Honorable City Council:

Re: Helen Odean Butler II MSHDA No. 959 — Payment in Lieu of Taxes.

V.I.S.I.O.N., Inc. applied for a mortgage loan from Michigan State Housing Development Authority (MSHDA) and the City of Detroit Home Investor Loan Program (\$576,099.00) to finance the construction of a 32 unit family development to be constructed at Vernor Highway and McDougall Street.

In order to make the development economically feasible; it is necessary for the development to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346, as amended, MCLA 125.1415A).

All of the 32 units must be occupied by households having incomes no greater than fifty percent (50%) of the area median income adjusted for family size.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by estab-

lishing a four percent (4%) service charge for this housing project financed by the Tax-Exempt TEAM program and Detroit Home Funds.

Respectfully submitted,

WHEREAS, The purpose of the housing project is to serve low income persons, the description of the property is as Exhibit "A".

NOW, THEREFORE, BE IT

RESOLVED, That said described premises are henceforth entitled to be exempt from taxation but subject to the provisions of a service charge for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCLA 125, 1401, et. Seq., MSA 16.114(l) et., seq., and be it further

Honorable City Council:

Re: City Council Recess from Thursday, August 3, 2000 through Tuesday, September 5, 2000.

Ordinance No. 570-H, Chapter 21 Article 3, requires the approval of your Honorable Body for the purchase of goods and services over the value of \$25,000, all contracts for personal services renewals or extensions of contracts or the exercise of an option to renew or extend a contract. Based upon the above scheduled recess, there will be a delay in obtaining your approval for needed goods and services. As a result, I will be unable to meet my obligation to obtain needed goods and services for the user agencies, and they, in return, will be unable to meet their obligation to supply mandated services to the people of the City of Detroit.

Therefore, during the recess, I request that your Honorable Body approve our purchase of goods and services requiring your approval under Ordinance No. 570-H under provisions as follows:

RE: EASTERN MARKET CONTRACT

I am voting "NO" on approving the contract with the Project for Public Space for continued assistance to the City of Detroit in the Eastern Market area because of my concerns that the contract will continue a process to privatize the jobs of city employees. The presentation regarding this contract did not even encompass the concerns regarding privatization expressed in the Charter provision requiring an ordinance on privatization.

Of course, I am excited about a project which will modernize and expand Eastern Market, which is one of the treasures of our city. However, any change cannot be made at the expense of city workers. I hope that in the next stages of the project these concerns will be met.

By Council Member Scott:

Whereas, the Detroit Police Department has located a facility at 13133-13333 Lyndon Avenue which is ideally suited for a communications center and for relocating several Detroit Police Commands; and

Whereas, the Detroit Police Department has estimated that implementation of the state-of-the-art communications center to be housed at the facility will cost approximately \$18-\$20 million; and

Whereas, the Detroit Police Department has indicated that it will return to this Honorable Body after its recess to more fully explain the details of this program, and for approval of its management agreement with the Detroit Building Authority when it has been prepared;

Now Therefore Be It Resolved, that the proposed Lease between 21170 W. Eight Mile, L.C.C., as landlord, and the City of Detroit, as tenant, of certain land and improvements located at 13133-13333 Lyndon Avenue consisting of two connected one-story buildings containing approximately 133,000 square feet of space, of which 40,000 square feet is office space, and appurtenant exterior parking lots, for a term of five years at a rate of \$79,167 per month, together with an option to extend the lease for an additional term of five years and an option to purchase the property at the end of two years (August 2002) for \$4.4 million, is hereby approved.

Adopted as follows:

**STATEMENT FOR THE RECORD  
BY COUNCIL PRESIDENT  
PRO TEM MARYANN MAHAFFEY  
RE: DETROIT POLICE DEPARTMENT  
LEASE AGREEMENT FOR  
13131-13333 LYNDON**

I voted "YES" on the resolution to authorize the Detroit Police Department to lease 13131-13333 Lyndon. I support the steps being taken to provide a better work environment for the Police Department commands which will be relocated to this building, including 311 and 911 operators. However, I have concerns about the lack of time and information given to City Council before the vote.

Included in this relocation is the implementation of a "state-of-the-art" communications center which will cost approximately 18 to 20 million dollars. The Police Department stated that the money will come from grant funds, but they did not specify how much or from which source. In addition, the cost to lease the space is \$950,004 annually for the next five years. The source of funding for lease payments has not been clearly identified either.

This may be a good deal for the City of Detroit. The building definitely offers enough space with approximately 133,000 square feet, including 40,000 square feet of office space. The problem is that there is too little information to make an informed decision.

As stated previously, I voted "YES" because this lease will offer an improved work environment for many Police Department employees, but I was very reluctant because of the lack of information and time provided by the department.

July 28, 2000

Honorable City Council:

Re: Proposed Resolution For Kennedy Square.

On December 8, 1999, your Honorable Body adopted a resolution authorizing execution of the proposed Development Agreement (referred to herein as the "KWA Development Agreement") by and among Kern Woodward Associates, L.L.C. ("KWA"), the City of Detroit, and the City of Detroit Downtown Development Authority (the "DDA").

On December 8, 1999, your Honorable Body adopted a resolution authorizing execution of the proposed Development Agreement (referred to herein as the "Original Compuware Development Agreement") by and among Compuware Corporation, the City, and the DDA. On July 21, 2000, your Honorable Body approved changes to the Original Compuware Development Agreement and adopted a resolution authorizing execution of a Restated Development Agreement by and among Compuware Corporation, the City and the DDA (referred to herein as the "Restated Compuware Development Agreement").

As set forth in the KWA Development Agreement, the City and the DDA have certain obligations regarding preparing the Kennedy Square Block for development. Certain encumbrances to title, identified in Exhibit B to the KWA Development Agreement, must be eliminated. Kennedy Square is currently under the jurisdiction of the Recreation Department. Attached to this communication is a copy of a memorandum from Ernest Burkeen, Jr., Director of the Recreation Department, to Paul Bernard, Director of the Planning & Development Department, declaring Kennedy Square surplus to the Recreation Department's needs and transferring jurisdiction of Kennedy Square to the Planning & Development Department.

Under the KWA Development Agreement, the DDA is to construct a new parking garage under Kennedy Square Block, which will replace the existing parking garage. The existing Kennedy Square

Parking Garage is owned by the City of Detroit Building Authority (the "Building Authority") in accordance with Contract of Lease No. 2. The Building Authority has taken action to remove the Kennedy Square Parking Garage from its inventory and reconvey it to the City. Such action is effective upon adoption of a resolution by your Honorable Body authorizing such action.

Additionally, the Restated Compuware Development Agreement obligates the City and/or the DDA to coordinate the completion of certain Infrastructure Improvements (as that term is defined therein), with the completion of construction of the Compuware headquarters building. The Infrastructure Improvements include the construction of the new Campus Martius Park and the new perimeter roads around the new Park. A portion of these Infrastructure Improvements will be constructed above the new parking garage. In order to be able to have the Infrastructure Improvements properly coordinated with the construction of the Compuware headquarters building, it is imperative that the DDA be in a position to commence construction of the new parking garage as soon as possible.

Attached to this communication is a resolution authorizing the reconveyance of the Kennedy Square site from the Building Authority to the City, approving transfer of jurisdiction of the Kennedy Square site from the Recreation Department to the Planning & Development Department, eliminating title encumbrances, and authorizing the conveyance of the Kennedy Square site from the City to the DDA. The proposed resolution is consistent with and enables the City to implement its Policy 301-12G of the City of Detroit Master Plan of Policies to "redevelop Kennedy Square block as an office/retail site," as set forth in Revised Master Plan Change #30 adopted by your Honorable Body on May 4, 2000. The proposed resolution, when adopted, will also enable the City to carry out its obligations under the KWA Development Agreement and the Restated Compuware Development Agreement.

It is respectfully requested that you adopt the attached resolution with a waiver of reconsideration.

Respectfully submitted,  
PHYLLIS A. JAMES  
Corporation Counsel

Honorable City Council:

Re: Transfer of Jurisdiction John Fitzgerald Kennedy Square (#39).

On December 19, 1972 (J.C.C. pp. 3079-80) the City Council adopted a resolution assigning jurisdiction of John Fitzgerald Kennedy Square to the Department of Parks and Recreation for

park, recreation and other municipal public purposes. You have advised us that in order to permit the development of the Campus Martius Project in accordance with the KWA and Compuware development agreements approved by City Council on December 8, 1999, and the Master Plan of Policies as amended by Revised Master Plan Change #30, it is necessary to transfer jurisdiction of John Fitzgerald Kennedy Square from the Recreation Department to the Planning & Development Department.

In light of the anticipated development of the Campus Martius Park, the Recreation Department declares the property lying west of Woodward Avenue, south of Michigan Avenue, east of Griswold Street and north of Fort Street, officially known as "John Fitzgerald Kennedy Square," and commonly known as Kennedy Square, surplus to its inventory. The Department transfers Kennedy Square to the Planning & Development Department to facilitate in the development of the Campus Martius Project.

Should you require further information, please contact Angela Bradby at 224-1103.

We have reviewed the above-referenced lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. **EXECUTIVE SUMMARY RE USE OF PITNEY BOWES MANAGEMENT SERVICES BY CITY OF DETROIT LAW DEPARTMENT**

• **ACTION REQUESTED:** City Council approval of an amendment renewing the term of the Law Department's contract with Pitney Bowes Management Services ("PBMS") for an additional 3-year term, with one year extension period. [Original contract entered 1996 for 3-year term, with one year renewal period.]

**1. DESCRIPTION OF SERVICES PROVIDED:** PBMS provides to the Law Department a turn-key package of equipment and personnel for administrative/management support services in a central facility in the department for a lump sum monthly base price. The components of the package of services consist of:

\* heavy-duty reprographics/duplicating equipment (and associated supplies,

such as toner, etc.) in the central facility, and convenience copiers in satellite locations throughout the Law Department and at Law's 36th District Court office, including consulting advice re equipment selection; along with paper and associated supplies, such as tabs, divider sheets, etc.

\* several facsimile machines located in the central facility;

• on-site maintenance and repair of equipment through special arrangements by PBMS with vendors;

• automatic access to PBMS off-site facilities for large volume or overflow Law Department reproduction work, or for special services such as color or customized xeroxing, at the same price as if such work had been performed at the Law Department's facility;

• transport of work between the Law Department and PBMS's off-site facilities when necessary at no extra charge for pickup or delivery of the jobs;

• on-site staff of currently 4 PBMS attendants who are trained and skilled in the operation of reproduction machines and in effective duplicating techniques suitable for a law operation. These personnel provide: 1) duplicating services with related amenities such as tabbing, binding, etc.; 2) facsimile services, including transmission, receipt, pickup and delivery of all incoming and outgoing department faxes; 3) mail services, including pickup and delivery of all incoming and outgoing U.S. Postal service and overnight express mail services for Law.

**2. Use of on-site turn-key (i.e., equipment and personnel) provided by management support services vendors such as PBMS is now a standard trend in the legal industry because this approach is found to be more efficient and cost-effective.**

• PBMS is the leader in the legal industry, and provides such services on-site to approximately 700 law firms and legal organizations nationwide.

• A recent survey conducted by the Law Department this spring of downtown, including leading, first-tier, law firms revealed that 1) 14 of 15 law firms use a vendor service in an on-site arrangement; only one major firm does not use an on-site vendor service. 2) 10 of the 15 law firms, or 67%, of these firms, use PBMS.

**3. Use of PBMS by the Law Department has not impacted City union or non-union employees or positions.**

• Use of PBMS was not intended to and has not resulted in any loss or replacement of City workers or City positions in the Law Department.

• Prior to approval of the initial PBMS contract the Law Department held extensive discussions with AFSCME, and made the agreement with AFSCME lead-

ers that use of PBMS would not result in a reduction in AFSCME work force in the Law Department. The Law Department has lived up to that agreement.

- In fact, Law has added 4 AFSCME positions (legal secretaries) to the Law Budget since the outset of the PBMS contract.

- Regular PBMS staff in the Law Department facility are Detroit residents. PBMS has certified that it complies with Detroit's Living Wage ordinance.

- The services provided by PBMS were never exclusively provided by AFSCME personnel. Prior to the installation of PBMS in the Law Department, all personnel in the department, including the Corporation Counsel, the Deputy Corporation Counsel, their executive secretaries, attorneys, secretaries, clerks, and other personnel performed xeroxing, faxing and pickup and delivery services.

**4. The PBMS contract provides a more efficient and cost-effective way of providing these essential services to the Law Department than if the Law Department attempted to provide the service itself.**

- The volume of reproduction, faxing and mailing in the Law Department has risen steadily over the course of the PBMS contract. For example,

- The duplicating/xeroxing volume inside the Law Department rose from 2,875,678 pages for Year 1998 to 3,669,487 pages for Year 1998.

- The facing volume rose from 97,188 for Year 1998 to 111,530 for Year 1999.

- The mail volume rose from 177,953 for Year 1998 to 185,698 for Year 1999.

- Law's cost analysis shows that:
- Law would incur higher costs if it attempted to create its one support services unit comparable to the PBMS service.

- The 5 clerical positions which would have to be provided to staff such a division are in extremely short supply in the City service (typically requiring several months to fill only 1 clerical vacancy). It would take the Law Department many months just to staff the unit.

— Given the volume of demand for those services, the Law Department cannot afford an interruption in the services provided to the department.

- Law would need to hire an additional administrative assistant to oversee the support services unit, inasmuch as the current 2 administrative assistants allocated to Law's budget are 100+% utilized with the present level of management tasks.

- In order to duplicate the hours covered by PBMS employees, the Law Department would have to absorb substantial overtime costs and/or an additional contract for overflow work.

- Whenever any PBMS staff associate

is absent for any reason (illness, vacation, etc.), PBMS automatically provides another trained associate as a temporary replacement. City labor agreements do not allow Law to use temporary personnel; accordingly, there is no coverage for lost services when workers are absent for any reason.

- Law would not have the advantage of PBMS' arrangements with equipment vendors for timely maintenance and repair services, for which the Law Department would be responsible for administering.

- Given the volume of Law's duplicating requirements, Law would have to enter into a separate contract with an outside duplicating service which caters to legal organizations in order to handle overflow work in any event.

**5. Law management has met with AFSCME leadership on one occasion as requested, and has provided responses to four different information requests.**

- Law management has held submission of the PBMS contract renewal to City Council in order to meet with AFSCME and respond to their information requests.

CONCLUSION: use of PBMS has brought critical management support services to the department in an efficient and cost-effective manner, thus contributing to the overall improvement in the effectiveness and efficiency of the Law Department in its delivery of legal services.

By Council Member Scott:

**THIRD AMENDED EXHIBIT A  
SCOPE OF SERVICES**

Except for the changes noted below, all other terms of *Exhibit A*, as amended, shall remain in full force and effect.

The *Contractor* shall furnish one (1) additional copy to the *City*, and otherwise provide new and upgraded equipment at the Law Department such that the list of the *Contractor's* copiers and fax machines on site at the Law Department for the term covered by this *Amendment* shall be:

- Five (5) Pitney Bowes C400 Copiers (including the copier located at Law's 36th District Court location)

One (1) Pitney Bowes C650 Copier

One (1) Pitney Bowes C550 Copier

 Three (3) Pitney Bowes 2050 Fax  
 Machines.

The *Contractor* shall add one additional representative to the *Contractor's* staff at the Law Department site for a total of five representatives in order to accommodate the volume of the department's work demand.

This *Third Amended Exhibit A* is required because the equipment previously agreed to by the parties has proved insufficient to perform the actual volume of work generated by the Law Department, due to incremental staff increases in the Law Department, the higher productivity levels of department members, and the resulting higher demand for the *Contractor's Services*.

**THIRD AMENDED EXHIBIT B  
 FEES AND REIMBURSABLE  
 EXPENSES**

Except for the changes noted below, all other terms of *Exhibit B*, as amended, shall remain in full force and effect.

The monthly minimum charge shall be increased by Three Thousand Twenty and 00/100 Dollars (\$3,020.00) per month to Twenty-Two Thousand Eight Hundred Ninety-Five and 00/100 Dollars (\$22,895.00) per month when the additional copier and new/upgraded equipment and the fifth PBMS site representative begins working on site. If the fifth PBMS site representative does not start work at the beginning of a month, the charge for the first month shall be prorated to reflect the actual time worked. Assuming the installation date for the additional and new/upgraded PBMS equipment and fifth site representative occurs as of July 1, 2000, the annual payment for this *Contract* shall total Two Hundred Seventy-Four Thousand Seven Hundred Forty and 00/100 Dollars (\$274,740.00) for each year of the extended term of this *Contract*, unless this *Contract* is amended by mutual agreement of the parties.

This *Third Amended Exhibit B* is required to provide increased compensation to the *Contractor* for the additional and upgraded equipment and site representative set forth in the *Scope of Services*, and the additional equipment to be provided and *Services* to be performed during the time extension provided by this *Third Amendment*.

**EXHIBIT C  
 DETROIT LIVING WAGE ORDINANCE  
 CONTRACTOR CERTIFICATION**

By signature in the space provided below, the *Contractor* acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance"), which copy is attached and made a part of this Exhibit C and affirms that it will comply with this Ordinance in all respects.

A *Contractor* who violates the Ordinance shall pay to each employee affected the amount of the deficiency for each day the violation continues.

Willful or repeated violation of this Ordinance will entitle the *City* to terminate the *Contract*.

Willful violation of the Ordinance will result in a penalty paid to the *City* in the amount of \$50.00 per violation for each day the violation continues. The *City* may withhold from payments to the *Contractor* the amounts that are necessary to make these payments.

A *Contractor* who is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period shall be barred from entering into any contracts with the *City* for a period of ten (10) years from the last violation.

**DETROIT LIVING WAGE ORDINANCE  
 SEC. 18-5-71. PURPOSE.**

The purpose of this ordinance is to improve the lives of working people and their families by requiring employers that contract with the *City* or which receive financial assistance from the *City* for economic development or job growth to pay their employees a wage sufficient to meet basic subsistence needs, and that they utilize Detroit residents as employees to the extent possible.

**SEC. 18-5-72. APPLICABILITY.**

(a) This ordinance applies to any individual, proprietorship, partnership, corporation, trust, association or other entity which is a contractor or a grantee, defined as follows:

(i) a contractor is a party to a contract with the *City* of Detroit primarily for the furnishing of services (as opposed to the purchasing or leasing of goods or property), where the total expenditure for such contract exceeds \$50,000.00, including any subcontractor of such contractor;

(ii) a grantee is the recipient of any financial assistance from the *City* in excess of \$50,000.00, including any federal grant program administered by the city, revenue bond financing, planning assistance, tax increment financing, tax credits or any other form of assistance, if the purpose of the assistance is economic development or job growth, including

any contractors, subcontractors or leaseholders at the subsidized sites.

