALS.** BRICK IS THE DOMINANT MATERIAL OF THE ORIGINAL JAMES MCMILLAN SCHOOL BUILDING AND ANNEX. STANDARD BUILDING BRICKS ARE JUXTAPOSED WITH RAISED BRICK, DECORATIVE BRICK AND MOLDED BRICK. SILLS AND STRING COURSES ARE STONE, AS ARE THE PIER CAPITALS IN THE ENTRANCE AND THE PORCH STEPS. THERE IS A STONE PANEL WITH THE CARVED LEGEND "JAS. MCMILLAN SCHOOL" ABOVE THE MAIN ENTRANCE, AND THE WORDS "AD MCMILLAN ANNEX 1924" IN STONE ABOVE THE ANNEX ENTRANCE. WOODEN SASH WINDOWS ARE RECESSED IN WOODEN WINDOW FRAMES. THE PRESENT WOODEN-BOARD CORNICE TREATMENT IS NOT ORIGINAL. THE ROOF IS COVERED IN ASPHALT SHINGLES.

(8) **RELATIONSHIP OF TEXTURES.** SEVERAL DIFFERENT TEXTURAL EFFECTS ARE CREATED BY THE TYPE, THE TREATMENT, AND THE JUXTAPOSITION OF MATERIALS. THE MAJOR TEXTURAL EFFECT IS THAT CREATED BY THE BRICK LAID IN MORTAR CONTRASTED WITH THE SMOOTH WOODEN SASH AND WINDOW FRAMES AND WITH CARVED AND SMOOTH STONE. RAISED BRICK BELT COURSES, SILLS, WATER TABLES, DECORATIVE BRICKWORK, CARVED STONE AND RAISED BRICK CORNER QUOINS CONTRIBUTE GREATLY TO TEXTURAL INTEREST; THE ASPHALT ROOF GENERALLY DOES NOT.

(9) **RELATIONSHIP OF COLORS.** THE NATURAL LIGHT ORANGE BRICK COLOR OF THE ORIGINAL SCHOOL AND THE YELLOW BRICK OF THE ANNEX ARE PROMINENT. THEY ARE JUXTAPOSED WITH BEIGE STONE ELEMENTS, YELLOW-PAINTED WINDOW FRAMES, BROWN-PAINTED WINDOW SASHES AND REDDISH-BROWN PAINTED REPLACEMENT CORNICES. THE ASPHALT ROOF IS A SLATE GRAY COLOR.

(10) **RELATIONSHIP OF ARCHITECTURAL DETAILS.** THE ARCHITECTURAL ELEMENTS AND DETAILS GENERALLY RELATE TO THE ROMANESQUE REVIVAL STYLE OF THE ORIGINAL SCHOOL BUILDING AND THE NEO-GEORGIAN STYLE OF THE ANNEX. THE CENTRAL BAY EXTENDS UPWARD, ORIGINALLY CULMINATING IN A TOWER RISING ABOVE THE ROOF LINE THAT HAS SINCE BEEN REDUCED IN SIZE AND ALTERED IN APPEARANCE. STONE PIERS WITH MEDIEVAL-INFLUENCED STONE CAPITALS BEARING FLORA AND FAUNA FLANK EACH SIDE OF THE BROADLY ARCHED ENTRANCE. FOLIATED IMPOSTS, A DIAMOND-PATTERNED MOLDED BRICK EXTRADOS, AND BRICK SPANDRELS WITH RAISED FIFTH COURSES ORNAMENT THE FACE OF THE ENTRANCE. INCISED IN THE NAMEPLATE ABOVE THE ARCH, CENTERED WITHIN A WIDE BAND OF WEAVE-PATTERNED BRICK SQUARES, IS THE NAME, "JAS. MCMILLAN SCHOOL." AT SECOND STORY LEVEL IS A PAIR OF ARCHED WINDOWS FEATURING VOUSOIRS COMPOSED OF NARROW BRICKS LAID THREE (3) DEEP, A CONTINUOUS STONE BAND RUNNING HORIZONTALLY AT SILL AND IMPOST LEVELS, AN ARCADED EXTRADOS OF MOLDED BRICK, AND IMPOST BLOCKS IN THE FORM OF FOLIATED BALLS. CENTERED ABOVE THE WINDOWS IS A RONDEL WITH THE DATES 1889 AND 1895 INSCRIBED. MOLDED, SCROLL-LIKE KEYSTONES, BRICK VOUSOIRS, CONTINUOUS WINDOW SILLS AND LINTELS ARE DECORATIVE FEATURES OF THE RECESSED SECTION FLANKING THE CENTRAL SECTION. THE OUTER BAYS FEATURE WINDOW SILLS SUPPORTED ON PAIRS OF MOLDED BRICK CONSOLE BRACKETS, STACKED ROUND-EDGED BRICKS LINKED BY FLAT BRICKS BETWEEN EACH WINDOW OPENING, AND, AROUND THESE GROUPINGS OF WINDOWS, A FIELD OF SQUARE BRICKS MOLDED WITH A BASKET WEAVE PATTERN EDGED WITH BEADED AND EGG-AND-DART PATTERNED MOLDED BRICK AT THE OUTER EDGES. BASEMENT WINDOWS ARE

