Honorable City Council:

Re: Historic Designation Advisory Board submitting its final report on the proposed David Whitney Building Historic District.

At the designation of the Historic Designation Advisory Board at its meeting of December 14, 2000, I am pleased to submit to your Honorable Body the board's final report on the proposed David Whitney Building Historic District. The recommendation of the Advisory Board is for designation and, therefore, a draft ordi-

nance of designation is attached. Please note that the designation also includes the interior lobby spaces of the building as well. The ordinance has been approved as to form by the Law Department.

Also on file in the City Clerk's office with the Board's final report is a copy of the minutes of the public hearing held by the Advisory Board on this matter. The designation was requested by the building's owners, the Whitney Hotel Group, LLC. Donald Reynaert, who is a part of the Whitney Hotel Group, represented the ownership interest and Frances Mills of the Downtown CDC represented the community interest as ad hoc representatives to the Advisory Board; both are in favor of the proposed district. A copy of the Planning and Development Department review of the proposed David Whitney Building Historic District as it relates to the *Master Plan of Policies* is also on file in the City Clerk's office.

**AN ORDINANCE to amend Chapter 25, Article II, of the 1984 Detroit City Code by adding Section 25-2-133 to establish the David Whitney Building Historic District, to establish rehabilitation as the design treatment level for the district, and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II, of the 1984 Detroit City Code be amended by adding Section 25-2-133 to read as follows:

**SEC. 25-2-133. DAVID WHITNEY BUILDING HISTORIC DISTRICT.**

(A) A HISTORIC DISTRICT TO BE KNOWN AS THE DAVID WHITNEY BUILDING HISTORIC DISTRICT IS HEREBY ESTABLISHED IN ACCORDANCE WITH THE PROVISIONS OF THIS ARTICLE.

(B) THIS HISTORIC DISTRICT DESIGNATION IS HEREBY CERTIFIED AS BEING CONSISTENT WITH THE DETROIT MASTER PLAN.

(C) THE BOUNDARIES OF THE DAVID WHITNEY BUILDING HISTORIC DISTRICT ARE AS SHOWN ON THE MAP ON FILE IN THE OFFICE OF THE CITY CLERK, AND SHALL BE: ON THE NORTH, THE CENTERLINE OF PARK BOULEVARD; ON THE EAST, THE CENTERLINE OF WOODWARD AVENUE; ON THE SOUTHEAST, THE SOUTH LINE, EXTENDED EASTERLY AND WESTERLY, OF LOT 23 OF THE PLAT OF SECTION 8, GOVERNOR AND JUDGE'S PLAN OF SECTION 8, AS

RECORDED IN LIBER 34 OF DEEDS, PAGE 543, WAYNE COUNTY RECORDS; ON THE SOUTHWEST, THE SOUTH LINE, EXTENDED EASTERLY AND WESTERLY, OF LOT 20 OF THE PLAT OF SECTION 8, GOVERNOR'S AND JUDGE'S PLAN OF SECTION 8, AS RECORDED IN LIBER 34 OF DEEDS, PAGE 543, WAYNE COUNTY RECORDS; AND ON THE WEST, A LINE FIFTY (50) FEET WEST OF AND PARALLEL TO THE EASTERLY LINE OF THE RIGHT-OF-WAY OF WASHINGTON BOULEVARD, EXTENDED NORTHERLY TO ITS INTERSECTION WITH THE CENTERLINE OF PARK BOULEVARD. THE LEGAL DESCRIPTION IS AS FOLLOWS: LOTS 20, 21, 22, AND 23 INCLUDING VACATED 20 FOOT ALLEY BETWEEN LOTS 20 AND 23, PLAT OF SECTION 8, GOVERNOR & JUDGE'S PLAN OF SECTION 8, AS RECORDED IN LIBER 34 OF DEEDS, PAGE 543, WAYNE COUNTY RECORDS.

(D) THE DESIGN TREATMENT LEVEL OF THE DAVID WHITNEY BUILDING HISTORIC DISTRICT SHALL BE REHABILITATION AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE.

(E) THE DEFINED ELEMENTS OF DESIGN, AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE, SHALL BE AS FOLLOWS:

(1) **HEIGHT.** THE DAVID WHITNEY BUILDING IS EIGHTEEN (18) STORIES TALL.

(2) **PROPORTION OF BUILDINGS FRONT FACADES.** THE DAVID WHITNEY BUILDING HAS THREE (3) PROMINENT ELEVATIONS OR STREET FACADES, EACH SUBSTANTIALLY TALLER THAN WIDE. THE PARK BOULEVARD (NORTH) FACADE IS FIVE (5) BAYS WIDE AND THE SIDE ELEVATIONS ARE SEVEN (7) BAYS WIDE.

(3) **PROPORTION OF OPENINGS WITHIN THE FACADE.** LARGE SQUARE STOREFRONT WINDOWS AND ENTRANCE BAYS, EACH ORIGINALLY SHARING AN OPENING TALLER THAN WIDE WITH A LARGE TRANSOM, LINE THE GROUND FLOOR OF THE THREE (3) STREET FACADES OF THE DAVID WHITNEY BUILDING. THE PRIMARY ENTRANCES INTO THE DAVID WHITNEY BUILDING LOBBY, ONE (1) ON EACH OF THE STREET FACADES, ARE ARRANGED WITH A REVOLVING DOOR OCCUPYING TWO-THIRDS (2/3) OF THE OPENING WITH A SINGLE DOOR TO ITS SIDE. THE STOREFRONT WINDOWS WERE EACH ORIGINALLY DIVIDED INTO THREE (3) VERTICAL SECTIONS, SOME WITH A SINGLE ENTRANCE DOOR OCCUPYING ONE OF THE OUTER SECTIONS. TWO (2) OF THE STOREFRONTS ON THE WOODWARD AVENUE (EASTERN)

ELEVATION HAVE RECESSED ENTRANCES. THREE (3) STORY HIGH GROUPINGS OF OPENINGS OCCUPY EACH BAY FROM THE SECOND THROUGH FOURTH FLOORS; ON EACH FLOOR THERE IS A TRIPARTITE WINDOW ARRANGEMENT COMPOSED OF A FIXED-PANE WINDOW FLANKED ON EACH SIDE BY A ONE-OVER-ONE DOUBLE-HUNG SASH WINDOW; THESE GROUPINGS ON EACH FLOOR ARE SEPARATED BY SPANDRELS. THERE ARE TWO (2) WINDOW OPENINGS PER BAY FROM THE FIFTH THROUGH EIGHTEENTH FLOORS, EACH BEING TWO (2) TIMES TALLER THAN WIDE AND CONTAINING ONE-OVER-ONE DOUBLE-HUNG SASH WINDOWS. OVERALL, OPENINGS IN THE STREET FACADES AMOUNT TO APPROXIMATELY FIFTY PERCENT (50%) VOIDS.

(4) **RHYTHM OF SOLIDS TO VOIDS IN FRONT FACADES.** A SYMMETRICAL GRID PATTERN IS CLEARLY DISCERNABLE ON THE PROMINENT ELEVATIONS OF THE DAVID WHITNEY BUILDING REFLECTING THE STRUCTURAL STEEL FRAME. WINDOW FRAMES AND ENTRANCES ARE RECESSED DEEPLY INTO THE WALL SURFACES, WITH THE EXCEPTION OF THE GROUND FLOOR STOREFRONT WINDOWS, WHICH APPEAR FLUSH WITH THE WALL SURFACES. THE END BAYS OF THE REAR (SOUTH) ELEVATION DISPLAY DOUBLE-HUNG SASH WINDOWS WITH THEIR ORIGINAL THREE-OVER-THREE VERTICAL PANE CONFIGURATION.

(5) **RHYTHM OF SPACING OF BUILDINGS ON STREETS.** THE DAVID WHITNEY BUILDING IS THE ONLY STRUCTURE ON THE PARK BOULEVARD BLOCK FACE; THE WOODWARD AVENUE ELEVATION ABUTS THE WALL OF BUILDINGS COMPRISING THE INTACT BLOCK FACE EXTENDING SOUTHWARD TO CLIFFORD AVENUE, AND THE WASHINGTON BOULEVARD ELEVATION IS SEPARATED FROM THE BLOCK FACE EXTENDING SOUTHWARD BY A NARROW GATED SERVICE ALLEY.

(6) **RHYTHM OF ENTRANCE AND/OR PORCH PROJECTIONS.** THE PARK BOULEVARD ENTRANCE IS CENTERED ON THE FRONT FACADE; THE WOODWARD AVENUE AND WASHINGTON BOULEVARD ENTRANCES ARE LOCATED THE DISTANCE OF A SINGLE BAY FROM THE SOUTHERN CORNER. THESE RECESSED MAIN ENTRANCES ARE COMPOSED OF A REVOLVING DOOR AT ONE END OF THE OPENING AND A SINGLE DOOR TO ITS SIDE. SOME STOREFRONTS HAVE INDIVIDUAL ENTRANCE DOORS ON THE PUBLIC

SIDEWALK; TWO HAVE RECESSED ENTRANCES.

(7) **RELATIONSHIP OF MATERIALS.** ORIGINALLY SHEATHED IN LIGHT STONE, THE FIRST FLOOR HAS BEEN RESURFACED WITH GRANITE PANELS AND THE OPENINGS IN THE SECOND THROUGH FOURTH FLOORS HAVE BEEN FRAMED IN GRANITE. THE WALL SURFACE ABOVE THE FIRST FLOOR IS GLAZED BRICK. ORIGINAL TERRA COTTA ORNAMENTATION ON THE FIFTH FLOOR AND FLOORS FIFTEEN THROUGH EIGHTEEN, AS WELL AS THE CORNICE AND THE PARAPET, HAVE BEEN REMOVED. ENTRANCES AND STOREFRONT WINDOWS ON THE FIRST FLOOR ARE FRAMED IN BRONZE; WINDOWS IN THE SECOND THROUGH FOURTH STORIES ARE SET IN BRONZE FRAMES AND ARCHITRAVES WITH TERRA COTTA SPANDRELS BELOW. GLASS IN LARGE WINDOW AREAS IS A MAJOR MATERIAL.

(8) **RELATIONSHIP OF TEXTURES.** THE SMOOTH, SHINY TEXTURE OF POLISHED GRANITE, GLAZED BRICK, AND LARGE GLASS SURFACE AREAS CONTRASTS WITH THE TEXTURE CREATED BY THE WALL SURFACES OF STANDARD SIZED BRICK AND MORTAR JOINTS.

(9) **RELATIONSHIP OF COLORS.** MEDIUM GRAY-PINK GRANITE PANELS SHEATH THE FIRST FLOOR, WHICH WAS FORMERLY SURFACED WITH A LIGHT-COLORED STONE. BLACK GRANITE SKIRTS SOME OF THE STOREFRONT WINDOWS. THE BRICK ABOVE THE GROUND FLOOR IS WHITE. THE MAJORITY OF THE WALLS OF THE REAR ELEVATION ARE YELLOWISH-BUFF COLORED BRICK. BRONZE FRAMED STOREFRONT WINDOWS AND ENTRANCES ARE WEATHERED GREEN. BRONZE LETTERS OVER THE ENTRANCES BEAR THE NAME OF THE BUILDING. SPANDREL PANELS ON THE SECOND THROUGH FOURTH FLOOR ARE PAINTED MAROON OR BLACK WITH GOLD DETAIL. ABOVE THE FOURTH FLOOR, WINDOW FRAMES AND SASHES ARE PAINTED GREEN.

(10) **RELATIONSHIP OF ARCHITECTURAL DETAILS.** THE ORIGINAL ARCHITECTURAL DETAILS ON THE EXTERIOR OF THE DAVID WHITNEY BUILDING REFLECTED THE ITALIAN RENAISSANCE STYLE AS APPLIED TO AN EARLY TWENTIETH CENTURY COMMERCIAL TALL BUILDING. MOST OF THAT DETAIL HAS BEEN REMOVED IN FAVOR OF A SIMPLER MODERNISTIC APPEARANCE. THE SECOND THROUGH FOURTH FLOORS CONTAIN THEIR ORIGINAL DECORATIVE SPANDREL PANELS FRAMED BY A RUNNING GREEK FRET PATTERN

AND WITHIN, A RECESSED PANEL SURROUNDED BY AN EGG AND DART MOLDING. DECORATIVE ARCHITRAVES DISPLAY A RUNNING GREEK FRET PATTERN. PILASTERS DIVIDE THE BAYS, RISING FROM THE SECOND STORY TO THE PARAPET. BENEATH EACH WINDOW ON THE FIFTH THROUGH EIGHTEENTH FLOORS IS A RECESSED BRICK DECORATIVE SPANDREL. EACH BAY IS DIVIDED IN HALF BY NARROW BRICK PILASTERS WHICH RISE UP THROUGH THE SCREENING ABOVE THE PARAPET. A NEON SIGN BEARING THE NAME OF THE BUILDING AND A TALL FLAG POLE ARE CENTERED ABOVE THE PARAPET OF THE PARK BOULEVARD FRONT FACADE, SCREENING MECHANICAL SYSTEMS ABOVE.

(11) **RELATIONSHIP OF ROOF SHAPES.** THE ROOF OF THE DAVID WHITNEY BUILDING IS NOT VISIBLE FROM THE STREET. MECHANICAL SYSTEMS ARE VISIBLE ABOVE THE ROOF LINE.

(12) **WALLS OF CONTINUITY.** THE DAVID WHITNEY BUILDING CONTRIBUTES GREATLY TO THE WALLS OF CONTINUITY CREATED BY THE BUILDING ELEVATIONS ALONG WOODWARD AVENUE AND WASHINGTON BOULEVARD; THE PARK BOULEVARD FACADE CONTRIBUTES TO THE WALL OF BUILDINGS SURROUNDING GRAND CIRCUS PARK.

(13) **RELATIONSHIP OF SIGNIFICANT LANDSCAPE FEATURES AND SURFACE TREATMENTS.** THE DAVID WHITNEY BUILDING IS SITED ON THE LOT LINES OF ITS PENTAGONAL SITE. THE BROAD CONCRETE AND BRICK SIDEWALK IN FRONT IS OBSTRUCTED BY LARGE CONCRETE PILLARS SUPPORTING THE PEOPLE MOVER TRACK. THE PUBLIC SIDEWALKS IN FRONT OF THE WEST AND EAST ELEVATIONS ARE PAVED IN BRICK, AS IS THE ALLEY BEHIND THE SOUTHWEST HALF OF THE BUILDING. TREES AND BUSHES IN THE PUBLIC RIGHT-OF-WAY ARE LOCATED ON EITHER SIDE OF THE BRICK-PAVED SERVICE ROAD/PLAZA AT THE WASHINGTON BOULEVARD ELEVATION. WOODEN BENCHES, PARKING METERS, AND THE UNIQUE LIGHTING SCHEME COMPRISED OF TUBULAR LIGHTING WITH TRUSSES ON METAL POLES BETWEEN THE DAVID WHITNEY BUILDING AND THE ROADWAY, BEYOND WHICH IS THE STEEL AND GLASS TROLLEY BARN, PROVIDE THE MODERN SETTING FOR THE WEST ELEVATION. STREET FURNITURE AT THE WOODWARD ELEVATION CONSISTS OF WOOD BENCHES AND TREES PLANTED IN SIDEWALK GRATES.

(14) **RELATIONSHIP OF OPEN SPACE TO STRUCTURES.** THE PARK BOULEVARD FACADE OPENS OUT TO GRAND CIRCUS PARK. THIS FACADE IS PHYSICALLY ATTACHED TO THE STEEL AND GLASS GRAND CIRCUS PARK PEOPLE MOVER STATION PLATFORM AT MEZZANINE LEVEL. THE OTHER PROMINENT ELEVATIONS OPEN ONTO WIDE THOROUGHFARES. TO THE WEST, AN ALLEY EXISTS BEHIND THE SOUTHWEST HALF OF THE BUILDING, CREATING A BREAK BETWEEN THE DAVID WHITNEY BUILDING AND THE BUILDING TO THE SOUTH ON WASHINGTON BOULEVARD; THERE IS NO OPEN SPACE BETWEEN BUILDINGS ON WOODWARD AVENUE.

(15) **SCALE OF FACADES AND FACADE ELEMENTS.** THE DAVID WHITNEY BUILDING IS LARGE IN SCALE WHEN COMPARED TO THE SURROUNDING AREA. ELEMENTS WITHIN THE FACADE, SUCH AS THE STOREFRONTS AND WINDOW GROUPINGS, ARE ALSO LARGE IN SCALE. ARCHITECTURAL DETAIL, WHERE IT EXISTS, IS SMALL IN SCALE.

(16) **DIRECTIONAL EXPRESSION OF FRONT ELEVATIONS.** THE DIRECTIONAL EXPRESSION OF THE DAVID WHITNEY BUILDING IS EMPHATICALLY VERTICAL.

(17) **RHYTHM OF BUILDING SETBACKS.** NO SETBACK FROM THE PUBLIC RIGHT OF WAY EXISTS; THE BUILDING IS SITED ON ITS LOT LINES, CORRESPONDING TO THE SETBACK OF BUILDINGS ON PARK BOULEVARD, WOODWARD AVENUE AND WASHINGTON BOULEVARD.

(18) **RELATIONSHIP OF LOT COVERAGES.** LOT COVERAGE IS ONE HUNDRED PERCENT (100%).

(19) **DEGREE OF COMPLEXITY WITHIN THE FACADES.** THE FACADE AND MAJOR ELEVATIONS OF THE DAVID WHITNEY BUILDING ARE STRAIGHTFORWARD IN THEIR ARRANGEMENT. THE DETAIL THAT REMAINS IS NOT COMPLEX.

