Reference No. 201111026

Honorable City Council:

Re: Petition No. 2108, Palmer Woods Association, approval to modify traffic patterns within the Palmer Woods Subdivision.

In response to the above Petition No. 2108, from Palmer Woods Association (PWA), submitted via City Clerk's office on September 27, 2011 to City Council requesting approval to modify traffic patterns within the Palmer Woods Subdivision, DPW — Traffic Engineering Division (TED) has completed the review of the petition and impact to the traffic flow in the area.

TED considered vehicular traffic volumes, accident history, existing traffic

controls, and other physical conditions while completing the evaluation for the proposed modifications of traffic patterns within the Palmer Woods Subdivision.

Since December, 2007, PWA has been in contact with DPW to address their concerns of high traffic volume and speed of vehicles using streets within the subdivision as short cuts between Woodward and Seven Mile Road. Beginning in early 2008, numerous meetings were held with representatives of PWA to discuss their concerns and proposals to test several various traffic reconfiguration scenarios. During these meetings, PWA addressed issues raised by DPW and produced all requested documentation of community support of the initiative.

Under the direction of DPW, PWA developed and tested four (4) different scenarios to analyze traffic pattern changes and resulting in traffic volume and perceived reduction in traffic speed. Upon completion of all tests, Scenario #4 was recommended for implementation with support from an overwhelming majority of the subdivision's households.

Based on the study and analysis, TED concluded that the requested modification of traffic patterns within the Palmer Woods Subdivision is not detrimental to traffic flow within the subdivision and will have a positive impact on calming traffic flow in the Palmer Woods Subdivision.

Therefore, TED hereby approves the following traffic flow changes (Items 1, 2 & 3) as proposed by PWA. However, this approval is subjected to PWA's compliance with the conditions and provisions in attached resolution.

1. Construction of Diagonal Diverters on Gloucester at Wellesley, at Balmoral Drive and at Lincolnshire.

2. Construction of a Partial Diverter on E. Lincolnshire, one block West of the entrance from Seven Mile Road to channel vehicles traveling in either direction into the existing one-way South-bound exit to West-bound Seven Mile.

3. Creation of a modified island to slow down traffic at the intersection of Balmoral, Strathcona and Argyle Crescent — by connecting the two existing islands.

DPW acknowledges that resolution 2108 is one of two resolutions that require approval prior to implementation. Resolution 3766, which authorizes the closure of streets at three separate intersections (Woodward & Balmoral, Woodward & Strathcona, and 7 Mile & Lincolnshire) will also require approval before the Palmer Woods Traffic Calming project can be implemented.

As a result of this approved resolution, DPW respectfully submits to your Honorable Body the attached resolution to approve modifications to traffic patterns within the Palmer Woods Subdivision.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RON BRUNDIDGE
Director
Department of Public Works

By Council Member Brown:
Resolved, That the Diagonal Diverters

and modified island drawings at various locations within the boundaries of Eight Mile Road, Seven Mile Road, Woodward and Livernois within the Palmer Wood's Subdivision are attached.

Be and the same is hereby approved modifications to traffic patterns within said area by the Traffic Engineering Division of Department of Public Works subject to the following provisions:

Provided, That PWA obtains the written concurrence of DPW (Solid Waste Division), DPD, DFD, EMS and MDOT and any affected public utilities that the proposed traffic flow changes are not anticipated to have negative impact, and

Provided, That PWA is responsible for all costs associated with the proposed traffic flow changes, including development of detailed conceptual plans and specifications, design/preparation of bid documents, advertisement/construction contractor selection, and construction engineering and inspection fees, and

Provided, That prior to approval of the construction plans by DPW and throughout the construction phase, the PWA will document that each of its contractors and/or subcontractors carries the appropriate insurance coverage for any and all potential liabilities associated with implementation of the proposed traffic flow changes, and

Provided, That if DPW determines that the changes have unintended detrimental consequences to traffic safety and flow, PWA will be responsible for modifying the plan to remedy the issue(s) at no cost to the City. Implementation of such modifications (or, in the worst case, reversion to the original traffic pattern) will require DPW's submission of pertinent facts and reasonable rationale to, and approval of, the Detroit City Council, and

Provided, That the City Clerk shall, within 30 days, record a certified copy of this resolution with the Wayne County Register of Deeds.

**STATEMENT BY COUNCIL MEMBER
KWAME KENYATTA OPPOSING A
CONSENT AGREEMENT**

On Wednesday, March 13, 2012 State Treasurer Andy Dillon hand delivered copies of what is being called a consent agreement to Detroit City Council Members. Mr. Dillon indicated that negotiations with Mayor Dave Bing had broken down and that Governor Rick Snyder intended to move forward by taking the proposed agreement to the City Council and the State-appointed Panel for Review, with the anticipation of approval within one week.

I do not support Public Act 4, therefore I do not support anything that comes out of Public Act 4 including a consent agreement. I have reviewed this proposed agreement and it appears to be a violation of the public act itself. It was not formally presented to us by the state-appointed panel and it was not negotiated in public. It appears to be a document that was generated in isolation by the Governor and State Treasurer. The Governor has superseded the public act process in order to force or bully the City into entering a legally binding agreement that could last from three-to-five years, or even worse a decade.

Therefore, I believe this document is illegitimate and is not valid on its own merit. It calls for a Super Committee of none that will primarily govern the Mayor and City Council. The elected officials will no longer have a role that involves the governance of the City because that will be the responsibility of the Super Committee. All budgets will have to be approved by this Super Committee and all substantial decisions made by the Mayor, the Chief Operating Officer, the Chief Financial Officer, and the Human Resources Director must be approved by this committee.

More importantly, this consent agreement fails to mention any financial commitment to the city though it was stated in a private meeting that \$139,000,000 would be placed in an escrow account to make sure that the city does not run out of money and can pay its debts and future obligations. I assume this amount includes the cost of the financial advisory board.

Moving forward I hope that the City Council and the Mayor work in harmony to come up with a plan that includes the concessions that were negotiated with our unions and that we can continue to make the necessary strides that will move the city into financial stability.

Lastly, I strongly believe that an appeal should be made to the federal government for a serious intervention in this matter. Public Act 4 is a clear violation of the constitution and preys on our most vulnerable city in the State of Michigan. We will stand and fight for the rights that our

forefathers stood and fought for. Most importantly we, the Mayor, City Council, union leaders and the faith-based community, should use every tool at our disposal to prevent a State takeover. As I stated before I am against any consent agreement whether it comes from the Governor, the Mayor, or City Council.

VOTING ACTION MATTERS COMMUNICATIONS FROM THE MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES

NONE.

PUBLIC COMMENT

McCLELLAN, CECILY opposed to the Governor's Consent Agreement and states that a petition submitted with 220,000 signatures will repeal the entire law. She hopes that the Council demands the revenue the States owes be paid.

ADDISON, DEMPSEY, President of Association of Professional and Technical Employees,

states that they are opposed to the Consent Agreement or Emergency Manager. They ask the Body to continue to exercise the authority they were voted in to do. The Mayor has asked the Federal Government to take over the Head Start Program. The Mayor actions are illegal. The Mayor has already convened the meetings with the Skillman Foundation and invited some select communities' organizations to apply for the grant. This is a violation of the Federal guidelines. Ms. Corrigan was not truthful when she said that Wyandotte and Wayne Metro was the only one that could receive the weatherization fund. The State, under Governor Snyder, gave Wayne County,

which is not a community action agency, \$7,000,000 in weatherization funds. We are asking Council to take appropriate action and look out for the people of Detroit.

HINES, KEITH presented Snyder Act 67-85 (1921) stating that after they bomb the Negro Wall Street to calm down the Indians; they reneged on everything in the Act. They are a cartel which included Bing, Snyder and County and are a nuisance. The State Bar of Michigan Chapter 13 is not followed by Detroit. Anyone who signs a document or agrees with Snyder is guilty of being part of the cartel.

LANDY, CARDINAL (Shrine of the Black Madonna-Black Slate Unify Detroit Coalition) respectfully ask Council to listen to the voice of the people. There are over 226,000 signatures on petitions filed with the Secretary of State and would like for that to go forward to repeal Public Act 4 (Emergency Manager Law). If that process goes forward, the people's vote can be heard in November. Please do not sign any consent agreement.

GOLDBERG, JERRY, there has to be a process before decertification and if there has been a cut off of fund to circumvent that process then the City has the right to go to the Federal Government to ask that those funds be directly sent to the City to administer the program. The consent decree disenfranchises the elected Bodies of Detroit and would put the banks and the decision-making Body over the City's budget. Article 11 of the Consent Decree states, "this agreement should remain in affect until the City has achieved and maintain for at least two calendar years a credit rating by two or more national recognized security ratings agencies on the city outstanding long-term unsubordinated debt at the highest level of the rating agency." These are not just some objected rating agencies. In the U.S. Senate permit subcommittee investigations report (Wall Street and Financial Crisis) that these rating agencies are funded by the banks, a billion dollars corporation that gets paid for giving rating to the banks; because of this conflict they were rating sub-time mortgages at a triple AAA level that has devastated our city because of it criminal and fraudulent activity. Why should these agencies of the banks make the decision on the future of our city? We think that the alternative to giving the control of this City to the banks is to fight the banks and demand that they restore the funds that have been stolen from the City and

stand up and say we need funds for Human Services to the People and not service to the banks.

JOHNSON, RUTH (Transportation Riders United) concerns were the process and possible impact on transportation services for the City. The process does not allow the public to know who and how that contractor is being selected or their performances. It is very difficult seeing on Council's agenda the nature and it is our understanding it is 6 million dollars five (5) year contract which can cover multiples worthwhile projects but given the sufficient of the impact, we are concern.

My understanding is that the contractor would be selected without the input of an elective Body that DDOT management would be allowed to select at a RFP process and that management is sub-subcontractor which is only there for a period of time. If this is a five (5) year contract, we do not know who would make that selection. I think there needs to be very close oversight. We ask Council to carefully consider whether to award any contracts in this matter.

REV. COLEMAN stated Council is the gap that will make the difference in our City. It seems as if our city is being taken apart piece by piece. Our Marina is being taken or it wants to be taken apart. We have been unfairly treated as boaters in this city. We have been given three (3) weeks to produce a proposal and we did. The City now indicates that we need other documents and we have them this morning along with our balance sheet. We have gone beyond everything that has been requested of us to make sure that the friends of Erma Henderson Marina are there to operate our own Marina for the time to come. We will leave with you a copy of our operational and management proposal to show that we are serious, capable and able to run our own marina much, much, much more effectively and efficiently than the City has every done.

WRIGHT, CLAXTON (Vice-President of Friends of Erma Henderson) stated that they have a plan in place to development children in the community. I agree with all that Rev. Coleman has stated.

BOYLE, STEPHEN (Occupied Detroit Movement) offer support to the Council and wishes Council the best of luck; He state that if help is needed, there are people around to help.

BONNER, JOYCE spoke regarding her

property. She sign up for the weatherization program and received a new roof and has had other work done; now someone else name is on her property. The City of Detroit said that someone came in with conveyances and that her house was sold for \$2,000. The Register of Deeds Office does not have a document of that. It seems to her that her house was approved for weatherization so that someone can take over her property. She cannot pay her taxes because she is unemployed and taxes have double because of the business name on her property. She is not able to get an extension because her name is not on her property. She paid \$500 last week to try to kep her property from being taken over because of a tax foreclosure. She received documentation that her 2009 and 2010 taxes have been foreclosed on.

FARHAT, BELINDA stated that taxes were paid on the wrong property and she is asking that you correct this honest mistake. On November 2, 2011, she went to the City's Treasury Property Tax Division to pay taxes for her property at 17160 Harlow. She did not have a copy of the current bill so she provided the clerk with a copy of a previous bill; unfortunately, the clerk mistaken applied the wrong address. My trust believes that the clerk would accurately produce a correct bill to avoid late penalties, I did not check to make sure the document was correct; now I am suffering for this costly mistake. The wrong address of 17160 Harlow was on the past document and I had paid it. I have to pay my own property taxes which mean I have paid two (2) tax bills. The Property Tax Division said there is nothing they can do to undo it. I need you assistance in getting a refund for the erroneous tax bill that I paid. I have paid \$1,154.20 in November, 2011 and my property bill in February, 2012 for \$1,182.54. I had to pay it because I could not original tax bill.

HANSBERRY, HILDA stated that the Governor is out of touch with the people. If possible, can the Council Body have their regular meeting three (3) times a year within the community such as a church? I know you have meetings in the evenings but can you have it at the regular meeting time in the community for people who cannot drive at night.

HASSON, LINDA (resides in the City of Pontiac) states that this will not be easy for Council, people will lose jobs and cut, cut, cut. She asks Council not to be afraid and no one should have all power. This comes with the option of

issuing bonds, borrow or loan which will make you deeper. We are doing a good job with the petitions to cancel that force. It is not as if someone will come and take over and everying will be okay.

SCOTT, BETTIE COOK (Former State Representative): Ms. Hasson was speaking about the Emergency Manager. Pontiac was sold out in Lansing. Tim Melton, who is no longer their State Representative, works for an educational group out of California; they made several trips there. I oppose the Consent Decree and the Emergency Manager. History will repeat itself. The Detroit Board of Education, Jimmy Womack signed a consent decree. Former Police Chief, Isaiah McKinnon of the Detroit Police Department, sign a consent decree. A super majority coming from the State of Michigan always has the veto power. I told people not to complete the weatherization forms until they have a lawyer check them out. This young lady may be a product of fraud from the companies. No consent decree without the City of Detroit benefiting the most. I do not want you to sign any of it.

BUHOWSKI, DIANE distributed a copy of an Article showing that the eyes of the Nation of Islam and the County are on Council and you deal with the situation. Public Act 4 has been declared unconstitutional by U.S. Representative John Conyers by House Judiciary Panel that the Democratic Caucus of the House Judiciary Panel, which issued a 30 page report as to why it is unconstitutional. Thursday of this week, Andy Dillon, Governor Snyder and the Detroit Review Team are to go before Judge William Collette in Mason, Michigan to show why they should not be held in contempt for holding secret meetings on the consent agreement. I hope the City Council will not end up in the same situation.

MOTHER HOLMES prayed.

Representatives of the Planning and Development and Finance Departments have reviewed the above referenced petition of the following entity which requests the transfer of an Industrial Facilities Exemption Certificate under Public Act 198 of 1974 as amended.

AN ORDINANCE to amend Chapter 19 of the 1984 Detroit City Code, *Fire Prevention and Protection*, by adding Article III, *Emergency Service Cost Recovery*, which shall consist of Sections 19-3-1 through 19-3-9, to provide that the City of

Detroit shall recover, to the extent permitted by law, the costs of emergency responses from responsible parties.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 19 of the 1984 Detroit City Code, *Fire Prevention and Protection*, be amended by adding Article III, *Emergency Service Cost Recovery*, which shall consist of Sections 19-3-1 through 19-3-9, to read as follows:

CHAPTER 19. FIRE PREVENTION AND PROTECTION
ARTICLE III. EMERGENCY SERVICE COST RECOVERY

Sec. 19-3-1. Legislative findings.

The City Council finds that the continuing increase in the cost of providing adequate public safety services by the City of Detroit has created an urgent need to authorize the City to seek reimbursement for the actual and necessary costs of these services. These fees are assessed pursuant to the legal authority of the City of Detroit and are solely for the purpose of collecting revenue to cover the actual and necessary costs of providing public safety services.

Sec. 19-3-2. Purpose.

This article is enacted to ensure that the City shall recover, to the extent permitted by law, the actual and necessary costs of an emergency response from each responsible party.

Sec. 19-3-3. Definitions.

For the purpose of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Cost of the emergency response means the actual and necessary costs incurred by the City as the result of responding to an emergency event, including, without limitation:

(1) All actual and necessary labor costs, including wages, fringe benefits, and reimbursable expenses, of all personnel responding to the emergency event and all personnel engaged in the investigation, supervision, and preparation of reports relating to the emergency;

(2) All actual and necessary costs for materials, supplies, and equipment used or damaged in the course of the City's response to the emergency;

(3) All actual and necessary costs for repair or replacement of publicly-owned property, including, but not limited to, buildings, facilities and infrastructure, such as utilities, roads, sidewalks, safety paths and other infrastructure or public improvements, that were damaged or destroyed in the course of the City's response to the emergency;

(4) All actual and necessary costs for the investigation of an emergency, cleaning up, inspecting, testing, abatement,

monitoring, mitigating, restoring, cleanup, analysis, and crowd control at the site of the emergency; and

(5) All actual and necessary costs for labor and services, which were contracted for by the City in connection with, or as a direct or indirect result of, an emergency.

Emergency means any unforeseen or sudden circumstance or combination of circumstances, including but not limited to, fire, accident, utility emergency, hazardous material incident, arson, rescue, or any other emergency situation, which requires Detroit Fire Department personnel to respond to such an event, for purposes of providing fire or related support services in order to prevent or minimize risk, hazard, injury, or loss of life that may result in a threat to public health and safety.

Emergency response means the dispatch, response, or use of services provided the Detroit Fire Department, or any entity operating at the request of the City, or any other responder, to an emergency, including any investigation or mitigation of the emergency.

Proportionally liable means the portion of the cost of the emergency response, as defined in this section, that was caused by a party's percentage of fault in connection with the response as assessed by the Fire Department.

Responsible party means:

(1) Any owner, lessor, lessee, or operator of real property, the use of condition of which is responsible for, or contributes to, an emergency;

(2) Any registered owner, lessor, lessee, or operator of any motor vehicle, the operation of which results in an emergency, but does not mean any occupant of the motor vehicle;

(3) Any entity which owns, maintains, or operates a railroad, which by its operation results in an emergency;

(4) Any public or private utility whose activities or facilities, including, but not limited to, electric lines, telephone lines, cable lines and pipelines, which were involved in an emergency;

(5) Any other person whose actions, in whole or in part, caused an emergency.

Sec. 19-3-4. Liability for expense of emergency response.

(a) The City shall allocate the actual and necessary costs among and between each responsible party. When an emergency response directly benefits more than one responsible party, each such party shall be proportionally liable for the payment of the cost of the emergency response.

(b) In the event of an emergency that involves hazardous substances, to the extent the Michigan Natural Resources and Environmental Protection Act, MCL 324.20101 *et seq.*, or any other law pre-

empties the cost of recovery provisions of the article, the liability for and recovery of costs of the emergency response shall be governed by the Michigan Natural Resources and Environmental Protection Act or other such law, and the City may pursue the collection of the actual and necessary costs of the emergency response in a civil action as provided for by such laws.

Sec. 19-3-5. Authorization to establish fees.

In accordance with Section 9-507 of the 2012 Detroit City Charter, the Fire Commissioner is authorized to establish necessary fees, with the approval of the City Council, for recovery of the cost of emergency response services.

Sec. 19-3-6. Collection and billing of emergency response costs.

(a) The cost of an emergency response shall be a charge against any party deemed responsible. Such a charge constitutes a debt of the party and is collectible by the City in the same manner as in the case of an obligation under an express or implied contract. The City may submit, within thirty (30) days of determining all or parts of the itemized costs incurred by the City, or other jurisdiction providing mutual aid to the City, for an emergency response, an invoice for these costs by first class mail or personal service to any party responsible for the costs as provided for under this article.

(b) The responsible party shall reimburse the City of Detroit for the charges as set forth in the invoice within thirty (30) days. Where no written request for a hearing is received in accordance with Section 19-3-8 of this Code, the City may proceed in accordance with Chapter 18, Article VI, of this Code, *Uniform Procedure for Accounts Receivable*, to collect any amount remaining unpaid at the expiration of thirty (30) days from the date of the invoice.

(c) Where the responsible party who fails to reimburse the City owns real property in the City, the use of condition of which is responsible for, or contributes to, the emergency:

(1) The amount of the costs shall be forwarded by the Fire Department to the Board of Assessors for assessment on the subject property and recorded as a lien against real property in accordance with state law, the 2012 Detroit City Charter, and this Code; and

(2) Liens assessed pursuant to this section shall be enforced in the manner prescribed in state law, the 2012 Detroit City Charter, and this Code for the enforcement of tax liens.

(d) The responsible party shall be liable for any costs associated with the collection of the unpaid balance that remains after the expiration of thirty (30) days from the date of the invoice.

Sec. 19-3-7. Cost Recovery Review Committee; promulgation of procedural rules.

(a) The Fire Department is authorized to establish a Cost Recovery Review Committee, which shall be comprised of three (3) members. The Committee shall consist of two (2) Assistant Corporation Counsels, who are selected by the Corporation Counsel, and one (1) current uniformed member of the Detroit Fire Department as selected by the Fire Commissioner.

(b) In accordance with Section 2-111 of the 2012 Detroit City Charter, the Fire Commissioner shall promulgate procedural rules for processing requests for review of charges assessed under this article.

Sec. 19-3-8. Right to Review.

(a) Any responsible party who, or which, is assessed emergency response costs in accordance with this article shall have a right to a hearing by filing a written request for a review with the Fire Commissioner within thirty (30) days from the date of the invoice from the City. The request must be accompanied by a written explanation as to why the assessed amount should not be paid by the party.

(b) The party assessed with charges may raise the following defenses, with appropriate evidence, to support that:

(1) He or she is not a responsible party as defined in this article; or

(2) He or she did not cause the emergency; or

(3) The apportionment of costs is in error; or

(4) The amount assessed is in error.

(c) The Cost Recovery Review Committee shall hear all requests for review. Where the Committee determines, based upon the evidence, that the party was improperly charged for any item, the Committee shall waive the charge for such item. The findings and decisions of the Committee shall be in writing and are final.

Sec. 19-3-9. No liability for alleged failure to provide response.

This article shall not be construed to impose any duty, responsibility, or liability in tort on the City of Detroit, its officers, agents, employees or officials, of any kind, that could render any of them liable for an alleged failure to provide adequate emergency response.

Sec. 19-3-10. Reserved.

Section 2. All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of public peace, health, safety, and welfare of the People of the City of Detroit.

Section 4. This ordinance shall become effective one hundred and twenty (120) days after publication in accor-

dance with Section 4-118 of the 2012 Detroit City Charter.

Honorable City Council:

Re: Petition No. 3941 — Detroit Gateway Park Outlet Mall, LLC requesting vacation of street and alley rights-of-way within the project boundaries Kenneth, Ralston, Winchester, Colton, Alameda, etc.

Petition No. 3941 of "Detroit Gateway Park Outlet Mall LLC", request the outright vacation of certain rights-of-way within the block bounded by West Eight Mile, 204 feet wide, Winchester Avenue, 50 feet wide, Woodward Avenue, 204 feet wide, and Ralston Avenue, 32 feet wide. This request is necessary to facilitate the development of the Shops at the Detroit's Gateway Park Site.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) report no objection to the outright vacation of certain rights-of-way provided that the petitioner agrees to relocate the sewers at no cost to DWSD.

The Public Lighting Department (PLD) reports will remove the overhead circuit (PAL 109) and series street lighting cable pole and underground communication,

fire, and street light cables (PAL 109) on vacated Alameda and Colton Streets. PLD's utility estimated removal will cost \$5,000.00 based on the scope of the work that were presented at that time.

AT&T Communication reports facilities within said project site, however, have no objections to the vacation of certain rights-of-way provided that the relocation of AT&T facilities is relocated at petitioner/property owner/requestors expense.

DTE Energy — Gas Division reports having facilities within Alameda and Colton, and the removing and rerouting of such service will be done at the petitioner/property owner/requestors expense.

Comcast cablevision reports a cost of removing and/or rerouting such services. The petitioner and/or property owner must contact Comcast's customer service desk to initiate the process to remove/relocate existing facilities.

Please abide by Public Act 53, three (3) working days before you dig, dial toll free MISS DIG at 1-800-482-7171.

All other city departments and privately owned utility companies have reported no objection to the changes of the public right-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

RICHARD DOHERTY

City Engineer

City Engineering Division — DPW

MEMBER REPORTS:

Council President Pro Tem Brown: The process for the consent agreement is that before we can act, the Mayor has to deliver a consent agreement to this Body before we consider.

Whitaker: That would be the normal course that we should get something from the Mayor for which to act on.