(b) The minimum wage requirements of this ordinance shall apply with respect to any employee of a contractor or grantee who is employed either part-time or full-time at a job site covered in whole or in part by the contract, or to any employee of a grantee who is employed either part-time or full-time at any job site covered or subsidized in whole or in part under the grant of financial assistance.

**SEC. 18-5-73. MINIMUM REQUIREMENTS.**

(a) Each contractor and grantee shall pay its employees wages which are at least equal to a living wage as defined in this ordinance.

(b) A living wage means an hourly wage rate which on an annual basis (based on forty hours per week, fifty weeks per year) is equivalent to either of the following:

(i) One hundred and twenty five percent (125%) of the federal poverty level;

or

(ii) One hundred percent (100%) of the federal poverty level, if health benefits are provided to the employee. Health benefits, for purposes of this ordinance, mean fully paid, comprehensive family medical coverage.

(c) The federal poverty level means the United States poverty level income guideline for a family of four, as adjusted periodically.

(d) The City Purchasing Department shall adjust the living wage as necessary to incorporate changes in the federal poverty level. The Purchasing Department shall publish a bulletin announcing any change in the amount of the living wage, and shall inform each contractor and grantee of such changes in writing, prior to such adjustment becoming effective.

(e) To the greatest extent feasible, a covered contractor or grantee shall attempt to fill all new positions created as a result of a contract or financial assistance with employees who are residents of the City of Detroit. The foregoing shall not be interpreted as [a] residency requirement; nor shall it cause any contractor or grantee to terminate, transfer, or lay off any employee who is on the payroll at the time coverage under this ordinance becomes effective for that contractor or grantee.

**SEC. 18-5-74. ENFORCEMENT AND PENALTIES.**

(a) Each City contract or grant or financial assistance shall require compliance with this ordinance. Each such contract or grant shall provide that willful or repeated violation of this ordinance will entitle the City to terminate the contract or grant.

(b) Every contractor or grantee shall post in a conspicuous place on any job-site subject to this ordinance a copy of the

minimum living wage rate required under this ordinance. The City shall notify contractors and grantees of the minimum living wage rate, and any adjustments thereto, within a reasonable period before they become effective.

(c) A contractor or grantee who violates the living wage requirement shall pay to each employee affected the amount of the deficiency, for each day the violation continues. Willful violation of the ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. The City may withhold from payments, grants, or financial assistance to the employer such amounts as are necessary to effectuate the payments provided in this paragraph.

(d) A contractor or grantee who is assessed the \$50 penalty provided above based on more than three (3) incidents within a two (2) year period shall be barred from bidding on or entering into any contracts with the City or from receiving any financial assistance from the City (as defined in Section 2(b) [sic] [Section 18-5-72(b)]<sup>1</sup>, for a period of ten (10) years from the date of the last violation. An incident for purposes of this paragraph means one payroll, payday, or date of payment, regardless of the number of employees affected by each incident.

(e) A person affected by a violation of this ordinance may file a complaint with [sic] City Purchasing Department, which will have ninety (90) days to investigate and remedy the complaint. If the complaint is not resolved to the complainant's [sic] satisfaction within the ninety day period, the complainant [sic] or his or her representative may bring an action in the Wayne County Circuit Court to enforce this ordinance. The court shall award reasonable Attorney's fees and costs to a person who prevails in an enforcement action. this ordinance shall not be construed [sic] to limit an employee's right to bring legal action for violation of any other minimum compensation or wage and hour law.

**SEC. 18-5-75. SEVERABILITY.**

If any portion or provision of this ordinance is declared invalid or unenforceable by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect.

**SEC. 18-5-76. EFFECTIVE DATE.**

This ordinance shall apply to any contract entered into and any financial assistance granted or renewed after the effective date of this ordinance. Entering into an agreement for extension of a contract for a period beyond its original term shall be considered entering into a contract for purposes of this paragraph.

RE: PITNEY BOWES CONTRACT

I am voting "NO" on the Pitney Bowes Contract.

First, there are presently open clerical staff positions which should be filled before contracting the work to outside companies. The City Charter defines privatization as a loss of city jobs, not as the Law Department states, a loss of union jobs.

In addition, the contract expired May 29, 2000, yet this was not brought to Council offices until August 1, 2000, *after business hours*, leaving no time to rationally explore the Amendment. It does appear to contain provisions that are unclear as to who pays what costs. It may actually not be as cost-effective as claimed by the Contract's proponents.

Finally, certainly one more month to thoroughly and rationally consider the implications of outside contracting will not cause the demise of the City, or its Law Department.

**City Council**

**Research & Analysis Division**

August 1, 2000

Honorable City Council:

Re: Proposed Agreement for Use of the Public Ways between the City of Detroit and Metricom, Inc. and Proposed Pole Use Agreement between Metricom, Inc. and the City of Detroit by and through Its Public Lighting Department

On June 7, 2000, Your Research and Analysis Division (RAD) submitted a report regarding the above referenced proposed agreements with Metricom, Inc., which entity was recommended to Your Honorable Body as a non-exclusive franchisee by the Detroit Cable Communications Commission on March 14, 2000. On June 10, Metricom's Regional Vice President, Kenneth Goldin, sent correspondence to the Cable Communications Commission addressing some of the concerns enumerated by RAD's report of June 7. Most recently, on July 28, the Law Department's outside counsel, Varnum, Riddering, Schmidt & Howlett (Varnum), submitted responses to Councilwoman Kay Everett's memorandum of June 8 and RAD's report of June 7.

Staff's June 7 document, a copy of which is attached hereto for reference, enumerated five (5) specific concerns regarding the proposed agreements with Metricom. The first concern lamented the fact that the "Most Favored City Provision" was beset by stringent temporal and geographic limitations. The second recommendation requested additional indemnification for the City of Detroit, which protection would conform with Michigan law. The third suggestion sought deletion of a misplaced clause. The fourth objection related to the partial nature of the "Transfer of Ownership and Control" terms of the right-of-way Agreement. Staff's final contention recalled Metricom's promise to the Cable Communications Commission to provide the City of Detroit with a certain number of free subscriptions to Metricom's ricochet 2 service, fulfillment of which commitment was not manifested by language in either of the proposed agreements.

Staff received Varnum's reply to RAD's five (5) reservations on Friday, July 28. Staff has reviewed outside counsel's comments, some of which respond to staffs June 7 remarks. Staff has also reviewed Mr. Goldin's correspondence of June 10. Finally, staff has had an opportunity to discuss matters related to the foregoing

with a representative of Metricom and a representative of the Law Department.

The outcome of these written and verbal exchanges was willingness on the part of Metricom and the Law Department to address three (3) of the five (5) contractual issues raised by RAD staff. Staff's third objection, regarding deletion of the misplaced clause, has already been addressed as an authorized agent of Metricom has initialed the striking of said clause. Staff's fifth objection, pertaining to the City's receipt of the promised subscriptions to Metricom's ricochet 2 service, was addressed by paragraph numbered 4 of Mr. Goldin's letter dated June 10 wherein Mr. Goldin asserts that the City will receive twenty-five (25) free ricochet subscriptions. Staff has been assured by Michael Snyder of Metricom and Matthew Schenk of the Law Department that a covenant whereby the City is to receive 25 free subscriptions to Metricom's ricochet 2 service, as consideration, in part, for use of the public ways and use of the City's street light poles, will be added to the right-of-way Agreement between the City and Metricom. While Mr. Snyder stated that the Agreement could not be physically amended by Wednesday, August 2 due to the relocation of Metricom's corporate offices, Mr. Schenk offered that the Resolution which will come before Your Honorable Body for consideration on August 2 will include language guaranteeing the provision of 25 ricochet 2 subscriptions to the City. Mr. Schenk added that the Resolution will authorize and instruct the Law Department to subsequently execute an Agreement with Metricom which Agreement shall include provision of the subscriptions and which Agreement shall be binding upon Metricom and the City of Detroit.

Staff's second recommendation, that exceptions to Metricom's indemnification of the City be reduced in scope, was verbally accepted by Mr. Snyder and Mr. Schenk. Mr. Schenk stated that the Resolution which will come before Your Honorable Body for consideration on August 2 will include language guaranteeing the removal of the words, "sole or" (which precede the words, "gross negligence") from sections VI.B. 1., VI.B.2. and VI.C. of the proposed right-of-way Agreement. He added that the subsequently executed Agreement, which shall be binding upon Metricom and the City of Detroit, will not include the three (3) said appearances of the words, "sole or."

In view of Metricom's and the Law Department's promised concessions regarding staff's three (3) aforementioned concerns pertaining to the originally submitted, proposed right-of-way Agreement, and assuming final incorporation of these commitments into the written Agreement,

staff is prepared to withdraw its remaining two (2) objections. Staff is satisfied that the language of Section XI. C. 1. regarding general "Transfer of Ownership and Control" adequately protects the City's interests. With respect to staff's first recommendation pertaining to the "Most Favored City Provision," staff acknowledges four (4) recent developments including the City of Chicago's entry into an agreement with Metricom whereby it will receive 2% of Metricom's gross revenues, the City of Minneapolis' entry into an agreement with Metricom whereby it will receive 1% of Metricom's gross revenues, the ongoing renegotiation of Metricom's now-expired agreement with Montgomery County, Maryland and the ongoing litigation among Metricom and the City of Dearborn wherein Metricom is protesting Dearborn's receipt of 3% of Metricom's gross revenues in light of the passage of the Michigan Telecommunications Act, which four (4) recent developments collectively serve to soften staff's stance upon its first recommendation of June 7.

On the basis of representations that Metricom and the Law Department will redraft the Resolution and Agreement to address RAD's second, third and fifth concerns enumerated on June 7, 2000, staff recommends passage of the Resolution approving the above referenced agreements with Metricom, Inc. By Council Member Scott:

WHEREAS, the City of Detroit (the "City") adopted Article V, Chapter 9.5, Sections 9.5-5-1 through 9.5-5-2 of the 1984 Detroit City Code titled "Use of Public Ways by Telecommunications Providers" (the "Ordinance") to regulate the access to and ongoing use of public ways by telecommunications providers to ensure and protect the public health, safety, and welfare and to exercise reasonable control of the public ways pursuant to the City Charter and Article VII, Section 29 of the 1963 Michigan Constitution; and

WHEREAS, Metricom's Communications Network will not be installed below ground, but will be attached to City-owned street light poles; and

WHEREAS, the City's Cable Communications Commission at its meeting on March 14, 2000 recommended that City Council grant Metricom access to and ongoing use of the public ways subject to the terms and conditions of the attached Agreement for Use of the Public Ways ("Use Agreement"); and

WHEREAS, the City is willing to allow Metricom to access and use the public rights of way for the Communications Network on the terms and conditions of the attached Use Agreement and the attached Pole Use Agreement; and

WHEREAS, the Law Department, with assistance of outside legal counsel, has reviewed the Use Agreement and the Pole Use Agreement; and

WHEREAS, in the Use Agreement, Metricom has agreed to pay the City a use fee in the total amount of two and two one-hundredths percent (2.02%) of gross revenues, as defined by the Agreement, which fee does not exceed the fixed and variable costs to be incurred by the City in connection with Metricom's use of the public ways; and

WHEREAS, should Metricom enter into any agreement for use of public rights of way in Wayne, Oakland, Macomb, Washtenaw, Monroe, Livingston, or St. Clair County, which contains financial benefits for such municipality which, taken as a whole and on balance with the other terms of such agreement, are substantially superior to those in the Use Agreement, the Use Agreement can be modified to incorporate the same or substantially similar superior benefits; and

WHEREAS, Metricom has agreed to reimburse the City a portion of its costs of reviewing Metricom's application and entering the Agreement in the amount of \$20,000.

NOW, THEREFORE, BE IT HEREBY RESOLVED, that the City hereby approves of and grants permission to Metricom, Inc. to access and use the public ways subject to terms and conditions set forth in the attached Agreement for Use of the Public Ways and the attached Pole Use Agreement; and

BE IT FURTHER RESOLVED, that the appropriate City officials are hereby authorized and directed to execute the Agreement for Use of the Public Ways and the Pole Use Agreement on behalf of the City; and

BE IT FURTHER RESOLVED, that the City reserves all rights under its police powers and rights and powers conferred by Federal law, the Michigan Constitution, Michigan statutes and decisions, the City Charter, the City Code, and City ordinances which the City is allowed to exercise; and

BE IT FURTHER RESOLVED, that the Detroit City Council hereby authorizes the Law Department to execute the final contract documents in which the following two changes will appear:

(a) The words "sole or" will be deleted in Sections VI.B. 1, VI.B.2, and VI.C on pages 13 and 14 of the contract; and

(b) Pursuant to Mr. Kenneth Goldin's (Regional Vice President) representation to the Cable Communications Commission in a letter dated June 10, 2000, Metricom will provide the City of Detroit with twenty-five (25) free Ricochet 2 basic service subscriptions; and

**City Planning Commission**

July 24, 2000

Honorable City Council:

Re: Extension of time to consider rezoning request of Kmart Corporation (Third Resolution)

On October 26, 1999 the City Council received the report of the City Planning Commission on the petition of Kmart Corporation to rezone a portion of the property generally located on the east side of Telegraph between W. Eight Mile Rd. and Frisbee from RI (Single-Family Residential District) to PD (Planned Development District) to allow for the construction of a Super Kmart Center and three free-standing commercial buildings. The City Council held a public hearing on this petition on January 18, 2000. However, Council has not taken action pending the completion of a study by the Environmental Affairs Department on the proposed redevelopment and its environ-

mental impact, if any, on the Rouge River and its floodplain. The Michigan Department of Environmental Quality has now approved the project and the study from the Environmental Affairs Department is expected shortly.

Section 64.0700 of the Zoning Ordinance states, "If a petition for a proposed amendment is not acted upon finally by the council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied unless extended by resolution of the council." On February 23rd and May 15th, City Council extended the time in which to consider the above-referenced rezoning request. The last extension expires during the Council's summer recess, and it is not expected that this matter will be brought back for Council action prior to recess.

Therefore, attached for your consideration at Council's August 2, 2000 formal session is a resolution that would extend the period for Council's consideration of this petition for an additional 90 days. By Council Member Scott:

WHEREAS, on October 26, 1999, the Detroit City Council received the City Planning Commission report on the petition of Kmart Corporation to rezone a portion of the property generally located on the east side of Telegraph between W. Eight Mile Rd. and Frisbee from RI (Single-Family Residential District) to PD (Planned Development District) to allow for the construction of a Super Kmart Center and three free-standing commercial buildings; and

WHEREAS, Section 64.0700 of the City of Detroit Zoning Ordinance states that if a petition for a proposed amendment is not acted upon finally by the City Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied unless extended by resolution of the council; and

WHEREAS, the Detroit City Council has not acted on the Kmart Corporation's petition pending the completion of a study by the Environmental Affairs Department on the possible environmental impacts of the proposed redevelopment on the Rouge River and the floodplain;

NOW, THEREFORE, BE IT RESOLVED, that pursuant to Section 64.0700 of the City of Detroit Zoning Ordinance, the Detroit City Council hereby extends the time period for its consideration of the petition of Kmart Corporation to rezone a portion of the property generally located on the east side of Telegraph between W. Eight Mile Rd. and Frisbee from RI (Single-Family Residential District) to PD (Planned Development District) for an additional 90 days from the date of passage of this resolution.

Honorable City Council:

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by the Supervisors' Chapter of the DOT Foreman's Association.

The Labor Relations Division has recently reached agreement with the Supervisors' Chapter of the DOT Foreman's Association. Given the extensive time it will take to type and process the entire contract, it would cause an unreasonably long delay to withhold implementation until the formal contract has been prepared and presented to your Honorable Body for approval.

Therefore, in accordance with standard City procedure, this Office is recommending that your Honorable Body pass a resolution amending the 1998-99 Official Compensation Schedule by granting a 2% general wage increase for the subject represented employees effective July 1, 1998, amend the 1999-2000 Official Compensation Schedule by granting a 3% general wage increase effective July 1, 1999, and similarly amend the 2000-2001 Official Compensation Schedule by granting a 3% general wage increase effective July 1, 2000. We are also requesting authorization to implement the following new contract provisions:

1) Special Adjustments for certain classifications based on recruitment and retention difficulties and special skills upgrading as outlined in Schedule A on file in the City Clerk's Office.

2) Fringe benefit changes as set forth in Schedule B on file in the City Clerk's Office.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,

Honorable City Council:

Re: Tax Reverted Properties held by the State of Michigan.

The Michigan Department of Natural Resources (DNR) is in possession of several thousand tax reverted properties which are located within the City of Detroit.

As your Honorable Body is aware, the DNR had a policy that allowed the City to acquire all properties reverted in one tax year on an ongoing basis.

This policy has changed and the Department is only allowed to request specific properties as they become available and as they are requested by individual purchasers or by this Department for a specific development.

We will continue to file applications to receive these specific properties and will continue to inspect each piece to determine if potential contamination exists prior to submitting the application.

The Department of Natural Resources Commission has instituted a \$300.00 fee for the first five (5) properties and a \$20.00 per parcel fee for each of the remaining tax reverted parcels. Accordingly, the attached resolution authorizes the Finance Director to honor said payments of fees.

In addition, there are occasions when the deed includes properties which should not have been included for various reasons. We therefore request, upon receipt of a Certificate of Error from the State Treasurer, to deed such properties back to the State.

We are requesting your Honorable Body's adoption of the attached resolution authorizing the filing of applications by the City of Detroit to the Department of Natural Resources for the acquisition of various State-owned tax reverted properties as they are requested by those who have specific uses for these properties.

Respectfully submitted,

This letter is to request your authorization to accept sponsorship donations from Detroit Edison and Comerica Bank, in the amount of \$2,500 each, that were made in support of P&DD's first Black History Month celebration.

The "Making History While Building Detroit's Future" celebration was designed to pay tribute to many of Detroit's successful African American developers, while also providing information and encouragement to individuals with similar ambitions.

The support provided by Detroit Edison and Comerica Bank enabled P&DD to recognize developers for the contributions they are making to the revitalization of Detroit and also to invite the masses to take part in the future of their neighborhoods.

Respectfully submitted,  
PAUL A. BERNARD

Honorable City Council:  
Re: Thyssen Steel Project Waiver Requests/Environmental.

Your Honorable Body adopted a resolution of necessity on November 5, 1997, JCC 2929, with respect to certain parcels of land to be acquired as a part of the above-referenced project. In connection with the first amended resolution of necessity, your Honorable Body approved a waiver of environmental cost recovery for a number of parcels in the Thyssen Steel project area on August 4, 1999, JCC 2404.

The purpose of this letter is to provide a report on the environmental condition of certain of the remaining properties to be acquired pursuant to those resolutions of necessity, as required pursuant to Section 2-1-13(C) of the 1984 Detroit City Code. In addition, the purpose of this letter is to request that your Honorable Body authorize waiver of the following in the City's good faith offer, appraisal and declaration of taking: 1) the costs of environmental inquiry, if any; 2) the costs of environmental assessments, if any; and 3) any action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended), of certain of the privately owned parcels of land in the project area, as described more fully herein.

