Invocation

O Lord our God: "How excellent is Your name in all the earth".

You are the source of our life.

You are the sun of our life.

You are the strength of our life.

Before there was a County of Wayne, there was a City of Detroit.

Before there was a State of Michigan, there was a City of Detroit.

Before there was a United States of America, there was a City of Detroit.

Before there was a United Nations, there was a City of Detroit, which was called the "Arsenal of Democracy."

You created us to be strong.

You made us to be productive and generous.

You caused us to be a free city, a beautiful city, and a resourceful city of busy factories, attractive homes, sustained families, vibrant churches, great music, abounding prayers, outstanding preachers, and effective teachers.

O Lord, today we face a threat of fiscal incapacity. We humbly ask that You show us a way of not losing our constitutional right of self-government on the local level. Let freedom reign in every sub-unit of our total existence as a free nation. Help us to seek and to find new occasions and new

opportunities to be a united city wherein freedom will not deteriorate into discord, nor politics degenerate into irresponsibility. May all our most capable public officials make every effort to maintain the spirit of unity in the bond of peace. Help us to work across the barriers of our differences until we see the right answers smiling through the murky mist of clashing visions and anxious voices. Show Yourself the among us as unfailing faithfulness, unflagging diligences, indomitable determination and undying love. May we together know and rejoice in the truth that makes us free and in the love that makes us one Lord, we thank You that You have never left Yourself without a witness in the history and continuity of the City of Detroit. When we were burned by fire You increased and fulfilled our great hope.

When we were riddled by the mayhem of race riotous, You gave us the hope of better days.

When we needed unions to improve relations between labor and capital, You gave us the hope that created a greatly expanded middle class.

When we needed an acknowledgement of human rights and civil rights You gave us hope and power to be a unified city where white can be white and not resented, where blacks can be blacks, and not exploited, where Jews can be Jews, and not stereotyped, where gentiles can be gentiles, and not condemned, where Native Americans can be Native Americans and not isolated and even where ex-offenders can be ex-offenders, and not lose their right to work, their courage to be or their right to vote.

O Lord, You blessed us in ages past. We pray that You will bless us and unify us today.

"Drop Thy still dews of quietness, till all our strivings cease. Take from our souls the strain and stress, and let our ordered lives confess the beauty of Thy peace."

In the name of Jesus, Amen.

December 16, 2011

Honorable City Council:

Re: Resolution of Detroit Elected Officials Compensation Commission to Maintain Salaries of Elected Officials of the City of Detroit.

In accordance with Section 2-3-19 of the 1984 Detroit City Code ("City Code"), the Detroit Elected Officials Compensation Commission ("Commission") is permitted to meet in odd-numbered years to determine the salaries of City elected officials. The Commission met on November 15, 2011, November 21, 2011 and December 12, 2011, and received and reviewed applicable information concerning: 1) actions of the Commission for Calendar Years 1975 through 2009; 2) Elected Officials Compensation surveys for United States cities with similar populations conducted and submitted by the Human Resources Department; and 3) The Official Compensation Schedule for the City of Detroit, commonly referred to as "The White Book." dated April 2011.

At its December 12, 2011 meeting, the Commission received testimony and debated, and considered and adopted a resolution, which determined that the salaries of the Mayor, the nine (9) City Council Members, and the City Clerk shall be maintained to reflect the ten percent (10%) salary reduction approved in 2009 and implemented in 2010. The resolution is attached.

In accordance with Section 5c(b) of the Michigan Home Rule City Act, MCL 117.5c(b), Section 2-3-18 of the City Code provides, in pertinent part, that "The Elected Officials Compensation Commission shall determine the salaries of City elected officials which determination shall be the salaries unless the City Council by resolution adopted by two-thirds of the members elected to and serving on the City Council reject them. The determination of the Commission shall be effective thirty (30) days following their filing with the City Clerk. In the case of rejection, the existing salary shall prevail."

We are available to answer any questions concerning this matter. Thank you for your consideration.

Respectfully submitted,

KRYSTAL A. CRITTENDON

Corporation Counsel

**EMERGENCY RESOLUTION TO KEEP
ALL DETROIT LIBRARY BRANCHES
OPEN**

By COUNCIL MEMBER WATSON:

WHEREAS:

1. Despite overwhelming community support for our neighborhood libraries, since December 22, 2011, four Detroit Library branches have been shuttered. The branches are Lincoln, at 1221 E. Seven Mile Road, four blocks east of I-75; Monteith, 14100 Kercheval, four blocks west of Connor, Mark Twain Annex in the Mt. Calvary Missionary Baptist Church at 4741 Iroquois; and Richard, at 9876 Grand River Avenue at Stoepel.

2. These neighborhood branch libraries are safe houses for the children, providing everything from latchkey care for older children, to Internet access for homework and school projects, to a window on the world beyond the neighborhood, for children and youth to explore through books, music and DVDs, the cultures, literature and history of places and people they may not even have imagined.

3. The neighborhood branch libraries also provide tutoring, after-school and summer youth programs, literacy projects and free classes. The librarians know many of their young patrons by name, and offer invaluable support to the students' success in school.

4. The neighborhood branch libraries are a lifeline for unemployed people who do not have Internet access to apply for jobs, and for seniors, who walk to the library during the day. The libraries also provide a free public space for neighbors to gather.

5. One-third of Detroiters do not own a car, and budget cuts have made the bus system so sporadic that it is difficult for

children, youth and seniors to get to a library outside their neighborhood.

6. Besides schools, these public library branches are the only public institutions remaining in these neighborhoods. Losing them would further degrade already distressed neighborhoods.

7. The only ostensible reason for these closings is a lack of funds. However, the State of Michigan has just announced a one billion dollar surplus in the state treasury. The four neighborhood library branches need only a very small portion of that sum to remain open.

THEREFORE BE IT RESOLVED That:

City Council hereby calls on the Governor and the Michigan State Legislature to appropriate funds from this year's surplus to reopen Detroit's Lincoln, Monteith, Richard and Mark Twain library branches immediately, for the rest of the fiscal year 2012, while the Library Commission seeks future funding sources.

**RESOLUTION TO SEEK AMERICAN
RECOVERY AND REINVESTMENT
ACT FUNDS FROM THE STATE OF

WHEREAS, The State of Michigan received \$2 billion out of American Recovery and Reinvestment Act (ARRA) funds from the federal government in 2009 that it used to bail itself out of deficit; and

WHEREAS, A portion of those funds were intended for economically distressed cities; THEREFORE BE IT

RESOLVED, That the Detroit City Council requests that the State of Michigan provide American Recovery and Reinvestment Act Funds for Block Grant recipient organizations whose funding has been delayed over several years.

O Thou who art Eternal, we give You thanks for the blessings of this day and for the joy of this hour. Bless, we pray, our coming together for the purpose of discussing the work and policy of this city. For even in the midst of uncertainty and in the wake of violence and financial turmoil, we have a story to tell. A story etched on the canvas of years gone by. A story chiseled on the furrowed brow of our ancestors and those who knew struggle on our behalf so that we might have a better life. A story of sanity being maintained despite the inequalities and hatred afforded to those who dared to make this city great. A story of achievement despite the odds and of victory snatched from defeat. We are mindful today of the fact that we have more questions than answers. But we pause to take a walk down memory lane to stand in awe of all that You have done and, because of Your sovereignty, are surely able to do again. For You are not affected by budget shortfalls or civil litigations. But in all that we do remind us that you are the emergency manager of our lives, for You do Your best work in the face of impossible situations. In the name of the One whom we know to be Eternal. Amen.

The Journal of the Session of Tuesday, December 20, 2011, was approved.

Council Members Jenkins, Jones, Kenyatta, Spivey, and Tate entered and took their seats.

Grant Agreement**

September 1, 2008 to May 31, 2011

CFDA Number: 97.067

This Homeland Security Grant Program (HSGP) Grant Agreement is hereby entered into between the Michigan Department of State Police, Emergency Management and Homeland Security Division (hereinafter called the Subgrantor), and

**County of Oakland
(hereinafter called the Subgrantee)**

I. Purpose

The purpose of this Grant Agreement is to provide federal pass-through funds to the Region 2 Homeland Security Planning Board through the Subgrantee (which has been voted and approved to act as the fiduciary agent for the Board for the 2008 HSGP) for preventing, deterring, responding to, and recovering from Incidents of National Significance, including threats and incidents of terrorism.

The 2008 HSGP is a primary funding mechanism, operated by the United States Department of Homeland Security (DHS) for building and sustaining national preparedness capabilities. HSGP is comprised of four separate grant programs, of which two are covered by this grant agreement.

- The State Homeland Security Program (SHSP) is a core assistance program that provides funds to build capabilities at the state and local levels through planning, organization, equipment, training, and exercise activities. SHSP also supports the implementation of state homeland security strategies and key ele-

ments of the national preparedness architecture, including the National Preparedness Guidelines, the National Incident Management System and the National Response Framework. Activities implemented under SHSP must support terrorism preparedness by building or enhancing capabilities that relate to the prevention of, protection from, or response to terrorism in order to be considered eligible. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate this dual-use quality for any activities implemented under this program that are not explicitly focused on terrorism preparedness.

- Urban Areas Security Initiative (UASI) addresses the unique multi-disciplinary planning, organization, equipment, training, and exercise needs of high-threat, high-density urban areas, and assist them in building and sustaining capabilities to prevent, protect against, respond to, and recover from threats or acts of terrorism. This program provides funding to high-risk urban areas based on risk and effectiveness. The FY 2008 UASI program is intended to enhance regional preparedness efforts. Urban Areas must use these funds to employ regional approaches to overall preparedness and are encouraged to adopt regional response structures whenever appropriate.

Funding Priorities

DHS funding priorities for the FY 2008 HSGP are focused on risk-based funding and capability-based planning. FY 2008 HSGP identifies three objectives as its highest priorities. These three objectives are:

1. Measuring progress in achieving the National Preparedness Guidelines
2. Strengthening improvised explosive device (IED) attack deterrence, prevention, and protection capabilities
3. Strengthening preparedness planning

At least 25 percent (25%) of FY 2008 HSGP, SHSP, UASI, MMRS, and CCP funding must be allocated to objectives 2 and 3.

In addition, at least 25 percent (25%) of SHSP funds and 25 percent (25%) of UASI award funds must be dedicated towards law enforcement terrorism prevention-oriented planning, organization, training, exercise, and equipment activities.

II. Objectives

The principal objective of this Grant Agreement is to provide financial assistance to the Region 2 Homeland Security Planning Board for allowable costs in the following program areas:

State Homeland Security Program (SHSP):

- Planning
- Equipment
- Training
- Exercise

Urban Areas Security Initiative (UASI):

- Planning
- Organization
- Equipment
- Training
- Exercise

For guidance on allowable costs for these program areas, please refer to the 2008 HSGP Guidance, located at <http://www.fema.gov/government/grant/hsgp/index08.shtm>.

To assist Subgrantees, the Subgrantor, in conjunction with the Michigan Homeland Security Preparedness Committee, has created a list of priority projects that Subgrantees shall use their 2008 HSGP funds to support. These projects were derived from the 10 Investment Justifications developed by Michigan that are to be implemented at the regional/local level. Additional information is provided in the Michigan FY 2008 HSGP Supplemental Grant Guidance. Subgrantees must take a regional approach when determining the best use of FY 2008 HSGP funds. Subgrantees must consider the needs of local units of government and applicable volunteer organizations in the projects and activities included in their FY 2008 HSGP application.

III. Statutory Authority

Funding for the Fiscal Year (FY) 2008 Homeland Security Grant Program (HSGP) is authorized by the Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009 (Public Law 110-329).

IV. Homeland Security Grant Program Award Amount and Restrictions

The County of Oakland, as the Fiduciary Agent for Region 2, is awarded **\$3,115,575** under the FY 2008 HSGP, which has been broken down into the following program categories:

A. The SHSP award is **\$277,375**.

B. The USAI award is **\$2,838,200**.

For all program categories, reimbursement is based on completion of requirements listed in Sections IV, V and VII of this grant agreement.

This Grant Agreement designates HSGP funds for reimbursement of authorized costs. Grant Agreement funds shall not be used for other purposes. The funds awarded in the Grant Agreement shall only be used to cover allowable costs that are incurred during the FY 2008 Grant Agreement period. Allocations for the FY08 HSGP have been determined on a regional basis through a funding methodology consistent with current Department of DHS guidance. Regional Boards have been created to ensure that all jurisdictions within a designated region have an equal say in how funds are spent.

Final determination on how funds awarded by this grant agreement will be spent will be determined through a review process by the State Administrative Agency (SAA) of projects submitted by the Region 2 Homeland Security Planning Board, not by the Subgrantee (Fiduciary agent).

V. Responsibilities of the Subgrantee

FY 2008 HSGP funds must supplement, not supplant, state or local funds. Federal funds will be used to supplement existing funds, and will not replace (supplant) funds that have been appropriated for the same purpose. Potential supplanting will be carefully reviewed in the application review, in subsequent monitoring, and in the audit. The

Subgrantee may be required to supply documentation certifying that it did not reduce non-federal funds because of receiving federal funds. Federal funds cannot be used to replace a reduction in non-federal funds or solve budget shortfalls in general fund programs.

Fiduciary Agent Designation

The Subgrantee agrees to act as the designated Fiduciary Agent for the Region 2 Homeland Security Planning Board. As the designated Fiduciary Agent of Region 2, the Subgrantee agrees to follow all responsibilities in Section V of this grant agreement. If the Subgrantee becomes unable to fulfill the responsibilities of Section V, refer to section XII for instructions on how to terminate this agreement. The Subgrantee agrees to comply with all applicable federal and state regulations, including the following:

A. In addition to this 2008 HSGP Grant Agreement, Subgrantees shall complete, sign, and submit to Subgrantor the following documents, which are incorporated by reference into this Grant Agreement:

1. Standard Assurances

2. Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirement

3. State of Michigan Audit Certification Form (EMD-053)

4. W-9 Request for Taxpayer Identifications Number and Certification

5. Other documents that may be required by federal or state officials

B. The FY08 Homeland Security Grant covers eligible costs from September 1, 2008 until May 31, 2011. Please refer to the Fiscal Year 2008 Homeland Security Grant Program Guidance, located at <http://www.fema.gov/government/grant/hsgp/index08.shtml>, for a detailed list of what costs are eligible under this grant. Allowable costs are specifically addressed in Appendix B of the Guidance.

C. Submit project applications to the Subgrantor which have been prepared and approved by the Homeland Security Regional Board, for evaluation and approval of projects prior to starting a project. All projects must meet DHS & Emergency Management and Homeland Security Division (EMHSD) grant guidelines and must be related to one of the 10 approved state investments, 8 required projects, and supported by an assessment of at least one of the 37 targeted capabilities. Any project that proposes a change in scope of work during the grant performance period must be resubmitted to the Subgrantor for approval.

D. Make all purchases in accordance with grant guidance and local purchasing policies.

E. Submit an Allowable Cost Justification (ACJ) form for all costs that are part of approved projects prior to the encum-

bering of the cost. If an ACJ is not submitted, the Subgrantee will be held responsible for all costs determined to be ineligible by the Subgrantor or DHS.

F. Create and maintain an inventory of all FY08 HSGP equipment purchases that lists, at minimum, the piece of equipment, the cost of the equipment, what agency the equipment is assigned to and the physical location of the equipment for the grant period and at least three years after the grant is closed. Any equipment purchased with HSGP funds must be prominently marked as purchased with funds provided by the U.S. Department of Homeland Security.

G. Make FY08 HSGP equipment available for pick-up by other government agencies per equipment assignments by the Region 2 Homeland Security Planning Board. This process needs to include legal transfer of the equipment to the designated government agencies. At minimum, the Subgrantee should prepare documents, which when signed, will indicate other designated government agencies accept full legal and financial responsibility for pieces of equipment.

H. At the end of the Fiscal Year, the Subgrantee must supply a document to the other local government agencies reporting the dollar amount spent on their behalf; so the local government agencies can submit the information on their Schedule of Expenditures of Federal Awards (SEFA) report. **NOTE:** Copies of these documents must also be provided to the Michigan State Police, Emergency Management and Homeland Security Division, Audit Unit, 4000 Collins Road, Lansing, Michigan 48910-5883.

I. Submit the **Reimbursement Cover Sheet (EMD-054)** and all required attached documentation to the Subgrantor at a minimum at the end of each quarter (or more frequently, as needed). The Subgrantee must submit the quarterly reimbursement request even if it has no expenditures for that quarter. The due dates for quarterly reimbursement requests are listed in Section VII of this agreement. Reimbursement Cover Sheets must be filled out completely or they will be returned to the Subgrantee for proper completion. The Reimbursement Cover Sheet (EMD-054) and other reimbursement forms can be found on the EMHSD website at http://www.michigan.gov/msp/0,1607,7-123-1593_3507-113992--,00.html.

Please note: One Reimbursement Cover Sheet and related forms must be completed for each exercise.

J. Submit quarterly progress reports to the Subgrantor on the status of all approved projects. Quarterly progress reports, at minimum, need to contain a description of the project, the actions taken that quarter to complete the project,

a percentage estimate of the completeness of the project and an expected completion date of the project. The due dates for quarterly work reports are listed in Section VII of this agreement. The Subgrantor will provide the Subgrantee with a form to complete this report within 60 days of issuing the grant agreement.

K. Submit updated project and allocation information on a regular basis through the Biannual Strategy Implementation Reports (BSIR). The BSIR is due within 20 days after the end of the reporting period. The due dates for the BSIR are on January 20, 2009, July 20, 2009, January 20, 2010, July 20, 2010, January 20, 2011, and July 20, 2011. The reporting periods are from January 1 through June 30 and July 1 through December 31. The final BSIR is due 90 days after the end date of the FY08 Homeland Security Grant award period.

L. Comply with FY08 NIMS implementation requirements and move towards completion by September 30, 2011. FY08 NIMS requirements must be fully complied with by September 30, 2011. NIMS information is available at <http://www.fema.gov/emergency/nims>.

M. Comply with applicable financial and administrative requirements set forth in the current edition of 44 CFR, Part 13 including the following provisions:

1. Account for receipts and expenditures, maintain adequate financial records, and refund expenditures disallowed by federal or state audit.

2. Retain all financial records, supporting documents, statistical records, and all other records pertinent to the FY08 HSGP for at least three years after the financial close-out date of this grant program, for purposes of federal and/or state examination and audit.

3. Perform the required financial and compliance audits in accordance with the Single Audit Act of 1984, as amended, and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," as further described in 44 CFR, Part 13. Random audits shall be performed to ensure compliance with applicable provisions.

4. Subgrantor and Subgrantee FY08 HSGP information constitutes records subject to the Michigan Freedom of Information Act (FOIA), MCL 15.231 *et seq.* However, section 13(1)(u) and (y), MCL 15.243(1)(u) and (y) of the FOIA, permit the exemption from public disclosure of the records of a public body's security measures, including security plans, security codes and combinations, passwords, passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body;" and "of measures designed to protect the security or safety of persons or property, whether public or private, includ-

ing, but not limited to, building, public works, and public water supply designs to the extent that those designs relate to the ongoing security measures of a public body, capabilities and plans for responding to a violation of the Michigan anti-terrorism act,...emergency response plans, risk planning documents, threat assessments, and domestic preparedness strategies, unless disclosure would not impair a public body's ability to protect the security or safety of persons or property or unless the public interest in disclosure outweighs the public interest in nondisclosure in the particular instance."

Much of the information submitted in the course of applying for funding under this program, or provided in the course of grant management activities, may be considered law enforcement sensitive or otherwise critical to national security interests. This may include threat, risk, and needs assessment information; and discussions of demographics, transportation, public works, and industrial and public health infrastructures. Therefore, each Subgrantee agency Freedom of Information Officer will need to determine what information is to be withheld on a case-by-case basis.

Note: The Subgrantee will only be held responsible for expenditures disallowed by federal or state audit that are determined to be caused by the negligence of the Subgrantee or by the Subgrantee not complying with the responsibilities of Section V.

N. Integrate individuals with disabilities into emergency planning, Executive Order 13347.

O. Environmental and Historic Preservation Program (EHP): Federal environmental and historic preservation laws and Executive Orders provide the basis and direction for the implementation of federal environmental and historic preservation review requirements for FEMA-funded projects. These laws and executive orders are aimed at protecting our nation's water, air, coastal, wildlife, land, agricultural, historical and cultural resources, as well as minimizing potential adverse effects to children, low-income and minority populations. Failure to comply with these laws could result in project delays and denial of funding. FEMA through the Environmental and Historic Preservation Program engages in a review process to ensure that FEMA funded activities comply with these laws.

VI. Responsibilities of Subgrantor

The Subgrantor, in accordance with the general purposes and objectives of this Grant Agreement, will:

A. Administer the FY08 HSGP in accordance with all applicable federal and state regulations and guidelines and provide quarterly reports documenting this administration.

B. Provide direction and technical assistance to the Subgrantee.

C. Provide any special report forms and reporting formats (templates) required by the Subgrantor for operation of the program.

D. Reimburse the Subgrantee in accordance with this Grant Agreement based on appropriate documentation submitted by the Subgrantee.

E. Independently, or in conjunction with the U.S. Department of Homeland Security (DHS), conduct random on-site reviews with Subgrantee(s).

F. Subgrantor and Subgrantee FY08 HSGP information constitutes records subject to the Michigan Freedom of Information Act (FOIA), MCL 15.231 *et seq.* However, section 13(1)(u) and (y), MCL 15.243(1)(u) and (y) of the FOIA permits the exemption from public disclosure of the records of a public body's "security measures, including security plans, security codes and combinations, passwords, passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body;" and "of measures designed to protect the security or safety of persons or property, whether public or private, including, but not limited to, building, public works, and public water supply designs to the extent that those designs relate to the ongoing security measures of a public body, capabilities and plans for responding to a violation of the Michigan anti-terrorism act,...emergency response plans, risk planning documents, threat assessments, and domestic preparedness strategies, unless disclosure would not impair a public body's ability to protect the security or safety of persons or property or unless the public interest in disclosure outweighs the public interest in nondisclosure in the particular instance."

Much of the information submitted in the course of applying for funding under this program, or provide in the course of grant management activities, may be considered law enforcement sensitive or otherwise critical to national security interests. This may include threat, risk, and needs assessment information; and discussions of demographics, transportation, public works, and industrial and public health infrastructures. Therefore, each Subgrantee agency Freedom of Information Officer will need to determine what information is to be withheld on a case-by-case basis.

VII. Payment and Reporting Procedures

The Subgrantee agrees to prepare the **Reimbursement Cover Sheet (EMD-054)** and all required attached documentation, including all required authorized signatures, and submit it at a minimum at the end of each quarter (or more frequently, as needed) if there are eligible

expenses to be reimbursed. **State of Michigan
2009 Homeland Security Grant
Program**

August 1, 2009 to April 30, 2012

CFDA Number: 97.067
Grant Number: 2009-SS-T9-0060

This Homeland Security Grant Program (HSGP) Grant Agreement is hereby entered into between the Michigan Department of State Police, Emergency Management and Homeland Security Division (hereinafter called the Subgrantor), and the

County of Oakland
(hereinafter called the Subgrantee)

I. Purpose

The purpose of this grant agreement is to provide federal pass-through funds to the Region 2 Homeland Security Planning Board through the Subgrantee (which has been voted and approved to act as the fiduciary agent for the Board) for the FY 2009 HSGP. The HSGP provides federal funds for the purpose of preventing, deterring, responding to, and recovering from Incidents of National Significance, including threats and incidents of terrorism.