Council Member Jenkins: The Youth Violence Prevention Task Force, Chaired by myself and Council Member Tate, Wednesday, March 21, at 5:50 p.m. at Maggie Lee Community Center at 7700 Puritan Avenue. Media Services is to scroll this information.

Council Member Cockrel, Jr.: The next meeting for Detroit City Council Green Task Force will be Thursday from 3:00 to 5:00 p.m. in the Committee of the Whole Room, 13th Floor of the Coleman A. Young Municipal Center. Media Services is to scroll this information.

Council Member Jones: Walk on to Mayor's Office and I am requesting a response. The Evening Community Meeting is tonight at 7:00 p.m. (Ann Arbor Trails School). Skill Trades Task Meeting next Tuesday, 4:00 - 6:00 p.m. in the Committee of the Whole Room, 13th Floor of the Coleman A. Young Municipal Center. The Mayor's meeting on March 27 at 7:00 p.m. in the Auditorium.

Council Member Tate: Chess Club that was at Council Formal Session last week had a chess tournament this past weekend and won second and third place in their various categories. Youth Violence Prevention Task Meeting at 5:30 p.m. tomorrow at

Maggie Lee Community Center at 7700 Puritan Avenue. We are working diligently to get an agreement together to send to the State. Whatever we put before the State has to uphold the Charter and the fiscal challenges we are in. Any group that has powers of an Emergency Manager I would be completely against it because that is saying that I agree with the Emergency Manager. The proposed consent agreement that came before us by the State did not just kill off the Mayor's Executives but it killed off the role of this particular City Council, not the ones sitting here, but Body of City Council because we are here for a short period of time when you talk about existence. This City will live on and our job is to insure that we place ourselves in this City in the best position possible moving forward.

Council Member Watson: Thanks to the hundreds of women and girls who convened here Saturday at a wonderful conference called "Make Them Hear You." I think it would be good for this Body to have a resolution to oppose Michigan becoming a Right to Work State. I believe we should have a resolution to suspend debt service payments when you consider \$226,000,000 from our General Funds goes to debt services and \$399,000 from Water and Transportation on Parking goes from those enterprise funds. These are the same banks responsible for this predatory lending activities that lead to 85% of the loans in Detroit over the last decade leading to foreclosure activity. The debt service is the No. 1 issue in the Governor's Consent Agreement saying pay back first; pay the banks first, we should not be doing that. We should be negotiating to pay them substantially less than \$226,000,000; how about \$2,000,000. The signatures are on the verge of being certified which will cause Public Act 4 to be rolled back and repealed to let the citizens vote on whether they want an Emergency Manager or dictator governing their lives. Citizens can vote on that in November.

The Financial Advisory Board has the means to extend its livelihood indefinitely, forever. Whether the City is in balance, stable or not; there is nothing democratic or constitutional about that. It would be prudent for this Body not to give air. It may have also violated the Open Meetings Act because it is still an open question as to whether that document was crafted by those persons who were meeting in private which is a clear violation of the State Open Meeting Act.

Re: City Council Recess from Monday, April 16, 2012 through Friday, April 20, 2012.

Ordinance No. 15-00, Chapter 21 Article 3, requires the approval of your Honorable Body for the purchase of goods and services over the value of \$25,000, all contracts for personal services renewals or extensions of contracts or the exercise of an option to renew or extend a contract. Based upon the above scheduled recess, there will be a delay in obtaining your approval for needed goods and services. Therefore, during the Recess, I request that your Honorable Body approve our purchase of Goods and Services requir-

ing your approval under Ordinance No. 15-00 under provisions as follows:

1. Weekly list of Contract Agenda Items, which are distributed by the Office of the City Clerk to Members of the City Council each Thursday, will be held through Wednesday of the following week. In the event any Council Member objects to the contract or purchase, the contract or purchase will be held either until formal action by the City Council or withdrawal of the obligation by the objecting Council Member.

2. No Contract or Purchase Order shall be issued if a Protest has been filed, or if a Vendor has not obtained any required Clearances or Affidavits.

The first list under the Recess procedures will be prepared by the Purchasing Division on Thursday, April 12, 2012.

Law Department

March 27, 2012

Honorable City Council:

Re: Petition Number 2208 — Request for City Council Approval of the Transfer of a Michigan Liquor Control Commission "Class C License" to JCD Detroit, Inc., 2200 West Lafayette (Green Dot Stables Restaurant).

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission, issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R436.1105(3).

Pursuant to the above, Local Approval Notice (Request ID Number 618650),

which has been designated by the City Clerk as Petition Number 2208, is currently pending before City Council for approval of the transfer of ownership of an on-premises liquor license in the City. Specifically, this Local Approval Notice requests this Honorable Body's approval of the transfer of ownership of a "Class C License" for a restaurant located at 2200 West Lafayette from Gentilia, Inc., to JCD Detroit, Inc., ("License Applicant").

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as certified to the Commission by the appropriate law enforcement officials.

The Buildings, Safety Engineering and Environmental Department ("BSE&ED") reports that the current legal use of the property is "Class C Bar" per permit Number 42066, which was issued on January 5, 1970. A Certificate of Compliance was issued by the BSE&ED Property Maintenance Enforcement Branch on March 21, 2012 for the location and an outstanding sign license fee paid on this date. Further, the Department of Health and Wellness Promotion and the Detroit Fire Department have both recommended approval of the transfer of the liquor license to the License Applicant. As such, the Coordinator's report, dated March 22, 2012, confirms that the License Applicant is in compliance with all appropriate state law and City ordinances. Therefore, approval by your Honorable Body of the transfer of the on-premises liquor license for a restaurant at 2200 West Lafayette to the License Applicant is proper.

Also, the License Applicant has applied, and paid the applicable fees, for the issuance of the required City of Detroit business license for the operation of a restaurant with the sale and on-premises consumption of alcoholic beverages at the subject location.

Therefore, attached for your review and consideration is a proposed resolution approving the transfer of ownership of a "Class C License" located at 2200 West Lafayette from Gentilia, Inc., to JCD Detroit, Inc. Further, the Law Department recommends that after review and consideration by the appropriate Standing Committee that this matter be forwarded to the Committee of the Whole for approval at its next Formal Session.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
KRYSTAL A. CRITTENDON
Corporation Counsel

the City to borrow hereunder such sum as shall be determined by the Finance Director not in excess of \$140,000,000 and to evidence such borrowing by the issuance of the Bonds not in excess, in aggregate principal amount, of such amount (the “Maximum Aggregate Principal Amount”), in minimum denominations of \$5,000 or such greater minimum denominations as determined by the Finance Director, pursuant to the Charter and in accordance with the provisions hereof, for the purpose of providing funds (i) to fund Risk Management Fund previously established by the City for the purpose of defraying losses for which insurance coverage could be provided by an insurer, but for which the City has determined to self-insure including reimbursement to the City for certain amount spent for Risk Management Fund purposes; (ii) to refund a portion of the Prior Bonds; (iii) to provide capitalized interest, if any; (iv) to establish a reserve fund and to pay for a Municipal Bond Insurance Policy, if necessary; and (v) to pay legal, financial, accounting, printing and other expenses related to the issuance of the Bonds, all as finally confirmed by the Finance Director in the Sale Order.

Section 202. Declaration of Borrowing.

The City shall borrow, under this Resolution on the authority of and in accordance with the provisions of the Charter, Act 34 and Act 279, a sum not to exceed the Maximum Aggregate Principal Amount and the Bonds shall bear interest on a fixed and/or variable rate and tax-exempt or taxable basis as provided herein and in the Sale Order. The City shall issue Bonds as hereinafter provided, secured by Distributable Aid on a second and/or third lien basis to the DSA Bonds as confirmed in a Sale Order and a Supplemental Indenture, and further secured by the limited tax full faith credit and resources of the City which will be payable from ad valorem taxes levied on all taxable property within the City, subject to applicable constitutional, statutory and charter tax rate limitations.

ARTICLE III AUTHORIZATION, REDEMPTION AND ASSIGNMENT OF THE BONDS

Section 301. Authorization of Bonds and Pledge. (a) The City hereby authorizes the issuance of the Bonds in such series and in such principal amounts as shall be confirmed in the Sale Order, not in excess of the Maximum Aggregate Principal Amount. Pursuant to authorization provided in Act 227, the City hereby pledges for the payment of principal of and interest and any redemption premiums on the Bonds, Distributable Aid payments that the City is eligible to receive, which pledge and priority of lien on Distributable Aid shall be on a second lien basis and/or third lien basis to the outstanding DSA Bonds for such portions of

the Bonds as the Finance Director shall determine in the Sale Order and a Supplemental Indenture. The Finance Director is hereby authorized and directed to negotiate, approve and execute the Third Supplemental Indenture and such additional Supplemental Indentures, if necessary, for and on behalf of the City with U.S. Bank National Association, Detroit, Michigan, as Master Trustee, to provide for second and/or third lien pledges of Distributable Aid to secure payment of the Bonds or series of Bonds. Nothing in this Resolution shall restrict or be construed as restricting the City's ability to make additional pledges or assignments of Distributable Aid as security for current or future Bonds or obligations of the City, subject to the requirements for the issuance of additional Bonds and obligations set forth in the Master Trust Indenture. As additional security for the Bonds, the City hereby pledges its limited tax full faith and credit for the payment of the principal of and interest on the Bonds, including the proceeds of an annual levy of ad valorem taxes on all taxable property in the City, subject to applicable constitutional, statutory and charter tax rate limitation.

(b) Bonds of the City aggregating the principal amount of not to exceed One Hundred Five Million Dollars (\$105,000,000), shall be issued for the purpose of (i) funding a deposit to the Risk Management Fund previously established by the City for the purpose of defraying losses for which insurance coverage could be provided by an insurer, but for which the City has determined to self-insure, (ii) to pay capitalized interest on the Bonds, as determined by the Finance Director at the time of sale, and (iii) to pay costs of issuance for the Bonds. Unless issued in more than one series as determined by the Finance Director in the Sale Order for such series and designated as provided in Section 302(a) hereof, the Series 2012(A1) Bonds shall be designated "SELF-INSURANCE DISTRIBUTABLE STATE AID SECOND LIEN BONDS (LIMITED TAX GENERAL OBLIGATION) SERIES 2012(A1)" and the Series 2012(A2) Bonds shall be designated "SELF-INSURANCE DISTRIBUTABLE STATE AID THIRD LIEN BONDS (LIMITED TAX GENERAL OBLIGATION) SERIES 2012(A2)"

(c) Bonds of the City aggregating the principal amount of not to exceed Thirty-Five Million Dollars (\$35,000,000), shall be issued in the discretion of the Finance Director for the purposes of (i) refunding the Refunded Bonds; (ii) to pay capitalized interest on the Bonds as determined by the Finance Director at the time of sale; and (iii) to pay costs of issuance of such series of Bonds. Unless issued in more than one series as determined by the Finance Director in the Sale Order for

such series and designated as provided in Section 302(a) hereof, the Series 2012(B1) Bonds shall be designated "SELF-INSURANCE DISTRIBUTABLE STATE AID SECOND LIEN REFUNDING BONDS (LIMITED TAX GENERAL OBLIGATION) SERIES 2012(B1)" and the Series 2012(B2) Bonds shall be designated "SELF-INSURANCE DISTRIBUTABLE STATE AID THIRD LIEN REFUNDING BONDS (LIMITED TAX GENERAL OBLIGATION), SERIES 2012(B2)"

Section 302. Designations, Dates, Interest Rates, Maturities, Redemption, Conversion and Other Terms of the Bonds.

(A) The Series 2012(A) Bonds and Series 2012(B) Bonds shall be designated as provided in Section 301 and may bear such later or earlier dates and additional or alternative designations as the Finance Director may determine in the Sale Order, shall be issued in fully registered form and shall be consecutively numbered from "RA1-1", "RA2-1", "RB1-1" and "RB2-1" upwards, respectively, unless otherwise provided by the Finance Director in the Sale Order. The Bonds shall be dated and issued in such denominations all as determined by the Finance Director and confirmed by the Finance Director in the Sale Order.

(b) The Bonds shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt and/or taxable basis not exceeding the Maximum Interest Rate, payable on such dates and subject to mandatory tender and redemption on such dates as shall be determined by the Finance Director and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of a 360 day year consisting of twelve, 30 day months. Notwithstanding the foregoing, the Finance Director is authorized to determine and confirm in the Sale Order whether all or any portion of the Bonds shall be issuable as capital appreciation bonds. The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America.

(c) Bonds or sub-series of Bonds shall initially bear interest at Fixed Rates or Short Term Rates as determined by the Finance Director in a Sale Order. Bonds which bear interest at Short Term Rates shall be subject to mandatory tender and conversion to Fixed Rates upon a Conversion Date as specified by the Finance Director in a Sale Order, subject to the following:

(i) On the Conversion Date, the Finance Director shall deliver Bonds bearing interest at Fixed Rates to the MFA in exchange for the return by the MFA and cancellation by the Trustee of Bonds that bear interest at Short Term Rates.

(ii) In the event for any reason the conversion of Bonds bearing interest at Short Term Rates does not take place on the Conversion Date, such Bonds shall be immediately subject to mandatory redemption by the City, from all available Distributable Aid in the Subordinate Lien Escrow Fund, as defined in and provided by Section 204 of the Master Trust Indenture. In accordance with Section 205 of the Master Trust Indenture, the Master Trustee shall withdraw from the Series 2012 Escrow Fund of the Subordinate Lien Escrow Fund an aggregate amount of the Distributable Aid deposits sufficient to pay the principal of and accrued interest on the Bonds subject to the failed conversion in full, and in any case by not later than January 15, 2013, unless provided otherwise in a Sale Order, prior to the release of any deposits of Distributable Aid from the Series 2012 Escrow Fund to the City.

(iii) Anything in this Section 302 to the contrary notwithstanding, in no event shall a conversion of a Short Term Rate to a Fixed Rate become effective unless the City shall file with the Trustee, the MFA and BAML on or before the Conversion Date (i) a favorable opinion of Bond Counsel to the effect that the conversion is authorized and permitted by this Resolution and will not in and of itself, have an adverse effect on the exclusion of interest on the Bonds from gross income for federal income tax purposes; and (ii) an Undertaking, as defined in Section 1003 hereof, in the form of Exhibit A hereto.

(d) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall not be later than ten (10) years from the date of issuance (except for Bonds issued in more than one series, which shall have first maturity dates not later than ten (10) years from the date of issuance as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the Bonds shall not be later than 30 years from their dated date.

(2) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds, the amount of any original issue discount with respect to the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(3) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director.

(4) The compensation to be paid to BAML to structure and place the Bonds shall not exceed 2.0% of the aggregate principal amount of the Bond issued.

(e) In connection with the sale of the Bonds to the MFA, the following additional provisions shall apply:

(1) Each series of Bonds shall be in the form of a single fully-registered, non-convertible bond in the denomination of the full principal amount thereof, dated as of the date of delivery of the Bonds, payable in principal installments serially as finally determined at the time of sale of the Bonds and approved by the MFA and the Authorized Officer. Final determination of the principal amount of a series and the payment dates and amounts of principal installments of a series of Bonds shall be evidenced by execution of a Bond Purchase Agreement between the City and the MFA providing for sale of the Bonds, and an Authorized Officer is authorized and directed to negotiate the terms of, approve the form of and to execute and deliver the Bond Purchase Agreement when it is in final form and to make the determinations set forth above. An Authorized Officer is authorized and directed to approve of a series designation with respect to each series of Bonds.

(2) The Bonds or principal installments thereof will be subject to prepayment prior to maturity in the manner and at the prices and times as provided in the form of the Bonds contained in this Resolution or as may be approved by an Authorized Officer in a Sale Order at the time of sale of the Bonds or by the MFA at the time of prepayment.

(3) The Bonds shall bear interest at a rate specified in the Bond Purchase Agreement and approved as evidenced by execution of the Bond Purchase Agreement, but in any event not to exceed the Maximum Interest Rate, and an Authorized Officer shall deliver the Bonds in accordance with the delivery instructions of the MFA.

(4) The Bonds shall not be convertible or exchangeable into more than one fully-registered bond. Principal of and interest on the Bonds shall be payable as provided in the Bond form in this Resolution as the same may be amended to conform to MFA requirements.

(5) The Master Trustee shall record on the registration books payment by the City of each installment of principal or interest or both when made and the cancelled checks or other records evidencing such payments shall be returned to and retained by the City Treasurer.

(6) Upon payment by the City of all outstanding principal of and interest on a Bond, the MFA shall deliver the respective Bond to the City for cancellation.

Section 303. Execution, Authentication and Delivery of Bonds. The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director, and the seal of the

City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price.

Section 304. Authentication of the Bonds. Anything in this Resolution to the contrary notwithstanding, the Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director shall require no further authorization. The Authorized Officer is authorized to deliver the Bonds in accordance with the delivery instructions of the MFA.

Section 305. The MFA's Depository. Notwithstanding any other provision herein to the contrary, as long as the MFA is the owner of the Bonds, the Bonds are payable as to principal, premium, if any, and interest at the corporate trust office of U.S. Bank national Association, Lansing, Michigan, or such other qualified bank or financial institution as shall be designated in writing to the City by the Authority (the "Authority's Depository"). The City will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on the Bonds in immediately available funds at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise. Written notice of any redemption of the Bonds shall be given by the City and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

Section 306. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the City, and the City receives evidence to its satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City such security or indemnity as may be required by it to save the City harmless, then, in the absence of notice to the City that such Bond has been acquired by a bona fide purchaser, the City shall execute and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is above to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of

the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds of like tenor issued under this Resolution.

Section 307. Form of the Bonds. The Bonds shall be in substantially the following form with such insertions, omissions, substitutions and other variations as shall not be inconsistent with this Resolution or required by the Michigan Attorney General and the MFA or permitted by the Sale Order or as approved by an Authorized Officer and Bond Counsel:

The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the City's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the City shall and hereby agrees to pay on demand only the City's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

Under the Trust Indenture (as hereinafter defined), the Trustee has covenanted, commencing [November 1, 2016] and each [November 1] thereafter so long as the Bonds are outstanding, to send the Finance Director of the City notice requesting the City to engage Bond Counsel to provide the Continuing Exclusion Opinion. Notwithstanding the foregoing, if the City obtains an opinion of Bond Counsel to the effect that no further action is required to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes, the Bonds shall no longer be subject to extraordinary mandatory redemption prior to maturity. The City may conclusively rely on such opinion of Bond Counsel in complying with the provisions of the Trust Indenture.

General Redemption Provisions. **ARTICLE IV
SPECIAL COVENANTS**

Section 401. Tax Exemption Covenant for Tax-Exempt Bonds. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on any Bonds and on any bonds of the City sold concurrently with the Bonds ("Other Bonds") and issued on a tax-exempt basis, from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of any Bonds and Other Bonds issued on a tax-exempt basis or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on any Bonds and Other Bonds issued on a tax-exempt basis for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and Other Bonds and the requirements set

forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a) above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds and Other Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of any Bonds and Other Bonds issued on a tax-exempt basis for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V
FUNDS AND ACCOUNTS;
DISPOSITION OF BOND PROCEEDS**

The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City; provided that the Debt Retirement Fund and the Series 2012 Escrow Fund shall be held in trust by the Master Trustee for the benefit of the Bondholders:

- A. Debt Retirement Fund;
- B. Series 2012 Escrow Fund;
- C. Bond Issuance Fund;
- D. Risk Management Escrow Fund; and
- E. Refunding Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, subaccounts or funds as shall be required for the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds as described in this Resolution or the purchase and payment of variable rate bonds. The Finance Director is authorized to allocate any net original issue premium, if any, received upon the sale of the Bonds to such accounts and in such amounts as permitted by applicable law and the Code for Bonds issued on a tax-exempt basis.

Section 502. Debt Retirement Fund-All Bonds. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest, capitalized interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to

Section 301 hereof, and any amounts transferred from the Refunding Escrow Fund under Section 506 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Master Trustee, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds shall be retained by the City to be used for any lawful purpose.

Section 503. Debt Retirement Fund — Series 2012 Escrow Fund. As additional security for Bonds, Distributable Aid payments to be received by the City from time to time shall be distributed by the State Treasurer to the Master Trustee pursuant to the DSA Agreement and the Series 2012 DSA Agreement and deposited by the Master Trustee in the Debt Retirement Fund (to be designated the Distributable State Aid — Common Debt Retirement Fund” in the Master Indenture), and allocated and set-aside by the Master Trustee into the Series 2012 Escrow Fund in accordance with the provisions of the Master Indenture and the related Third Supplemental Indenture for the payment of the principal of and interest on the Bonds when due. Any amount remaining in the Debt Retirement Fund after the setting aside of the amounts necessary to satisfy the Deposit Date Balance Requirements (defined in the Master Indenture) of all DSA Escrow Funds (defined in the Master Indenture), shall be released to the City for deposit to the General Fund of the City.

Section 504. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series of Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Debt Retirement Fund.

Section 505. Risk Management Escrow Fund. On or prior to the date the Bond Purchase Agreement is executed, the City, and the Master Trustee shall enter into a Restricted Escrow Agreement (the “Restricted Escrow Agreement”) in a form approved by the State Treasurer. Pursuant to the Restricted Escrow Agreement, the City shall advance from its General Fund to the Master Trustee the debt service payments coming due on a portion of the Prior Bonds on April 1, 2012 and May 1, 2012 as determined by the Finance Director (the “Advance”). The Advance shall be deposited by the Master Trustee into the Restricted Escrow Fund

created under the Restricted Escrow Agreement and released by the Master Trustee to the City’s General Fund, subject to the terms and conditions of the Restricted Escrow Agreement. The Council hereby authorizes the Finance Director to negotiate the terms and approve the form of and to execute the Restricted Escrow Agreement for and on behalf of the City.

After making the deposits required by Sections 502 and 504, the remainder of the proceeds of the sale of the Series 2012(A) Bonds shall be deposited in the Risk Management Escrow Fund created under the Restricted Escrow Agreement. (iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially,

adversely and directly affecting the security of the Bonds; provided that the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Section 702. Opinion and Filing Under Act 34. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceedings with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

The Mayor, the Finance Director, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at her discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1003. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the MFA and the holders and beneficial owners of the bonds issued by the MFA for the purchase of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1004. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of necessary City disclosure for any Preliminary Official Statement or Official Statement of the MFA and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the City's disclosure "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and

appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1005. Act 34 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 1006. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1007. Sale of Bonds. (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the MFA or to the Underwriters as represented by the Representative, all as determined by the Finance Director in the applicable Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisors that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner

possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

Section 1008. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the MFA upon receiving the purchase price therefor in lawful money of the United States.

Section 1009. Refunding Escrow Agreement and Verification Agent. The Finance Director is hereby authorized and directed to negotiate with the Refunding Escrow Trustee the terms of the Refunding Escrow Agreement and, if necessary, to select and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Refunding Escrow Fund.

Section 1010. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by her with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the MFA or the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1011. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel including fees related to the preparation of any special bankruptcy disclosure for the Official Statement or for the delivery of special bankruptcy opinions and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as she deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1012. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Master Trustee and the MFA, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City, or the MFA shall be for the sole and exclusive benefit of the City and the MFA.

An Authorized Officer is authorized and directed to approve of a series designation with respect to each series of Bonds.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

Interest is first payable on _____ 1, 201____, and semiannually thereafter on the first day of _____ and _____ of each year, as set forth in the Bond Purchase Agreement.