With respect to the following parcel, a Phase I Environmental Assessment has been conducted in accordance with current ASTM standards, and in accordance with the requirements of the City Code. In addition, medical waste has been removed from the parcel subsequent to the Phase I report, and a revised report from the consultant has been received indicating that, subsequent to the medical waste removal, the Phase I did not disclose 1) that this parcel had been used for any purposes other than residential, nor did it indicate 2) evidence of any recognized environmental conditions, other than conditions that could be anticipated with residential use, such as potential asbestos and potential lead based paint:

Parcel Number: 79; Address: 5197 Junction Street; Ward: 16; Item: 013121.

With respect to the following parcel, the Phase I showed that the parcel is being or had been used in the past for purposes other than residential (the purpose is set forth below); a Phase II Environmental Assessment was conducted on the parcel, which indicated that the parcel contains petroleum hydrocarbon contamination slightly in excess of state residential criteria and is therefore a facility for the

purposes of State law. It appears unlikely that the type of contamination found would have been caused by the current owner, a church:

Parcel No.: 36; Address: 5230 33rd Street; Ward: 16; Item: 012427; Former Use: Store, Church.

Under the terms of the applicable portions of the City Code (Sections 2-1-15(a), 2-1-15(b) and 2-1-15(c) of the 1984 Detroit City Code), City Council may authorize waiver of 1) the costs of environmental inquiry, if any; 2) the costs of environmental assessments, if any; and 3) any action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended) in the City's good faith offer, its appraisal and its declaration of taking. In this case, we respectfully submit that the conditions for such waiver are met, because your Honorable Body has previously declared the project necessary and essential to the interests of the public peace, health, safety and welfare of the City, and the acquisition is being accomplished by the exercise of the city's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87.

Accordingly, for the properties listed above, your Honorable Body is respectfully requested to adopt the attached resolutions authorizing waiver of such costs associated with the properties in the City's good faith offer, appraisal and declaration of taking, with respect to the present owner only.

1980 PA 87, as amended, provides that the condemning authority must state whether it "reserves or waives" its rights to recovery of response costs from the property owner in the appraisal of the property, the good faith offer and the declaration of taking. MCL Section 213.55. A decision is needed by your Honorable Body at this time in order to comply with the requirements of the statute. A waiver of reconsideration is also hereby respectfully requested.

Respectfully submitted,  
PAUL A. BERNARD  
Director

By Council Member Mahaffey:

WHEREAS, the Planning and Development Department has submitted a report regarding the environmental assessments conducted with respect to the parcels described in Exhibit A, which are a part of Thyssen Steel Project area; and

WHEREAS, the results of said environmental assessments do not indicate any recognized environmental conditions, except, in certain cases, and those recognized conditions are not inconsistent with residential use, or were not likely caused by the present property owner; and

WHEREAS, the project has been declared necessary and essential to the interests of the public peace, health, safety and welfare of the City, and the acquisition is being accomplished by the exercise of the City's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87; and

WHEREAS, based upon the foregoing, the conditions of Article 1, Division 2, Section 2-1-15 of the 1984 Detroit City Code for granting a waiver of certain claims have been met;

NOW THEREFORE BE IT HEREBY RESOLVED, that, with respect to the present owner of each parcel listed on Exhibit A, waiver of the following costs in the City's good faith offer, appraisal and declaration of taking be and hereby is authorized: 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity of that parcel.

Honorable City Council:

Re: Waterfront Reclamation and Casino Development Project Waiver Requests/Environmental Costs and Recovery Actions with Respect to the Parcels Set Forth on Exhibit A Hereto (the Designated Permanent Casino Land)

Your Honorable Body adopted a resolution of necessity on April 29, 1999 (JCC 1115 et seq.), with respect to parcels of land to be acquired as a part of the above-referenced project. With respect to the parcels set forth on Exhibit A (the designated permanent casino land) attached to the resolutions submitted herewith, this submission is a request to revise and amend that portion of the resolution of necessity which pertains to waiver and reservation of "rights to recover response costs and [to] bring federal and state cost recovery actions against the present owner, and [to] take all actions required by state or federal law to preserve all defenses, claims for contribution, or recovery of

response costs, and all other rights or remedies available to the City."

As required pursuant to Section 2-1-13(C) of the 1984 Detroit City Code, as amended (the "City Code"), environmental assessments have been performed on the properties described on Exhibit A, and a report on the environmental condition of the properties described on Exhibit A has previously been made available to City Council in conjunction with the submission of Schedule A pursuant to the City's development agreement with each of the casino developers, MGM Grand Detroit, LLC, Detroit Entertainment, L.L.C., and Greektown Casino, L.L.C.

Under the terms of the applicable portions of the City Code (Sections 2-1-15(a), 2-1-15(b) and 2-1-15(c)), City Council may waive 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended).

In this case, we respectfully submit that the conditions for such waiver are met, because your Honorable Body has previously declared the project necessary and essential to the interests of the public health, safety and welfare of the City, and the acquisition is being accomplished under the authority of the City's power of eminent domain. In addition, in this case, the City has entered into development agreements with MGM Grand Detroit, LLC, Detroit Entertainment, L.L.C., and Greektown Casino, L.L.C., pursuant to which those parties have agreed to pay the cost of response activity and to indemnify the City with respect to the environmental conditions of the parcels described in Exhibit A.

Accordingly, for those properties identified above, your Honorable Body is respectfully requested to adopt the attached resolution authorizing waiver of such costs associated with the properties, with respect to the present owner only, said waiver to be effective for each parcel upon the acquisition of that parcel.

A decision is needed by your Honorable Body at this time in order to allow the City to move forward with the land acquisition process for this project. A waiver of reconsideration is also hereby respectfully requested.

Respectfully submitted,

Honorable City Council:

Re: Request for authorization to submit an Economic Development Initiative (EDI) Community Empowerment Fund (CEF) Pilot grant application to the U.S. Department of Housing and Urban Development for funding of Business Loans for Small and Medium-Sized Businesses and Developers Located within the Greater Downtown Area Greater Downtown District.

The U.S. Department of Housing and Urban Development (HUD) recently announced the Community Empowerment Fund (CEF) Pilot program to promote job growth and economic development activities. The Planning and Development Department (P&DD)

requests authorization from your Honorable Body to apply for this program. It will allow for loans to for-profit businesses ranging from \$200,000 to \$2,000,000 in size. The P&DD strongly believes that there is a need for additional financial services for businesses and developers of this size within the Greater Downtown portion of Detroit.

In 1994, HUD initiated the Economic Development Initiative (EDI) program to complement and enhance the Section 108 Loan program. The EDI grants are to strengthen the economic feasibility of projects funded through the Section 108 Loan program, and HUD has tailored this Community Empowerment Fund (CEF) Pilot program to stimulate economic development by local governments and private sector parties. This program is a test project for HUD and they believe that future EDI funding will be for both regular EDI and CEF EDI projects. The P&DD is excited about the opportunity for success of this project due to the manner in which HUD has tailored it. Financial underwriting of all potential loans will be reviewed by an outside consultant to HUD, and all of the ongoing loan servicing will also be the responsibility of a HUD consultant. This unique structure of the CEF Pilot greatly reduces the risk to the City while also significantly reducing the City's administrative burden. This entire CEF EDI fund will be pooled together nationally to reduce the risk to any one individual city's Community Development Block Grant program due to the failure of a Section 108 Loan. The initial program will focus on the businesses within the northern portion of the Greater Downtown area with significant benefits accruing to portions of the central section of Detroit's Empowerment Zone.

Ten million dollars in EDI funds from FY 1998 have been allotted to the CEF Pilot project countrywide. The deadline for receipt of the applications for the program is August 18, 2000. The P&DD is requesting authorization to submit an application to HUD for \$1.5 Million in CEF EDI funds. If the City's CEF EDI application is successful, P&DD would return to your Honorable Body for authorization to submit the required follow-up Section 108 Loan application in the amount of \$15 Million. This Section 108 Loan application would have to be submitted within 60 days of the receipt of the notification of the CED EFi award.

The P&DD, depending upon the success of the City's program and future allocations of CEF EDI funds, would consider expanding the boundaries of the business loan program.

It is respectfully requested that your Honorable Body adopt the following resolution authorizing the application on or before August 4, 2000. If you or your staff

have any questions regarding this communication, please contact Arthur Mullen of my staff at 224-6511.

Respectfully submitted,

Honorable City Council:

Re: Conner Avenue Widening Project  
Waiver Requests/Environmental.

Your Honorable Body has adopted a resolution of necessity concurrently here-with regarding certain parcels of land to be acquired as a part of the above-referenced project, as are more particularly described in Exhibit A hereto.

The purpose of this letter is to provide a report on th environmental condition of certain of the properties to be acquired pursuant to those resolutions of necessity, as required pursuant to Section 2-1-13(C) of the 1984 Detroit City Code. In addition, the purpose of this letter is to request that your Honorable Body authorize waiver of the following in the City's good faith offer, appraisal, and declaration of taking: 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended), for certain of the privately owned parcels of land in the project area, as described more fully herein.

A Phase I Environmental Assessment of each of the parcels included in this request has been conducted in accordance with current ASTM standards, and in accordance with the requirements of the City Code.

The Phase I Environmental Assessment did not reveal any evidence of recognized environmental conditions for any of the parcels described in Exhibit A.

Under the terms of the applicable portions of the City Code (Sections 2-1-15(a), 2-1-15(b) and 2-1-15(c) of the 1984 Detroit City Code), City Council may waive 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended). In this case, we respectfully submit that the conditions for such waiver are met, because your Honorable Body has previously declared the project necessary and essential to the interests of the public peace, health, safety and welfare of the City, and the acquisition is being accomplished by the exercise of the city's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87. In addition, as noted above, no evidence of recognized environmental conditions were found for these properties.

Accordingly, for those properties described in Exhibit A, your Honorable Body is respectfully requested to adopt the attached resolutions authorizing waiv-

er of such costs associated with the prop-erties in the City's good faith offer, appraisal, and declaration of taking, with respect to the present owner only. 1980 PA 87, as amended, provides that the condemning authority must state its intent to "waive or reserve" recovery of response costs from the property owner in the appraisal of the property and the good faith offer. MCL Section 213.55. A decision is needed by your Honorable Body at this time in order to comply with the requirements of the statute. A waiver of reconsideration is also hereby respectfull-ly requested.

Respectfully submitted,  
PAUL A. BERNARD  
Director

By Council Member Scott:

Whereas, the Planning and Develop-ment Department has submitted a report regarding the environmental assess-ments conducted with respect to the parcels described in Exhibit A, which are a part of the Conner Avenue Widening Project area; and

Whereas, the results of said environ-mental assessments do not indicate any recognized environmental conditions; and

Whereas, the project has been declared necessary and essential to the interests of the public peace, health, safe-ty and welfare of the City, and the acquisi-tion is being accomplished by the exercise of the city's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87; and

Whereas, based upon the foregoing, the conditions of Article 1, Division 2, Section 2-1-15 of the 1984 Detroit City Code for granting a waiver of certain claims have been met;

Now Therefore Be It Hereby Resolved, that, with respect to the present owner of each parcel listed on Exhibit A, waiver of the following costs in the city's good faith offer, appraisal, and declaration of taking be and is hereby authorized: 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activi-ty of that parcel. A waiver of reconsidera-tion is requested.

## Planning & Development Department

Honorable City Council:

Your Honorable Body adopted a resolution of necessity on August 4, 1999 (JCC 2294), with respect to certain parcels of land to be acquired as a part of the above-referenced project.

Requests for authorization to waive various costs related to environmental matters with respect to a number of properties in this project area were approved by your Honorable Body on November 29, 1999 (JCC 3475). The City's environmental consultants have now obtained access to certain additional parcels in the project area. The purpose of this letter is to provide a report on the environmental condition of two additional properties to be acquired pursuant to the resolution of necessity, as required pursuant to Section 2-1-13(C) of the 1984 Detroit City Code. In addition, the purpose of this letter is to request that your Honorable Body authorize waiver of the following in the City's good faith offer, appraisal, and declaration of taking: 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended), for those two privately owned parcels of land in the project area, as described more fully herein.

A Phase I Environmental Assessment of each of the parcels included in this request has been conducted in accordance with current ASTM standards, and in accordance with the requirements of the City Code.

With respect to the following parcel, the Phase I did not disclose 1) that this parcel had been used for any purposes other than residential, nor did it indicate 2) evidence of any recognized environmental conditions, other than conditions that could be anticipated with residential use, such as asbestos, lead based paint, and aboveground storage tanks for heating purposes:

Parcel No.	Address	Ward/Item
375	7220 Marcus	15/001865

With respect to the following parcel, the Phase I showed that the parcel is being or had been used in the past for purposes other than residential (the purposes are set forth below); however, the Phase I did not reveal any evidence of recognized environmental conditions, other than conditions that could be anticipated with renovation of a residential structure or commercial use, such as asbestos, lead based paint, and aboveground storage tanks for heating purposes:

Parcel No.	Address	Ward/Item	Former Use
1256	9041 St. Cyril	15/006936	Commercial Church/School/Rectory

Under the terms of the applicable portions of the City Code (Sections 2-1 - 15(a), 2-1 - 15(b) and 2-1 15(c) of the 1984 Detroit City Code), City Council may waive 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended). In this case, we respectfully submit that the conditions for such waiver are met, because your Honorable Body has previously declared the project necessary and essential to the interests of the public peace, health, safety and welfare of the City, and the acquisition is being accomplished by the exercise of the City's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87. In addition, as noted above, no evidence of recognized environmental conditions were found for these properties, except in certain cases, conditions that could be anticipated with residential or commercial use.

Accordingly, for those properties listed above, your Honorable Body is respectfully requested to adopt the attached resolutions authorizing waiver of such costs associated with the properties in the City's good faith offer, appraisal, and declaration of taking, with respect to the present owner only. 1980 PA 87, as amended, provides that the condemning authority must state its intent to "waive or reserve" recovery of response costs from the property owner in the appraisal of the property and the good faith offer. MCL Section 213.55. A decision is needed by your Honorable Body at this time in order to comply with the requirements of the statute. A waiver of reconsideration is also hereby respectfully requested.

Respectfully submitted,  
**PAUL A. BERNARD**  
 Director

By Council Member Scott:

WHEREAS, based upon the foregoing, the conditions of Article 1, Division 2, Section 2-1-15 of the 1984 Detroit City Code for granting a waiver of certain claims have been met;

NOW THEREFORE BE IT HEREBY RESOLVED, that, with respect to the present owner of each parcel listed on Exhibit A, waiver of the following costs in the City's good faith offer, appraisal, and declaration of taking be and is hereby authorized: 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity of that parcel.

Re: North Industrial Rehabilitation Project. Development Disposition: Parcel 2 & 3 & 1481 Woodland

On April 6, 2000, The Detroit Housing Commission approved an offer to purchase and develop Parcel No. 2 and 3 and 1481 Woodland from Brimar Corporation, a Michigan Corporation, for the amount of \$22,200.00.

RE: 3494 - Douglas Kann, et al, requesting alley closure in the area of Mack, Lakepointe, and Maryland.

Petition No. 3494 of "Douglas Kann, et al," on behalf of Lakepointe Development Company, Inc., requests the conversion of the north-south and east-west public alley(s), 18.00 feet wide, in the block bounded by Maryland Avenue, 60 feet wide, Lakepointe Avenue, 60 feet wide, Mack Avenue, 120 feet wide, and Lozier Avenue, 60 feet wide into private easement(s) for public utilities.

The request was approved by the Solid Waste Division - DPW, and the Traffic Engineering Division - DPW. The petition was referred to the City Engineering Division - DPW for investigation (utility review) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports there are existing sewers in the area bounded by Maryland, Lakepointe, Mack, and Lozier Avenue(s). However, DWSD has no objection to the requested conversion to easement provided that an easement of the full width of the alley is reserved.

Detroit Edison Company (DeCo) reports it has customers in the requested area being served via overhead facilities. DeCo has no objection provided 24-hour ingress and egress.

All other city departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Petition No. 2574b — LoPatin & Co., to permanently vacate Rademacher St. in the area of Fort St. and the Norfolk & Western/Chesapeake & Ohio Railroad to develop the Meritor Automotive Technical Center.

Petition No. 2574b of "LoPatin & Co.", initially requested for the vacation of Rademacher Street only. However, after review of the request it has been determined that LoPatin & Co., requests the outright vacation of Rademacher Street, 66 feet wide, Rankin Avenue, 50 feet wide, and the east-west public alley, 18 feet wide, all in the area bounded by Waterman, Crawford, W. Fort and the Wabash Railroad Right-of-way. To develop property within the Delray Renaissance Zone the requested street and alley vacations are necessary in order to facilitate the construction of the Meritor Automotive Technical Center.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW provided, a portion of Rademacher Street, 58 feet wide, south of the railroad right-of-way to the north line of Hesse Avenue also be closed. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) has no objections to the requested outright vacations provided that the petitioner owns all the property bounded by Waterman, Crawford, W. Fort and the Wabash Railroad. In addition, the water mains and sewers located in the street and alleys to be vacated are cut and capped, bulk-headed or abandoned under DWSD's permit and inspection, and in accordance with plans approved by DWSD. Also, the water mains and sewers located in the area become the responsibility of the petitioner and will no longer be DWSD's responsibility.

The Public Lighting Department (PLD) has no objection to the proposed outright vacation(s). However, PLD has an overhead primary circuit and an overhead lighting circuit within the requested rights-

of-way to be vacated. After the streets and alleys have been closed, PLD will remove the street lights (fixtures and bracket arms) at no cost to the petitioner, the cost of removing the overhead circuits (PLD owned poles) and all associated equipment is estimated at \$15,000.00.

All other city departments and privately owned utility companies have reported no objections to the outright vacation of public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

### City Planning Commission

July 31, 2000

Honorable City Council:

Re: Empowerment Zone Development Corporation, Proposed Amendments to Interim Bylaws and Ordinance 14-95, Including Open Meetings and Quorum Requirements (RECOMMEND APPROVAL)

On March 17, 2000, staff of the City Planning Commission (CPC) and the Research and Analysis Division submitted to City Council proposed amendments to the Interim Bylaws of the Empowerment Zone Development Corporation (EZDC) and to Ordinance 14-95, the Empowerment Zone Strategic Plan. The principle reasons for the amendments were to deal with problems in obtaining a quorum at Board and Executive Committee meetings, and to make the program and operating committee meetings open to the public. The proposed amendments to both the Ordinance and the Bylaws were reviewed with the Executive Committee on March 15, 2000 and approved by that body.