The 2009 HSGP is a primary funding mechanism, operated by the United States Department of Homeland Security (DHS) for building and sustaining national preparedness capabilities. HSGP is comprised of four separate grant programs, of which two are covered by this grant agreement.

- **The State Homeland Security Program (SHSP)** — The State Homeland Security Program (SHSP) is a core assistance program that provides funds to build capabilities at the state and local. Activities implemented under SHSP must support terrorism preparedness by building or enhancing capabilities that relate to the prevention of, protection from, or respond to, and recovery from terrorism in order to be considered eligible. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate this dual-use quality for any activities implemented under this program that are not explicitly focused on terrorism preparedness. Linkages between specific projects undertaken with SHSP funds and strategic goals and objectives will be highlighted through regular required reporting mechanisms, including the Biannual Strategy Implementation Report (BSIR).

- **Urban Areas Security Initiative (UASI)** — The intent of the UASI program is to enhance regional preparedness in major metropolitan areas. The UASI program directly supports the National Priority on expanding regional collaboration in the National Preparedness Guidelines and is intended to assist participating jurisdictions in developing integrated regional systems for prevention, protection, response, and recovery. The FY 2009 UASI program continues this mission by providing financial assistance to address the unique multidiscipline planning, organization, equipment, training, and exercise needs of high threat, high-density urban areas, and to assist them in building and sustaining 13 capabilities to prevent, protect against, respond to, and recover from threats or acts of terrorism.

The FY 2009 UASI program is intended to enhance regional preparedness efforts. Urban areas must use these funds to employ regional approaches to overall preparedness and are encouraged to

adopt regional response structures whenever appropriate. UASI program implementation and governance must include regional partners and should have balanced representation among entities with operational responsibilities for prevention, protection, response, and recovery activities within the region. States **must** ensure that the identified urban areas taken an inclusive regional approach to the development and implementation of the FY 2009 UASI program and involve the contiguous jurisdictions, mutual aid partners, port authorities, rail and transit authorities, campus law enforcement, state agencies, Citizen Corps Council(s), and MMRS jurisdictions in their program activities.

Activities implemented under UASI must support terrorism preparedness by building or enhancing capabilities that relate to the prevention of, protection from, or response to terrorism in order to be considered eligible. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate the dual-use quality for any activities implemented that are not explicitly focused on terrorism preparedness.

Funding Priorities

Priorities for the FY 2009 HSGP have been modified based on the risk-based funding and the capability-based planning process used by the DHS. FY 2009 HSGP will focus on the following objectives as its highest priorities:

1. Address capability requirements and measure progress in achieving the National Preparedness Guidelines;
2. Support the national priority to strengthen planning and citizen preparedness capabilities by strengthening preparedness planning.
3. Support the national priority to strengthen information sharing and collaboration capabilities by maximizing information sharing via the national network of fusion centers.
4. Support the national priority to strengthen medical surge and mass prophylaxis by developing and enhancing health and medical readiness and preparedness capabilities.
5. Support the national priority to strengthen Chemical, Biological, Radiological/Nuclear, and Explosive (CBRNE) detection, response, and decontamination capabilities by strengthening Improvised Explosive Device (IED) attack deterrence, prevention, and protection Capabilities.
6. Support the national priority to strengthen CBRNE detection, response, and decontamination capabilities by strengthening preventive radiological/nuclear detection capabilities.

II. Objectives

The principal objective of this grant

agreement is to provide financial assistance to the Region 2 Homeland Security Planning Board to support HSGP allowable activities. Allowable Investments made in support of the programs listed above must fall into one of the following five cost categories:

1. Planning
2. Organization
3. Equipment
4. Training
5. Exercises

For guidance on allowable costs and program activities, please refer to the 2009 Federal HSGP Guidance, located at http://www.fema.gov/pdf/government/grant/hsgp/fy09_hsgp_guidance.pdf.

To assist Subgrantees, the Subgrantor, in conjunction with the Michigan Homeland Security Preparedness Committee, has created a list of priority projects that Subgrantees shall use their 2009 HSGP funds to support. These projects were derived from the 11 Investment Justifications developed by EMHSD that are to be implemented at the regional/local level. Additional information is provided in the Michigan FY 2009 HSGP Supplemental Grant Guidance. Subgrantees must take a regional approach when determining the best use of FY 2009 HSGP funds. Subgrantees must consider the needs of local units of government, tribal governments, and applicable volunteer organizations in the projects and activities included in their FY 2009 HSGP application.

III. Statutory Authority

Funding for the Fiscal Year 2009 HSGP is authorized by the *Consolidated Security, Disaster Assistance, and Continuing Appropriations Act of 2009* (Public Law 110-329).

IV. Homeland Security Grant Program Award Amount and Restrictions

The **County of Oakland**, as the Fiduciary Agent for Region 2, is awarded **\$2,967,318.00** under the FY 2009 HSGP. This total consists of **\$270,998.00** from the SHSP program and **\$2,696,320.00** from the UASI program.

FY 2009 HSGP does not contain a separate line-item for Law Enforcement Terrorism Prevention Program (LETPP). However, at least **\$74,606.00** of SHSP award funds and **\$706,976.00** of UASI award funds must be dedicated towards law enforcement terrorism prevention-oriented planning, organization, training, exercise, and equipment activities.

At least **\$67,750.00** of SHSP award funds and **\$674,080.00** of UASI award funds must be dedicated to strengthening preparedness planning through planning, training, and exercising activities. This is a DHS requirement and additional details can be found in the FY 2009 HSGP Guidance.

This grant agreement designates HSGP funds only for reimbursement of authorized costs that are incurred during the FY 2009 Grant Agreement period. Grant agreement funds shall not be used for other purposes. Allocations for the FY 2009 HSGP have been determined on a regional basis through a funding methodology consistent with current Department of Homeland Security (DHS) guidance. Regional Boards have been created to ensure that all jurisdictions within a designated region have an equal say in how funds are spent.

For any activities involving construction, demolition, or installations of equipment; an Environmental and Historic Preservation (EHP) Review **must** be completed prior to any work being done. **Any activities that have been initiated with-**

out the necessary EHP review and approval will result in a non-compliance finding and will not be eligible for federal funding.

Final determination on how funds awarded by this grant agreement will be allocated will be determined through a review process by the Subgrantor of projects submitted by the Region 2 Homeland Security Planning Board, not by the Subgrantee.

V. Responsibilities of the Subgrantee

FY 2009 HSGP funds must supplement, not supplant, state or local funds. Federal funds will be used to supplement existing funds, and will not replace (supplant) funds that have been appropriated for the same purpose. Potential supplanting will be carefully reviewed in the application review, in subsequent monitoring, and in the audit. The Subgrantee may be required to supply documentation certifying that it did not reduce non-federal funds because of receiving federal funds. Federal funds cannot be used to replace a reduction in non-federal funds or solve budget shortfalls in general fund programs.

The Subgrantee agrees to act as the designated Fiduciary Agent for the Region 2 Homeland Security Planning Board. As the designated Fiduciary Agent of Region 2, the Subgrantee agrees to comply with all applicable federal and state regulations including, but not limited to, the following:

A. In addition to this 2009 HSGP Grant Agreement, Subgrantees shall complete, sign, and submit to Subgrantor the following documents, which are incorporated by reference into this grant agreement:

1. Standard Assurances
2. Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirement
3. State of Michigan Audit Certification Form (EMD-053)
4. Request for Taxpayer Identification Number and Certification (W-9)
5. Other documents that may be required by federal or state officials

B. The FY09 Homeland Security Grant covers eligible costs from August 1, 2009 to April 30, 2012. Please refer to the Fiscal Year 2009 Homeland Security Grant Program Guidance, located at http://www.fema.gov/pdf/government/grant/hsgp/fy09_hsgp_guidance.pdf, for a detailed list of what costs are eligible under this grant. Allowable costs are specifically addressed in Part VIII of the HSGP Guidance.

C. Make all purchases in accordance with grant guidance and local purchasing policies.

D. Submit project applications to the Subgrantor which have been prepared

and approved by the Homeland Security Regional Board, for evaluation and approval of projects prior to starting a project. All projects must meet DHS and EMHSD grant guidelines and must directly support one of the required projects from the regional supplemental guidance, and at least one of the 37 target capabilities. Projects should be coordinated with Regional Homeland Security Board activities. Any project that proposes a change in scope of work during the grant performance period must be resubmitted to the Subgrantor for approval.

E. Submit an Allowable Cost Justification (ACJ) form for all costs that are part of approved projects prior to the encumbering of the cost. If an ACJ is not submitted, the Subgrantee will be held responsible for all costs determined to be ineligible by the Subgrantor or DHS.

F. Within 30 days of the end of the Subgrantee's fiscal year, the Subgrantee must supply a document to the other local government agencies reporting the dollar amount spent on their behalf, so the local government agencies can submit the information on their Schedule of Expenditures of Federal Awards (SEFA) report. **NOTE:** Copies of these documents must also be provided to the Michigan State Police, Emergency Management and Homeland Security Division, Audit Unit, 4000 Collins Road, Lansing, Michigan 48910-5883.

G. Create and maintain an inventory of all FY 2009 HSGP equipment purchases that lists, at minimum, the piece of equipment, the cost of the equipment, what agency the equipment is assigned to and the physical location of the equipment for the grant period and at least three years after the grant is closed by the awarding Federal Agency. Subgrantees are advised that, when practicable, any equipment purchased with grant funding shall be prominently marked as follows: "Purchased with funds provided by the U.S. Department of Homeland Security". Within 30 days of the end of the Subgrantee's fiscal year, the Subgrantee must supply a copy of this inventory to the Michigan State Police, Emergency Management and Homeland Security Division, Audit Unit, 4000 Collins Road, Lansing, Michigan 48910-5883.

H. Make FY09 HSGP equipment available for pick-up by other government agencies per equipment assignments by the Region 2 Homeland Security Planning Board. This process needs to include legal transfer of the equipment to the designated government agencies. At minimum, the Subgrantee should prepare documents, which when signed, will indicate other designated government agencies accept full legal and financial responsibility for pieces of equipment.

I. The Subgrantee agrees to prepare the

Reimbursement Cover Sheet (EMD-054), and all required attached documentation, including all required authorized signatures, and submit it to the Subgrantor at a minimum at the end of each quarter (or more frequently, as needed). **Please note: One Reimbursement Cover Sheet and related forms must be completed for each grant project, solution area, allocation type, and individual exercise.** Reimbursement Cover Sheets must be filled out completely or they will be returned to the Subgrantee for proper completion. Please refer to the Reimbursement Guidance included with each of the reimbursement forms. The Reimbursement Cover Sheet (EMD-054) and other reimbursement forms can be found on the EMHSD website, located at http://www.michigan.gov/msp/0,1607,7-123-1593_3507_41574-214684--,00.html. The Subgrantee will not be reimbursement for funds until all required signed documents and reimbursement documents are received.

J. Submit quarterly progress reports to the Subgrantor on the status of all approved projects. The due dates for quarterly work reports are detailed in Section VII of this agreement.

K. Submit updated project and allocation information on a regular basis through the Biannual Strategy Implementation Reports (BSIR). The BSIR is due within 20 days after the end of the reporting period. The due dates for the BSIR are on January 20, 2010, July 20, 2010, January 20, 2011, July 20, 2011, January 20, 2012, and July 20, 2012. The reporting periods are from January 1 through June 30 and July 1 through December 31. The final BSIR is due 90 days after the end date of the FY09 HSGP award period.

L. Comply with FY09 National Incident Management System (NIMS) implementation requirements and move towards completion by September 30, 2012. FY09 NIMS requirements must be fully complied with by September 30, 2012. NIMS information is available at <http://www.fema.gov/emergency/nims>.

PUBLIC COMMENT

Rev. Kevin Johnson expressed concern about an abandoned property in his neighborhood formerly known as "The Arnold Home" where a month ago two men were found dead on the site and the excavation to remove the bodies left a gaping hole in the western wall of the

facility. President Pro Tem Brown responded his staff has been meeting with the Buildings and Safety Engineering Department on this issue and the matter will be listed as a line item in the Public Health and Safety Standing Committee as soon as a status report is received.

Johnnie Mae Wilford and **Della M. Sanford** also expressed the same concern regarding this building.

Doyle Johnson stated he has been an entrepreneur in the city for the past 41 years and expressed his desire to resurrect a "Sunday market-type vending event" he participated in, back in the 70s where vendors set up shop in downtown Detroit. Member Watson encouraged him to attend a Neighborhood and Community Services Committee to submit his proposal for review.

Celeste Holloway stated she has an issue with DTE Energy regarding a delinquent bill. Member Tate responded his office would assist her in trying to resolve the matter with DTE.

Rhene Edward Lee clarified the tone of a statement he made last week regarding a contract he felt some took as though he was trying to advocate violating the Public Meetings Act, which he said was not his intent.

Carolyn Knott, representative of the Peoples Coalition, announced a self-empowerment conference to be held at Fellowship Church on February 4, 2012 to address the depression and self destructive behavior on black males. Also to address the proliferation of prostate cancer and different issues she said are permeating the community.

its individual circumstances based upon all facts submitted by the applicant. The Board of Review, in judging the taxpayer’s ability to meet the tax obligation, utilizes all information. If the taxpayer is within the above guidelines, the taxpayer will be granted a full or partial exemption. If the taxpayer is outside the above guidelines, the exemption will usually be denied.

If the taxpayer shows extraordinary circumstances that are substantial and compelling, the Board of Review may deviate from the above guidelines and grant or deny a full or partial exemption. In such an instance, the taxpayer shall be advised in writing of the substantial and compelling reasons for granting or denying of an exemption and the reason shall also be noted on the application. Honorable City Council:

Re: Special District Review, 651 E. Jefferson Avenue and 627 E. Larned Street, for Installation of two business signs at the University of Detroit Law School in a PCA (Restricted Central Business District) zoning classification (Recommend Approval).

On December 19, 2011 the staff of the City Planning Commission (CPC) received a sign permit application for two business signs to be located at the University of Detroit Law School at 651 E. Jefferson Avenue and 627 E. Larned Street. The PCA (Restricted Central Business District) zoning classification in which the site is located calls for City Council approval of the location and design of exterior modifications following the review and recommendation of CPC (Section 61-11-96 of the Zoning Ordinance). CPC and Planning and Development Department (PDD) staff have reviewed the application and submit this report and recommendation.

PROPOSED SIGNS

One proposed sign is located on the triangle formed by E. Congress Ave., E. Larned Street, and the Chrysler Freeway Service Drive, the other is located on the north side of E. Jefferson Avenue between St. Antoine Street and the Chrysler Freeway Service Drive (see attached map). The proposed identical signs are 4-1/2 feet tall and twelve feet wide. They will be made of black aluminum with the letters cut out with gold acrylic behind the aluminum and it would be internally lit (see attached illustration). The sign would read "University of Detroit

Mercy School of Law” and “Riverfront Campus”. The existing signs would be replaced.

REVIEW

In accordance with the PCA provisions of the Zoning Ordinance (Section 61-11-97), reviews of proposed construction or modifications such as the signs proposed should be conducted in light of the following criterion, “Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner.” The proposed signs meet this criterion are an improvement over and above the existing signs. The size of the sign would be in accordance with what would be permitted in a non-PCA zoning district, pursuant to Chapter 3, Article VII of the 1984 Detroit City Code.

RECOMMENDATION

CPC staff has completed its review of the proposed sign, as has the Planning and Development Department staff. We find that the signs would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed signs. Please find attached the appropriate resolution to effectuate your Honorable Body’s approval.

City Planning Commission

January 9, 2012

Honorable City Council:

Re: Zoning Ordinance Map Amendment (Chapter 61, Article XVII, Map No. 24 of the 1984 Detroit City Code) — Request to rezone the block bounded by Lambert Avenue (Formerly Piquette Avenue) to the north, Canton Avenue to the east, Medbury Avenue to the south and Concord Avenue to the west, encompassing 6821 Medbury Avenue from M3 (General Industrial District), R2 (Two-Family Residential District) and P1

(Open Parking District) zoning classifications to R5 (Medium-Density Residential District) to allow for the establishment and operation of a human services agency to service the homeless population; via a residential substance abuse service facility, emergency warming center and/or emergency shelter and transitional housing. (Recommend Approval).

BACKGROUND

A rezoning request to amend District Map No. 24 which presently shows M3 (General Industrial District), R2 (Two-Family Residential District) and P1 (Open Parking District) zoning classifications, to show an R5 (Medium-Density Residential District) zoning classification, has been submitted by Operation Get Down to allow for the establishment and operation of a human services agency to service

the homeless population, which is a by-right use (per. Sec. 61-8-95(8)) in the R5 district zoning classification, and to additionally allow to a residential substance abuse service facility (per. Sec. 61-8-100(5)), an emergency warming center and/or emergency shelter (per. Sec. 61-8-100(2)) and transitional housing (per. Secs. 61-8-102(2) as "hotel" and Sec. 61-16-182), which are conditional uses in the R5 district zoning classification.

The subject property, which is presently occupied by the petitioner (Operation Get Down) as a temporary warming center operating under a temporary use permit issued by the Buildings, Safety Engineering and Environmental Department, is generally bounded on the north by Lambert Avenue (Formerly Piquette Avenue), on the east by Canton Avenue, on the south by Medbury Avenue, and on the west by Concord Avenue. The subject site totals approximately 3 acres, a majority of which is owned by the petitioner via a 2010 quit claim deed between the petitioner and Alkebu-lan Village. Additionally, there is a purchase and sale agreement between the City of Detroit's Planning and Development Department and Operation Get Down for the one parcel presently identified as R2. Also, the petitioner is in possession of a letter dated October 24, 2011, from the State of Michigan's Department of Technology, Management & Budget, which indicates the department is currently awaiting legislation that will allow for the conveyance of approximately six lots, which have been identified as surplus property. Additionally, the letter indicates that the state does not oppose the rezoning of the land from P1 parking, for which the property was previously used.

SCOPE AND IMPACT OF THE PROPOSAL

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests. The current zoning classifications of M3, R2 and P1 do not allow for the establishment nor the operation of a human services agency to service the homeless population, or any of the aforementioned residential uses. The proposed zoning of R5 does allow for the proposed uses.

Suitability of the Property

One of the aforementioned criteria for rezoning states, "The suitability of the subject property for the existing zoning classification and proposed zoning classification." Zoning Map No. 24 generally shows a mix of R2 and M3 zoning on the north and south sides for several blocks and east and west of the subject property. This section of Canton Avenue, Medbury Avenue and Concord Avenue is primarily developed with one- and two-family

homes with several vacant residential and commercial lots, the Packard Motel to the southeast, and commercial uses scattered about. An M3 (General Industrial District) zoning classification is generally located to the south of the subject property along Medbury Avenue. This section of Medbury Avenue primarily contains vacant land and very few, scattered residential and commercial uses.

Land Use

Buildings, Safety Engineering & Environmental staff is of the opinion that an R5 (Medium Residential District) zoning classification is the most appropriate land use classification considering the desired intent of the petitioner. Given the nature of the proposed uses, which may be considered abrasive, the proposed zoning would require a conditional land use hearing before the Buildings, Safety Engineering and Environmental Department's Special Land Use hearing officer.

Significant Impact on Other Property

The CPC is of the opinion that the rezoning of this property and the potential development, which is pending, would add to the stability of the surrounding community by providing a viable non-profit neighborhood center operation. The proposed development will create temporary construction jobs as well as provide full-time employment opportunities for residents in the area and the City of Detroit in general.

The City Planning Commission has found that the proposal generally meets the approval criteria. The proposed rezoning will "meet the challenge of some changing condition" by allowing for the establishment and operation of a human services agency to service the homeless population.

ZONING ORDINANCE AND MASTER PLAN CONFORMANCE

Master Plan Consistency

The subject site is located within the Kettering area of Neighborhood Cluster 3 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows Residential/Industrial for the subject property.

On December 1, 2011, P&DD submitted comments on the consistency of the proposed zoning with the Master Plan. P&DD determined that the proposed rezoning is consistent the Master Plan of Policies and offered their support for the proposed rezoning.

CITY PLANNING COMMISSION PUBLIC HEARING

On November 17, 2011, the City Planning Commission held its public hearing at the Wayne County Community College Eastern District Campus on the proposed rezoning. There was one member of the public present who spoke in support of the project.

RECOMMENDATION

On December 1, 2011 the City Planning Commission voted to recommend **APPROVAL** of the proposed rezoning of the request to amend District Map No. 24, Article XVII, Chapter 61 of the 1984 Detroit City Code to show an R5 zoning classification where an M3, R2 and P1 zoning classification is presently shown at the block bounded by Lambert Avenue (formerly Piquette Avenue), to the north, Canton Avenue to the east, Medbury Avenue to the south and Concord Avenue to the west encompassing 6821 Medbury Avenue. The Zoning Ordinance map amendment has been approved as to form by the Law Department and is attached for your consideration.

Finance Department Board of Assessors

February 11, 2011

Re: Obsolete Property Proposal, 5716 Partners LLC Parcel #16001711-3
5716 Michigan Avenue.

Dear Mr. Anderson:

The Assessment Division of the Finance Department has reviewed the proposed Obsolete Property District located at 5716 Michigan Avenue.

The rationale for creating Obsolete Property projects under PA 146 of 2000 is based on the anticipation of increased market value upon completion of new construction and/or significant rehabilitation of existing commercial property and commercial housing property. Normal

repair and maintenance are not assessed and do not necessarily generate additional market value.

The proposed site to be developed by 5716 Partners LLC was formerly the San Telmo Cigar Company. The most recent use was a secondhand store. This site

consists of a four-story structure and a smaller one-story office building. The developer proposes to renovate this vacant property into a new health and human service center, the Family Wellness Center. This property consists of the following 2010 values:

Parcel #	Address	Building Assessed Value (SEV)	Building Taxable Value	Land Assessed Value (sev)	Land Taxable Value
16001711-3	5716 Michigan Ave.	\$1,785,611	\$46,084	\$18,704	\$483

This property meets the criteria set forth in section 2 of the Brownfield Redevelopment Act, MCL 125.2652 (1996) as "functionally obsolete," meaning that the property is unable to be used to adequately perform the function which it was intended due to a substantial loss in value resulting from factors such as overcapacity, changes in technology, deficiencies or super inadequacies in design or other similar factors.