Notwithstanding any other provision of this bond, as long as the Authority is the owner of this bond, (a) this bond is payable as to principal, premium, if any, and interest at the corporate trust office of U.S. Bank National Association, Lansing, Michigan, or at such other place as shall be designated in writing to the City by the Authority (the "Authority's Depository"); (b) the City agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this bond in immediately available

funds at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; and (c) written notice of any redemption of this bond shall be given by the City and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

Additional Interest

In the event of a default in the payment of principal or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this bond but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the City's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the City shall and hereby agrees to pay on demand only the City's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

This bond is a single, fully-registered, non-convertible bond in the principal sum of \$____,000, issued pursuant to and in accordance with Act 34, Public Acts of Michigan, 2001, as amended, and Act 279, Public Acts of Michigan, 1909, as amended, Act 227, Public Acts of Michigan, 1985, as amended ("Act 227") and pursuant to and in accordance with a Resolution duly adopted by the City Council of the City on _____, 2012 and a Sale Order of the Finance Director of the City issued on _____, 2012 (collectively, the "Resolution"). The Bonds are issued for the purpose of refunding portions of the City's outstanding General Obligation Capital Improvement Bonds (Limited Tax), Series 2005-A(1) Taxable; General Obligation Capital Improvement Bonds (Limited Tax), Series 2005-A(2); and General Obligation Capital Improvement Refunding Bonds (Limited Tax),

Series 2005-B (collectively, the "Prior Bonds"); and paying capitalized interest and costs of issuance of the Bonds. Concurrently with the issuance of the Bonds of this series, the City is issuing \$_____ of its General Obligation Distributable State Aid [Second/Third] Lien Capital Improvement Refunding Bonds (Limited Tax), Series 2012(A/B) (the "Series 2012 (A/B) Bonds"). Capitalized Terms used herein and not defined herein shall have the meanings ascribed to them in the Resolution.

[Bonds bearing interest at Short Term Rates shall be subject to mandatory tender and conversion to Fixed Rates or mandatory redemption upon a failed conversion on a Conversion Date as provided in the Resolution.]

[Bonds may be subject to optional redemption prior to maturity by the City only with the prior written consent of the Authority and on such terms as may be required by the Authority.]

Extraordinary Mandatory Redemption. Commencing March 1, 2017, and each March 1 thereafter (each, an "Extraordinary Redemption Date") the Bonds shall be subject to extraordinary mandatory redemption, and the City shall redeem the Bonds in whole, unless not less than 60 days prior to each Extraordinary Redemption Date, the City (i) elects in writing to the Trustee to redeem none or less than the entire outstanding principal amount of the Bonds and (ii) delivers to the Trustee an opinion ("Continuing Exclusion Opinion") of nationally recognized bond counsel ("Bond Counsel") to the effect that in the sole opinion of such Bond Counsel the failure to redeem the Bonds that shall remain outstanding after the next succeeding Extraordinary Redemption Date, will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes. In the event that less than all of the outstanding Bonds must be redeemed in order for Bond Counsel to deliver the Continuing Exclusion Opinion to the Trustee, the City shall direct the Trustee to redeem the Bonds selected by the City in its sole discretion, in any order of maturity, and by lot within a maturity. Any such redemption will occur at redemption prices expressed as percentages of the par amount being redeemed, plus interest accrued to the date fixed for redemption as follows:

Extraordinary Redemption Date	Redemption Price
_____, 2017	_____%
_____, 2018	_____%
_____, 2019	_____%
_____, 2020	_____%
_____, 2021	_____%
_____, 2022	Par

Under the Trust Indenture (as here-

inafter defined), the Trustee has covenanted, commencing [November 1, 2016] and each [November 1] thereafter so long as the Bonds are outstanding, to send the Finance Director of the City notice requesting the City to engage Bond Counsel to provide the Continuing Exclusion Opinion. The Finance Director has covenanted under the Trust Indenture, that upon receipt of such notice from the Trustee, the City shall cause Bond Counsel to provide the Continuing Exclusion Opinion as required above. The Trust Indenture provides that the City may conclusively rely on such Continuing Exclusion Opinion in complying with the provisions therein. In the event the City fails to obtain the Continuing Exclusion Opinion, or Bond Counsel determines that the conditions necessary to provide the Continuing Exclusion Opinion for the Bonds that remain outstanding after the next succeeding Extraordinary Redemption Date do not exist, the City shall redeem the Bonds in accordance with the provisions above.

Notwithstanding the foregoing, if the City obtains an opinion of Bond Counsel to the effect that no further action is required to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes, the Bonds shall no longer be subject to extraordinary mandatory redemption prior to maturity. The City may conclusively rely on such opinion of Bond Counsel in complying with the provisions of the Trust Indenture.]

General Redemption Provisions. In case less than the full amount of an outstanding Bond is called for redemption, the Trustee, upon presentation of the Bond called for redemption, shall register, authenticate and deliver to the registered owner of record a new Bond in the principal amount of the portion of the original Bond not called for redemption.

Notice of redemption shall be given to the registered owners of Bonds or portions thereof called for redemption by mailing of such notice not less than forty (40) days but not more than sixty (60) days prior to the date fixed for redemption to the registered address of the registered owner of record. Bonds or portions thereof so called for redemption shall not bear interest after the date fixed for redemption, whether presented for redemption or not, provided funds are on hand with the Trustee to redeem such Bonds.

This Bond is payable out of the City's Debt Retirement Fund for this issue and the City is obligated to levy annually sufficient taxes to provide for the payment of the principal of and interest on the bonds of this issue as they mature on all taxable property in the City without limitation as to rate or amount.

As additional security for the City's

obligation to pay the principal of and interest and any premiums on the Bonds, pursuant to Act 227 the City has pledged the payments that the City is eligible to receive from the State of Michigan under Act 140, Public Acts of Michigan, 1971, as amended ("Distributable Aid"), and certain monies in the funds and accounts established by the City with U.S. Bank National Association, as trustee (the "Trustee"), pursuant to the terms and conditions of a Master Debt Retirement Trust Indenture dated as of March 1, 2010, between the City and the Trustee, as supplemented by a First Supplemental Debt Retirement Trust Indenture dated as of March 1, 2010, a Second Supplemental Debt Retirement Trust Indenture dated as of December 1, 2010 and a Third Supplemental Debt Retirement Trust Indenture dated as of _____, 2012 (collectively, the "Trust Indenture"). The pledge and lien on Distributable Aid securing the Bonds is on a [second/third] lien basis to a statutory lien and trust on Distributable Aid securing the City's \$249,790,000 original principal amount Distributable State Aid General Obligation Bonds, Series 2010 (the "DSA Bonds"). The Bonds have a [parity second][third] lien on Distributable Aid with the City's \$100,000,000 original principal amount Distributable State Aid Second Lien Bonds (Unlimited Tax General Obligation), Series 2010(A) [and the City's \$_____ original principal amount Distributable State Aid Second Lien Self-Insurance Bonds (Limited Tax General Obligation), Series 2012(A(1/2)) and \$_____ original principal amount Distributable State Aid Second Lien Self-Insurance Refunding Bonds (Limited Tax General Obligation, Series 2012(B(1/2)) (together the "Series 2012(A(1/2)/B(1/2)) Bonds"). [The City has reserved the right to make additional pledges or assignments of Distributable Aid on a subordinate basis with the pledge of Distributable Aid securing the DSA Bonds or on a parity or subordinate basis with [each of] the Series 2010(A) Bonds, the Series 2012(A(1/2)/B(1/2)) Bonds and the Bonds as security for future bonds or obligations of the City, subject to the requirements for the issuance of additional bonds and obligations as provided in the Trust Indenture.]

This bond is transferable only upon the registration books of the City by the registered owner of record in person, or by the registered owner's attorney duly authorized in writing, upon the surrender of this bond together with a written instrument of transfer satisfactory to the City duly executed by the registered owner or the registered owner's attorney duly authorized in writing, and thereupon a new registered bond or bonds in the same aggregate principal amount and of the same maturi-

ty shall be issued to the transferee in exchange therefor as provided in the resolution authorizing this bond and upon the payment of the charges, if any, therein prescribed.

It is hereby certified and recited that all acts, conditions and things required by law to be done, precedent to and in the issuance of this bond and the series of bonds of which this is one, exist and have been done and performed in regular and due form and time as required by law, and that the total indebtedness of the City, including this bond and the series of bonds of which this is one, does not exceed any constitutional, statutory or charter debt limitation.

**ARTICLE IV
SPECIAL COVENANTS**

Section 401. Tax Exemption Covenant for Tax-Exempt Bonds. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on any Bonds and any other bonds of the City sold concurrently with the Bonds ("Other Bonds") and issued on a tax-exempt basis, from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of any Bonds and Other Bonds issued on a tax-exempt basis or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on any Bonds and Other Bonds issued on a tax-exempt basis for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and Other Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to

be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds and Other Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of any Bonds and Other Bonds issued on a tax-exempt basis for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V
FUNDS AND ACCOUNTS;**

DISPOSITION OF BOND PROCEEDS

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City; provided that the Debt Retirement Fund and the Series 2012 Escrow Fund shall be held in trust by the Master Trustee for the benefit of the Bondholders:

- A. Debt Retirement Fund;
- B. Series 2012 Escrow Fund;
- C. Bond Issuance Fund; and
- D. Refunding Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, subaccounts or funds as shall be required for the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds as described in this Resolution or the purchase and payment of variable rate bonds. The Finance Director is authorized to allocate any net original issue premium, if any, received upon the sale of the Bonds to such accounts and in such amounts as permitted by applicable law and the Code for Bonds issued on a tax-exempt basis.

Section 502. Debt Retirement Fund — All Bonds. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest, capitalized interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof, and any amounts transferred from the Refunding Escrow Fund under Section 506 hereof shall be used to pay the principal of and interest

on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Master Trustee, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds shall be retained by the City to be used for any lawful purpose.

Section 503. Debt Retirement Fund — Series 2012 Escrow Fund. As additional security for Bonds, Distributable Aid payments to be received by the City from time to time shall be distributed by the State Treasurer to the Master Trustee pursuant to the DSA Agreement and the Series 2012 DSA Agreement and deposited by the Master Trustee in the Debt Retirement Fund (to be designated the Distributable State Aid — Common Debt Retirement Fund” in the Master Indenture), and allocated and set-aside by the Master Trustee into the Series 2012 Escrow Fund in accordance with the provisions of the Master Indenture and the related Third Supplemental Indenture for the payment of the principal of and interest on the Bonds when due. Any amounts remaining in the Debt Retirement Fund after the setting aside of the amounts necessary to satisfy the Deposit Date Balance Requirements (defined in the Master Indenture) of all DSA Escrow Funds (defined in the Master Indenture), shall be released to the City for deposit to the General Fund of the City.

Section 504. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series of Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Debt Retirement Fund.

Section 505. Restricted Escrow Agreement. On or prior to the date the Bond Purchase Agreement is executed, the City, and the Master Trustee shall enter into a Restricted Escrow Agreement (the “Restricted Escrow Agreement”) in a form approved by the State Treasurer. Pursuant to the Restricted Escrow Agreement, the City shall advance from its General Fund to the Master Trustee the debt service payment coming due on a portion of the Prior Bonds on April 1, 2012 as determined by the Finance Director (the “Advance”). The Advance shall be deposited by the Master Trustee into the Restricted Escrow Fund created under the Restricted Escrow Agreement and released by the Master Trustee to the City’s General Fund, subject to the terms

and conditions of the Restricted Escrow Agreement. The Council hereby authorizes the Finance Director to negotiate the terms and approve the form of and to execute the Restricted Escrow Agreement for and on behalf of the City.

Section 506. Refunding Escrow Fund. After making the deposits required by Sections 502 and 504, there shall be deposited from the remainder of the proceeds of the sale of the Bonds and any moneys transferred by the City at the time of delivery of the Bonds from the debt retirement funds for the Refunded Bonds, into the Refunding Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such purposes. The Refunding Escrow Fund shall be irrevocably held by U.S. Bank National Association, Detroit, Michigan as escrow agent or escrow trustee (the “Escrow Trustee”) in trust pursuant to an escrow deposit agreement between the City and the Refunding Escrow Trustee (the “Refunding Escrow Agreement”), which Refunding Escrow Agreement shall irrevocably direct the Refunding Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption the Refunded Bonds in whole or in part, as and when specified in the Refunding Escrow Agreement. The amounts, including the investments thereof, held in the Refunding Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as required by this Section. Any balance remaining in the Refunding Escrow Fund after payment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Refunding Escrow Agreement.

The Refunding Escrow Trustee means and includes any company into which the Refunding Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which shall be a party or any company to which the Refunding Escrow Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Refunding Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed

upon it by this Resolution, shall be the successor to the Refunding Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Refunding Escrow Agreement with the Refunding Escrow Trustee for and on behalf of the City.

Section 507. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder and under the Restricted Escrow Agreement, and the Master Trustee, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts and under the Restricted Escrow Agreement, in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

ARTICLE VI THE MASTER TRUSTEE

Except as otherwise required by the MFA, the Master Trustee for the Bonds shall act as bond registrar, transfer agent and trustee for the Bonds, and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Master Trustee means and includes any company into which the Master Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Master Trustee may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Master Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Master Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. ARTICLE VII SUPPLEMENTAL RESOLUTIONS

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Section 702. Opinion and Filing Under Act 34. Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Master Trustee and as provided in Act 34, if applicable, together with an opinion of Bond Counsel that such supplemental resolution is authorized or permitted by this Article; provided that Bond Counsel in rendering any such opinion shall be entitled to rely upon certificates of the Finance Director or other City official, and opinions or reports of consultants, experts and other professionals retained by the City to advise it, with respect to the presence or absence of facts relative to such opinion and the consequences of such facts.

**ARTICLE VIII

Section 801. Defeasance. Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturing, irrevocable instructions to call such Bonds for redemption shall be given only with the prior written consent of the MFA and on such terms as may be required by the MFA. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

**ARTICLE IX

ARTICLE X**

**OTHER PROVISIONS OF GENERAL
APPLICATION**

Section 1001. Credit Enhancement; Remarketing Agreement. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceedings with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform

such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in her discretion to enter into a remarketing agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

Section 1002. Approval of Other Documents and Actions; Treasury Approval. The Mayor, the Finance Director, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at her discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1003. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the MFA and the holders and beneficial owners of the bonds issued by the MFA for the purchase

of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1004. Delegation and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of necessary City disclosure for any Preliminary Official Statement or Official Statement of the MFA and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the City's disclosure "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorization therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1005. Act 34 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved

in accordance with the applicable provisions of Act 34.

Section 1006. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1007. Sale of Bonds. (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the MFA or to the Underwriters as represented by the Representative, all as determined by the Finance Director in the applicable Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisors that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

Section 1008. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the MFA upon receiving the purchase price therefor in lawful money of the United States.

Section 1009. Refunding Escrow Agreement and Verification Agent. The Finance Director is hereby authorized and directed to negotiate with the Refunding Escrow Trustee the terms of the Refunding Escrow Agreement and, if necessary, to select and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Refunding Escrow Fund.

Section 1010. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other

offering materials with respect to the Bonds in the form approved by her with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the MFA or the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1011. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel including fees related to the preparation of any special bankruptcy disclosure for the Official Statement or for the delivery of special bankruptcy opinions and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1012. Parties in Interest. STATEMENT BY
COUNCIL MEMBER KWAME KENYATTA
APPROVING BOND SALE

March 28, 2012

Yesterday, the Detroit City Council approved \$137 million in bond sales that would help prevent the City of Detroit from running out of cash on a projected date of May 1, 2012. This vote was one of the

most critical votes needed to address our Municipality's shortage of funds.

The Mayor has maintained that in order to address our financial crisis we must receive an infusion of cash from somewhere. Meanwhile the State has avowed that it would not provide any monetary assistance to address the City's finances. Therefore, I supported the Administration's alternative of refinancing and issuing debt bonds.

Initially, the State proposed a tie-barred sale of the bonds to be accompanied by a non-existent consent agreement. However, upon objection from the Council, representatives from the State reluctantly reconsidered their position. As a result of that reconsideration, our Legislative Body voted to approve a restricted escrow agreement with my vote being in the affirmative.

The bond sale is a short-term solution that keeps the City solvent until the end of the June 30, 2012 fiscal year and it generates cash allowing the City to make debt-service payments that are due April 1 and May 1. Otherwise the City would be faced with payless paydays, cut services and no cash to make any payments.

Going forward, I believe it is imperative that all further negotiations and considerations for State and City partnerships meant to address Detroit's financial crisis be done at the table with all parties present and in full view of the citizens of the City of Detroit.

STATEMENT BY
COUNCIL MEMBER ANDRE L. SPIVEY
ON YES VOTE TO APPROVE
THE ISSUANCE OF \$137 MILLION
IN GENERAL FUND CASH FLOW
RELIEF BONDS

On Tuesday, March 27, 2012, I voted to approve the City's issuance of \$137 million in General Fund Cash Flow Relief Bonds that will allow the City to maintain a positive cash flow through the end of the fiscal year, June 30, 2012.

Although, I am very reticent to add to the City's General Fund long-term debt obligations, the reality of payless paydays for City employees, non-payment to vendors (many of whom are Detroit-based businesses) and defaulting on upcoming debt service payments, would undoubtedly lead to the state's expeditious appointment of an Emergency Manager.

On April 1, 2012, the City must make a debt serviced payment of \$19 million. Making that payment without the benefit of the proceeds from this bond sale would only hasten the City's downward financial spiral.

When this bond sale was initially proposed today, it included a provision that tied the Council's approval of the sale to its approval of a Consent Agreement or the State's imposition of an Emergency

Manager. I opposed the inclusion of any such provisions and, after discussions with both the Administration and the State Treasurer, this language was removed.

I am still dedicated to working with my Council Colleagues, the Administration and State officials to rectify the fiscal challenges of the City in order to move us toward financial solvency.

 STANDING COMMITTEE:**

Taken from the Table

Council Member Brenda Jones on behalf of Council President Charles Pugh moved to take from the Table an ordinance to amend Chapter 54, Article II, of the 1964 Detroit City Code, *Policemen's and Firemen's Retirement System*, which was saved from repeal by Section 11-102 of the 1997 and 2012 Detroit City Charters and incorporated by reference into Chapter 47 of the 1984 Detroit City Code, *Retirement Systems*, by repealing Section 47-9-1, *Membership of the Board*, which, because the Police and Fire Retirement System has not been codified into the 1984 Detroit City Code, was designated incorrectly in Ordinance No. 19-93 as Section 47-9-1; by adding Section 54-2-8.1, *Membership of the Board*, to make the membership of the Board of Trustees of the Police and Fire Retirement System for non-retirant trustees commensurate with arbitration awards in Michigan Employment Relations Commission Case Nos. D01 D-0568, D07 K-1456, D09 F-0731, D09 G0786, and D09 C-0436 brought in accordance with Public Act 312 of 1969, as amended; to make the membership of the Board of Trustees of the Police and Fire Retirement System for retirant trustees commensurate with the Public Act 12 of 2012, being Section 15 of Michigan Public Employees Relations Act, MCL 423.215 and Section 11-103 of the 2012 Detroit City Charter; etc., laid on the table March 13, 2012, which motion prevailed.

The Ordinance was then placed on the order of third reading.

**RESOLUTION TO OPPOSE
SO-CALLED "RIGHT-TO-WORK" LAWS
AND SUPPORT AN AMENDMENT TO
THE CONSTITUTION OF THE STATE
OF MICHIGAN TO ESTABLISH
CONSTITUTIONALLY PROTECTED
COLLECTIVE BARGAINING RIGHTS
FOR WORKING PEOPLE**

By COUNCIL MEMBER WATSON,
Joined By COUNCIL MEMBERS
KENYATTA and JONES:

WHEREAS, Detroit and Michigan were the center of the historic advance organizing industrial workers into trade unions. Detroit is historically famous as a Union town and stronghold of organized labor; and

WHEREAS, Through historic struggles, unions have won many advances in wages, benefits and workplace rules for working people, and working people who are not in unions have indirectly benefited from these union efforts and achievements; and

WHEREAS, Unions have been the leading organizations fighting and winning rights and legal protections for the working people, who are the vast majority of the population of America; and

WHEREAS, So-called "Right-to-work" laws stop employers from collecting union dues on behalf of unions and threaten the financial survival of unions; and

WHEREAS, States with these laws, on average, have lower wages and benefits than states that do not have such laws; so the name "Right-to-work" conceals the

fact that these laws tend to force workers to work for less pay, and actually undermine workers' rights to work; and

WHEREAS, In his Labor Day Speech in Detroit on September 5, 2011, President Barack Obama said "I hear some of these folks trying to take collective bargaining rights away, trying to pass so-called "right to work" laws for private sector workers — that really means the right to work for less and less and less"

WHEREAS, The Michigan legislature has recently enacted such laws against Teachers' unions in the State of Michigan; and

WHEREAS, Some members of the Michigan legislature and the Michigan Executive Branch have discussed support for "Right-to-Work" laws in Michigan; and

WHEREAS, A petition drive to put on the November, 2012 ballot an Amendment to the Michigan Constitution to protect workers' human right to collective bargaining has been initiated by We Are The People — Michigan, the Michigan Nurses Association, the Lecturers' Employee Organization, the Michigan branch of the American Federation of Teachers, the Michigan AFL-CIO, the Michigan UAW, the Michigan State Utility Workers Council, the National Education Association, the Michigan Education Association, Progress Michigan, the Michigan Democratic Party, the American Federation of State, County and Municipal Employees (AFSCME), What About the Children? and others; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council supports and endorses the proposed Amendment to the Michigan Constitution (Copy attached) and petition drive to protect workers right to form unions and collectively bargain and against the anti-labor "right-to-work" laws.

**INITIATIVE PETITION
AMENDMENT TO THE CONSTITUTION**

The proposal would add a new Section 28 to Article I of the State Constitution, as follows:

ARTICLE I 28: COLLECTIVE BARGAINING RIGHTS

- (1) THE PEOPLE SHALL HAVE THE RIGHTS TO ORGANIZE TOGETHER TO FORM, JOIN OR ASSIST LABOR ORGANIZATIONS, AND TO BARGAIN COLLECTIVELY WITH A PUBLIC OR PRIVATE EMPLOYER THROUGH AN EXCLUSIVE REPRESENTATIVE OF THE EMPLOYEES' CHOOSING, TO THE FULLEST EXTENT NOT PREEMPTED BY THE LAWS OF THE UNITED STATES.
- (2) AS USED IN SUBSECTION (1), TO BARGAIN COLLECTIVELY IS TO PERFORM THE MUTUAL OBLIGATION OF THE EMPLOYER AND THE EXCLUSIVE REPRESENTATIVE OF THE EMPLOYEES TO NEGOTIATE

IN GOOD FAITH REGARDING WAGES, HOURS, AND OTHER TERMS AND CONDITIONS OF EMPLOYMENT AND TO EXECUTE AND COMPLY WITH ANY AGREEMENT REACHED; BUT THIS OBLIGATION DOES NOT COMPEL EITHER PARTY TO AGREE TO A PROPOSAL OR MAKE A CONCESSION.

- (3) NO EXISTING OR FUTURE LAW OF THE STATE OR ITS POLITICAL SUBDIVISION SHALL ABRIDGE, IMPAIR OR LIMIT THE FOREGOING RIGHTS; PROVIDED THAT THE STATE MAY PROHIBIT OR RESTRICT STRIKES BY EMPLOYEES OF THE STATE AND ITS POLITICAL SUBDIVISIONS. THE STATE AND ITS POLITICAL SUBDIVISIONS MAY ESTABLISH MINIMUM LEVELS OF WAGES, HOURS AND OTHER TERMS AND CONDITIONS OF EMPLOYMENT FOR EMPLOYEES; PROVIDED THAT NO LAW SHALL ABRIDGE, IMPAIR OR LIMIT THE RIGHT TO COLLECTIVELY BARGAIN FOR WAGES, HOURS AND OTHER TERMS AND CONDITIONS OF EMPLOYMENT THAT EXCEED SUCH MINIMUM LEVELS.
- (4) NO EXISTING OR FUTURE LAW OF THE STATE OR ITS POLITICAL SUBDIVISIONS SHALL IMPAIR, RESTRICT OR LIMIT THE NEGOTIATION AND ENFORCEMENT OF ANY COLLECTIVELY BARGAINED AGREEMENT WITH A PUBLIC OR PRIVATE EMPLOYER RESPECTING FINANCIAL SUPPORT BY EMPLOYEES OF THEIR COLLECTIVE BARGAINING REPRESENTATIVE ACCORDING TO THE TERMS OF THAT AGREEMENT.
- (5) FOR PURPOSES OF THIS SECTION, "EMPLOYEE" MEANS A PERSON WHO WORKS FOR ANY EMPLOYER FOR COMPENSATION, AND "EMPLOYER" MEANS A PERSON OR ENTITY EMPLOYING ONE OR MORE EMPLOYEES.
- (6) THIS SECTION AND EACH PART THEREOF SHALL BE SELF-EXECUTING, IF ANY PART OF THIS SECTION IS FOUND TO BE IN CONFLICT WITH OR PREEMPTED BY THE UNITED STATES CONSTITUTION OR FEDERAL LAW, SUCH PART SHALL BE SEVERABLE FROM THE REMAINDER OF THIS SECTION, AND SUCH PART AND THE REMAINDER OF THIS SECTION SHALL BE EFFECTIVE TO THE FULLEST EXTENT THAT THE UNITED STATES CONSTITUTION AND FEDERAL LAW PERMIT.