(20) **ORIENTATION, VISTAS, OVERVIEWS.** THE DAVID WHITNEY BUILDING IS ORIENTED TOWARDS GRAND CIRCUS PARK, A SEMI-CIRCULAR PASSIVE RECREATIONAL SPACE. VIEWS OF THE BUILDING AND FROM THE BUILDING HAVE BEEN OBSTRUCTED BY THE PRESENCE OF THE GRAND CIRCUS PARK PEOPLE MOVER STATION AND ELEVATED TRACKS. ITS SIDE ELEVATIONS ARE ORIENTED TOWARD MAJOR STREETS — WOODWARD AVENUE AND WASHINGTON BOULEVARD — EXTENDING SOUTH OF GRAND CIRCUS PARK WHICH ARE DEVEL-

OPED WITH BUILDINGS OF LOWER OR SIMILAR HEIGHTS, RESULTING IN FINE VIEWS FROM THE UPPER STORIES OF THE DAVID WHITNEY BUILDING. THE UNADORNED REAR ELEVATION IS PROMINENTLY SEEN LOOKING NORTH FROM LOWER WOODWARD AVENUE; ITS ELEMENTS STEP UP TO AN ORIGINAL PENTHOUSE.

(21) **SYMMETRIC OR ASYMMETRIC APPEARANCE.** THE PARK BOULEVARD FACADE IS SYMMETRICAL; THE SIDE ELEVATIONS ARE MOSTLY SYMMETRICAL ALTHOUGH THE ENTRANCES ON THE SIDE ELEVATIONS ARE NOT CENTERED.

(22) **GENERAL ENVIRONMENTAL CHARACTER.** THE DAVID WHITNEY BUILDING IS ONE OF THE MAJOR BUILDINGS SURROUNDING GRAND CIRCUS PARK. ALTHOUGH ITS SETTING HAS BEEN COMPROMISED BY THE PEOPLE MOVER AND THROUGH LOSS OF OTHER STRUCTURES AROUND GRAND CIRCUS PARK, ROAD REDESIGN AND RESURFACING AND MODERN STREET FURNITURE, ITS PRESENCE PROVIDES A GRAND TERMINUS TO LOWER WOODWARD AVENUE.

(F) IN ACCORDANCE WITH SECTIONS 25-2-5 OF THIS CODE, THE HISTORIC DISTRICT COMMISSION IS HEREBY AUTHORIZED TO CONSIDER INTERIOR FEATURES IN CERTAIN PORTIONS OF THE DAVID WHITNEY BUILDING HISTORIC DISTRICT. A PERMIT SHALL BE REQUIRED FOR SUCH INTERIOR WORK IN THOSE PORTIONS OF THE DAVID WHITNEY BUILDING, AS REQUIRED IN SECTION 25-2-18 OF THIS CODE, AS IF SUCH WORK WERE EXTERIOR WORK. THE COMMISSION'S CONSIDERATION OF THE INTERIOR FEATURES OF THE DAVID WHITNEY BUILDING, AS PROVIDED FOR IN SECTION 25-2-5 OF THIS CODE, SHALL BE AS FOLLOWS:

(1) THE INTERIOR SPACES OF THE DAVID WHITNEY BUILDING WHICH ARE HEREBY MADE SUBJECT TO THE COMMISSION'S CONSIDERATION ARE THOSE SPACES NORMALLY ACCESSIBLE TO THE PUBLIC FROM THE MAIN ENTRANCE DOORS ON WASHINGTON BOULEVARD, WOODWARD AVENUE, AND PARK AVENUE, INCLUDING THE FOUR (4) STORY HIGH LOBBY (SOMETIMES CALLED AN ATRIUM AND REFERRED TO AT THE TIME OF CONSTRUCTION AS A 'CENTRAL LIGHT COURT') AND ITS ADJOINING SPACES INCLUDING THE ONE (1) STORY HIGH ENTRANCE AREAS OR HALLWAYS WHICH LEAD FROM THE LOBBY TO THE MAIN ENTRANCE DOORS AND THE BALCONY AREAS OF THE UPPER THREE (3) FLOORS OF THE LOBBY.

FEATURES WITHIN THESE AREAS SUBJECT TO THE COMMISSION'S CONSIDERATION INCLUDE, BUT ARE NOT LIMITED TO, WALL SURFACES (INCLUDING THE STORE FRONTS FACING THE LOBBY ON ALL FOUR (4) FLOORS), CEILINGS (INCLUDING THE GLAZED SKYLIGHT COVERING THE LOBBY), FLOOR SURFACES, AND PERMANENT FIXTURES INCLUDING LIGHT FIXTURES. AREAS WHICH ARE NOT MADE SUBJECT TO THE COMMISSION'S CONSIDERATION INCLUDE THE INTERIOR OF STORES AND OFFICES ADJOINING THE LOBBY AND ALL OTHER AREAS WITHIN THE DAVID WHITNEY BUILDING, INCLUDING BASEMENTS, THE UPPER FLOORS FROM THE FIFTH FLOOR TO THE ROOF, ATTIC AREAS, AND THE INTERIORS OF CLOSETS AND SERVICE AREAS.

(2) WHEN CONSIDERING PROPOSALS FOR THE ALTERATION, DEMOLITION, PARTIAL DEMOLITION, REMOVAL, OR ADDITION TO ANY OR ALL OF THE ARCHITECTURAL FEATURES AND PERMANENT FURNISHINGS WITHIN THE DESIGNATED AREAS OF THE INTERIOR OF THE DAVID WHITNEY BUILDING, THE COMMISSION SHALL USE THE FOLLOWING CRITERIA:

(i) SUBSECTIONS (E)(1) THROUGH (E)(22) OF THIS SECTION AS APPLICABLE;

(ii) THE ARCHITECTURAL OR HISTORIC SIGNIFICANCE OF THE EXISTING OR PROPOSED STRUCTURE, FEATURE, OR PERMANENT FIXTURE, AND ITS RELATIONSHIP TO THE ARCHITECTURAL AND HISTORICAL VALUE OF THE DAVID WHITNEY BUILDING HISTORIC DISTRICT;

(iii) THE PURPOSE OF THE DESIGNATED SPACES WITHIN THE DAVID WHITNEY BUILDING HISTORIC DISTRICT AND THE NEEDS OF ITS OWNERS; PROVIDED, THAT SUCH CONSIDERATIONS SHALL NOT BIND THE COMMISSION TO PERMIT ANY WORK SOLELY ON THE BASIS OF SUCH CONSIDERATIONS;

(iv) THE PROVISIONS OF SECTION 25-2-22 OF THIS CODE; AND

(v) ANY OTHER FACTOR, INCLUDING AESTHETICS, WHICH THE COMMISSION FINDS RELEVANT.

(3) AS A GUIDE IN CONSIDERING PROPOSALS AFFECTING THE DESIGNATED INTERIOR SPACES OF THE DAVID WHITNEY BUILDING HISTORIC DISTRICT THE COMMISSION SHALL MAKE USE OF A SET OF SLIDES, TAKEN BY THE STAFF OF THE HISTORIC DESIGNATION ADVISORY BOARD AT OR NEAR THE EFFECTIVE DATE OF THIS SECTION, WHICH REPRESENT THE STATE OF THOSE INTE-

RIOR SPACES AS OF THE DATE OF DESIGNATION. A COPY OF THIS SET OF SLIDES, TOGETHER WITH A LIST DESCRIBING EACH SLIDE AND A DIAGRAM SHOWING THE RELATIONSHIP OF THE SLIDES TO THE DESIGNATED INTERIOR SPACES, SHALL BE PLACED ON FILE IN THE OFFICES OF THE CITY CLERK, THE HISTORIC DESIGNATION ADVISORY BOARD, THE HISTORIC DISTRICT COMMISSION, AND THE BURTON HISTORICAL COLLECTION OF THE DETROIT PUBLIC LIBRARY.

**Section 2.** All ordinances or parts of ordinances, or resolutions, that are in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety and welfare of the People of the City of Detroit, and shall become effective in accordance with the applicable provisions of the 1997 Detroit City Charter.

Re: Reprogramming: Human Services Department Project.

The Planning and Development Department hereby respectfully requests the City Council act on the attached resolution authorizing the assignment of a

new appropriation for the Wayne County Neighborhood NLS Landlord Tenant Homeless Services.

This project was to be transferred from the Planning and Development Department to the Human Services Department for the 1999-2000 fiscal year. Another project with a similar name, Wayne County NLS Aids/Law Services, was inadvertently transferred to the Human Services Department (J.C.C. October 20, 1999). This action reconciles the error and returns the Wayne County NLS Aids/Law Services project to the Planning and Development Department.

Honorable City Council:

Re: Resolution Requesting Authority to Acquire Crown Enterprises Properties, Easements and Rights-of-Way for the Conner Creek Combined Sewer Overflow Facility Pilot (Ward 21, Item No. 70.002L).

As part of its long-term Combined Sewer Overflow (CSO) control plans, the Detroit Water and Sewerage Department (DWSD) will construct several CSO facilities along the Detroit and Rouge Rivers. One such facility, a detention basin, is to be constructed next to the Conner Creek Pumping Station.

Two sites were considered for the basin, Crown and Maheras Park. The Crown site was selected because its closeness to the Conner Creek Station will result in significant savings to the Department.

The 19.09-acre parcel is vacant. The Department is aware, after reviewing environmental reports, that the property is considered a "facility" under the Natural Resources Protection Act. This will require that DWSD follow "due care" requirements to prevent the exacerbation of existing contamination. The property also has a "Covenant Not To Sue" with the State of Michigan, which transfers with ownership.

The Conner Creek CSO Pilot Facility is currently being considered for State Revolving Loan Funding in the first quarter fiscal year 2001. The estimated cost for this project is \$154,000,000. In order for the project to remain on target for this funding, the study and basis of design which has started, requires that DWSD enter into a commitment to acquire this property no later than June 1, 2000. The site has been appraised at \$1,223,000.00. An offer of just compensation will be made to Crown Enterprises for this amount.

All properties will be acquired in accordance with state and federal property acquisition laws as well as City of Detroit local ordinances. Time is important since the NPDES Permit contains certain dates to complete construction and initiate operation of various capital improvements.

DWSD respectfully requests your Honorable Body's approval of the "Resolution of Necessity" to acquire the Crown Enterprises properties, easements and rights-of-way.

Respectfully submitted,

By Council Member Hood:

Whereas, there exists in the City of Detroit, Michigan (the "City") the need to provide a sanitary water supply for City residents, to construct, equip, operate, maintain and improve works for the sanitary treatment, purification and disposal of City sewage, and to provide the needed sewerage services and facilities to the City and its residents; and

Whereas, Act 316, Public Acts of Michigan, 1931, as amended (hereinafter referred to as the "Act"), constitutes full authority for the City to carry out the purposes of the Act, including but not limited to the institution of eminent domain proceedings to acquire the necessary property; and

Whereas, the City has previously established the Detroit Water and Sewerage Department (the "DWSD") to exercise the powers and authority granted by the Act, as amended; and

Whereas, the DWSD Board of Water

Commissioners has authorized implementation of certain capital improvements to its wastewater treatment system, among which are a new combined sewerage overflow ("CSO") basin in or near Conner Creek and other related facilities (the "Project") to enhance the quality of wastewater treatment services in the City of Detroit in order to provide for the City's continued compliance with its duly issued National Pollutant Discharge Elimination System ("NPDES") Permit; and

Whereas, as detailed in the Conner Creek CSO Basin Project Plan and the Declaration of Taking submitted to and reviewed by the DWSD Board of Water Commissioners, the DWSD has determined, based upon its review of alternative locations for the Conner Creek CSO Basin, that certain vacant real property south of Jefferson and west of Conner Creek in the City of Detroit, Wayne County (the "subject property") described in Exhibit A is ideally situated to accommodate the Conner Creek CSO Basin; and

Whereas, the City has determined that construction of the Conner Creek CSO Basin on the subject property as opposed to the alternate locations (a) is projected to be more feasible and cost effective from a design perspective, (b) facilitates the City's anticipated need for expansion and improvement of the Conner Creek CSO Basin, (c) responds to City residents who have expressed concern over the placement of the Conner Creek CSO Basin inside the Conner Creek bed, (d) minimizes the impact of the Conner Creek, and (e) maximizes the distance between the Conner Creek CSO Basin and the nearby Clairpointe neighborhood; and

Whereas, the Board of Water Commissioners has approved this resolution at its regularly scheduled meeting on November 17, 1999.

Whereas, pursuant to the Act, as amended, and 1911 PA 149, as amended, the City is authorized to take private property necessary for public improvement and/or a public facility and for public purposes within the scope of its powers under the Act for the use and benefit of the public and to institute and prosecute proceedings for such purpose, including but not limited to proceedings pursuant to 1980 PA 87, as amended; and

Whereas, it is necessary to acquire the subject property described in Exhibit A attached hereto and incorporated herein by reference to accomplish the public objectives, purposes, and uses of the Conner Creek CSO Basin, and it is essential for the public health, safety, general welfare and peace of the City; and

Whereas, it is necessary to take said private property for such public purposes within the scope of the statutory powers of the Act and 1911 PA 149 for the use and benefit of the public; and

Whereas, the most recent state equalized valuation for the entire subject property is Seven Hundred Seventy Seven Thousand, Nine Hundred Dollars (\$777,900.00); and

Whereas, the initial estimate of the total aggregate cost of acquiring the subject property including but not limited to the estimated total aggregate just compensation to be paid plus contingencies, is One Million Two Hundred Twenty Three Thousand Dollars (\$1,223,000.00); and

Whereas, the initial estimate of the total aggregate relocation benefits to be paid to any displaced person in connection with the property to be acquired plus contingencies is Twenty Thousand Dollars (\$20,000.00); and

Whereas, based upon preliminary environmental investigations, past experience, and representations by Hazen and Sawyer, P.C., an allowance for funds for site investigations, site assessments, the response activities, remedial actions, removal actions, and abatement of any hazardous substance mandated by or anticipated to be performed in compliance with any applicable environmental law, including the Comprehensive Environmental Response Compensation and Liability Act ("CERCLA"), the Michigan Natural Resources and Environmental Protection Act ("MNREPA"), and the Toxic Substances Control Act ("TSCA"), plus contingencies, is sought in the amount of Six Hundred Thousand Dollars (\$600,000.00). The amount of any allowance retained will be finally determined by order of the court; and

Whereas, the Project is expected to enhance the quality of wastewater treatment services in the City, and ensure the City's continued compliance with its NPDES Permit; and

Whereas, the approval of this Resolution of Necessity is necessary for the consummation of the transactions contemplated by implementation of this Project, and is in the best interests of the citizens of the City of Detroit.

Now, Therefore, Be It Resolved:

1. This Honorable Body hereby declares that the development of the Conner Creek CSO Basin is necessary and essential to the interests of the public peace, health, safety and welfare of the City, and to the enhancement of the quality of wastewater treatment and sewerage services to the City of Detroit and the residents of the City of Detroit and Southeastern Michigan.

2. This Honorable Body hereby declares the development of the Conner Creek CSO Basin is necessary; hereby determines that the Project constitutes a major public improvement and/or the development of public facilities for the use and benefit of the public; hereby declares

**RESOLUTION TO FORM A  
HOUSING TASK FORCE**

By COUNCIL MEMBER MAHAFFEY:

WHEREAS, To date, numerous plans for revitalizing the city's future have been put forth, all emphasizing the need for an affordable housing strategy for Detroit, including reports from LISC, Planning and Development Department, Wayne State University and Michigan State University, and

WHEREAS, The need for affordable housing in Detroit is indisputable. Despite a thriving economy, the shortage of affordable housing for low income renters continues to grow. Data from the 1995 American Housing Survey, which was based on the latest available census information, shows that the gap between the number of low income renters and the number of rental units affordable to them was wider than at any point since comparable data first began being collected. Nearly 60 percent of all poor households were renters in 1995. 59 percent of poor households spend more than fifty percent of their income on housing. Specifically in Detroit, in 1995, 80% of poor renters paid more than 30% of their income for housing, with 62% of them paying more than 50% of their income for housing. There were 165,000 low income renters with annual incomes below \$12,000 and 95,000 low cost rental units, leaving an affordable housing gap of 70,000. 27,000 Detroiters were living in physically deficient housing during 1995. High housing costs lead many poor renters to live in poor quality housing. The growing affordable housing shortage is primarily the result of changes in the private housing market and changing economic and demographic factors, and

WHEREAS, Exacerbating a shortage of affordable rental housing is the poor quality of rental housing, as well as rental properties that are abandoned and become deteriorated. According to various reports, the City of Detroit has an inventory of somewhere between 10,000 and 50,000 tax reverted, abandoned properties. The latest RIMCO debacle demonstrates the need for heightened scrutiny over who owns rental properties and how they are being maintained. The absence of mechanisms by which to properly manage and monitor surplus as well as rental properties helps to create an environment replete with investor fraud, dangerous buildings, high demolitions costs and a diminishing quality of life for residents in affected neighborhoods. To restore neighborhoods by restoring

properties, thus increasing tax revenues to improve city services, solutions to several identifiable pressing problems must be found. And,

WHEREAS, Among the seemingly intractable problems for which solutions are needed include preventing individuals and/or corporations from purchasing properties under different names, contributing to slum-lording, neighborhood decline and consumer fraud; expeditious disposition of city owned surplus properties at prices below fair market value, thereby enabling low income households to enjoy the now elusive dream of homeownership, and; clearing titles to thousands of properties. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby forms a Housing Task Force with the explicit goal of evaluating which City requirements - or lack of - inhibit restoration of housing and which contribute to housing deterioration as well as developing better methods to conserve the city's housing stock through efficient property disposal and better code enforcement strategies. A comprehensive housing strategy needs to be integrated with community development policy considerations, including homeownership opportunities and neighborhood stabilization. This task force shall be chaired by City Council President Pro Tem and include, at minimum, representatives of City Council members; Administration representatives from Planning and Development Department and Buildings and Safety Engineering Department; representatives from City Council divisions, and representatives of the community development corporations.