The developer proposes to renovate this functionally obsolete property by replacing the hvac, plumbing, and electrical systems, roof, doors and the windows. The asbestos and lead paint was removed. The façade & limestone will be cleaned and mortar joint re-pointed. The interior will be gutted and replaced. The floors will be reconfigured for the proposed use. The first floor will consist of holistic, primary and behavioral health care. Part of the second floor will be occupied by Madonna College's Southwest Detroit Women's Education & Empowerment program and Life Director non profit Detroit Youths. The balance of the second floor will be occupied by the Children, Youth and Family program with an expanded primary medical care clinic. The basement will be occupied by Moms & Babes and Children's Outreach (non profit infant and toddler day care). The parcel will also consist of new concrete, a gated parking lot, landscaping, decorative signage and fencing.

A field investigation indicated that the proposed Commercial Rehabilitation district be granted to the area known as 5716 Partners LLC located at 5716 Michigan Avenue if it qualifies under the Obsolete Property Rehabilitation Act under P.A. 146 of 2000.

Respectfully submitted,

PUBLIC COMMENTS

THERESA ZAJAC (Southwest Detroit Business Association): Ms. Zajac has concerns relative to the proposed districts in the City of Detroit. Their organization wants the district to be only neighborhood districts They want the west riverfront to remain in their represented districts. They don't want the district to include Downtown because it includes different issues.

DEMPSEY ADDISON: Ms. Addison opposes the contracting out of the Weatherization and Residential Water Assistance Programs and being taken away from the Human Services Department. These programs affect the livelihood of families and children.

CECILY McCLELLAN: Ms. McClellan has concerns with privatization in the City of Detroit. Funds are being held up by The State of Michigan. Contractors are not being paid. There must be a distinction between the General Fund and Grant Funding. What's due needs to be answered.

RHENE LEE: Mr. Lee has concerns regarding the Financial Review Team Meetings. Are they public? Will they come before the Mayor? He enjoys political satire. He wants to see a lobbyist in Lansing who can communicate better with Detroit citizens. Individuals can go to a website called FloodSmart.gov regarding the Flood Plain issue.

JUNIUS HOWARD: Mr. Howard has concerns of his funds being cut off from Lansing. Social services will not pay unless one pays his portion. They have no portion to pay; no bus fair; no toilet paper. They have nothing. It's a death law.

ISHMAIL TERRY (All For One): Mr.

Terry promotes a financial literacy project which is done at Bosco Homes, 19321 W. Chicago. Their kick off program included Wayne County execs; the Wayne County Treasurer and a legal team helping with foreclosures. They're looking at a facility at 19341 W. Chicago in the area of Plymouth and Greenfield.

PASTOR OVELLA (United Communities of America); Ms. Ovella thanked Council for what they've done for their organization. They held a "Thou Shall Not Kill" motorcade on January 22nd, which sponsored approximately 32 funeral directors and their hearses. They want to reduce crime in the City of Detroit.

VINCE KEENAN: Mr. Keenan has concerns about not represented constituencies at the proposed district public hearings. Hopefully they will be the best possible districts. The Charter is an important part in the transparency process.

EDITH LEE-PAYNE: Ms. Lee-Payne has concerns regarding the Deficit Elimination issued by the state of Michigan. guidelines need to be followed. Public Act 4 does not protect the public.

WISAM ZEINEH: Mr. Zeineh is preparing to transition to secondary employment to allow him to have a greater impact to provide health and safety to Detroit citizens. He would like Council's support relative to the proposed grant by the Centers of Medicare and Medicaid.

BRENDA JONES: Council Member Jones referred this matter to City Council Research and Analysis Division to write a letter of support. Council Member Joann Watson supported motion.

MOTHER HOLMES: Ms. Holmes offered prayers for the City of Detroit.

STANDING COMMITTEE REPORTS

PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE

City Planning Commission

January 18, 2012

Honorable City Council:

Re: The proposal to amend Articles X, XI, XII, XIV and XVI of Chapter 61 of the 1984 Detroit City Code, Zoning, with regard to provisions for Police Department Authorized Abandoned Vehicle Storage Yards and Towing Service Storage Yards. (Recommend approval.)

The wrong ordinance was inadvertently attached to the January 9th City Planning Commission report relative to towing service storage yards. Please disregard the "used car lot" ordinance that was sent; it is unrelated to the tow yard issue and has not yet had its public hearing before the Planning Commission.

Attached hereto is the 1-page summary and 34-page text amendment relative to tow yards. This item will be taken up by

the Planning and Economic Development standing committee at its meeting of January 19, 2012.

Incidental	<p>1) Occurring as a minor accompaniment; or</p> <p>2) In the context of zoning and land use, an activity or item that occupies or involves not more than ten percent (10%) of a whole, such as gross floor area or inventory, is considered as an incidental use of the land, while an activity or item that occupies or involves more than ten percent (10%) of a whole is considered a principal use of the land.</p>
Industrial Service (Use Category)	<p>Uses engaged in the repair or servicing of industrial, business or consumer machinery, equipment, products or by-products. Firms that service consumer goods do so by mainly providing centralized services for separate retail outlets. Contractors and building maintenance services and similar uses perform services off-site. Examples include the following uses:</p> <ul style="list-style-type: none"> • Blueprinting shop • Boiler repairing • Construction equipment, agricultural implements and other heavy equipment repair or service • Greenhouse or nursery, wholesale sales only, including landscape contractors • Junkyard • Laundry, industrial • Lumber yard • Machine shop • Outdoor storage yard • Police department authorized abandoned vehicle yards • Research facilities • Tires, used: sales and/or service • Towing service storage yard • Trade services, general • Truck stop • Welding shop

Institutional Living (Use Category)	<p>Occupancy of an institutional structure (not a dwelling unit) by a group of people who do not meet the definition of Household Living. Care givers may or may not reside at the site. Examples include the following uses:</p> <ul style="list-style-type: none"> • Boarding school • Child caring institution • Dormitory • Penal or correctional institution; detention facility • Pre-release Adjustment Center
Intensification of Use	<p>An intensification of use occurs where a use is added to an existing land use without the physical expansion of the building, structure, lot, or gross floor area. As an example: where a conditional use, regulated use, controlled use, or nonconforming use that occupies a single-story building were to add an additional use under the same roof, and that additional use is reached through the same entrance as the original use and the additional</p>

	<p>use is not separated from the original use by a tenant separation wall, then it would be considered an intensification of the original use even though the gross floor area had not been increased.</p> <p>However, where a land use that occupies a single-story building were to subdivide its floor area by a tenant separation wall and were to provide a separate entrance from the outside to the subdivided space, it would not be considered an intensification of the original use, but rather the establishment of a new principal use at a different address.</p>
<p>Intermodal Freight Terminal</p>	<p>The site at which freight is transferred between railroad flat cars and trucks, typically involving containers or trailers.</p>
<p>Instrument Approach Surface and Non-Instrument Approach Surface Having a Runway at Least Five Thousand (5,000) Feet in Length</p>	<p>A plane longitudinally centered on the extended runway centerline beginning at each end of the runway and extending five hundred (500) feet outward at the elevation of the approach ends of the runway and then sloping upward at a slope ratio of one (1) to forty (40) to an altitude of one hundred fifty (150) feet above the established airport elevation. The instrument approach area surface is one thousand (1,000) feet wide for the first five hundred (500) feet and then expands uniformly to a width of three thousand one hundred (3,100) feet at a distance of six thousand five hundred (6,500) feet from the end of the runway.</p>
<p>Intensity of Land Use</p>	<p>The intensity of a land use shall be based on the zoning district where the specified land use initially appears in the zoning ordinance as a use permitted as a matter of right. For example, a land use first listed as a matter of right use in Article X of this Chapter (industrial zoning districts) shall be deemed more intensive than a land use first listed as a matter of right use in ARTICLE IX (business districts), and a land use first listed as a matter of right use in ARTICLE IX shall be more intensive than a land use first listed as a matter of right use in ARTICLE VIII (residential districts). Similarly, within a given Article, zoning districts bearing a higher number shall be deemed more intensive than districts bearing a lower number; for example, a use first permitted as a matter of right in the M4 District, shall be deemed more intensive than a use first permitted as a matter of right in the M2 District. For a land use not permitted in any zoning district as a matter of right, but exclusively as a Conditional Use, the intensity of that land use in comparison to another shall be determined according to the zoning districts where the two land uses are first conditionally permitted.</p>

City Planning Commission
 January 13, 2012

Honorable City Council:
 Re: Request of Woodward Millennium Limited Partnership to modify the approved plans for the existing PD (Planned Development District) zoning classification for property at 115 Mack Avenue to allow for a Whole Foods grocery store and adjacent parking lot (Recommend Approval with Conditions).

The Woodward Millennium Limited Partnership is petitioning the City to modify approved plans for the existing PD zoning classification on District Map No. 4, Article XVII of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, for property at 115 Mack Avenue located at the northwest corner of John R Street and Mack Avenue.

The site plan modification is being requested to allow for the development of a Whole Foods grocery store with adjacent parking lot. The proposed ordinance is presently at the Law Department awaiting approval as to form.

Background

The subject site contains 1.92 acres and is located at the northwest corner of Mack Avenue and John R Street (please see the attached map of the location of the site). The eastern half of the site is currently developed with a 1-story Chase bank building (vacated in 2000) with an adjacent parking lot; however, two drive-through ATM's still operate on the site. The western half of the subject site is a vacant, grassy area. The site is within the Medical Center Rehabilitation Project Number 1 urban renewal area.

In October, 1998, the City approved a petition from the Planning and Development Department (P&DD) to rezone the block generally bounded by vacated Martin Place, John R Street, Mack Avenue, and Woodward Avenue (totaling about 9.2 acres) from B4 (General Business) to PD (Ordinance No. 37-98). At the time, on the north 4.7 acres of the block, there was a proposal for an expansion of the existing Professional Plaza office complex, but the expansion never happened.

In September, 2001, the City Council approved a request from RAM Development Corp. to develop the south 4.5 acres, with a commercial loft building, a 3-story garden style apartment building, and a parking garage. In 2003, a 6-story parking garage with 954 spaces was built. In 2006/07, the commercial loft building (the Ellington) was developed with ground floor retail and four (4) upper floors containing 55 condominium units. Additionally, surface parking for 38 cars was built east and north of the Ellington building. A 20-foot wide by 400-foot long pedestrian path was developed on the south side of the parking deck connecting the Ellington parking area with John R. The proposed garden style apartment building, which

was to be built on the subject 1.92 acres, was never constructed.

Proposed Development

The petitioner is proposing to clear the 1.92 acre site and construct a 21,500-square foot Whole Foods Market (please see the attached plans for reference). The market building would be located on the east side of the lot, and an 86-space parking lot would be located on the west side of the lot. The front door, located at the northwest corner of the building, would face the parking lot. A depressed loading and service area would be located at the northeast corner of the building.

The building would be comprised primarily of tan concrete panels with red brick accents and windows. The south elevation (facing Mack Avenue) would include a green wall trellis. Along the west wall of the building, facing the parking lot, is proposed an outdoor café area with five tables and a secured bicycle parking area. The John R façade would include four panels for murals to be designed by local artists.

Within the building, the store would include the standard Whole Foods offerings, including bakery, hot/cold bar, and pizza hearth. The “back of house” area would run along the Mack Avenue frontage, which would include a stock area and mezzanine level with a community room and offices.

Regarding the parking lot, one new parking lot entrance is proposed at the middle of the site along Mack Avenue and one entrance is proposed at the northeast corner of the site onto John R. A driveway connecting the proposed parking lot to the Ellington parking lot would be installed at the northwest corner of the site. The existing 20-foot wide pedestrian path at the north end of the site would be reduced to 10 feet in width. Two walk-up ATM’s would be relocated to the southwest corner of the site. One shopping cart corral would be located in the middle of the parking lot.

Whole Foods indicates the project would create 70 temporary and 75 permanent jobs and has pledged to work with area agencies regarding local hiring. Hours of operation are proposed to be 8 A.M. to 9 P.M. Energy saving features include LED lighting, skylights for day lighting, energy management systems, countertops from recycled materials, etc. The store is projected to open in April, 2013.

Public Hearing

On November 17, 2011, the City Planning Commission held a public hearing on the subject PD modification. Five persons spoke in support and no persons spoke in opposition to the project.

A variety of issues was briefly discussed between Whole Foods Market representatives and the Planning Commissioners, including outreach to

Eastern Market, installation of bike racks, use of energy-saving features in the building, local hiring, and healthy eating initiatives. Whole Foods said in January, 2012, it plans on opening a community office on the first floor of the Ellington Lofts building.

The Commission had questions about relocating the two ATMs to the southwest corner of the site as walk-up machines. The developer worked with Whole Foods and Chase Bank to find an alternative location for the ATM’s, and all parties agreed to develop walk-up ATM’s at the proposed location.

Regarding other issues, the Commission recommended, and Whole Foods agreed, to reach out to the local Black Farmers Association. The Commission requested the Department of Public Works (DPW’s) response to the proposed traffic changes for the store. The Commission asked if Whole Foods would consider the use of permeable paving; Whole Foods said it was exploring this option, but had not yet reached a final decision.

Analysis

Previous Conditions

In 2001, City Council passed a resolution in part which approved the site plan for development of the block north of Mack Avenue between John R Street and Woodward Avenue with the following conditions (J.C.C. September 26, 2001, pp. 2713-2716):

1. that a loading bay be provided at a location near John R within the site;
2. that the proposed fencing around the apartment building be enhanced to provide a more attractive edge along Mack, at corners and near entrances through the presence of brick pillars and light fixtures integrated within the fence;
3. that secured ingress and egress be provided to access the apartment building through the exit areas of the fence along Mack; and
4. that the petitioner continue to hold discussions with CPC staff regarding exterior building materials with final decision making provided prior to the issuance of building permits.

The first and fourth conditions above have already been satisfied; however, the second and third conditions are no longer applicable, because they referred to the apartment building which was never built.

Building Design

The CPC is pleased with the design of the proposed store, which includes windows and architectural details that match the context of the area. The CPC is pleased that the building is placed along the property line facing John R and Mack Avenues, and, thus, is not set at the rear of the lot with parking in front. The CPC would have preferred that the main entrance face a public street, but under-

stands that the interior building design necessitated placing the main entrance at the side of the building facing the parking lot.

Master Plan

Regarding the Detroit Master Plan of Policies, the subject property is located in the Lower Woodward area of Neighborhood Cluster 4. The future land use designation for the subject parcel is Mixed-Residential/Commercial (MRC). The Master Plan states that, "MRC areas consist predominantly of medium-to-high density housing developed compatibly with commercial and/or institutional uses. This classification is well suited to areas proximal to existing centers of major commercial activity, major thoroughfares, transportation nodes, or gateways into the city." The Planning & Development Department (P&DD) indicates the proposed project complies with the Master Plan of Policies.

Development Plan

The subject site is located within Medical Center Rehabilitation Project Number 1 urban renewal area. For the subject site, the urban renewal plan (the Plan) allows for commercial, residential, and institutional uses. The definition of commercial uses within the Plan includes retail merchandise stores. P&DD indicates the proposed project complies with the urban renewal plan.

Parking

The proposed site plan shows 86 parking spaces. The petitioner indicates that a minimum of 60 additional spaces in the adjacent deck are reserved for Whole Foods Market, which includes 20 spaces for employees. Whole Foods indicates that customers needing to park in the adjacent deck would be granted a 2-hour validation.

The Medical Center urban renewal plan for commercial uses, requires one parking space for each 300 square feet of gross floor area. Using this calculation, the Whole Foods Market would require 72 parking spaces. Within the Zoning Ordinance, stores of a generally recognized retail nature (with less than 50,000 square feet of gross floor area), require 1 parking space per 200 square feet of gross floor area. Using this calculation, the Whole Foods Market would require 108 parking spaces; however, the 86 parking lot spaces plus the adjacent 60 parking deck spaces, would meet this requirement.

Deliveries

Regarding deliveries, Whole Foods indicates it estimates receiving the following between 5 A.M. and 1:30 P.M. (unless they use overnight semi-truck delivery):

- Midwest Distribution — one semi-truck per day five days per week; could be two per day during holidays.
- United Natural Foods — one semi-

truck per day four days per week; could be two per day during holidays.

- Panel truck deliveries on average ten per day seven days per week (with fewer on the weekends).

This could vary according to business and seasonal shifts. Trucks delivering to the site would be required to enter from John R and then back-in to the loading dock. Trucks exiting the site would be required to loop around the store and exit onto Mack Avenue.

For retail uses between 10,000 and 25,000 square feet, the Zoning Ordinance requires a minimum of two loading spaces, each measuring 12 feet by 25 feet. The proposed loading dock has space for two loading spaces: one measuring 27 feet by 65 feet and the other measuring 27 feet by 106 feet. The Development Plan does not require a specific number of spaces.

The CPC understands residents of the Ellington Lofts were concerned about delivery trucks crossing onto the Ellington property. In response, the developer created an easement restricting trucks from using the arcade under the Ellington Building for access to/from Woodward or traversing the Ellington parking lot. In addition, Whole Foods has written a letter to the Ellington Board assuring them the restrictions would be enforced.

Traffic Study

Parsons Brinckerhoff prepared a traffic impact study for the proposed project. Based on the research of the traffic impact study, the petitioner would like to create a new left turn lane on the existing Mack Avenue median (for east-bound traffic) in front of the store. This would allow east bound traffic to enter directly into the site. Another request is to eliminate the existing u-turn within the median on Mack Avenue just west of John R.

The Commission requested DPW's response to the proposed project. The DPW Traffic Engineering Division reported that it has been involved in the project from the beginning and approves of the driveway entrances from both Mack Avenue and John R and the Mack median modifications. The developer is required to pay for all of these improvements.

Landscaping

The petitioner is proposing landscaped setbacks around the entire site. At the north end of the site, the landscape strip between the parking deck and the redone pedestrian path would stay the same width at about 8 feet, but the landscaping would be redone. Along John R, there is an approximately 4-foot wide landscaped strip between the sidewalk and the building. Three of the panels along John R would have a screen with a planter element. Along Mack Avenue, in front of the building, would be a landscaped buffer ranging from 10 feet in width to 3 feet

width. Also along Mack Avenue, between the new driveway and the new ATM machines, buffering the parking lot would be a 6-foot wide by 120-foot long landscaped setback. This meets the Zoning Ordinance's minimum 5-foot buffer; the proposed shrubs in the landscaped setback would meet the Zoning Ordinance's requirement of growing between 30 and 36 inches. Seven existing trees along Mack Avenue, between the curb and the sidewalk, would be retained, as well as one near the main driveway in the parking lot and one along John R. Along the western edge of the parking lot, is proposed a 12-foot wide landscaped buffer.

The site plan shows four landscaped islands within the parking lot. Each island measures about 9 feet wide by 39 feet long with two trees in each island, providing a total of 1,368 square feet of interior landscaping. For non-PD projects, it appears the Zoning Ordinance would require about 1,548 square feet of interior landscaping; however, the CPC thought the amount of landscaping provided was adequate. Two of the islands would have a rain garden inlet overflow to divert storm water from the City's sewer system.

Signage

Whole Foods is proposing one Whole Foods Market sign on both the east and south elevations and two Whole Food Market signs on the west elevation. The site plan shows a right-turn only sign for cars exiting the store onto Mack Avenue. The parking lot would include signs directing overflow parking into the adjacent parking deck, as well as the location of the walk-up ATMs. Along Woodward Avenue, the petitioner is proposing one wall sign above the arcade on the Ellington building and one monument sign at the northwest corner of the Ellington Lofts property; all proposed on-premises signs would be displayed on this same, large zoning lot. It appears the total signage proposed measures about 463 square feet, which is below the maximum 500 square feet allowed for non-PD projects.

Mechanical Screening

One submitted plan shows an outline for roof mechanical screening, but this is not shown on any elevation drawing. The Zoning Ordinance requires that all roof-mounted equipment be screened from view or isolated so as not to be visible, within 150 feet of the zoning lot on which the equipment is located.

Community Input

In the past two months, Whole Foods has held numerous community meetings, including with the Ellington Lofts residents, Brush Park residents, Wayne State University, DMC, and general Midtown community. The developer has presented to the Medical Center Citizens' District Council; however, this group only has five elected members and is awaiting addi-

tional appointments by the Administration. The petitioner has submitted letters of support from the following: Brush Park Development Corporation, Ellington Condominium Association Board of Directors, Joint Fraternal Development Corporation, existing members of the Medical Center CDC, Presbyterian Villages of Michigan on behalf of their senior communities at Village of Brush Park Manor and Village of Woodbridge Manor.

PD District Design Criteria

Section 61-11-15 of the Zoning Ordinance lists twenty design criteria for PD Districts. The CPC has reviewed these criteria and finds that the proposal meets the subject design criteria.

Additional Issues

After the CPC's public hearing on November 17th, the CPC learned that Whole Foods, similar to its other stores, is interested in selling beer and wine for consumption on the premises and to have wine tastings within the wine sales area. The CPC staff and the Law Dept. are currently reviewing this request, which may or may not require an additional hearing before the CPC and City Council.

Recommendation

At its meeting on December 1, 2011, the City Planning Commission took action to recommend **APPROVAL** of Woodward Millennium Limited Partnership's request to modify the approved plans for the existing PD zoning classification on District Map No. 4 of the Detroit Zoning Ordinance at 115 Mack Avenue subject to the following conditions:

1. That any lighting to be installed in the parking lot or on the building exterior be compatible with the surrounding residential community to the west and designed to reflect downward, and that the light levels/intensity of lighting be reduced outside of normal business hours;
2. That the site plans and elevations be revised to show roof-mounted mechanical screening and that it comply with Sec. 61-14-276 of the Detroit Zoning Ordinance; and
3. That final site plans, elevations, landscaping, lighting and signage plans be submitted to the City Planning Commission staff for review and approval for consistency with approved plans prior to making application for applicable permits.

Attached is a copy of the subject ordinance; we anticipate the Law Department will provide the approved-as-to-form ordinance in the near future.

By COUNCIL MEMBER BROWN:

WHEREAS, The City of Detroit, as a community in the County of Wayne, desires to continue participation in the Federal Emergency Management Agency's ("FEMAs") National Flood Insurance Program ("NFIP") by complying with the program's applicable statutory and regulatory requirements for the purposes of significantly reducing flood hazards to persons, reducing property damage, and reducing public expenditures, and providing for the availability of flood insurance and federal funds or loans within its community; and

WHEREAS, The NFIP requires that floodplain management regulations must be present and enforced in participating communities, and utilize the following definitions that also apply for the purposes of this resolution:

2) *Flood Hazard Boundary Map ("FHB")* means an official map of a community, as may have been issued by the FEMA, where the boundaries of the flood, mudslide, that is, mudflow, related erosion areas having special hazards have been designated as Zone A, M, and/or E;

MEMBER REPORTS

COUNCIL PRESIDENT CHARLES PUGH reminded everyone of the Evening Community Meeting giving everyone the opportunity to speak on district maps at Liberty Temple Baptist Church, 7:00 to 8:30 P.M., Greenfield and Six Mile.

PUGH questioned the City Planning Commission (CPC) regarding additional dates for the proposed map discussions. Venues where the maps could be readily seen would be helpful.

MR. MARCELL TODD, CPC, informed him they had four additional dates.

COUNCIL MEMBER KENNETH V. COCKREL, JR., suggested morning meetings held on the week end would be helpful since people worked.