The proposal would amend Article XI, Section 5 of the State Constitution, as follows (new language capitalized):

The classified state civil service shall consist of all positions in the state service except those filled by popular election, heads of principal departments, members of boards and commissions, the principal executive officer of boards and commissions heading principal departments, employees of courts of record, employees of the legislature, employees of the state institutions of higher education, all person in the armed forces of the state, eight exempt positions in the office of the governor, and within each principal department, when requested by the department head, two other exempt positions, one of which shall be policy-making. The civil service commission may exempt three additional positions of a policy-making nature within each principal department.

The civil service commission shall be non-salaried and shall consist of four persons, not more than two of whom shall be members of the same political party, appointed by the governor for terms of eight years, no two of which shall expire in the same year.

The administration of the commission's powers shall be vested in a state personnel director who shall be a member of the classified service and who shall be responsible to and selected by the commission after open competitive examination.

The commission shall classify all positions in the classified service according to their respective duties and responsibilities, fix rates of compensation for all classes of positions, approve or disapprove disbursements for all personal services, determine by competitive examination and performance exclusively on the basis of merit, efficiency and fitness the qualifications of all candidates for positions in the classified service, make rules and regulations covering all personnel transactions, and regulate all conditions of employment in the classified service.

CLASSIFIED STATE CIVIL SERVICE EMPLOYEES SHALL, THROUGH THEIR EXCLUSIVE REPRESENTATIVE, HAVE THE RIGHT TO BARGAIN COLLECTIVELY WITH THEIR EMPLOYER CONCERNING CONDITIONS OF THEIR EMPLOYMENT, COMPENSATION, HOURS, WORKING CONDITIONS, RETIREMENT, PENSIONS, AND OTHER ASPECTS OF EMPLOYMENT EXCEPT PROMOTIONS, WHICH WILL BE DETERMINED BY COMPETITIVE EXAMINATION AND PERFORMANCE ON THE BASIS OF MERIT, EFFICIENCY AND FITNESS.

State Police Troopers and Sergeants shall, through their elected representative designated by 50% of such troopers and sergeants, have the right to bargain collectively with their employer concerning conditions of their employment, compensation, hours, working conditions, retirement, pensions, and other aspects of

employment except promotions which will be determined by competitive examination and performance on the basis of merit, efficiency and fitness; and they shall have the right 30 days after commencement of such bargaining to submit any unresolved disputes to binding arbitration for the resolution thereof the same as now provided by law for Public Police and Fire Departments.

No person shall be appointed to or promoted in the classified service who has not been certified by the commission as qualified for such appointment or promotion. No appointments, promotions, demotions or removals in the classified service shall be made for religious, racial or partisan considerations.

Increases in rates of compensation authorized by the commission may be effective only at the start of a fiscal year and shall require prior notice to the governor, who shall transmit such increases to the legislature as part of his budget. The legislature may, by a majority vote of the members elected to and serving in each house, waive the notice and permit increases in rates of compensation to be effective at a time other than the start of a fiscal year. Within 60 calendar days following such transmission, the legislature may, by a two-thirds vote of the members elected to and serving in each house, reject or reduce increases in rates of compensation authorized by the commission. Any reduction ordered by the legislature shall apply uniformly to all classes of employees affected by the increases and shall not adjust pay differentials already established by the civil service commission. The legislature may not reduce rates of compensation below those in effect at the time of the transmission of increases authorized by the commission.

The appointing authorities may create or abolish positions for reasons of administrative efficiency without the approval of the commission. Positions shall not be created nor abolished except for reasons of administrative efficiency. Any employee considering himself aggrieved by the abolition or creation of a position shall have a right of appeal to the commission through established grievance procedures.

The civil service commission shall recommend to the governor and to the legislature rates of compensation for all appointed positions within the executive department not a part of the classified service.

To enable the commission to exercise its powers, the legislature shall appropriate to the commission for the ensuing fiscal year a sum not less than one percent of the aggregate payroll of the classified service for the preceding fiscal year, as certified by the commission. Within six months after the conclusion of each fiscal year the commission shall return to the

state treasury all moneys unexpended for that fiscal year.

The commission shall furnish reports of expenditures, at least annually, to the governor and the legislature and shall be subject to annual audit as provided by law.

No payment for personal services shall be made or authorized until the provisions of this constitution pertaining to civil service have been complied with in every particular. Violation of any of the provisions hereof may be restrained or observance compelled by injunctive or mandamus proceedings brought by any citizen of the state.

Honorable City Council:

Re: Petition Number 2160 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission "Class C License" to Eighth Street Ventures, LLC, d/b/a Ottava Via, at 1400 Michigan Avenue.

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3).

Pursuant to the above, Local Approval Notice (Request ID Number 567928), which has been designated by the City Clerk as Petition Number 2160, is currently pending before City Council for approval of the issuance of a new on-premises liquor license in the City. Specifically, this Local Approval Notice requests approval of the application of Eighth Street Ventures, LLC, ("License Applicant"), for a new "Class C License" for a proposed establishment at 1400 Michigan Avenue.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by MLCC provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as certified to the Commission by the appropriate law enforcement officials.

The Buildings, Safety Engineering, and Environmental Department ("BSE&E") reports that the current legal use of the property at 1400 Michigan Avenue is "Cabaret." This land use was established under BSE&E Case Number 43-10 and Permit Number BLD2011-05212 and permits the on-premises consumption of alcoholic beverages and entertainment. Accordingly, the License Applicant has applied, and paid the applicable fees, for the issuance of the required City of Detroit business license for the operation of a restaurant with the sale and on-premises consumption of alcoholic beverages at the subject location. In addition, the Mayor's Coordinator's Report, dated March 19,

2012, confirms that the License Applicant will have to apply and obtain a state food service license from the Department of Health and Wellness Promotion. The Coordinator's Report also indicates that the Detroit Fire Department has recommended approval of the petition subject to the issue of an annual permit upon completion of construction at the location and that the Detroit Police Department Liquor License Unit has approved the application for a new "Class C License" at 1400 Michigan Avenue.

Upon the completion of the planned renovation of the building, the License Applicant will have to obtain final inspections and clearances, pay all fees, and obtain all of the required state and City permits and licenses for the location prior to the operation of the business. As such, the Law Department recommends this Honorable Body's approval of the request for the issuance of a new "Class C License" to the License Applicant for the proposed business establishment at 1400 Michigan Avenue.

Therefore, attached for your review and consideration is a proposed resolution approving the issuance of a new "Class C License" to Eighth Street Ventures, LLC, for 1400 Michigan Avenue. Further, the Law Department recommends that after review and consideration by the appropriate Standing Committee that this matter be forwarded to the Committee of the Whole for approval at its next Formal Session.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

March 23, 2012

Honorable City Council:

Re: Special District Review, 441 E. Jefferson Avenue, for Installation of a business sign on the Blue Cross/Blue Shield offices in a PCA (Restricted Central Business District) zoning classification (Recommend Approval).

On March 15, 2012 the staff of the City Planning Commission (CPC) received a sign permit application for a business sign to be located on the Blue Cross/Blue Shield offices at 441 E. Jefferson Avenue. The PCA (Public Center Adjacent/Restricted Central Business District) zoning classification in which the site is located calls for City Council approval of the location and design of exterior modifications

following the review and recommendation of CPC (Section 61-11-96 of the Zoning Ordinance). CPC and Planning and Development Department (PDD) staff have reviewed the application and submit this report and recommendation.

(Staff notes with concern that the under-construction lobby façade, upon which the sign is proposed to be affixed, does not appear to have gone through the PCA review process. We are working with the Buildings, Safety Engineering and Environmental Department to follow-up on this.)

PROPOSED SIGN

The proposed sign is located on the to-be-constructed lobby on East Jefferson Avenue. (see attached rendering). The proposed sign is composed of white, internally illuminated letters saying "Blue Cross Blue Shield of Michigan" and is 74 inches long and 50 inches tall.

REVIEW

In accordance with the PCA provisions of the Zoning Ordinance (Section 61-11-97), reviews of proposed construction or modifications such as the signs proposed should be conducted in light of the following criterion, "Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." The proposed sign meets this criterion. The size of the sign would be in accordance with what would be permitted in a non-PCA zoning district, pursuant to Chapter 3, Article VII of the 1984 Detroit City Code.

RECOMMENDATION

CPC staff has completed its review of the proposed sign, as has the Planning and Development Department staff. We find that the sign would be in keeping with the spirit and intent of the PCA zoning dis-

trict. Therefore, staff recommends approval of the location and design of the proposed sign. Please find attached the appropriate resolution to effectuate your Honorable Body's approval.

Respectfully submitted,
 MARCELL R. TODD, JR.
 Director
 GREGORY F. MOOTS
 Staff

By Council Member Jenkins:

Whereas, Blue Cross Blue Shield desires to install a business sign at 441 E. Jefferson Avenue; and

Whereas, The site is subject to provisions of Section 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Official Zoning Ordinance of the City of Detroit; and

Whereas, The PCA zoning district classification requires that exterior alteration of any existing building, structure, or premises, or part thereof, shall be reviewed by the Planning and Development Department and by the City Planning Commission for consistency with the spirit, purpose, and intent of the district and those modifications must be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed sign is in keeping with the spirit, purpose and intent of the PCA zoning district classification;

Now, Therefore, Be It Resolved, That the Detroit City Council approves the sign at 441 E. Jefferson Avenue described in the foregoing communication from the City Planning Commission staff and depicted in the illustration prepared by Visual Entities with the date of February 21, 2012.

Law Department

April 2, 2012

Honorable City Council:

Re: Petition Number 2219 — Request for City Council Approval for the Transfer of a Michigan Liquor Control Commission "Class C License" to Olga's Kitchen, Inc., 1040 Woodward (Compuware Building).

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted

the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3).

Pursuant to the above, Local Approval Notice (Request ID Number 629938), which has been designated by the City Clerk as Petition Number 2219, is currently pending before City Council for approval of the transfer of an MLCC on-premises liquor license to the location in the City. Specifically, this Local Approval Notice requests approval of the transfer of a "Class C License" in escrow at 37104 Six Mile, Livonia, from JML3, LLC, to Olga's Kitchen, Inc., ("License Applicant"), for a restaurant at 1040 Woodward Avenue in the Compuware Building.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the MLCC provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as certified to the Commission by the appropriate law enforcement officials.

The Buildings, Safety Engineering, and Environmental Department ("BSE&E") reports that the current legal use of the property at 1040 Woodward Avenue is a standard restaurant with on-premises consumption of alcoholic beverages per Permit Number BLD2012-00707. Accordingly, the License Applicant has applied, and paid the applicable fees, for the issuance of the required City of Detroit business license for the operation of a restaurant with the sale and on-premises consumption of alcoholic beverages at the location. In addition, the Mayor's Coordinator's Report, dated March 27, 2012, indicates that the License Applicant has been approved by the Department of Health and Wellness Promotion for the issuance of a state food service establishment license, subject to final inspection. Further, the Coordinator's Report indicates that the Detroit Fire Department

has recommended approval of the petition subject to the issuance of the City business license and the annual permit and occupant load (capacity card).

Upon the completion of the renovation of the premises, the License Applicant will have to obtain final inspections and clearances, pay all required fees, and obtain all of the necessary state and City permits and licenses for the location prior to the operation of the business. It is the understanding of the Law Department that BSE&E has determined that a Certificate of Occupancy may be issued notwithstanding the outstanding inspection fees of one thousand two hundred forty-eight dollars (\$1,248.00) due from the prior, unrelated, tenant at the location. As such, the Law Department recommends this Honorable Body's approval of the request for the transfer of the "Class C License" to Olga's Kitchen, Inc., for a restaurant at 1040 Woodward Avenue.

Therefore, attached for your review and consideration is a proposed resolution approving the transfer of a "Class C License" in escrow at 37104 Six Mile, Livonia, from JML3, LLC, to Olga's Kitchen, Inc., for a restaurant at 1040 Woodward Avenue in the Compuware Building. Further, the Law Department recommends that, after review and consideration by the appropriate Standing Committee, that this matter be forwarded to the Committee of the Whole for approval at its next Formal Session.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
 KRYSTAL A. CRITTENDON
 Corporation Counsel

CITY COUNCIL

(SPECIAL SESSION)

(All action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.)

Detroit, Wednesday, April 4, 2012

Pursuant to adjournment, the City Council met at 5:00 P.M., and was called to order by the President Charles Pugh.

Present — Council Members Brown, Cockrel, Jr., Jones, Spivey, Tate, Watson, and President Pugh — 7.

There being a quorum present, the Council was declared to be in session.

RESOLUTIONS

1. Cockrel, Jr., reso. to consider a resolution approving a *Financial Stability Agreement* relative to the City's current financial circumstances.

PUBLIC COMMENTS

COUNCIL PRESIDENT CHARLES PUGH: Getting to public comments, we will start with the President of the Council of Baptist Pastors, Pastor Michael Owen.

OWENS, MICHAEL, President, Council of Baptist Pastors, and other members of the council stands with the people of Detroit, challenging our elections leaders who are working on an agreement on the city's recovery to put the rights of the people first. That the offices of the Mayor and City Council continue to operate as prescribed by the City's Charter. The Council of Baptist Pastors believes upholding democratic principles and constitutional integrity. Additional human resources are required to facilitate the mandates

of the agreement should be accompanied by state financial assistance making sure that the process of recovery is not magnified an already increasing budget deficient. There should be a clear, reasonable, criteria that when met, will allow the city to return 'not to business as usual' but to a sense of normalcy. The Council of Baptist Pastors is resolute in the opposition to an emergency manager for Detroit. We commend the Mayor and his administration and the City Council for the diligence to work together to negotiate the best possible response to the governor's initial consent agreement which was definitely not worthy to be accepted as proposed. The Council of Baptist Pastors support collective bargaining as an instrument of advocacy of the rights of workers. The city's recovery will demand shared sacrifice but it should be achieved by negotiations that are conducted by parties acting in good faith. We recognize that the City's unions, largely represents the very citizens for whom this recovery must be implemented. The City's Unions should not now or in the future execution of this agreement be thrown under the bus with the expectation that they will make unilateral sacrifices or be rendered powerless to advocate on behalf of workers. Our support for agreement is not to be construed as support for Public Act 4 which has under girded this whole process. We applaud the vigorous efforts underway to over-turn, repeal this unconstitutional corruption from Michigan Law. However if the City of Detroit is relieved of the nemesis of Public Act 4, and consequently the threat of the governors appointment of an Emergency Manager we call upon the Mayor and City Council to be all the more diligent and urgent to advance an economic recovery plan of its own. We are adamantly against Public Act 4; its inception and conception and its implementation.

LOMAX, EZRA, THOMPSON and THOMPSON-MITCHELL, GINA (ASCME Union Rep), all asking for council to vote against the consent agreement.

KELLERMAN, BILL WYLIE, Pastor of St. Peter's Episcopal — noted that the Financial Stability Agreement is being taken on Dr. Martin Luther King's Anniversary and also during Holy Week and he is opposed to the agreement.

MINGO, GWEN spoke stating all Council Members took an oath to represent those who voted for you, and in the interest of the people, over 200,000 people signed a petition against Public Act 4.

BURRIS, VALERIE stated that a vote for Public Act will assassinate 700,000 plus Detroiters and calling for all Detroiters to organize and not support your own demise. Do not pay your property tax, parking tickets, do not pay income tax. Do not support your own demise.

SEIGEL, RON stated years ago, Governor Snyder's founder Abraham Lincoln said we must work to ensure that "government of, by and for the people shall not parish from the earth". If you are too weak for that then rightly you are not "for the people" and calling for Governor Snyder to stop bullying the people of Detroit.

HAMMER, FRANK spoke as Pres. of the GreenAcres Community Assn. Today is the today that Dr. Martin Luther King was assassinated. Whether the City Council is silent or stand, they must say NO to the consent agreement.

HOLDEN, ANNA who lives in the City of Detroit is concerned about the pension money. She does not want that money transferred to the General Fund from the Retiree's pension fund.

COUNCIL MEMBER JO ANN WATSON responded with the Consent Agree, under an Emergency Financial Manager, all assets are considered under the agreement and are up for grabs.

COUNCIL MEMBER SAUNTEEL JENKINS, stated that all that Council Member Watson is not true. What is true is that with an Emergency Manager, all pension assets are for grabs. With the Consent Agreement, there is no language that would allow a state take-over of pension funds, unless they are under an Emergency Manager. What is true is that this Consent Agreement does not invoke Emergency Manager power. If we don't pass this agreement, and an Emergency Manager gets in, then the pension funds are up for grabs.

KING, JAMES, I am a member of one of the coalitions and here saying first of all, no matter what is thought of behind me, Councilman Brown said he did not want to go behind closed doors. In other words, what you say is what you mean and we know how you stand. I have the utmost respect your Council Member Brown and the same for the other Council Members. Please take the last step and take it to the first step and make yourself the last rubber stamp. There is something wrong here. How can you have a DDOT contract and there is no money?

McCLELLAN, CECILY stated that the Mayor has always had one thing in mind, and that is to take over the council, union busting and a 'right to work' state. Michael McGhee, the attorney, one of authors of the public agreement, dictator law. It's like having the Grand Wizard of the Clan to advise the NAACP.

JESSUP, BRANDON asked to yield his time to Mr. Lane, Managing Partner and CEO of the Lane Group, a CPA that has worked with the City of Detroit.

LANE, MR. introduced himself as a CPA who helped produce some of the financial statements of the City. He stated that this is a three billion dollar operation. The cash-flow projection that the mayor brought to the table talked about a \$46 Million shortfall projected out of the future. If you look at the cash flow, the first seven months you are cash positive, you didn't come into the negative until you got to the projected months. You don't have a CFO...you have no one at the table that is a CPA or any financial expert helping you with this decision. Take some time, do it right and demand access to the cash-flow.

GOLDBERG, JERRY, said the only service that's guaranteed with an Emergency Manager and Consent Decree is a \$597 Million in debt service that came out of the City's budget this year, and \$16.9 Million in debt service that's owed by the city including \$4.9 billion in profits. It's \$50-million debt service that was imposed on the city last week when the bond rating agency downgraded us. *(Handout's provided by speaker.)*

COUNCIL MEMBER KWAME KENYATTA: Mr. President. In all what I have read, it's all based on Public Act 4...there is not way to be in or against at the same time. I know we are anxious to vote on it, but it becomes more problematic everyday. Public Act 7 is back in it, Public Act 8 is back in it and either more of them becomes problematic. It calls for us to enter into an inter-governmental agreement, with what government? with what body? Public Act 7 & Public Act 8 calls for two (2) Local Municipalities to share resources whether it's monetary or in time, but when I read the agreement, I don't see what municipality you enter into the agreement with. The Financial Advisory Board is not a municipality. The State is not a municipality. The State represents *all* of the municipalities within the state and has a legislature that operates on behalf of all of those municipalities. The Governor is just the head of all of that.

Based on the definition of the Inter-Governmental Corporation in Michigan and the legal barriers of the Inter-Governmental Corporation Agreement written by, Michael McGee. It talks about Public Act 7 & Public Act 8 and it lays out clear. The Review Team voted today, to put back in Public Act 7 & Public Act 8, but we haven't had any review of PA7 or PA8, because they had taken it out...so the review that we have is of Public Act 4. Clearly the state does not exist without all of these Acts together and it doesn't exist without Public Act 7 & 8, because Public Act 7 called for the joint exercise of power and transfer; Public Act 4 does not call for that. Public Act 8, gives additional clarification of it and what the Review Team said today is why this agreement represents "joint exercise of power by the City" and not a local municipality but the Treasurer's Department. When did the Treasurer's Department become a municipality? This agreement does not transfer functions or services from the City or the Treasurer's Department to the Financial Advisory Board, however nothing in the agreement prevents later on down the road, from transferring those services, not to the Treasurer Department but to the Financial Advisory Board. What is the legal authority of the Financial Advisory Board? It is not in Public Act 4; it's in Public Act 7 and Public Act 8. It states that the City and the Treasury Department intends that this agreement be construed as an agreement between the City, not another local municipality but the Treasury Department authorized under Public Act 7. Public Act 7 of course calls for a public hearing by both local municipalities. Example...if we were to enter into an agreement with the City of Livonia, we would have to have a public hearing and Livonia would have to have a public hearing and both municipalities would have to pass a resolution. Who at the State level is passing a resolution to enter into this agreement...the Review Team, but they're not a local municipality. There are must be concurrent resolutions of the sub-divisions and the governmental entities. Is the state legislature going to pass a resolution authorizing this thing, or are we going to start out in violation of Public Act 8? The terms of the contract shall be entered into the journal or minutes of the proceedings of the government body. It will be entered into this governing body, but where is the other governing body that it will be entered into?

CRITTENDON, KRYSTAL (President Pugh ask Corporation Counsel to respond to Public Act 7). Good Afternoon. I've not seen the document

that you all passed out. If the changes I've seen are incorporated into that document, what the Review Team agreed to, is language which says, and I quote "The City and the Treasury Department intended agreement which construed as an agreement between City and Treasury Department authorizing that Act 7, Public Act of Michigan, Extra Session of 1967's Amendment, the urban corporation after 1967. With the exception of the provisions of this agreement, authorized solely under MCL 141.1501 thru 141.1531, which is PA4. So what this language does is make is clear that any provision of the agreement which is not solely authorized by PA will be construed by the parties to be in agreement with each other. PA7 is a legal statute...it is legal for the city and state to enter into an agreement under PA7 and is under PA4. With respect to the public hearing, that provision of PA7 however indicates that when two local units of government which levy a property tax, general property tax contract, there has to be a public hearing, because the state is not a local unit of government which levies property tax. That provision will inapplicable to this agreement.

CRITTENDON, KRYSTAL: (responds to a statement regarding Public Act 8). What that sentence says is, nothing in this agreement prohibits the city from subsequently entering into a contract with the Financial Advisory Board to the transfer of functions or services from the City to the Financial Advisory Board to the extent authorized under Public Act 8. So it's not a part of the agreement, however a disagreement would authorize the City of Detroit to enter into an agreement with the Financial Advisory Board pursuant to PA.

McGEE, MICHAEL: If I may? The purpose of the provision is to allow the city in the future, flexibility should it decide to enter into an agreement with the Financial Advisory Board, the language which was, just correct me...that by corporation counsel, in the sentence just before that, it's very clear, that Public Act 8 as it was just correctly stated is not part of this agreement. But it does leave to the City, and to the Mayor and Council and not to anyone else, the authority to decide whether or not they enter into some agreements with Financial Advisory Board at some point in the future. It's there for your flexibility; it is not obligating the city to do anything at this time, to provide options in the future.

COUNCIL PRESIDENT CHARLES PUGH: I think it should be clear, if indeed this that agreement is CC.

McGEE, MICHAEL: Act 8 in it-self, requires that agreements that are authorized under Act 8 must be approved by this consent of this body so protection is in State law. Which in some sense is better than this agreement.

CRITTENDON, KRYSTAL: And through the chair, if I might add, this language which will be added does clean up some of the issues from the other day. There was a question in terms of what other (inaudible)...legislation was the basis for the agreement if not Public Act 4? This language which was added and will be voted on today makes it clear, it's not Public Act 4, and it's Public Act 7.

COUNCIL MEMBER JO ANN WATSON: Question to Corporation Counsel. If this agreement was just based on Public Act 4 and Public Act 4, will be repealed then it will go away? Correct?

CRITTENDON, KRYSTAL: Any provisions based on Public Act 4 will go away...yes.

COUNCIL MEMBER JO ANN WATSON: But with the addition of Public Act 7 and in reference to Public Act 8 that gives this agreement survivability...correct?