FRAMED AS A GROUP WITH DIAMOND-PATTERNED MOLDED BRICK. THE SIDE ELEVATIONS OF THE ORIGINAL SCHOOL BUILDING HAD ARCHITECTURAL DETAIL OF SIMILAR ARRANGEMENT, ALTHOUGH THE SOUTH ELEVATION HAS BEEN ALTERED TO ACCOMMODATE LATER ADDITIONS. RAISED BRICK QUOINS ARE LOCATED AT THE CORNERS OF THE END SECTIONS OF THE FRONT FACADE OF THE ORIGINAL SCHOOL BUILDING AND ANNEX. THE ENTRANCE OF THE ANNEX IS NEO-GEORGIAN IN STYLE; IT IS ENFRAMED IN A MASONRY ARCHITRAVE AND A SEGMENTALLY ARCHED PEDIMENT, WITH A STONE PANEL ABOVE BEARING THE WORDS, "AD MCMILLAN ANNEX 1924". WINDOWS ARE BANDED WITH CONTINUOUS SILLS. THE REAR ELEVATIONS ARE MORE UTILITARIAN IN APPEARANCE THAN THE OTHER VISIBLE ELEVATIONS.

(11) **RELATIONSHIP OF ROOF SHAPES.** THE MAIN ROOF OF THE ORIGINAL JAMES MCMILLAN SCHOOL BUILDINGS IS A SHALLOW HIP; IT IS INTERSECTED BY GABLE ROOFS OVER THE PROJECTING WALL SURFACES OF THE OUTER BAYS OF THE FRONT FACADE AND THE CENTER BAYS OF THE SIDE ELEVATIONS. THE TOWER IS CROWNED BY A SHALLOW HIPPED ROOF. ROOFS OVER THE ANNEX AND ONE-STORY ADDITION ARE NOT VISIBLE FROM THE STREET.

(12) **WALLS OF CONTINUITY.** NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(13) **RELATIONSHIP OF SIGNIFICANT LANDSCAPE FEATURES AND SURFACE TREATMENTS.** THE ORIGINAL JAMES MCMILLAN SCHOOL BUILDING IS SET BACK SUBSTANTIALY FROM THE FRONT PROPERTY LINE, ALLOWING SPACE FOR A GRASS TURF FRONT LAWN LANDSCAPED SPARSELY WITH FLOWERS PLANTED CLOSE TO THE BUILDING AND A FEW TREES CLOSE TO THE PUBLIC SIDEWALK. THE FRONT YARD IS BISECTED BY A STRAIGHT WALK LEADING FROM THE PUBLIC SIDEWALK; TO THE SIDES, TWO (2) ADDITIONAL DIAGONAL WALKWAYS CONVERGE AT THE FRONT ENTRANCE. A CONCRETE WALKWAY ALSO EXTENDS FROM THE PUBLIC SIDEWALK ALONG THE SOUTHERN END OF THE FRONT YARD TO THE ANNEX ENTRANCE IN THE SOUTHEAST CORNER OF THE FRONT COURTYARD. A FLAG POLE IS SITUATED ON THE NORTH HALF OF THE LAWN. THE FRONT YARD IS ENCLOSED BY A FOUR (4) FOOT HIGH CHAIN LINK FENCE; THE FENCE RISES IN HEIGHT

ALONG THE FRONT BUILDING LINE TO THE NORTH AND SOUTH OF THE ORIGINAL SCHOOL BUILDING WITH ITS ANNEX AND AROUND THE PERIMETER OF THE SCHOOL PROPERTY. THE FENCE CONTAINS A GATE INTO THE GRAVEL PARKING LOT AND SERVICE AREA THAT EXISTS BEHIND THE SCHOOL. A PARTIALLY PAVED AND GRASS TURF PLAY AREA CONTAINING PLAYGROUND EQUIPMENT EXISTS TO THE NORTH OF THE SCHOOL. A ROW OF OAK TREES IS PLANTED PARALLEL WITH THE FENCE LINE IN THE PLAY FIELD NORTH OF THE ORIGINAL SCHOOL BUILDING; PUBLIC LIGHTING IN FRONT OF THE SCHOOL IS MOUNTED ON PLAIN WOOD POLES.