COUNCIL MEMBER KWAME KENYATTA agreed with Council Member Watson;

however, people should be "called out". PA4 is unconstitutional; the law is illegal/immoral.

COUNCIL MEMBER KENYATTA has concerns with a tax credit being given for condos at St. Regis Condominiums. Who came to the table requesting the tax credit? Nothing has been completed. No condominiums have been built; there are no occupants. How should this be dealt with? The matter was referred to the City Planning Commission for response.

COUNCIL MEMBER JAMES TATE would like the City Planning Commission assign someone to work with the Grandmont Community.

TATE mentioned the next Youth Prevention Task Force will be held January 25, 2012, 5:30 P.M., New Prospect Church, 6330 Pembroke Avenue at Livernois.

He reminded everyone to watch the State of the Union showing how the President's plans affect this country moving forward.

COUNCIL MEMBER ANDRE SPIVEY reminded everyone of the New Detroit Child Obesity Task Force, 4:30 P.M., Committee of the Whole Meeting Rm.

COUNCIL MEMBER BRENDA JONES, submitted a memorandum relative to the Herman Kiefer ceiling collapse.

COUNCIL MEMBER BRENDA JONES, submitted a memorandum relative to Contract No. 85785.

COUNCIL MEMBER JONES received a call from Rick Blacklin, an officer of United Free Workers, who is trying to get a chain grocery store inside the City of Detroit.

COUNCIL PRESIDENT CHARLES PUGH acknowledged locally owned grocery stores in the City, both on the east and west side; i.e., Mike's Fresh, University Market and Kay Bee.

COUNCIL MEMBER JONES noted the contract for the video taping of Council sessions has been held up in the Finance Department/Purchasing Division. Part of the reason for this was the change in the Charter.

People are working who have not been paid because their contract is being held in Purchasing.

COUNCIL MEMBER JONES requested City Council Research and Analysis Division for an analysis if this is a violation of the Charter.

MR. HILL (City Council Media Services): The contract is being held by the Budget Department. The Charter speaks that the management of Channel 22 and 10 being under the management of Administration. It doesn't speak to the media staff whose duties also tape task force meetings,

the internet and web streaming. There's no current plan.

JONES stated a contract is needed from Administration.

COUNCIL MEMBER JoANN WATSON stated Administration cannot hold legislative branch contracts.

COUNCIL MEMBER JONES wishes to take the Skilled Trades Task Force out into the communities. The Keep Detroit Beautiful Task Force has introduced a Keep Michigan Beautiful Task Force. People are getting trained for this.

JONES has concerns regarding the Human Services contract which was not paid, particularly the Charles Anderson group.

DENISE GARDNER (Mayor's Office): They're still discussing this matter with the State. There are outstanding documents which need to be submitted. The State has not yet released any funds.

JONES mentioned DAPSEP has changed their registration process. The registration will no longer be held at COBO. One can go on the website to get the application. It can be turned in at the Rackham Memorial Bldg. Applications are available on www.DAPSEP.org or one can call 313.831.3050.

COUNCIL MEMBER KENNETH V. COCKREL, JR., submitted a memorandum relative to investigation of missing Minor Home Repair Grant Funds from the 2011-2012 CDBG/NOF City of Detroit Allocations — Berg Labor Community Associations.

COCKREL plans to meet with the Review Team when the appointment takes place. The Review Team will probably meet with City Council when they have questions. He would also like to share information which they may not be privy to. If Council is not at the table, that cannot be done.

The City needs control of their finances. If this is not done, the City will be broke by April. The City needs to meet with the Review Team regarding money owed.

COUNCIL MEMBER JoANN WATSON wanted to alert the community of the severe challenge of the Senate Bill to repeal PA4. They want to take over PA4; give it another name and arillate current signatures. It's a violation of constitutional rights. The ACLU should be called in.

COUNCIL MEMBER WATSON wants to know who is in charge of the Consumer Affairs Department? Why are they sending officers out to the St. Regis at the Boulevard and Woodward? People at the St. Regis Hotel were

asked by alleged employees of the department if they had a permit/license to be there.

WATSON feels part of the structural deficit is in the hands of the State. The structural issues the City is facing is catalyzed by the State of Michigan, who allegedly withheld millions for the last decade which was due the City.

COUNCIL MEMBER SAUNTEEL JENKINS feels the City needs to meet with the Review Team. Everyone needs to know what decisions are made. Solutions are needed.

She encouraged everyone to attend the Youth Prevention Task Force, January 25, 2012, 5:30 P.M., New Prospect Church, 6330 Pembroke Avenue at Livernois.

PLANNING AND DEVELOPMENT DEPARTMENT

5. Submitting report relative to Petition of Waleed Brikho (#2132), requesting conversion of alley to easement of abutting property one block south of 8 Mile between Hickory and Pelkey Streets. (The Planning and Development Department has deferred action on this petition to the Department of Public Works — City Engineering Division which has jurisdiction over alley easement conversions, etc.)

PUBLIC WORKS DEPARTMENT

6. Submitting report and reso. autho. Petition of Crystal Curry (#807), requesting permanent closure of alley along property located at 18031 Dequindre. (The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The City Engineering Division states that all City departments and privately owned utility companies have reported no objections, etc.) (Recommended approval).

7. Submitting report and reso. autho. Petition of UrbanTECH (#759), on behalf of Ryan's Food Center, requesting to close the remaining public alleys in the block bounded by Calvery, Campbell, West Vernor and Newberry. (The City Engineering Division — DPW states that three out of six abutting property owners have consented to the closure, two have not replied to certified mail sent on June 16, 2011, and one abutting property owner at 5878 W. Vernor Highway objects to the request. The Department states that numerous complaints have been received over the past years between property owners in the alley regarding previous alley closures and illegal alley closures. Additionally, Petitioner's consultant, Jackson Consulting Group, LLC, on the directions of his client, Ryan's Food

Center, is requesting that CED submit a resolution to this Honorable Body on our findings that all involved City departments and privately owned utility companies have reported no objections to the proposal; thus, you will find an appropriate resolution authorizing the issuance of permits to close said remaining alleys on a temporary basis for a period of five years to expire on February 1, 2017, if and only if this Honorable Body approves the attached resolution.)

WATER AND SEWERAGE DEPARTMENT

8. Submitting report in response to Council Member Tate regarding Downspout Disconnection. (Enclosed is a copy of the correspondence sent to customers July 7, 2000 stating that all new residential property must have disconnected downspouts, etc. As well, current regulations stipulated under the National Pollutant Discharge Elimination System (NPDES) Permit (Modification Issued: June 29, 2011) effectively requires all downspouts be disconnected, etc. While practically we cannot quantify the benefit, we are actively disconnecting in some areas of the combined sewer system, etc. Currently Detroit City Code does not comply with State Law for disconnecting downspouts, but this conflict should be addressed in the near future, etc.)

MISCELLANEOUS

9. Council Member Spivey — submitting memorandum relative to Brown Outs At Firehouses. (A Discussion was previously scheduled in the Internal Operations Standing Committee which was rescheduled due to Commissioner Austin's schedule conflict and to appropriately refer this matter to the Public Health and Safety Standing Committee.)

(A copy of this report shall be sent to the county official where the waste was generated, as well as the county official in whom the waste was shipped, etc.)

11. Marathon Petroleum Company — submitting report relative to the Oakwood Heights Property Purchase Program Update. (As you may recall, MPC on November 2, 2011, announced a plan to create 100 acres of green space adjacent to its refinery by offering to purchase all residential properties in a defined area of Oakwood; as the appraisals received so far are lower than expected, MPC has decided to increase the minimum base price for owner-occupied homes in the program area from \$40,000 to \$50,000, and tenantable property owners from \$25,000 to \$30,000, etc. The program sign-up period ends on February 29, 2012.)

MS. PATRICE SCOTT: Would like to know why pharmacy, clinic, lab, and food handlers are closing as it relates to Herman Kiefer.

A case evaluation panel has evaluated the above-captioned lawsuit and awarded Fifty Thousand Dollars (\$50,000.00) in favor of Plaintiff. The parties have until January 31, 2012, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

We, therefore, request authorization to accept the case evaluation award; and, in the event that Plaintiff accepts the award, to direct the Finance Director to issue a draft payable to Lahousse-Bartlett Disability Management, Inc. and its attorney, Bryan Marcus, in the amount of Fifty Thousand Dollars (\$50,000.00).

Such a check will be delivered to Plaintiff's counsel upon receipt of a properly executed Release and appropriate Stipulation and Order of Dismissal to be entered in Wayne County Circuit Court, Case No. 10-015058-CZ, approved by the Law Department.

Honorable City Council:

Re: Petition Number 1044 — Request for City Council Approval for Transfer of a Michigan Liquor Control Commission Hotel Liquor License, With Dance and Entertainment Permit, to Fairlane Hotel Company for the Doubletree Suites Hotel, 5801 Southfield.

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3).

Further, the MLCC has advised the Law Department that all Local Approval Notices concerning the approval of the issuance of dance, entertainment, or topless activity permits in conjunction with an application for an on-premises liquor license submitted to the City prior to the issuance of Administrative Order No. 2011-6 that have not been approved or disapproved by your Honorable Body are subject to the local legislative approval requirement of Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2).

As your Honorable Body is aware, pursuant to the local legislative approval requirement of Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), the Detroit City Council has established, by resolution, procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and topless activity permits in conjunction with applications for on-premises liquor licenses. Effective August 25, 2009, the City Council Procedures and Criteria for Michigan Liquor Control Commission Activity Permits ("Procedures and Criteria") established reasonable and uniform regulations and procedures for your Honorable Body's approval of the issuance of new, or the transfer of existing, dance, entertainment, and topless activity permits by the MLCC, which pertain to the liquor license applicant, land use concerns, payment of City property taxes, and whether the location is in compliance with building, fire, and health codes.

Pursuant to the above, Local Approval Notice (Request ID Number 573752), which has been designated by the City Clerk as Petition Number 1044, is cur-

rently pending before City Council for approval of the transfer of an existing on-premises liquor license with a dance and entertainment permit. Specifically, this Local Approval Notice requests approval of the transfer of ownership of a "Class B hotel" liquor license, with a dance and entertainment permit, located at the Doubletree Suites Hotel, 5801 Southfield, from EH Associates Limited Partnership to the Fairlane Hotel Company ("License Applicant"). This Local Approval Notice was received by the City prior to the issuance of Administrative Order No. 2011-6 on November 22, 2011 and, therefore, requires your Honorable Body to approve the transfer of ownership of an on-premises liquor license and the issuance of a dance and entertainment permit to the License Applicant.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the Michigan Liquor Control Commission ("MLCC") is notified, in writing, that the application does not meet all appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as certified to the Commission by the appropriate law enforcement officials. Because the License Applicant is in compliance with all appropriate state law and City ordinances, approval of the transfer of the on-premises liquor license is proper.

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has reported to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's report, and supplemental information provided to the Law Department by the Buildings, Safety, Engineering Department ("BSE&E"), confirm that the License Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria. A Certificate of Compliance was issued for the location by the BSE&E Property Maintenance Division upon the correction of certain violations under the 1984 Detroit City Code, the payment of unpaid fees, and inspection of the location during November, 2011.

Further, Chapter 61 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, Article XVII, Zoning Map Number 40, indicates that 5801 Southfield is located on land zoned B5 (Major Business District). Pursuant to Section 61-9-96 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, cabarets, hotels, and establishments for the sale of beer or intoxicating liquor for consumption on the premises are conditional uses in the B5 District outside of the Central Business District. BSE&E records indicate that the current legal uses of the location include 'Hotel with a Class "B" and "SDM" License per Building Permit Number 24036 dated April 15, 1985.' These land uses were granted by B&SE Grant Number 17-85 and B & SE Grant Number 244-83. Therefore, the continued use of 5801 Southfield for a Group "A" Cabaret with patron dancing or entertainment is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of the required City business licenses to the License Applicant.

Also, pursuant to Sections 5-7-1 and 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, the License Applicant has applied, and paid the applicable fees, for the issuance of a hotel and a Group "A" Cabaret business license for the location.

Therefore, attached for your review and consideration is a proposed resolution approving the transfer of ownership of a "Class B hotel" liquor license, with a dance and entertainment permit, located at the Doubletree Suites Hotel, 5801 Southfield, from EH Associates Limited Partnership to the Fairlane Hotel Company (License Applicant). Further, the Law Department recommends that after review and consideration by the appropriate Standing Committee that this matter be forwarded to the Committee of the Whole for approval at its next Formal Session.

If there are any questions or concerns, please do not hesitate to contact our office.

Honorable City Council:

Re: Petition Number 829 — Request for Approval of the Issuance of a New Dance and Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with a "Class C License" held by USA Concerts for a Group "A" Cabaret license at 14238 Harper.

BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 573081, which has been designated by the City Clerk as Petition Number 829. This Local Approval Notice requests City Council approval of the issuance of a new dance and entertainment permit to USA Concerts, Inc. ("Permit Applicant"), in conjunction with an existing "Class C License" at 14238 Harper.

APPROVAL CRITERIA

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the des-

ignated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria. Pursuant to Section 5-7-1 and 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Buildings, Safety Engineering and Environmental Department Business License Center records indicate that the location has been licensed as a Group "A" Cabaret since 2004, with the most recent license issued during July 2011. Therefore, the use of the location for patron dancing and entertainment is permitted subject to compliance with all relevant state codes and City ordinances and the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant.

RECOMMENDATION

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As previously stated, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution approving the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant, USA Concerts, Inc., in conjunction with a "Class C License" for a Group "A" Cabaret at 14238 Harper. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action at its next Formal Session.

If there are any questions or concerns, please do not hesitate to contact our office.

Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan

Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3).

Further, the MLCC has advised the Law Department that all Local Approval Notices concerning the approval of the issuance of dance, entertainment, or topless activity permits in conjunction with an application for, or the transfer of an existing, on-premises liquor license submitted to the City prior to the issuance of Administrative Order No. 2011-6 that have not been approved or disapproved by your Honorable Body are subject to the local legislative approval requirement of Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2).

As your Honorable Body is aware, pursuant to the local legislative approval requirement of Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), the Detroit City Council has established, by resolution, procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and topless activity permits in conjunction with applications for on-premises liquor licenses. Effective August 25, 2009, the City Council Procedures and Criteria for Michigan Liquor Control Commission Activity Permits ("Procedures and Criteria") established reasonable and uniform regulations and procedures for your Honorable Body's approval of the issuance of new, or the transfer of existing, dance, entertainment, and topless activity permits by the MLCC, which pertain to the permit applicant's background, the location's compliance with Chapter 61 of the 1984 Detroit City Code, *Zoning*, and building, fire, and health codes, and the payment of City property taxes for the location.

Pursuant to the above, Local Approval Notice (Request ID Number 573078), which has been designated by the City Clerk as Petition Number 831, is pending before City Council for approval. Specifically, this Local Approval Notice is a request from Celebrity Management Company ("License/Permit Applicant") for approval of the transfer of stock in an existing on-premises liquor license, with topless activity permit, at an established adult cabaret located at 12210 East Eight Mile Road where Nicholas J. Faranso pro-

poses to transfer 500 shares of stock to new stockholder Michelle Faranso.

Section 529(1) of the Michigan Liquor Control Code of 1998, being MCL 436.1529(1), provides that a license, or an interest in a license, shall not be transferred from one (1) person to another without the prior approval of the MLCC and that, for purposes of the section, the transfer in the aggregate to another person during any single licensing year of more than ten percent (10%) of the outstanding stock of a licensing corporation shall be considered to be a transfer requiring the approval of the MLCC. As such, local legislative approval of the aforementioned stock transfer in the on-premises liquor license, with topless activity permit, at 12210 East Eight Mile Road is required under the applicable provisions of the Michigan Liquor Control Code of 1998.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as certified to the Commission by the appropriate law enforcement officials.

A review of information compiled by City departments in conjunction with the processing of this Local Approval Notice indicates that the License/Permit Applicant has not met the requirements of Rule 5(3) of the Licensing Qualifications. The Buildings, Safety Engineering, and Environmental Department ("BSE&E") reports that an annual Certificate of Maintenance of Grant Conditions as required by BZA Decision and Order Case No. 63-07, dated January 7, 2008, has not been obtained for the location. Also, BSE&E reports that a violation and correction order was issued in November, 2011 concerning construction at the location without the required building permit.

In terms of approval of the issuance of the topless activity permit, Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's Report and information submitted to the Law Department indicates that the Permit Applicant has failed to meet two (2) of the approval criteria contained in Part VI of the Procedures and Criteria. Specifically, Approval Criterion No. 5 of the Procedures and Criteria requires that the subject premises have a Certificate of Maintenance of Grant Conditions. As previously stated, BSE&E reports that an annual Certificate of Maintenance of Grant Conditions as required by BZA Decision and Order Case No. 63-07, dated January 7, 2008, has not been obtained for the location. Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations related to the subject premises under the purview of the BSE&E. BSE&E's report to the Coordinator indicated that Electrical Division and Mechanical Division inspections were needed and that there were unpaid fees for the location. However, upon notification of the unpaid fees and lack of electrical and mechanical inspections for the location, the Permit Applicant has obtained clearances from BSE&E for these items. Notwithstanding, the Permit Applicant has not met this criterion due to the aforementioned violation and correction order that was issued in November, 2011 concerning construction at the location without the required building permit.

RECOMMENDATION

The information reviewed by the Law Department supports a conclusion that the License/Permit Applicant does not meet all of the appropriate state and local building laws and ordinances as required by Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3). Further, the License/Permit Applicant has not met two (2) of the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution disapproving the proposed transfer of stock in the "Class C license," with topless activity permit, for the establishment located at 12210 East Eight Mile Road. Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

Honorable City Council:

Re: Petition Number 745 — Recommendation of Denial of Request for City Council Approval of the Transfer of Stock in a Michigan Liquor Control Commission On-Premises Liquor License, with Dance, Entertainment, and Topless Activity Permits, in an Existing Adult Cabaret at 1416-1422 Griswold Street.

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission, issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3).

Further, the MLCC has advised the Law Department that all Local Approval Notices concerning the approval of the issuance of dance, entertainment, or topless activity permits in conjunction with an application for, or the transfer of an existing, on-premises liquor license submitted to the City prior to the issuance of Administrative Order No. 2011-6 that have not been approved or disapproved by your Honorable Body are subject to the local legislative approval requirement of Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2).

As your Honorable Body is aware, pursuant to the local legislative approval requirement of Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), the Detroit City Council has established, by resolution, procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and topless activity permits in conjunction with applications for on-premises liquor licenses. Effective August 25, 2009, the City Council Procedures and Criteria for Michigan Liquor Control Commission Activity Permits ("Procedures and Criteria") established reasonable and uniform regulations and procedures for your Honorable Body's approval of the issuance of new, or the transfer of existing, dance, entertainment, and topless activity permits by the MLCC, which pertain to the permit applicant's background, the location's compliance with Chapter 61 of the 1984 Detroit City Code, *Zoning*, and building, fire, and health codes, and the payment of City property taxes for the location.

Pursuant to the above, Local Approval Notice (Request ID Number 569777),

which has been designated by the City Clerk as Petition Number 745, is pending before City Council for approval. Specifically, this Local Approval Notice is a request from Famous Door II, Inc. ("License/Permit Applicant"), for approval of the transfer of ownership of stock in an existing "Class C license" with dance, entertainment, and topless activity permits at an existing adult cabaret located at 1416-1422 Griswold. The proposed stock transfer is as follows: Step 1, DK Investment Group transfers 4,500 shares of stock to new stockholder Touchless Ent., LLC,; and Step 2, DK Investment Group, LLC, is removed as a shareholder in the liquor license through the transfer of 45,000 shares to existing stockholder Touchless Ent., LLC.

Section 529(1) of the Michigan Liquor Control Code of 1998, being MCL 436.1529(1), provides that a license, or an interest in a license, shall not be transferred from one (1) person to another without the prior approval of the MLCC and that, for purposes of the section, the transfer in the aggregate to another person during any single licensing year of more than ten percent (10%) of the outstanding stock of a licensing corporation shall be considered to be a transfer requiring the approval of the MLCC. As such, local legislative approval of the aforementioned stock transfer in the on-premises liquor license, with dance, entertainment and topless activity permits, at 1416-1422 Griswold is required under the applicable provisions of the Michigan Liquor Control Code of 1998.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as certified to the Commission by the appropriate law enforcement officials.

A review of information compiled by City departments in conjunction with the processing of this Local Approval Notice indicates that the License/Permit Applicant has not met the requirements of Rule 5(3) of the Licensing Qualifications. The Buildings, Safety Engineering, and Environmental Department ("BSE&E") reports that an annual Certificate of Compliance has not been obtained, that there were electrical, plumbing, and mechanical violations at the location, and unpaid inspection and permit fees. Further, a report from the Department of Health and Wellness Promotion

("DHWP") indicates that the location does not have a current food service establishment license as required by the Michigan Food Law of 2000, being MCL 289.1101 *et seq.* Also, the Detroit Fire Department has indicated that there are unpaid fees and the location lacks a required permit.

In terms of approval of the issuance of the dance, entertainment, and topless activity permits for the location, Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's Report indicates that the Permit Applicant has failed to meet several of the approval criteria contained in Part VI of the Procedures and Criteria. Specifically, Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of BSE&E. As previously stated, BSE&E reports that an annual Certificate of Compliance has not been obtained and that there are electrical, plumbing, and mechanical violations, and unpaid inspection fees for the location. Approval Criterion No. 10 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the DHWP related to the location. As previously stated, DHWP has indicated that the location does not have a current food service establishment license, as required by the Michigan Food Law of 2000, being MCL 289.1101 *et seq.*

Also, Approval Criterion No. 11 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the Detroit Fire Department. In its report to the Coordinator, the Detroit Fire Department has recommended denial of the MLCC permits due to the unpaid fees and absence of a required permit.

In addition, a review of the violation history posted on the Michigan Department of Licensing and Regulatory Affairs' website for the subject location reveals that, on September 16, 2010, the License/Permit Applicant allowed the sale, possession, or use of a controlled substance (marijuana) on the licensed premises. The website indicates a hearing on the violation was held on December 10, 2010, which resulted in a negotiated settlement of three hundred dollars (\$300.00) or a fifteen (15) days suspension. Approval

Criterion No. 7 of the Procedures and Criteria provides that the request for approval shall be granted unless an applicant has been convicted of, or pled guilty or *non contendere* to a specified criminal activity, as defined in the Procedures and Criteria. The Procedures and Criteria provide that specified criminal activity means any of the specified crimes for which less than five (5) years has elapsed since the date of conviction or the date of release from confinement for the conviction, whichever is later. This definition lists several crimes to be considered in the approval process, including controlled substance offenses (MCL 750.411k through MCL 333.7455). However, the Law Department has not yet determined whether the subject violation resulted in a conviction or a plea guilty or *non contendere*, as required by Approval Criterion No. 7 of the Procedures and Criteria.

RECOMMENDATION

The information reviewed by the Law Department supports a conclusion that the License/Permit Applicant does not meet all of the appropriate state and local building, plumbing, fire, sanitation, and health laws and ordinances as required by Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3). Further, the License/Permit Applicant has not met three (3) of the approval criteria contained in Part VI of the Procedures and Criteria pertaining to the licensed premises.