CRITTENDON, KRYSTAL: That is correct. Any provisions of Public Act 7 that are followed...there is some compulsory language that Public Act 8...that it is not replicated and followed in this contract. It would be the Law Departments position that it would be unenforceable as well. So if PA7 requires something that is not in the agreement before you would refer (inaudible words) PA7, it would be our position that would also be unenforceable.

Introductions at table beside Michael McGee — Kirk Lewis, Deputy Mayor; Frank Madeno, Miller Canfield Paddock & Stone; John Willems, Miller Canfield Paddock & Stone.

COUNCIL PRESIDENT CHARLES PUGH: Can someone take us through any additions that were made by the review team today?

McGEE, MICHAEL: I would also point out, that you should also have before you, a copy of the document that incorporates the changes that were ask before at this body through yesterday together with a brief public memo that describes those changes for your reference.

COUNCIL MEMBER BRENDA JONES: Just for clarification, you said the document that was passed out to us at the table?

McGEE, MICHAEL: The document that was just passed out is a final, executed copy of the Consent Agreement, executed by the Review Team which was just delivered to us by the review team within the last few minutes.

COUNCIL MEMBER BRENDA JONES: So, what we will be asked to vote on, is a copy that was just passed out to us, not the draft that was given to us at approximately 2:30 p.m.?

McGEE, MICHAEL: What you will be asked to vote on is the document before you, that has been before you as evolved...most recently delivered this afternoon, together with the changes that the review team, and it's consideration of that document approved of earlier today, which have been incorporated in the document that have circulated. What's before you is the document that was before you and the amendments as approved by the review team.

LEWIS, KIRK: As you know, the Review Team has approved the documents before you, with changes that have been incorporated from Council and from the Review Team. The Mayor's office has reviewed that and we agree with it and I have executed on behalf of Mayor Bing, a copy of that agreement along with Review Team. So what you are viewing is a document that has been executed by the Mayor's Office and the Review Team. So, that document should be submitted for your consideration and vote.

JENKINS, McGEE & LEWIS: Determined and agreed upon that the document is an executed copy.

COUNCIL MEMBER KENNETH V. COCKREL, JR.: Question: The list that we were given said 'Potential changes to the Fiscal Ability Agreement' these were voted on and approved by the Review Team?

McGEE & LEWIS: Correct — Yes.

McGEE, MICHAEL: These changes are now part of the agreement which was approved by the Mayor's Office. The agreement does not become effective unless Council approves with the agreement. But the changes are in the agreement.

COUNCIL PRESIDENT CHARLES PUGH: Under resolution:

CLERK: Council Member Cockrel, a resolution.

COUNCIL MEMBER KENNETH V. COCKREL, JR.: Mr. President I move, adoption of the resolution.

RESOLVED, To consider a resolution approving a *Financial Stability Agreement* relative to the City's current financial circumstances.

Adopted as follows:

THE COUNCIL OF BAPTIST PASTORS
OF DETROIT AND VICINITY
POSITION STATEMENT ON CONSENT
AGREEMENT

Drafted April 4, 2012

The Council of Baptist Pastors of Detroit and Vicinity raise our prophetic voices to declare with Isaiah that the government rests upon the shoulders of the Lord, sent by God to heal and uphold the nations with justice and righteousness.

In that Spirit we call upon people of faith to pray for our city and those who exercise authority over us. It is the duty of our elected leaders to administer their offices to achieve the best possible benefit for the quality of life and the common good of our communities.

The Council of Baptist Pastors stand with the people of Detroit in challenging our elected leaders who are working on an Agreement for the city's recovery, to put the rights of the people first, ahead of preserving their own powers. The rights of the people to hold their elected officials accountable to themselves should be respected and protected against any overreach of the state that is tantamount to a hostile takeover. Thus, our support for an Agreement begins with the insistence that the offices of the Mayor and City Council continue to operate as prescribed by the city's charter.

In consideration of the Economic Distress being experienced by the City of Detroit and the impact on the city's ability to sustain its operations, which threatens the delivery of essential goods and services, we believe an Agreement, an Action Plan needs to be crafted and approved that restructures city government, establishes Fiscal Accountability and Discipline as it creates a sustainable track record of recovery. The Council of Baptist Pastors believes this vision can be achieved upholding democratic principles and constitutional integrity. In keeping with that mandate, the Mayor and City Council should welcome the additional human resources and expertise that can be employed to apply their skills and creativ-

ity to developing effective fiscal strategies and ensuring their implementation.

Additional human resources required to facilitate the mandates of an Agreement should be accompanied by state financial assistance, making sure the process of recovery does not magnify an already increasing budget deficit.

Any Agreement establishing extraordinary measures as are being conceived by all the documents being considered, should have an exit plan. There should be clear, reasonable criteria, that when met, will allow the city to return to, not business as usual, but to a sense of normalcy, retaining the best offices and practices in the recovery that would be preserved under the sole authority of the City of Detroit.

Due Process must be a part of any Agreement that installs officers or a Board having such sweeping authority as has been proposed. Debate, disagreement, the settling of conflict with decisions by the authorities executing the Agreement must be conducted without the coercion of an ominous hair-trigger call for an Emergency Manager.

The Council of Baptist Pastors is resolute in its opposition to an Emergency Manager for Detroit. We commend the Mayor and his administration, and City Council for the diligence to work together to negotiate the best possible response to the Governor's initial Consent Agreement, which most definitely was not worthy to be accepted as proposed.

The Council of Baptist Pastors supports Collective Bargaining as an instrument of advocacy for the rights of workers. The city's recovery will demand shared sacrifice, but it should be achieved by negotiations that are conducted by parties acting in good faith. We recognize that the city's unions largely represent the very citizens for whom this recovery must be implemented. The city's unions should not now, nor in the future execution of an Agreement, be thrown under the bus, with the expectation that they will make unilateral sacrifices or be rendered powerless to advocate on behalf of workers.

Our support for an Agreement is not to be construed as support for Public Act 4 which has undergirded this whole process. We applaud the vigorous efforts underway to overturn, repeal, or otherwise erase this unconstitutional corruption from Michigan law.

However, if the City of Detroit is relieved of the menace of Public Act 4, and consequently, the threat of the Governor's appointment of an Emergency Manager, we call upon the Mayor and City Council to be all the more diligent and urgent to advance an Economic Recovery Plan of its own creation that holds city officials accountable to the citizens of Detroit for a much deserved turnaround. Such a plan

must necessarily involve transparency, quantifiable results, and sustainability. Even though we are in the midst of a crisis, we can use this crisis to chart a new direction for our city through shared responsibilities, by way of the electoral process already given to us. The people's confidence in the ability of our elected officials to deliver must be rewarded.

Detroit and Vicinity

The Financial Advisory Board shall adopt procedures and policies having the objective of using current technology, communication and other means to constrain Reimbursable Expenses to the extent reasonably practicable.

1.3a. Standards of Conduct, Conflicts of Interest and Ethics

E. Vote or otherwise participate in the approval of any contract, or any other type of transaction, with any business entity in which he or she or an immediate family member has a financial interest; or

G. Attempt to influence any decision to fill a position in City government with an immediate family member.

(xii) A Member shall not accept gifts, gratuities, honoraria, or other things of value from any person or company doing business or seeking to do business with the City or the Board, is seeking official action from the City or the Board, has interests that could be substantially affected by the performance of the person's official duties, except as specifically provided in the Policy.

(xiii) The Policy may, by reference, incorporate ethics policies of the City that impact the Board.

(xiv) By a vote of six members of the Board, the Board may waive a portion of this Policy on a case-by-case basis when the Board determines a waiver is in the public interest.

1.4. Board Organizational Matters. The Financial Advisory Board may:

(a) Adopt rules of procedure governing the conduct of its business, including, but not limited to, the (i) identification of the responsibilities of the Board Chair (which will include the role of chairing Revenue Conferences (defined below)), (ii) appointment of its officers as necessary and appropriate and (iii) adoption of specific procedures governing the Board's performance of its purposes described in this Agreement.

(b) Hire, employ, appoint and/or supervise professional staff to assist in the completion of its duties and to assist State and local officials. (c) Enter into contracts to assist in the completion of its duties and sue and be sued in its own name.

Reports of the Financial Advisory Board under this subsection shall be made available to the public.

(c) Evaluate the City's existing debt structure and recommend means of achieving rating and credit improvements; and, from and after July 20, 2012, receive from the Mayor, and review, assist, and advise prior to submission to City Council by the Mayor, (i) any material capital markets transaction (including transactions involving new or existing swaps) proposed to be entered into by the City (including, but not limited to, any proposed exchange offers), and (ii) any proposed changes to the City's debt structure or restructuring of the City's outstanding debt; and assist, advise and provide technical support to the City in respect to ratings presentations and other presentations to third-party capital markets participants.

The powers and actions authorized by this Section 3.6 shall be granted pursuant to MCL 141.1514a and MCL 141.1519(1)(b) to the extent necessary to implement this Section 3.6, but only to the limited extent and limited time necessary to implement this Section 3.6.

ANNEX E Supportive Activities of Treasury Department and State

Introduction

The Treasury Department and the State remain committed to the overall growth and health of Michigan cities, and particularly so with the City of Detroit, the State's largest municipality. Ways to ensure this growth and health are emerging through a number of supportive initiatives.

Supportive activities already in process include:

Improve Quality of Life and Safety for Detroiters

- *Street lighting* — Improve public lighting by working with the City to create a separate authority to manage and finance streetlights. State legislation can create a new option for separate governmental authorities (similar to those for sewers) that allow for independent bonding authority against revenue as well as general funds. Detroit can then create such an entity to make financing more attractive to bondholders and thus lower the overall cost of the upgrades. This group would also have to develop multi-year lighting plans with the revenue to support them.

- *Law Enforcement* — As discussed in

the governor's public safety message, over the next two years MSP will graduate two trooper classes — meaning approximately 180 troopers will be added, and will support our strategy to increase law enforcement resources in four Michigan cities, including Detroit.

- *Demolition* — Streamline, coordinate and accelerate demolition activities in the city.

- *Land Stewardship* — Improve the state's stewardship of its own land in the City with an emphasis on redevelopment, including undertaking a full review to determine what land can be redeveloped effectively and responsibly ways to transition other parcels to successional landscapes.

- *Client Service* — The state will continue to enhance its presence within the City to better serve the client base for both DHS assistance and unemployment insurance.

- *Auto Insurance* — Reduce auto insurance costs for residents through the Michigan Automobile Insurance Placement Facility, creating a base rate that reflects a more neutral score, resulting in noticeable rate reductions.

Enhance Education

- *K-12* — Ensure a quality school for every Detroit child through continued reforms of DPS, a strong start for the Education Achievement Authority, and support for Excellent Schools Detroit. Continue to drive a philanthropic agenda to provide post-secondary scholarship funding to Detroit graduates.

- *Early Childhood Education* — Ensure high quality early childhood education through a partnership with the Office of Great Start and increased collaboration with private and non-profit entities involved in providing these services to Detroiters.

- *Foundations for Learning* — Provide better access to services that enhance a child's learning process by moving DHS family independence specialists out of county offices and stationing them within 50 Detroit elementary schools. This will help eligible families access resources immediately, before barriers such as transportation, child-care, housing instability, food insecurity, and access to healthcare impede a child's learning process.

Invest in Transportation Infrastructure

- Move ahead with the New International Trade Crossing project.

- Expand and facilitate the Detroit Intermodal Freight Terminal, ensuring that southeast Michigan has regional facilities with sufficient capacity and interconnectivity to provide for existing and future intermodal demand and reducing time, monetary costs, and congestion.

- Establish the authority and board for,

and develop a funding mechanism for, the new Regional Transit Authority. invest in a regional, multi-modal system including BRT, bike paths and walkability.

- Working with CN and Amtrak, create a commuter rail station and stop at the former state fairgrounds, expand the West Grand Blvd. station to include better facilities for transfers and assist in the rebuilding of the Royal Oak and Troy stops.

- Accelerate a capacity improvement project for I-94 from I-96 to Conner Avenue, supporting more than 13,000 jobs between 2012 and 2020.

- Complete final engineering and start construction this summer for the West Detroit Junction Railroad project to provide a shorter, faster route for intercity passenger trains, relieve congestion for freight trains, and help lay the groundwork for future commuter rail service between Ann Arbor and Detroit.

Invest in Physical Assets and Economic Drivers

- *Citywide* —

- o Consolidate the planning and economic development functions for the City within the Detroit Economic Growth Corporation to avoid duplication, enable the development of unified strategy and execution, and simplify the process for new economic development within the city.

- o Coordinate and/or consolidate the state, Wayne County and City land banks to ensure the creation and execution of a common plan.

- o Devote \$3 million of state funds to clearing title on parcels identified by DEGC to ready them for speedy economic development.

- *Eastern Market* — Contribute to the revitalization of Eastern Market by investing in the conversion of Shed 1 (including incubator kitchens, entrepreneurial training, and business start-ups) and the renovation of Shed 5 into a full-scale grocery. Position the market as a Regional Food Innovation Cluster, focusing on science, technologies and enhanced management practices that will reshape food production and business. Assist the market in applying for a federal TIGER grant to create a seamless trail system from the Riverfront through the Eastern Market, Brush Park, and Wayne State University areas.

- *Riverfront* — Develop the Globe Building, expand Milliken State Park, dedicate a new launch for citizens near Riverfront Park and assist DEGC with resources and talent to transform Hart Plaza.

- *Belle Isle* — Create park funding for Belle Isle while ensuring continued City ownership by designating Belle Isle as a part of a cooperative relationship with Milliken State Park. This would include a long-term lease that would accrue the

cost of the park's maintenance and improvements out of the Park Endowment Fund. We will partner with Belle Isle Conservancy and the City to implement a master plan for the island.

- *Fairgrounds* — Transfer ownership of the former state fairgrounds to the State Land Bank and create a neighborhood and commercial center on the site.

STATEMENT ON FISCAL STABILITY AGREEMENT VOTE BY COUNCIL MEMBER KENNETH V. COCKREL, JR.

April 4, 2012

Tonight the Detroit City Council voted on the question of whether or not to approve a fiscal Stability Agreement/Consent Agreement with the State of Michigan.

As the longest serving member of the Detroit City Council, I've participated in heated debates of a number of controversial matters, issues that generated heated debates not only in council chamber but also in the barbershops, beauty salons, and church basements of this city. Among the most memorable were votes on casino development and Mayoral control of Detroit Public Schools.

Nevertheless, the depth of conviction and emotional fervor generated by this matter dwarfed those issues by far. I respected and carefully considered the arguments of this proposal's opponents. This was the most controversial vote I've had to cast in my 15 years of service to the citizens of Detroit. It was also the most difficult one personally.

At our public hearings on the matter numerous citizens, community activists and even some council members urged a "no" vote. But in doing so they all never bothered to answer a key question: "And then what?"

The reality is that financial projections show Detroit running out of cash by the end of this month. Approval of the consent agreement gives the City access to \$137 million in cash it needs to operate until the end of the fiscal year. It also buys time to restructure city government.

If Council had rejected the Fiscal Stability Agreement, how would employees be paid and services be provided to citizens? What would have been the back-up plan?

Many critics of PA 4 urged Council to vote no and call the governor's bluff. They say that petition drive signatures which are now being counted will likely be verified in sufficient number to suspend the law pending a November referendum. Perhaps had Council done this the governor would have immediately driven to Detroit from Lansing with a bag of cash

out of fear that Detroit's death spiral would drag the state down with it. More likely, he would not have. Even assuming the governor did nothing at all this would not stop the city from bleeding cash.

What is most likely is that a "no" vote on a Fiscal Stability Agreement would have really been a "yes" vote for an Emergency Manager, an irresponsible move that is akin to jumping from a burning plane without a parachute.

Under the Public Act 4 in the absence of a Fiscal Stability Agreement, Michigan Governor Rick Snyder would have no choice but to appoint an Emergency Manager. At that point, all bets would truly be off and every single city asset would be fair game for a fire sale. City Council and the Mayor would have no authority and could potentially be ousted.

Detroiters should be very clear in understanding that in approving this agreement the Detroit City Council has not signed away its powers or facilitated yet another "takeover." Under this agreement, the Mayor and the City Council will retain almost all of their charter-given powers and authority.

The difference is that a Financial Advisory Board will be created that will consult, review and sign off on a limited number of issues. The Governor and the Mayor will also collaborate on the appointment of a new Chief Financial Officer and a Project Management Director. Both would answer to the Mayor.

When the goals and terms of the agreement are fully met, the Financial Advisory Board will be dissolved and a then-fiscally solvent Detroit would operate normally.

This proposal is not without risk, the major responsibility for fulfilling the terms of the agreement will lie with Mayor Bing who frankly hasn't been as effective in running city government as he needs to be. He also hasn't shown a willingness to enact tough but necessary budget cuts and layoffs. Citizens need to be reminded that as outgoing Interim Mayor in May 2009, I left the Mayor a deficit elimination plan that he shelved.

They also need to be reminded that in 2010 and 2011 City Council proposed additional budget cuts of \$30 million and \$25 million respectively. In both years, the Mayor resisted these cuts though we know now they would have eliminated many of our current problems.

The Mayor cannot afford to be timid moving forward because defaults on the terms of the agreement can lead to an increased role for the Board and the appointment of an emergency manager. Similarly, Council cannot be afraid to make bold decisions if the Mayor does not.

The old phrase, "Failure is not an option" has never been truer.

A Fiscal Stability Agreement is in the best interests of the people of Detroit. Is this a perfect solution? No. Is it preferable to an Emergency Manager with no ties to and no accountability to its Detroiters making decisions that affect us? Absolutely.

STATEMENT OF COUNCILMEMBER
SAUNTEEL JENKINS REGARDING
DETROIT FINANCIAL STABILITY
AGREEMENT

April 5, 2012

I voted "yes" on the Financial Stability Agreement between Detroit and the State of Michigan Wednesday because I believe it provides us the best opportunity to once again make Detroit a city that works.

No one disputes the fact that crime is too high; street lights are out and that buses don't run on time. No one disputes that city government is currently inefficient. And no one disputes that we are on the verge of running out of money.

With the old way of doing business not working, our challenge was to restructure city government in a way that will make it more efficient and effective for all — city residents and city workers alike. The consent agreement in its final form provides us that opportunity. It provides a foundation for a partnership in which the city and the state can work together on best practices to improve city services, provide more accountability and eliminate the city's deficit.

A great deal of effort went into creating a final agreement. I, along with other members of Council labored for hours upon hours over the language in each of the many drafts we received. I submitted multiple significant changes that were incorporated into the final document, including:

- the removal of language that could have exposed the pension system to state interference;
- the inclusion of language that prohibits the Financial Advisory Board from making policy decisions without the approval of one of the two elected branches of government; and
- a clear path out of the consent agreement which originally had no sunset clause.

As a result, the final agreement provides much stronger protections for the city and democratic process than what was originally presented. And no one can deny the fact that it is a far better option than our only other choice — an emergency manager.

During the deliberation process I heard from many voters, some who oppose the consent agreement; and others who opposed the emergency manager, thus supported the consent agreement instead. One thing that no one disputed was the fact that Detroiters deserve a city

that provides the basic services we all expect from our city.

The final agreement maintains the democratic process. The final agreement maintains the right of Detroiters to hold their elected officials accountable. It limits the city's liabilities under the agreement, and sets forth strong ethical standards for the Financial Advisory Board.

This was undoubtedly a historic decision, and the most important decision I have faced in my legislative role. Perhaps the most difficult part was hearing from city workers who felt they had been treated unjustly. In an unprecedented move, city unions formed a coalition and voluntarily came to the bargaining table and agreed to concessions. Due to circumstances beyond the control of city council and the coalition of unions, the proposed agreements were not presented for a vote.

I certainly understand their position that workers were treated unjustly. However, payless paydays for more than 10,000 city workers and a shutdown of city services for over 700,000 residents would be the ultimate injustice. That is the reality the city was facing without a consent agreement.

I would like to express my sincere gratitude to the union leadership who participated in the bargaining process, and most importantly the city workers who have worked diligently to provide services to our citizens, in the face of great adversity.

While the process leading up to this agreement has been long and difficult, our hardest work lies ahead as we implement this consent agreement. I firmly believe the final document that we approved yesterday provides us with the framework we need to recreate a city government that provides our residents the services they have a right to expect and our employees the worker friendly environment to which they are entitled.

STATEMENT ON "NO" VOTE
AGAINST CONSENT AGREEMENT
WITH STATE OF MICHIGAN
BY COUNCIL MEMBER SPIVEY

April 4, 2012

On Wednesday, April 4, 2012, I voted against the approval of the Consent Agreement as proposed by the State Treasurer.

The following are several of my concerns. I was troubled by the oxymoronic language of the consent agreement. Section 2.1 reads, "the Mayor and the City Council shall continue to exercise all such powers, privileges and authorities as are granted to each under the Charter..." However, the very next sentence reads, "The Mayor and City Council each have determined . . . to restrain their respective exercise of powers in certain circumstances . . ." I object to the restraining of

any of those powers under any circumstances. The power granted to the people of the City of Detroit through its Charter and Home Rule Cities Act should never be voluntarily ceded by its locally elected officials. Any change (or potential change) to the governance structure of a city should be voted on by its citizens.

Equally troubling to me is the unspecified duration of this consent agreement. This consent agreement could leave our Charter vulnerable to vitiation for decades.

Indeed, we must deal with the practical matter of the City's short-term financial crisis, but how does a Project Management Director and a Financial Advisory Board, with the power to override elected officials, fix the fact that the City of Detroit will be extremely low in its cash flow by May 2012? The State Treasurer, instead, offered the carrot of further indebtedness to the tune of \$137 million to pay our bills in exchange for us allowing the State to place an overseer in the Mayor's Office. We cannot continue to borrow our way out of debt.

If, indeed, the State seeks to be a partner with Detroit, it is difficult for me to comprehend how a consent agreement could include absolutely no pledge of monetary support for capital improvements. In my view, cash infusions could have been negotiated in exchange for the City meeting certain benchmarks and timelines. Both the City and State acknowledge that the City requires major upgrades to its payroll, budgeting, accounting and financial reporting systems. Regrettably, however, the State Treasurer was rigidly opposed to the inclusion of cash assistance under any circumstances. In fact, the Treasurer was willing to compromise on nearly every suggestion made by the City, but would not budge on any of the most substantive matters — cash assistance and PA 4 requirements.

I am further troubled and puzzled by the fact that there are no timelines for completion of any of the initiatives laid out in Annexes B & E. Lack of executive focus and follow-through is part of what got us to the place we are in today — many promises of goals and initiatives, but no clear plan or strong will to achieve those. Again, the State could have taken this opportunity to, instead, incentivize Detroit's executive leadership to achieve the Annex B initiatives, similar to how Governor Snyder is already incentivizing cities and townships all over the state to achieve certain goals. The difference is that he is not asking their leadership to compromise their governance through a Project Management overseer to achieve those goals. Annex E is yet another list of wonderful recitations of non-commitment

by the State and, again, one of the initiatives are accompanied by even vague timelines or cash incentives. And, most notably none of these are items that require a consent agreement to achieve.

Further I find the provision that removes the City's duty to bargain deplorable. Since the early 20th century, City unions have bargained for fair wages, safe work environments and equitable work rules. It is unfortunate that the relationship between the City and its employee unions has become so mired in distrust and self-interest that compromise for the sake of the future of the City has been obliterated. Our employee unions ratified contracts that the Administration initially hailed as "monumental" and sufficient to meet the City's fiscal needs. The fact that the Administration then refused to submit the contracts to City council for approval will do nothing to improve labor relations in this city. The Governor achieved a half-billion dollar surplus in the State of Michigan's budget by cutting costs and bargaining for union concessions. There is no plausible reason why Detroit should not continue to have the option to do the same.

It is for all these reasons and others that I did not support the consent agreement voted on today. It should be clear that I never had an objection to the City entering into a consent agreement with the State Treasurer. However, I cannot support a consent agreement where elected officials voluntarily delegate away any of their Charter-mandated duties and responsibilities. That decision belongs to the people. Any legislation that enables locally elected officials to do so is abhorrent to the deal of government by the people.