(14) **RELATIONSHIP OF OPEN SPACE TO STRUCTURES.** OPEN SPACE CHARACTERIZES AND DEFINES THE SURROUNDING AREA. A PARTIAL COURTYARD IS CREATED BY THE SITING OF THE ANNEX SOUTH AND FORWARD OF THE ORIGINAL SCHOOL BUILDING ON THE FRONT BUILDING LINE; BEYOND THE ANNEX TO ITS SOUTH IS THE ENTRANCE TO A GRAVEL PARKING LOT EXTENDING TO THE REAR OF THE SCHOOL BUILDING. TO THE NORTH OF THE ORIGINAL SCHOOL BUILDING IS A LARGE, PARTIALLY PAVED AND GRASS TURF PLAYGROUND CONTAINING PLAY EQUIPMENT AND AN OPEN FIELD. TO THE EAST OF THE DISTRICT IS A FORMER RAILYARD.

(15) **SCALE OF FACADES AND FACADE ELEMENTS.** THE JAMES MCMILLAN SCHOOL IS LARGE IN SCALE, WITH SOME LARGE ELEMENTS, SUCH AS THE CENTRAL ARCHED ENTRANCE TOWER, GABLES, AND GROUPINGS OF WINDOWS. BUT DETAILS WITHIN ARE GENERALLY SMALL TO MODERATE IN SCALE, SUCH AS MOLDED AND PATTERNED BRICK OR RUNNING DIAMOND PATTERNS, THAT, WHERE LAID TOGETHER, CREATE LARGE FIELDS OF PATTERN. INDIVIDUAL DETAILS, SUCH AS IMPOST BLOCKS AND KEY-STONES, ARE SMALL IN SCALE.

(16) **DIRECTIONAL EXPRESSION OF FRONT ELEVATIONS.** IN GENERAL, THE DIRECTIONAL EXPRESSION OF THE JAMES MCMILLAN SCHOOL IS HORIZONTAL. BECAUSE THE TOWER HAS BEEN ALTERED AND TRUNCATED, THE VERTICAL THRUST THAT ORIGINALLY EXISTED IN THE CENTER NO LONGER EXISTS TO ITS FORMER DEGREE, AND THE ADDITION OF THE ANNEX EXTENDS THE HORIZONTAL DIRECTION OF THE BUILDING.

(17) **RHYTHM OF BUILDING SET-BACKS.** THE ORIGINAL JAMES MCMILLAN SCHOOL IS SET BACK SIG-

NIFICANTLY FROM THE PROPERTY LINE; THE ANNEX IS POSITIONED CLOSE TO THE FRONT LOT LINE.

(18) **RELATIONSHIP OF LOT COVERAGES.** NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(19) **DEGREE OF COMPLEXITY WITHIN THE FACADES.** THE FACADE OF THE ORIGINAL JAMES MCMILLAN SCHOOL IS STRAIGHTFORWARD IN ITS ARRANGEMENT OF ELEMENTS AND DETAILS; OVERALL, THERE IS A LOW DEGREE OF COMPLEXITY IN ITS BALANCED ARRANGEMENT BUT A COMPLEXITY EXISTS IN THE DETAIL OF THE ORIGINAL SCHOOL BUILDING.

(20) **ORIENTATION, VISTAS, OVER-VIEWS.** THE JAMES MCMILLAN SCHOOL IS THE ONLY BUILDING ON ITS BLOCK ORIENTED TOWARDS WEST END AVENUE. THE ENTRANCE TO THE ANNEX IS ORIENTED TOWARD THE OPEN SPACE IN FRONT OF THE ORIGINAL SCHOOL BUILDING. BEHIND THE SCHOOL COMPLEX TO THE EAST ARE THE TRACKS OF THE DEL RAY RAIL YARDS.

(21) **SYMMETRIC OR ASYMMETRIC APPEARANCE.** THE ORIGINAL MCMILLAN SCHOOL BUILDING IS SYMMETRICAL IN APPEARANCE; THE ANNEX IS NOT SYMMETRICAL.