Therefore, attached is a proposed resolution disapproving the proposed transfer of stock in the "Class C license," with dance, entertainment and topless activity permits, for the establishment located at 1416-1422 Griswold. Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3).

Further, the MLCC has advised the Law Department that all Local Approval Notices concerning the approval of the issuance of dance, entertainment, or topless activity permits in conjunction with an application for, or the transfer of an existing, on-premises liquor license submitted to the City prior to the issuance of Administrative Order No. 2011-6 that have not been approved or disapproved by your Honorable Body are subject to the local legislative approval requirement of Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2).

As your Honorable Body is aware, pursuant to the local legislative approval requirement of Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), the Detroit City Council has established, by resolution, procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and topless activity permits in conjunction with applications for on-premises liquor licenses. Effective August 25, 2009, the City Council Procedures and Criteria for Michigan Liquor Control Commission Activity Permits ("Procedures and Criteria") established reasonable and uni-

form regulations and procedures for your Honorable Body's approval of the issuance of new, or the transfer of existing, dance, entertainment, and topless activity permits by the MLCC, which pertain to the permit applicant's background, the location's compliance with Chapter 61 of the 1984 Detroit City Code, *Zoning*, and building, fire, and health codes, and the payment of City property taxes for the location.

Pursuant to the above, Local Approval Notice (Request ID Number 579724), which has been designated by the City Clerk as Petition Number 2013, is pending before City Council for approval of the transfer of stock in an existing on-premises liquor license, with entertainment and topless activity permits, at an established adult cabaret located at 141 West Eight Mile Road. Specifically, this Local Approval Notice is a request from Magic City of Detroit, Inc. ("License/Permit Applicant"), for approval of transfer ownership of stock in a "Class C license," with entertainment and topless activity permits, at the location by adding Maysoon Matty as stockholder through issuance of 1,000 shares of stock from the corporation.

Section 529(1) of the Michigan Liquor Control Code of 1998, being MCL 436.1529(1), provides that a license, or an interest in a license, shall not be transferred from one (1) person to another without the prior approval of the MLCC and, that for purposes of the section, the transfer in the aggregate to another person during any single licensing year of more than ten percent (10%) of the outstanding stock of a licensing corporation shall be considered to be a transfer requiring the approval of the MLCC. As such, local legislative approval of the aforementioned stock transfer in the on-premises liquor license, with entertainment and topless activity permits, at 141 West Eight Mile Road is required under the applicable provisions of the Michigan Liquor Control Code of 1998.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as certified to the Commission by the appropriate law enforcement officials.

A review of information compiled by City departments in conjunction with the processing of this Local Approval Notice indicates that the License/Permit

Applicant has not met the requirements of Rule 5(3) of the Licensing Qualifications. The Buildings, Safety Engineering, and Environmental Department ("BSE&E") reports that the operators of the establishment at 141 West Eight Mile are using land zoned residential for accessory parking in violation of the Chapter 61 of the 1984 Detroit City Code, *Zoning*. Also, the Detroit Fire Department has indicated that there are unpaid inspection and permit fees in the amount of one hundred ninety-five dollars (\$195.00) for the location.

In terms of approval of the issuance of the entertainment and topless activity permits for the location, Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's Report indicates that the Permit Applicant's location was not approved by BSE&E due to existence of a pending investigation and application for a special land use permit. Approval Criterion No. 9 of the Procedures and Criteria pertain to unpaid fees or uncured violations under the purview of BSE&E. The investigation and permit concerns the use by the operators of the establishment of land zoned residential for accessory parking in violation of the Detroit Zoning Ordinance. The Law Department has been advised that a special land use grant has not been granted by BSE&E and that the subject land is currently being used for accessory parking in violation of the Detroit Zoning Ordinance. Also, the Coordinator's report indicates that the Detroit Fire Department had recommended denial of the MLCC permits request due to outstanding fees pursuant to Approval Criterion No. 11 of the Procedures and Criteria. This approval criterion pertains to unpaid fees or uncured violations related to the subject premises under the purview of the Detroit Fire Department. The Law Department has been advised that there are delinquent fees in the amount of one hundred ninety-five dollars (\$195.00) for the subject location.

RECOMMENDATION

The information reviewed by the Law Department supports a conclusion that the License/Permit Applicant does not meet all of the appropriate state and local building, plumbing, zoning, fire, sanitation, and health laws and ordinances as

required by Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3). Further, the License/Permit Applicant has not met all of the approval criteria contained in Part VI of the Procedures and Criteria pertaining to the licensed premises.

Therefore, attached is a proposed resolution disapproving the proposed transfer of stock in the "Class C license," with entertainment and topless activity permits, for the establishment located at 141 West Eight Mile Road. Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
KRYSTAL A. CRITTENDON

The Michigan Office of Highway Safety Planning (OHSP) has awarded the Detroit Police Department (DPD) a "Detroit Comprehensive Traffic Safety Grant" (CP-12-06) in the amount of \$50,000.00, with no cash match. The grant period is November 29, 2011 through September 30, 2012.

Within this grant, DPD Community Services will provide a community-based education program directed toward reducing traffic safety issues (drunk driving, pedestrian safety, proper car seat use, underage drinking, and other issues). Community Services will provide data-

driven, culturally-relevant traffic safety and substance abuse presentations throughout the course of the grant year and work with various community groups and committees focused on the grant's mission. The grant's budget will allow for overtime payments to Community Services officers for work on grant-related duties and allow also for the purchase of promotional items for the grant. In the event that this grant is accepted, Lieutenant Terry Herbert of Community Services would serve as the project director. The appropriation number for this grant is 13516.

The Board of Police Commissioners has already approved this request. Therefore, I now request approval from your Honorable Body to accept this grant and adopt the enclosed resolution.

December 23, 2011

Re: Request to accept a "2012 Electronic Crash & Submission Grant" from the Michigan Office of Highway Safety Planning (OHSP).

The Michigan Office of Highway Safety Planning (OHSP) has awarded the Detroit Police Department (DPD) a "2012

Electronic Crash Capture & Submission Grant" in the amount of \$160,853.00, with no cash match. The grant period will run from November 22, 2011 through September 30, 2012 and the grant number is TR 12-08.

The Michigan Office of Highway, Safety and Planning (OHSP) allocated funds to law enforcement agencies for improvement of their electronic crash reporting system. The state now requires all UD 10 Accident Reports to be filed on-line and as a result of this project, it is anticipated that there will be a decrease in the number of errors in our UD 10 Accident Reports; thereby increasing the accuracy of data provided to the state. The grant funds allocated by Michigan Office of Highway, Safety and Planning (OHSP) will allow ITek to complete the updates necessary for the system, provide training and equipment to Department personnel.

If permission is granted to accept this award, Lieutenant Tonya Golfin, of Technical Support, will serve as the Project Director for the grant. The appropriation number for this grant is 13517.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the funding and approved participation.

**RESOLUTION FOR SUPPORT OF
TRANSPORTATION ENHANCEMENTS,
RECREATIONAL TRAILS AND SAFE
ROUTES TO SCHOOL PROGRAMS**

January 31, 2012

By COUNCIL MEMBER COCKREL, JR.:

WHEREAS, The 102nd Congress established as a matter of law that the nation's transportation system should necessarily include options for the additional infrastructure for walking and bicycling; and

WHEREAS, For the past two decades, Congress has provided dedicated resources to improve the transportation system by providing trails for bicycling and walking while enhancing environmental and historical assets as they relate to the transportation system; and

WHEREAS, Congress also concluded that a portion of the gas tax contributed by motorized trail users should be dedicated to the improvement of the trails for all users noting the particular transportation challenges facing our children; and

WHEREAS, These programs, Transportation Enhancements, Recreational

Trails, and Safe Routes to School are well established in our state and function well to the benefit of the communities of the State of Michigan. The City of Detroit finds that these programs have provided critical mobility, economic, health, safety and aesthetic benefits to our community for the past twenty years; and

WHEREAS, Proposals pending before Congress for possible inclusion in a new federal transportation law would eliminate dedicated funding for these critical programs and/or introduce new eligible and rules that undercut their integrity. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council urges Congress, in any new legislation, to continue the Transportation Enhancements, Recreational Trails and Safe Routes to School programs in their current form with dedicated funding at the commensurate with their current share of the transportation budget.

RESOLUTION

By COUNCIL MEMBER WATSON:

WHEREAS, The Planning and Development Department has formally reported to the Detroit City Council that "an assessment" revealed that the CDBG balances which were approved by the Legislative Branch for appropriation to community organizations fulfilling HUD missions totaled \$116.5 million in unspent funds, while the City's cash balance in the relevant HUD account only reflected \$63.4 million, and

WHEREAS, The Planning and Development Department has requested that the Detroit City Council amend the HUD Consolidated Plan to reflect reprogramming of CDBG funds in the amount of \$57,522,974.85 to address the alleged 'over-commitment' cash balance with HUD and facilitate \$4.4 million to a City-wide demolition project, and

WHEREAS, The Detroit City Council held a public hearing which elicited oral and written testimony from citizens who had applied for CDBG funds, were approved by the City Council to receive CDBG funds, but who never received the CDBG funds in accordance with HUD policies; some groups were never even informed that their funding had been approved and others were told to wait — and now the funds are missing! and

WHEREAS, The Detroit City Council must represent the interests of citizens and community organizations who are serving those who are homeless, hungry,

and in need of the safety-net programs offered by CDBG grantees — particularly during this era when the City and its families are experiencing unprecedented economic challenge, while the State has eliminated public assistance for thousands who are most in need, amidst foreclosures, joblessness and despair reaching epidemic proportions; THEN THEREFORE BE IT

RESOLVED, That the Detroit City Council request that the Mayor urgently request that the State of Michigan close the gap between the \$116.5 million committed to CDBG grantees in the City of Detroit and the \$63.4 million which has been assessed as the available balance, using a portion of the \$3.8 billion in ARRA funds from the Federal Government which the State used to cover its deficit, and BE IT FURTHER

RESOLVED, That the Detroit City Council immediately call for the Auditor General to conduct a comprehensive audit relative to the CDBG funds to produce findings and determinations relative to the \$116.5 million in HUD funds which had been approved by Council but never allocated, and never appropriated by Planning and Development staff, despite the reality that hundreds of millions of dollars in HUD funds have been expended by Planning and Development to deliver “technical expertise” to CDBG grantees during multiple years of unaccountability which damages the City, its residents and the organizations which seek to serve them, and BE IT FINALLY

RESOLVED, That the request to the State of MI and the audit findings be completed before the Council moves forward to amend the HUD Consolidated Plan.

RESOLUTION FOR NATIONAL PARKS SERVICE APPEAL OF HISTORIC TAX CREDIT

By COUNCIL MEMBER WATSON:

WHEREAS, The City of Detroit is facing some serious fiscal challenges and welcomes support from the business community; and

WHEREAS, Dan Gilbert and Quicken Loans have been very supportive of the City of Detroit. By the middle of this year, Quicken Loans will have brought over 4,000 new jobs in to the downtown core, and encouraged people to not only work, but to also live and play in downtown Detroit; and

WHEREAS, Dan Gilbert has pur-

chased and renovated hundreds of thousands of square feet of new office and retail space, and the effect of these jobs and renovated space has been critical to the revitalization of downtown; and

WHEREAS, Two of the most important downtown buildings are the Chase Tower and the First National Bank Building. These are being redeveloped by Gilbert Loans both for Quicken Loans’ use and for new tenants targeted to the creative new economy. Currently both projects are relying on the use of the 20% federal historic tax credits; and

WHEREAS, Both projects are facing difficulties in the tax act certification process based on work completed and proposed for the upper floors, and the purpose of the historic tax credit program is to rehabilitate older buildings to continue their economic useful life; and

WHEREAS, Such rehabilitation makes sense *only if* the developers can alter the space such that it will be attractive to modern office users. To offer a historic tax credit, but then set forth binding restriction such that the developer can’t make the property sufficiently attractive to prospective tenants defeats one of the prime purpose of the program; NOW THEREFORE BE IT

RESOLVED, That Council Member JoAnn Watson and the Detroit City Council supports the two projects Chase Tower (611 Woodward Ave., NPS Project #26676) and First National Building (660 Woodward Ave.; NPS Project #26677) and urge approval by the National Park Service for both to receive the 20% federal historic tax credits for the invaluable contribution of these projects to our downtown community and the City of Detroit.

Planning & Development Department

January 20, 2012

Honorable City Council:

Re: Planning & Development Department (P&DD) Reprogramming Unspent Community Development Block Grant (CDBG) Funds Awarded 1995 through 2009.

In February, 2011, P&DD staff, City Planning Commission staff, HUD, and Corporate FACTS conducted an assessment of unspent CDBG balances. The unspent balances totaled \$116.5 million and extend as far back as 1995. The assessment also revealed that the City's cash balance at this time with HUD was \$63.4 million, thus, revealing an over commitment of CDBG funds by approximately \$53.1 million.

In April, 2011, a CDBG Task Force was convened to address the unspent balances and over-commitment of funds. The Task Force performed an evaluation on all outstanding CDBG funds (approximately 2,000 open CDBG activities) and developed decision criteria for identifying funds

that could be recaptured. The decision criteria used include:

- **Defunct groups** — Instances where the subrecipient agency no longer exists or is no longer operational;
- **Inactive groups** — Line items that are not currently being used and/or lack any activity on their award for an extended period of time;
- **Insignificant balances** — Line item balances of \$1,000 or less;
- **Old Account balances** — Line items that reflect balances of 10 years or more;
- **Project Complete** — Line items that reflect project completion but a remaining balance of funds;
- **Program/Contract problems** — Line items that reflect unresolved problems with executing the contract or implementing the funded program activity;
- **Contract expired** — Line items reflecting contracts that have expired; and
- **Public Service Cap** — Line items older than 2006 that are no longer eligible due to annual 15% cap on public service activities.

Based on this analysis, it is recommended that \$57,522,974.85 in CDBG fund obligations be eliminated to address the over commitment and to reconcile to the actual cash balance available with HUD. In addition, it is recommended the approximately \$4.4 million in residual funds be used for the City-Wide Demolition project, which will help eliminate blighting conditions and accelerate our expenditures to meet program progress standards by April 30, 2012.

In order to continue this effort, it is respectfully requested that your Honorable Body approve the attached resolution, which represents a major restructuring of our Community Development Block Grant program. Thus, reprogramming unspent funds to address the over commitment cash balance with HUD, and allocate the remaining surplus to be used for the City-Wide Demolition project. We respectfully request the authorization of this change and to amend the HUD Consolidated Plan for the stated purpose by approval of the attached resolution.

Respectfully submitted,
 ROBERT ANDERSON
 Director

By Council Member Jenkins:

Whereas, An assessment revealed that the CDBG balances totaling \$116.5 million in unspent funds and the City's cash balance with HUD is \$63.4 million resulting in an over commitment of CDBG funds of approximately \$53.1 million; and

Whereas, The Task Force performed and evaluation on all outstanding CDBG funds and developed decision criteria for identifying funds that could be recaptured; and

Resolved, That the Finance Director be and is hereby authorized to make

changes to the appropriations (see attached) affected by this resolution to adjust the City's CDBG balance with HUD's cash balance based on the aforementioned recommendation; and

Resolved, That the Finance Director be and is hereby authorized to accept and process all documents reflecting these changes.

Now Therefore Be It Resolved, That the Detroit City Council hereby approves amending the HUD Consolidated Plan to reflect the reprogramming of Community Development Block Grant funds of the recommended amount of \$57,522,974.85 in CDBG funds to address the over commitment cash balance with HUD and \$4.4 million to the demolition of the former Arnold Nursing home on West Seven Mile and the former Wayne State University School of Pharmacy on Rivard as well as demolition of non-residential property along commercial corridors with any balance available from the \$4.4 million not needed for the two properties noted above. ~~City Wide Demolition project.~~

Be It Finally Resolved, That the Mayor of the City of Detroit, Dave Bing, is here-

by authorized to amend the HUD Consolidated Plan, including all understandings and assurances contained therein to the U.S. Department of Housing & Urban Development (HUD) in accordance with the foregoing communication.

Detroit Recreation Department

December 16, 2011

Honorable City Council:

Re: Request to Approve Third Amendment to Detroit Riverfront Conservancy Lease Agreement.

On April 15, 2005, your Honorable Body adopted a resolution authorizing the execution of a lease agreement between the City of Detroit and the Detroit Riverfront Conservancy to assist in the implementation of the RiverWalk along the Detroit River between Hart Plaza and Gabriel Richard Park to the east of the MacArthur (Belle Isle) Bridge. Pursuant to that resolution, the City and the Conservancy entered into the "Detroit Riverfront Conservancy Lease Agreement" dated as of May 31, 2005 (the "**RiverWalk Lease**"). The RiverWalk Lease has been amended twice, in September 2007 and in February 2009.

Since the date the RiverWalk lease was executed, there have been a number of changes in recreational opportunities in the east riverfront area, including the creation of the William G. Milliken State Park and the establishment of the Dequindre Cut Greenway. The City and the Conservancy, with the assistance of the Detroit Economic Growth Corporation, have been exploring avenues to further improve recreational opportunities and facilities in the east riverfront area. The parties have concluded that adding

Gabriel Richard Park to the RiverWalk Lease (as was previously done with Mt. Elliott Park) will enable the Conservancy to utilize its funding sources to improve access to, and the facilities at, Gabriel Richard Park, while adding the portions of vacated Dequindre between Atwater and Woodbridge will assure continuity between the RiverWalk and the Dequindre Cut Greenway.

The original RiverWalk Lease and previous amendments were authorized for and executed by the Director of the Planning & Development Department. However, because of the substantial and predominant recreational component of the RiverWalk Lease, the Planning & Development Department and Recreation Department agree that it is more appropriate for the RiverWalk Lease to be administered by the Recreation Department. Accordingly, this request is submitted by the Director of the Recreation Department with concurrence by the Director of the Planning & Development Department.

Accordingly, authorization is respectfully requested to amend the RiverWalk Lease to expand the RiverWalk so that it will connect to the Dequindre Cut Greenway, to include substantially all of Gabriel Richard Park in the RiverWalk, and to describe the improvements the Conservancy will make to Gabriel Richard Park. A copy of the proposed Third Amendment to Detroit Riverfront Conservancy Lease Agreement and a proposed resolution are attached for your consideration.

Respectfully submitted,
ALICIA C. MINTER

Director, Recreation Department

RESOLUTION

By Council Member Kenyatta:

RECITALS:

A. On April 15, 2005, the Detroit City Council adopted a resolution authorizing the execution of a lease agreement between the City of Detroit and the Detroit Riverfront Conservancy, Inc. (the "**Conservancy**") to assist in the implementation of the RiverWalk along the Detroit River between Hart Plaza and Gabriel Richard Park to the east of the MacArthur (Belle Isle) Bridge (the "**RiverWalk**").

B. Pursuant to the April 15, 2005 resolution, the City and the Conservancy entered into the "Detroit Riverfront Conservancy Lease Agreement" dated as of May 31, 2005 (the "**RiverWalk Lease**").

C. Exhibit H, Exhibit I and Exhibit 1.07 to the **RiverWalk Lease** describe the parcels of riverfront land owned by the City as the "**Property**", and the portions of the Property leased to and possessed

by the Conservancy as the “**RiverWalk Area**”, and the portions of the Property leased by the City to the Conservancy, but for which possession has not yet been tendered to the Conservancy, as “**Delayed Possession Parcels**”.

D. On November 17, 2006, the Detroit City Council adopted a resolution authorizing the execution of an Amendment to the RiverWalk Lease between the City and the Conservancy for the purpose of adding the Cemex Parcel certain parcels to the Property and the RiverWalk Area.

E. Pursuant to the November 17, 2006 resolution, the City and the Conservancy entered into the “First Amendment to Detroit Riverfront Conservancy Lease Agreement” dated as of September 25, 2007 (the “**First Amendment to RiverWalk Lease**”).

F. Pursuant to clauses in the previously described resolutions authorizing the execution of required instruments to correct minor inaccuracies or technical matters, provided that the changes do not materially alter the substance of the RiverWalk Lease, as amended, the City and the Conservancy entered into the “Second Amendment to Detroit Riverfront Conservancy Lease Agreement” dated as of February 19 2009 for the purpose of making technical revisions to the description of the Gabriel Richard Park Parcel and the scope of work at Mt. Elliott Park and other minor technical revisions to the RiverWalk Lease, as amended.

G. The City and the Conservancy have entered into a maintenance and use agreement under which the Conservancy manages the Dequindre Cut Greenway between Woodbridge and Gratiot.

H. The City and the State of Michigan have entered into a lease agreement pursuant to which the State has created the William G. Milliken State Park, formerly known as Tricentennial State Park, on City-owned property comprising the former St. Aubin Park parcel together with additional adjacent properties to the west and to the north.

I. At the time of entering into the RiverWalk Lease, the City and the Conservancy had not reached final agreement as to the description of portion of the RiverWalk south of Atwater lying

within the State Park; however the City and the Conservancy have now agreed upon the description of the RiverWalk within the State Park.

J. The City and the Conservancy desire to add to the Riverwalk the portions of vacated Dequindre between Atwater and Franklin (known as the Dequindre Trail Extension Parcel), and between Franklin and Woodbridge (known as the Dequindre Trailhead Parcel) so that there is continuity between the RiverWalk and the Dequindre Cut Greenway.

K. The City desires to make Gabriel Richard Park more accessible and beneficial as park and recreational space, and the City and the Conservancy have determined that that objective will best be served by including Gabriel Richard Park as part of the RiverWalk as was done with Mt. Elliott Park.

L. Because of the predominantly recreational nature of the interests described in the RiverWalk Lease, the City desires to transfer responsibilities for the RiverWalk Lease from the Planning & Development Department to the Recreation Department.

M. The City and the Conservancy desire to enter into a “**Third Amendment to Detroit Riverfront Conservancy Lease Agreement**” to revise and expand the description of the Property within the State Park area and to include the Dequindre Trailhead Extension Parcel and the Dequindre Trailhead Parcel, to expand the description of the Gabriel Richard Park Parcel of the RiverWalk Area to include substantially all of the park and describe the improvements to be made to Gabriel Richard Park by the Conservancy, and to make certain other technical corrections.

N. The City Council has received and reviewed a copy of the proposed Third Amendment to Detroit Riverfront Conservancy Lease Agreement.