A discussion before City Council was scheduled, but was cancelled because of questions raised by Mr. Dwayne Tarnacki (EZDC legal counsel) and the City's Law Department. Their concerns related primarily to the quorum requirement. Mr. Tarnacki, in particular, was concerned about permitting actions to take place at a meeting in the absence of a quorum, when the meeting was not legally constituted in the first place.

After some discussion among CPC staff, the Law Department, and Mr. Tarnacki, it was suggested that the quorum requirement stay the same for the Board, i.e., that it be a majority of the members then in office, without any provision for acting in the absence of a quorum. The suggestion was to also change the Bylaws from the current requirement of 15 members of the 25-member Executive Committee for a quorum to a majority of the members then in office.

This would have the effect of reducing the number required for a quorum from 15 members to 13 (provided all 25 members were in office).

These changes to the Interim Bylaws and Ordinance 14-95 were discussed at the Executive Committee on June 21, 2000 and approved at the July 19, 2000 meeting of the Board of Directors. The attached draft of the Bylaws, dated July 13, 2000, reflects these changes. All language relating to taking action in the absence of a quorum has been deleted. New language is shown in capital letters. Language to be deleted is shown with a line through it. We understand that similar changes have been made to Ordinance 14-95 by the Law Department. The proposed amendments to Ordinance 14-95 will be submitted to City Council under separate cover by that department.

### Proposed Amendments to the Interim Bylaws

City Council Members are in receipt of an earlier draft of the Interim Bylaws dated March 13, 2000. The attached draft dated July 13, 2000 is recommended for adoption by City Council and incorporates the following:

1. Elimination of proposed language that would have permitted action by the Board of Directors in the event there was less than a quorum present. (Section 1.12)
2. Addition of program committees to those meetings of the corporation that are open to the public. (Sections 2.01, 2.02, 2.04, 2.05, 2.06)
3. Addition of operating committees to those meetings of the corporation that are open to the public. (Sections 2.01, 2.02, 2.04, 2.05, 2.06)
4. Addition of language requiring annual publishing and posting of scheduled meetings of the Board, Executive Committee, program committees, operating committees and the Neighborhood Review Panels. (Section 2.01 )
5. Deletion of reference to the Executive Committee appointing an Assistant Executive Director. (Section 3.01)
6. Addition of language stating that the Executive Director may appoint a Deputy Director and staff as deemed necessary. (Section 3.06)
7. Change in the quorum requirement for the Executive Committee from 15 members currently to a majority of the members then in office. (Section 4.05)

### Proposed Amendments to Ordinance 14-95

In keeping with the proposed amendments to the Interim Bylaws, Ordinance 14-95 (Empowerment Zone Strategic Plan) is proposed to also be amended to incorporate the following:

1. Addition of program committees to those meetings of the corporation that are open to the public. (Section 14-10-11)

2. Addition of operating committees to those meetings of the corporation that are open to the public. (Section 14-10-11)

3. Elimination of language that would have permitted taking action at a meeting of the Board of Directors in the event there was less than a quorum present. (Section 14-10-12)

4. Change in the quorum requirement for the Executive Committee from 15 members currently to a majority of the members then in office. (Section 14-10-12)

**Recommendation**

Given the concurrence by the Empowerment Zone Development Corporation and the City's Law Department to the proposed amendments to the Interim Bylaws and Ordinance 14-95, we recommend that City Council introduce the Ordinance so as to be able to take action on the proposed amendments to the Ordinance and the Interim Bylaws shortly after recess.

Respectfully submitted,

Director

Honorable City Council:

Re: Proposed Ordinance to Amend Sections 14-10-11 and 14-10-12 of the 1984 Detroit City Code, Concerning Open Meetings and Quorum Requirements.

Pursuant to the 1997 Detroit City Charter, the above-referenced ordinance is being submitted to your Honorable body for consideration. The proposed ordinance amends Section 14-10-11 to add Program Committees and Operating Committees to those meetings of the Empowerment Zone Development Corporation that are open to the public. In addition, the proposed amendment to Section 14-10-12 changes the quorum requirement for the Executive Committee of the Empowerment Zone Development Corporation Board of Directors from fifteen (15) members to a simple majority of the members then in office.

The amendments were proposed to ensure public access to the meetings of the Program and Operating Committees pursuant to the Michigan Open Meetings Act, and to address the problem of obtaining a quorum at the meetings of the Executive Committee. The proposed amendments were reviewed and approved by the Executive Committee of the Empowerment Zone Development Corporation Board of Directors on June 21, 2000, and by the Board of Directors of the Empowerment Zone Development Corporation on July 19, 2000.

We are available to answer any questions that you may have concerning this

proposed ordinance. Thank you for your consideration.

Respectfully submitted,  
PAUL A. BERNARD

**Planning & Development Department**

August 1, 2000

Honorable City Council:

Re: Transfer of Jurisdiction and Exchange of Surplus Property. Development Disposition: 2941 E. Jefferson & Part of 2931 E. Jefferson.

The Director of the Recreation Department has indicated to the Planning & Development Department (P&DD) that the above captioned property located at 2941 E. Jefferson is surplus to their needs and is requesting that P&DD assume jurisdictional control over this property and for it to be made available for development. This vacant land is located between Chene and Joseph Campau and measures 10,024 square feet and is zoned B-4.

The Recreation Department has also identified vacant property, a portion of 2931 East Jefferson owned by Thru-Put Services, L.L.C., as suitable for the purpose of a pedestrian walkway from East Jefferson to Larned. Subsequently, pursuant to discussion between these two parties, a proposed exchange agreement has been mutually agreed to.

Under the terms of an exchange agreement, Thru-Put Services, L.L.C. proposes the development of a one way driveway with angled parking from East Jefferson to East Larned on the City owned property at 2941 East Jefferson with an approximate 50 foot frontage on the north side of East Jefferson.

In exchange, the property owned by Thru-Put Services, L.L.C., a portion of 2931 East Jefferson on the north side of East Jefferson will be transferred to the Recreation Department and shall be developed into a pedestrian walkway from East Jefferson to Larned. Thru-Put Services, L.L.C. shall maintain the site for a period of five years. After five years, this property will revert to the Recreation Department which will be responsible for the maintenance of the site. At that time the City shall encourage the use of an "adopt a park" program to maintain the project. This transaction constitutes an equitable exchange.

The Elmwood Park Rehabilitation Project Citizen's District Council approved the transaction on June 23, 2000 and the Board of Zoning Appeals approved the transaction on Tuesday, July 25, 2000.

Also, as required by Section 2-1-11 (et seq.) of the 1984 Detroit City Code, as amended, an environmental inquiry has been completed on the subject parcels. The results of these investigations, and

the Law Department's review of the materials relating to the inquiry are summarized in the attached report.

We, therefore, request that your Honorable Body approve the attached resolution authorizing the transfer of jurisdiction for 2941 East Jefferson from the Recreation Department to the Planning and Development Department.

We also, request that your Honorable Body authorize the Finance Department Director to execute an exchange agreement between the Planning and Development Department, the Recreation Department and Thru-Put Services, L.L.C., a Michigan Limited Liability Company for the development of 2941 East Jefferson in exchange for land identified as a portion of 2931 East Jefferson.

Respectfully submitted,

Subject Parcel:

Part of Lots 3, 4 and 5, Subdivision of Block 13, Joseph Campau Farm, Private Claim 609, City of Detroit, Wayne County, Michigan, according to the plat thereof recorded in Liber 1 of Plats, Page 248, Wayne County Records, more particularly described as: Commencing at the Northwest corner of Lot 34, Elmwood Park Urban Renewal Plat Number 2, City of Detroit, Wayne County, Michigan, as recorded at Liber 92 of Plats, Pages 77 through 82, inclusive, Wayne County Records; thence South 59 degrees, 51 minutes, 21 seconds West 89.62 feet along the southerly line of Larned Street (120 feet wide); proceeding thence South 30 degrees 09 minutes 29 seconds east 200.00 feet to the Northerly line of Jefferson Avenue (120 feet wide); thence South 59 degrees 51 minutes 21 seconds West 35.03 feet along said Northerly line of Jefferson Avenue; thence North 30 degrees 03 minutes 06 seconds west 37.52 feet; thence North 59 degrees 51 minutes 21 seconds East 4.00 feet; thence North 30 degrees 24 minutes 50 seconds West 55.00 feet; thence North 60 degrees 38 minutes 15 seconds West 17.32 feet; thence North 30 degrees 23 minutes 53 seconds West 92.55 feet to the southerly line of Larned Street, thence North 59 degrees 51 minutes 21 seconds East 40.38 feet along said southerly line to the point of beginning.

As required by Section 2-1-11 (et seq.) of the 1984 Detroit City Code, as amended, an Environmental Inquiry has been conducted with respect to the subject parcel. The subject parcel was visually inspected and the ownership and use of the subject parcel over the last fifty (50) years was reviewed. This inquiry did not demonstrate that there is a probability that the subject parcel is a facility, and, therefore, it was not necessary to conduct an environmental assessment.

The Law Department has reviewed the Clayton Group Services' "Phase I Environmental Site Assessment" dated January 10, 2000 and the appendices to the Assessment. On the basis of the

Clayton Report, the Law Department has concluded that the subject parcel is not a facility which may cause the City to incur liability under the environmental laws of the State of Michigan and the United States, or otherwise to incur response costs for the subject parcel. A certification from the consultant conducting the environmental inquiry (Clayton Group Services) is attached.

**Department of Public Works  
City Engineering Division**

July 26, 2000

Honorable City Council:

Re: Petition No. 1955 — Roman Catholic Archdiocese of Detroit (Blessed Sacrament Cathedral), requesting vacation of street and alleys in the area of Belmont, Woodward and John R.

Petition No. 1955 of "Roman Catholic Archdiocese of Detroit" (Blessed Sacrament Cathedral), request the vacation (outright) of Belmont Avenue, 60 feet wide, between Woodward Avenue and John R., the north-south public alley, 20 feet wide, and a portion of the east-west public alley, 18.90 feet wide, in the block bounded by Woodward Avenue, John R. Road, Belmont Avenue and Trowbridge Avenue. Also, the petitioner requests the City of Detroit accept a Declaration of Easement, for public ingress/egress over private property.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Roman Catholic Archdiocese of Detroit is planning a major renovation of Blessed Sacrament Cathedral. This multi-million dollar project will entail substantial interior renovations and expansion of one portion of the Cathedral to allow increased seating. Also, included in the plan is extensive landscaping. The intent is to preserve the exterior of the church substantially as it exists today. In order to proceed with this plan it, will be necessary to have the requested changes in public rights-of-way.

The Detroit Water and Sewerage Department (DWSD) reports existing 6-inch water main in Belmont between Woodward and John R. Road, presently, only serve the Blessed Sacrament Cathedral property. There are at least two metered services off this 6-inch. One 3-inch service provides water to the existing gym and the other is a 4-inch service providing water to the Cathedral, Rectory and Parish Office buildings. The existing 6-inch water main in Belmont that will be under the new building must be abandoned. Plugs will be installed into the 6-inch water main on the east and west

sides of the new construction. The remaining portion in Belmont Ave. will be the responsibility of the Blessed Sacrament Cathedral. This will be treated as a 6-inch service, however, DWSD's regulations state that "only one meter for each service." Therefore, a meter pit equipped with one meter must be installed on the existing 6-inch water main just west of John R. Road. New 18-inch sewer needs to be installed to maintain flow in the existing 18-inch sewer located in alley south of Trowbridge Street, west of John R. Road. New sewer will be conveyed existing flow from sewer in alley south of Trowbridge to the existing sewer in alley south of Belmont Avenue. The new sewer will be located in new Cathedral Entry Drive. DWSD will maintain this new sewer, however, DWSD will require a utility easement (dedicated by the Blessed Sacrament Cathedral to DWSD) for this new sewer. In addition, existing catch basin in Trowbridge Street (south side) at the alley east of Woodward Ave. appears to be connected to the existing sewer in that alley which will be abandoned. This catch basin can be reconnected to the existing sewer in the alley north of Trowbridge Street.

The Public Lighting Department (PLD) has an overhead fed street lighting circuit going east-west and north-south in the alleys to be vacated. Also, PLD has four street lighting units in the vicinity. In order to vacate the street and alleys, PLD has to remove and re-route their overhead facilities. PLD will bill for costs incurred.

The Archdiocese of Detroit will provide and maintain complete emergency access and fire hydrants for fire fighting purposes on the Cathedral's campus throughout and after the completion of the work.

Michigan Consolidated Gas Company, Detroit Edison, Ameritech and Comcast Cablevision of Detroit reports involvement within the requested rights-of-way to be vacated and that arrangements are being made to address any and/or all concerns. All other involved city departments and privately owned utility companies have reported no objections to the requested outright vacations or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

An appropriate resolution is attached for consideration by your Honorable Body.

STATEMENT OF COUNCIL MEMBER  
KENNETH V. COCKREL, JR. ON  
ETHICS ORDINANCE VOTE

Today, a majority of the City Council voted to approve a long delayed and much-debated ethics ordinance. This ordinance is intended to govern the conduct of all City of Detroit employees and elect-

ed officials.

I joined a majority of my colleagues in supporting this ordinance, even though I believe it has several major flaws. Perhaps most significant among these is language mandating the Board of Ethics consist of five members of the public. These five individuals are to be appointed by the Mayor with City Council's concurrence, along with the City's Corporation Counsel and Director of Human Resources. The latter two individuals are mayoral appointees.

The presence of two key individuals who owe their jobs to the Mayor raises serious questions about the level of control and influence a "sitting" mayor would have over this body. Could they truly be independent in investigating ethics charges leveled against the Mayor, or for that matter themselves? I believe that any Board of Ethics should truly be an independent body consisting solely of members of the public.

Unfortunately, the City Charter mandates this structure. Hopefully, a proposed Charter Amendment that Council voted to place on the November ballot will pass. That amendment would restructure the Board of Ethics, eliminating mayoral appointees and allowing the Council and the Mayor to only appoint members of the public.

The ordinance is also vague in areas governing the use of "official duties for private gain," and does not contain language addressing city employees who receive gifts from city contractors.

I'm pleased that Council did accept an amendment I offered prohibiting family members of the Mayor, Deputy Mayor, City Council, or City Clerk from serving on the Board of Ethics. But my colleagues and the administration rejected my provision that would prevent city contractors from serving on the Board of Ethics.

I also wonder if our ordinance will hold up to scrutiny by the state legislature. That body is now considering a statewide ethics bill that is arguably stronger than ours.

Clearly the ordinance falls short on many fronts. Nevertheless, I voted in favor of it. Why? Because even having a "flawed" ethics ordinance is better than having no ordinance at all. Moreover, Council will have the opportunity to incorporate additional amendments at a later date. At that time, I'm confident a process will emerge assuring an Ethics Ordinance that truly delivers what it promises.

STATEMENT OF COUNCIL MEMBER  
NICHOLAS HOOD, III IN SUPPORT OF  
THE ETHICS ORDINANCE

I voted to support the Ethics Ordinance in its current form because I wholeheartedly agree that legislation governing standards of conduct for every city employee

is needed. In fact, the City is mandated by the 1997 City Charter to implement such rules.

While the ordinance does begin the process of creating the Ethics Commission and prohibits employees from engaging in official duties for private gain, the ordinance in its current form fails to address nepotism. I still maintain that language prohibiting the Mayor, City Council Members, the City Clerk, and appointees from hiring immediate family members and relatives should be included in the Ethics Ordinance. Thus, I will push to amend the Ethics Ordinance to include anti-nepotism language upon Council's return from recess.

I also supported ballot language to change the composition of the Board of Ethics from five members of the public who are appointed by the Mayor with the consent of the City Council, the Corporation Counsel, and the Director of the Human Resources Department to a seven member public board with three public members appointed by the Mayor, three public members appointed by Council, and one public member who is appointed jointly by the Mayor and the City Council. I believe that a truly effective Board of Ethics should have equal representation from the executive and legislative branches of government, and free to investigate complaints about unethical behavior without repercussions.

Whereas, the Detroit City Council has

endorsed a countywide proposal that will be placed on the November 7, 2000 General Election ballot which provides that the Metropolitan Arts and Culture Council, for purposes of supporting non-profit regional cultural institutions and local arts and recreational programs within its operating area of Oakland and Wayne Counties, as provided for in the Act, levy a 0.5 mill ad valorem tax (that being 50 cents per thousand dollars of taxable value) on the taxable value of taxable real and personal property located within Oakland and Wayne Counties, for ten years 2001-2010, with said new additional millage generating approximately \$44,000,000 in 2001;

Whereas, if the electorate approves the aforementioned proposal at the November 7, 2000 General Election, the Metropolitan Arts and Culture Council will begin to receive revenue from the new additional millage, with 2/3rds of the revenue net of operating costs being distributed to regional cultural institutions as defined by section 43(l) of the Act, being MCL 124.693(l); MSA 5.4086(93)(l) and Article IX, Section 5 of the Articles of Incorporation based on a formula as described in Article X, Sections 5 and 6 of the Articles of Incorporation;

Be It Further Resolved, that the Mayor may make recommendations to the City Council for programmatic appropriations of any revenues received as a result of a levy in City Fiscal Year 2000-2001;

Be It Finally Resolved, that the 1/3rd net revenues collected by the City of Detroit be used to fund, or help fund, cultural and recreational programs and facilities that are not primarily designed or used for professional sports on a discre-

STATEMENT OF COUNCIL MEMBER  
KENNETH V. COCKREL, JR. ON  
REGIONAL ARTS FUNDING VOTE

Today, the Detroit City Council approved a number of initiatives that would allow the question of whether or not to fund several cultural and art institutions in Detroit and suburban Wayne/Oakland counties on the November ballot. If voters approve this new tax, a "Regional Arts Council" will be created to oversee distribution of the money.

Regional Arts funding is something I wholeheartedly support. But, due to concerns about the structure of this board, distribution of funding, and the programming this money will pay for, I *had* to vote no on this proposal.

First, under the Articles of Incorporation that creates the regional council, the board of director's votes on administrative matters is weighted. They are weighted based on the amount of tax dollars their communities generate through the millage. Under this formula, Oakland County — which generates the most revenue — has the most powerful vote. Next is Wayne County, then followed by Detroit. Under this formula, the City of Detroit clearly has a weakened position in making key decisions on annual administrative budgets, bylaws, staff hires, and other matters.

Secondly, the formula for distribution of funds is fixed only for one year. After that year, the regional council could opt to change the funding distribution. This means that while Detroit is slated to receive \$22.6 million during the first year of this millage, the amount could be reduced if a majority of the regional council pushes for that.

I am disheartened by the uncertainty of not having a "fixed" long-term formula guaranteeing a minimum amount of funding for the City's art institutions. The bottom line is that Detroit has to be assured of its fair share of money over the long haul. This deal does not do that.