(22) **GENERAL ENVIRONMENTAL CHARACTER.** THE JAMES MCMILLAN SCHOOL IS THE LARGEST BUILDING IN A SMALL SCALE LATE NINETEENTH TO EARLY TWENTIETH CENTURY URBAN RESIDENTIAL AREA OF SOUTHWEST DETROIT THAT IS SURROUNDED BY HEAVY INDUSTRIAL USES AND SMALL SCALE COMMERCIAL USES. ALTHOUGH DISINVESTMENT AND ABANDONMENT HAVE TAKEN THEIR TOLL, MCMILLAN SCHOOL CONTRIBUTES SIGNIFICANTLY TO THE ARCHITECTURAL DIVERSITY, HISTORICAL CONTINUITY AND SOCIAL FABRIC OF THE COMMUNITY.

**Section 2.** All ordinances or parts of ordinances, or resolutions, that are in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety and welfare of the People of the City of Detroit, and shall become effective in accordance with the applicable provisions of the 1997 Detroit City Charter.

Honorable City Council:

Re: Petition No. 2206, Vacation of Sewer Easement for Our Lady of Good Counsel Catholic Church/Detroit

We have reviewed Petition No. 2206 from Adam J. Cardinal Maida-Archbishop of Detroit requesting the vacation of a sewer easement and encroachment into another easement at the subject project in the area bounded by Rowe Avenue, Annott Avenue, McNichols Road and Sauer Avenue.

We have no objections to the outright vacation of a portion of the sewer easement retained in the vacated east-west Alley north of McNichols provided that the sewer located in the easement be abandoned by the Petitioner.

In addition, we have no objections to the existing building encroachments into the sewer easements retained in the vacated north-south alley east of Rowe and in a portion of the vacated east-west alley north of McNichols provided that the Detroit Water and Sewerage Department (DWSD) does not waive its rights to its facilities located in the easements.

We therefore recommend that the Petition be granted in accordance with the attached resolution.

Respectfully submitted,

STEPHEN F. GORDEN

Director

By Council Member K. Cockrel, Jr.:

Resolved that the existing sewer easement retained by City Council Resolution of October 19, 1943, Page 2718 for the vacation of the right half side of the East-

West public alley in the block bounded by Rowe, Annott, McNichols and Sauer Avenue lying between the Northerly line of lots 77 to 82 both inclusive (East of the existing manhole) and the Southerly line of Lot No. 83, all of Jeremiah Trombley's Gratiot Lawn Subdivision of Part of Lot No. 3 and Part of Lot No. 4 of Trombley's Subdivision of part of fractional Sec. 11T. 18R. 12E. City of Detroit, Wayne County, Michigan as recorded in Liber 55 of plats page 42 of Wayne County records. Be and the same is hereby vacated as a sewer easement with any sewer located therein reverting to the petitioner and no longer being City of Detroit responsibility; and be it further;

Resolved that the Petitioner must bulkhead the 12-inch sewer West of the existing manhole in Annott Avenue. This work is to be executed under Detroit Water and Sewerage Department's (DWSD's) Permit and Inspection and in accordance with plans approved by DWSD. All costs of the work shall be borne by the Petitioner, including Inspection, and be it further;

Resolved that there are existing Encroachments into the reminder of the easements retained by City Council resolution of October 19, 1943, page 2718, and that by reason of the existing Encroachments DWSD does not waive any of its rights to its facilities located in the easement, and at all times, DWSD, its Agents or Employees, shall have the right to enter upon the Easement to maintain, repair, alter, service, inspect or install its facilities. All costs incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements existing in the Easement and incurred in gaining access to DWSD facilities for maintenance, repairing, alteration, servicing or inspection by DWSD shall be borne by the Petitioner. All costs associated with gaining access to DWSD's facilities which could normally be expected had Petitioner not encroached into the easement shall be borne by DWSD; and be it further;

Resolved, if DWSD's facilities located within the easement shall break or be damaged as the results of any action on the part of the Petitioner then in such event, the Petitioner is liable for all costs incident to the repair, replacement or relocation of such broken or damaged facilities; and be it further;

Resolved, the Petitioner shall hold DWSD harmless for any damage to the encroaching device constructed or installed which may be caused by the failure of DWSD's facilities; and be it further;

- Coordinator (43-40-49)
- Historical Museum Curator I (43-40-20)
- Historical Museum Curator II (43-40-23)
- Historical Museum Educator I (43-40-30)

On November 15, 1999 the Human Resources Department adopted the above new classifications. This followed a department structure reorganization, a job evaluation of the essential duties and responsibilities of the classifications as well as the knowledge, skills and abilities required to perform them, and a compensation analysis of data from comparable institutions. We recommend the following salary ranges for the new classes:

Historical Museum Collections	
Coordinator	
(43-40-49)	\$39,200 to \$47,000
Historical Museum Curator I	
(43-40-20)	\$32,900 to \$39,500

Historical Museum Curator II (43-40-23) \$39,200 to \$47,000  
Historical Museum Educator I (43-40-30) \$32,900 to \$39,500

The requested authorization to progress through the pay range as determined by individual performance and professional development is in accordance with the City's compensation philosophy, and provides the department flexibility in recruitment of better qualified candidates and retention of current employees.