Despite my objections, my colleagues, by a 5-4 vote have agreed with the Mayor's decision to enter the consent agreement with the State Treasurer. Therefore, as a member of this body, I will continue to do all that I can to work with my colleagues, the Administration and the State to move Detroit towards fiscal stability with an emphasis on improving the delivery of city services.

And the Council then adjourned.

PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE

Law Department

March 28, 2012

Honorable City Council:

Re: Petition Number 2159 — Request for City Council Approval for the Issuance of New Michigan Liquor Control Commission “Class C License” to 313 Entertainment Group, LLC, d/b/a 1525 Sports Grille, at 1525 Woodward Avenue.

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission, issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control

Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission (“MLCC”), being R 436.1105(3).

Pursuant to the above, Local Approval Notice (Request ID Number 568895), which has been designated by the City Clerk as Petition Number 2159, is currently pending before City Council for approval of the issuance of a new on-premise liquor license in the City. Specifically, this Local Approval Notice requests approval of the application of 313 Entertainment Group LLC, (“License Applicant”), for a new “Class C License” for a proposed establishment at 1525 Woodward Avenue.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the MLCC provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as certified to the Commission by the appropriate law enforcement officials.

The Buildings, Safety Engineering and Environmental Department (“BSE&ED”) reports that the current legal use of the property at 1525 Woodward Avenue is “Restaurant with Class C”, which permits the on-premises consumption of alcoholic beverages. Accordingly, the License Applicant has applied, and paid the applicable fees, for the issuance of the required City of Detroit business license for the operation of a restaurant with the sale and on-premises consumption of alcoholic beverages at the subject location. In addition, the Mayor’s Coordinator’s Report, dated March 19, 2012, confirms that the License Applicant will have to apply and obtain a state food service license from the Department of Health and Wellness Promotion. The Coordinator’s Report also indicates that the Detroit Fire Department has recommended approval of the petition subject to the issuance of an annual permit upon completion of construction and payment of all fees for the location and that the Detroit Police Department Liquor License Unit has approved the application for a new “Class C License” at 1525 Woodward Avenue.

Upon the completion of the planned renovation of the building, the License Applicant will have to obtain final inspec-

tions and clearances, pay all fees, and obtain all of the required state and City permits and licenses for the location prior to the operation of the business. As such, the Law Department recommends this Honorable Body's approval of the request for the issuance of a new "Class C License" to the License Applicant for the proposed business establishment at 1525 Woodward Avenue.

Therefore, attached for your review and consideration is a proposed resolution approving the issuance of a new "Class C License" to 313 Entertainment Group, LLC, for 1525 Woodward Avenue. Further, the Law Department recommends that after review and consideration by the appropriate Standing Committee that this matter be forwarded to the Committee of the Whole for approval at its next Formal Session.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
 KRYSTAL A. CRITTENDON
 Corporation Counsel

Re: Petition No. 1023 — DFS LLC, request to vacate alley and convert to public easement property abutting 6876 Michigan and 4651 Braden.

Petition No. 1023 of "DFS LLC", request the conversion the easterly portion of the East-West public alley, 20.00 feet wide, in the block bounded by Horatio Avenue, 50 feet wide, Michigan Avenue, 100 feet wide, Larkins Avenue, 60 feet wide, and Braden Avenue, 50 feet wide, into a private easement for utilities. This closure will facilitate the necessary land needed for the McDonald's expansion project.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately

owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

City Planning Commission

March 29, 2012

Honorable City Council:

Re: Proposed Zoning Ordinance text amendment relevant to temporary use permits, signage for temporary uses and structures, temporary outdoor retail sales, and yard or garage sales (RECOMMEND APPROVAL).

The proposed text amendment to the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, would make the following four primary changes.

- 1) to add regulations regarding temporary use permits;
- 2) to add regulations for accessory signage for temporary uses and structures;
- 3) to modify and add regulations for temporary outdoor retail sales; and
- 4) to add regulations for yard or garage sales.

In May 2011, Council Member Andre L. Spivey asked the Neighborhood & Community Services Standing Committee to amend the Zoning Ordinance to further limit yard or garage sales to daylight hours and to last no more than two consecutive days.

The City Planning Commission (CPC)

has considered adding regulations regarding mobile food service establishments, but, in part, based on feedback at the public hearing, decided to bring this to City Council in the future as a separate ordinance.

BACKGROUND

In the mid 1990's, City Council received numerous complaints from flower shop owners about the proliferation of outdoor vendors selling flowers on private property, particularly around various holidays such as Mother's Day. The flower shops asked the City *not* to prohibit such sales out right (as many cities do), but to provide regulations to help create a more level playing field. At the time, the Zoning ordinance was silent regarding the issue of vending on private property.

Also, at the time, there was a vendor selling items from McDonald's parking lot at the corner of West McNichols and Livernois Avenues. This vendor complained to City Council about being ticketed for vending on private property, and several City Council Members, at the time, asked for the Zoning Ordinance to be amended to allow vending sales on private property.

In response to these issues, the new 2005 Zoning Ordinance added more detailed regulations for the issuance of temporary use permits and included regulations for allowing limited vending on private property as a temporary use referred to as "temporary outdoor retail sales." Also, in the new 2005 Zoning Ordinance, new regulations were added for yard or garage sales as a temporary use.

Existing Zoning Ordinance Regulations Since 2005

Currently, the Zoning Ordinance lists regulations for the issuance of "temporary use permits." These permits are required for a variety of non-permanent uses, such as outdoor concerts, seasonal outdoor sales, as well as temporary outdoor retail sales as noted earlier in this report.

There are presently fifteen regulations for temporary outdoor retail sales, some of which include the following:

- 1) Temporary outdoor retail sales are only allowed in specific zoning districts throughout the City; however, all sales are prohibited in the downtown and cultural center areas;
- 2) Temporary outdoor retail sales are only allowed on land with an already operating business — vacant land may not be used;
- 3) Sales must be 500 feet from any business selling the same commodity;
- 4) Such uses are not allowed in residential zones;
- 5) There can only be one temporary outdoor retail use per site at a time;
- 6) The temporary use can only operate when the principal use is operating;
- 7) The temporary use shall last no longer than 3 consecutive days;

8) Temporary permits for a site shall be issued no more than 3 times in a calendar year (therefore, a vendor could operate at one location for a total of 9 days during the year); and

9) In general a wide variety of items can be sold; however, some items are specifically not allowed, such as potentially hazardous food, secondhand goods, and fireworks.

Regarding garage sales, the new language in 2005, states, in part, the maximum of one garage sale accessory to a dwelling may be held within any ninety-day period without need for a permit. therefore, in general, a house may have no more than one garage sale every 90 days; however, the ordinance is silent on the number of days said garage sale could last.

Follow-up to the 2005 Zoning Ordinance

Since the 2005 Zoning ordinance revisions, City Council has received various complaints regarding the regulations for vending on private property. The various complaints, over the years, include: vendors thought nine days was too limited and the Buildings, Safety Engineering and Environmental Department (BSE&D) could not easily tell when vendors should or not be vending. Community groups have also complained about the City looking like a flea market and over the lack of enforcement.

In February 2008, the Detroit City Council Neighborhood & Community Services Standing Committee held a forum on vending. Concerns were again raised about the nine-day restriction on private property, and as a result, the Committee voted that an ordinance be drafted allowing vending on private property to be expanded from nine times a year to up to 365 days a year. In October 2009 an amendment was submitted to City Council for consideration, but it did not move forward due to lack of support.

Since that time, CPC staff has continued to meet with City staff, vendors, and citizen groups to discuss and research the various vending issues. In May 2011, Council Member Andre L. Spivey asked the Neighborhood & Community Services Standing Committee to amend the Zoning Ordinance to further limit yard or garage sales to daylight hours and to last no more than two consecutive days.

PROPOSED TEXT AMENDMENT

The proposed amendments would, in general, do the following:

Temporary Use Permits (Sec. 61-4-20)

- Provide a procedure for the Director of BSE&E to revoke a temporary use permit. Note: currently no revocation language exists for temporary uses.

Signage for Temporary Uses and Structures (Sec. 61-12-424)

- Require that signs accessory to temporary outdoor retail sales be removed each day, and that temporary signs within

specified overlay areas be routed to the Planning and Development Department (P&DD) for review. Note: P&DD staff requested this requirement be added to, in part, ensure, appropriate signage in these overlay areas.

Temporary Outdoor Retail Sales (Sec. 61-12-437)

- Restrict temporary outdoor retail sales within forty (40) feet of land zoned or developed as residential. Note: during its review, the City Planning Commissioners requested setback language be added.

- Additionally allow temporary outdoor retail sales on land zoned non-residential PD, SD1, SD4 and on the premises of religious institutions.

- Allow temporary outdoor retail sales to occupy an area no larger than ten feet by ten feet, which could include a tent canopy, rather than the current restriction of not more than ten percent of the gross floor area of the principal building.

- Only allow temporary outdoor retail sales on and during the seven days prior to Valentine's Day, Easter Sunday, Mother's Day, Father's Day, Fourth of July, Sweetest Day, Thanksgiving Day, and Christmas Day rather than the current limit of nine day per year. Note: this is proposed to allow clear guidelines for when vending can and cannot occur. With this provision, vending could occur, at one site, up to 64 days per year.

- Specify that temporary outdoor retail sales not be conducted between the hours of 11 p.m. and 7 a.m. Note: this is similar to the restriction for vending on public property which is highly supported by the Police Department.

- Limit the items to be sold to artwork, balloons, confections and snack foods, ethnic apparel, fragrances, incense, shea butter, fresh flowers, fruit, gift baskets, and handcrafted goods. Note: these uses are modeled, for the most part, after what is allowed to be sold on sidewalks and items for purchase that could be associated with the aforementioned holidays.

- Additionally prohibit the sale of alcohol, contraband goods, drug paraphernalia, electronics, electrical items, fireworks, potentially hazardous food items, food items not approved by the Dept. of Health and Wellness Promotion, tatoos and unlicensed goods.

- Require that displays be neat and orderly and allow the City to limit or prohibit items.

- Require a separate temporary use permit for each location.

- Clarify that temporary outdoor retail sales are not permitted at motor vehicle filling stations or licensed parking lots. Note: sales at these locations are already prohibited in other parts of the Code, but the CPC is recommending the language be added for further clarification.

- Clarify that the provisions of temporary outdoor retail sales do not apply to public property as governed by Chapter 41, public markets, city-approved events and festivals, or parks.

- Require all permits to be conspicuously displayed and sites to be attended.

- Require temporary outdoor retail sales permit-holders to be licensed.

- To add definitions for handcrafted goods and snack foods.

Yard or Garage Sales

- Limit yard or garage sales to daylight hours and limit sales to no longer than three consecutive days. The CPC recommended three days rather than two, because it appears it is common place and not unreasonable for garage sales to last up to three days.

RESULTS OF THE PUBLIC HEARING

On June 16, 2011, the City Planning Commission held a public hearing on the proposed amendment. At the hearing, representatives of BSE&E supported the need for a text amendment, but asked for more time to review the proposed regulations for temporary mobile food service establishments and food pushcarts.

Twenty persons spoke against the proposed regulations for food trucks as presented; most requested that food trucks be allowed in the downtown area and less restrictions on spacing and time limits.

Two persons representing community organizations raised concerns about enforcement and thought the recommended 20-foot setback (at the time) for temporary outdoor retail sales from residential areas was not enough. Restricting the sales to near holidays was supported. A third community group representative said the group had not adopted a formal position, but did raise concerns about the loss of required parking spaces by temporary uses and enforcement.

ANALYSIS

Section 61-3-59 of the Detroit Zoning Ordinance lists criteria for consideration for Zoning Ordinance text amendments, which is attached for reference. The Commission thinks that the proposed amendment is consistent with the stated purposes of the Zoning Ordinance; the proposed amendment would protect the health, safety, or general welfare of the public, and meets the challenge of a trend (the proliferation of vendors on private property).

Based on the numerous comments from the public hearing, the City Planning Commission recommended that the proposed regulations for temporary mobile food service establishments and food pushcarts be brought back at a later date for consideration.

It was noted at the public hearing that the recommended 20-foot setback for temporary outdoor retail sales from residential areas was insufficient. The

Commission agreed that the proposed setback of 20 feet would not be enough. Along major thoroughfares, most commercial lots in the City are about 100 feet deep with adjacent residential areas beyond. The Commission recommends the setback be expanded from 20 feet to 40 feet to provide a larger buffer between residential and commercial operations.

Regarding the loss of parking spaces as raised at the public hearing, the ordinance for temporary outdoor retail sales already prohibits any use from being placed on required parking spaces. Also, the existing application for temporary use permits (Section 61-4-12) requires a site plan to be submitted to BSE&E showing in part parking areas, location of the temporary use, and parking for the temporary use. Therefore, the review process already includes requirements to prevent the loss of needed parking spaces.

Regarding enforcement, the Commission agrees adequate enforcement is a very important issue. The current Zoning Ordinance and proposed amendment can both be enforced by BSE&E and the Police Department. In 2009 the City Council Neighborhood and Community Standing Committee asked the Police Department, which agreed, to respect City Council's request for a moratorium for ticketing temporary outdoor retail sales on private property until the ordinance was improved. The CPC's understands that the moratorium would appropriately be lifted if and when the subject amendment is approved which could help with enforcement.

Lastly, it was recommended that temporary outdoor retail sales be allowed on and during the seven days prior to the following days: Valentine's Day, Easter Sunday, Mother's Day, Father's Day, Fourth of July, Sweetest Day, Thanksgiving Day, and Christmas Day. However, it should be noted that Sec. 61-12-443 of the Zoning Ordinance already prohibits the sale of fireworks as a temporary use. The CPC does not think vendors will be interested in selling items, other than fireworks, near Fourth of July. As a result, the CPC recommends that Fourth of July not be included in the list of holidays.

RECOMMENDATION

At its meeting on July 14, 2011, the City Planning Commission voted to recommend approval of the text amendment with the following changes:

1. The proposed new regulations for temporary mobile food service establishments and food pushcarts be removed at this time and brought back at a later date for consideration.

2. For temporary outdoor retail sales, to not allow sales on and during the seven days prior to the Fourth of July, because it appears the main interest in this holiday is to sell fireworks, which are not allowed.

3. For temporary outdoor retail sales, to expand the setback between temporary outdoor retail sales from land zoned or developed residential from twenty to forty feet.

An ordinance is attached for your Honorable Body's consideration.

Respectfully submitted,

Re: Petition No. 2006 — Motor City Casino Hotel requesting the vacation and conversion to utility easement of

all of the public streets and alleys in the block bounded by the Lodge Freeway South Service Drive, Brooklyn St., Spruce St. and the I-75 Freeway West Service Drive.
Petition No. 2006 of Great Lakes Geomatics, LLC, at 1274 Library, Ste.

603, Detroit, Michigan 48226, on behalf of "Motor City Casino Hotel" request the conversion of Pine Street, 50 feet wide, between Brooklyn Street, 50 feet wide and the Lodge Freeway South Service Drive, variable width; all of the east-west public alley(s), 17 feet wide, in the area bounded by said Brooklyn St., said Lodge Freeway South Service Drive, the Fisher Freeway West Service Drive (variable Width) and Spruce Street, 50 feet wide; into private easement(s) for public utilities, all in order to create a contiguous parcel of land to accommodate the construction of a surface parking lot to be used by employees of the Motor City Casino Hotel.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, the Street Design Division — DPW and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

If necessary, the Public Lighting Department (PLD) will remove and/or relocate certain poles, overhead wires and transformers. The PLD will also require 24-hr. UN-impeded heavy vehicle access for the entire length of the easement(s) and physical access to all facilities within the easement(s). Any damage done to existing PLD facilities by the proposed construction must be repaired at project cost.

The Detroit Water and Sewer Department (DWSD) indicates that there exist sewer and water mains in the rights-of-way. However, has reported having no objections to the requested conversion to easement(s), provided that easement(s) of the full width of the street and alley(s) is reserved.

DTE Energy — Michcon Gas Company has existing gas main lines (2"-PLA & STL-10# 1978) in Pine Street. However, Michcon Gas Company has no objections to the property change, provided that an easement of the full width of Pine St. is reserved.

All other City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

**Department of Public Works
City Engineering Division**

April 5, 2012

Honorable City Council:

Re: Petition No. 2331 — State of Michigan/Department of Transportation (MDOT), Request for Temporary Permit to Intersect 23rd Street at Grade Level.

Petition No. 2331 of “State of Michigan/Department of Transportation (MDOT),” requests permission for it and the Detroit International Bridge Company (DIBC) to encroach into the 23rd Street right of way (60 feet wide) for 100 feet north of West Fort Street, 100 feet wide, in order to construct roads for truck traffic across 23rd Street at grade, as part of the Ambassador Bridge Gateway Project. This encroachment will permit MDOT to complete the truck roads and take trucks off the local streets. This permit will remain in effect until such time as the City Council takes action on the currently pending Petition 795 to vacate 23rd Street.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The City Law Department has reviewed the petition and recommends approval, subject to the conditions set forth in the attached proposed resolution.

The Public Lighting Department (PLD) reports having major facilities present in the encroachment area. Any structure proposed to be built shall maintain 10 feet horizontal clearance from the overhead PLD lines and installations, also any structure proposed to be built shall maintain a minimum of three feet horizontal clearance and 12 inches vertical clearance from the PLD conduit bank and manholes. The contractor will be liable for any damages to any PLD underground facilities.

Detroit Water and Sewerage Department (DWSD) reports that if there is any existing water main or sewer operating under DWSD’s jurisdiction in the immediate area near the location of the requested encroachment, DWSD has no objections to the encroachment provided that the provisions for encroachments within the resolution are strictly followed.

To protect all other involved City Departments and privately owned utility companies, it is requested that the petitioner make use of the “Miss Dig” notifica-

tion procedures before any construction takes place.

There is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,
RON BRUNDIDGE

Director

Department of Public Works

By Council Member Brown:

Pursuant to Michigan law and the City of Detroit’s ordinances and procedures, the City of Detroit grants the Michigan Department of Transportation (MDOT) and the Detroit International Bridge Company (DIBC) permission to temporarily encroach on the public right of way at 23rd Street (60 feet wide) for 100 feet immediately north of Fort Street, and to temporarily open the truck road and “4/3 road” across 23rd Street at grade level, rather than constructing structures S04 and S05 to elevate that traffic over 23rd Street, as shown on the attached exhibit labeled “1 of 6” from the March 12, 2007 Performance Bond at issue in MDOT vs DIBC/Safeco, Wayne County Circuit Court Case No. 09-015581-CK. This permit shall remain in effect only until such time as the Detroit City Council rules on the pending Petition 795 requesting the vacation of 23rd Street. If the Detroit City Council denies Petition 795 to vacate 23rd Street the City of Detroit may take any actions otherwise permitted by law to remove any encroachment over the 23rd Street right of way. This permit shall not be construed to abrogate or diminish any other rights or powers the City of Detroit may have with respect to the control and regulation of its streets its permitting processes, or any other matters.

The encroachment is described as follows:

The encroachment is 100 feet north of West Fort Street, 100 feet wide, right-of-way line in 23rd Street; more described as lying Easterly of and abutting the East line of the South 100 feet of Lot 1 and lying Westerly of and abutting the West line of the South 100 feet of Lot 35 all in the “Subdivision of Lots 32, 33, 34, 36 and 38 G.B. Porter Farm”, City of Detroit as recorded in Liber 1 of Plats, Page 21, Wayne County Records;

Encroachment to consist of a truck road and “4/3 road” across 23rd Street at grade level between the above described parcels:

Provided, That no construction performed under this petition shall be commenced until (5) days written notice to DWSD. Seventy-two (72) hours notice shall also be provided in accordance with P.A. 53 1974, as amended, utilizing the MISS DiG one call system; and further

Provided, That construction under this petition is subject to inspection and approval by DWSD forces. The cost of such inspection shall, at the discretion of

DWSD, be borne by the petitioner; and further

Provided, That if DWSD facilities located within the street shall break or be damaged as a result of any action on the part of the petitioner, then in such event the petitioner agrees to be liable for all cost incident to the repair, replacement or relocation of such broken or damaged DWSD facilities; and further

Provided, That the petitioner shall hold DWSD harmless for any damage to the encroaching device constructed or installed under this petition, which may be caused by the failure of DWSD's facilities; and further

Provided, That if it becomes necessary to open cut public streets, bore, jack, occupy or barricade city rights-of-way for maintenance of encroachments such work shall be according to detail permit application drawings submitted to the City Engineering Division — DPW prior to any public right-of-way construction; and further

Provided, That the necessary permits shall be obtained from the City Engineering Division — DPW and the Buildings, Safety Engineering and Environmental Department (if necessary). The encroachments shall be constructed and maintained under their rules and regulations; also in accord with plans submitted to and approved by these departments; including the Public Lighting Department (if necessary), and the Traffic Engineering Division — DPW (if necessary); and further

Provided, That all costs for the construction, maintenance, permits and use of the encroachments shall be borne by the "State of Michigan/Department of Transportation (MDOT)" or its assigns; and further

Provided, That all costs incurred by privately owned utility companies and/or city departments to alter, adjust, and/or relocate their existing utility facilities located in close proximity to the encroachments shall be borne by "State of Michigan/Department of Transportation (MDOT)" or its assigns. Should damages to utilities occur the State of Michigan/Department of Transportation (MDOT) or its assigns shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, That if any structure proposed to be built shall maintain 10 feet horizontal clearance from the overhead PLD lines and installations, also any structure proposed to be built shall maintain a minimum of three feet horizontal clearance and 12 inches vertical clearance from the PLD conduit bank and manholes; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located within the public rights-of-way, by acceptance of this permission, the "State of Michigan/Department of Transportation (MDOT)" (owners) for them-

selves, or their assigns, (by acceptance of permits for construction near underground utility lines, conduits, or mains) waives all claims for damages to the encroaching installations and agree to pay all costs incurred in their removal (or alteration), if removal (or alteration) becomes necessary; and further

Provided, That the "State of Michigan/Department of Transportation (MDOT)" shall file with the Finance Department and/or City Engineering Division — DPW an indemnity in form approved by the Law Department. The agreement shall save, protect and defend the City of Detroit from any and all claims, damages or expenses that may arise by reason of the issuance of the permits and the faithful or unfaithful performance by the "State of Michigan/Department of Transportation (MDOT)" of the terms thereof. Further, the "State of Michigan/Department of Transportation (MDOT)" shall agree to pay all claims, damages or expenses that may arise out of the maintenance of the proposed encroachments; and further

Provided, The property owned by "Detroit International Bridge Company (DIBC)" and the encroachment shall be subject to proper zoning or regulated use (Board of Zoning Appeals Grant); and further

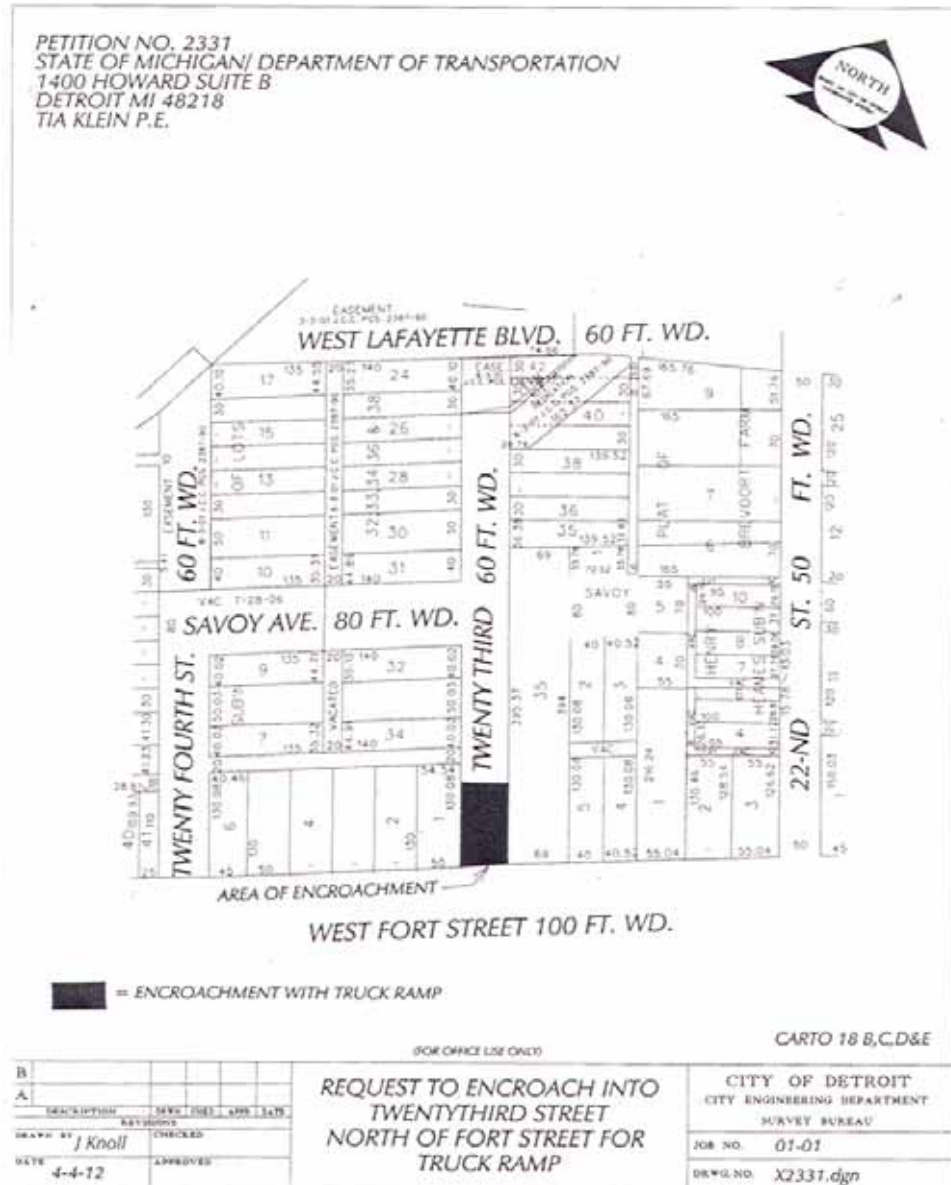

Provided, That no other rights in the public streets, alleys or other public place shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to the City Engineering Division — DPW; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and "State of Michigan/Department of Transportation (MDOT)" acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the encroachment permits shall not be assigned or transferred without the written approval of the City Council; and further

Provided, That if the Detroit International Bridge Company (DICBC) performs some or all of the work authorized by this resolution or is given control of the area of the requested encroachment with the permission of the court in the case of MDOT vs. DIBCO/Safeco, Wayne County Circuit Court Case No. 09-015581-CK, all of the foregoing conditions, obligations, duties and responsibilities applicable to petitioner shall be applicable to the Detroit International Bridge Company (DIBC); and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution and indemnity agreement with the Wayne County Register of Deeds.