**BISHOP ALBERT CLEAGE JR.**

By COUNCIL MEMBER SCOTT Joined By ALL COUNCIL MEMBERS:

WHEREAS, Bishop Albert Cleage Jr., known to his followers and supporters as Jaramogi Abebe Agyeman, was a man of extraordinary ability, courage, and vision. The City of Detroit lost a leader and a prophet with his passing on February 20, 2000, and

WHEREAS, Bishop Cleage was born on June 13, 1911 in Indianapolis, but was raised in Detroit. His father, Dr. Albert B. Cleage Sr., was Detroit's first black physician. Bishop Cleage formed his church, which eventually became the national Shrine of the Black Madonna, in 1953 after being shunned by other churches for his then radical social, political and Afrocentric views. Bishop Cleage fought against injustice and racism by focusing on the self-determination and economic independence of the African-American community. Today, Bishop Cleage's views are shared by millions, and the Shrine of the Black Madonna has thousands of members and owns the nation's largest African-American bookstore chain, and

WHEREAS, Bishop Cleage believed in the City of Detroit and worked to make a positive impact on the lives of its citizens. He fought tirelessly for equal employment and educational opportunities for African-Americans, playing an important role in

the now famous civil rights march down Woodward Ave. He organized the Black Slate, which was instrumental in helping countless politicians in Detroit get elected, including former Mayor Coleman A. Young. It is fitting that his final days were spent at the Beulah Farm, a culmination of his life-long dream for a completely self-sufficient agricultural operation.  
 NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby joins the family, friends, and followers of Bishop Albert Cleage Jr. in celebrating his life and contributions to the City of Detroit. His courage and determination will not be forgotten.

### City Council Fiscal Analysis Division

March 6, 2000

Honorable City Council:  
Re: Proposed 2000-2001 Budget Calendar.

For Council's review, attached is the proposed budget calendar for the 2000-2001 budget process. The calendar encompasses the discussion and hearing dates for both the Block Grant/NOF and city department budgets.

To better facilitate the budget hearing process, I respectfully request that your Honorable Body consider reinstating the policy that the budget calendar hearing dates be strictly adhered to by the administration and the City Council. Council may recall that this was the policy when the budget calendar was under the auspices of the Auditor General's office several years ago.

Starting in the 2000-2001 budget hearing process, the budget calendar would be strictly adhered to, unless there was an **extreme emergency**, such as death in the family or illness. In other cases where a department or agency head could not attend his or her scheduled budget hearing, the department or agency head would send a departmental representative (eg. deputy director) to the budget hearing in his or her stead.

A strict budget calendar policy would significantly reduce the need to reschedule budget hearing dates. Using last year's budget process as an example, 20 budget hearings were rescheduled, which caused havoc in trying to keep the calendar and Redbook from the Clerk's Office updated and organized.

If Council agrees with a strict budget calendar policy, a resolution instituting such policy to begin for the upcoming budget process is attached for your approval.

In addition, I respectfully request your Honorable Body to approve the Committee of the Whole Meetings to begin at 9:00 A.M., on Monday, April 24, 2000 through Tuesday, May 9, 2000. If Council supports this time change, a resolution to effectuate this change is attached for your approval.

Finally, I respectfully request that the City's Clerk office line item these requests for Wednesday, March 8, 2000. At that time, if Council has no objections to the calendar, then it will be formally submitted to the administration as the schedule for the upcoming 2000-2001 budget process. We also respectfully request that Council put on the attached resolutions for vote on Wednesday, March 8, 2000.

Respectfully submitted,  
IRVIN CORLEY, JR.  
Fiscal Analyst

By Council Member Mahaffey:

Whereas, since 1997, the City Council Fiscal Analysis Division has been responsible for preparing the Budget Calendar, which is used to schedule budget hearings for the legislative budget process; and

Whereas, starting in the Year 2000 to better facilitate the legislative budget process, the City Council agrees with instituting a process under the direction of the City Council's Fiscal Analyst Division to ensure a realistic Budget Calendar scheduling policy; and Now, Therefore Be It

Resolved, a Preliminary Budget Calendar be forwarded to Administration Department and Agency Directors, Council Division Directors and Council Members for their review and comment, And Be It Further

Resolved, that suggested revisions shall be submitted to the Fiscal Analyst by March 20, 2000 and thereafter the proposed Budget Calendar shall be considered **FINAL**. And Be It Further

Resolved, a budget hearing date as scheduled in the **FINAL** budget calendar cannot be rescheduled by a department, division, or agency head unless the reason for rescheduling such date is due to an **extreme emergency**, such as determined by and approved by City Council. And Be It Further

Resolved, if a department or agency head cannot attend a scheduled budget hearing per the Budget Calendar due to any other reason than an extreme emergency, then the department or agency head shall send another departmental or agency representative (i.e. a deputy director) to the scheduled budget hearing in his or her stead; And Be It Further

Resolved, that the City Council agrees with this process to ensure a realistic scheduling policy to better facilitate the legislative budget process, and to significantly reduce the need to reschedule bud-

get hearing dates as listed in the Budget Calendar. Now Therefore, Be It

Finally Resolved, that a copy of this Resolution be forwarded along with the proposed budget calendar to department, division, and agency directors.

Substitute Resolution submitted by Council President Gil Hill March 9, 2000.

Yeas — Council Members K. Cockrel, Jr., S. Cockrel, Everett, Mahaffey, Scott, and President Hill — 6.

Nays — None.

On January 21, 1998, your Honorable Body approved an addendum to this lease dated October 29, 1997 for a zero (0) dollar amount with the same contract number of 74444, which added an option to extend the lease term for an additional five (5) year term from December 1, 1999 to November 30, 2004. The Employment and Training Department requests that your Honorable Body approve the Employment and Training Department's exercise of the option to extend the above terms of the lease for an additional five (5) years. It also requests that the Finance Director be directed to facilitate the payment of rental arrears to the lessor in the amount of Fifty-Four Thousand (\$54,000.00) Dollars.

Respectfully submitted,  
**WILLIE WALKER**

Director

By Council Member Mahaffey:

Resolved, That the Employment and Training Department is authorized to exercise an option to extend the terms contained in a lease amendment dated October 29, 1997 to a four (4) year lease dated May 7, 1996, covering the period December 1, 1995 through November 30, 1999, between Milwaukee Investment Company as lessor and the Employment and Training Department as lessee, for property located at 707 W. **Human Resources Department**  
**Labor Relations Division**

March 9, 2000

Honorable City Council:

Re: Approval and Confirmation of Eight (8) Collective Bargaining Agreements.

Attached please find a recommended Resolution for approving eight (8) collec-

tive bargaining agreements as identified in Exhibit A.

Respectfully submitted,  
 ROGER N. CHEEK  
 Labor Relations Director

By Council Member Mahaffey:

Whereas, on various dates beginning in July 1999, and continuing into February 2000, agreements were reached between the eight (8) collective bargaining units which are listed on Schedule A hereto and the City of Detroit, by and through its Labor Relations Division, on all terms of negotiated collective bargaining agreements covering the time period of either July 1, 1998 through June 30, 2001 or July 1, 1996 through June 30, 2001; and

Whereas, with the exception of the Detroit Police Command Officers Association (Unit I) and (Unit II) the collective bargaining agreements are set forth in a complete integrated written contract document, each page of which bears the initials of an authorized representative of the City and of the collective bargaining unit; and

Whereas, because they were new bargaining units, the terms of the collective bargaining agreements for the Detroit Police Command Officers Association (Unit I) and the Detroit Police Command Officers Association (Unit II) are set forth in a memorandum which incorporates, modifies and adds to the terms of the form of the collective bargaining agreement for the Detroit Police Lieutenant's and Sergeant's Association; and

Whereas, each of the eight (8) collective bargaining agreements is applicable to all City employees who are members of those respective collective bargaining units; and

Whereas, the members of each of the eight (8) collective bargaining units did formally affirm their acceptance of the terms of their respective collective bargaining agreements by a majority vote in favor of ratification of those agreements, and each such approval and ratification is confirmed in writing by an authorized representative of each bargaining unit; and

Whereas, each of the eight (8) collective bargaining agreements is subject to approval by a duly adopted resolution of the Detroit City Council; and

Whereas, in recognition of favorable ratification votes by each of the above-referenced bargaining units, the Labor Relations Division, on various dates beginning in July 1999 and continuing through March 2000, recommended to the Detroit City Council that the members of those bargaining units be able to begin receiving the general wage increases and certain other economic benefits and improvements included in the collective bargaining agreements which had an effective date of July 1, 1998 and July 1, 1999; and

Whereas, the Detroit City Council concurred with those recommendations by the Labor Relations Division and provided through City Council resolutions the authorizations to permit the City to begin paying such wage increases and providing other economic benefits, as set forth in the collective bargaining agreements; and

Whereas, the Labor Relations Division customarily does not seek approval by Detroit City Council of the aforementioned complete integrated collective bargaining agreements until they are re-typed and formally executed; and

Whereas, the Labor Relations Division has not, as of the date of this resolution, obtained signatures from each authorized representative of the eight (8) collective bargaining units on its respective re-typed collective bargaining agreement; and

Whereas, as of March 10, 2000, Public Act 212 of 1999 (the "Act") will become effective and the Act will prohibit Home Rule Cities, like the City of Detroit, from entering into any future contracts of employment that require employees to maintain residency inside the City limits of Detroit; and

Whereas, the City of Detroit is desirous of assuring that it receives the full benefit of those collective bargaining agreements which were negotiated, reduced to writing, and ratified by the respective collective bargaining units.

Now, Therefore, Be It

Resolved, that the Detroit City Council approves each of the eight (8) collective bargaining agreements with those collective bargaining units named in Exhibit A hereto; and

Be It Further Resolved, that this resolution is adopted with a waiver of reconsideration.

Honorable City Council:

Re: Mary Diane Bukowski v. City of Detroit, et al., Case No. 99-916357 CZ

This matter was mediated before a Wayne County Mediation Panel for \$5,000 as to the claims of the plaintiff in this case against Defendants City of Detroit, and three named defendants. If all parties accept the mediation panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial, however, the party rejecting the evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned civil lawsuit, the facts and particulars of which are set forth in the memorandum submitted under separate cover. From this review, it is our considered opinion that acceptance of the mediation evaluation in the amount of Five Thousand (\$5,000.00) Dollars is in the best interest of the City of Detroit. The acceptance of the mediation evaluation does not guarantee settlement of the matter in this amount since the plaintiff has the right to reject the award and proceed to trial. However, an eventual settlement of this matter in this amount is prudent.

We, therefore, request your Honorable Body to authorize the acceptance of the mediation evaluation and to direct the Finance Director to issue a draft in the amount of Five Thousand (\$5,000.00) Dollars payable to Mary Diane Bukowski and Shaun Neal, her attorney, to be delivered upon receipt of the notice of mediation settlement, and Order of Dismissal.

**RESOLUTION IN OPPOSITION TO THE KIDS FIRST! YES! PROPOSED AMENDMENTS TO THE MICHIGAN CONSTITUTION OF 1963 WHERE SUCH AMENDMENTS WILL PERMIT VOUCHER PAYMENTS TO RELIGIOUS AND OTHER NON-PUBLIC SCHOOLS, AND WILL PERMIT THE STATE LEGISLATURE TO AUTHORIZE INDIRECT STATE AID AND TAX BENEFITS IN SUPPORT OF RELIGIOUS AND OTHER NON-PUBLIC EDUCATION**

By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit City Council is unanimous in its support of efforts and requirements to ensure the right to access a quality public elementary and secondary education for all children in this state; and

WHEREAS, The Detroit City Council is unanimous in its belief that the guarantee of a quality public education is a cornerstone of the guaranteed freedoms for all citizens of the great State of Michigan; and

WHEREAS, The Detroit City Council is of the opinion that the right of "choice" in education is best served by insuring that public elementary and secondary schools are preserved and fully supported through all available direct and indirect state aid and maintenance; and

WHEREAS, The Detroit City Council views the proposed "voucher" plan put forth by Kids First! Yes! as little more than an attack on public education through the diversion of direct and indirect state aid and maintenance to religious, and other private schools under the guise of "choice"; and

WHEREAS, The Michigan Constitution of 1963 currently preserves and protects the right of all parents and children to attend the elementary and secondary schools of their choice; and

WHEREAS, The Michigan Constitution of 1963 preserves the fundamental right of the public to limit the expenditure of its tax dollars on public elementary and secondary institutions that are open to all children, without restriction or discrimination based on race, religion, creed, gender, special needs, class or income; and

WHEREAS, The Detroit City Council is opposed to the Kids First! Yes! proposed amendment to the state constitution to permit voucher payments and indirect state aid and maintenance to religious and other non-public educational institutions for the following reasons:

a) the amendment will result in a loss of critical funding to public elementary and secondary schools;

b) the amendment will permit families from school systems that would not otherwise be deemed to be a "failing" system to benefit from vouchers and other tax benefits to reduce their personal choice by reducing their payments for private education at the expense of the public and taxpayers;

c) there is no limitation on how long a "qualified" or failing school system will be deemed to be "failing" for purposes of continuing voucher supported private education for students of that "qualified" school system;

d) the proposed amendment permits publicly subsidized private and religious schools without also requiring that private schools receiving vouchers be held to the same educational requirements, standards, oversight, investigation, rules and procedures as public schools;

e) the proposed amendments do not require vouchers supported private and religious schools to admit students on a random selection basis, without regard to race, religion, test scores, scholastic standing, income, disability, gender, special needs, or other restrictive criteria, as is required for public schools;

f) the amendment does not specify what constitutes indirect state aid, leaving it up to the state legislature to decide, thus permit tax credits and other indirect benefits for individuals, families and businesses that support, fund or attend religious/parochial and private schools;

g) there is no substantial and objective evidence from other voucher and "choice" jurisdictions to objectively and concretely deduce whether students using vouchers to attend private schools perform measurably better on standardized tests, or receive appreciably higher grades than those attending public schools;

h) that although the identified beneficiaries of the "voucher/choice" program are said to be children from low and moderate income families, in urban and rural districts, the "choices" available to the children and their families are severely limited by the ability to pay the remainder of

tuition and expenses not covered by vouchers, availability of transportation, admissions criteria, the pool of private schools accepting vouchers, and the number of voucher supported slots available at any participating school;

i) there is no legal requirement that a private school have any academic record of excellence, or track record effective remedial education success as a condition of participating in a voucher/choice program;

j) there are no minimum objective teacher testing standards prescribed by the proposed amendment language, leaving any testing requirements up to the political whims and fancy of the state legislature;

k) that all students, and public education will benefit from a concerted effort to reform the delivery systems for public education through reductions in class sizes, increased training of teachers, standard core curriculum requirements for all students; modernization and new construction of all public school facilities and infrastructure; increased parental involvement; and enhanced educational opportunities for all public school students;

NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council publicly declares its opposition to the Kids First! Yes! constitutional amendment proposal to permit voucher supported private education and other indirect state aid and maintenance in support of religious and other private education in any public school district of this state;

AND BE IT FURTHER

RESOLVED, That following its adoption, the City Clerk is directed to transmit a copy of this resolution to the Honorable Dennis W. Archer, Mayor; Honorable John Engler, Governor; the Detroit-NAACP; the All Kids First Coalition; the Kids First! Yes! Coalition; the Detroit Public Schools Reform Board, H. Freman Hendrix, Chairman; and the Communications and Creative Services Department of the City of Detroit.

On April 6, 1999, (Detroit Legal News, Pg. 9) your Honorable Body authorized the sale of 52 & 62 E. Garfield to Woodward & Garfield L.L.C., a Michigan Limited Liability Company for the purpose of constructing a paved surface parking lot for the storage of licensed operable vehicles to accommodate adjacent condominium housing units located at 4454 & 4466 Woodward. Woodward & Garfield L.L.C. has since sold their property at 4454 and 4466 Woodward to the Richard and Jane Manoogian Foundation and subsequently wishes to withdraw their offer.

We are now in receipt of an offer from Richard and Jane Manoogian Foundation, a Michigan Non-profit Corporation to purchase the above-captioned property for the amount of \$21,000.00 and to develop such property. This vacant land measures approximately 14,553 square feet and is zoned R-6.

The Offeror proposes to construct a paved surface parking lot to accommodate their newly acquired and adjacent property at 4454 and 4466 Woodward which is to be developed as a contemporary art gallery with related warehouse and office use.

We, therefore, request that your Honorable Body rescind the sale to Woodward & Garfield L.L.C., a Michigan Limited Liability Company and that your Honorable Body authorize the sale and authorize the Finance Department Director to execute an agreement to purchase and develop this property with the Richard and Jane Manoogian Foundation, a Michigan Non-Profit Corporation.

### City Planning Commission

February 10, 2000

Honorable City Council:

Re: Proposed Ordinance to amend Chapter 55, Articles 1 and 2, to broaden the definition of Residential Permit Parking Areas (submitting amendatory Ordinance and requesting public hearing)

On September 18, 1997 former Council Member Ravitz requested that this office review the request by Mr. Ken Gray to allow "resident only parking" on Poe St. between W. Grand Blvd. and Pallister across the street from Henry Ford Hospital. Since that time, City Planning Commission (CPC) staff have been working with representatives from the Law Department, the Municipal Parking Department (MPD), the Department of Public Works (DPW), and the Poe Street Block Club to amend Chapter 55, Articles 1 and 2, to broaden the definition of Residential Permit Parking Areas and to allow your Honorable Body to approve areas of fewer than six contiguous block faces. The ordinance attempts to address the concerns expressed by DPW and MPD regarding the potential proliferation of resident only parking districts by requiring that districts of fewer than six block faces either be approved by DPW or, fail-

ing that, be approved by your Honorable Body upon appeal by the neighborhood group. Following is our report and attached is the draft ordinance that has been approved as to form by the Law Department.

### Background

Residential parking permit areas are created and regulated in Sections 55-1-1 and 55-2-10 to 55-2-15 of the Detroit City Code. Section 55-1-1 requires that a residential parking permit area be comprised of a minimum of either six (6) contiguous block faces or three blocks facing each other and consist of mainly residential dwelling units. This disqualifies Poe St. between W. Grand Blvd. and Pallister, due to the fact that this area is comprised of only two block faces of residences.