Thirdly, Council never received detailed information on what the institutions receiving funding would spend the extra money on. Much of the information we did obtain was sketchy. Specifically, the information did not address 1] **the numbers of people who would be served by the**

**funding; 2] when special programs would be offered; or 3] frequency of annual millage-funded events.**

I also question why some institutions were included at all. For example, the Center for Creative Studies, in Detroit, will be funded. This center is a private school, not a museum open to the public like the Charles Wright Museum of African American History, or the DIA.

Other facilities like Meadow Brook Theatre, Michigan Opera Theatre, and the Music Hall could almost be considered business operations. They do play an important role in enhancing the region's cultural atmosphere. But, should they be financed with public tax dollars?

These are our tax dollars at stake. Depending on home value, it is estimated that this millage will cost the average Detroit homeowner anywhere from \$25 to \$50 dollars annually. Detroiters need to be told — in no uncertain terms — what they are getting for their money. They also need an equal voice on the regional council that governs how and where that money will be spent.

Once again, I support the concept of regional funding for arts and culture institutions. But, under closer scrutiny, I do not believe this particular proposal made sense in general, and for Detroit, in particular.

The final decision, however, rests with voters in Detroit and Wayne/Oakland counties in November.

STATEMENT OF COUNCIL MEMBER  
NICHOLAS HOOD, III IN SUPPORT  
OF A RESOLUTION TO ADOPT THE  
ARTICLES OF INCORPORATION OF  
THE METROPOLITAN ARTS AND  
CULTURE COUNCIL

Today, I voted to support the adoption of the Articles of Incorporation of the Metropolitan Arts and Culture Council. The Metropolitan Arts and Culture Council will provide a mechanism to ensure that our arts and cultural institutions in Detroit will receive additional funding to support their operational budgets which will allow them to provide the best cultural venues in the country.

Although most participating institutions are financially self-sufficient, the additional revenue collected from the Metropolitan Arts and Culture Council will enable these cultural institutions to provide better services. Additionally, all of the cultural institutions that will receive funding through the Metropolitan Arts and Culture Council make up a large portion of cultural jewels in Southeast Michigan. By financially supporting these cultural venues, we enhance the quality of life for the region as a whole. The caliber of cultural institutions is a determining factor for many businesses and residents who decide to

locate to Southeastern Michigan.

Further, the creation of the Metropolitan Arts and Culture Council by local municipalities and neighboring counties sends a strong message to other municipalities in Southeast Michigan and to communities outside the area that local governments can work together for a common good, and fulfill a purpose that transcends racial, municipal and county boundaries.

## Invocation

We cannot merely pray to God to bring peace to our world, for we have already been blessed with the power to repair it — for every man and woman is already able to find the path of peace within himself and with her neighbor.

We cannot merely pray to God to end starvation and suffering, for we have already been blessed with the resources and the wisdom to become proper stewards of God's world.

We cannot merely pray to God to abolish prejudice, for we have already been blessed with the ability to see that God's Spirit lives in all God's children, and that it is our own blindness that prevents us from embracing all humanity as brothers and sisters.

We cannot merely pray to God to solve the problem of our world without first recognizing our responsibilities. Therefore, we pray for the insight and the courage to use the strength, wisdom and understanding with which we are already blessed to make this a better world of all created things. We pray that we might save ourselves from the evils of our own doing, that our world may be safe and that our lives may be blessed.

May the words that we pray and the deeds that we do both be acceptable before God, the source from which all blessings flow.

May God, whose spirit is with us in every righteous deed, be with all of us in our journey along the pathway of the years. We pray for the strength, the wisdom and the understanding to use the opportunities for good that each day brings.

May the Source of Life bless us with peace and life, and let us say AMEN.

Re: Surplus Property Sale By Development Agreement. Development Disposition: 4106-4114 Cass.

We are in receipt of an offer from The Children's Center of Wayne County, a Michigan Non-Profit Corporation, to purchase the above-captioned property for the amount of \$4,500.00 and to develop such property. This vacant land measures approximately 10,000 square feet and is zoned B-4 (General Business District).

The Offeror proposes to demolish the existing structure at 4114 Cass at their own expense to create green space and flower gardens to enhance their adjacent property. Due to the lapse of time, we asked the Commission for an update and they still support their original decision.

We, therefore, request that your Honorable Body adopt the sale and authorize the Finance Department Director to execute an agreement to purchase and develop this property with The Children's Center of Wayne County, a Michigan Non-Profit Corporation.

Honorable City Council:  
 Re: Permission to accept equipment purchase by Michigan Commission on Law Enforcement Standards (MCOLES) to assist our Domestic Violence Units Stop Grant Program.

The Detroit Police Department currently has a STOP VIOLENCE AGAINST WOMEN grant of \$60,058.00 from the State of Michigan to partially fund the salaries of one police officer (\$17,000), and one investigator (\$9,000) specifically trained to handle domestic violence cases. The grant also funds some ancillary equipment (\$9,000). This grant was

previously approved by the Chief of Police, Board of Police Commissioners and City Council (J.C.C. February 9, 2000). The Project Director for this grant is Lieutenant Gwendolyn Brown, of the Domestic Violence Unit.

The State of Michigan's Domestic Violence Prevention and Treatment Board (DVPTB) approved the Michigan Commission on Law Enforcement Standards (MCOLES) expenditure proposal for the STOP Grant Enhancement Funds. The equipment that has been approved for purchase to assist in the delivery of services will be purchased by MCOLES via normal contractual/purchasing channels and state and federal guidelines and will be awarded to the Detroit Police Department's Domestic Violence Unit.

The Stop Grant Enhancement Funds will be utilized to develop and maintain a Domestic Violence Web-Site and Bulletin board. The Web-Site will insure that wherever a computer exists, Domestic Violence information will be available. The purchase of a Compaq Presario 12-L-1106 Laptop Computer, Epson PowerLite 700C Multimedia LCD Projector, Domestic Violence Web-Site, as well as the printing costs of literature distributed at training and presentations will cost MCOLES a total of \$10,368.59. **There is no cash match required.**

Enclosed, please find copies of the award letter and budget information for each member of Council. Approval for this equipment will enhance the Domestic Violence Units proactive approach in handling domestic violence issues.

The Board of Police Commissioners has approved this equipment allocation from MCOLES. Therefore, it is respectfully requested that your Honorable Body adopt the attached resolution authorizing the City of Detroit to accept the equipment grant. Should any further information concerning this matter be required, please feel free to contact me at 596-1800, Monday through Friday, 8:00 a.m. to 5:00 p.m.

Re: Correction of Sales Price. development Disposition: 9520 9526, 9532, 9538, 9544, 9550, 9562 & 9568 Delmar.

On June 19, 2000, (Legal News, Page 9) your Honorable Body authorized the sale of 9520 9526, 9532, 9538, 9544, 9550, 9562 & 9568 Delmar to Pentecostal Church of God, a Michigan Corporation, for the amount of \$10,800.00.

It has come to our attention that the sales price of \$10,800.00 was not consistent throughout the council letter and an incorrect price was given in the resolution in the amount of \$24,000.00.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a correction of the sales price of 9520 9526, 9532, 9538, 9544, 9550, 9562 & 9568 Delmar to Pentecostal Church of God, a Michigan Corporation, for the amount of \$10,800.00.

**Planning & Development Department**  
August 31, 2000

Honorable City Council:

Re: Request for Public Hearing to Consider Establishment of Neighborhood Enterprise Zone for Grinnell Place Lofts.

In response to Grinnell Lofts, L.L.C.'s request for Neighborhood Enterprise Zone designation, the Planning & Development Department, in conjunction with the Assessments Division of the Finance Department, have reviewed the Master Plan and the neighborhood preservation and economic development goals of the City, and find the aforementioned request is consistent with the adopted Master Plan and the neighborhood preservation and economic development goals. Accordingly, we request that your Honorable Body hold a public hearing on the proposed designation of approximately one acre, the site being located at the northwest corner of Brooklyn Street and Michigan Avenue.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, the City Clerk must provide written notice to the City Assessor and to each taxing unit that levies ad valorem taxes in the proposed Zone, said notice to be made not less than 60 days prior to the passage of a resolution designating an NEZ.

Attached for your consideration please find a copy of a resolution establishing a date and time for the public hearing together with a legal description of the proposed NEZ.

Respectfully submitted,  
ERIC R. SABREE  
Deputy Director  
WM. PATRICK RYDER

Finance Department

By Council Member Scott:

Whereas, Michigan Public Act 147 of 1992, the Neighborhood Enterprise Zone Act, provides for the establishment of Neighborhood Enterprise Zones; and

Whereas, Grinnell Lofts, L.L.C. has requested Neighborhood Enterprise Zone designation for a project at the northwest corner of Brooklyn Street and Michigan Avenue, and the Planning & Development Department and the Finance Department Assessments Division, after a review of the Master Plan and the neighborhood preservation and economic development goals of the City, recommend that the area specified in the attached legal description be designated an Neighborhood Enterprise Zone for new facilities in accordance with the 1% acreage allowance provided under Section 3(2) of the Neighborhood Enterprise Zone Act; and

Whereas, a Neighborhood Enterprise Zone may not be established without a public hearing first being held, with notice of such hearing provided to the City Assessor and to the governing body of each jurisdiction levying ad valorem taxes within the proposed Neighborhood Enterprise Zone at least 60 days prior to passage of a resolution establishing the Neighborhood Enterprise Zone; now therefore be it

Resolved, that a public hearing be held by the Detroit City Council in the Committee Room, 13th floor of the Coleman A. ### Invocation

**A reading from the book of Jeremiah (22: 1-8)**

*The Lord told me this: Go down to the palace of the king of Judah and there deliver this message: You shall say: Listen to the word of the Lord, king of Judah, who sits on the throne of David, you your ministers, and your people that enter by these gates! Thus says the LORD: Do what is right and just. Rescue the victim from the hand of his oppressor. Do not wrong or oppress the resident alien, the orphan, or the widow, and do not shed innocent blood in this place. If you carry out these commands, kings who succeed to the throne of David will continue to enter the gates of this palace, riding in chariots or mounted on horses, with their ministers, and their people. But if you do not obey these commands, I swear by myself, says the LORD: this palace shall become rubble. For thus says the Lord concerning the palace of the king of Judah. ... Many people will pass by this city and ask one another: "Why has the Lord done this to so great a city?" And the answer will be given: "Because they have deserted their covenant with the Lord, their God, by worshiping and serving strange gods."*

### Let us pray...

Holy and loving God. This great city convenes in deliberation to seek things that are true, wise and just. May Your Holy Spirit accompany the thoughts, plans and details of these servants of our city of Detroit. With the assurance of Your Spirit may these leaders not be distracted by any "false gods" that would lead away from the opportunities to work for the highest expression of truth in causing community life to happen. May they serve diligently for the common good. Our city is holy ground. It is consecrated with the sweat, tears, work and blood of those who have gone before us. May we continue to

renew and refresh the face of our neighborhoods. In the life of commerce may we work for full employment opportunity, being prophets for people and less concerned with the profits of bottom lines.

God of all lands help us to see the whole world as our stage of life. Or at least improve our sight to see the importance of our region and the needs of southeastern Michigan. Inspire our hearts to see a bigger picture of cooperating and interdependence so that all might find reason for hope, trust and optimism.

In this great country we have the freedom to see You our God, according to our own understanding of Your awesome presence. Thus, I ask all who hear this prayer to share in its request by invoking their image of Your power and might. I, a Catholic, exercise my freedom by prayer for these requests and by offering this hope in the name of Jesus Christ. May all our prayers come before Your throne and may our prayers be answered in the insight and energy You give us to work for Your Kingdom of love and justice. May we grow in Your most precious gift of love. I invite all present to affirm these hopes with our declaration of AMEN! **Together we say ... AMEN!**

Honorable City Council:

Re: Amendment No. 3 to Detroit Water and Sewerage Contract CS-1267 "Management Information System — Technical Assistance."

On February 7, 2000, by Order Appointing Special Administrator for the Detroit Wastewater Treatment Plant of the Detroit Water and Sewerage Department in the matter of *U.S. EPA v City of Detroit, et al*, Case No. 77-71100, I was appointed Special Administrator of the Detroit Wastewater Treatment Plant for the purposes of correcting the causes of non-compliance by DWSD with its NPDES permit and for the purpose of achieving long term, sustained compliance with the permit. The Order further provides that the compliance is to be achieved and sustained by the correction of causes identified in the Report of the Committee, by carrying out the provisions of the July 12, 1999 Plan for Compliance of the Detroit Water and Sewerage Department and by carrying out the recommendations of the Organizational and Operational Review Report of March 1995. These documents form the foundation of the responsibilities to be undertaken by me.

The Order further provides that as Special Administrator, I or my designee, as Chief Operations Officer, shall have full power and authority to control, manage and operate the WWTP, including all functions and powers of the Detroit City Council, the Detroit Board of Water Commissioners, and the DWSD and any other departments, boards and divisions of the City of Detroit to the extent that they affect my ability to meet the requirements of sustained compliance with the NPDES permit, the Second Amended Consent Judgment, or other specific responsibilities outlined in the Order.

It has been determined that the amendment to DWSD Contract No. CS-1267 for the Detroit Wastewater Treatment Plant is critical to establishing long term sustained compliance with the NPDES permit.

I have accordingly approved and executed Contract CS-1267, Amendment No. 3 by and between the City of Detroit, acting by and through its Board of Water Commissioners and the Detroit Water and Sewerage Department, and Westin Engineering, Inc.

I HEREBY DECLARE that Amendment No. 3 to Contract CS-1267 is a valid contract binding upon the parties pursuant to the powers vested in me as the Special Administrator of the Detroit Water and Sewerage Department, by the Federal District Court Order appointing the Special Administrator of the Detroit Wastewater Treatment Plant of February 7, 2000.

Re: Request for Closed Session of Detroit City Council to Discuss Litigation Involving NDC Project #1, Jefferson Village — Graimark.

Pursuant to your Honorable Body's request to the Law Department, the Law Department has worked with the City Clerk's office to find an appropriate date for a closed session to discuss the pending litigation regarding NDC Project #1, also known as Jefferson Village. The first available date for the closed session is October 16, 2000 at 10:30 a.m.

Act 267 of the Public Acts of 1976, commonly referred to as the "Open Meetings Act," allows a public body, upon a two-thirds roll call vote of its members to:

To consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body. MCL 15.268(e).

It is the opinion of the Law Department that an open meeting would have a detrimental financial effect on the City of Detroit in the on-going litigation referenced above.

Re: Historic Designation Advisory Board submitting its final report on the proposed Garfield Building Historic District.

At the direction of the Historic Designation Advisory Board at its meeting of May 9, 2000, I am pleased to submit to your Honorable Body the board's final report on the proposed Garfield Building Historic District. The recommendation of the Advisory Board is for designation and, therefore, a draft ordinance of designation is attached. The ordinance has been approval as to form by the Law Department.

Also attached is the Board's final report. A copy of the minutes of the public hearing held by the Advisory Board on this matter is on file in the City Clerk's Office. The designation was requested by the building's owners, the Garfield, LLC. Ernest Zachary, who is a part of the Garfield LLC, represented the ownership interest and Sue Mosey, director of the University Cultural Association, represented the community interest as ad hoc representatives to the Advisory Board; both are in favor of the proposed district.

If you should have any questions, I may be reached at 4-3487.

**Proposed Garfield Building  
Historic District  
Final Report**

By a resolution dated December 8, 1999, the Detroit City Council charged the Historic Designation Advisory Board, a study committee, with the official study of the proposed Garfield Building Historic District in accordance with Chapter 25 of the 1984 Detroit City Code and the Michigan Local Historic Districts Act.

The proposed Garfield Building Historic District consists of the five-story retail/residential loft building located on the northeast corner of Woodward Avenue and Garfield Avenue, addressed as 4612 Woodward Avenue, approximately two miles north of the center of downtown Detroit. It was listed on the National Register of Historic Places in 1993.

**Boundaries:** the boundaries of the proposed district are outlined in heavy black on the attached map, and are as follows:

On the west, the centerline of

Woodward Avenue;

On the south, the centerline of Garfield Avenue;

On the east, a line 110 feet east of and parallel to the west lot line of lots 3 and 4 of Hubbard and King's Sub of Park Lot 32 and part of Lot 33, Liber 7, Page 20, Plats, WCR, and,

On the north, the north line of Lot 4 of Hubbard and King's Sub of Park Lot 32 and Part of Lot 33, Liber 7, Page 20, Plats, W.C.R.

**HISTORY:** The Garfield Building derives its historical significance from its association with the development of Woodward Avenue and the expansion of the City of Detroit into the automotive capital of the nation. It represents the type of speculative retail/commercial development catering to the auto industry in early twentieth century Detroit, and is one of the few surviving buildings of its period and scale on Woodward Avenue between Grand Circus Park and Grand Boulevard that typify that era. Also contributing to its significance are its architect, Albert Kahn, architect for the automobile age, and its original owner, Edwin S. George, an auto enthusiast who played an important role in the development of Woodward Avenue, Detroit's major thoroughfare. Mr. George was also known for his philanthropic endeavors centered around aiding children and the Presbyterian Church; the Garfield Building is a reminder of his contributions to the City of Detroit.

After the fire of 1805, Judge Augustus B. Woodward arrived in Detroit as one of the first Judges of the Michigan Territory. He proceeded to forestall rebuilding until a plan could be drawn, upon which orderly development of the city would be based. This plan, referred to as the "Woodward Plan," was influenced by Pierre L'Enfant's plan for Washington D.C., Woodward's former home, drawn just fourteen years before. Woodward incorporated the diagonal streets of the Washington plan but in his plan for Detroit the diagonals radiated outward from a series of hexagons, creating broad vistas and unique public spaces. The major thoroughfare extending from the Detroit River northward was Woodward Avenue. Originating nearest to the Detroit River, a thriving commercial center developed. From the mid-nineteenth century into the early twentieth century, Woodward Avenue north of Grand Circus Park developed into a highly desirable residential thoroughfare. But the advent and growth of the automobile industry transformed the city virtually overnight. The City's population increased dramatically in the first quarter of the century, as the number of people dependent on the manufacture and sale of the automobile ballooned. Detroit's population rose from 285,740 in 1900 to 465,766 in 1910 to 993,729 in 1920. The mansions on

Woodward Avenue were largely replaced by commercial development as their owners moved further away from downtown, freed to do so by their possession of the automobile.

At the time when Edwin S. George began accumulating land on Woodward Avenue, Garfield Avenue was considered to be far out of the city center. The Woodward street car line made downtown accessible, although Woodward north of High Street (Fisher Freeway) remained largely undeveloped for commercial uses. An article appearing in the *Detroit Free Press* in 1906 describes business activity above Grand Circus Park as just beginning to take hold.