This Historical Department concurs with these findings and requests approval of the compensation rates.

Re: Address: 15717 Patton. Petitioner: Rodney Hill/Priscilla White. Date ordered removed: September 29, 1999 (J.C.C. p. 2810).

2. The yards shall be maintained clear of weeds, junk and debris at all times.

3. In accordance with ordinance 290-H, this building may be deemed dangerous if it remains unoccupied for more than six months, is not maintained according to the official Building and Property Main-

February 23, 2000

Honorable City Council:

Re: Extension of time to consider rezoning request of Kmart Corporation.

On October 26, 1999 the City Council received the report of the City Planning Commission on the petition of Kmart Corporation to rezone a portion of the property generally located on the east side of Telegraph between W. Eight Mile Rd. and Frisbee from R1 (Single-Family Residential District) to PD (Planned Development District) to allow for the construction of a Super Kmart Center and three free-standing commercial buildings. The City Council delayed the introduction and the scheduling of a public hearing on this petition at the request of the Environmental Affairs Department pending the completion of a study by that department of the proposed redevelopment and its environmental impact, if any, on the Rouge River and its floodplain.

Section 64.0700 of the Zoning Ordinance states, "If a petition for a proposed amendment is not acted upon finally by the Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it

shall be deemed to have been denied unless extended by resolution of the Council."

Attached for your consideration at today's formal session is a resolution that would extend the period for Council's consideration of this petition for an additional 90 days.

Respectfully submitted,

MARCUS D. LOPER

Deputy Director

By Council Member Scott:

Whereas, The Detroit City Council has not acted on the Kmart Corporation's petition pending the completion of a study by the Environmental Affairs Department on the possible environmental impacts of the proposed redevelopment on the Rouge River and the floodplain;

Now, Therefore, Be It Resolved, That pursuant to Section 64.0700 of the City of Detroit Zoning Ordinance, the Detroit City Council hereby extends the time period for its consideration of the petition of Kmart Corporation to rezone a portion of the property generally located on the east side of Telegraph between W. Eight Mile Rd. and Frisbee from R1 (Single-Family Residential District) to PD (Planned Development District) for an additional 90 days from the date of passage of this resolution.

Honorable City Council:

Re: Bobby Jean Hemmitt v City of Detroit and Epps Hunt, Department of Transportation, Case No. 99-914 004 NO, File No. 98-1085, CLIS No. 9906925.

On February 7, 2000, a mediation panel evaluated the above-captioned lawsuit and awarded Seven Thousand Five Hundred Dollars (\$7,500.00) in favor of Plaintiff. The parties have until March 6, 2000, to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, the Law Department seeks authority to accept the mediation award. The Law Department has filed a Motion for Summary Disposition which will be heard on March 3, 2000. In the event that the relief sought in this motion not granted, it is our considered opinion that acceptance of the mediation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the mediation award; and, in the event that Plaintiff accepts the award, direct the Finance Director to issue a draft in the amount of Seven Thousand Five Hundred Dollars (\$7,500.00) payable to, Bobby Jean Hemmitt and her attorneys, Brown, Stanley & Haynes, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 99-914004 NO by the Law Department.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a designated sum to the Plaintiff, that your Honorable Body direct the Finance Director to issue a draft payable to Madeline Cooper and her attorneys Goodman & Acker, P.C., in the amount the City is to pay the Plaintiff pursuant to the arbitrators' decision, but said draft shall not exceed Sixty-Five Thousand Dollars (\$65,000.00).

**City Planning Commission**

February 9, 2000

Honorable City Council:

Re: Petition of Covenant House Michigan (#2057), to modify the approved plans for an existing PD (Planned Development District) zoning classification and to rezone an R2 (Two-Family Residential District) zoning classification to a PD zoning classification all within an area generally bounded by Martin Luther King Boulevard, the Jeffries Freeway Service Drive, and Lawton Street for the phased development of a facility to serve and house young adults (Recommend Approval with Conditions).