Following is a summary of the present process for establishing residential parking permit areas in Detroit:

If the minimum number of block faces is present, the ordinance requires that a citizen or citizen's group petition the Department of Public Works (DPW) to request designation as a residential parking permit area. The DPW then provides the petitioner a set of petitions that identify a proposed residential parking permit area. The citizen or citizen's group must circulate these petitions within that area to ascertain the degree of sentiment in favor of designation. After receiving petitions containing the signatures from seventy-five (75) percent of residents in the area, the DPW verifies the signatures and analyzes the traffic and parking conditions in the proposed area and makes a finding as to whether the designation is needed.

If the analysis does not substantiate the need for a residential parking permit area, the DPW notifies the citizen or citizen's group. If the analysis does substantiate the need for a permit area, the DPW informs the Municipal Parking Department (MPD), and that department schedules a community meeting with all residents of the proposed area within thirty (30) days. Within thirty (30) days of the community meeting, the MPD makes its recommendations to your Honorable Body. If your Honorable Body approves by resolution the designation, signage to effectuate the change is installed within thirty (30) days from the time residents representing sixty (60) percent of the dwelling units in the designated area complete an application for and purchase a residential parking permit.

### Summary of Draft Ordinance

The proposed ordinance does several things. It defines the terms 'civil infraction', 'freeway', 'highway or street', 'major parking attraction', and 'municipal civil infraction'. It redefines the terms 'residential parking permit area' and revises certain definitions to make them commensurate with the Michigan Motor Vehicle Code. It

authorizes your Honorable Body, upon recommendation of DPW, to establish and approve a residential parking permit area of less than six (6) contiguous block faces or three (3) blocks facing each other or any contiguous combination thereof, consisting of primarily residential dwellings, where the areas' residential street parking is unreasonably impacted due to the area's proximity to a major off-site parking generator (such as casino, hospital, institution, or stadium). This gives your Honorable Body greater flexibility than the current ordinance. Again, if DPW does not recommend approval of the designation of the smaller area, under the proposed Ordinance the petitioner has the option of appealing that denial to your Honorable Body.

Staff is requesting that you schedule a public hearing on the above ordinance at your earliest convenience. Please contact Mr. Gregory Moots of my staff at (313) 224-2110 with any questions.

Respectfully submitted,  
 MARSHA S. BRUHN  
 Director

Honorable City Council:

Re: Request by Gonzalez Manufacturing Technologies for City Approval of Actual Investment Amount which Exceeds the Proposed Investment Amount Shown in the Company's Application for Industrial Facilities Exemption Certificate under Public Act 198 of 1974 (Petition #1865).

On October 15, 1997 your Honorable Body approved Gonzalez Manufacturing Technologies' Application for an Industrial Facilities Exemption Certificate. In the Application, the Company stated it would invest the sum of \$815,697. The Application was subsequently forwarded to the Michigan State Tax Commission, approved by that agency, and an Industrial Facilities Exemption Certificate issued to the Company.

During the Application process, the Company committed to the retention of fifty-one employees and the addition of twenty-two. As of December 31, 1999 the Company employed a total of eighty-three, seventy of whom are Detroit residents.

In carrying out its investment program Gonzalez Manufacturing Technologies incurred costs of \$975,000. This increase in investment amount was substantially due to the fact that the Company opted to make improvements to its loading dock area in order to be able to accept a wider variety of materials and to improve worker safety, and to make added improvements to its new paint booth in order to enhance its ergonomics and ease of operation.

The rules of the Michigan State Tax Commission require that, if an actual investment amount exceeds that shown on the Application by more than 10%, the Certificate holder must request that a revised Certificate be issued by the Commission after approval of such increased investment amount by the local governmental unit.

We hereby respectfully request that your Honorable Body approve such increased investment amount, and a resolution accomplishing this, approved by the Law Department, is attached for your consideration.

Respectfully submitted,

ERIC R. SABREE

This increase in investment amount was substantially due to the fact that the Company opted to make improvements to its loading dock area in order to be able to accept a wider variety of materials and to improve worker safety, and to make added improvements to its new paint booth in order to enhance ergonomics and ease of operation; and

Whereas, The rules of the Michigan State Tax Commission require that, if an actual investment amount exceeds that shown on the Application by more than 10%, the Certificate holder must request that a revised Certificate be issued by the Commission after approval of such increased investment amount by the local governmental unit; and

Whereas, During the Application process the Company committed to the retention of fifty-one employees and the addition of twenty-two, but as of December 31, 1999 the Company had exceeded its goals and employed eighty-three, seventy of whom are Detroit residents; now therefore be it

Resolved, That the City of Detroit hereby approves Gonzalez Manufacturing Technologies' request for approval of the increased investment amount and recommends to the Michigan State Tax Commission that a revised Industrial Facilities Exemption Certificate be issued to the Company.

On February 22, 2000, a mediation panel evaluated the above-captioned lawsuit and awarded Five Thousand Dollars (\$5,000.00) in favor of Plaintiff. On March 7, 2000, a mediation panel evaluated the above-captioned lawsuit and awarded Three Thousand Five Hundred Dollars (\$3,500.00) in favor of Plaintiff Eugene Alexander bhnf Mary Alexander. Re: Resolution Amending the payment schedule for the City's Sewage Disposal System Revenue Bonds Series 1993-B.

The attached Resolution amends the payment schedule for the City's outstanding Sewage Disposal System Bonds, Series 1993, Because of a reduction in the amount necessary to complete certain aspects of the 1993 project, the amount of proceeds drawn down was less than originally contemplated. As a result, the debt service schedule must be amended to reflect the reduction.

Adoption of this request with waiver of reconsideration is respectfully requested at your formal session on Wednesday, March 22, 2000. If there are any questions, we are prepared to address them Tuesday, March 21, 2000 at 3:30 p.m. in the Finance Department (Large Conference Room).

Respectfully submitted,  
SEAN K. WERDLOW  
Executive Assistant Director

**A RESOLUTION AMENDING PAYMENT  
SCHEDULE FOR THE CITY'S SEWAGE  
DISPOSAL SYSTEM REVENUE BOND,  
SERIES 1993-B**

By Council Member K. Cockrel, Jr.:

Whereas, On September 15, 1993, this City Council ("Council") adopted a resolu-

tion authorizing issuance of the City of Detroit's (the "City") Sewage Disposal System Revenue Bond, Series 1993-B (the "Series 1993-B Bond") on a parity with other outstanding sewage disposal system revenue bonds issued by the City under the provisions of Ordinance No. 27-86, as amended and supplemented, and Act 94, Public Acts of Michigan, 1933 as amended; and

Whereas, The Series 1993-B Bond in the aggregate principal amount of \$6,840,000 was sold to the Michigan Municipal Bond Authority (the "MMBA") as part of the State of Michigan Revolving Fund Program, to evidence the City's obligation to pay for Project No. 5092-01 in the principal amount of \$3,660,000 and Project No. 5091-01 in the principal amount of \$3,180,000 (collectively, the "SRF Projects"); and

Whereas, Both the form of the Series 1993-B Bond approved by Council and the Purchase Contract entered into between the City and MMBA provided that if the principal amount of assistance disbursed to the City by MMBA was less than originally contemplated, MMBA would prepare a new payment schedule for the 1993-B Bond, to be approved by this Council; and

Whereas, The principal amount of assistance disbursed to the City for Project No. 5092-01 was less than originally contemplated and MMBA has informed the City's Water and Sewerage Department that the revised loan amount for Project No. 5092-01 is \$3,478,519; and

Whereas, As a result of the lower amount of Project No. 5092-01, MMBA has prepared a new payment schedule for the Series 1993-B Bond and now seeks Council approval thereof.

Now, Therefore, Be It Resolved by this Council that:

1. The payment schedule attached hereto as Exhibit A is hereby substituted for the original payment schedule contained on the Series 1993-B Bond, in the Purchase Contract with MMBA for the Series 1993-B Bond and in all other documents where such payment schedule appears.

2. The Director or Deputy Director of the City's Water and Sewerage Department or the City's Finance Director is each hereby authorized to execute any other documents deemed necessary or advisable by MMBA in order to amend any document connected with the Series 1993-B Bond or the SRF Projects as a result of a decrease in the amount of either of the loans for the SRF Projects disbursed to the City from the amount originally contemplated and set forth in the documentation therefor.

3. All other ordinances, resolutions or orders or parts thereof in conflict with the

provisions of this resolution are, to the extent of such conflict, hereby repealed.

4. This resolution shall be published in full in *The Detroit Legal News*, a newspaper of general circulation in the City qual-

ified under state law to publish legal notices, promptly after its adoption.

5. This resolution shall be effective immediately.

Waiver of Reconsideration.

**City Planning Commission**  
March 27, 2000

Honorable City Council:

Re: Request of Wayne County Community College to erect a ground identification sign at 1001 W. Fort in a

PCA (Restricted Central Business District) zoning district (Recommend Approval).

Wayne County Community College is requesting a permit to erect a ground sign at 1001 W. Fort near the main entrance to its downtown classroom building. This property is located in a PCA (Restricted Central Business District) zoning district. PCA zoning districts are located in close proximity to the Public Center District, and the controls of the PCA district are designed to prevent uses and structures from having a deleterious effect on the public center of the city. Section 113.0200 of the Zoning Ordinance requires City Council approval of the location and design of any sign proposed in a PCA district after receiving a report and recommendation from the City Planning Commission.

The proposed sign would replace the existing Wayne County Community College sign located near the Fort Street entrance facing east and west. The new sign would be 16 feet 9 inches high and 13 feet 8 inches wide, taller and narrower than the existing sign. The sign would be double-faced, made of aluminum, be internally illuminated, and contain the WCCCD logo and the wording "Wayne County Community College District" and "Downtown Campus" on each face. The lettering and logo would be blue on a white background and the sign cabinet and supports would be a bronze color. The sign would also include approximately 4 foot high electronic display areas on each face.

City Planning Commission staff has reviewed the proposal and illustrations and finds that the proposed sign is appropriate for the PCA district. It would replace a lower and wider sign at the same location. We further find that the location and design of the proposed sign would be consistent with the spirit, purpose and intent of the PCA district. Therefore, we recommend approval of the location and design of the sign and submit the attached resolution for your consideration.

Respectfully submitted,

MARCUS D. LOPER

Deputy Director

By Council Member K. Cockrel, Jr.:

Whereas, Wayne County Community College has requested to erect a ground identification sign at 1001 W. Fort to replace the existing sign near the main entrance of its downtown classroom building, and

Whereas, The property at 1001 W. Fort is located in a PCA (Restricted Central Business District) zoning district classification, and, therefore, requires City Council approval of the location and design of any proposed sign in accordance with the provisions of Section 113.0200 of the Zoning Ordinance, and

Whereas, The City Planning Commission staff has reviewed the location and design of the proposed sign and finds that they are consistent with the spirit, purpose and intent of the district as indicated in the foregoing communication,

Now, Therefore Be It Resolved, That the Detroit City Council hereby approves the location and design of the proposed sign as described in the foregoing communication from the City Planning Commission staff and as presented in the plans drawn by ASI Sign Systems, FWO #81436 Wayne County Community College, dated October 21, 1999.

Re: Permission to Accept 2000 Michigan Justice Training Commission Grant LE-08 — Detroit Street Survival 2000 and Beyond.

The Detroit Metropolitan Police Academy (D.M.P.A.) was recently awarded a grant in the amount of \$50,000.00 from the Michigan Justice Training Commission for their Detroit Street Survival 2000 and Beyond initiative. The grant requires a cash match of \$25,000.00 from the Detroit Police Department, making the total cost of the program \$75,000.00. Matching funds in the amount of \$25,000.00 are available in the department's 1999-2000 budget under organization number 370710 and object number 721100.

The D.M.P.A. has chosen Caliber Press to present the three-day "Street Survival" training seminar. The founders, Dennis Anderson and Chuck Remsburg, have collaborated for 25 years in developing training material in this field. They have been the recipients of numerous awards for their contribution to law enforcement.

Approval for this program will further train officers in detecting concealed weapons, controlling dangerous suspects, surviving armed attacks, and to cope with the aftermath of a critical incident.

There are three seminars. The Detroit Police Department is responsible for the cost of the third seminar of \$25,000.00. Per Lieutenant Brenda McDonald of the D.M.P.A. additional expenses incurred for time, costs associated with the development of evaluation instruments, analysis of evaluation and record keeping will be handled by the D.M.P.A. There will be no cost incurred for the use of a training facility in Cobo Hall.

Copies of the award letter and grant application for each member of City Council have been provided. Approval for this program will further train officers in detecting concealed weapons, controlling dangerous suspects, surviving armed attacks, and to cope with the aftermath of a critical incident.

The Board of Police Commissioners has approved this grant. Therefore, it is

respectfully requested that your Honorable Body adopt the attached resolution authorizing the City of Detroit to accept this grant. Should any further information concerning this matter be required, please do not hesitate to contact me at 596-1800.

Re: Permission to Apply for 2000 Michigan State Police Grant for Preliminary Breath Testers.

The Michigan State Police is providing Preliminary Breath Testers (PBTs) to local law enforcement agencies. The administrative rules governing the Drunk Driving Prevention Equipment and Training Fund allow the Michigan State Police to purchase PBTs for local law enforcement. Based on the available funds, the Michigan State Police will determine the number of PBTs given to each law enforcement agency.

Any PBTs received under this grant application will be assigned for use by the patrol force. To ensure accountability, it is suggested that the PBTs be issued at the start of each shift, along with other assigned police equipment (prep radios, shotguns, etc.).

The Forensic Services Division has trained an adequate number of Class IIIA operators. These Class IIIA operators are responsible for training officers at each command in the use of the PBT and con-

ducting the required monthly calibrations. The Forensic Services Division will administer consumable supplies for and maintenance of the PBTs.

No cash match is required. Copies of the grant application for each member of the Council have been provided.

The Board of Police Commissioners has approved participation in this grant program. Therefore, it is respectfully requested that your Honorable Body adopt the attached resolution authorizing the City of Detroit to participate in this grant program.

Re: Chrysler Freeway (I-75) Reconstruction & Deck Replacement etc. at Various Bridges Over Hwy. I-75, M-10 and I-375. State Agreement #98-5430.

On November 18, 1998 (JCC Page 2900) your Honorable Body approved City Contract No. 078984 with the Michigan Department of Transportation which provided for an estimated amount of \$649,000 for the City's share for the project described below:

Reconstruction work on Highway I-75 from the Conrail Railroad Crossing to Gratiot Avenue including drainage structures, concrete curb and gutter Guardrail and maintaining traffic work, various bridge deck replacement work over I-75, M-10 & I-375 and wrap-up insurance for Hwy. I-75 reconstruction work, together with necessary related work, located within the corporate limits of the City.

Based on the bid price the project cost is \$69,546,253. The City's share of the revised cost would now be \$869,328, an

Each year the City of Detroit receives a distribution of Motor Vehicle Highway funds from the State of Michigan in accordance with Act 51, Public Acts of 1951, as amended.

March 21, 2000

Honorable City Council:

Re: Request of Outback Steakhouse to construct a restaurant on the southwest corner of W. Seven Mile Road and Monte Vista Avenue, located in PD (Planned Development District) zoning classification approved for the Super Kmart development, generally bounded by W. Seven Mile Road, Monte Vista Avenue, Margareta Avenue and Meyers Road (Recommend approval with conditions).

Submitted herewith is the report and recommendation of the City Planning Commission (CPC) relative to the above-captioned request.

**NATURE OF REQUEST**

Outback Steakhouse seeks the approval of plans for construction of a restaurant on a portion of the Super Kmart site designated as a PD (Planned development District) zoning classification bounded by W. Seven Mile Road, Monte Vista, Margareta and Meyers. If approved, the proposed restaurant would be located on the southwest corner of W. Seven Mile Road and Monte Vista Avenue.

**PROPOSED DEVELOPMENT**

Outback Steakhouse proposes to construct a 6,163 square feet facility, which would be located on the second outlot of the Super Kmart site. Upon approval, construction would be anticipated to begin in April 2000 and end in July 2000. The City Council has approved plans for a Perkins restaurant on the first outlot, which is adjacent to the Mobil Service Station on W. Seven Mile Road.

The facility, a family sit-down restaurant, would contain 219 seats with a separate take-away area for carry-out orders. The take-away area, which would face the main entrance driveway to the site, would have a separate entrance located on the west side of the building. The establishment would employ 75 people. The hours of operation would be from 4:00 P.M. until 10:00 P.M. on weekdays and from 4:00 P.M. until 11:00 P.M. on weekends.

The north (rear) elevation which faces W. Seven Mile, would be set back approximately 25 feet. The east elevation which faces Monte Vista would be set back 38 feet. The proposed restaurant's facade was initially proposed to be constructed of a gray colored wood siding with trim around the windows, roof, doors and banisters of a cream color. The roof would consist of patina green colored 12-inch standing seam metal panels. The front and rear elevations would contain the standard "Outback Steakhouse" sign. The roof would be outlined with a continuous neon light. The corporation is hoping to share the existing Super Kmart pylon sign pole on W. Seven Mile Road and Meyers; however, an agreement has not been reached to date.

As proposed, 38 parking spaces are provided for the restaurant on-site. However, patrons may use the excess parking to the south of the restaurant within the Super Kmart lot. Normally, 60 spaces would be required by the Zoning Ordinance. The approved plans for the Super Kmart development specified 29 parking spaces for the restaurant site. Patrons would access the site via the main entrance driveways from W. Seven Mile Road or Myers Road.

A four foot berm with a variety of shrubs and trees currently exists on the eastern edge of the site off Monte Vista Avenue. Additional landscaping is to be provided along W. Seven Mile north of the proposed restaurant. A variety of shrubs and vegetation would be installed along the periphery of the building and at the front entrance of the restaurant. A six-foot metal fence is currently proposed along the west side of the building. The fence would match the existing metal fence that encompasses the Super Kmart site.

The loading area, located on the east side of the building along Monte Vista Avenue, would contain a 12 foot by 98 foot

berth. Delivery trucks would back into the loading berth and drive forward to exit. The trash dumpster, also located on the east side of the building, would be enclosed with a brick face screen wall.