The Edwin S. George Building was designed as a two-story building by Albert Kahn in 1908 (Kahn Job #370). The majority of its first tenants were involved in the automobile industry as parts suppliers and manufacturers. B.F. Goodrich & Company, rubber goods; C.F. Splittorf, magnetos, electric specialties and spark plugs; Harry H. Bailey & Company, auto parts; Wheeler & Schebler, carburetors; RIV Company, ball bearings; Prest-O-Lite Company, gas tanks; and the Hartford Machine Screw Company were among the early tenants occupying the storefronts.

By 1914, Mr. George was known as the largest owner of Woodward Avenue frontage. His holdings on Woodward Avenue were more extensive than any other individual. He began acquiring choice parcels on Woodward before the development boon, which was largely due to the success of the automobile, specifically the model "T". He concentrated his real estate holdings between Grand Circus Park and the Boulevard. It was said that at one time, his ownership along this frontage was one-quarter mile.

The three upper stories of the Edwin S. George Building were added in 1914 (Kahn Job #391), and the building became known as the "Garfield Building" shortly thereafter. Still, it housed offices and retail outlets of many industrial suppliers in the late teens and early 1920's. Among the storefront occupants were Pennsylvania Rubber Company, manufacturers of vacuum cup tires; Kingstone Carburetor and Coil Company; E.T. Barnum Iron & Wire Works; and Standard Parts Company, auto parts. Offices above were occupied by manufacturers representatives, engineering labs, and automobile organization's offices, including the Lincoln Highway Association, and the National Association of Purchasing Agents. Individuals or firms providing professional services also occupied the building, including Work and Fretz, traffic managers, and Patrick H. Carey, construction engineer. George's office and the office serving the building occupied

space on the fifth floor.

*Michigan Manufacturer and Financial Record* of 1920 reported the Woodward Avenue had overtaken Jefferson Avenue as the center of automobile sales in Detroit. As the automobile passed through its experimental phase and became a commercial reality with the help of mass production, Woodward Avenue between Grand Circus Park and Grand Boulevard became Detroit's "automobile Row." It was on Woodward, already Detroit's busiest thoroughfare, that most of the big sales establishments founded headquarters. North of Grand Circus Park to Grand Boulevard and beyond, Woodward was dotted with all kinds of automotive-related establishments, including show rooms, sales and office buildings, suppliers, and auto, truck, tire and accessory firms.

In the late 1920's and early 1930's, vacancies occurred in the Garfield Building as the Depression set in. Although several manufacturer's agents and tool and parts businesses were listed as occupants in the city directories, other types of businesses began to occupy space. Notable ones were the Michigan Children's Aid Society, a special project of Edwin George; the Central District Protective Association, the Woodward Avenue Improvement Association, a furniture store, household goods store, Western Union Telephone Office, commercial photographers, general contractors and the office of the City of Detroit's Rapid Transit Commission. Many storefronts went vacant by the early 1930's. Edwin George sold the property in 1942 to a property investment company. The Garfield Building became home to Wayne County Community College in the 1970's; it had been largely vacant since that institution moved to its downtown location in the late 1970's until 1999, when it was converted into retail space on the first floor and 56 residential loft units on floors two through five.

**Albert Kahn** was established as Detroit's leading industrial architect by the time he was commissioned to design the Edwin S. George Building in 1908. He had used the reinforced concrete frame successfully in Packard Plant #10 on East Grand Boulevard in 1905 for Henry B. Joy's Packard Motor Car Company, and that became the standard for industrial design. Perhaps George's association with Kahn stemmed from the Packard plant, for George was the proprietor of Standard Automobile Company, distributor for Packard Motor Car Company. The first office building of concrete construction in Detroit was Kahn's Trussed Concrete Building, built in 1907 on the corner of Lafayette and Wayne (demolished 1957). The Trussed Concrete Steel company, (owned by Julius Kahn, Albert's

brother) and Albert Kahn's architectural offices were housed in that building for many years.

Other reinforced concrete-framed commercial buildings on Woodward Avenue designed by Kahn around the same time as the Edwin S. George Building were the Grinnell Building (1908) and the Woodward Building (1915), both south of Grand Circus Park, and the Ford Motor Company Sales Office (1913) on the corner of East Grand Boulevard and Woodward Avenue. The frames of all four were covered in terra cotta with pleasing Renaissance detailing. Another notable automobile-related building, the B.F. Goodrich Building on Woodward at Hancock, was designed by Kahn in approximately 1919. Its frame is faced with brick and decorative tile.

**Edwin S. George** was born in Slatington, Pennsylvania on September 23, 1873. He ventured to Detroit as a young man in 1890 and was employed by Annis and Miller, furriers. He continued in the business with the junior partner, William H. Miller, until 1897, when he began his own business. Soon after, he bought out the business of Walter Buhl & Company and merged it with his own, resulting in his becoming a wholesale and retail dealer, importer and exporter of furs. He remained as such until 1910, when he left the fur business altogether. George was also the proprietor of Standard Automobile Company, distributors of Packard automobiles, with offices and a garage on Woodward Avenue, from about 1906, and held large real estate interests by 1908. In fact, in 1914 he gave up his automobile holdings so that he could devote his full attention to real estate.

Mr. George married Bessie Scotten, the daughter of Oren Scotten, in 1899. Oren Scotten was the brother of Daniel Scotten, wealthy manufacturer of tobacco products. The Georges made their residence at 221 Vinewood in the Hubbard Farms neighborhood just south of the Daniel Scotten estate (replaced by Fisher Freeway). Later, the Georges kept a residence in Detroit and one in Bloomfield Hills named "Erdenheim", a house designed for them by Albert Kahn in 1908. Kahn also designed the stables, a cottage, and a cow barn on the property. Mr. George's major recreational pursuits were "motoring" and farming. However, his business and recreation were interrupted by World War I; he enlisted in the Officers' Reserve Corps in December, 1916 and received the commission as captain in that organization in 1917, assisting in the organization of base hospitals. In October of that year he was ordered to Washington to do a job that seemed to be right up his alley — he purchased motor trucks and automobile equipment for the

Signal Corps. In 1918, George was promoted to lieutenant colonel in the Signal Corps, and was made full colonel in July, 1918. He became chief of the motor branch, Motors and Vehicles Division, before being discharged in 1919.

Mr. George continued with his real estate interests after the war, becoming the expert on Woodward Avenue values. He became active in civic affairs, as a director of the Board of Commerce, and was an advocate of the "good roads movement." He also helped found the Automobile Club of Detroit and the Bloomfield Hills Country Club. In 1923, the Detroit architectural firm of George D. Mason built a large English Neo-Tudor style home for the Georges, named "Cedarholm," in Bloomfield Hills.

In his later years, George concerned himself with the foundation he set up in 1935, the Edwin S. George Foundation, which was located on the fifth floor of the Garfield Building. George conveyed a large tract of land adjacent to his home in Bloomfield Township and a commercial building in downtown Detroit to five trustees for religious, charitable and educational purposes. The Bloomfield Hills land was designated as the site for a Presbyterian Church, although the foundation did not yet have the money to build. In his later years, Mr. George worked very closely with Wirt C. Rowland, then a former architect with Smith Hinchman Grylls, on sketches for the church. When Rowland died in 1946, the firm of George D. Mason was commissioned to undertake the design. However, George died on January 25, 1951, shortly before construction began on Kirk-in-the-Hills.

Mr. George traveled extensively to such exotic places as Africa and Asia. He joined a big game hunt in 1925 and brought back a pair of elephant tusks which he removed from an elephant he had shot. Hunting and fishing were amongst his favorite pastimes. In fact, his love of wildlife resulted in one of the Foundation's major gifts in 1930 and 1944 — 1300 acres of land near Pinckney in Livingston County named the Edwin S. George Reserve of the University of Michigan, to be administered by the University's Museum of Zoology. The preserve was to be a laboratory for the study of wildlife.

George left most of his wealth to the foundation. The total value of gifts made by the foundation at the time of George's death was over \$3 million, including "Cedarholm," George's estate that was conveyed to the Foundation in 1946 and 1947 and valued then at \$550,000. "Cedarholm" was then transferred to the Detroit Presbytery for church purposes; it became the church house to the church building known as "Kirk-in-the-Hills". Mr. George's body now rests in a crypt

beneath the floor of the narthex of Kirk-in-the-Hills. At the time of his death, he was on the Board of Library Commissioners and the Board of Trustees of the Cranbrook Institute of Science. He was also president of the Children's Aid Society from 1926 until he died.

#### **Physical Description**

**Exterior:** The Garfield Building is a decorated version of the plain industrial structures that were the forte of Albert Kahn, its architect. It has a flat roof and relatively slender structural members that create large openings filled with windows. The building is a nearly-rectangular parallelogram with dimensions of 92 feet along Garfield by 140 feet comprising the Woodward Avenue frontage. It is not a perfect rectangle because it follows the lines of Woodward Avenue and Garfield Street, which are not perpendicular to each other, a characteristic common to most cross streets at Woodward because Woodward does not run true north and south and the cross streets do run true east and west.

The building has a five-story, reinforced-concrete frame structure. The structural system employed by Kahn is a post and beam system of reinforced concrete, with steel columns at the first floor storefronts on the front (west) facade. The floor slabs are reinforced concrete with a very shallow arch on the underside, spanning east-west. Its structural grid has five bays in the east-west direction, each bay approximately 18 feet wide. The grid has six bays in the north-south direction; the center two bays are 32 feet wide and the two bays at each end are approximately 18 feet 6 inches wide. (All these dimensions are center-of-column to center-of-column.) The floor-to-floor height of the basement to first floor is 10 feet 4 inches; of the first to second floor is 16 feet 3 inches; and at each of the upper floors is 13 feet.

The frames on the front (west) and south facades are clad in white-glazed ornamental terra cotta. The terra cotta at the columns is ornamented with regularly spaced rosettes, interrupting their verticality. With the exception of the rosettes, decorative detail was concentrated on the cornices at the second and fifth floors and the first floor entry to the upper floors from Woodward Avenue. These details primarily consisted of repeating patterns of squares, circles and abstract floral forms.

At the first two floor levels (which comprised the original building), columns divide the front facade (west elevation) into three bays (a central bay flanked by smaller bays at each end) and the south and north elevations into five bays. The first floor bays of the front facade are occupied by storefronts with large display and transom windows. Recessed entries, centered at each bay, had simple metal

canopies that no longer exist. When the addition was constructed in 1914, a segmentally arched decorative terra cotta entrance was added at the central bay of the front facade and remains today, its classical moldings including egg and dart, beaded patterns, and running acanthus leaves. Centered below the cornice of the entrance is a nameplate, also of white terra cotta, that bears the name of the building, "Garfield Building." Pressed metal spandrel panels divide the first and second stories.

The west bay of the south elevation contains a display window matching the storefronts of the front facade; the west bay of the north elevation contains a sympathetically designed storefront entrance into the present first floor retail store. The remaining four bays of each side elevation are filled with red brick with small areas of stone trim. Above the brick of the south elevation are transoms similar to those of the front facade.

The second-story windows of the front facade and south elevation are large, single pane wood casements with transoms. The original casements pivoted on hardware mounted on their central axis points. These windows were replaced at an unknown date by steel, industrial-style windows, and have once again been replaced in the latest rehabilitation by windows that are hinged at the top. A simple terra cotta cornice wraps the top of the two-story, 1908 portion of the building above the second floor; it was retained as a decorative band when the three-story addition was constructed but replaced during a facade renovation in the late 1960's with black, enameled-metal panels. It has been reconstructed in the recent rehabilitation.

In the top three floors (which comprised the building's addition in 1914), terra cotta-clad columns further divide the bays of the front facade. The central bay is subdivided into five bays and the end bays are subdivided into three bays, all filled with pairs of large, double-hung sash wood windows. Terra cotta spandrels covered the spaces between the terra cotta columns above the third and fourth floor windows. A terra cotta band with an ornamental projecting parapet wrapped the top of the building above the fifth floor. The terra cotta spandrel panels and band were replaced with black, enameled-metal panels during a facade renovation in the 1960's and have since been restored to their original appearance.

The east and north elevations are industrial in character. The concrete columns and beams are exposed at both elevations. There are five bays in each floor on the north elevation and eight bays in each floor on the east elevation. The bays between the structural members in the north elevations are filled with brick,

with few windows present. Those at the first floor are filled with the remnants of a common wall from a one-story commercial building which was once located to the north. At the upper floors of the east elevation, the bays are filled with groups of three wood, double-hung sash windows set on low brick walls. The bays of first floor were originally filled with service entries detailed with large windows divided into small panes. These entries had previously been replaced with a variety of non-historic materials, primarily cement block; the first floor of the second bay from Garfield Avenue now serves as the main entrance into the lobby of the 56-unit residential loft component of the building.

**Interior:** The first floor of the Garfield Building was historically divided into sections for use by small commercial businesses. The upper floors were divided in half by a north-south corridor and further divided into smaller spaces to accommodate a mixture of office and manufacturing uses while the basement space was used for storage and mechanical equipment. The floors and exterior walls are concrete and the dividing walls are brick and structural block. Interestingly, there is a bank of windows in a window well on the south elevation below sidewalk level on Garfield Avenue.

The entry from Woodward Avenue to the upper floors has undergone at least three transformations. Built as a simple stairway to the second floor, it was replaced with a single elevator and a stairway which wrapped around it when the addition was constructed in 1914. The elevator and stairway were replaced with a pair of elevators and a metal stairway going only to the second floor in 1931, and the ceiling in the elevator lobby was dropped to ten feet and finished with simple decorative plaster. The walls were finished with a door-height travertine wainscot and the floor was travertine. A revolving door was also installed. While the elevators are going, the interior finishes of the lobby remain.

The second story was originally constructed with three major spaces. The south end of the building was one space, used in conjunction with the retail space at the first floor. The remainder of the building was divided by a north/south corridor. The upper three stories each have a central corridor running north-south from the south end of the central bays. The walls are structural tile with transom windows along the ceiling line. While much of the first floor has been opened up for a single user, the double-loaded central corridors, transoms, and concrete structural slab floors and ceilings have remained as major features of the loft housing.

The Garfield Building has been adapted into commercial space on the first floor and residential lofts above. The exterior of

the building has been sensitively rehabilitated to evoke its original appearance. Since the rental spaces at the upper three floors were originally left unfinished, to be completed as needed to accommodate individual tenants, they were configured and altered in many ways over the years. Their conversion for loft housing has resulted in their reconfiguration once again.

**Criteria:** The proposed historic district meets the first, third and fourth of the criteria contained in section 25-2-2: (1) Sites, buildings, structures, or archeological sites were cultural, social, spiritual, economic, political or architectural history of the community, city, state or nation is particularly reflected or exemplified; (3) Buildings or structures which embody the distinguishing characteristics of an architectural specimen, inherently valuable as a representation of a period, style or method of construction; (4) Notable works of a master designer or architect whose individual genius influenced his or her age. The Garfield Building itself is the only contributing resource in the proposed historic district.

**RECOMMENDATION:** The Historic Designation Advisory Board recommends that City Council adopt an ordinance of designation for the proposed historic district with the design treatment level of "rehabilitation." A draft ordinance is attached for City Council's consideration.

By Council Member Tinsley-Talabi:

AN ORDINANCE to amend Chapter 25, Article II, of the 1984 Detroit City Code by adding Section 25-2-134 to establish the Garfield Building Historic District, to establish rehabilitation as the design treatment level for the district, and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II, of the 1984 Detroit City Code be amended by adding Section 25-2-134 to read as follows:

**SEC. 25-2-134. GARFIELD BUILDING HISTORIC DISTRICT.**

(A) A HISTORIC DISTRICT TO BE KNOWN AS THE GARFIELD BUILDING HISTORIC DISTRICT IS HEREBY ESTABLISHED IN ACCORDANCE WITH THE PROVISIONS OF THIS ARTICLE.

(B) THIS HISTORIC DISTRICT DES-

IGNATION IS HEREBY CERTIFIED AS BEING CONSISTENT WITH THE DETROIT MASTER PLAN.

(C) THE BOUNDARIES OF THE GARFIELD BUILDING HISTORIC DISTRICT ARE AS SHOWN ON THE MAP ON FILE IN THE OFFICE OF THE CITY CLERK, AND SHALL BE: ON THE WEST, THE CENTERLINE OF WOODWARD AVENUE; ON THE SOUTH, THE CENTERLINE OF GARFIELD AVENUE; ON THE EAST, A LINE 110 FEET EAST OF AND PARALLEL TO THE WEST LOT LINE OF LOTS 3 AND 4 OF HUBBARD AND KING'S SUBDIVISION OF PARK LOT 32 AND PART OF PARK LOT 33, LIBER 7, PAGE 20, PLATS, WCR, AND, ON THE NORTH, THE NORTH LINE OF LOT 4 OF HUBBARD AND KING'S SUBDIVISION OF PARK LOT 32 AND PART OF PARK LOT 33, LIBER 7, PAGE 20, PLATS,

WCR, AS FOUND IN THE FILES OF THE WAYNE COUNTY REGISTER OF DEEDS (LEGAL DESCRIPTION: WEST 110 FEET OF LOT 3 AND WEST 110 FEET OF LOT 4, HUBBARD AND KING'S SUBDIVISION OF PARK LOT 32 AND PART OF PARK LOT 33, LIBER 7, PAGE 20, PLATS, WCR.)

(D) THE DESIGN TREATMENT LEVEL OF THE GARFIELD BUILDING HISTORIC DISTRICT SHALL BE REHABILITATION AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE.

(E) THE DEFINED ELEMENTS OF DESIGN, AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE, SHALL BE AS FOLLOWS:

(1) **HEIGHT.** THE GARFIELD BUILDING IS FIVE (5) STORIES TALL.

(2) **PROPORTION OF BUILDINGS FRONT FACADE.** THE FRONT FACADE OF THE GARFIELD BUILDING IS SUBSTANTIALLY WIDER THAN TALL.