Now, therefore be it resolved by the City of Detroit City Council, as follows:

1. **Resolved**, That Exhibit A to the resolution referred to in Recital A, above, as amended by the resolution referred to in Recital D, above, is amended to add the Dequindre Trail Extension Parcel and the Dequindre Trailhead Parcel, as follows:

<u>Ward Item No.</u>	<u>Stret Address/Location</u>	<u>Common Name</u>
N/A	Vacated Dequindre between Atwater and Franklin	Dequindre Trail Extension Parcel
N/A	Vacated Dequindre between Franklin and Woodbidge	Dequindre Trailhead Parcel

2. **Resolved**, That the Director of the Recreation Department is authorized to execute the Third Amendment to Detroit Riverfront Conservancy Lease Agreement, as follows:

- a. Exhibit H to the RiverWalk Lease, as amended, is amended to include within the definition of “Property” the parcels known as the Dequindre Trail Extension Parcel and the Dequindre Trailhead Parcel.

b. Exhibit I to the RiverWalk Lease, as amended, is amended to:

i. Replace the first page of Exhibit I with an updated list of surveys and legal descriptions of RiverWalk Area parcels.

ii. Delete Survey Map I.3 (Gabriel Richard Park Parcel) dated March 14, 2005 and replace it with Survey Map I.3 dated March 14, 2005 and revised as of August 26, 2010.

iii. Move to Exhibit I from Exhibit 1.07 Survey Map DPP.1 (Chene Park Parcel - East Portion) to indicate that possession of this parcel has been tendered to the Conservancy.

iv. Add Survey Map DPP.2A (Holcim Parcel - South Portion) to indicate that possession of the southerly portion of the Holcim Parcel has been tendered to the Conservancy.

c. Exhibit 1.07 to the RiverWalk Lease, as amended, is amended to:

i. Replace the first page of Exhibit 1.07 with an updated list of surveys and legal descriptions of Delayed Possession Parcels and to update the triggering events that will convert the Delayed Possession Parcels to Riverwalk Area parcels.

ii. Delete Survey Map DPP.2 (Holcim Parcel) and replace it with Survey Map DPP.2B (Holcim Parcel - East Portion) to reflect that the southerly portion of the Holcim Parcel has been converted to RiverWalk Area and the easterly portion remains a Delayed Possession Parcel.

iii. Delete Survey Map DPP.5 (Rivard to St. Aubin Park Parcel) dated March 23, 2005 and replace it with Survey Map DPP.5 (State Park/Dequindre Cut Parcel) revised as of February 19, 2010 to finalize the RiverWalk property descriptions within the State Park south of Atwater and to add the Dequindre Trail Expansion and Dequindre Trailhead parcels.

d. Exhibits 2.02B(1) and 2.02B(2) are amended to include the conceptual plans for the improvements to Gabriel Richard Park, and the City Recreation Department's comments on such plans.

e. Exhibit 2.02B(2) is amended to delete the annotated copy of DPP.3 Sheet 1 of 3 added by paragraph 3.A. of the Second Amendment to Detroit Riverfront Conservancy Lease Agreement, to indicate that the construction area restrictions in Mt. Elliott South Parcel are no longer in effect.

f. Section 1.05 of the Lease Agreement is amended to correct references to the State Lease and to confirm that the Conservancy is subject to the use restrictions, covenants, and easements described in the State Lease.

g. Exhibit 1.05(C) is added to the Lease Agreement to further identify the use restrictions, covenants, and easements described in Section 1.05.

h. References in the Lease Agreement

referring to the Planning & Development Department are changed to the Recreation Department as the department acting on behalf of the City under the Lease Agreement.

3. **Resolved**, That the Director of the Recreation Department is authorized to execute and deliver documents necessary or convenient for the consummation of the transaction described above pursuant to and in accordance with the RiverWalk Lease, as amended.

4. **Resolved**, That the Director of the Recreation Department is authorized to execute any required instruments to make and incorporate technical amendments or changes to the RiverWalk Lease, as amended (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise during the term of the RiverWalk Lease as amended, provided that the Corporation Counsel determines that the changes do not materially alter the substance or terms of the RiverWalk Lease, as amended.

5. **Resolved**, That the Third Amendment to the RiverWalk Lease and other documents referred to in the preceding paragraphs be considered confirmed when executed by the Director of the Recreation Department and approved by the City of Detroit Corporation Counsel as to form.

City Planning Commission

January 24, 2012

Honorable City Council:

Re: Recommendations for 4 appointments to the Citizen Review Committee (Recommend Appointments).

BACKGROUND

There are currently 11 Citizen Review Committee members and three of the members' terms have expired as of June 30, 2011. Planning Commission staff has contacted all the current members and eight of the 11 members have expressed a desire to continue to serve on the committee. Only one of the three expired-term members, Juanita Hernandez, desires to be reappointed for the term expiring June 30, 2014. As is tradition, the CPC generally recommends the reappointment of recently serving, veteran CRC members at their request.

Of the remaining two members whose terms have expired, one member, Brenda Goss Andrews, became a City Planning Commissioner, so her seat is now available for the remaining two years of her term, ending June 30, 2014. Sister Eileen Lantzy, the remaining expired-term CRC member, is unable to serve due to health reasons, so her seat is also available for the remainder of the term, which also ends June 30, 2014. Of the remaining CRC members with current (un-expired) terms, only one, George Turner, indicated that he would not be able to serve this year for health reasons as well. There is one year left on his term, which will expire on June 30, 2013. In total, there are three seats available for the 2012-2013 Citizens Review Committee and one seat to be considered for reappointment.

Staff of the City Planning Commission solicited applications through a citywide mailing. Approximately 1500 applications were mailed out and a total of 24 applications were received. Planning Commission staff reviewed these applications and selected 7 candidates to be interviewed by the Planning Commissioners. The remaining 17 applicants were not selected for various reasons ranging from ineligibility to inability to meet the terms of service of the position.

CITY PLANNING COMMISSION

On January 19, 2012, the City Planning Commissioners conducted interviews of five of the seven candidates; two candidates did not appear for the interview. The Commission voted and nominated Ms. Georgia Cambell (a retired State Administrator) and Mr. Gerald Hart (a retired Financial and Information Systems Auditor), to serve out the remaining terms ending in June, 2014. The CPC also voted and nominated Ms. Annie Mae Holt (a retired public school teacher) to serve out the remaining term ending June 30, 2013. In addition, the Commissioners also voted and recommended that Ms. Juanita Hernandez, a six-term CRC veteran, be reappointed to serve out the term expiring in June, 2014.

The following list presents the names and addresses of the 2012-2013 Citizen Review Committee, which will include the three nominees and one reappointment, upon confirmation by City Council:

- **Georgia Cambell**, 18401 Sussex, **nominee.**
- **Gerald Hart**, 19314 Plainview Ave., **nominee.**
- **Annie Mae Holt**, 1412 Stahelin, **nominee.**
- **Juanita Hernandez**, 6527 Vaughan, has completed her sixth term on the CRC and has been a member since 1993, **seeking reappointment.**
- Ms. Tracey Marks, 2990 West Grand Blvd., third term CRC, member since 2003.
- Sofia Moore, 5529 Cranshaw, second term CRC member since 2007.
- Ava Tinsley, 7821 E. Lafayette, second term CRC, member since 2007.
- Paul S. Jones, Jr., 12669 Wyoming, first term CRC, member since 2010.
- Cassandra Pettway, 20011 Whitcomb, first term CRC, member since 2010.
- Althea D. Sauls, 12856 Longacre, first term CRC, member since 2010.
- John Stovall, 18228 Sorrento, first term CRC, member since 2010.

RECOMMENDATION

The City Planning Commission recommends that Georgia Cambell and Gerald Hart each be appointed to serve for the remainder of the three-year terms ending on June 30, 2014 and that Annie Mae Holt be appointed to serve for the remainder of the three-year term ending June 30, 2013. The Commission is also recommending that Juanita Hernandez be reappointed for the term ending June 30, 2014.

WHEREAS, The City of Detroit previously made detailed studies of the location, physical condition of structures, land

use, environmental influences, and social, cultural and economic conditions of the development area known as the Myrtle-Humboldt Rehabilitation Project (the "Project Area"), located in the City of Detroit, State of Michigan, described as follows

Beginning at the intersection of the south right-of-way line of Myrtle Street, 50 feet wide and west of right-of-way line of Lawton Avenue, 60 feet wide; thence northerly along said west right-of-way line to the intersection with the north right-of-way line of Magnolia Street, 50 feet wide; thence easterly along said north right-of-way line to the intersection with the east right-of-way line of 18th Street, 60 feet wide; thence southerly along said east right-of-way line to the intersection with the south right-of-way line of Myrtle Street; thence westerly along said south right-of-way line to the point of beginning; and

WHEREAS, Based on said studies the City determined, in accordance with 1945 Public Act 344, as amended, MCL 125.71, *et seq.*, that portions of the Project Area 1) were blighted, and 2) were detrimental and a threat to the safety, health and welfare of the people both within the Project Area and throughout the City of Detroit because of obsolescence, physical deterioration of structures and other similar characteristics; and

WHEREAS, The City of Detroit Community and Economic Development Department, as predecessor of the City Department now known as the City of Detroit Planning and Development Department prepared a Modified Development Plan dated July, 1979 consisting of 8 pages and 18 maps, a relocation plan and estimated costs to facilitate redevelopment of the Project Area that was determined to be in need of redevelopment, which Plan was submitted to the Detroit City Council together with a recommendation for approval; and

WHEREAS, The Detroit City Council, by Ordinance No. 354-H, adopted November 14, 1979, approved and adopted said Modified Development Plan and amended Chapter 2 of the 1964 Code of the City of Detroit to add a new Article 51, consisting of Sections 2-51-1 through 2-51-8, to effect and evidence said approval and adoption of the Modified Development Plan for the Myrtle-Humboldt Rehabilitation Project, and

WHEREAS, Said Modified Development Plan called for acquisition of all parcels of land located within the Project Area, relocation of all residents then residing within the Project Area to decent safe and sanitary housing, certain right-of-way adjustments including the vacation of streets and alleys within the Project Area and the widening of Myrtle Street (now known as Martin Luther King Boulevard), and the disposition and devel-

opment of all parcels within the Project Area for institutional purposes, all in accordance with City zoning ordinances and the City's Master Plan, as amended; and

WHEREAS, All parcels of land located within the Project Area and subject to land use restrictions imposed by the Modified Development Plan were acquired and subsequently sold by Quit Claim Deed dated April 2, 1980, recorded April 8, 1980 in the Office of the Register of Deeds for the County of Wayne in Liber 20832 on Pages 321 thru 323 inclusive, and developed for permitted institutional purposes pursuant to terms and conditions set forth in that certain Agreement to Purchase and Develop Land (referenced herein as "Development Agreement") dated March 26, 1980, recorded April 2, 1980 in Liber 20827 on Pages 523 thru 570, inclusive; and

WHEREAS, A Certificate of Completion dated May 10, 1983, recorded May 20, 1983 in Liber 21661 on Pages 804 thru 807, inclusive, was issued by the City's Community and Economic Development Department to evidence the Department's conclusive determination of the satisfaction and termination of said Development Agreement, together with all agreements and covenants with respect to construction of the improvements contemplated under the Development Agreement; and

WHEREAS, Pursuant to a request from the current owner of all the development parcels and improvements thereon located within the Project Area, the Planning and Development Department has undertaken more recent studies to assess the current status of the City's implementation of Modified Development Plan activities and the current physical condition of structures, land use, environmental influences and social, cultural and economic conditions of the Project Area and has concluded that all acquisition, relocation, disposition and right-of-way adjustment activities contemplated under the Modified Development Plan have been completed, the Project Area has been completely redeveloped for institutional use, all indications of blight have been eliminated and that there is no longer any public purpose to be served by having the Modified Development Plan remain as a land use restriction and encumbrance upon property located within the Project Area; and

WHEREAS, The period specified in the Modified Development Plan for the duration of land use provisions, controls and restrictions on development activities within the Project Area, which period was to be for at least 25 years from their effective date or 25 years from the date of execution of land disposal documents for the disposition of land within the Project Area, has now expired; and

WHEREAS, The Detroit City Council has been fully appraised, and is aware of these facts and conditions; and

WHEREAS, This ordinance to repeal Sections 2-51-1 through 2-51-8 of the 1964 Detroit City Code, by which the Modified Development Plan for the Myrtle-Humboldt Project was adopted, has been reviewed and considered at a public hearing held _____, 2011, pursuant to proper notice, at which time all interested persons and organizations were given an opportunity to be heard; and

WHEREAS, The Planning and Development Department has certified to City Council that the redevelopment of the Project Area has been completed in a manner consistent with and in conformity with requirements set forth for this location in the City's Master Plan, as amended, that has been adopted for the City as a whole.

Now, Therefore:

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Planning & Development Department

January 11, 2012

Honorable City Council:

Re: Assignment, Assumption & Consent Agreement Extension of Development Agreement Development: 10533 Gratiot.

On July 28, 2006, your Honorable Body authorized an amendment to the Development Agreement on the above-captioned property for Gratiot-French Development, LLC, a Michigan Limited Liability Company, for the purpose of constructing a two-story approximately 84,600 square foot self-storage facility with space to include a United Parcel Service (UPS) Store.

Gratiot-French Development, LLC, has informed the Planning and Development Department (P&DD) that due to unavoidable circumstances, they were not able to complete the development within the time allotted in the present Development Agreement. Gratiot-French Development, LLC now wishes to assign all their rights, title and interest on the above-captioned

property to Tim Donut U.S. Limited, Inc., a Florida Corporation, also known as Tim Hortons.

Consequently, Tim Hortons is requesting that the completion of development on 10533 Gratiot be extended to January 31, 2013.

Tim Hortons possesses the qualifications and has indicated potential financial resources necessary to develop the land in accordance with the Development Plan.

The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed Assignment, Assumption and Consent Agreement is in satisfactory form.

We, therefore request that your Honorable Body adopt the attached resolution authorizing and approving an Assignment, Assumption and Consent Agreement between Gratiot-French Development, LLC, a Michigan Limited Liability Company, Tim Donut U.S. Limited, Inc., a Florida Corporation and the City of Detroit, a Michigan Public Body Corporate.

We, also, request that your Honorable Body adopt the attached resolution authorizing an extension of the completion period of the development to January 31, 2013.

Respectfully submitted,

NEW BUSINESS
Law Department

January 26, 2012

Honorable City Council:

Re: Proposed Ordinance to amend Chapter 40 of the 1984 Detroit City Code, 'Parks and Recreation,' Article IV, 'Hart Plaza,' by amending Section 40-4-1, 'Hart Plaza defined'. Originally submitted on December 12, 2011; Resubmitted per request of Neighborhood and Community Services Standing Committee January 26, 2012.

At the request of the Recreation Department, the Law Department is submitting the proposed ordinance referenced above for your consideration and adoption. The proposed ordinance has been approved as to form by the Corporation Counsel.

The Recreation Department is requesting revisions to Section 40-4-1 of the Detroit City Code pursuant to discussions with and requests by the Downtown Development Authority ("DDA") and the Detroit Riverfront Conservancy ("DRFC").

The proposed ordinance changes the southern boundary of Hart Plaza so as to remove the riverfront walkway promenade from the definition of Hart Plaza. The DDA has been maintaining this space on behalf of the City, but the DDA contract for maintenance terminated November 30, 2011. The Recreation Department and the DRFC desire to enter into a maintenance and use agreement covering this riverfront walkway promenade under which the DRFC would operate and maintain the promenade. The parties have executed a "Maintenance and Use Agreement (Civic Center Promenade)", CPO 2854624, which is currently in the process of normal contract review, approval and submission to your Honorable Body for approval.

The DRFC desires to maintain and operate the Promenade in the same manner as the adjacent and connecting Riverwalk. However, the DRFC has determined that certain provisions of the City Code applicable to Hart Plaza, which is defined in City Code Section 40-4-1 as extending to the Detroit River, are unduly restrictive and incompatible with the DRFC's proposed use and operation of the riverfront walkway promenade — for example, the prohibitions against bicycles and other wheeled vehicles.

After due consideration and input from

all involved, it has been determined that the most direct and expedient resolution of this problem is to simply exclude the walkway from the definition of Hart Plaza. This would allow the riverfront walkway promenade to be operated in a manner consistent with the Riverwalk, while leaving unchanged the provisions of Chapter 40, Article IV, pertaining to the plaza operation of Hart Plaza.

We are available to answer any questions that your Honorable Body may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,

TIMOTHY A. BECKETT

Supervising Assistant

Invocation

Let us pray. I hope this isn't a bad time God because we need to talk. We want to pray not just for these leaders around this table but for the 10 of thousands of people who love Your city even people without jobs and water today.

This Nation of our set out to create a more perfect union; than granted, at the time it was only for white males but we move to days when we thought we were making some progress. Remember God, remember 1965 voting rights act, remember God and now all over our country people are creating new Jim Crow laws keeping people from voting, people that we need to vote and we need to be involved in Your city. We need to talk God. I know You know about this because, obviously, You are God. Maybe we should talk to some people who sit a little closer, people like Erma Henderson, people like MaryAnn Mahaffey or people like Dr. King who, as You know God, died trying to protect workers' rights and now we have this whole thing going on in our country call, it is a lie of course, "right to work". We all know that "right to work" means right to work for less and right with no benefits and right to work with no pension, God we need to talk; I hope this is not a bad time because we have a lot to talk about.

I want to talk to You God. I am praying today, I am praying for the end to war; You know we are at war, don't You God. I am not talking about that budget busting war that ripped the safety net apart beyond our shores, I am talking about the war right here in our nation; the war on the poor, the war on the people who are most vulnerable, the war that is ran by people

behind the city of greed, the city of greed; the 1%, 2% or 3% that live behind the walls on the street call Wall.

Do You know about the attack on workers, God; I am sure You do, You are God. Workers that have worked for You and behind You and because of You and beside You, we need Your help God. We need You to lead a new movement to democracy. God, behind the walls there are people who pull strings and people who sit in legislative seats who do not own their seat and who do not vote their own conscience; they vote the conscience of those behind the walls. God help us break down the walls; the walls of the city of greed being on the street call Wall. We need to occupy our own country God; therefore, we ask You for Your help right now. We need a more perfect union; not just the AFL-CIO, AFSCME, UAW or United Way but the union of all people who believe that the gifts You have given us belong to all the people You created; a union of those who believe that the basic needs of every human being are considered a right and not a privilege. A union of all those people who are children of God of all faces and all colors and all cultures; we need Your help right now God and we promise You that we will speak when the spirit says and we will act when the spirit says and obey the spirit of our God.

Let the people say Amen.

PUBLIC COMMENT

PATTON, DOROTHY spoke regarding her returned checks from the City of Detroit. The City cashed three (3) of her checks and retained one (1); her winter taxes. Her checks were stamped insufficient, no account, stop payment, etc. She states she did not send a dishonest check. The latter indicated a legal claim would be put on her home.

COLEMAN, STEVE spoke concerning the closing of Erma Henderson Marina. He states that there is a group called the Friends for the Preservation of Erma Henderson Marina.

COLEMAN, REVEREND RON, SR. (God Land Unity Church) expressed his outrage concerning the closing of Henderson Marina. Friends of Henderson Marina have a Body that works with them to make sure it is in operational order and that they follow regulations in maintaining the Marina. The Erma Henderson takes in enough

money to operate itself. Rev. Coleman stated that there is not a problem with the finances. We have enough boaters and some pay as much as twenty-eight hundred dollars (\$2,800) for one well. We are operating in approximately two hundred plus thousand dollars (\$200,000) income. We were quoted a price of \$70,000 water bill. The water runs 24 hours a day around the clock all season and no other person does anything to cut down or maintain the Marina in a proper manner. We bring our families into the city. We understand that there are two proposals that have been accepted by Department of Parks and Recreation and they are considering taking over our Marina. Harbor Hill is not where we want to go. Henderson Marina is well maintained by the boaters and now they want to take it from us and give it to some else. Copies were distributed regarding Friends for the Preservation of Erma Henderson Marina.

GRAY, MICHAEL A. designed a program to stimulate economy growth. The program will create jobs, education, public safety, etc. He presented the program to Council for review. (The clerk did not receive a copy.)

TODD, JAMES states that Erma Henderson (a historical gem) Marina should not be closed. We must focus on the future for our children and be able to pass this one to them.

LEAK, DAVID stated that between 3:00 and 6:00 there is a higher rate of juvenile crime, juvenile sex offense and juvenile drug use. He has a business call Deep Guard (unclear) Educational Services which provide after school services to approximately 15 Detroit Public Schools, three (3) Charter Schools in Detroit and approximately six (6) schools in West Bloomfield. Mr. Leak is requesting a letter of support from City Council saying that there is a need for programs like this in Detroit. He is asking for Council's support in helping developing our children lives.

PAYNE-LEE, EDITH gave Council an update on DFD incident summary through January, 2012. There have been almost 5,000 incidents that the Fire Department responded to in over 3,000 hours; that will yield over four million dollars (\$4,000,000) to the city.

She stated she was not able to find the Public Health and Safety Committee meeting for the 6th of this month and as well as October 25. The other information she gave Council from the other municipality is not limited to recovering cost from DTE it is

also insurance companies' half met matters.

At the January 5 Council Committee of the Whole meeting, The Parson Brinkerhoff Contract was up for consersancy and it was mentioned from Council Member Spivey and Council Member Brown mentioned that their contract expired in 2009; they should not have been given a contract to take over DDOT.

JOHNSON, RUTH stated the importance of good transit; good transit matters no matter what. She is a requesting this Honorable Body to get a representative to report on the promise made 90 days ago with Mr. Brown and a union representative that promise improvement in the bus service. She would like a report. We requested that Mayor Bing show us that he is doing everything in his power to preserve, protect and properly manage our current bus service. We are not able to get a copy of the scope of services and it is unclear as to who is accountable for what.

MADDOX, MARGUERITE asked when Council will get an interrupter because she is having a problem hearing even though there are microphones. Another concern is the busses. She would like to see some improvements on the scheduling of the busses; drivers are talking on their cell phones, which are not allowed. Another problem is safety.

CRAWFORD, DIANE asks the elected officials to support and allow the citizen of Detroit to have access to water in their homes even if they cannot afford to pay current or past bills. The elected officials of Detroit must help to make water available and affordable. Water is a human right.

MRS. PERSON stated that she called Council Member JoAnn Watson after she had called the police seven (7) times. She called the Mayor's office and the Mayor's office told her that the man has a right to protect his business. The Police station is on Gunston and Gratiot; she was on Cadillac and Warren. Ms. Person stated that she does not have police protection on the East side of Detroit. Centers are closed on the East side of Detroit and the busses are not running. There are only two (2) schools on the East side. Something needs to be done. There are twenty (20) burnt houses on her street.

LEE, RHENE E. stated that last week he believes his comments were misunderstood by Councilwoman JoAnn Watson. He made his apologies by e-mail to everyone at the table and he

wants to make a public apology because it was done in public. He stated that he should not have allowed the actions of one to allow me to respond toward the entire Board. He stated that he is aware of the efforts made at the Federal level, the courts and by petition. The Emergency Manager is a time sensitive issue. He states that Council should consider whatever actions are being taken with regards to the Emergency Manager Team meeting in public to file a Friends of the Court Brief. He indicated that as a matter of elevating discourse; there were eight graders at the meeting and the way we received a response was rude. I would like to see a higher level of civil discourse.

SPYKER, DANIEL D. pleaded for the Bus services for people in the community. Any further cut backs to the bus system would cause the system to collapse.