#### **SURROUNDING ZONING AND LAND USE**

North: B2 (Local Business and Residential); commercial, doctor's and dentist's offices

South: R1 (Single Family Residential) and R2 (Two-Family Residential); single family housing, doctor's office.

East: B2 and R1; commercial, single family housing.

#### **COMMUNITY MEETING**

A meeting was held with the community on Wednesday, February 16, 2000 to discuss the Outback Steakhouse proposal. Overall, the community was in favor of the development. However, there were several concerns expressed, including:

- Security in the restaurant and parking lot.
- The use of brick instead of wood siding to complement the existing surrounding developments.
- Traffic and congestion on W. Seven Mile Road.
- Routing of truck traffic for deliveries.
- Negative impacts from construction, such as dust and noise.

#### **PUBLIC DISCUSSION RESULTS**

The City Planning Commission held a public discussion on February 17, 2000. During the discussion five individuals voiced their opinions regarding the development. Of the five, three people were in favor of the development, one person was opposed and one person expressed concerns, but did not object to the development.

Concerns voiced by the speakers, in addition to those stated at the community meeting, including possible unsafe conditions for pedestrian circulation around and within the site and the results from the Traffic Impact Study for the Super Kmart site.

Furthermore, the Commissioners raised questions regarding the ramifications from the normal operations of Outback restaurants on the adjacent neighborhood when located in close proximity to a residential area, circulation of delivery truck traffic, the operation of the loading area and the location of the dumpster.

A representative for the petitioner stated that, in the past in some cases where Outback restaurants were adjacent to residential areas, customers parked within the residential areas and blocked driveways of the homes. However, the company addressed the problem quickly and directed its customers not to park in the

neighborhoods. Lastly, Mr. Butler explained that the trucks would back into the loading berth and pull forward to exit. He also mentioned that deliveries do not occur during business hours. Typically, deliveries are made between 10:00 A.M. and 3:00 P.M. so the trucks would have space to maneuver in the parking lot without disrupting traffic.

#### **ANALYSIS**

In December of 1996, Reid, Cool & Michalski Inc. prepared a study for the proposed Super Kmart site, which included the two restaurants. The study indicated that traffic for the proposed development could be accommodated if the recommended improvements to Seven Mile and Meyers were implemented. The improvements which have been implemented include: extension of the center left turn lane for westbound Seven Mile from in front of the site to the intersection of Seven Mile and Monte Vista; prohibition of parking adjacent to the site on both Seven Mile and Meyers Road; and a modification to the existing signal timing during the afternoon peak hour (5:00 P.M.).

It appears reasonable that the hours for delivery semi-truck be restricted to between 10:00 A.M. and 3:00 P.M. This would alleviate the possible conflicts between the trucks and customer vehicles within the restaurant site.

The initially proposed gray wood siding for the building facade would not complement the existing and proposed developments in the area. The Super Kmart store has a masonry facade and houses in the nearby area generally have brick facades. Therefore, the Commission felt it would be appropriate to require two tones of brick or brick facing be used for the restaurant. A dark or red color brick could be used for the base of the facility, with a light or beige color brick for the remaining top portion.

There was also concern with the rear elevation of the restaurant facing W. Seven Mile Road. The initial elevation showed a blank wall comprised of wood siding with one service door and no windows facing this major thoroughfare. It was felt the elevation should be enhanced with features such as a door and false windows that are similar to the front entrance of the restaurant. Also, the petitioner indicated that the downspouts would be concealed within the rear wall.

The developer originally proposed to continue the existing 6-foot high metal fence along the west side of the facility to deter patrons from attempting to access the take-out area from vehicles parked or standing in the main driveway. It was felt that it would be more appropriate for the fence to be reduced to 4 feet in this area to create a barrier without making the patrons feel entrapped by the taller fence.

In addition, patrons may find it difficult to navigate through the Super Kmart site to

reach the restaurant. Directional signage for the restaurant should be included in the plans to eliminate any confusion.

Lastly, the signage for the restaurant is another concern regarding the development. The developer is seeking to reach an agreement with Kmart to share the existing pylon sign on W. Seven Mile Road. However, the design for the sign should be submitted to the City Planning Commission for staff review and approval prior to the application for a sign permit.

**RECOMMENDATION**

On March 2, 2000, the City Planning Commission took action to recommend approval of the plans with the following conditions:

- 1. that the rear elevation of the building be revised to show the following:
  - a. the inclusion of features such as false windows or other ornamental architectural details;
  - b. a rear door that would match the door at the entrance of the restaurant; and
  - c. the enclosure of the downspouts within the rear wall
- 2. that all elevations be revised to indicate that the restaurant facades would be composed of brick, or brick facing of contrasting colors such as a dark red brick around the base of the entire building and a light or beige colored brick for the building;
- 3. that the dumpster enclosure be composed of brick face which would match the base of the building;
- 4. that the proposed 6-foot metal fence along the west side of the building be reduced to 4 feet;
- 5. that the final design for the restaurant sign be submitted to the City Planning Commission for staff review and approval prior to or at the time of application for a sign permit;
- 6. that the deliveries for the restaurant by larger (semi) trucks be restricted to between the hours of 10:00 A.M. and 3:00 P.M.; and
- 7. that the trash dumpster be emptied 5-6 days a week and the enclosure area be cleaned and maintained; and
- 8. that the final site, elevations and landscaping plans be submitted to the City Planning Commission staff for review and approval for consistency with preliminary plans approved by the City Council, prior to or at the time of application for a building permit.

Attached is the appropriate resolution for your consideration.

**Recreation Department**

March 19, 2000

Honorable City Council:

Re: Authorization to submit a grant to the Michigan Department of Natural Resources for the construction of a new recreation center at Farwell Playfield.

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to submit a grant application to the Michigan Department of Natural Resources, for funding under the 2000 Recreation Grants Program, specifically the local recreation portion of the Clean Michigan Initiative.

**FARWELL RECREATION CENTER**

For many years, the residents around the Farwell Playfield have been advocating for a new recreation center on that

site. The Recreation Department included such a plan in its 5 Year Recreation Plan, as well as in the Department's Capital Budget. The requested funding from the Michigan Department of Natural Resources, when combined with our own capital funds, would permit the construction of a 10,000 square foot center with spaces for activities, games and meetings, fitness and dance, showers, lockers and toilets, kitchen, offices, storage, etc. The center will also enable us to better serve those who use the current playfield facilities, as well those who will use the additions/renovations to the playfield which will soon be completed. These include 24 on-site tennis courts, football/soccer/rugby fields, ball diamonds, fitness area and volleyball courts.

With your authorization, the Department will submit a request, in the amount of \$750,000, to the Michigan Department of Natural Resources to develop the Farwell Recreation Center. The City match of \$750,000 will come from the Department's Capital Budget. It will be available in Appropriation #00905 and Organization #391430.

We respectfully request your approval to apply for this grant by adopting the following resolution, with a Waiver of Reconsideration.

Honorable City Council:  
Re: Thorn Apple Valley, Inc. v. City of Detroit, a Municipal Corporation. Case No. 99-916741 Wayne County Circuit Court.

In Re: Thorn Apple Valley, Inc. Case No. 99-43645, 99-43673, 99-43680, 99-43690 and 99-50574 United States Bankruptcy Court, Eastern District of Michigan.

In Re: Thorn Apple Valley, Inc. Case No. 2: 99-CV-73049 United States Federal District Court, Eastern District of Michigan.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter by providing a short-term lease with regards to the leasehold premises more fully described as a portion of Parcel 7 Forest Park Rehabilitation Project, consisting of fourteen (14) acres of property in Detroit, MI. ("Leasehold Premises") to IBP, Inc., a company that has purchased the assets of Thorn Apple Valley, Inc. in the United States Bankruptcy Court. The monthly rental amount to be paid to the City of Detroit is Three Thousand Dollars (\$3,000.00). The settlement also provides that the City of Detroit will retain the sum of Sixty Thousand Dollars (\$60,000.00) to address any environmental issues that may arise at the Leasehold Premises. Upon approval of the settlement, the City of Detroit will immediately take possession of seven (7) acres of the Leasehold Premises and then the City of Detroit will take possession of the remaining seven (7) acres on January 1, 2001.

**Planning & Development Department**

March 22, 2000

Honorable City Council:

Re: Division of Platted Property for 411 Piquette Street east of Woodward Avenue (Recommend Approval).

The Planning & Development Department (P&DD) recommends approval of the request of Charles Wickens, d.b.a. Heritage Investment Company, (Assessors Invoice 98-48) to divide industrial property at 411 Piquette Street and 469 Piquette Street east of Woodward Avenue. An interview with Development Consultant Norman Lopatin (248) 737-0576 on March 17, 2000 disclosed that the 469 Piquette Street Building (Parcel 2) will be sold, refurbished, and opened as a museum. Please see attached Exhibit A, *Land Use Map* and Exhibit B, *Plat Map* for further information.

**Description**

The property is more particularly described as Lot 4 of Emily Campau's Subdivision, City of Detroit, Wayne County, Michigan as shown on the attached Exhibit C, *Survey of Property* and Exhibit D, *Legal Description of Property*.

The subject designated as *Light Industrial District* on the *Detroit Master Plan of Policies* and is developed with two multi-story factory buildings. The proposed Division of Platted Property will clarify property boundaries and assessment records prior to the projected sale of the 469 Piquette Street property.

**Legal Basis for Review**

The Planning & Development Department reviewed this request under City of Detroit Ordinance 421-G of April 17, 1969, Chapter 58A, Article 1, *Subdivision of Land*, of the *Detroit City Code* and Sections 45.0200, 43.0200, and 104.0000 of the *Official Zoning Ordinance 390-G*. A copy of Ordinance 421-G is included for reference.

**Zoning and Related Parking & Loading Requirements**

The subject property is zoned M4 (Intensive Industrial District) which permits a wide range of land uses including museums. However, the site contains no provision for off-street parking, loading/unloading zones, or dumpster enclosures for trash. Assuming the 469 Piquette Street Building was rehabilitated and converted to a museum, 180 parking spaces would be required along with a 12' by 55'

loading/unloading zone under Sections 47.0108 and 47.0200 of the *Official Zoning Ordinance 390-G*. Please see Exhibit E, *Zoning Map* for more information.

An interview with Project Architect John Marusich at (313) 961-2210 on March 20, 2000 confirmed that a *common area clause* in the proposed sales agreement will provide space for parking, a loading/unloading zone, and dumpster enclosures to assure the efficient operation of the proposed new use.

**Findings**

The Finance Department, Assessments Division and the Law Department have reviewed this proposal and found that the property descriptions are accurate as listed and that all signatories have necessary interest in the subject property.

The Planning & Development Department's review involved 1) a review of the proposal and interviews with the developer and ArchiCivitas Architects, 2) a review of *Master Plan* and zoning requirements, and 3) an investigation of water and sewer service in the subject area.

Based on our review and analysis, the Planning & Development Department makes the following findings relative to this proposal:

Finding #1: The proposal meets the conditions of Sections 1, Paragraph 3 of Ordinance 421-G by creating parcels a) conforming to the existing individual building units, b) compatible with the surrounding land use, and c) consistent with the spirit and purpose of the Ordinance.

Finding #2: The proposal meets the conditions of Sections 1, Paragraph 4 of Ordinance 421-G by creating parcels accessible to public water and sewer systems which have the capacity to service the resultant parcels.

Finding #3: The proposal meets the conditions of Sections 45.0200, 43.0200, and 104.0000 of the *Official Zoning Ordinance 390-G* relative to a) division of a zoning lot, b) location of principal buildings on a zoning lot, and c) land use permitted on the subject property. Further, off-street parking, loading/unloading zones, and space for trash receptacles is accommodated in the development Plan.

Finding #4: The proposal is consistent with the *Detroit Master Plan of Policies* Future General Land Use, Middle Woodward Sub-Area which designates this area as *LI* or *Light Industrial District*.

Finding #5: The proposal improves pre-existing conditions by clarifying the platting and property boundaries, property assessments, and the land use relationship between two neighboring properties involved in this Division of Platted Property.

**Recommendation**

The Planning & Development Department recommends that this request for

Division of Platted Property be approved as proposed and that the attached resolution relative to this Division be adopted.

Respectfully submitted,  
BURNEY JOHNSON  
Acting Executive Manager

By Council Member S. Cockrel:

Be It Resolved, That this resolution in no way alters the class of occupancy, and that any alterations or additions to the principle buildings hereto will require prior approval of the Board of Zoning Appeals, and finally

Cuevas was a respected champion, but was shown little respect by the "The Hitman". Hearns won his first championship with a sledgehammer right cross, and

WHEREAS, Tommy has always been a confident fighter and that confidence has served him well in the ring. Hearns has always shown maturity in the ring; boxing when he had to, punching when he had to, but always pressing the issue, always dictating the pace and always controlling his opponent, and

WHEREAS, His opponents have learned the hard way to never discount the Hitman. His power remains intact, his frame holds 190 lbs, nicely, and he is driven not by financial need but by championship heart. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby salutes Tommy Hearns who will end his career where it began over twenty years ago. The fight on April 8th is monumental, not because Tommy's acumen in the ring, but his character and generosity in the community. On April 8th,

Metro Detroiters will come together to honor a great fighter and a great man...Thomas "The Hitman" Hearns.

The Detroit Police Department will be the lead agency in this campaign.

The total amount of the 2nd year grant is \$250,000.00 with no cash match. The Department will receive \$122,025.00. The Michigan State Police will receive \$61,241.00. The Wayne County Sheriff's Department will receive \$66,734.00. This reflects an increase in funding for personnel and a decrease for non-personnel from the first year budget.

Copies of the grant application for each member of the board has been provided. I am requesting the Board's permission to apply to City Council for their approval. Should any further information concerning this matter be required, please do not hesitate to contact me at 596-1800.

Respectfully submitted,

Honorable City Council:

Re: Jeffries Fwy. (I-96) Deck Replacement Etc. E. Grand Blvd. over Hwy. I-96. State Agreement #95-2351.

On March 6, 1996 (J.C.C. Pages 498-499) your Honorable Body approved City Contract No. 074180 with the Michigan Department of Transportation which provided for an estimated amount of \$32,400 for the City's share for the project described below:

Deck replacement including maintaining traffic for structure S37 of 82123 which carries E. Grand Boulevard over Highway I-96; together with necessary related work; located within the corporate limits of the CITY.

On Feb. 26, 1997 (J.C.C. Page #409), your Honorable Body authorized the Finance Director to increase the amount of City Contract No. 074180 from \$32,400 to \$35,000.00.

Now an audit of the project has been done which resulted in an increase of City Share By \$2,384.82 to a final amount of \$37,384.82. The overrun has resulted from an Increase in Construction cost.

We therefore recommend adoption of the attached resolution, which authorizes the Finance Director to increase the amount of CPO #2525435 (FICS Contract

#074180) from \$35,000.00 to \$37,384.82. The increase will come from Appropriation #4189, Major Street Fund — Traffic Control Improvement — State.

Re: City Council Recess from Friday, April 14, 2000 through Friday, April 21, 2000.

Ordinance No. 570-H, Chapter 21 Article 3, requires the approval of your Honorable Body for the purchase of goods and services over the value of \$5,000, all contracts for personal services renewals or extensions of contracts or the exercise of an option to renew or extend a contract. Based upon the above scheduled recess, there will be a delay in obtaining your approval for needed goods and services.  March 27, 2000

Honorable City Council:  
 Re: Second Amended Resolution of Necessity for the Acquisition of Land for the Brush Park Rehabilitation Project (South Parcel).

After evaluating the status of title to the parcels comprising the Brush Park South Parcel, we have determined that thirty-four (34) parcels need to be added to the previously adopted Resolution of Necessity; same having been adopted March 26, 1997, appearing at J.C.C. pages 688-693 (1997), as amended on August 2, 1999, appearing at J.C.C. pages 2238-40 (1999). The present second amendment is necessary to acquire ownership interests of private persons who have redeemed or have the right to redeem property sold at tax sales pursuant to the General Property Tax Act, to eliminate certain interests in properties

previously thought to have been owned by the City free and clear of other interests, and to add certain parcels in accordance with the Development Plan.

Accordingly, we hereby submit to your Honorable Body a proposed Second Amended Resolution of Necessity approved by the Corporation Counsel as to form. The resolution will, among other things, allow the exercise of the City's power of eminent domain as needed to acquire property not voluntarily conveyed to it.

The specific amendments are:

1. To authorize the acquisition of property interests in thirty-four (34) additional parcels.
2. To change the aggregate total of the most recent state equalized valuations for the property to be acquired as part of the project to \$715,690.00.
3. To change the estimated aggregate relocation costs to \$481,170.00.
4. To change the estimated aggregate acquisition cost to \$4,390,625.00.
5. To change the amount of the allowance of funds for compliance with any applicable environmental laws to \$2,414,280.00.

### Mayor's Office

April 12, 2000

Honorable City Council:

I present to you my proposed City budget for the 2000-2001 fiscal year at a time when new investment in Detroit is reaching levels we have not seen in two generations or more — when confidence in our future is attracting individuals, families and businesses back to the city, and causing those who evaluate government management — on Wall Street and elsewhere — to give us high marks.

At the same time, however, a number of factors have temporarily reduced our income stream, and made it difficult to determine how the current fiscal year will end — and even more difficult to make revenue projections for the next fiscal year.

Nevertheless, I expect the City of Detroit to end the current fiscal year with a balanced budget, for the sixth year in a row. For the fiscal year ending June 30, 1999, the City recorded a \$1.6 million surplus. While not as large as previous surpluses, I am pleased that we continue to manage our finances prudently, and therefore finished again last year in the black.

Yet, due to circumstances that adversely affected my original revenue projections for our current budget, we must carefully review every expenditure and may have to consider holding back on non-essential

activities through the end of the year. We can, therefore, officially project a surplus of \$1 at June 30, 2000.