Submitted herewith is the City Planning Commission report and recommendation on the request of Covenant House Michigan to modify the approved plans for an existing PD (Planned Development District) zoning classification generally bounded by Martin Luther King Blvd., Lawton, the Jeffries Freeway Service Drive, and vacated Ash, and to rezone property generally bounded by Lawton, the Jeffries Freeway Service Drive and vacated Ash from an R2 (Two-Family Residential District) zoning classification to a PD zoning classification. The property is approximately 5 acres in size and was formerly known as the Kundig Home for the Elderly.

### Proposed Development

The petitioner is requesting the modification and rezoning to allow for the phased redevelopment of the site as a facility to serve and house young adults ages 18-21 years old. The initial phase would involve the renovation of two existing buildings: one to serve as a 12-bed emergency shelter and an office for administrative staff, and the other to serve as a 22 bed transitional housing facility. The next phase would involve the new construction of a 20,000 square foot permanent home for a transitional housing program and a 5,000 square foot administrative building. Subsequent development would include new construction of an emergency shelter, chapel, vocational training building, recreational facility, and an auditorium.

Currently located on the site are seven (7) free standing one-story apartment buildings, an existing administration building/dining hall, a meeting room building, and an existing garage, all of which are currently unoccupied. Also located on the site are 63 vehicular parking spaces that would be utilized by the petitioner. A wrought iron fence with razor wire on the top half is located around the perimeter of the site. It has been indicated that the razor wire would be removed from the fence.

The programs that are being proposed for the subject property for the first phase of the redevelopment would be a Crisis Center and the Rights of Passage Program. The Crisis Center would serve as a 12-bed emergency shelter with a portion of the building used as administrative offices. The Rights of Passage Program is a transitional residential program that allows young adults to stay for 18 months or more while they develop the confidence and skills to live on their own. The proposed programs are not detention type programs nor is the facility for delinquent young adults. The young adults utilizing the facility will have the freedom to come and go on their own free will. The petitioner is proposing 24-hour security for the site as well as providing additional lighting around the perimeter. The proposed programs would take place in two (2) renovated existing structures where they would function until the middle of this year.

The petitioner is proposing to start the second phase of the proposed development in the middle of this year. At that time, existing structures would be demolished and the permanent building for the transitional housing and administration activities would be constructed. The anticipated completion of the second phase of development is mid 2001. In addition, the master plan for the development calls for the new construction of an emergency shelter, chapel, vocational training build-

ing, recreational facility and auditorium over succeeding years.

### Background

Covenant House Michigan is a privately funded non-profit corporation that provides services to young adults ages 18-21 years old. The Archdiocese of Detroit, which had been utilizing the subject property as a residence for elderly people until March of 1999, is donating the property for Covenant House Michigan's use under a long-term lease arrangement. Covenant House currently has a Job Development Center located on the east side of Detroit.

Covenant House has Crisis Centers in 9 cities in the United States and in several cities in other countries. The young adults that use these facilities are run-aways, persons seeking refuge from abusive homes, individuals that have turned eighteen and can no longer be part of the foster care system, and individuals who have drifted into a life on the streets.

### Surrounding Land Use and Zoning

The zoning classification and land uses surrounding the subject property are as follows:

North: PD; The Aurora Young Adult and Children Mental Health Facility and The Michigan Osteopathic Medical Center.

South: R2; Six (6) attached residential dwellings and vacant land, and the Fisher Freeway Service Drive.

West: R2 (beyond the Jeffries Freeway); Jeffries Freeway with two-family dwellings and some vacant land beyond.

East: R3 (Low Density Residential District); Fountain Court Co-operative residential Units.

### Public Hearing Results

At the November 4, 1999 City Planning Commission public hearing, the President of the Fountain Court Co-op housing units spoke in support of the proposed development on behalf of the residents of Fountain Court. No one spoke in opposition to the proposed use of the site to serve as a facility to service and house young adults.

### Analysis

There are institutional uses located immediately north of the subject site, the Aurora Young Adult and Children Mental Health Facility and the Michigan Osteopathic Medical Center. It is reasonable, therefore, for the subject property to be developed for the programs proposed which contain elements of institutional, residential, and office use. The proposed development could act as an additional anchor for long-term neighborhood stability and revitalization.