FEDEWA, PATTY stated that many of the problems are due to opening the Shoemaker garage to improve our mechanical operations. Service as been worst since January 14 and since Chris Brown's promise three months ago, things are worst instead of better. Why did it cost us an extra two million dollars (\$2,000,000) to get mechanical operations improved. It looks as if that money will come out again with the service cuts that were heard this morning. We have had numerous bus cuts and it appears that we are eliminating the system.

BRADLEY, DJUANA (Tisha (sp) Flowers from Detroit Action Commonwealth sitting in for Ms. Bradley because she rides the bus.) Ms. Flowers feels unsafe on the bus; she lives in the University District and she does not have a car.

DONWELL, WILLIE comment is regarding the Board of Review which it is an item on the agenda. He requested to speak when the item is addressed on the agenda.

GLOVER, BLAIR did not speak.
UPSHAW, WALT did not speak.

MOTHER HOLMES prayed for council: Dear Lord, we need You so bad. Father God please look over everyone. Lord please watch over Council. We are in trying times. Please Father look on us and give our Council a break. Things seem to be so hard. Give our Council fresh courage. Bless and look over them at all times. They have a heavy journey. Father, You are the only one who can change things. Give them fresh courage; Lord, please save Detroit. Father we need You like never

before. Let the people step forward and make a way for us. Bless the people living here. Lord, we need You. Help our Council to do their job. Keep them safe from all hurt, harm and dangerous. Lord, I am asking You to look on Detroit this day. Let us carry on with our families and friends and not have to worry. Lord, I am asking this in Your Holy Name. Lord save Detroit and keep Detroit. Father I ask this in Your Holy Name; in the name of the Father, the Son and the Holy Ghost. Amen.

Honorable City Council:

Re: 8900 Gratiot — Payment in Lieu of Taxes (PILOT).

Detroit Catholic Pastoral Alliance, the sponsor is constructing eleven-unit residential units above a commercial complex. The project is in the area bounded by Van Dyke to the West; McClellan to the East; Warren to the South and I-94 to the North. The development will consist of: one 1-bedroom, seven 2-bedrooms and three 3-bedrooms units.

\$1,400,000 City of Detroit — HOME Investor Loan Program at 1.00% interest for 20 years is financing the development, in addition to a loan of \$500,000 from Opportunity Resource Fund at 6.00% interest for 5 years and Michigan Brownfield Tax Credits.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty-percent (20%) or 3 of the units must be occupied by households with incomes no greater than 50% of the area median income, adjusted for family size. The remaining eighty-percent (80%) or 8 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a seven percent (7%) service charge for this housing project.

Department of Public Works City Engineering Division

January 13, 2012

Honorable City Council:

Re: Petition No. 807 — Crystal Curry, requesting permanent closure of alley along property located at 18031 Dequindre.

Petition No. 807 of "Crystal Curry" request to the conversion of the easterly portion of the east-west alley, 17.00 feet wide, in the area North of Nevada Avenue, 70 feet wide, and between Marx Avenue, 75 feet wide, and Dequindre Avenue, 66 feet wide, into a easement for public utilities. This closure will provide better security, stop of illegal dumping, and unwanted traffic in said alley.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into private easement for public utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

RICHARD DOHERTY

Head Engineer

City Engineering Division — DPW

By Council Member Brown:

**Department of Public Works
 City Engineering Division**

January 12, 2011

Honorable City Council:
 Re: Petition No. 759 — UrbanTECH, request for the closure of the remaining public alleys in the block bounded by Calvary, Campbell, West Vernor and Newberry.

Petition No. 759 of "UrbanTECH", on behalf of Ryan's Food Center request permission to temporarily close the remaining public alleys in the block bounded by Newberry Avenue, 50 feet wide, West

Vernor Highway, 66 feet wide Campbell Avenue, 66 feet wide, and Cavalry Avenue, 50 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The City Engineering Division — DPW's investigation requires for the petitioner to obtain the consents of abutting property owners for the closure of the remaining alleys in said area. There are six (6) different property owners that need to consent to the petitioner's request. The petitioner was able to obtain three (3) consents from abutting property owners. Two property owners have not replied back to the certified mailing sent on or mailed on June 16, 2011, copies of the certified mail receipts are on file with the City

Engineering Division — DPW. One property owner at 5878 West Vernor Highway **OBJECTS** to the request stating “This request is TOTALLY unacceptable. We have been established in the area in question for over thirty years, well before Ryan’s Food Center. These alleys are necessary for delivery and access to our customer’s parking. The closing of these routes will have a negative effect on our business. The closing makes no sense and will actually create havoc.” City Engineering Division — DPW (CED) have been receiving numerous complaints over the past years between property owners in the alley in regards to previous alley closures and illegal alley closures.

Usually when CED receives objections like this from abutting property owners, CED would have the petitioner resolve the issue with the property owner in order for CED to send a resolution to this Honorable Body. In this case the petitioner’s consultant, Jackson Consulting Group LLC, on the directions of his client, Ryan’s Foods Center, sent a letter dated November 16, 2011 requesting that CED submit a resolution to this Honorable Body on our findings and investigation information.

All involved City departments and privately owned utility companies have reported no objections to the proposal, provided they have the right to ingress and egress at all times to their facilities.

You will find attached an appropriate resolution authorizing the City Engineering Division — DPW to issue permits to close said remaining alleys in said area on a temporary basis (for a period of five (5) years) to expire on February 1, 2017. If and only if this Honorable Body approve the attached resolution.

Respectfully submitted,

RICHARD DOHERTY

Head Engineer

City Engineering Division — DPW

Provided, That at the expiration of the permit, all obstructions shall be removed at the petitioner's expense. The public property shall be restored to a condition satisfactory to the City Engineering Division — DPW by the petitioner at the petitioner's expense; and be it further

Provided, This resolution is revocable

at the will, whim or caprice of the Detroit City Council without cause. The petitioner waives the right to claim damages or compensation for removal of encroachments. Further, the permittee acquires no implied or other privileges hereunder not expressly stated herein. If this permit is continued for the five (5) year period, the City Council may (upon written request and if the circumstances justify accordingly) grant an extension thereto; and be it further

Provided, This permit shall not be assigned or transferred without the written approval of the Detroit City Council; and

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Detroit Police Department

January 13, 2012

Honorable City Council:

Re: Permission to Accept a 2012 Competitive Grant from the Michigan Commission on Law Enforcement Standards (M.C.O.L.E.S.).

In August of 2011, the Michigan Commission on Law Enforcement Standards (M.C.O.L.E.S.) accepted competitive grant applications for the 2012 training year, January 1, 2012 through December 31, 2012. The Detroit Police Department's Grants and Contracts submitted an application and was awarded \$17,000.00 from M.C.O.L.E.S.

The total grant budget is \$22,667.00. Seventy-five percent (75%) will be funded by M.C.O.L.E.S. (\$17,000.00) and twenty-five percent (25%), or \$5,667.00, will be funded by the City of Detroit. The Detroit Police Department (DPD) will meet the matching requirement by devoting academy staff hours (salary and fringes) to the project's implementation. Second Deputy Chief Tina Tolliver, of Budget Operations, has stated that the twenty-five percent (25%) matching funds are available. The appropriation number for this grant is 13380. Commander Duane Love, of the Training Center, will serve as the project director for the grant.

The "Detroit Police Department 2012 In-Service Training" Program will provide four (4) specialized training sessions to members of the Department. Two sessions will be for **Homicide and Crime Scene Management**. At the completion of this three day death investigation course, the participant will be able to develop successful crime scene strategies that will afford them the best opportunity to properly document a violent crime scene and have analyzed the very probative evidence that will eventually lead them down that path of truth. Concentration is on the crime scene and the ability for the homicide detective to recognize various crime scene indicators coupled with victimology that will make it much easier to establish a proper motive. Successful prosecution always begins at the initial crime scene. The recognition of physical evidence and its documentation, collection and analysis are key to an accurate and reliable reconstruction. This course also teaches and stresses the importance of proper crime scene protocol that will ensure the thorough process and documentation of any homicide scene, which often is followed

by arrest of the offender and successful prosecution.

The final two sessions will be for **Homicide Scene Management for Patrol**. At the completion of this course, the participant (the patrol officer or first responder) will demonstrate the ability to handle and approach a homicide or violent crime scene prior to the arrival of scene investigators. Mistakes can be made at these types of scenes which can have a damaging ripple effect throughout the entire investigation. Managing the scene of a homicide and avoiding too much traffic and cross contamination, while at the same time establishing safe boundaries that will encompass all of the physical evidence are essential duties. Crime scene management begins with the arrival of the first officer on scene and continues with the homicide investigators. Officers have certain responsibilities at various levels of a homicide investigation as it applies to the scene. The most important and often overlooked are the responsibilities of patrol. Know what to do before critical errors and possibly the loss of vital evidence takes place. It's always been a simple rule in homicide investigation; how the initial scene is handled by patrol has a profound effect on the entire investigation. This one day class is designed to benefit those in patrol so they may understand what role they play not only in the initial securing of a homicide scene, but also provides them with a good understanding of physical evidence recognition preservation and documentation.

The Board of Police Commissioners has already approved this request. Therefore, I now request approval from your Honorable Body to accept this grant and adopt the enclosed resolution.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Budget Department

January 31, 2012

Honorable City Council:

Re: Bank On Detroit 2011-12 Budget Amendment.

In 2009, under the leadership of Council Member Jo Ann Watson, the City of Detroit created the Bank On Detroit program.

The Bank On program, first started in 2006 in San Francisco, has been so successful, that it has been adopted by the State of California and 40 cities across the U.S. that have modeled and initiated their own Bank On programs. The primary goal of the Bank On programs is to create economic stability for individuals and families by increasing banked households. The program is designed to help the unbanked enter the financial mainstream. Unbanked is a term for individuals who conduct their financial transactions outside of the financial mainstream, meaning they don't use products such as checking accounts, credit cards, savings accounts, or mortgages.

Bank On Detroit is a coalition founded by the City of Detroit, in partnership with the Detroit Alliance for Fair Banking, the United Way of Southeast Michigan, financial institutions, community based organizations, the Alliance for Economic Inclusion of Southeast Michigan and other partners. Goals for the Bank On Detroit program include:

1. Increase the supply of starter account products that work for the low-income unbanked market by developing baseline product criteria that must be offered by all participating financial institutions.

2. Raise awareness among unbanked consumers about the benefits of account ownership and spur them to open accounts.

3. Clamp down on the proliferation of check cashers and payday lenders.

4. Raise city-wide awareness of the unbanked problem and potential solutions.

5. Make quality money management education more easily available to low-income Detroiters.

For the 2011-12 budget, City Council designated \$100,000 in Community Development Block Grant funds toward the Bank On Detroit program. However, most Bank On programs are housed under the Administrative branch of government. Mayor Bing strongly supports the Bank On Detroit initiative and has agreed to house the Bank On Detroit initiative within the City of Detroit Treasury Division. As a result, the Budget Department is requesting to amend the 2011-12 budget to transfer the Bank On Detroit program from the City Council to the Treasury Division of Finance.

MEMBER REPORTS

COUNCIL MEMBER BROWN: The CAFR report indicates that Council needs to take some action on the Deficit

Elimination Plan by the 27th. My understanding is that we were waiting for temporary agreement from the uniform side of the house to come in before we would evaluate the savings we were getting in dollars.

COUNCIL MEMBER COCKREL, JR.: I request on behalf of City Council, Mr. Corley, that you review all of the agreements and analyze them as to exactly how much savings, base on what you can see, generated and by when it will be generated. It is important that Fiscal Analysis do a thorough review and provide us a report that analyzes the impact. We have to remember that initially the showings of the City being out of cash by April and not by the end of the fiscal year is what lead to these projections.

COUNCIL MEMBER SPIVEY: The February 27 deadline is at hand. If this Body took the initiative, we have a prerogative to seek a 30 day extension; we do not have to use all 30 days but from this Body to the Review Team until the end of March.

COUNCIL PRESIDENT PUGH: Is there an objection to have the resolution ready if needed? Hearing none, Research and Analysis Division is directed on that resolution.

COUNCIL MEMBER JENKINS: I submitted questions regarding the union coalition tentative agreement on February 2 to the Mayor's office and I have not received a response. I ask Ms. Gardner to follow up and get those responses to me as soon as possible.

Wednesday, February 15, AARP is hosting a Tax Aide program at the Frederick Douglas Library at 3666 Grand River Blvd. The program is open to residents who are low to medium income with a special focus on individuals who are sixty and over. Call 313-481-1707 for an appointment.

Youth Violence Taskforce meeting will be held on Wednesday, February 22, at 5:30 P.M. at Wayne State Police Department Headquarter located 6050 Cass Avenue. I will ask Media Services to scroll this information.

Thank you to Reverend Carter Grimmitt at People United Methodist Church who invited me to speak for Black History month. When I left, I received a love bag. This is a ministry at the congregation. The love bags are non-perishables and they ask the congregation to give to people on the street corners asking for money or with a sign saying they are hungry.

COUNCIL MEMBER JONES: Skill Trade Task Force Meeting on Tuesday, February 21, in the Committee of the Whole Room at 4:00-6:00 P.M.

COUNCIL MEMBER WATSON: Special appreciation to Cheryl Johnson, City Treasurer, Chris Gulock, City Planning Commission and Derrick Headd, Fiscal Analysis and everyone connected with "Bank on Detroit" for doing a wonderful job in the first year.

On Tuesday, February 28, there will be a rally to speak about the large number of signatures on petition to repeal the unconstitutional and undemocratic dictator law call for Public Act 4 (Emergency Managers). The rally will be at Michigan ASFCME Council 25, 600 W. Lafayette, Downtown Detroit. We will deliver the petitions at United Central Methodist Church in Lansing, Michigan located at 215 N. Capitol Avenue.

COUNCIL PRESIDENT PUGH: This meeting will be adjourned until Friday at 9:00 A.M.

Honorable City Council:

Re: Gardenvue Estates Phase IIIC (Tireman Avenue) — Payment in Lieu of Taxes (PILOT).

The Detroit Housing Commission

(DHC) has selected Norstar Development USA, L.P. for the Housing and Urban Development (HUD) sponsored Hope VI redevelopment of the former Herman Gardens Public Housing Complex. The area to be redeveloped consists of approximately 149 acres and is bounded by Joy Road to the north, Tireman to the south, Asbury Park to the east and Southfield Freeway to the west. The Redevelopment Plan includes approximately 496 residential rental units, 424 homeownership units, the redevelopment of a public school, development of a NFL Boys and Girls Club, and commercial/retail development. In support of the development, the City of Detroit through the Detroit Building Authority (DBA) is constructing all infrastructure required for the project.

The 496 rental units of the development is planned to be completed in phases over the next four to five years depending on the market and the availability of tax credit funding. Phase IIIC will consist of 84 units: 77 1-bedroom, 1 bath and 7 2-bedroom, 1 bath.

Construction financing is being provided by a loan of \$10,350,000 from Bank of America, HOPE VI Loan in the amount of \$3,300,000; an amount not to exceed \$8,200,000 NSP loan and \$500,000 tax credits. Permanent financing will be provided by Detroit Housing Commission/HOPE VI Loan; NSP loan not to exceed \$10,230,000 and Low Income Tax Housing Credits.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Forty-three (43) will be public housing units in which tenants will pay no more than 30% of their income for rent. Twenty-four (24) units are restricted to tenants with incomes up to sixty percent (60%) of the area median income. Seventeen (17) of the units will have no rent restrictions.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a ten percent (10%) service charge for this project.

Respectfully submitted,
FREDERICK W. MORGAN
Assessor

By Council Member Cockrel, Jr.:

**Finance Department
Board of Assessors**

February 8, 2012

Honorable City Council:

Re: Gardenview Estates Phase IIID (Tireman Avenue) — Payment in Lieu of Taxes (PILOT).

The Detroit Housing Commission (DHC) has selected Norstar Development USA, L.P. for the Housing and Urban Development (HUD) sponsored Hope VI redevelopment of the former Herman Gardens Public Housing Complex. The area to be redeveloped consists of approximately 149 acres and is bounded by Joy Road to the north, Tireman to the south, Asbury Park to the east and Southfield Freeway to the west. The Redevelopment Plan includes approximately 496 residential rental units, 424 homeownership units, the redevelopment of a public school, development of a NFL Boys and Girls Club, and commercial/retail development. In support of the development, the City of Detroit through the Detroit Building Authority (DBA) is constructing all infrastructure required for the project.

The 496 rental units of the development is planned to be completed in phases over the next four to five years depending on the market and the availability of tax credit funding. Phase IIID will consist of 82 units: 75 1-bedroom, 1 bath and 7 2-bedroom, 1 bath units.

Construction financing is being provided by a loan of \$8,100,000 from Bank of America, HOPE VI Loan in the amount of \$4,950,000; NSP Loan not to exceed \$8,000,000 and tax credits. Permanent financing will come from Detroit Housing Commission/HOPE VI Loan NSP Loan and Low Income Tax Housing Credits.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Forty-one (41) will be public housing units in which tenants will pay no more than 30% of their income for rent. Twenty-

four (24) units are restricted to tenants with incomes up to sixty percent (60%) of the area median income. Seventeen (17) of the units will have no rent restrictions.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a ten percent (10%) service charge for this project.

Respectfully submitted,
FREDERICK W. MORGAN
Assessor

By Council Member Cockrel, Jr.:

Whereas, Pursuant to the provisions of Act 346 of the Public Acts of 1996, as amended, a request for exemption from property taxes by Norstar Development USA, L.P., represented by Dana Christian on behalf of Gardenview Estates Phase IIID has been filed, and it has been determined that said sponsors have formed a Limited Dividend Housing Association, LLC; and

Resolved, That said described premises shall be allowed a payment in lieu of taxes, (PILOT) or service charge of ten percent (10%) of the annual net shelter rent obtained from the project per City Ordinance 9-90 as amended, having taken effect, and be it further

RESOLUTION TO SUPPORT STATE LEGISLATIVE AUTHORIZATION FOR THE CITY OF DETROIT TO RAISE SUFFICIENT REVENUE FROM THE INCOME TAX TO ADEQUATELY ADDRESS THE CITY'S FISCAL CHALLENGES

By COUNCIL MEMBER JENKINS Joined
By COUNCIL MEMBER COCKREL, JR.:

WHEREAS, The City of Detroit, as well as many other communities, individuals, and government entities under prevailing economic conditions in 2012, finds itself facing declining revenues concurrent with the significant costs of supporting vital City services for Detroit residents; and

WHEREAS, The law of the State of Michigan, MCL 141.503, provides that the maximum local income tax rate on individuals shall be reduced annually; and

WHEREAS, This statute provides for exceptions to the requirement to reduce the local income tax rate upon application to the state administrative board and certification that three of four conditions regarding the degree of the city's fiscal distress specified in the law for relief from this requirement exist; and

WHEREAS, In January 2012, the State Treasury Department found that the City

met only two of four required indicators of financial stress, a decision that has reportedly been estimated to cost the City an anticipated \$8.5 million in forgone revenue; and

WHEREAS, The state administrative board's recent decision denying the City the right to maintain its current income tax rates of 2.5% for residents and 1.25% for non-residents, because of insufficient evidence or criteria demonstrating that the City of Detroit's budget is under fiscal stress, which directly and inescapably contradicts the decision of the governor and the state treasurer to appoint a State Review Team under Public Act 4 of 2011 to assess the degree of stress affecting the City's budget; and

WHEREAS, The ruling of the state administrative board in denying the City of Detroit's right to maintain its income tax rate because of insufficient evidence or criteria demonstrating that the City's budget is under fiscal stress is directly contradicted by the Preliminary Review Findings of State Treasurer Andy Dillon, the Citizens Research Council of Michigan, and nearly every other credible independent source; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council calls on the members of the Detroit delegation in the State legislature to introduce legislation to either amend or repeal the state laws requiring the City of Detroit and other financially challenged cities to lower their income tax rates, and especially in light of Detroit's dire and immediate condition of financial distress, to levy an income tax rate sufficient to help the City raise the necessary revenue to meet its current financial crisis; and BE IT FURTHER

RESOLVED, That the Detroit City Council will transmit copies of this resolution to the Mayor's office, Detroit's state lobbyist, all member of the Detroit delegation in the State legislature, legislative leadership, the State Treasurer and the Governor.

Honorable City Council:

Re: Request to Amend the Official Compensation Schedule.

On January 25, 2011, your Honorable Body approved pay rate changes for positions in the Human Services Department's Federally sponsored Head Start Program to facilitate payment of the 1.84% Cost of Living Adjustment (COLA) base pay grant award that was issued under the American Recovery and Reinvestment Act, effective July 1, 2009.

It was recently discovered that, due to limitations of the City's legacy payroll system (PPS), changes to rates for existing titles in the official pay table are made in percent terms and can be entered for only up to a tenth of a percent. The 1.84% COLA includes a hundredth of a percent adjustment.

This request is for your Honorable Body to approve a 1.9% adjustment which comports with payroll system requirements. This amendment would not be in addition to, but would supersede, the 1.84% previously approved. Only the 1.84% increase will be applied to the affected employee's base pay.

Department of Elections

February 1, 2012

Honorable City Council:

Re: February 28, 2012 Presidential Primary; Budget Amendment Request.

On February 28, 2012, a Presidential Primary has been scheduled in the State of Michigan. The Department of Elections is requesting funding through a budget amendment in the amount of \$500,000 to administer the Presidential Primary.

While the cost associated to administer the Presidential Primary is \$900,000, the Department has approximately \$400,000 available in various cost centers that we may use to assist with the conduct of the election. The department knowingly did not budget for the election because it was not certain that the Democratic and Republican parties would have a Presidential Primary or conduct Caucuses. Rather than encumber the funds the Department thought it fiscally prudent to request through a budget amendment for funds upon the decisions of the political parties and notification by the State Bureau of Elections.

Fortunately, all costs associated with administering the Presidential Primary will be reimbursed to the City by the State of Michigan. MCL 168.624g affirms, "The state shall reimburse each county, city, and township for the cost of conducting a presidential primary election..."

Your immediate attention to this request would be greatly appreciated.

Human Resources Department Administration

January 31, 2012

Honorable City Council:
 Re: Request to Amend the Official Compensation Schedule.

In a recent action, the Human Resources Department adopted the title of Medical Director (21-10-58) which replaces the Medical Director — Grade II (21-10-58). The purpose of this classification is to ensure the adequacy, quality care, efficiency and timeliness of medical service delivery to customers identified in processes collaboratively developed by the Department of Health and Wellness Promotion.

To be in full compliance, the State of Michigan requires that the City have a full-time Medical Director who is a licensed a physician with a Masters of Public Health or certification in preventive medicine or public health. However, in recent years, the Department of Health and Wellness Promotion has utilized a part-time contractual arrangement which ends very soon. The City's inability to attract a qualified full-time candidate is linked to the non-competitive pay range of the Medical Director — Grade II (21-10-58).

Survey results reveal that the City grossly under compensates the function. The cost of attracting licensed physicians with the required credentials to provide the level of service expected of a Medical Director is practically double the \$84,700-\$95,200 pay range of the Medical Director — Grade II. As such, recommendation is submitted to amend the 2011-2012 Official Compensation Schedule to include the following pay range for the title Medical Director.