Our City of Detroit is in a state of financial transition. We are on a progressive new course that will produce future increases in tax revenue — as new apartments and houses are built in our neighborhoods, and manufacturing and assembly plants, offices, stores, and entertainment centers are opened throughout the city. Yet, while an impressive volume of rebuilding activity continues, our income tax revenue is currently limited — by reductions in our income tax rates, which I will discuss momentarily; by the fact that many new businesses must operate for some time before they make taxable profits; and by the fact that our Empowerment and Renaissance Zones attract new development, but they are structured to keep tax income for the City at a minimum until the latter years of this decade. Other changes that I will discuss in the Financial Highlights portion of my remarks, such as reduced state revenue sharing, have created quite a challenge for us, as we proceed with our primary mission of providing better services for Detroit citizens and those who do business with the City.

Before I get into the financial highlights and specific programs of my proposed budget, allow me to point out significant achievements and important factors from the current fiscal year that will influence the budget for next year.

Yesterday, April 11, 2000, we ushered in a new era of sports tradition, increased pedestrian traffic downtown, and excitement about the city when the Detroit Tigers played their first game ever at Comerica Park. Back in August of 1995, the new ballpark was only a field of dreams, a vision of a bold future for Detroit. Yesterday, thanks to the people of Detroit and Wayne County, the commitment of the Tigers organization, the support of this Honorable Body, and the hard work of several city agencies, we realized the fulfillment of that dream.

Meanwhile, right next door, initial construction work is underway on Ford Field, the state-of-the-art domed stadium which will be the new home of the Detroit Lions, two years from now. I'm sure all of us are pleased that we have a great opportunity this fall for the National Football League to announce that Detroit will host the Super Bowl at Ford Field in 2006.

This afternoon we will break ground on the most significant development in downtown Detroit since the construction of the Renaissance Center in the early 1970s. Compuware Corporation's world headquarters will anchor Campus Martius — the project that will redevelop the heart of our central business district. Compuware will establish a high technology presence that should attract other companies in the

industry to Detroit. Already, the owners of several historic Detroit office towers have found that Internet companies and other technology firms are leasing space downtown because we can give them access to fiber optic cable lines that are harder to find — and more expensive in suburban areas and other cities. The prospect of Detroit becoming more of a technology center will have positive benefits for our economy and future City budgets.

Of course, the opening of two casinos during the current fiscal year introduced a new industry and a new source of tax income to the City. As we all know, only two of the three scheduled to open last year have done so. I will touch on the implications of casino tax income the City has received and has not received when I discuss the financial highlights of my proposed budget.

I am also happy to announce that our Detroit Zoo is projecting a significant increase in attendance due to two new exhibits, financed by both this year's budget, and the proposed budget. The National Amphibian Conservation Center (NACC) is scheduled to open in May of this year. The Center will contain over 1,000 animals and will house as many as 32 new exhibits using state of the art interpretive graphics. This will be the country's first center dedicated solely to amphibians. The Arctic Ring of Life will open in the fall, and is expected to be one of the largest arctic exhibits in the country. This 4.2-acre exhibit will incorporate distinct polar environments for polar bears, snowy owls and arctic foxes.

Our Census 2000 campaign has emphasized the connection between a good response from our residents and federal spending on programs for children, seniors, the homeless and others who need our assistance. We stand to lose \$3,000 per person not counted. History shows that since 1960, the City of Detroit has experienced budget deficits for three years after each Census — partly due to our reduced population and reduced state and federal government funding. However, I am encouraged by the response we have seen from our citizens so far — with 57 percent having mailed their Census forms back in as of April 10. That response is the third best of any American city, and puts us ahead of 1990, when had a 57 percent response rate for the entire mail-in period. I still believe that 2000 could be the first time in 50 years that Detroit shows an increase in population from the previous Census. As we enter the period when Census workers will go out into our neighborhoods to follow up with those who did not respond, I ask all residents to help them out as much as possible. Many Detroiters have signed up to be Knowledgeable Neighbors who will confirm information for Census work-

ers and point them in the right direction — but more volunteers are needed. Finally, I would like to once again thank this Honorable Body for your leadership, your ideas and your active participation in our efforts to count every Detroit resident in the 2000 Census.

In last year's budget message, I reported to you the good news on property values in our city where our State equalized valuations rose by \$1.1 billion in just one year which was more growth than in the prior 40 years. Well, I am pleased to report that again for the second consecutive year our State equalized values have again risen by another \$1.2 billion. This means that in the last two years the market value of property in the City has grown by over \$4.5 billion or nearly one quarter of our total market value of nearly \$20 billion.

As your Honorable Body and my Administration continue to work together to address the City's most urgent challenges, it is good to know that outside observers, as well as many of our citizens, recognize the progress we are making. As I briefly mentioned in my State of the City address, Governing Magazine gave Detroit a very respectable B- in its February 2000 report card on urban management. Evaluated for the way we handled financial management, human resources, information technology, capital management and managing for results, we received the same grade as Boston, Chicago and Baltimore, and ranked ahead of Atlanta, Houston, Los Angeles and San Francisco, to name a few.

Detroit's standing on Wall Street continues to improve. Moody's upgraded its evaluation of our general obligation bonds from "stable" to "positive" in 1999 — a move that is usually a clear signal that a city is in line for a credit rating upgrade. As you know, both Fitch and Standard & Poor's gave Detroit's general obligation bonds "A-" ratings in 1998 — the first time our general obligation bonds had received an "A" ratings on Wall Street since 1962. In addition, last year Fitch and Standard & Poor's upgraded Detroit's Water and Sewer bonds. The City's improving financial reputation should encourage us to maintain the fiscal discipline necessary to keep a good name and the savings that result from lower interest costs.

#### **Financial Highlights**

While we have had many financial successes in the past six years, this proposed budget has the greatest financial challenges both known and unknown in our efforts to prudently manage the City's fiscal affairs. It will take the cooperation of both City Council and my administration as we steer clear of obstacles and entrapments that would cause our financial situation to deteriorate. To that end, I have instructed both the Directors of Budget and Finance to work closely with your

Fiscal Analyst and to share with him and his staff all reports and all information used in preparing this year's budget. We cannot afford miscommunications based on the lack of financial information or incorrect financial information. The stakes are simply too high to afford a misstep.

One of the unknowns we are dealing with is casino revenue. There has been a great deal of discussion regarding casino revenue: how much would be available to spend, and who should establish the spending priorities for such revenues.

We should all keep in mind that in November of 1997, the people of Detroit passed Proposal A, which authorized an ordinance imposing a 9.9% tax on the adjusted gross received by the licensee from gaming. Proposal A also stated how the City should use those funds:

1. Hiring and training and deployment of street patrol officers.
2. Neighborhood and downtown economic development programs designed to create local jobs.
3. Public safety programs such as emergency medical service, fire department programs, and street lighting.
4. Anti-gang and youth development programs.
5. Other programs that are designed to contribute to the improvement of the quality of life in the City of Detroit.
6. Relief to the taxpayers of the city from one or more taxes or fees imposed by the City of Detroit.
7. Pay for costs of capital improvements.
8. Pay for road repairs and improvements.

Proposal A gave a broad funding mandate to City government.

Proposal B — also approved by Detroit voters in November of 1997 — authorized the City to impose a municipal service fee upon each casino licensee. The fee would be either 1.25% of adjusted gross receipts received by the licensee or \$4,000,000 per year — whichever was greater.

Each of the three casino operators have paid their municipal fee in advance, with the understanding that the next payment would be due one year from the anniversary date of their opening. As a result of the fact that Greektown has not yet opened, for this coming budget we have only projected \$9 million in service fee revenue. If, as anticipated,

Greektown does not open until July of 2000, the City would not be able to collect the next \$4 million from that casino group until their anniversary date, which would be in fiscal year 2001-2002.

The current fiscal year budget projected that the City would collect approximately \$51 million in casino revenue. Fortunately, our projections were conservative, and it appears that our total casino

tax income for only two casinos will be right at \$51 million.

For the proposed budget I now submit to your Honorable Body, we are estimating that casino tax revenue from all three casinos operating as of July 1, 2000 will be approximately \$80.7 million during the next fiscal year. The City has retained the firm of Deloitte & Touche LLP to assist in developing the most accurate estimate of gaming revenue. A chart in this budget report illustrates how those funds will be used over the next fiscal year.

There has been much discussion regarding how to budget Casino dollars. One opinion is that Casino dollars should be allocated separately and treated as additional funds, much like a federal or state grant. However, neither Proposal A nor B specifies or requires such an accounting treatment for casino revenue. Therefore it is appropriate to treat this revenue like other General Fund revenue, e.g., Income Tax, Property Tax, or State Revenue Sharing.

Beyond the tax income due to the City from casino revenues, it is also worth noting that our development agreements with casino developers call for additional financial commitments to the City, both before and after the permanent casinos are opened. The primary purpose of these commitments is creating opportunities for small Detroit businesses and non-casino economic development in areas adjacent to the casinos. For example, Detroit Entertainment (Motor City) has committed to establish an \$11.5 million development fund of which \$5 million will be utilized as a revolving loan to provide interim financing of development projects which are committed to employing residents of the City. An additional \$5 million will be contributed to the "Detroit Business Development Fund" to underwrite or guarantee loans of local businesses and entrepreneurs located in the City. The remaining \$1.5 million is pledged by Detroit Entertainment to development of our waterfront properties.

Greektown has committed to a \$12 million development fund, of which \$6 million will be placed in a "Casino Redevelopment Fund." This fund will provide gap financing to mixed-use development in Greektown and the Central Business District, and along the corridors that link Greektown to its casino site. Four million dollars will be contributed to an "Opportunity Zone" fund. This fund will provide revolving loans to businesses that will act as a casino "staging site" for laundry services, warehouses, and other commercial ventures needed to support the Greektown casino complex. The balance — \$2 million — will be placed into a Neighborhood Business Development Fund. This fund will be used to promote business development within the City.

MGM Grand Detroit has committed to establish a \$50 million business development fund, the first \$10 million of which is to be disbursed during the four years of operation of MGM Detroit's temporary casino. Two million dollars of this initial investment are to be provided to a revolving fund to provide gap financing to worthwhile business development projects city-wide that need capital for start-up. The following eight million dollars will provide loan funds for undercapitalized as well as start-up Detroit businesses that will not be limited to meeting the goods and services requirements of MGM Detroit, but rather will address general needs in the City, including but not limited to, additional retail. The remaining \$40 million of MGM Detroit's business development commitment is slated to be disbursed in annual \$10 million increments after opening of its permanent casino complex.

The MGM Grand Business Development Fund has been established as a formal legal entity; the criteria for businesses eligible for loan assistance have been formulated; and MGM Detroit is now in the final stages of arrangements with a local financial institution for administration of the capital. I expect that we will hear a further announcement from MGM Detroit about the fund and its operation in the very near future.

The MGM Grand Detroit and the Motor City temporary casinos have reported employment of more than 6,000 full-time and part-time workers, at least 51 percent of whom are Detroit residents. The Greektown Casino developer projects that it will employ a staff of 2,400 employees in its temporary casino.

A report by our Human Rights Department indicates that as of April 30, 1999, total construction worker hours for the three temporary Casino developments was 491,000. Detroit residents performed 151,000 hours, or 31 percent.

As you are aware, the casino developers made a significant commitment to do business with minority and Detroit based businesses. To that end, I am pleased to report that as of April 30, 1999, the total construction expenditures for the three temporary casinos was \$225 million; \$100 million of that (or 44 percent) was awarded to local, minority and women-owned businesses. The goal specified in our development agreements with the casino developers was a minimum of 30 percent — so you can see that we surpassed our goal.

Proceeding with my discussion of key financial issues for the next fiscal year, the City continues to face the challenge of reduced income from state revenue sharing. As you know, the State passed legislation freezing Detroit's share of state revenue at \$332 million a year for eight fiscal years, starting in 1998. A graph in our

budget package illustrates the impact that increases in the City's State Revenue Sharing had for the city's budget during the past 10 years. It also shows the impact of the reduction in revenue sharing to the city that followed the results of the 1990 census. Although there was a census-related reduction of \$22 million in fiscal year 1992, and a \$16.1 million reduction due to the recession in fiscal year 1991, the City still averaged a yearly increase in revenue sharing over this 10-year period of \$6.7 million, thanks to a more enlightened appreciation for Detroit's significance than now exists in Lansing.

While no increase in state revenue to Detroit is possible for most of this decade, there is some good news: our revenue sharing allocation is frozen and will not be subject to the results of the 2000 census.

The city's income tax reduction was another result of the state legislation which froze state revenue sharing. The law requires Detroit to reduce its income tax rate by 33% over the next ten years starting in the 1998 fiscal year. That means that each year the tax rate is reduced on average 4%, for a loss of approximately \$10 million each year. More importantly, the amount adds up to a very significant total — \$100 million over the course of a decade. Please refer to the graph in our package which illustrates the impact of that reduction over 10 years, assuming only a 3% growth in the adjusted gross income of the taxpayers. This rate is reasonable since the growth in the income tax revenue has only been 2.8% over the past ten years.

The financial challenge for the City is to continue to encourage economic development that will offset the impact of frozen revenue sharing and the reduction of the City's income tax rates.

I hope that I have succeeded in making clear why the temporary changes to the General Fund's major revenue sources will, in the short term, significantly affect the City's ability to balance our budget and to fund new programs and activities.

Another unknown financial challenge to the 2001 budget is the impact of residency on our income tax revenue projections. Last December, the State Legislature passed Public Act 212, which set a new residency rule for Michigan public employees. This statute, which became effective on March 10, 2000, abolished Detroit's traditional rule that required all employees and paid appointees to reside within the corporate limits of the City. First, let me thank you for your prompt action approving tentative labor union agreements prior to the effective date of the new residency statute. This allowed the City to maintain its traditional residency rule for city employees covered under these union agreements, until such time as these con-

tracts expire and are replaced with new agreements.

It is clear that other employees, whose contracts are entered into after March 10, 2000, will have the option to relocate their residence outside the corporate limits of the City. This action will reduce their respective tax rate from approximately 2.9% as a resident to 1.4% as a non-resident. The unknown factor is exactly how many city employees will choose to relocate, and how many of our Detroit residence who are not city employees will be influenced to move, as well. There are currently no reliable figures to determine the impact on the City's income tax collection. However, at my request, our attorneys are exploring whether there are legitimate incentives, which can be provided by the City, as an employer, to its employees to remain residents. Any such measures will be announced at the appropriate time.

Earlier this year, your Honorable Body passed an ordinance adjusting the fare structure for the Department of Transportation. While I respect your efforts to provide free bus service to our senior citizens and reduced fares for school children, the financial effect is that the City would be compelled to add \$5.3 million to DDOT's General Fund subsidy. The amount of the subsidy for DDOT in the last budget submitted by Mayor Young was approximately \$28 million. Since becoming Mayor, I have increased the General Fund subsidy for DDOT to \$63 million, as reflected in this proposed budget. The General Fund cannot afford to make a further commitment to DDOT, while the State is continuing to reduce its funding of DDOT's operations.

It is clear that the effect of the State's actions is to compel the City, if it wants to maintain service levels, to increase its funding of DDOT's operation. However, if we were to do so, absent any new revenue sources, we would be forced to cut other City services. This is a no-win situation for the City and its citizens. In focus group discussions at the City's senior citizen residences, we have found that most seniors who responded felt the cost to the City of the free bus service program could be better spent improving their quality of life in some other way. Therefore, I am proposing alternatives to the Council's bus fare ordinance for your thoughtful consideration.

In my State of the City message, I indicated my desire to form a task force to recommend creative use of additional revenues, namely from Detroit casinos, should any become available. In February, I invited more than 400 business and community representatives to participate in the Revenue Task Force discussions. I charged the Task Force with proposing in percentage terms a list of specific recom-

mendations for spending any surplus revenue that may accrue to the City, namely from the gaming tax. I asked David Baker Lewis, of Detroit's Lewis & Munday law firm, to chair the Task Force and to report back to me by the end of March. I have made available to you the results of the Task Force findings.

I would like to thank all the members of the Task Force for their invaluable service and hard work. I would like to specifically thank and acknowledge the work of William Beckham, Sandra Clemons, David Dworkin, Kenneth Hollowell, Taylor Segue III, Charles C. Smith, and Denise Willingham. I will request that this Honorable Body grant an opportunity to the Task Force to discuss their findings with you.

Based on the findings of the Task Force, I am proposing that \$2 million be allocated to specific programs outlined in their report. While not a large sum, this Administration is committed to increasing funding in subsequent years, as funds become available.

To conclude my discussion of financial highlights of the 2001 budget, let me note that our contract negotiations with the Detroit Police Officers Association are in the final stages of binding arbitration, a process governed by Act 312 of state law. The arbitrators will rule on the terms of the next police contract. Whatever pay increases the police union is awarded will automatically be awarded to the firefighter's union. That outcome is obviously uncertain now, but the arbitrators' decision, if beyond our last best offer, will definitely have a negative impact on our budget for 2000-2001 — beyond the negative financial impact of the elimination of our residency rule — a rule which both the police and firefighter unions have tried to kill for a long time. We expect a ruling, and the lieutenants and sergeants award to be made by mid-June and the other officers' award by mid-August.

#### **Department, Agency and Program Highlights**

As I begin a relatively brief discussion of detailed programs and specific departmental needs for the 2001 fiscal year, let me suggest that we should all thank Director Stephanie Green and the members of the Department of Public Works for their hard work in preparing a comprehensive snow plan for this past winter. While we were blessed this year with less snow than last year, I believe our citizens recognized that the City was fully prepared to handle any snow emergency. Our increased budget for snow removal allowed DPW to purchase 20 additional snowplows and to assemble a force of independent contractors with plows. The contractors' equipment, combined with the delivery of new snowplows ordered under previous budgets, and the use of

snowplows from other City departments, gave us an available fleet of 290 pieces of equipment, up from 59 last year. Our snow removal plan will be enhanced and readied for the 2000-2001 snowfall and beyond.

Delivering excellent services to Detroit citizens is our priority.