Moreover, adequate buffering for the adjacent residential properties would be provided since all the property is located on a self-contained 5-acre parcel of land. The wrought fence that is currently locat-

ed on the site would remain and would offer additional buffering for the residential properties as well as the additional landscaping that is being proposed. Parking for the proposed development would be located on-site. This would eliminate the need for persons utilizing the facility to park in the surrounding neighborhood. The proposed development should not add additional traffic to the neighborhood since the primary entrance onto the site would be from Martin Luther King Boulevard.

The Zoning Ordinance would generally require 48 off-street parking spaces for uses as the ones currently being purposed for the two temporary structures. As indicated earlier, 63 parking spaces already exist on the subject property.

As far as later phases are concerned, the Commission supports the conceptual plans submitted. However, the two phase procedure for a Planned Development (PD) plan approval process requires that the petitioner request approval of detailed site plans and elevations once the preliminary architectural design is complete. The Commission would then schedule a discussion and take action. Once the Commission takes action, a report and recommendation will be submitted to the City Council. Council will then consider the request and take action by resolution, at a formal session. Council may hold a discussion to consider the plans and elevations before taking action.

The subject property is located in the Jeffries Subsector of the Southwest Sector in the Master Plan of Policies. The Master Plan's Future General Land Use Map cites low-medium density residential as the future land use for this site. The Planning and Development Department has submitted a letter to your Honorable

Body indicating that this proposal is consistent with the Master Plan.

The proposed development is located within the Ash Myrtle Humbolt Development Area boundaries. However, the Citizens District Council for this urban renewal area is no longer active and the development plan does not indicate a specific development for the subject site.

**Conclusion**

The Commission believes that the proposed modification and rezoning, as well as the approval of the conceptual "Master Plan" for the site, would not adversely affect the character of the neighborhood. The proposed first phase redevelopment would return unoccupied residential units into a productive use.

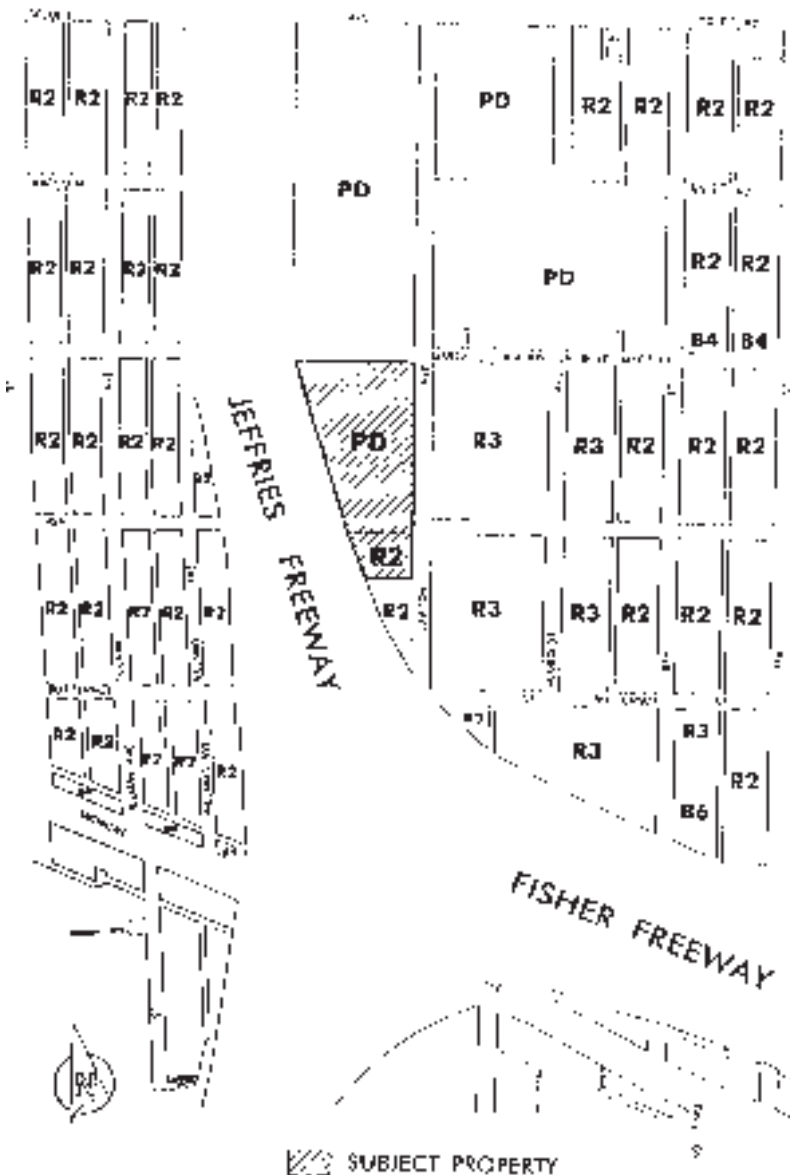

**Recommendation**

The City Planning Commission recommends that Covenant House Michigan's request to modify the approved plans for an existing PD zoning classification and to rezone property from an R2 zoning classification to a PD zoning classification be approved. This recommendation includes approval of:

1. Development plans for Phase I — the temporary use and renovation of two existing structures presently located on the site, and
2. Conceptual plans for the future developments proposed for the site in later phases.