(3) **PROPORTION OF OPENINGS WITHIN THE FACADES.** CENTERED ON THE GROUND LEVEL OF THE FRONT FACADE IS A SINGLE TALL, SEGMENTALLY ARCHED ENTRANCE OPENING. OPENINGS IN THE BAYS TO EITHER SIDE OF THE ENTRANCE BAY CONTAIN LARGE, TALL DISPLAY WINDOWS FLANKING RECESSED, SINGLE ENTRANCES, SURMOUNTED BY A ROW OF TRANSOM WINDOWS. AT SECOND STORY LEVEL, THE OUTER BAYS ARE EACH COMPOSED OF A LARGE HORIZONTAL OPENING BETWEEN COLUMNS CONTAINING A ROW OF SIX (6) WINDOWS WITH TRANSOMS; THE WIDE CENTRAL BAY IS FILLED WITH TWELVE (12) SUCH WINDOW ARRANGEMENTS. ON THE THIRD THROUGH FIFTH FLOORS, A REGULAR ARRANGEMENT OF TWO (2) DOUBLE HUNG SASH WINDOWS OCCUPYING REGULARLY SPACED SQUARE OPENINGS EXISTS. THE WESTERNMOST BAY OF THE GROUND FLOOR OF THE GARFIELD AVENUE, OR SOUTH, ELEVATION CONTAINS GLASS SIMILAR TO THE STOREFRONTS OF THE FRONT FACADE. IN THE FOUR (4) BAYS TO THE EAST IN THE SAME ELEVATION THE AREAS BELOW THE TRANSOMS AND BETWEEN THE COLUMNS ARE INFILLED WITH BRICK. FENESTRATION ABOVE THE GROUND FLOOR OF THIS SOUTH ELEVATION IS SIMILAR TO THAT OF THE FRONT FACADE BUT IS ARRANGED IN GROUPINGS OF THREE (3) BETWEEN THE VERTICAL FRAMING ELEMENTS. OVERALL, OPENINGS IN THE FRONT (WOODWARD AVENUE) FACADE AND SOUTH (GARFIELD AVENUE) ELEVATION AMOUNT TO APPROXIMATELY SIXTY PERCENT (60%) VOIDS. THE FIRST FLOOR OF THE SECOND BAY

FROM THE SOUTH OF THE REAR, OR EAST, ELEVATION CONTAINS THE ENTRANCE INTO THE RESIDENTIAL UNITS; THE REMAINDER OF THE GROUND FLOOR OF THE EAST ELEVATION, ORIGINALLY CONTAINING SERVICE ENTRANCES, IS FILLED WITH CONCRETE BLOCK. THE UPPER FLOORS OF THE EAST ELEVATION ARE COMPOSED OF HORIZONTAL GROUPINGS OF THREE (3) DOUBLE-HUNG SASH WINDOWS WITHIN THE CONCRETE FRAME. THE NORTH ELEVATION IS LARGELY UNFENESTRATED, WITH ONLY TWO (2) OF ITS FIVE (5) BAYS HAVING WINDOWS ABOVE THE FIRST FLOOR. ITS WESTERNMOST BAY AT GROUND LEVEL CONTAINS A MODERN GLASS AND METAL ENTRY INTO A RETAIL SPACE.

(4) **RHYTHM OF SOLIDS TO VOIDS IN FRONT FACADE.** A SYMMETRICAL GRID PATTERN IS DEFINED BY THE STRUCTURAL FRAME OF THE BUILDING IS CLEARLY DISCERNABLE ON ALL ELEVATIONS. WINDOW FRAMES AND THE CENTRAL FRONT ENTRANCE ARE RECESSED DEEPLY INTO WALL SURFACES; THE STOREFRONT WINDOWS, THEIR TRANSOMS, AND THE SECOND STORY WINDOWS ARE SLIGHTLY LESS DEEPLY RECESSED. A REGULAR RHYTHM OF STOREFRONT ENTRANCES AND WINDOWS IS CREATED ON THE FRONT (WEST) FACADE, SOUTH SIDE ELEVATION, AND REAR (EAST) ELEVATIONS. THE NORTH ELEVATION IS PRIMARILY SOLID MASONRY WITH THE EXCEPTION OF TWO (2) BAYS.

(5) **RHYTHM OF SPACING OF BUILDINGS ON STREETS.** INAPPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(6) **RHYTHM OF ENTRANCE AND/OR PORCH PROJECTIONS.** THE REGULAR RHYTHM CREATED BY THE FOUR (4) ORIGINAL RECESSED STOREFRONT ENTRANCES ON THE FRONT FACADE HAS BEEN MAINTAINED.

(7) **RELATIONSHIP OF MATERIALS.** WHITE-GLAZED TERRA COTTA CLAG STRUCTURAL FRAMING ELEMENTS CONTRAST WITH LARGE AREAS OF WINDOW GLASS. SPANDREL PANELS ARE METAL, WHILE APRONS BELOW THE STOREFRONT WINDOWS ARE WOOD. WINDOW AND DOOR FRAMES ARE ALSO WOOD. NORTH AND EAST (REAR) ELEVATIONS AND THE FIRST FLOOR OF THE SOUTH ELEVATION ARE BRICK WITH EXPOSED CONCRETE COLUMNS AND BEAMS.

(8) **RELATIONSHIP OF TEXTURES.** THE SMOOTH TEXTURE OF TERRA COTTA AND LARGE EXPANSES OF GLASS RESULT IN AN OVERALL IMPRESSION OF SMOOTHNESS,

ALTHOUGH MORTAR JOINTS BETWEEN THE TERRA COTTA PANELS CREATES A LAID STONE PATTERN. WHERE ORNAMENTAL PATTERNS EXIST IN THE TERRA COTTA, THEY CONTRIBUTE TO TEXTURAL INTEREST.

(9) **RELATIONSHIP OF COLORS.** THE WHITE TERRA COTTA SURFACES CONTRAST WITH THE DEEP GREEN WINDOW AND DOOR FRAMES. APRON PANELS BELOW THE STOREFRONT WINDOWS AND SPANDREL PANELS BENEATH THE SECOND FLOOR WINDOWS PANELS ARE PAINTED IN A COMBINATION OF DEEP GREEN, LIGHT GRAY-GREEN, AND PINK. WINDOW GLASS IS LIGHTLY TINTED GREEN. BRICK ON SIDE ELEVATIONS IS RED; ON THE REAR ELEVATION BRICK AND CONCRETE ARE PAINTED BEIGE.

(10) **RELATIONSHIP OF ARCHITECTURAL DETAILS.** THE ORIGINAL ARCHITECTURAL DETAILS ON THE EXTERIOR OF THE GARFIELD BUILDING REFLECT THE ITALIAN RENAISSANCE REVIVAL STYLE AS APPLIED TO AN EARLY TWENTIETH CENTURY COMMERCIAL BUILDING. TERRA COTTA COLUMNS ARE ORNAMENTED WITH REGULARLY SPACED ROSETTES. OTHER DECORATIVE DETAIL IS CONCENTRATED ON THE CORNICES AT THE SECOND AND FIFTH FLOORS AND FIRST FLOOR ENTRANCE; THESE DETAILS CONSIST OF REPEATED FLORAL PATTERNS, GEOMETRIC PATTERNS OF SQUARES, CIRCLES AND A STYLIZED WHEEL-LIKE FORM AND, AROUND THE MAIN ENTRANCE, THE TRADITIONAL PATTERNS OF CLASSICAL MOLDINGS, SUCH AS REED AND STEM, BEAD AND REEL, AND EGG AND DART PATTERNS. CENTERED BELOW THE CORNICE OF THE ENTRANCE IS THE NAMEPLATE BEARING THE NAME OF THE BUILDING, "GARFIELD BUILDING".

(11) **RELATIONSHIP OF ROOF SHAPES.** THE FLAT ROOF OF THE GARFIELD BUILDING IS NOT VISIBLE FROM THE STREET.

(12) **WALLS OF CONTINUITY.** INAPPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(13) **RELATIONSHIP OF SIGNIFICANT LANDSCAPE FEATURES AND SURFACE TREATMENTS.** THE GARFIELD BUILDING IS PLACED ABUTTING THE LOT LINES OF ITS SITE. ON WOODWARD A BROAD CONCRETE SIDEWALK LIES BETWEEN THE BUILDING AND THE CURB AND HAS REGULARLY SPACED DIRT-FILLED SQUARE OPENINGS IN WHICH YOUNG TREES ARE PLANTED. THERE IS A CONCRETE SIDEWALK ON THE SOUTH SIDE, A PAVED VACATED

ALLEY AND PAVED PARKING ON THE EAST SIDE, AND A PAVED PARKING LOT ON THE NORTH SIDE OF THE BUILDING. THE MODERN STEEL STREET LIGHTS ARE NOT SIGNIFICANT HISTORIC FEATURES.

(14) **RELATIONSHIP OF OPEN SPACE TO STRUCTURES.** PAVED, FENCED SURFACE PARKING LOTS EXIST TO THE EAST (REAR) AND NORTH OF THE GARFIELD BUILDING.

(15) **SCALE OF FACADES AND FACADE ELEMENTS.** THE GARFIELD BUILDING IS LARGE IN SCALE WHEN COMPARED TO THE SURROUNDING AREA. ELEMENTS WITHIN THE FACADE, SUCH AS THE STOREFRONTS AND WINDOW GROUPINGS, ARE ALSO LARGE IN SCALE. ARCHITECTURAL DETAIL, WHERE IT EXISTS, IS SMALL IN SCALE.

(16) **DIRECTIONAL EXPRESSION OF FRONT ELEVATIONS.** THE DIRECTIONAL EXPRESSION OF THE GARFIELD BUILDING IS HORIZONTAL.

(17) **RHYTHM OF BUILDING SETBACKS.** NO SETBACK FROM THE PUBLIC RIGHT OF WAY EXISTS; THE BUILDING IS SITED ON ITS FRONT AND SIDE LOT LINES, CORRESPONDING TO THE SETBACK OF COMMERCIAL BUILDINGS IN THE ADJACENT PORTIONS OF WOODWARD AVENUE.

(18) **RELATIONSHIP OF LOT COVERAGES.** LOT COVERAGE IS ONE HUNDRED PERCENT (100%).

(19) **DEGREE OF COMPLEXITY WITHIN THE FACADES.** THE FACADE AND MAJOR (SOUTH) ELEVATION OF THE GARFIELD BUILDING ARE STRAIGHTFORWARD IN THEIR ARRANGEMENT. DETAILS ARE NOT COMPLEX.

(20) **ORIENTATION, VISTAS, OVERVIEWS.** THE GARFIELD BUILDING IS ORIENTED TOWARDS WOODWARD AVENUE. THE SITING OF THE BUILDING AT THE POINT WHERE WOODWARD AVENUE CURVES PROVIDES IMPRESSIVE VIEWS FROM ITS UPPER STORIES; LIKEWISE, THE BUILDING IS A PROMINENT PRESENCE WHEN VIEWED FROM VEHICLES TRAVELING NORTHWARD FROM DOWNTOWN ON WOODWARD.

(21) **SYMMETRIC OR ASYMMETRIC APPEARANCE.** THE GARFIELD BUILDING IS SYMMETRICAL IN APPEARANCE ON ITS FRONT FACADE (WEST) AND SOUTH ELEVATION. THE NORTH AND REAR (EAST) ELEVATIONS ARE NOT SYMMETRICAL IN THEIR ARRANGEMENTS.

(22) **GENERAL ENVIRONMENTAL CHARACTER.** THE GARFIELD BUILDING HISTORIC DISTRICT IS A MAJOR PRESENCE ON WOODWARD AVENUE, DETROIT'S MAJOR NORTH-SOUTH ARTERY. ALTHOUGH ITS SET-

TING HAS BEEN COMPROMISED BY THE LOSS OF OTHER STRUCTURES AROUND IT AND THE ADDITION OF MODERN STREET FURNITURE, THE GARFIELD BUILDING, WITH ITS PERIOD APPEARANCE AND PROMINENT LOCATION, CONTRIBUTES SIGNIFICANTLY TO THE WOODWARD AVENUE STREETScape.

**Section 2.** All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit.

**Section 4.** In the event that this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter. Where this ordinance is passed by less than a two-thirds (2/3) majority of City Council Members serving, it shall become effective no later than thirty (30) days after enactment in accordance with Section 4-115 of the 1997 Detroit City Charter.

Approved as to the form only:

DARA M. HORN

Deputy Corporation Counsel

**Industrial Facilities Exemption Certificate Agreement**

THIS AGREEMENT, made this 18th day of May, 2000 by and between the City of Detroit, acting by and through its Planning and Development Department ("the City") and Roy Smith Company ("the Applicant"):

WITNESSETH:

Whereas, The Applicant has submitted an Application ("Application") to the City for adoption of a resolution giving the City's approval of an Industrial Facilities Exemption Certificate ("IFEC") pursuant to Public Act 198 of 1974, as amended, for real and personal property ("Facility") to be located at 14650 Dequindre, Detroit, MI 48212, and

Whereas, The Applicant intends to invest in real and personal property for the purpose of initiating the production of high pressure cylinders filled with industrial gases; and

Whereas, As part of its application for an IFEC, the Applicant has submitted an employment plan to the City of Detroit Human Rights Department wherein it has represented that during the term of the IFEC it shall not discriminate in its employment practices because of an individual's age, sex, race, color, creed, religion, marital status, national origin, political orientation, sexual orientation, or non-disabling handicap, and that it will take affirmative action to recruit and hire minority persons and women in accordance with specified targets; and

Whereas, Pursuant to Section 22 of Michigan Public Act No. 334 of 1993, effective December 31, 1993, it is necessary that the City and the Applicant enter into a "written agreement" prior to approval and issuance of an IFEC by the Michigan State Tax Commission; and

Whereas, To encourage approval of an IFEC and in recognition of the investments the City will make toward the economic growth of the Applicant, which in turn will benefit the City, the Applicant agrees as follows:

**1. General.**

a. The Applicant will make real property improvements and will install machinery and equipment, as set forth in the Application, as part of the Facility, within two (2) years of the approval date of the IFEC ("Approval date").

b. The Applicant will be required to create thirteen (13) new full time employees at the Facility.

c. The Applicant will retain:

Twenty-three (23) full time employees from the approval date until completion of the facility, or two (2) years from the

Approval date, whichever first occurs.

Thirty-six (36) full-time employees at the Facility commencing two (2) years from the approval date or from completion of the Facility, whichever first occurs, and throughout the term of this agreement.

For purposes of this Agreement, a "full-time employee" shall include a person 1) who is employed by the Applicant on a salary, wage, commission, or other basis, for a minimum period of forty (40) hours a week; and 2) from whose compensation the Applicant is required by law to withhold for City income taxes.

#### **2. Annual Affirmative Action Report by the Applicant.**

On or before July 29, 2000 and each year thereafter, throughout the term of the IFEC, the Applicant shall submit to the Human Rights Department of the City of Detroit 1) a current Contract Compliance Report (Form EEO-1); and 2) a current Employer Information Report (Form EEO-2). If requested in writing by the Human Rights Department of the City, the Applicant shall also submit to the Human Rights Department of the City an Affirmative Action Plan, which sets forth the future affirmative action goals of the Applicant at the Facility, and the means by which the Applicant intends to effectuate those goals. The provisions of the Affirmative Action Plan must be approved by the Director of the City Human Rights Department.

#### **3. Annual Status Report by the Applicant.**

On or before February 1, 2001, and each year thereafter, throughout the term of the IFEC, the Applicant shall submit to the Planning and Development Department of the City a certified status report ("Status Report") signed by an authorized officer of the Applicant. The Status Report shall set forth the affirmative action accomplishments, the average number of full-time employees at the Facility during the calendar year preceding the date of the Status Report, and the Facility costs as of December 31st preceding the Status Report. For purposes of this agreement, the average full-time employees shall be computed as the average of the number of full-time employees at the Facility on March 31st, June 30th, September 30th, and December 31st of the calendar year preceding the date of the Status Report.

#### **4. Review and Audit of Applicant Employment Information.**

The Applicant agrees to provide the City with sufficient information, and the City may review and audit the information provided by the applicant, in order to determine compliance with this agreement. If the Applicant fails to provide employment information satisfying the needs of the City, the Applicant will provide the City and the Michigan Employ-

ment Security Commission (MESC) written authorization, in a form acceptable to the City and MESC, to use and develop appropriate MESC documents, such as, but not limited to, the MESC Multiple Worksite Report, to verify the number of full-time employees stated in the annual Status Report. In the event the Applicant fails to provide the City with any information required to be provided to the City under this Section, the Applicant agrees to reimburse the City for all costs, including attorney's fees, incurred by the City to verify the information that was withheld.

#### **5. Revocation or Reduction of Term of IFEC for Affirmative Action or Facility Cost Shortfalls.**

The City may, in its sole discretion, request that the Michigan State Tax Commission reduce the remaining term of the IFEC or revoke the IFEC if: 1) the Applicant fails to provide the City with the information or Affirmative Action Plan required to be provided to the City under Section 2 above; 2) the affirmative action accomplishments at the Facility are less than those to which the Applicant committed itself in the most recent affirmative action plan approved by the City Human Rights Department, due to the failure of the Applicant to use its best efforts to effectuate the Affirmative Action Plan; or 3) if the Facility cost is less than that to which the Applicant committed itself in the Application. Prior to taking any action to request reduction of the term of the IFEC or revocation of the IFEC, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the applicant in its compliance with this Agreement.

#### **6. Payment of Abated Taxes for Shortfall of Employment.**

If the average number of new and retained full-time employees at the facility during the calendar year preceding the date of the Status Report is less than the number of new and retained employees set forth in section 1 above, the Applicant agrees to pay the City, in addition to the Industrial Facility Tax due under the IFEC on the Facility, an amount equal to the difference between the amount of ad valorem tax otherwise due on the Facility without the IFEC, and the amount of Industrial Facility Tax due on the Facility under the IFEC, for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of new and retained full-time employees indicated in the Status Report, and the denominator of which is the total number of new and retained full-time employees set forth in Section 1 above. Prior to taking any action to require the Applicant to pay any amount to the City pursuant to this Section, the City must afford the Applicant an opportunity to present at a public hear-

ing reasons for any shortfall by the Applicant in its compliance with this agreement.

**7. Reimbursement of City Costs upon Discontinuance of Operations.**

a. To enable the Applicant to make the improvements or to install the equipment, machinery, furniture and fixtures as set forth in the Application, or to enable the Applicant to operate the Facility, the City may incur costs for site acquisition, infrastructure improvements, or for other related purposes, as may be agreed to in writing between the City and the Applicant. If during the term of the IFEC the Applicant shall discontinue operations at the Facility, the applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

b. The Applicant agrees that if during the term of the IFEC it shall decide to discontinue operations at the Facility, the Applicant shall send written notification to the Director of the City Planning and Development Department within thirty (30) days of such decision. The Applicant further agrees that, within thirty (30) days of the actual discontinuance of operations, the Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department.

**8. Living Wage Ordinance.**

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance"), and the applicant affirms that it will comply with this Ordinance in all respects unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the Ordinance shall constitute a material breach of this agreement and will entitle the City to revoke, or seek revocation, of the Certificate. Willful violation of the Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

**9. Reservation of Remedies.**

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this Agreement by operation of law, judgement, court order, or otherwise shall not invalidate any of the other provisions of this

Agreement.

**10. Effective Date.**

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the facility, and shall be null and void of no force or effect whatsoever unless the Michigan State Tax Commission issues an IFEC to the Applicant covering the Facility. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

**11. Headings.**

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

IN WITNESS WHEREOF, the City and the Applicant, by and through their authorized officers and representatives, have executed this agreement as of the date first above written.