My senior staff proposed — and I adopted — a focus for this budget that targets strengthening the delivery and management of core city services. In the State of the City address, I identified three key elements of this strategic direction:

- Neighborhood stabilization;
- Public safety; and
- Internal services (Finance, Law, and Human Resources)

We have matched these three key elements with specific initiatives that we will regularly evaluate for their effectiveness — throughout the year and in subsequent years.

For Neighborhood Stabilization, the target initiatives are:

1. Increased building code enforcement
2. Increased housing and home ownership
3. A reduction in the number of abandoned buildings, cars and illegal dumpsites
4. Improved city infrastructure (lighting, streets, water and sewer)
5. More effective disposal of surplus city property, through improved records and land assembly
6. Increased enforcement of traffic violations on neighborhood streets

For Public Safety, the target initiatives are:

1. Reduction in response times
2. Improvements in fire prevention and education programs
3. Improved public health
4. Increased enforcement of drug laws, particularly forfeiture laws
5. Maintenance and updating of equipment used by Police and Fire

For Internal Services (Finance, Law and Human Resources), the target initiatives are:

1. Continuous improvement in contracting, expedited income tax refunds, compliance with the Prompt Payment Ordinance, further tracking and reduction of risk
2. Full DRMS implementation
3. Faster Law Department response times
4. Human Resources systems to select, hire, and retain high-quality employees

#### **Neighborhood Stabilization**

The 2000-2001 Budget reflects additional funding requests in line with the target initiatives for improved service. For example, in the area of neighborhood sta-

bilization, additional staff and equipment have been added to the Public Work's budget in order to complete scheduled bulk pick-up routes more quickly and thus minimize the number of delays. Also, eight additional environmental inspectors have been added to DPW's budget to improve rodent control efforts in our neighborhoods.

Six million dollars have been added to the Public Lighting Department to continue its unprecedented efforts to overhaul street lighting in neighborhoods. Since January 1998, 45,000 new streetlights with brand new electrical connections have been installed at a lower-than-expected cost of \$10.1 million. An additional 15,000 new streetlights will be installed under this program. In many of Detroit's historic neighborhoods, we plan to replace underground wiring systems with overhead wiring from lamp-post to alley, not in front of homes. Some residents of historic neighborhoods have expressed a desire to retain underground wiring when the streetlights are updated, but the underground system is 80 times more expensive to install than a new overhead system. Unless the residents of historic neighborhoods agreed to pay the higher cost through special assessments, the burden would fall on all Detroit taxpayers.

Last year, the Recreation Department analyzed the gap between recreation staffing levels and the challenge of providing high quality services at 33 recreation centers. The Budget Department worked with Recreation to analyze currently offered recreation programs and overall operations. One of the results in this budget is a proposal to shift some recreation staffing from a part-time, temporary basis to permanent, full-time. This proposal will reduce staff turnover and strengthen the career path of a recreation professional. We expect the result to be an increase in the quality of recreation services; it will be easier to recruit and develop employees, and there will be a reduction in inefficiency associated with our current reliance on part-time temporaries. We are recommending 22 new full-time positions. Also, 15 new Playleader positions have been added to the Department.

A study of the National Main Street Center, a program sponsored by the National Trust for Historic Preservation, may soon lead to a model project in Detroit for the renovation and revival of commercial strips in our neighborhoods. Also, City Group Executive Gloria Robinson has studied Atlanta's Land Bank Authority and Cleveland's Land Reutilization Program and what might be needed by way of state legislation this fall in order to implement a similar program in Detroit. Our goal is to expedite the sale and reuse of city-owned land, through

quick settling of title problems and other difficulties which slow down the process.

#### **Public Safety**

In the area of Public safety, funds have been allocated to the Police Department to hire additional 149 new police officers, as well as additional funding for the Housing Department to provide additional security at senior citizen housing. We have added approximately \$2.6 million to the Fire Department's budget for the purchase of two aerial ladder trucks and three aerial ladder-tiller trucks.

This year we are recommending \$4.6 million for the Health Department as it seeks formal accreditation from the State of Michigan Department of Community Health. Of the \$4.6 million, \$1.5 million is for 28 staff positions. The State is citing a need to assure and enhance the quality of local public health by requiring each local health department in Michigan to become state-accredited. Therefore, the Health Department must meet all state standards for accreditation, in order to maintain and continue to meet its obligations to the public. We must be vigilant about preparing for the accreditation process, or we will jeopardize our funding and our time-honored status as a leading local health department.

While the focus of many of the new initiatives is aimed at the City's neighborhoods and internal processes, the 2001 budget does seek to prevent a major problem downtown. Over the past three years our downtown has experienced major construction projects, notably the demolition of the Hudson's Building and the construction of Comerica Park and the interim casinos. Renovation of many historic downtown buildings is well underway. Like major downtown projects in Philadelphia, New York and elsewhere, construction work that affects foundations and core infrastructure disturb areas where there may be rodents. The Health Department and the environmental staff of Public Works have prepared a coordinated plan to avoid and deal with any potential problem. The Departments will develop educational and motivational material to provide positive direction regarding sanitation to commercial, entertainment and food in the downtown target area.

#### **Internal Services**

In the area of Internal Services, I am recommending additional staff for the Treasury Division of the Finance Department to expedite the processing of Property Tax refunds, as well as additional Human Resources' employee assistance staff to help our hard-working City employees during periods of personal need and guidance. Finally, I have committed to retaining additional legal staff for the Law Department in the areas of Ordinance Enforcement, commercial

legal issues involving DWSD, and to assist the Appeals Section in order to reduce the workload of appealed cases.

One of City government's important responsibilities is the distribution of NOF — Neighborhood Opportunity Fund grant money from the Department of Housing and Urban Development. Over the years, when your Honorable Body has sought additional funds for NOF programs, the Block Grant funding set aside by HUD for city departments to administer these programs, has been reduced. This has forced my Administration to find General Fund dollars to pay for the administrative costs to City departments. Because our margin for error with this budget is so razor-thin, I ask that instead of reducing the funding to the departments charged with administering the Block Grant programs, reduce the funding to the citizen groups I have recommended. Or, if you disagree with the groups that I have recommended — then please substitute the group or groups you prefer — but we simply cannot afford to add more money to the NOF pot. We will have to live with the fact that not every group can be funded by limited NOF money. We should also acknowledge that any program that deserves to be funded also deserves money to cover its own administrative costs.

#### **Capital Budget**

Each year, I have proposed various capital projects designed to address infrastructure and development needs throughout the City. As you know, we pay for our capital projects by selling bonds, then retiring the debt over a specified period. Our capital budget represents our plans for investment in the future of the City. What we build today determines what we maintain and operate for years to come. Some of the significant improvements include:

- \$2 million for the Police Department's renovations of police precincts.
- \$7.15 million for Public Lighting as part of its ongoing effort to modernize residential street lighting improve system reliability and keep up with the demands of new residential development.
- \$2.0 million for the Fire Department to renovate and repair fire stations. \$500,000 is allocated specifically to address bathing facilities for female personnel.
- \$7.15 million for the Recreation Department to repair and upgrade recreation facilities, and improvements to parks. \$850,000 from Capital Reinvestment Earnings for the Eastern Market facility improvements.
- \$1.7 million for the Zoo for improvements to the Belle Isle Zoo and Aquarium.
- \$5.3 million improvements to the Detroit Institute of Arts Building.
- \$2.0 million for the Public Works'

Automatic Location Detector System.

To conclude, I am pleased that Detroit is on track for sustained growth in the future, and is fully capable of addressing the immediate challenges we face. To do so, however, we must remain honest and realistic about our obstacles and exercise fiscal discipline to help bring about the proper solutions. With our current momentum, I believe we can avoid the post-Census downturns the City has experienced in the past, and move into the new century with a very strong start. The biggest payoff for our citizens will be a city that works; a city that delivers on its promises — both spoken and implied; and meets the reasonable expectations of our people.

Honorable City Council Members, I submit my proposed 2000/2001 budget for your consideration and approval.

Respectfully submitted,  
DENNIS W. ARCHER  
Mayor

Honorable City Council:

Re: Brush Park Rehabilitation Project. Waiver Requests/Environmental.

Your Honorable Body adopted a resolution of necessity on March 26, 1997, JCC 688-693, as amended on August 2, 1999, JCC 2238-40, with respect to certain parcels of land to be acquired as a part of the above-referenced project. In addition, a second amended resolution of necessity has been submitted to your Honorable Body concurrently with this request. In connection with the first amended resolution of necessity, your Honorable Body approved a waiver of environmental cost recovery for eight parcels in the Brush Park (South Parcel) project on August 2, 1999, JCC 2244-45.

The purpose of this letter is to provide a report on the environmental condition of certain of the properties to be acquired pursuant to those resolutions of necessity, as required pursuant to Section 2-1-13(C) of the 1984 Detroit City Code. In addition, the purpose of this letter is to request that your Honorable Body authorize waiver of the following in the City's good faith offer, appraisal and declaration of taking: 1) the costs of environmental inquiry, if any; 2) the costs of the environmental assessments, if any; and 3) any action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended), of certain of the privately owned parcels of land in the project area, as described more fully herein.

A Phase I Environmental Assessment of each of the parcels included in this request has been conducted in accordance with current ASTM standards, and in accordance with the requirements of the City Code.

With respect to the following parcels, the Phase I did not disclose 1) that these parcels had been used for any purposes other than residential/vacant, nor did it indicate 2) evidence of any recognized environmental conditions:

231	225 Alfred	01	673
233	241 Alfred	01	675

With respect to the following parcels, the Phase I did not disclose 1) that these parcels had been used for any purposes other than residential, nor did it indicate 2) evidence of any recognized environmental conditions, other than conditions that could be anticipated with residential use, such as asbestos, lead based paint, and above ground storage tanks for heating purposes, or possible environmental conditions due to uses of adjacent or nearby properties.

With respect to the following parcels, the Phase I showed that the parcels are being or had been used in the past for purposes other than residential (the purpose is set forth below); however the Phase I did not reveal any evidence of recognized environmental conditions, except possible environmental conditions due to uses of adjacent or nearby properties.

With respect to the following parcels, the Phase I showed that the parcels are being or had been used in the past for purposes other than residential (the purpose is set forth below); a Phase II has conducted on these parcels, which indicated that the parcels were not facilities (i.e., did not contain contamination in excess of generic residential criteria) for the purposes of state law:

Under the terms of the applicable portions of the City Code (Sections 2-1-15(a), 2-1-15(b) and 2-1-15(c) of the 1984 Detroit City Code), City Council may authorize waiver of 1) the costs of environmental inquiry, if any; 2) the costs of environmental assessments, if any; and 3) any action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended) in the City's good faith offer, its appraisal and its declaration of taking. In this case, we respectfully submit that the conditions for such waiver are met, because your Honorable Body has previously declared the project necessary and essential to the interests of the public peace, health, safety and welfare of the City, and the acquisition is being accomplished by the exercise of the city's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87. In addition, as noted above, no evidence of recognized environmental conditions were found for these properties, except in certain cases, and in those cases the conditions were consistent with residential use, or were related to uses of nearby or adjacent properties.

Accordingly, for those properties listed above, your Honorable Body is respectfully requested to adopt the attached resolutions authorizing waiver of such costs associated with the properties in the City's good faith offer, appraisal and declaration of taking, with respect to the present owner only.

1980 PA 87, as amended, provides that the condemning authority must state whether it "reserves or waives" its rights to recovery of response costs from the property owner in the appraisal of the property, the good faith offer and the declaration of taking. MCL Section 213.55. A decision is needed by your Honorable Body at this time in order to comply with the requirements of the statute. A waiver of reconsideration is also hereby respectfully requested.

Respectfully submitted,  
 PAUL A. BERNARD  
 Director

By Council Member S. Cockrel:

Whereas, the Planning and Development Department has submitted a report regarding the environmental assessments conducted with respect to the parcels described in Exhibit A, which are a part of Brush Park Rehabilitation Project area; and

Whereas, the results of said environmental assessments do not indicate any recognized environmental conditions, except, in certain cases, and those recognized conditions are not inconsistent with residential use, or were related to uses on nearby or adjacent properties; and

Whereas, the project has been declared necessary and essential to the interests of the public peace, health, safety and welfare of the City, and the acquisition is being accomplished by the exercise of the City's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87; and

Whereas, based upon the foregoing, the conditions of Article 1, Division 2, Section 2-1-15 of the 1984 Detroit City Code for granting a waiver of certain claims have been met;

Now Therefore Be It Hereby Resolved, that, with respect to the present owner of each parcel listed on Exhibit A, waiver of the following costs in the City's good faith offer, appraisal and declaration of taking be and hereby is authorized: 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity of that parcel.

A waiver of reconsideration is requested.

Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies in the vicinity of West Hancock and Cass Avenues to make the proposed future land use consistent with the current zoning and allow for the construction of two three-story structures containing twelve townhouses.

Attached for your consideration and action is a proposed Amendment to the Detroit Master Plan of Policies for the area generally bounded by West Hancock Avenue on the north, Cass Avenue on the east, West Forest Avenue on the south, and Second Avenue on the west. Adoption by your Honorable Body of this resolution would allow for the proposed "INST" Institutional land use designated for this site in the Master Plan of Policies to be made consistent with the current R6 (High-Density Residential) zoning. Hancock Avenue Limited Partnership L.L.C. proposes to purchase City-owned property on the south side of West Hancock

Avenue to construct two three-story structures containing twelve for sale townhouses, to be known as Hancock Square.

The subject area to be changed, which covers an area of 4.63 acres, is shown on the Master Plan of Policies Map 311-9, Lower Woodward Subarea, Woodward Area "Generalized Proposed Land Use." Presently, the subject area is designated as "INST" Institutional. It is recommended that the land use designation for the subject area is changed to "INST/RH" Institutional/High-Density Residential.

The site plan drawn by Pappageorge Haymes Ltd. and dated September 14, 1999 shows the construction of two three-story buildings, containing six townhouses each, with 18 visitor parking spaces on a site covering an area of 0.48 acres. The proposed development site on the south side of West Hancock is located within the University City #2 Urban Renewal Area and is adjacent to Wayne State University facilities to the east (Hilberry Theater) and south (Forest Apartments). Directly west is an apartment building on West

Hancock and two more apartment buildings fronting Second.

The proposed Amendment to the Master Plan of Policies for this emerging section of midtown Detroit is appropriate for a number of reasons. To begin with, the subject area is currently zoned R6 (High-Density Residential), which allows this type of residential development as a matter-of-right. Secondly, the proposed Hancock Square development would be a major step forward for continued revitalization of the Wayne State University campus area and adjacent Cass Corridor neighborhood. In addition, the developer plans to offer units to university students and faculty first, before opening up sales to the general public. Finally, the subject area is in a transition zone and currently includes some residential uses, with residential uses also immediately to the south, east, and west. Therefore, changing the proposed land use in the Master Plan of Policies from 'INST' Institutional to "INST/RH" Institutional/High Density Residential would recognize the transitional nature of the subject area, and make the land use consistent with the current zoning, as well.

In summary, it is our belief that the proposed residential development is appropriate for the subject area. We also believe that the Master Plan of Policies should be amended to make the proposed land use designation of the subject area consistent with its current zoning. We, therefore, recommend that the land use in the Master Plan of Policies for the subject area be changed from "INST" Institutional to "INST/RH" Institutional/High-Density Residential.

Respectfully submitted,  
PAUL A. BERNARD  
Director

**PROJECT DESCRIPTION**

**GENERAL DESCRIPTION**

Upon acquisition of the property, the Hancock Avenue Limited Partnership (Developer) shall construct twelve (12) attached townhouse units, located on the south side of West Hancock Avenue, between Second and Cass Avenues. The site is currently vacant, approximately .48

acres in size, and is commonly referred to as 459 and 465 West Hancock.

**ZONING, MASTER PLAN AND DEVELOPMENT PLAN RESTRICTIONS**

The proposed development is located within an "R-6" (High Density Residential) Zoning District which permits this type of development as a Matter of Right.

The Master Plan of Policies of the City of Detroit references the area the project is located within as "INST" Institutional. The proposed development does not appear to be consistent with the Master Plan Institutional land use designation. An amendment to the Master Plan of Policies is being pursued.

On November 30, 1999, the project was present to the Board of Zoning Appeals and was granted side, rear, and front dimensional variances, a use variance and a minor deviation from the Development Plan for the University City Rehabilitation Project No. 2.

The development is located within the University City Rehabilitation Project No. 2 Urban Renewal Area. The proposed use is permitted thru the approval of a minor deviation from the Development Plan by the Board of Zoning Appeals.

**SITE PLAN AND EXTERIOR TREATMENTS**

The proposed development shall consist of twelve (12) for sale single-family townhouses units on the south side of West Hancock between Second and Cass Avenues. The townhouses are to be developed in two (2), three (3) story structures that will be separated by a courtyard approximately 55' feet wide. The two (2) structures will be built on a pad. The units shall have two (2) to three (3) bedrooms, maintaining parking on the first floor and be enhanced with balconies and other architectural features.

The units will have two (2) car garages on the first floor. The garages maintained in the rear structure (Courtyard Units) are accessible through the current alley system present in the block. The developer must meet all requirements as determined by the Department of Public Works regarding use of the alley south of the site as a primary means of vehicular access to the townhouse units along the alley. The developer will make each townhouse unit meet all fire and emergency escape requirements, as determined by the Building and Safety Engineering Department, and that access for fire fighting purposes be maintained to the site at all times as required by the Detroit Fire Department Fire Marshall Division.

The front exterior of each unit on West Hancock shall be clad in brick with clapboard and brick material used on the side, and rear elevations. The exterior of the rear structure will be clad in brick and clapboard material. Double hung windows shall be used throughout. Each of the

panes from the window, shall be taller than wide, to give a vertical appearance to the window openings. Windows shall be provided so that they are large enough on the upper floors for easy exit/access point in case of fire. The developer must provide at least 2 windows, each no smaller than 5.7 square feet, to be placed on the exterior sides of both structures.