CONSENT AGENDA

MEMBER REPORTS

COUNCIL PRESIDENT PRO TEM GARY

BROWN: Mr. President, the Public Health and Safety Standing Committee has temporarily suspended the demolition process, based on the fact that there are 8,000 houses on the list currently and there is no money available to tear down houses right now. The Department indicates they are looking for dollars. We urge them if they have emergencies to go through, to bring them forth. I strongly urge Buildings and Safety to come forward with houses that are on the fire escrow account. As you know we have 20 million dollars that are available. I don't know why they are not going through the houses and finding the ones that fire escrow dollars attached to them. I see it as not good use of the Department's time or the Committee's time to continue to add to a list that already has 8,000 houses on it, when there is clearly no money to tear the houses down.

COUNCIL MEMBER SAUNTEEL

JENKINS: The Detroit College Promise and the Detroit Housing Commission are offering graduates of Detroit Public Schools scholarships. If you are a graduate of a Detroit School and are attending a Michigan Public college you are eligible. You have to apply by April 15th. You can apply online a detroitcollegepromise.org. Also, Detroit College Promise is offering additional scholarships that you can apply for up to July 1st. Belle Isle Park is having a public art project and their asking for artists to submit projects. Artists will receive \$150 stipend to help cover costs of materials, labor and transportation. The deadline is May 1st. The exhibition on Belle Isle will open June 23rd. You can go info@accessartdetroit.org to get more information. Lastly, on the street closure of 23rd, us not approving that would actually be doing exactly what the bridge company wants, because they would not open up the street for access. I support his MDOT project.

COUNCIL MEMBER KENNETH V. COCKREL, JR.: None.

COUNCIL MEMBER BREND JONES:
The Skilled Trade's is cancelled due to Budget.

COUNCIL MEMBER ANDRE SPIVEY:
None.

COUNCIL MEMBER JAMES TATE:
Seeing that this Body has approved the Financial Stability Agreement, we now have two members that we must appoint to the FAB. Now is the time to have the discussion on those members. In the agreement it's indicated that they're not members of City committees or boards, they are a Body that stands alone. I would recommend that instead of doing interviews in Internal Operations, we do them as a Committee of the Whole so that everyone has an opportunity to vet these individuals. We have to have those folks in place within 30 days.

COUNCIL MEMBER KWAME KENYATTA:
None.

COUNCIL MEMBER JOANN WATSON:
The primary issue with respect to the MDOT agreement is that the City is getting zero dollars from it. The City ought to be able to write an agreement with all the lawyers we have on our payroll, where it benefits the City monetarily, particularly because we had to go to court to reclaim access to our own public street. It's not MDOT's role, or the court's role, somebody ought to stand up for Detroit. We deserve to get some compensation. The dollars have not flowed from the State to the Department of Human Services lately. It's been held up since October. That's illegal. That's federal money. They don't have the right to hold up federal dollars that belong to the poor, to provide access to clothing and shelter and food, and utility payments for those who are without utilities. The same people that have been cut off by the State from FIA. Now they can't even get local help because the state has been holding up Human Services money without a cause.

PUBLIC COMMENT

MS. PERSON spoke regarding respect for the citizens in Detroit. She resent taking away property because certain people want the downtown Detroit area. It is time for Council to stand up for the people in Detroit. Last week we did not say that Council Member Jenkins never worked for MaryAnn Mahaffey, we said she was her Chief of Staff.

MS JANICE SMITH spoke on behalf of "The Council Group" Performing Arts Company in Training Center located on the West side of the City. On April 13, they participated in a hearing for CDBG funding and it was said that some organizations would be flagged for reconsideration. She is asking that their Performing Arts Training Center be considered. She also asked what the deliberation process is and will organizations have the opportunity to participate? What is the best way for the Company to provide Council with an invitation to get to know us in zip code 48219?

JENKINS: Everyone who testified at the appeals hearing, the City Planning Committee reviewed the reason and found that some documentation was not submitted. They reviewed again to see if it was submitted. Deliberations will take place throughout this week at the table. We will provide you with a schedule and you may speak at public comment.

As a general rule, we do not visit organizations during this process.

MELANIE FAISON spoke concerning the settlement for her injury and assault done to her by the Detroit Police.

MARGUERITE MADDOX spoke in disappointment with DDOT. Passengers, especially drunk passengers, on the Michigan Bus kept saying something about her partner (handicap dog). She is concern about her safety.

RHENE EDWARD LEE stated that he was glad to see the city moving forward and working together after the decisions that were made. He hopes that Council continues to work together for a greater Detroit for citizens, neighbors, region, state and nation. When Detroit starts producing, the nation gets a new middle class. Regarding the tax increase that the city just put in, he suggested that Council lobby the State to reduce the taxes to any business that is doing business in the City of Detroit or decides to move its business into Detroit. Reduce taxes by 1% or any area under financial stress. I am offering to help bring in revenue and mainly focus on seeing a greater Detroit.

HINES, KEITH distributed information to Council and requested clarification on Emergency Manager. He moved that the entire document presented by the State and voted on making reference to any consent be voided base on the legal definition of consent as defined having not met legally by the State. The continue use or threat of an Emergency Manager or takeover the City of Detroit

has voided the word consent contract by not meeting the requirements of the term consent as define in the Barron's Law Dictionary. This consent has long duress. This means the consent is none and void because you were forced to do it. Because it was done under duress, legally makes it now in void.

WATSON: For the record, Mr. Hines is correct. Contracts that are forced under duress, according to law, are violable.

BRENDA BROWN: I am asking for help regarding a sink hole in the alley behind my garage. I am a home owner. The city poured some asphalt in middle of the alley where the sink was 3 to 4 feet deep but did not go near the hole. The sink hole is eating up my garage (pictures) and making my garage sink down. Will they repair my garage because of this sink hole?

WATSON: You should not be harm by the actions done by this sink hole and it should be repaired and given restoration. I ask DPW and Mayor's Office to be involved in this.

JENKINS: Our office will be happy to follow up. Someone from my office will get your information and walk through the process.

PRESIDENT PUGH: Ms. Richardson will get your information and Council Member Jenkins will follow up.

ANN KERWIN (Task Force on Land Use in Detroit) spoke regarding the Director of Zoning Appeals. The position has been vacant since December, 2011 and she is present to support Mr. Lyall T. Hoggatt who has been the Assistant Director. He was an inspector and for the last five or six years he has been an Assistant Director at the Board of Zoning Appeals. He has experience, knowledge and sensitivity to balance the interest between the petitioners and the likely affects on the request for change in the areas surrounding the request. Several others organizations are in support of him. We would like to see Council support Mr. Hoggatt as director.

Honorable City Council:

Re: Mack Ashland — Payment in Lieu of Taxes (PILOT).

Mack Ashland Limited Dividend Housing Association Limited Partnership, LDHA LP, sponsored by Southwest Housing Solutions Corporation is constructing a 39-unit apartment community

consisting of the following: Twelve (12) studios, eighteen (18) 1-bedroom units, six (6) 2-bedroom units, and three (3) 3-bedroom units. The multiple-story building will offer permanent supportive housing to individuals and families with special needs as well as the homeless. The building site is at the northeast corner of Mack and Ashland Avenues. The developers created a 2-unit condominium in order to separate the residential from the commercial space in the development. One of the condominium units will be used for the 39 apartments, while the other condominium unit will be used for a commercial space, which is planned to compliment the needs of the residents.

Financing for the development will be through the following: Low Income Housing Tax Credit (LIHTC), MSHDA HOME Funds-Supportive Housing Program, and Chase Bank. The housing units will be assigned based on the Area Median Income (AMI). The three specific target groups will be those whose income is 25% AMI, 30% AMI, and 40% AMI.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing an eight percent (8%) service charge for this housing development.

Respectfully submitted,
FREDERICK W. MORGAN
 Assessor

By Council Member Cockrel, Jr.:

Whereas, The purpose of the project is to serve low to moderate income persons, the description of the property is as Exhibit "A".

Now, Therefore, Be It

April 4, 2012

Honorable City Council:
 Re: Petition Number 2217 — Request for City Council Approval for the Transfer of a Michigan Liquor Control

Commission "Class C License" to GLC Midtown, LLC, for an Establishment at 3965 Woodward Avenue (Great Lake Coffee Roasting Company).

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3).

Pursuant to the above, Local Approval Notice (Request ID Number 629602), which has been designated by the City Clerk as Petition Number 2217, is currently pending before City Council for approval of the transfer of an existing on-premises liquor license to a new location in the City. Specifically, this Local Approval Notice requests approval of the transfer of ownership of a "Class C License" in escrow at 1550 Mullane, Detroit, to GLC Midtown, LLC, ("License Applicant"), for a proposed restaurant at 3965 Woodward Avenue.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the MLCC provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state building, health laws, and local zoning, fire, and sanitation ordinances, as certified to the Commission by the appropriate law enforcement officials.

The Buildings, Safety Engineering, and Environmental Department ("BSE&E") reports that the current legal use of the property at 3965 Woodward Avenue is "Cabaret" per Permit Number BLD2012-00823, a conditional use which was approved pursuant to BSE&E Case Number 32-11 and BZA Case Number 73-11. As such, the current land use permits the on-premises consumption of alcoholic beverages at the location. Accordingly, the License Applicant has

applied, and paid the applicable fees, for the issuance of the required City of Detroit business license for the operation of a restaurant with the sale and on-premises consumption of alcoholic beverages at the location. In addition, the Coordinator's Report from the Mayor's Office, dated March 27, 2012, indicates that the Department of Health and Wellness Promotion has approved the issuance of a state food service establishment license to the License Applicant and that the Detroit Fire Department has recommended approval of the petition subject to the issuance of an annual permit upon the completion of construction and inspections, the payment of any fees, and the issuance of an occupancy permit for the location.

Upon the completion of the planned renovation of the building, the License Applicant will have to obtain final inspections and clearances, pay all fees, and obtain all of the required state and City permits and licenses for the location prior to the operation of the business. Further, the Law Department recommends your Honorable Body's approval of the request for the transfer of the "Class C License" to the License Applicant for the proposed business establishment at 3965 Woodward Avenue at this juncture to facilitate the issuance of the required licenses for the location.

Therefore, attached for your review and consideration is a proposed resolution approving the transfer of the "Class C License" located in escrow at 1550 Mullane, Detroit, to GLC Midtown, LLC, for the restaurant at 3965 Woodward Avenue. Further, the Law Department recommends that after review and consideration by the appropriate Standing Committee that this matter be forwarded to the Committee of the Whole for approval at its next Formal Session.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
 KRYSTAL A. CRITTENDON

Planning & Development Department

April 10, 2012

Honorable City Council:
 Re: Amendment of Sales Resolution. Wholesale Distribution Center Rehabilitation Project No. 3 Development: Parcel 500-A; bounded by Erskine, Dequindre, Scott and St. Aubin.

On July 12, 2011 (J.C.C. Pages 1582 thru 1584), your Honorable Body authorized the sale of the above-captioned property, along with the issuance of quit claim deeds for the vacated (outright) public rights-of-way, to DEPSA Real Estate Foundation, a Michigan Non-Profit Corporation, for the purpose of developing a charter public school.

DEPSA Real Estate Foundation has informed the Planning & Development Department that to secure the financing for this project, it is necessary that they assign all of their interest in this property to Detroit Edison Public School Academy, a Michigan Non-Profit Corporation. Under the terms of an Assignment, Assumption and Consent Agreement, Detroit Edison Public School Academy will then proceed with the construction of the charter public school.

The Planning & Development Department has reviewed the request of Detroit

Edison Public School Academy and has determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement. Detroit Edison Public School Academy possesses the qualifications and has indicated potential financial resources necessary to develop the land in accordance with the Development Plan. The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed Assignment, Assumption and Consent Agreement is in satisfactory form.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing and approving an Assignment, Assumption and Consent Agreement between DEPSA Real Estate Foundation, a Michigan Non-Profit Corporation, Detroit Edison Public School Academy, a Michigan Non-Profit Corporation and the City of Detroit, a Michigan Public Body Corporate.

Planning & Development Department
April 25, 2012

Honorable City Council:

Re: Planning & Development Department (P&DD) Reprogramming of Unspent Community Development Block Grant (CDBG) Funds Awarded 1995 through 2009 — Amended 4/24/12.

In January of 2012 your Honorable Body approved closing of approximately \$57 million worth of CDBG funding commitments. Of that amount, approximately \$53.1 million represented an over commitment of CDBG funds that had to be reconciled. Since that significant action, Planning and Development staff has continued to analyze our CDBG accounts as part of our program restructuring effort. As a result of this continued scrutiny, we have identified areas where some activities have stalled and other areas where we have an overabundance of funding.

On March 22, 2012 P&DD proposed to your Honorable Body a reprogramming schedule in excess of \$14 million with both sources and uses of funds identified. Based on the feedback we received from the Planning and Economic Development committee on that day, we had removed our recommendation for planning Citizen Neighborhood Councils at this time. In addition, we had been asked to prepare an alternate resolution which provided for moving the proposed \$1.1 million from "Pre-demolition Activities for Brewster/ Douglass" to "City-wide demolition."

The attached reprogramming list (April, 2012 Reprogramming — As Amended April 24, 2012) and resolution with amendments provides details of the actions of the Honorable City Council for the reprogramming of CDBG funds and authorizing changes to Detroit's Consolidated Plan affirmed by vote on April 24, 2012. The resulting total decrease in funding is \$12,742,081.44 instead of \$13,642,018.44. Similarly, the final amount allocated to City-Wide Demolition is \$9,434,240.97 as depicted in the attached spreadsheet titled "April, 2012 Reprogramming — as Amended."

Based on the attached documentation, it is understood that \$12,742,081.44 in CDBG funds have been reprogrammed in

accordance with the schedule titled "April, 2012 Reprogramming — As Amended April 24, 2012."

Respectfully submitted,
ROBERT ANDERSON
Director

Approved:
FLOYD STANLEY
Budget Director
CHERYL JOHNSON
Finance Director

By Council Member Jenkins:

Whereas, As part of the ongoing responsibilities for administration of the City of Detroit Community Development Block Grant program, the Planning and Development Department is establishing new policies and procedures for implementing and monitoring program activities; and

Whereas, The Planning and Development Department has performed an evaluation of outstanding CDBG funding line items and determined that a strategic reallocation of funding is in order; and

Resolved, That the Finance Director be and is hereby authorized to make changes to the appropriations (see attached) affected by this resolution to adjust the City's CDBG balance with HUD's cash balance based on the aforementioned recommendation; and

Resolved, That the Finance Director be and is hereby authorized to accept and process all documents reflecting these changes.

Now Therefore Be It Resolved, That the Detroit City Council hereby approves amending the HUD Consolidated Plan to reflect the reprogramming of Community Development Block Grant funds in the recommended amount of \$12,742,018.44 in CDBG funds as depicted in the attached spreadsheet titled "APRIL, 2012 Reprogramming" with the exception that the \$1.1 million scheduled for Brewster/ Douglass pre-demolition activities will be allocated to city-wide demolition activities; and the removal of line items Paradise Valley 2007 in the amount of \$500,000 and Paradise Valley 2009 in the amount of \$400,000 from the funds to be reprogrammed which brings City-wide demolition to \$9,434,240.97.

Be It Finally Resolved, That the Mayor of the City of Detroit, Dave Bing, is hereby authorized to amend the HUD Consolidated Plan, including all understandings and assurances contained therein to the U.S. Department of Housing & Urban Development (HUD) in accordance with the foregoing communication.

By COUNCIL MEMBER WATSON, Joined By COUNCIL MEMBERS JONES, and JENKINS:

WHEREAS, There is some indication that Senior Home Repair and Minor Home Repair programs will need special oversight from the City Council; and

WHEREAS, Minor Home Repair and Senior Home Repair programs should be given priority and continued in this year's funding; THEREFORE BE IT FINALLY

RESOLVED, That the Detroit City Council supports explicit funding for the Senior Home Repair and Minor Home Repair programs in CDBG for the Budget Year 2012-2013.

PUBLIC COMMENT

GLADYS WOOLFORTH — gave time to Mr. Cummings.

LINDA HASSON — Expressed concerns to Mr. Jessup, will be doing something in a couple. Act 4 has not been approved.

MR. CUMMINGS — Minor home repairs has no money. Have a calendar plan. Will partner with the other non-profit organizations. Ask that funds be split up and given out, work as sub-contractor. Want to make sure funds get out.

SAUNTEEL JENKINS — Now that funds were not available. They were available in a different way.

BRENDA JONES — Thank you for all you do. You reach out to others. As well as your enthusiasm. There has to be better communication.

JOANN WATSON — Thank you for coming, you are the reason why the Council is sponsoring a resolution.

MR. BLACKMAN — Some things Mr. Anderson said was very disturbing about Southwest Detroit.

MR. WOOLWORTH — Wanted to bring up the tax problem. People shouldn't be put in a different tax bracket. A lot of people in the city make less than \$800 a month. They need a break.

MR. (GLASSES) — Wanted to commend Watson's resolution. Just want to go on record that I support it.

Referred to CPC in reference to Urban Farming within the City.

And the Council then adjourned.

CHARLES PUGH,
President

JANICE M. WINFREY,
City Clerk

Honorable City Council:

Re: Proposed Resolution Opposing Elimination of Personal Property Tax by State Legislature.

The Michigan Municipal League (MML) has scheduled a press conference in Lansing today regarding a new proposal in the State Legislature to strip local government of funding via the Personal Property Tax (PPT). MML opposes this proposal because it would be devastating to local government and communities, who are struggling to balance budgets based in part upon the continued receipt of these funds. This is particularly troubling, given that there is no alternative replacement tax proposed.

RAD has drafted a proposed resolution for your Honorable Body's consideration. It is attached. RAD will continue to monitor this issue and advise your Honorable Body of significant developments, if any.

If your Honorable Body has any other questions or concerns regarding this subject, RAD will be happy to provide further research and analysis upon request.

Respectfully submitted,

DAVID D. WHITAKER

Director

**A RESOLUTION IN OPPOSITION TO
ELIMINATION OF THE MICHIGAN
PERSONAL PROPERTY TAX**

By ALL COUNCIL MEMBERS:

WHEREAS, An effort is underway in the Michigan Legislature to reduce business taxes up to \$1.2 billion by eliminating the personal property tax (PPT); and

WHEREAS, The PPT is paid only by businesses on equipment and machinery, not by individual taxpayers or homeowners, the tax is administered and collected by local governments, and none of the funds come to Lansing for the State budget; and

WHEREAS, Cities, counties, public schools, libraries and townships use PPT revenues for police and fire protection, teacher, library services, senior citizen services, clean drinking water, road and bridge repairs, and other essential local services; and

WHEREAS, If the State legislature eliminates the PPT, a guarantee in the State Constitution is the only way to ensure that these critically needed revenues continue to go to local communities for local services; and

WHEREAS, Local governments are constitutionally required to provide local services, so funding for those local services should also be constitutionally guaranteed; and

WHEREAS, Failing to fully replace PPT revenues with guaranteed revenues would have dire financial consequences for homeowners and others who pay local property taxes. It would drive credit ratings lower and, thus, borrowing costs higher for local capital projects. Eliminating all or in some cases a portion of the funds would also trigger automatic millage increases on homeowners in school districts still legally obligated to repay the banks that financed their bonds, but suddenly without access to the PPT revenues that secured the loan; and

NOW, THEREFORE, BE IT RESOLVED, That if the State Legislature eliminates the PPT, the funds must be fully replaced to head off local tax increases, and guaranteed in the State Constitution for local services, so that future Legislatures won't be able to avoid appropriating the money for needed local government services; and

BE IT FURTHER RESOLVED, That copies of this Resolution shall be provided to members of the Detroit Delegation of the State Legislatures, the clerks of the State Senate and House of Representatives, Detroit's State Lobbyist and the Michigan Municipal League.

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

Re: Request to extend the adjacent vacant lot program.

The Planning and Development Department has been selling adjacent residential vacant lots through the "Adjacent Vacant Lot Sales Program" for the last six years in an effort to prevent illegal Dumping and to beautify neighborhoods. Since the program's inception, the department has been successful in selling the residential vacant lots to adjacent homeowners.

The program will expire on June 30, 2012 and the department would like to request a five (5) year extension of the Adjacent Vacant Lot Program. The guidelines to purchase residential vacant lots are as follows:

Eligible property must fall within the following guidelines:

- City-Owned residential lots
- Lots adjacent to residential structures
- Lots will be sold on a "Cash As-Is" basis

• Sales price of each vacant lot is \$200.00 if under 45 feet of frontage, or \$10 a frontage foot if 45 feet or larger.

• At the discretion of Planning and Development, up to two vacant lots can be sold as long as one of them is adjacent to a structure.

Eligible guidelines for purchaser are as follows:

• Purchasers will be required to provide proof of paid property taxes and proof of adjacent ownership

• Purchaser(s) to landscape and maintain the vacant lots to enhance the adjacent property

• Split lot sale will occur in the event two adjacent owners are interested in the same lot (price of lot will be split in half)

Honorable City Council:

Re: Surplus Property Sale — Vacant Land Development: 5842 Trumbull.

We are in receipt of an offer from 5842 Trumbull, LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$62,500 and to develop such property. This property consists of vacant land measuring approximately 120,370 square feet and is zoned M-4 (Intensive Industrial

District). The property is located east of 12th Street between Marquette and the Grand Trunk Railroad.