By COUNCIL MEMBER SCOTT:

WHEREAS, Raymond Patterson McKinney was born in Detroit on March 28, 1931, the fourth of ten children born to Bessie and Clarence McKinney, and

WHEREAS, Raymond McKinney's entire family was artistically gifted, and most of the children took piano lessons from their mother. His parents played a major role in developing the talents that would later shape Raymond McKinney's musical career. At an early age, Raymond's mother introduced him to the cello, which he took to immediately. He listened to classical music and cultivated a love of strings and the sound of the cello. Raymond's father held a degree in English from Morehouse College and would not allow his children to speak slang. While still a student at Northwestern High School, Raymond McKinney further displayed his respect for words and language and exhibited an exceptional gift for writing poetry, and

WHEREAS, Raymond McKinney was first introduced to jazz while attending high school. His band director switched him from cello to bass — an instrument that he noted was "coming into its own as a solo instrument in big bands by the 1940's". The same holds true for Raymond McKinney, for his determination and special talents led him to excel in his bass playing and be heard above his high school band. He developed his techniques during the era of such jazz greats as Ella Fitzgerald, Erskine Hawkins, Jay McShann and Charlie "Bird" Parker, and

WHEREAS, In a musical career that has spanned more than 40 years,

Raymond McKinney's talents led him from the twelve-hour jam sessions of youth to stages across the country. His intense and passionate style is legendary. Though Raymond McKinney has faced personal struggles with heroin addiction and failing health, at age 69, he continues to pour his creative juices into writing poetry. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby commends Raymond Patterson McKinney. He is a man of rare talent and spirit, and we will remain forever grateful for the gift of his music and poetry.

### Invocation

Text of the prayer delivered in front of Detroit City Council September 27, 2000.

Our God and the God of our fathers God, who created man in your likeness, with the freedom to choose and the wisdom to discern good from evil.

We stand here today less than 3 days from the Rosh Hashanah High Holiday. You have taught us that Rosh Hashanah commemorates not the creation of the world, but the creation of the first human being, Adam and Eve created together as one.

Why was man created alone without a society to help and comfort? You taught us through our sages why was man created alone? To teach us that the whole world can depend it's entire existence upon one person. The individual is obliged to say that the whole world was created for me — that is it — therefore depends upon my actions.

You taught us through the words of our teacher Rabbi Moses Ben Maimon, known as Maimonides. Therefore, each individual must view oneself as if equally balanced all year 1/2 good and 1/2 not as well as the entire world is 1/2 good and 1/2 not. So if he does one good deed he has tipped his scale as well as the whole world to the side of merit and brings salvation and correction to the entire cosmos. As King Solomon said, and the righteous are the foundation of the world.

May this August Body of dedicated men and women strive constantly to find favor in your eyes to bring merit and success for this city of over 1 million of your children. May all your children follow in their example and be blessed therewith, with health, prosperity and good, learned and successful children. May we all merit then to

be vessels for your light with the coming of redemption through the righteous Moshiach speedily, Amen.

Honorable City Council:

Re: Resolution Indicating Council's Intent to Engage an Energy Consulting Firm to Perform a Limited Scope Review of the Proposed Mistersky Power Plant Modernization Project for the City Council (*for today's Adjourned Session at 11:30*).

Attached is the aforementioned resolution for Council's consideration during today's adjourned session.

If Council approves the resolution today, we will work immediately on the contractual language for the project with the goal of presenting the contract to the Council for consideration this Friday. Then, hopefully, the contractor can begin its consulting services on October 2nd.

Thank you for your consideration.

Respectfully submitted,

IRVIN CORLEY, JR.

Fiscal Analyst

By Council Member Tinsley-Talabi:

Whereas, On July 24, 2000, the Public Lighting Department presented to the City Council a proposal to modernize the Mistersky Power Plant;

Whereas, The Mistersky Power Plant Modernization Project consists of 1) the construction of two (2) new electrical interconnections (*Tie Lines*) between the Mistersky Power Plant and Detroit Edison's Waterman Substation, 2) the installation of "quick start" gas turbine generators at Mistersky Power Plant, 3) the retirement of existing baseload generation equipment, and 4) the reduction of generating personnel (approximately 85 employees) through relocation within other city departments with the objective of having no layoffs;

Whereas, Under this new configuration, the Public Lighting Department proposes to become a peak generating operation whereby it would purchase approximately 95% of the city's electric load requirements throughout the majority of the year from Detroit Edison and/or other electric suppliers and operate quick start generation equipment only during periods of high electric demand or cost;

Whereas, The estimated total cost of the project is approximately \$51 million, with about \$2.3 million of this amount being attributed to the tie lines installation

and about \$49 million being attributed to the quick start generating equipment;

Whereas, It is proposed that the tie line installation would be financed through existing bond balances in the Capital Budget and the generating equipment would be financed via a 15 to 20 year financing vehicle. The equipment has a 35-40 year life;

Whereas, The City Council has been informed that it will take approximately 90 days to complete a financing package for the generating equipment;

Whereas, Although the City Council agrees in principal that the Mistersky Plant needs continual modernization, the Council wishes to obtain the assistance of an outside energy consultant to provide an evaluation and technical analysis of the proposed Mistersky Plant Modernization Project, especially given the magnitude of the project and its impact on current operations and employees;

Whereas, The tie-line component and the quick start gas turbine generating equipment component of the project will be submitted to the City Council under two separate contracts;

Whereas, The City Council has agreed in principal that the new tie lines are needed immediately to improve the reliability of the transmission system between Public Lighting and Detroit Edison. Council anticipates acting on a tie line contract within the next two weeks;

Whereas, Given the technical nature and magnitude of the quick start generation equipment proposal, the City Council has determined that an outside energy consultant provide a limited scope review of this proposal to determine its reasonableness;

Now, Let It Be Therefore Resolved, That the City Council expects an outside energy consultant during its limited scope review to determine whether:

A. converting from a baseload operating mode to a peak generating mode of operation — whereby the Public Lighting Department would purchase approximately 95% of the city's electric load requirements throughout the majority of the year from Detroit Edison and/or other electric suppliers and operate quick start generation equipment only during periods of high electric demand or cost — makes the most economic sense under the department's current obligations under the Detroit Edison contract;

B. going from a baseload operating mode to a peak generating mode enhances the department's competitive position in a deregulated and competitive electric and gas marketplace;

C. the proposed purchase of one gas turbine generator is sufficient to provide long-term and reliable service for the Mistersky power plant, particularly during peak load demand, or should the depart-

ment consider acquiring more than one generator to better provide this service;

D. the proposed generation equipment provides Public Lighting the best opportunity to produce power over peak demand load for possible sales over the national grid, allowing the department to become a higher income generator;

E. union and departmental concerns of the proposed generation equipment are approximately addressed, particularly, the concern that the acquisition of a combined cycle unit better meets the objectives of the department than the acquisition of a quick start generating unit; and be it further

Resolved, That the City Council Fiscal Analyst has determined SFT, Inc. to be qualified to perform the energy consulting services for the City Council, and be it further

Resolved, That the City Council authorizes the City Council Fiscal Analyst to begin negotiations with SFT, Inc. to provide the limited scope review of the Mistersky Modernization Project for the Council; and be it finally

Resolved, That based on the outcome of the contract negotiations, the City Council expects the City Council Fiscal Analyst to recommend to the Honorable Body a contract to engage SFT, Inc. to perform the limited scope review for Council's consideration.

#### Law Department

September 26, 2000

Honorable City Council:

Re: Joan Ghougoian vs. City of Detroit, Wayne County Circuit Court Case No. 97-737349 NZ.

On September 13, 2000, your Honorable Body approved a resolution authorizing the Law Department to enter into an order of dismissal and to enter into an agreement to arbitrate in the above referenced case.

It has come to our attention that there

was a slight error in your September 13, 2000 resolution. Therefore, the Law Department is submitting a substitute resolution for your consideration. The revised resolution clarifies that the City will abide by the terms of the Arbitration agreement as to all matters exclusive of the final arbitration award. The arbitration award will still be governed by a high-low amount of between \$100,000 and \$400,000.

It is requested that this resolution be approved with a waiver of reconsideration.

Respectfully submitted,  
MATTHEW SCHENK  
Legislative Assistant  
Corporation Counsel

By Council Member Tinsley-Talabi:

Resolved, That

The Law Department is authorized to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate in the case of Joan Ghougoian vs. City of Detroit, Wayne County Circuit Court Case No. 97-737349-NZ, on the following terms and conditions:

A. 1. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.

2. Joan Ghougoian shall recover a minimum amount of one hundred thousand dollars (\$100,000.00).

The maximum amount of any award to Joan Ghougoian shall not exceed the amount of four hundred thousand dollars (\$400,000.00).

3. Any award under one hundred thousand dollars (\$100,000.00) shall be interpreted to be in the amount of one hundred thousand dollars (\$100,000.00).

Any award over four hundred thousand dollars (\$400,000.00) shall be interpreted to be in the amount of four hundred thousand dollars (\$400,000.00).

4. All other terms shall be governed by the Arbitration Agreement entered into by the parties on March 24, 2000; notwithstanding the September 13, 2000 Resolution by Detroit City Council concerning this matter.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay part or all four hundred thousand dollars (\$400,000.00) to Joan Ghougoian, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of Joan Ghougoian and Debra Arlen, in the amount of the arbitrators' award, but said draft may not be less than one hundred thousand dollars (\$100,000.00) and shall not exceed four hundred thousand dollars (\$400,000.00).

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for the Buildings and Safety Engineering Inspectors (Tripartite).

August 8, 2000

Honorable City Council:

Re: Authorization to accept the 2000-2001 Head grant award in the amount of \$43,205,155 and enter into a contract with the eight delegate agencies.

The Department of Human Services (DHS) is the Grantee for the Head Start Program currently serving 7,402 eligible children and their families in Detroit. The program is funded on an annual basis by the U.S. Department of Health & Human Services Administration for Children and Families. Our grant year runs from November 1, 2000 through October 31, 2001 and official notification of the grant totaling \$43,205,155 will be received shortly.

Because we did not receive the grant award from the U.S. Department of Health & Human Services in a timely manner, we are not able to process continuation contracts with our delegate agencies before the new year begins on November 1, 2000. Those contracts are being processed and all the proper clearance have been obtained. However, the time required to process the contract may adversely affect the delivery of Head Start services.

To avoid any disruption of service and address cash flow problems that our delegates may experience, the DHS is requesting that City Council pass a resolution authorizing DHS to accept the 2000-2001 Head Start grant in the amount of \$43,205,155 and also enter into contracts with our eight delegate agencies.

The Department intends to prepare and process the formal contract as soon as possible. At this juncture, it is necessary to request pre-approval of this contract. However, as always, the approved detailed budgets will be attached to the contract. All expenditures will be in accordance with budgets approved by the U.S. Department of Health and Human Services and the DHS. WHEREAS, State Senators Chris Dingell, Ray Murphy, Don Koivisto, Alma Wheeler-Smith, Joe Young, Jr., and State Representatives Paul Wojno and Eileen DeHart have introduced a bill that would protect citizens against fraud by telephone, and

WHEREAS, Many states including Illinois, Minnesota, Ohio and Wisconsin have legislation that requires registration, licensure and bonding of all telemarketers. In Michigan, law enforcement's efforts to police questionable practices in the telemarketing industry are frustrated by an inability to acquire information about the identity and location of the businesses employing phone solicitors, and

#### RESOLUTION

##### REGARDING "DRUG LEGALIZATION"

By COUNCIL MEMBER TINSLEY-TALABI:

WHEREAS, Studies over years have repeatedly found that over 85% of Americans oppose the legalization of illicit drugs; and

WHEREAS, "There are at least 92 known pro-drug legalization internet web sites that promote the use and legalization of drugs and 59 well funded pro-drug legalization organizations: according to Drug Free America Foundation, Inc.; and

WHEREAS, According to Reader's Digest, January, 1997, a 1994 study showed that adults who used pot as children are 17 times more likely to become regular cocaine users; and

WHEREAS, Studies have shown that deep inside the brain, THC — the active ingredient in marijuana — may suppress the neurons of the hippocampus, where short-term memories are processed and sent to other brain areas for storage. As a result, the ability to learn and to remember recent events may be hampered; and

WHEREAS, Smoking marijuana can deliver three times more tar than smoking tobacco. Its irritating smoke dilates blood vessels; it also reddens the eyes and inflames delicate nasal tissues. Regular use can lead to chronic bronchitis; and

WHEREAS, Based on animal and in vitro studies using both human and animal material, it's possible that pot may impair the capacity of the white cells to fight invading infection; and

WHEREAS, Marijuana tinkers with the appetite center of the brain stem, which bring upon bouts of the "munchies" — a craving for sugary food; and

WHEREAS, In men, some studies show sperm production can drop. And in women, ovulation may be inhibited; and

WHEREAS, Every legitimate drug requires rigorous testing by the FDA before being approved, marijuana advocates are opting for medicine by popular vote. In 1998, signatures were gathered for medical-marijuana initiatives in a half-dozen States and the District of Columbia; and

WHEREAS, Marijuana's main ingredient, THC is effective in relieving nausea and inducing weight gain in cancer and AIDS patients, the FDA has approved Marinol, a synthetic pill of THC. Marijuana in its smoked form has never been shown in controlled scientific studies to be safe or effective. In fact, marijuana smoke contains over 2000 chemicals, many of which produce psychoactive reactions, cause lung damage and in cancer and AIDS patients — increase the risk of pneumonia and weaken the immune system; and

WHEREAS, There is no conclusive evidence that marijuana is superior to currently available medicines, according to Dr. Eric Voth, chairman of the International Drug Strategy Institute in Omaha; and

WHEREAS, Gen. Barry R. McCaffrey (Ret.), director of the Office of National Drug Control Policy, "Medical Marijuana is a stalking-horse for legalization. This is not about compassion, it is about the legalization of dangerous drugs.;" and

WHEREAS, The legalization of marijuana and other drugs has been debated for more than 30 years, with a vast majority of Americans standing in opposition. Legalization supporters have used the argument that drugs are necessary for medical reasons. But now, for the first time, they have significant financial backing. In the last six years, a handful of America's wealthiest people have contributed \$20 million to groups that promote medical marijuana or their radical drug-policy reforms. Billionaire financier George Soros is the biggest giver, donating more than \$16 million. Others include Peter Lewis, CEO of Cleveland-based Progressive Corp., the nation's sixth largest auto insurer, and John Sterling, president of the Apollo Group, a holding company that controls for profit universities and job training centers; and

WHEREAS, A well-funded campaign to change Marijuana laws in Michigan was under-way. This campaign called Personal Responsibility Amendment 2000; Michigan Constitutional Initiative, designed to change Marijuana laws in favor of legalization, organized to collect 302,711 signatures by June 10, 2000 in order to put this initiative on the ballot in November 2000; NOW THEREFORE BE IT

RESOLVED, That the Detroit City

Council strongly believes that the best approach to a drug control program is to concentrate on reducing the demand for drugs through funding of substance abuse prevention programs; AND BE IT FURTHER

RESOLVED, That the Detroit City Council strongly believes that treatment availability must be seriously enhanced, but treatment must not be a revolving door. It must be carefully designed and outcome-based; AND BE IT FURTHER

RESOLVED, That the Detroit City Council believes that drug screening is an extremely effective means for identifying drug users; however, screening must be coupled with a rehabilitative approach and not simply punishment; AND BE IT FURTHER

RESOLVED, That the Detroit City Council believes as a high priority, the self-serving strategies of the drug culture

to legalize marijuana must be exposed. The public needs to become aware of how drug culture advocates are manipulating public opinion in the same fashion that the tobacco industry has for so many years; AND BE IT FURTHER

RESOLVED, That the Detroit City Council supports a comprehensive, compassionate but restrictive drug policy which partners prevention, treatment and law enforcement as the method to show the greatest chance for success; AND BE IT FINALLY

RESOLVED, That the Detroit City Council is opposed to legalization of Marijuana in the City of Detroit.

Adopted as follows:

Yeas — Council Members K. Cockrel, Jr., Hood, Scott, Tinsley-Talabi, and President Hill — 5.

Re: Budget Amendment — Casino Development Process Cost.

In accordance with the casino development agreements, the developers have agreed to pay the City of Detroit for the City's development process costs associated with the casino developments. The Law Department and City Council's Division (Research & Analysis, Fiscal Analysis and City Planning Commission) have several professional and legal services contracts associated with the casino development process. The attached resolution would allow the periodic payments, made by the casino developers to the City for development process costs, to be appropriated for contracts and contract amendments as these contract events occur.

The Law Department will provide City Council with reports detailing these expenses by the Law Department.

I respectfully request adoption of this resolution by your Honorable Body, with waiver of consideration.

Respectfully submitted,  
PHYLLIS A. JAMES  
Corporation Counsel

By Council Member K. Cockrel, Jr.:

Whereas, It is the desire of the City of Detroit to use said revenues to offset cer-

tain expenses incurred by the City of Detroit in implementing the casino developments;

And, Be It Further

Resolved, That the Finance Director be and hereby is authorized to increase the following appropriations: Law Department, 32-00527, Administration and Operations; City Council, 52-00268, City Legislative Functions; and any other appropriations pertinent to the City's Development Process Costs, in the amount of all payments associated with current and future contracts and contract amendments for Development Process Costs, as said costs are incurred;

And, Be It Further

Resolved, That pursuant to City Council resolution adopted May 12, 1999 regarding City Expenditures for the Casino Gaming Project, the Finance Department will include in its monthly reports all existing Development Process Costs contracts, the contract amount, the contract expenditures to date, the remaining contract balance, and the reimbursements made by each casino developer of the Development Process Costs;

Honorable City Council:

Re: Lease agreement for Metro Detroit Valet Services, Inc. to provide parking for Greektown Casino, L.L.C.

We are in receipt of a request from Metro Detroit Valet Services, Inc., a Michigan Corporation, to lease to it a portion of property at 1428-1430 E. Metro Detroit Valet Services, Inc., will provide parking on this property for employees of Greektown Casino, L.L.C. This parking is necessary because the temporary casino ordinance for Greektown Casino, L.L.C. requires the developer of the casino to demonstrate control over adequate parking for both patrons and employees prior to receiving a certificate of occupancy from the City of Detroit.

Under the terms of the proposed lease agreement, Metro Detroit Valet Services, Inc., will lease the property from the City of Detroit for a period of one (1) year with three (3) options to renew the lease for an additional term of one year. Metro Detroit Valet Services, Inc. shall pay a monthly rent of seven thousand five hundred dollars (\$7,500.00) to the City of Detroit during the term of the lease.

People United As One Plaza Apartments will consist of 38 newly constructed units; 23 1-bedroom 1-bath units and 15 2-bedroom 1-bath units. The development is in the area bounded by a public alley to the north, Second Avenue to the east, Third Avenue to the west and Myrtle to the south.

MSHDA has indicated that such development receiving low income tax credits but receiving no financing from the Authority are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Act of 1966 as amended.

In accordance with the National Housing Act and the criteria for the award for reservation of Low Income Housing Tax Credits and the Planning and

Development Home Investor Loan Program at least twenty percent (20%) or 8 of the units must be occupied by households having income no greater than 50% of the area median income, adjusted for family size.