Approval of development plans relating to later phases require that detailed site plans and elevations be presented to the Commission before the issuance of permits to continue the build-out of the proposed development.

On September 23, 1998, (Detroit Legal News, Pg. 12) your Honorable Body authorized the sale of 15600, 15608 & 15614 Plymouth to The Detroit Medical Center, a Michigan Non-Profit Corporation for the purpose of constructing a one story ambulatory care medical facility with a paved surface parking lot for the storage of licensed operable vehicles.

Honorable City Council:

Re: Proposed Ordinances to Codify Certain Sections of Title 9, Chapter 7, Article VI of the 1918 Detroit City Charter and to Amend Chapter 54, Article II, of the 1964 Detroit City Code Entitled "Duty Disability and Option Elections".

In accordance with the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinances are being submitted to your Honorable Body for approval. The first ordinance codifies Title 9, Chapter 7, Article VI, Part B, Sections 1, 2 and 2.1 and Title 9, Chapter 7, Article VI, Part H, Section 1 of the 1918 Detroit City Charter. The second proposed ordinance amends the codified sections, namely Chapter 54, Article II, of the 1964 Detroit City Code to clarify the disability benefits paid to pre-July 1, 1995 disability retirees, and pre-June 30, 1998 Detroit Police Lieutenant's and Sergeant's Association retirees. The ordinance does not change existing 1099R reporting procedures. No changes to such procedures shall be made until a favorable letter ruling is obtained from the Internal Revenue Service. The ordinances do not supercede any conflicting provisions of any collective bargaining agreements.

We are requesting that your Honorable Body introduce these proposed ordinances at your next formal session and set an early public hearing. We are requesting a waiver of reconsideration.

We are available to answer any questions that your Honorable Body may have regarding this proposed ordinance. Thank you for your consideration.

Respectfully submitted,

The Labor Relations Office is recommending that your Honorable Body approve the Memorandum of Understanding between the City of Detroit and the U.A.W. Local 2342 (Assistant Head Sewage Plant Operators).

This memorandum amends the current labor agreement and provides for twelve hour shifts for the operating crews at the Wastewater Treatment Plant.

Furthermore, this Office is recommending that your Honorable Body approve the same change in hours and working conditions set forth in the Memorandum for employees in those non-union classifications who supervise the members of this bargaining unit. Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by the Greater Detroit Building and Construction Trades Council.

The Labor Relations Division has recently reached agreement with the Greater Detroit Building and Construction Trades Council, AFL-CIO. Given the extensive time it will take to type and process the entire contract, it would cause an unreasonably long delay to withhold implementation until the formal contract has been prepared and presented to your Honorable Body for approval.

Therefore, in accordance with standard City procedure, this Office is recommending that your Honorable Body pass a resolution amending the 1998-1999 Official Compensation Schedule by granting a 2% general wage increase for the subject represented employees effective July 1, 1998, and similarly amend the 1999-2000 Official Compensation Schedule by granting a 3% general wage increase effective July 1, 1999. We are further requesting authorization to implement the following new contract provisions:

1) Special Adjustments for certain classifications based on recruitment and retention difficulties and special skills as outlined in Schedule A.

2) Fringe benefit changes as set forth in Schedule B.

Honorable City Council:

Re: Theresa Tims vs. City of Detroit.  
Case No.: 99-915714 NO. File No.: 99-9115 (CB). CLIS No.: 9907021.

On February 9, 2000, a mediation panel evaluated the above-captioned lawsuit and awarded Fifteen Thousand Dollars (\$15,000.00) in favor of Plaintiff. The parties have until March 8, 2000 to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the mediation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the mediation award; and, in the event that Plaintiff accepts the award, to direct the Finance Director to issue a draft in the amount of Fifteen Thousand Dollars (\$15,000.00) payable to Theresa Tims and her attorneys, Rothstein, Erlich & Rothstein, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 99-915714 NO, approved by the Law Department.