The principal of 5842 Trumbull, LLC is Chad A. Fox. 5842 Trumbull, LLC proposes to construct an approximately 28,000 square feet medical office facility, along with a paved surface parking lot for the storage of licensed operable vehicles, to service the nearby Henry Ford Hospital medical community. The estimated cost of the proposed development is approximately \$3,500,000.00. This use is permitted as a matter of right in a M-4 zone.

This site contains solid waste and other excessive amounts of debris. It has been estimated that the cost of the clean-up of the area may exceed \$70,000. Upon acquisition of the property, 5842 Trumbull, LLC proposes to immediately clear and secure the site. In addition, the property will be placed back upon the tax rolls. For these reasons, the Planning and Development Department wishes to move forward with the offer by 5842 Trumbull, LLC and issue a Quit Claim deed to the property.

The property was previously offered to the general public via Public Bid Sales in 2005 and 2006. Except for 5842 Trumbull, LLC, there has been no further interest in the property. It has been determined that the amount of \$62,500 is a fair value for the property and disposal of the land by negotiation is an appropriate method for making the land available.

We, therefore, request that your Honorable Body adopt the sale and authorize the Planning & Development Department's Director, or his authorized designee, to issue a quit claim deed to the property and such other documents as may be necessary to effectuate the sale.

Respectfully submitted,
ROBERT ANDERSON
Director

By Council Member Jenkins:

Re: Petition No. 1019 — Cathedral Conference Center Church of God in Christ, requesting that alley adjacent to property located at 10325 E. Jefferson, between Garland and Hurlbut be closed to through traffic.

Petition No. 1019 of "Cathedral Conference Center Church of God in Christ", request the conversion of a portion of the east-west public alley, 20 feet wide, in the block bounded by Bewick Avenue, 70 feet wide, Garland Avenue, 70 feet wide, Kercheval Avenue, 80 feet wide, and East Jefferson Avenue, 120 feet wide, into a private easement for utilities. This closure will provide a secure entrance for the handicapped and individuals with special needs.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

The mission of this program is to identify, review, and investigate "violent crime cold cases" that have the potential to be solved using DNA analysis, and to locate and analyze the biological evidence associated with these cases. Experience has shown that cold case programs can solve a substantial number of violent crime cold cases, including homicides and sexual assaults. Advances in DNA technologies have substantially increased the successful DNA analysis of aged, degraded, limited, or otherwise compromised biological evidence. As a result, crime scene samples once thought to be unsuitable for testing may now yield DNA profiles. Additionally, samples that previously generated inconclusive DNA results may now be successfully analyzed.

The Detroit Police Department's Homicide Cold Case has been provided with the application instructions and is currently developing a program to fit the grant guidelines. The Homicide Cold Case Unit, with assistance from Grants and Contracts, will submit an application. In the event that approval is granted to apply and the award is received, Sergeant Michael Russell, of the Homicide Cold Case Unit, will serve as the project director. **The deadline for this application is May 21, 2012.**

Participation requires the approval of your Honorable Body, via adoption of the enclosed resolution. The Board of Police Commissioners has been notified of the grant and approved participation.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

NEIGHBORHOOD AND COMMUNITY SERVICES STANDING COMMITTEE RESOLUTION URGING THE BING ADMINISTRATION TO PROMPTLY ENFORCE SEC. 2-113 OF THE 2012 DETROIT CITY CHARTER TO THE CITY'S REAL ESTATE TRANSACTIONS

By COUNCIL MEMBER KENYATTA:

WHEREAS, The 2012 Charter of the City of Detroit became effective January

1, 2012. Section 2-113 prohibits the City, through its executive branch departments or legislative branch agencies, from entering into contracts with, or giving an official position to, one who is in default to the City; and

WHEREAS, This Charter provision comports with the mandate of the Home Rule Cities Act (MCL 117.5(f)) which prohibits contracting with individuals in default with the City; and

WHEREAS, It has bearing on numerous critical municipal functions including hiring or appointment of personnel, purchasing functions as well as all other contractual activity; and

WHEREAS, The sale or lease of real estate would fall under the purview of this new Charter section, prohibiting individuals or entities in arrears with the City from participating in real property transactions; and

WHEREAS, Application and enforcement of the Charter provision as to real estate transactions is critical to identifying those owing delinquent debts to the City (such as income or property taxes) and extending them an opportunity to settle or challenge the debt prior to engaging in additional responsibilities to the City; and

WHEREAS, This Charter provision would also assist in stabilizing the City's tax base and halt the cycle of dilapidated real property passing through the County's tax foreclosure process due in part to land speculators and other purchasers not meeting their tax obligations on any parcel they own; and

WHEREAS, The Detroit City Council recognizes that any stabilization of the City's tax base and improvement in land disposition procedures will have a positive impact on Detroit neighborhoods as well as the City's financial future, and NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby urges the Bing Administration to promptly enforce Sec. 2-113 of the 2012 Detroit City Charter to the City's real estate transactions; and BE IT FURTHER

RESOLVED, That the City of Detroit should promulgate appropriate policies and procedures to prevent delinquent taxpayers from acquiring real property from the City's inventory; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the City of Detroit Mayor's Office, the Finance Director and the Director of the Planning & Development Department.

Re: Transfer of Remaining Homeless Program Appropriations.

In 2005, the Homeless Program transferred back to the Planning and Development Department (P&DD) from the Department of Human Services (DHS). However, we discovered that funding for this program was not properly transferred in DRMS during the transition. Therefore, P&DD respectfully requests the authorization of your Honorable Body to transfer all remaining appropriations, purchase orders, revenues, etc. for the Homeless Program under Community Development Block Grant and Emergency Shelter Grants (ESG) from DHS to P&DD. The amounts listed on the reprogramming requests are subject to change as research continues. However, thus far, we've discovered \$1,417,631.08 in ESG funding that requires an immediate transfer to avoid being recaptured by the Department of Housing and Urban Development. IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 43 of the 1984 Detroit City Code, *Police*, be amended by adding Article VII, *Emergency Service Cost Recovery*, which shall consist of Sections 43-7-1 through 43-7-9, to read as follows:

**CHAPTER 43. POLICE
ARTICLE VII. EMERGENCY SERVICE
COST RECOVERY**

Sec. 43-7-1. Legislative findings.

The City Council finds that the continuing increase in the cost of providing adequate public safety services by the City of Detroit has created an urgent need to authorize the City to seek reimbursement for the actual and necessary costs of these services. These fees are assessed pursuant to the legal authority of the City of Detroit and are solely for the purpose of collecting revenue to cover the actual and necessary costs of providing public safety services.

Sec. 43-7-2. Purpose.

This article is enacted to ensure that the City shall recover, to the extent permitted by law, the actual and necessary costs of an emergency response from each responsible party.

Sec. 43-7-3. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Cost of the emergency response means the actual and necessary costs incurred by the City as the result of responding to an emergency event, including, without limitation:

(1) All actual and necessary labor costs, including wages, fringe benefits, and reimbursable expenses, of all personnel responding to the emergency event and all personnel engaged in the investigation, supervision, and preparation of reports relating to the emergency;

(2) All actual and necessary costs for materials, supplies, and equipment used or damaged in the course of the City's response to the emergency;

(3) All actual and necessary costs for the repair or replacement of publicly-owned property, including, but not limited to, buildings, facilities and infrastructure, such as utilities, roads, sidewalks, safety paths and other infrastructure or public improvements, that were damaged or destroyed in the course of the City's response to the emergency;

(4) All actual and necessary costs for the investigation of an emergency, and the cleaning up, inspecting, testing, moni-

toring, mitigating, restoring, and crowd control at the site of the emergency; and

(5) All actual and necessary costs for labor and services, which were contracted for by the City in connection with, or as a direct or indirect result of, the emergency.

Emergency means any unforeseen or sudden circumstance or combination of circumstances, including but not limited to, fire, accident, utility emergency, hazardous material incident, arson, rescue, or any other emergency situation, which requires Detroit Police Department personnel to respond to such an event for purposes of providing police or related support services in order to prevent or minimize risk, hazard, injury, or loss of life that may result in a threat to public health and safety.

Emergency response means the dispatch, response, or use of services provided by the Detroit Police Department, or any entity operating at the request of the City, or any other responder, to an emergency, including any investigation or mitigation of the emergency.

Proportionally liable means the portion of the cost of an emergency response, as defined in this section, that was caused by a party's percentage of fault in connection with the response as assessed by the Police Department.

Responsible party means:

(1) Any owner, lessor, lessee, or operator of real property, the use or condition of which is responsible for, or contributes to, an emergency;

(2) Any registered owner, lessor, lessee, or operator of any motor vehicle, the operation of which results in an emergency, but does not mean any occupant of the motor vehicle;

(3) Any entity which owns, maintains, or operates a railroad, which by its operation results in an emergency;

(4) Any public or private utility whose activities or facilities, including, but not limited to, electric lines, telephone lines, cable lines and pipelines, which were involved in an emergency; and

(5) Any other person whose actions, in whole or in part, caused an emergency.

Sec. 43-7-4. Liability for cost of an emergency response; cost of an emergency response governed by state statute not covered by article.

(a) The City shall allocate the actual and necessary costs among and between each responsible party. When an emergency response directly benefits more than one responsible party, each such party shall be proportionally liable for the payment of the cost of an emergency response.

(b) In the event of an emergency that involves hazardous substances, to the extent the Michigan Natural Resources and Environmental Protection Act, MCL 324.20101 *et seq.*, or any other law pre-

empties the cost recovery provisions of this article, the liability for and recovery of any cost of the emergency response shall be governed by the Michigan Natural Resources and Environmental Protection Act or other such law, and the City may pursue the collection of the actual and necessary costs of the emergency response in a civil action as provided for by such laws.

Sec. 43-7-5. Authorization to establish fees.

In accordance with Section 9-507 of the 2012 Detroit City Charter, the Chief of Police is authorized to establish necessary fees, with the approval of the City Council, for recovery of the cost of an emergency response, as defined in Section 43-7-3 of this Code.

Sec. 43-7-6. Billing and collection of cost for an emergency response.

(a) The cost of an emergency response shall be a charge against any party deemed responsible. Such a charge constitutes a debt of the party and is collectible by the City in the same manner as in the case of an obligation under an express or implied contract. The City may submit, within thirty (30) days of determining all or parts of the itemized costs incurred by the City, or other jurisdiction providing mutual aid to the City, for an emergency response, an invoice for these costs by first class mail or personal service to any responsible party, as defined in Section 43-7-3 of this Code.

(b) The responsible party shall reimburse the City of Detroit for the charges as set forth in the invoice within thirty (30) days. Where no written request for a hearing is received in accordance with Section 43-7-8 of this Code, the City may proceed in accordance with Chapter 18, Article VI, of this Code, *Uniform Procedure for Accounts Receivable*, to collect any amount remaining unpaid at the expiration of thirty (30) days from the date of the invoice.

(c) Where the responsible party who fails to reimburse the City owns real property in the City, the use or condition of which is responsible for, or contributes to, the emergency:

(1) The amount of the costs shall be forwarded by the Police Department to the Board of Assessors for assessment on the subject property and recorded as a lien against real property in accordance with state law, the 2012 Detroit City Charter, and this Code; and

(2) Liens assessed pursuant to this section shall be enforced in the manner prescribed in state law, the 2012 Detroit City Charter, and this Code for the enforcement of tax liens.

(d) The responsible party shall be liable for any costs associated with the collection of the unpaid balance that

remains after the expiration of thirty (30) days from the date of the invoice.

Sec. 43-7-7. Establishment of Police Cost Recovery Review Committee; promulgation of procedural rules.

(a) The Police Department is authorized to establish a Police Cost Recovery Review Committee, which shall be comprised of three (3) members. The Committee shall consist of the Auditor General, an employee of the Finance Department who is designated by the Finance Director, and an Assistant Corporation Counsel who is designated by the Corporation Counsel.

(b) In accordance with Section 2-111 of the 2012 Detroit City Charter, the Chief of Police shall promulgate procedural rules for review of charges assessed under this article.

Sec. 43-7-8. Right to hearing for review of charges; defenses; hearings; waiver of charges; decision of Police Cost Recovery Review Committee final.

(a) Any responsible party who, or which, is assessed the cost of an emergency response in accordance with this article shall have a right to a hearing by filing a written request for a review with the Chief of Police within thirty (30) days from the date of the invoice from the City. The request must be accompanied by a written explanation as to why the assessed amount should not be paid by the party.

(b) The party assessed with charges may raise the following defenses, with appropriate evidence, to support that:

(1) He or she is not a responsible party as defined in this article; or

(2) He or she did not cause the emergency; or

(3) The apportionment of costs is in error; or

(4) The amount assessed is in error.

(c) In accordance with the procedures that are promulgated under Section 43-7-7(b) of this Code, the Police Cost Recovery Review Committee shall hold a hearing for each request for review, which shall include testimony by a member of the Police Department regarding the factual basis for the invoice and by the party assessed the charges as to the defenses contained in Subsection (b) of this section. Where the Committee determines, based upon the evidence, that the party was improperly charged for any item, the Committee shall waive the charge for such item. The findings and decisions of the Committee shall be in writing and are final.

Sec. 43-7-9. No Liability for alleged failure to provide response.

This article shall not be construed to impose on the City of Detroit, or its elected officials, appointees, employees or

agents, any duty, responsibility, or liability in tort of any kind, that could render any of them liable for an alleged failure to provide adequate emergency response.

Sec. 43-7-10. Reserved.

Section 2. All ordinances, or parts of ordinances, that conflict with this ordinance are repealed,.

Section 3. This ordinance is declared necessary for the preservation of public peace, health, safety, and welfare of the People of the City of Detroit.

Sec. 19-3-3. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Cost of an emergency response means the actual and necessary costs incurred by the City as the result of responding to an emergency event, including, without limitation:

(1) All actual and necessary labor costs, including wages, fringe benefits, and reimbursable expenses, of all personnel responding to the emergency event and all personnel engaged in the investigation, supervision, and preparation of reports relating to the emergency;

(2) All actual and necessary costs for materials, supplies, and equipment used or damaged in the course of the City's response to the emergency;

(3) All actual and necessary costs for the repair or replacement of publicly-owned property, including, but not limited to, buildings, facilities and infrastructure, such as utilities, roads, sidewalks, safety paths and other infrastructure or public improvements, that were damaged or destroyed in the course of the City's response to the emergency;

(4) All actual and necessary costs for the investigation of an emergency, cleaning up, inspecting, testing, monitoring, mitigating, restoring, and crowd control at the site of the emergency; and

(5) All actual and necessary costs for labor and services, which were contracted for by the City in connection with, or as a direct or indirect result of, the emergency.

Emergency means any unforeseen or sudden circumstance or combination of circumstances, including but not limited to, fire, accident, utility emergency, hazardous material incident, arson, rescue, or any other emergency situation, which requires Fire and Police Department personnel to respond to such an event for purposes of providing fire or related-support services in order to prevent or minimize risk, hazard, injury, or loss of life that may result in a threat to public health and safety.

Emergency response means the dispatch, response, or use of services provided by the Fire Department, or any entity operating at the request of the City, or any other responder, to an emergency, including any investigation or mitigation of the emergency.

Proportionally liable means the portion

of the cost of the emergency response, as defined in this section, that was caused by a party's percentage of fault in connection with the response as assessed by the Fire Department.

Responsible party means:

(1) Any owner, lessor, lessee, or operator of real property, the use or condition of which is responsible for, or contributes to, an emergency;

(2) Any registered owner, lessor, lessee, or operator of any motor vehicle, the operation of which results in an emergency, but does not mean any occupant of the motor vehicle;

(3) Any entity, which owns, maintains, or operates a railroad, which by its operation results in an emergency;

(4) Any public or private utility whose activities or facilities, including, but not limited to, electric lines, telephone lines, cable lines and pipelines, which were involved in an emergency; and

Sec. 19-3-4. Liability for cost of an emergency response; cost of an emergency response governed by state statute not covered by article.

(a) The City shall allocate the actual and necessary costs among and between each responsible party. When an emergency response directly benefits more than one responsible party, each such party shall be proportionally liable for the payment of the cost of an emergency response.

(b) In the event of an emergency that involves hazardous substances, to the extent the Michigan Natural Resources and Environmental Protection Act, MCL 324.20101 *et seq.*, or any other law preempts the cost recovery provisions of this article, the liability for and recovery of any costs of the emergency response shall be governed by the Michigan Natural Resources and Environmental Protection Act or other such law, and the City may pursue the collection of the actual and necessary cost of the emergency response in a civil action as provided for by such laws.

Sec. 19-3-5. Authorization to establish fees.

In accordance with Section 9-507 of the 2012 Detroit City Charter, the Chief of Police is authorized to establish necessary fees, with the approval of the City Council, for recovery of the cost of an emergency response, as defined in Section 19-3-3 of this Code.

Sec. 19-3-6. Billing and collection of cost for an emergency response.

(a) The cost of an emergency response shall be a charge against any party deemed responsible. Such a charge constitutes a debt of the party and is collectible by the City in the same manner as in the case of an obligation under an

express or implied contract. The City may submit, within thirty (30) days of determining all or parts of the itemized costs incurred by the City, or other jurisdiction providing mutual aid to the City, for an emergency response, an invoice for these costs by first class mail or personal service to any responsible party, as defined in Section 19-3-3 of this Code.

(b) The responsible party shall reimburse the City of Detroit for the charges as set forth in the invoice within thirty (30) days. Where no written request for a hearing is received in accordance with Section 19-3-8 of this Code, the City may proceed in accordance with Chapter 18, Article VI, of this Code, *Uniform Procedure for Accounts Receivable*, to collect any amount remaining unpaid at the expiration of thirty (30) days from the date of the invoice.

(c) Where the responsible party who fails to reimburse the City owns real property in the City, the use or condition of which is responsible for, or contributes to, the emergency:

(1) The amount of the costs shall be forwarded by the Police Department to the Board of Assessors for assessment on the subject property and recorded as a lien against real property in accordance with state law, the 2012 Detroit City Charter, and this Code; and

(2) Liens assessed pursuant to this section shall be enforced in the manner prescribed in state law, the 2012 Detroit City Charter, and this Code for the enforcement of tax liens.

(d) The responsible party shall be liable for any costs associated with the collection of the unpaid balance that remains after the expiration of thirty (30) days from the date of the invoice.

Sec. 19-3-7. Establishment of Fire Cost Recovery Review Committee; promulgation of procedural rules.

ing a written request for a review with the Chief of Police within thirty (30) days from the date of the invoice from the City. The request must be accompanied by a written explanation as to why the assessed amount should not be paid by the party.

(b) The party assessed with charges may raise the following defenses, with appropriate evidence, to support that:

(1) He or she is not a responsible party as defined in this article; or

(2) He or she did not cause the emergency; or

(3) The apportionment of costs is in error; or

(4) The amount assessed is in error.

(c) In accordance with the procedures that are promulgated under Section 19-3-7(b) of this Code, the Fire Cost Recovery Review Committee shall hold a hearing for each request for review, which shall include testimony by a member of the Police Department regarding the factual basis for the invoice and by the party assessed the charges as to the defenses contained in Subsection (b) of this section. Where the Committee determines, based upon the evidence, that the party was improperly charged for any item, the Committee shall waive the charge for such item. The findings and decisions of the Committee shall be in writing and are final.

Sec. 19-3-9. No liability for alleged failure to provide response.

This article shall not be construed to impose on the City of Detroit, or its elected officials, appointees, employees or agents, any duty, responsibility, or liability in tort of any kind, that could render any of them liable for an alleged failure to provide adequate emergency response.

Our Father in Heaven,

We thank You today for allowing each of us, Your children, to gather in this place. You are worthy O Lord, to receive glory and honour and power: for You have created all things, and for Your pleasure they are and were created. God You have not given us the spirit of fear; but of power, and of love, and of a sound mind. And as a result of Your gifts this Council of Citizens now comes to take care of the business of this City.

We thank You for Your being with them as they make the decisions that need to be made today. We thank You in advance for their working together as a team for the best interest of their fellow citizens. We thank You in advance that the work they engage in today will be according to Your will, by Your guidance, and will be as a result of their submitting themselves to You. We thank You for all those who are present to speak and witness, encourage and hold up the hands of this Council of Citizens.

Let Your presence be manifested in this place, and when we leave together allow us to continue to support one another. Allowing this city to be a place where all people will be encouraged to live lives that will be pleasing in Your sight.

I pray this prayer in the name of the Lamb that was slain to receive power, and riches, and wisdom, and strength, and honour, and glory, and blessing. To You who sitteth upon the throne. Blessed be the name of God for ever and ever: for wisdom and might are Yours: It is You who changes the times and the seasons: You give wisdom unto the wise, and knowledge to them that know understanding: You reveal the deep and secret things:

I thank You, and Praise You, O Our God. Let all the People say Amen, Amen, and Amen.

City Council
Division of Research & Analysis
 May 1, 2012

Honorable City Council:
 Re: Proposed Updated Resolution for Nonprofit Designation.

In response to a request by the Internal Operations Standing Committee, the Research and Analysis Division (RAD) reviewed and revised the resolution adopting guidelines for designation as a nonprofit civic organization in the City of Detroit. The attached resolution conforms to the language as amended in Act 382 of 1972, the Traxler-McCauley-Law-Bowman Bingo Act. It also includes reference to the wider range of charitable games permitted by State statute. The 1986 resolution is attached for your reference as well.

Should the committee have further questions, please let us know.
 Respectfully submitted,
 DAVID D. WHITAKER
 Director

By Council Member Jones:
 Whereas, The Bureau of State Lottery requires a local civic organization seeking a charitable gaming license to obtain a resolution from its local governing body stating that the organization is recognized by the City as a non-profit organization; and

Whereas, The Detroit City Council regularly receives petitions from organizations requesting recognition as non-profit organizations for the purpose of holding such an event; and

Whereas, City Council's guidelines for such recognition were adopted by resolution on May 14, 1986, and are in need of updating to conform to minor changes in State law; Now, Therefore Be It

Resolved, That the following criteria are adopted as policy by the Detroit City Council for granting non-profit recognition to civic organizations located within the City of Detroit for the purpose of hosting charitable gaming events:

- 1) The request for recognition by the City Council as a non-profit organization is made solely for the purpose of obtaining a license from the State of Michigan to conduct a bingo, millionaire party, raffle, charity game, or numeral game; and
- 2) The organization must furnish evidence that it is located in the City of Detroit; and
- 3) The organization must furnish a copy of the letter from the Internal Revenue Service (IRS) stating that the organization is exempt from federal tax under IRS code 501(c); and
- 4) The organization must furnish evidence that it falls within the State's definition of "service organization" as set out in MCL 432.103(k)(ii):

"Service organization" means....A local civic organization that is organized not for pecuniary profit; that is not affiliated with a state or national organization; that is recognized by resolution adopted by the local governmental subdivision in which the organization conducts its principal activities; whose constitution, charter, articles or incorporation, or bylaws contain a provision for the perpetuation of the organization as a nonprofit organization; whose entire assets are used for charitable purposes; and whose constitution, charter, articles of incorporation, or bylaws contain a provision that all assets, real property, and personal property shall revert to the benefit of the local governmental subdivision that granted the resolution upon dissolution of the organization.

And Be It Further
 Resolved, That the City Council reserves the right to deny recognition,

notwithstanding compliance with the foregoing requirements, due to confusion which may be caused by close similarity in name to another established organization; or evidence that the organization is operating under false pretences; and Be It Finally

Resolved, That the City Council may waive any of the above criteria, with the exception of numbers 1 and 2, for the purpose of accommodating small organizations who do not meet said criteria and who can demonstrate a legitimate reason for not meeting said criteria.

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

Nays — None.

Re: Petition No. 2250 — Coaches Corner, to establish an Outdoor Café Permit at 1465 Centre.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED. Also, the Petitioner shall maintain a minimum of six feet wide clear sidewalk at all times. In addition, all rails for outdoor café are removed when the Outdoor Café permit expires on November 1, 2012.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three years (3) from the date of your Honorable Body's approval.

Planning & Development Department

April 30, 2012

Honorable City Council:

Re: Petition No. 2286 — Cass Café for Outdoor Café Permit at 4620 Cass.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on city right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three (3) years, from the date of your Honorable Body's approval.

Respectfully submitted,

ROBERT ANDERSON

Director