**LANDSCAPING, LIGHTING AND FENCING**

A combination of no less than eight evergreen and deciduous shrubs and decorative trees shall be installed in a landscaping bed located in front of each unit facing West Hancock. The landscaping bed shall extend across the entire width of the structures not paved with concrete for the walkways to the units. A line of evergreen and deciduous shrubs shall be planted to separate the backyards of the individual units on the north and similar plants on the front facades of the south units. The courtyard shall be planted with evergreen and deciduous trees, with grass planted where ever concrete is not located.

In accordance with the Master Plan of Policies for the City of Detroit, a row of canopy shade trees shall be planted in the public right-of-way area between the sidewalk and Hancock Avenue or immediately adjacent to the right-of-way line on the developers property. At a minimum, four (4) trees shall be planted in front of the structure fronting West Hancock. All canopy shade trees shall measure at least two and one half inches (2-1/2") in caliper. The Recreation Department of the City of Detroit retains a list of trees that are recommended for planting along all streets, and the appropriate species of tree for this area maybe obtained by calling the Recreation Department's Forestry Division at 313-224-1106.

A landscaping plan detailing approximate locations of plant materials, fences, retaining walls, site grading, and related features shall be submitted to the Planning and Development Department and City Planning Commission for review and approval prior to initiating site work.

A wood fence shall be permitted to be installed on the west side of the most northern corner of the West Hancock structure to the most southern corner of the Courtyard Unit structure of the development. A metal picket fence will connect the western part of the West Hancock and Courtyard structures to the wood fence. A metal picket fence will be installed on the eastern side of the West Hancock structure to the rear of the lot. The fencing will be either be wood pickets or a metal picket but the installation of barbed or razor wire shall be strictly prohibited.

Any exterior decorative or security lighting to be installed shall be subdued, shaded and focused away from traffic and any

adjacent residential properties to prevent the Development's illumination from encroaching onto adjacent properties or thoroughfares.

City Engineering Division**

April 12, 2000

Honorable City Council:

Re: Petition No. 1854 — Velmeir Co., L.L.C., requesting conversion to easement, outright vacation, encroachment into easement and waiver for non-standard commercial driveway approach in the block bounded by Gray, Dickerson, E. Jefferson and Brooks.

Petition No. 1854 of "Velmeir Co.,

L.L.C.", requests the outright vacation of a portion of the east-west public alley (variable width); also the conversion of the remaining public alleys, 18 feet wide, into private easements for public utilities; also a waiver for a non-standard commercial driveway approach and the encroachment of a retaining wall into said easement area, all in the block bounded by Gray Avenue, 60 feet wide, Dickerson Avenue, 60 feet wide, East Jefferson Avenue, 120 feet wide and Brooks Avenue, 60 feet wide. In order to facilitate construction of a new CVS Pharmacy with a drive through window.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The petitioner plans to remove or alter the existing paved alley return entrances into Gray Ave. (non-standard commercial driveway approach) and Dickerson Ave. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

The City Engineering Division (CED) and Traffic Engineering Divisions of DPW has no objections provided 100% of the abutting property owners have consented. However, despite substantial efforts 100% consent could not be obtained (even though there were no objections). There has been previous opinions given by the City of Detroit Law Department that your Honorable Body has the legal authority to vacate an alley as long as it does not decrease the value of the property in the block. CED recommends that the Planning and Development Department determine the effect the vacation would have on the adjoining property.

The Planning and Development Department has approved conceptual plans for the above referenced site. The CITY OF DETROIT owns approximately 50% of the property in the block mentioned and Velmeir Co., L.L.C., has received an Offer to Purchase the City owned properties. The petitioner has obtained more than 90% of the signatures of the abutting property owners and wishes that your Honorable Body considers the changes in the public rights-of-way for this re-development of land.

Satisfactory arrangements have been made with Comcast Cablevision of Detroit and the Detroit Edison Company (DeCo) for the removal and/or rerouting of their overhead and underground facilities.

The Public Lighting Department (PLD) reports that they have no objection to the vacation/conversion to easement of the alleys and encroachment into the easement. However, PLD has an overhead fed street light in the alley and PLD requires a minimum horizontal clearance of 3'-6" and a vertical clearance of 1'-0" from their facilities. PLD will remove the four lighting

units (fixture & bracket arm) at no cost to the petitioner after notification that the alley is closed. PLD requires 24-hour access for maintenance of their circuits.

The Detroit Water and Sewerage Department (DWSD) reports there is a 12-inch lateral sewer in the east half of the east-west alley, a 24-inch lateral sewer in the west half of the east-west alley, and a 20-inch-18-inch lateral sewer in the north-south alley all in the same block, as described above. However, DWSD has no objections to convert the east half of the east-west alley and the entire north-south alley into easement.

In addition DWSD has no objection to outright vacate the west half of the east-west alley provided all properties abutting that alley are owned by the petitioner, and the petitioner relocate the 24-inch lateral sewer. Also, DWSD has no objection to the proposed screen wall encroachments into the proposed easement in the N/S alley east of Gray in accordance with provisions and requirements that are a part of the vacating resolution.

All other City Departments and privately owned utility companies reported no objections to the changes in public rights-of-way. Provisions protecting utility installations are part of the resolution.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

SUNDAY JAIYESIMI

City Engineer

City Engineering Division-DPW

By Council Member S. Cockrel:

Whereas, The City of Detroit owns approximately 50% of the property in the project block and Velmeir Co., L.L.C., has received an Offer to Purchase the City owned lots, and has obtained more than 90% of the remaining property owner's signatures of consent and wishes that your Honorable Body considers to allow the changes in the public rights-of-way for the development, be it further

Private Claims 315 and 322," Detroit, Wayne County, Michigan, as recorded in Liber 27, Page 61 Plats, Wayne County Records;

Be and the same is hereby vacated (outright) as a public alley to become a part and parcel of the abutting property;

Provided, All properties abutting that vacated (outright) part of the alley are owned by the petitioner and the petitioner relocate the Detroit Water and Sewerage Department 24-inch lateral sewer; and be it further

alleys, 18 feet wide, in the block bounded by Gray, Dickerson, Brooks and East Jefferson Avenues lying easterly of and abutting the east line of lots 132-150, both inclusive, and the east line of the vacated public alley; also, lying westerly of and abutting the west line of lots 100-119, both inclusive; also, lying northerly of and abutting the north line of lots 120-127, both inclusive, as platted in "Sterling Park Sub. of the easterly part of Sterling Realty Co.'s Sub. Private Claims 315 and 322," Detroit, Wayne County, Michigan, as recorded in Liber 27, Page 61 Plats, Wayne County Records;

Be and the same is hereby vacated as public alley(s) and is hereby converted into private easement(s) for public utilities of the full width of the alley(s), which easement(s) shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said alley(s) and by their heirs, executors, administrators and assigns, forever to wit:

First, said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public alley(s) herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated alley(s) herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition.

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls, (except the screen wall encroach-

ment allowed further in this resolution) shall be built or placed upon said easement, no change of surface grade made, without prior approval of the City Engineering Division — DPW.

Fourth, That if the owners of any lots abutting on said vacated alley(s) shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners.

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and further

Provided, That if it becomes necessary to remove the paved alley return(s) at the entrances (into Brooks and Dickerson), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns, and be it further

Resolved, That the City Engineering Division — DPW be and is hereby authorized and directed to issue permits to CVS Pharmacy or its contractors to construct a precast concrete screen wall which will encroach into the north-south private easement for public utilities, 18 feet wide, in the block bounded by Gray, Dickerson, Brooks and East Jefferson Avenues, property being described as:

Lots 118, 119, 132, and 133 and the north-south private easement for public utilities, 18 feet wide as platted in "Sterling Park Sub. of the easterly part of Sterling Realty Co.'s Sub. Private Claims 315 and 322," Detroit, Wayne County, Michigan, as recorded in Liber 27, Page 61 Plats, Wayne County Records;

Encroachment to consist of a precast concrete screen wall with brick scoring both sides with color to match building exterior, with precast concrete piers supported by below grade footings; encroachment to be within a area of the easement approximately 9 ft. into the northwesterly portion abutting said lots and 9 ft. into the southeasterly portion abutting said lots a length of approximately 35 feet;

Provided, That the permittee at the time of obtaining said permit file with the City of Detroit Finance Department an indemnity agreement, in form approved by the Law Department, saving and protecting the City of Detroit harmless from any and all claims, damages, or expenses that may

arise by reason of the issuance of said permits and the faithful performance by the permittee of the terms thereof, and in addition to pay all claims, damages, or expenses that may arise out of the maintenance of said encroachment; and further

Provided, That no rights in the public places shall be considered waived by this permission which is granted expressly on the condition that said encroachment shall be removed at the expense of the permittee at any time when so directed by the City Council, and that the public property so affected shall be restored to a condition satisfactory to said department by said permittee at its expense.

Provided, That the petitioner shall design and construct proposed lateral sewers and make the connections to the existing public sewers as required by the Detroit Water and Sewerage Department (DWSD) prior to construction of the proposed buildings; and further

Provided, That the plans for the lateral sewers shall be prepared by a registered engineer; and further

Provided, That DWSD be and is hereby authorized to review the drawings for the proposed lateral sewers and to issue permits for the construction of the lateral sewers; and further

All costs incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD's facilities for maintenance, repairing, alteration, servicing or inspection by DWSD shall be borne by the petitioner. All costs associated with gaining access to DWSD's facilities which could normally be expected had the petitioner not encroached into the alley shall be borne by DWSD, and further

Provided, That all construction performed under this petition shall not be commenced until after five (5) days written notice to DWSD. Seventy-two (72) hours notice shall also be provided in accordance with P.A. 53 1974, as amended, utilizing the MISS DIG one call system, and further

Provided, Construction under this petition is subject to inspection and approval by DWSD forces. The cost of such inspection shall, at the discretion of DWSD, be borne by the petitioner, and further

Provided, If DWSD facilities located within the alley and adjoining easement shall break or be damaged as the result of any action on the part of the petitioner,

then in such event the petitioner agrees to be liable for all costs incident to the repair, replacement or relocation of such broken or damaged DWSD facilities, and further

Provided, The petitioner shall hold DWSD harmless for any damage to the encroaching device constructed or installed under this petition which may be caused by the failure of DWSD's facilities, and further

Provided, If at any time in the future the petitioner shall request removal and/or relocation of DWSD's facilities in the alley being encroached upon the petitioner agree to pay all costs for such removal and/or relocation, and further

Provided, That said permit should be issued only after a certified copy of this resolution has been duly recorded by and at the petitioner's expense in Wayne County Register of Deeds, and further

Provided, That no right in the public alley shall be considered waived by this permission which is granted expressly on the condition that the building and all obstructions in connection therewith shall be removed at the expense of the grantee at any time when so directed by City Council, and further

Provided, If at any time in the future it becomes necessary to repair or replace the sewers or other utilities located or to be located in said alley by the acceptance of this permission, the owners for themselves, their heirs and assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in their removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the owners expense, and further

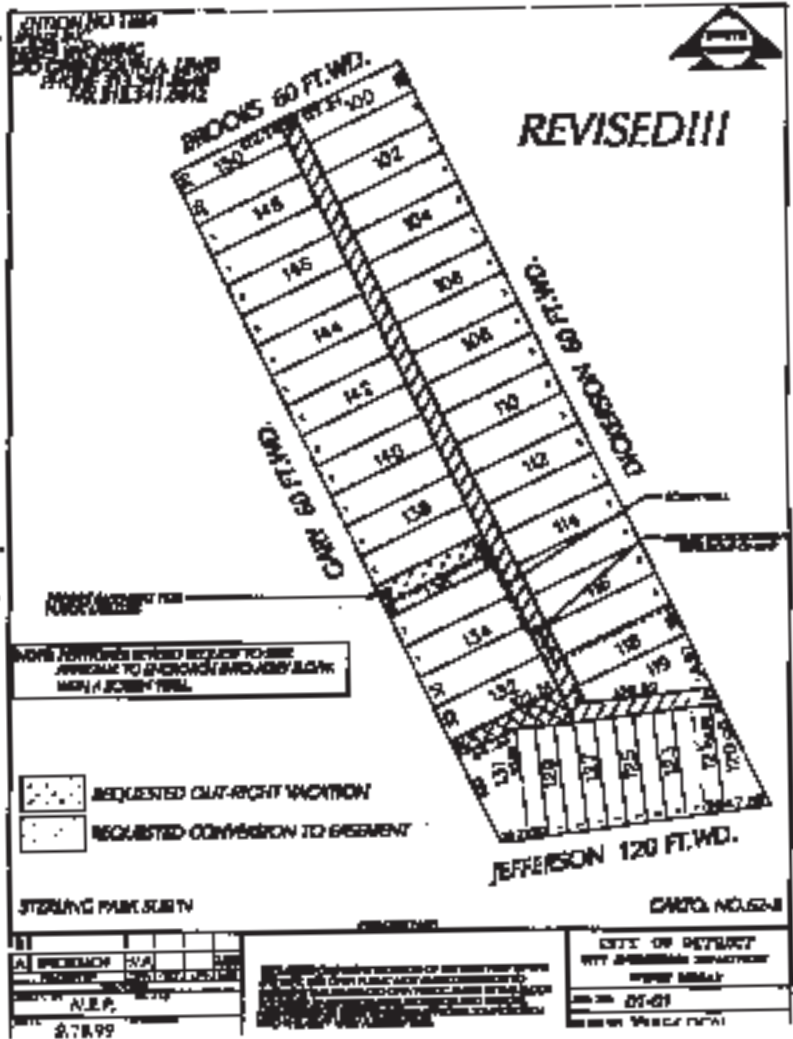

Provided, That this resolution is revocable at the will, whim or caprice of the City Council, and the grantees by the acceptance of this permission waive any right to claim damages or compensation for any structures constructed and maintained hereunder, or for removal of the same, and they acquire no implied nor any other privileges not expressly stated herein; and be it further

Honorable City Council:

Re: Request Authorization for Reprogramming of Bond Sale Proceeds to Support the English Village @ Islandview Condominium Project. Islandview Neighborhood — Planning and Development Department Bond Program.

The Planning and Development Department (P&DD) respectfully requests the authorization of your Honorable Body to reprogram Six Hundred and Fifty Thousand Dollars (\$650,000.00) from Appropriation Number 00944 (Residential Sites-Bonds) to Appropriation Number 10383 (Islandview Infrastructure Improvements-Bonds).

The English Village @ Islandview project is one of the most exciting residential infill projects that is proposed for construction with the City of Detroit. A presentation regarding this project was made before your Honorable Body on March 28, 2000. Residential Detroit, Inc., the Developer, proposes to construct 77 market rate condominiums in a first phase and 16 units in a subsequent phase of their development which is centered along St. Paul St. just east of E. Grand Blvd. The Developer has requested and P&DD has reviewed and approved their request for assistance in infrastructure improvements to support this project. The bond funds are to be used to repave the public alleys adjoining their development which are the primary vehicular access points to the new units. The condition of these alleys will be vital to the marketing of the units, and the Developer has indicated that all alley sewer connections are to be completed early this summer. With this occurring, the department anticipates construction of the alley improvements in the late summer of this year.

If you have any questions regarding this project, please contact Arthur Mullen of my staff at 224-6511.

Respectfully submitted,  
PAUL A. BERNARD  
Director

Re: Petition No.'s 1100 & 1101 — Central United Methodist Church, requesting vacation of commercial alleys in the block bounded by Woodward, Elizabeth, Adams and Witherell.

Petition No.'s 1100 & 1101 of "Central United Methodist Church", at 23 E. Adams Street, Detroit, Michigan 48226 request the conversion of all the alleys, 14 & 20 feet wide in the block bounded by Woodward, Elizabeth, Adams and Witherell into private easements for public utilities.

The requested conversion(s) have been approved by the Solid Waste Division — DPW and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The petitioner plans to use the paved alley return entrances (into Woodward, Elizabeth and Witherell), and requests such remain in its present status. Central United Methodist Church shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

The Detroit/Wayne County Stadium Authority and the Detroit Tigers, Inc., as concerned property owners, have no objections to the requested alley vacations.

City departments and privately owned utility companies have reported no objection to the conversion of public rights-of-way into private easements for public utilities. Provisions protecting certain utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Re: Christopher Dooley vs. Detroit Police Officers Michael Cook and Jeremy MacNicol. Case No.: 98-829368 NI. File No.: 97-8224 (TEC). CLIS No.: 9806438.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that the City should agree to the entry of an Order of Dismissal and enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution.

We, therefore, request authorization to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a designated sum to the Plaintiff that your Honorable Body direct the Finance Director to issue a draft payable to Christopher Dooley and his attorneys, Thurswell, Chayet & Weiner, P.C., in the amount the City is to pay the Plaintiff pursuant to the arbitrators' decision, but said draft shall not exceed Thirty-Five Thousand Dollars (\$35,000.00).

Resolved, That:

The Law Department is authorized to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate in the case of Christopher Dooley vs. Detroit Police Officers Michael Cook and Jeremy MacNicol, Wayne County Circuit Court Case No. 98-829368 NI, on the following terms and conditions:

- A. 1. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.
2. The maximum amount of any award to the Plaintiff shall not exceed the amount of Thirty-Five Thousand Dollars (\$35,000.00).
3. Any award in excess of \$35,000.00

shall be interpreted to be in the amount of \$35,000.00.

There shall be no costs, fees, attorney fees or interest taxable with respect to the award rendered by the arbitrators.

The award of the arbitrators shall represent a full and final settlement of any amounts due and owing to Plaintiff for any and all claims arising out of the incident which occurred on or about November 20, 1997 at or near 14396 Prevost; however, limited judicial review may be obtained in a Michigan Federal District Court or Michigan Circuit Court of competent jurisdiction (a) in accordance with the standards for review of arbitration awards as established by law; or (b) on the ground that the arbitrators committed an error of law.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay part or all \$35,000.00 to the Plaintiff, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of Christopher Dooley and his attorneys, Thurswell, Chayet & Weiner, P.C., in the amount of the arbitrators' award, but said draft shall not exceed Thirty-Five Thousand Dollars (\$35,000.00).