<u>Title</u>	<u>Salary Code</u>	<u>Step Range</u>	<u>Code</u>
Medical Director	21-10-58	\$135,700-\$190,000	D

The Department concurs with this recommendation and will pay for this 100% grant funded position with the combined allocations of Medical Director — Grade II and Manager of Medical and Public Health Services.

PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE Law Department

February 22, 2012

Honorable City Council:
 Re: Petition Number 1050 — Request from the Theater Group II, Inc., for City Council Approval of the Issuance of a New Michigan Liquor Control Commission Entertainment

Permit in Conjunction with a New "Class C License" at 10100 East Eight Mile Road (Bel Air 10 Theater).

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission, issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3).

Further, the MLCC has advised the Law Department that all Local Approval Notices concerning the approval of the issuance of dance, entertainment, or topless activity permits in conjunction with an application for, or the transfer of an existing, on-premises liquor license submitted to the City prior to the issuance of Administrative Order No. 2011-6 that have not been approved or disapproved by your Honorable Body are subject to the local legislative approval requirement of Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2).

As your Honorable Body is aware, pursuant to the local legislative approval requirement of Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), the Detroit City Council has established, by resolution, procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and topless activity permits in conjunction with applications for on-premises liquor licenses. Effective August 25, 2009, the City Council Procedures and Criteria for Michigan Liquor Control Commission Activity Permits ("Procedures and Criteria") established reasonable and uniform regulations and procedures for your Honorable Body's approval of the issuance of new permits, or the transfer of existing dance, entertainment or topless activity permits, by the MLCC, which pertain to the permit applicant's background, the location's compliance with state building and health codes, Chapter 61 of the 1984 Detroit City Code, *Zoning*, and the City's Fire Code, as well as the payment

of City real property taxes for the location.

Pursuant to the above, Local Approval Notice (Request ID Number 573097), which has been designated by the City Clerk as Petition Number 1050, is pending before City Council for approval. Specifically, this Local Approval Notice is a request from the Theater Group II, Inc. ("License/Permit Applicant"), for the approval of the issuance of a new MLCC entertainment permit in conjunction with a new "Class C license" at a movie theater complex located at 10100 East Eight Mile Road. As such, local legislative approval for the approval of the issuance of a new MLCC entertainment permit in conjunction with a new on-premises liquor license for the location is required under the applicable provisions of the Michigan Liquor Control Code of 1998.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state building and health codes, and local ordinances, as certified to the Commission by the appropriate law enforcement officials.

A review of information compiled by City departments in conjunction with the processing of this Local Approval Notice indicates that the License/Permit Applicant has not met the requirements of Rule 5(3) of the Licensing Qualifications. Specifically, the Buildings, Safety Engineering, and Environmental Department ("BSE&E") reports that the License/Permit Applicant has failed to comply with Chapter 61 of the 1984 Detroit City Code, *Zoning*, due to the lack of a permit to establish an appropriate land use for a "Class C License" and the consumption of alcoholic beverages on the premises. Also, the BSE&E Business License Center reports that the License/Permit Applicant needs to obtain the required clearances from the BSE&E Electrical, Mechanical, and Property Maintenance Divisions for the subject location.

In terms of approval of the issuance of a new entertainment permit in conjunction with a new "Class C License," Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law

Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's Report and information reviewed by the Law Department indicates that the Permit Applicant has failed to meet two (2) of the approval criteria contained in Part VI of the Procedures and Criteria. Approval Criterion No. 4 of the Procedures and Criteria requires that the subject premises to be in compliance with the applicable provisions of the Detroit Zoning Ordinance. As previously stated, BSE&E reports that the Permit Applicant has failed to obtain a permit to establish the appropriate land use for a "Class C License" and the consumption of alcoholic beverages on the premises. Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations related to the subject premises under the purview of the BSE&E. BSE&E's report to the Coordinator states that a total of one thousand four hundred fifty-nine dollars (\$1,459) was due in unpaid inspection and business sign license fees for the location.

RECOMMENDATION

The information reviewed by the Law Department supports a conclusion that the License/Permit Applicant does not meet all of the appropriate state and local building laws and ordinances as required by Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3). Further, in regard to the issuance of a new entertainment permit for the location, the License/Permit Applicant has not met two (2) of the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution disapproving the request for approval of the request from the Theater Group II, Inc., for the issuance of a new MLCC entertainment permit in conjunction with a new "Class C License" at 10100 East Eight Mile Road (Bel Air 10 Theater). Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
 KRYSTAL A. CRITTENDON
 Corporation Counsel

Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules;

Whereas, Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3);

Whereas, The MLCC has advised the Law Department that all Local Approval Notices concerning the approval of the issuance of dance, entertainment, or a new entertainment permits in conjunction with an application for, or the transfer of an existing, on-premises liquor license submitted to the City, which prior to the issuance of Administrative Order No. 2011-6 have not been approved or disapproved by the City Council, are subject to the local legislative approval requirement of Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2);

Whereas, Pursuant to the local legislative approval requirement of Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), the Detroit City Council has established, by resolution, procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and a new entertainment permits in conjunction with applications for on-premises liquor licenses;

Whereas, Effective August 25, 2009, the City Council Procedures and Criteria for Michigan Liquor Control Commission Activity Permits ("Procedures and Criteria") established reasonable and uniform regulations and procedures for City Councils approval of the issuance of new permits, or the transfer of existing dance, entertainment or topless activity permits, by the MLCC, which pertain to the permit applicant's background, the location's compliance with state building and health codes, Chapter 61 of the 1984 Detroit City Code, *Zoning*, and the City's Fire Code, as well as the payment of City real property taxes for the location;

Whereas, Local Approval Notice (Request ID Number 573097), which has been designated by the City Clerk as

Petition Number 1050, is pending before City Council for approval;

Whereas, This Local Approval Notice is a request from the Theater Group II, Inc. ("License/Permit Applicant"), for the approval of the issuance of a new MLCC entertainment permit in conjunction with a new "Class C License" at a movie theater complex located at 10100 East Eight Mile Road;

Whereas, Local legislative approval for the approval of the issuance of a new MLCC entertainment permit in conjunction with a new on-premises liquor license at 10100 East Eight Mile Road is required under the applicable provisions of the Michigan Liquor Control Code of 1998;

Whereas, Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state building and health codes, and City ordinances, as certified to the Commission by the appropriate law enforcement officials;

Whereas, Information compiled by City departments in conjunction with the processing of this Local Approval Notice indicates that the License/Permit Applicant has not met the requirements of Rule 5(3) of the Licensing Qualifications, as follows:

(1) The Buildings, Safety Engineering, and Environmental Department ("BSE&E") has reported that the License/Permit Applicant has failed to comply with Chapter 61 of the 1984 Detroit City Code, *Zoning*, by not obtaining the required permit to establish the appropriate land use that would allow for an MLCC "Class C License" and the consumption of alcoholic beverages on the premises; and

(2) BSE&E has reported that the License/Permit Applicant has failed to obtain the required clearances from the Electrical, Mechanical, and Property Maintenance Divisions for the subject location.

Whereas, In terms of approval of the issuance of a new entertainment permit for the location, Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant;

Whereas, Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria;

Whereas, The Coordinator's Report

and information submitted to the Law Department indicates that the Permit Applicant has failed to meet two (2) of the approval criteria contained in Part VI of the Procedures and Criteria, as follows:

(1) Approval Criterion No. 4 of the Procedures and Criteria requires that the subject premises be in compliance with the applicable provisions of the Detroit Zoning Ordinance. BSE&E has reported that the Permit Applicant has failed to comply with Chapter 61 of the 1984 Detroit City Code, *Zoning*, by not obtaining the required permit to establish the appropriate land use that would allow for an MLCC "Class C License" and the consumption of alcoholic beverages on the premises; and

(2) Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations related to the subject premises under the purview of the BSE&E. BSE&E's report to the Coordinator states that a total of one thousand four hundred fifty-nine dollars (\$1,459) is due in unpaid inspection and business sign license fees for the location. Further, BSE&E has reported that the License/Permit Applicant has failed to obtain the required clearances from the Electrical, Mechanical, and Property Maintenance Divisions for the subject location; and

Whereas, The Law Department is recommending disapproval of the issuance of a new MLCC entertainment permit in conjunction with a new "Class C License" for the movie theater complex located at 10100 East Eight Mile Road.

Now Therefore It Is Resolved, Pursuant to Sections 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), and Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council disapproves the issuance of a new MLCC entertainment permit in conjunction with a new "Class C License" for the movie theater complex located at 10100 East Eight Mile Road; and

It Is Further Resolved, That a copy of this Resolution, and the City Clerk's certification of this approval of MLCC Request ID Number 573097, be forwarded to the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission, 7150 Harris Drive, P.O. City Planning Commission

February 14, 2012

Honorable City Council:

Re: Special District Review, 651 First Street, for replacement of three (3) cellular communication antennas on the parking garage in a PCA (Restricted Central Business District) zoning classification (Recommend approval).

The staff of the City Planning Commission (CPC) has received a build-

ing permit application from Haley Law Firm, on behalf of AT&T, for the replacement of three (3) cellular communication antennas on the parking garage in a PCA (Restricted Central Business District) zoning classification. The PCA (Restricted Central Business District) zoning classification in which the site is located calls for City Council approval of the location and design of exterior modifications following the review and recommendation of CPC (Sections 61-11-96 of the Zoning Ordinance). CPC and Planning and Development Department (PDD) staff have reviewed the application and submit this report and recommendation.

PROPOSED ANTENNAS

The proposed three (3) antennas, 76" x 14" in size, will replace smaller antennas, 28" x 8" in size. They are located on the top of the stair tower and would face north, east, and west, one in each direction. They would be painted to match the color of the building (see attached illustration).

REVIEW

The Wireless Telecommunications Site Review Committee reviewed the proposed antenna installation and recommended approval to the Buildings, Safety Engineering and Environmental Department on November 1, 2011. CPC and Planning and Development Department staffs have also reviewed the proposal.

RECOMMENDATION

CPC staff has completed its review of the proposed antennas, as has the Planning and Development Department. We find that the proposed antennas would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed antenna panels. Please find attached the appropriate resolution to effectuate your Honorable Body's approval.

Respectfully submitted,
MARCELL R. TODD, JR.

Director

and by the City Planning Commission for consistency with the spirit, purpose, and intent of the district and that those modifications must be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed antennas are in keep-

ing with the spirit, purpose and intent of the PCA zoning district classification; and

Now, Therefore, Be It Resolved, That the Detroit City Council approves the replacement of three antenna panels at 651 First Street described in the foregoing communication from the City Planning Commission staff depicted in the illustration prepared by URS with the date of April 15, 2011, with the requirement that the panels be painted to match the color of the building.

January 31, 2012

Honorable City Council:

Re: Address: 4900 Livernois. Name: Zead Rammduni. Date ordered removed: October 19, 2010 (J.C.C. p. _____).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 19, 2012 revealed the building is secured and appears to be sound and repairable.

The owner has paid or entered into an approved Tax Payment Plan to pay the current taxes due as of January 18, 2012.

The proposed use of the property is owner occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,
MICHAEL TAYLOR
Deputy Director

RESOLUTION

URGING FINANCE-ASSESSMENTS TO ASSIST CHRIST REFORM BAPTIST CHURCH IN SEEKING A REFUND OF TAXES PAID

By Council Member Watson:

Whereas, Christ Reform Baptist Church, a tax-exempt entity, and an immediately adjacent commercial property were platted together and received a single tax bill from the City's Assessor's Office which subjected both properties to the threat of tax foreclosure when those commercial property owner failed to pay; and

Whereas, According to the Detroit City Code, 51-2-7(b), *Division of platted lots*, real property descriptions may not be changed when there are outstanding city taxes or special assessments.

Whereas, Because the City could not separate the tax bills prior to the taxes being paid in full, the church paid the tax bill to separate the properties and remove the imminent threat of foreclosure, even though the bill only assessed taxes for the value for the commercial property; and

Whereas, Although the properties have since been separated; the church is seeking a full refund from the Wayne County Treasurer for the amount of taxes paid to which the Treasurer's Office agreed. Now, Therefore Be It

RESOLUTION

STRONGLY OPPOSING THE SERVICE CUTS IN THE DETROIT DEPARTMENT OF TRANSPORTATION

By Council Member Watson:

Whereas, The Bing Administration has announced drastic cuts to the bus service provided by the Detroit Department of Transportation (DDOT) without appropriately engaging the public that depends on this vital City service; and

Whereas, The announced cuts will

severely impact the quality of life, safety and employment opportunities of the residents who depend on DDOT service; and

Whereas, The Administration conducted two (2) public hearings, as required by law; however, it was evident during the meeting that the announced changes will be implemented regardless of the comments or opinions of the DDOT ridership; and

Whereas, The newly privatized management of DOT failed to attend these hearings to hear first-hand Detroit resident's concerns and how the proposed changes will affect their daily lives, which understandably angered residents, and instead shifted this task to an outside agency; and

Whereas, The proposed changes to DDOT will leave Detroit residents in an even more dire situation than they are presently facing by eliminating vital transportation services which support the members of our community who lack other viable, reliable transportation options. Now, Therefore Be It

Resolved, That the Detroit City Council strongly opposes the service cuts in the Detroit Department of Transportation (DDOT); and Be it Further

Resolved, That the Detroit City Council urges the Bing Administration to fully engage DDOT ridership for suggestions and re-evaluate the proposed service cuts; and Be It Finally

Resolved, That a copy of this resolution be sent to the Mayor's office and the Detroit Department of Transportation (DDOT).

February 22, 2012

Honorable City Council:

Re: Request to Restore the Ten Percent (10%) Wage Reduction for Staff Secretary — Detroit-Wayne Joint Building Authority (DWJBA).

Recommendation is submitted to exempt the classification of Staff Secretary — DWJBA (class code 93-11-05) from the 10% wage reduction, as the position was also exempted from the Budget Required Furlough Days. That exemption was based on the fact that the City of Detroit recovers 100% of the costs for the Staff Secretary that supports the DWJBA.

The (10% wage reduction was recently imposed on all non-union City employees as a result of Executive Order 2011-4, effective January 23, 2012. As noted in the attached letter from the Executive Director, the annual budget of the DWJBA includes the full expense of this classification and reimbursement costs have not been reduced based on the assumption of cost reductions resulting from the City of Detroit Executive Order. Therefore, we respectfully request that the classification of Staff Secretary — DWJBA be exempt from Executive Order 2011-4 and the salary be restored, effective immediately.

STATEMENT BY COUNCIL MEMBER KWAME KENYATTA EXPLAINING MY VOTE REGARDING THE GARDENVIEW ESTATES CONDOMINIUM

Today, I voted no on the Gardenview Condominium Ordinance Chapter 61, of the 1984 Detroit City Code, Zoning by amending Article XVII, District Map No. 40 regarding the development of a 166-unit rental housing project for senior citizens.

I voted no in order to give the Administration more time to come up with a resolution to excavate the hazardous waste. While I support this project, it is imperative that the remediation process for the contaminated soil be completed prior to the ordinance taking effect.

Additionally, the developer proposes to cover the contaminated soil by six inches and separate it by an orange mesh material. I question whether this is the best way to safeguard the construction workers, citizens and their children once the development has been completed. Therefore, I am requesting that the contractor identify another practice and procedure for removal of the tainted soil that exist onsite.

My opposition does not stop this project from moving forward because the majority of my colleagues supported the measure by way of a 5-3 vote. However, six votes would have allowed this ordinance to go into immediate effect and hopefully this will give the Administration more time to negotiate a resolution that would safeguard the future residents of this development.

Law Department

February 29, 2012

Honorable City Council:
 Re: Petition Number 1048 — Request for City Council Approval of Transfer of Dance and Entertainment Permit in Conjunction with Transfer of Ownership of a Michigan Liquor Control Commission On-Premise Liquor License from Olympia Entertainment, Inc., to 450 Temple, Inc., for the Masonic Temple Complex at 434-450 Temple.

BACKGROUND

On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission, issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the

means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules. Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission (“MLCC”), being R 436.1105(3).

Further, the MLCC has advised the Law Department that all Local Approval Notices concerning the approval of the issuance of dance, entertainment, or topless activity permits in conjunction with an application for, or the transfer of an existing, on-premises liquor license submitted to the City prior to the issuance of Administrative Order No. 2011-6 that have not been approved or disapproved by your Honorable Body are subject to the local legislative approval requirement of Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2).

As your Honorable Body is aware, pursuant to the local legislative approval requirement of Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), the Detroit City Council has established, by resolution, procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and topless activity permits in conjunction with applications for on-premises liquor licenses. Effective August 25, 2009, the City Council Procedures and Criteria for Michigan Liquor Control Commission Activity Permits (“Procedures and Criteria”) established reasonable and uniform regulations and procedures for your Honorable Body’s approval of the issuance by the MLCC of new dance, entertainment, and topless activity permits, or the transfer of existing permits which pertain to the permit applicant’s background, the location’s compliance with state building codes, Chapter 61 of the 1984 Detroit City Code, *Zoning*, and Chapter 19, Article I, of the 1984 Detroit City Code, *Detroit Fire Prevention and Protection Code*, as well as the payment of City real property taxes for the location.

Pursuant to the above, Local Approval Notice (Request ID Number 613426), which has been submitted to the City by the MLCC and designated by the City Clerk as Petition Number 1048, is currently pending before City Council for approval of the issuance of an MLCC per-

mit in conjunction with the transfer of an existing on-premises liquor license. Specifically, this Local Approval Notice concerns an application by 450 Temple, Inc. (“License/Permit Applicant”), for the approval of the transfer of a dance and entertainment permit in conjunction with the transfer of ownership of a “Class C License” from Olympia Entertainment, Inc.;, at the Masonic Temple Complex, 434-450 Temple. As such, local legislative approval for the transfer of a dance and entertainment permit in conjunction with the transfer of ownership of the on-premises liquor license is required under the applicable provisions of the Michigan Liquor Control Code of 1998.

APPROVAL CRITERIA

Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state building and health codes, and local ordinances, as certified to the Commission by the appropriate law enforcement officials. In this instance, a review of information compiled by City departments in conjunction with the processing of this Local Approval notice indicates that the License/Permit Applicant has met the requirements of Rule 5(3) of MLCC’s Licensing Qualifications.

In terms of approval of the issuance of the dance and entertainment permit in conjunction with the transfer of the “Class C License,” Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant’s request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator (“Coordinator”) has reported to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator’s Report, and supplemental information provided to the Law Department by Finance Department relative to the payment of real property taxes, confirms that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria. As such, the continued use of 434-450 Temple for a “Class C License” and Group “A” Cabaret, with patron dancing or entertainment, is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of the required City

business licenses to the License/Permit Applicant. Accordingly, the License/Permit Applicant has applied, and paid the applicable fees, for the issuance of a Group "A" Cabaret business license for the location.

RECOMMENDATION

As previously stated, the License/Permit Applicant has met the requirements of Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3), and the approval criterion contained in Part VI of the Procedures and Criteria. Therefore, attached is a proposed resolution approving the transfer of a dance and entertainment permit in conjunction with the transfer of ownership of a "Class C License" to 450 Temple, Inc., at the Masonic Temple Complex located at 434-450 Temple. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

 Corporation Counsel

By Council Member Jenkins:

Whereas, On November 22, 2011, the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission issued Administrative Order No. 2011-6. Administrative Order No. 2011-6 adopted the 2010 federal decennial census as the means of determining the population of a city and establishing the quantity of liquor licenses authorized by the Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq.*, as well as for any other references to population in the Code or Michigan Administrative Rules;

Whereas, Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), now requires that an application for a new, or the transfer of an existing, license for the sale and consumption of alcoholic beverages on the premises in the City of Detroit be approved by your Honorable Body in accordance with Rule 5(3) of the Licensing Qualifications promulgated by the Michigan Liquor Control Commission ("MLCC"), being R 436.1105(3);

Whereas, The MLCC has advised the Law Department that all Local Approval Notices concerning the approval of the issuance of dance, entertainment, or topless activity permits in conjunction with an

application for an on-premises liquor license submitted to the City prior to the issuance of Administrative Order No. 2011-6 that have not been approved or disapproved by your Honorable Body are subject to the local legislative approval requirement of Section 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2)

Whereas, Pursuant to the local legislative approval requirement of Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), the Detroit City Council has established, by resolution, procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and topless activity permits in conjunction with applications for on-premises liquor licenses;

Whereas, Effective August 25, 2009, the City Council Procedures and Criteria for Michigan Liquor Control Commission Activity Permits ("Procedures and Criteria") established reasonable and uniform regulations and procedures for City Council approval of the issuance of new permits, or the transfer of existing dance, entertainment or topless activity permits by the MLCC, which pertain to the liquor license applicant, land use concerns, payment of City property taxes, and whether the location is in compliance with building, fire, and health codes;

Whereas, Local Approval Notice (Request ID Number 613426), which has been submitted to the City by the MLCC and designated by the City Clerk as Petition Number 1048, is currently pending before City Council for approval of the transfer of an existing on-premises liquor license with a dance and entertainment permit;

Whereas, This Local Approval Notice requests City Council approval of the transfer of a dance and entertainment permit in conjunction with the transfer of ownership of a "Class C License" located at 434-450 Temple, from Olympia Entertainment, Inc., to 450 Temple, Inc. ("License/Permit Applicant);

Whereas, This Local Approval Notice was received by the City prior to the issuance of Administrative Order No. 2011-6 on November 22, 2011 and, therefore, requires City Council to approve the transfer of ownership of an on-premises liquor license and the issuance of a dance and entertainment permit to the License/Permit Applicant pursuant to the applicable provisions of the Michigan Liquor Control Code of 1998;

Whereas, Rule 5(3) of the Licensing Qualifications promulgated by the MLCC, being R 436.1005(3), provides that an application for a new liquor license, or an application for any transfer of interest in an existing liquor license, or an application for a transfer of location of an existing

liquor license shall be denied if the MLCC is notified, in writing, that the application does not meet all appropriate state building and health codes, and City ordinances, including zoning and fire prevention, as certified to the Commission by the appropriate law enforcement officials;

Whereas, Because the License Applicant is in compliance with all appropriate state law and City ordinances, approval of the transfer of the on-premises liquor license is proper;

Whereas, In terms of approval of the issuance of the dance and entertainment permit in conjunction with the transfer of the "Class C License," Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant;

Whereas, Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has reported to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria;

Whereas, The Coordinator's Report, and supplemental information submitted to the Law Department by Finance Department relative to the payment of real property taxes, confirms that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria;

Whereas, The continued use of 434-450 Temple for a "Class C license" and Group "A" Cabaret, with patron dancing or entertainment, is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of the required City business licenses to the License/Permit Applicant;

Whereas, The License/Permit Applicant has applied, and paid the applicable fees, for the issuance of a Group "A" Cabaret business license for the location; and

Whereas, The Law Department has submitted this proposed resolution to the City Council for the approval of the transfer of a dance and entertainment permit in conjunction with the transfer of ownership of a "Class C license," located at 434-450 Temple, from Olympia Entertainment, Inc., to 450 Temple, Inc.

Now Therefore It Is Resolved, Pursuant to Sections 501(2) of the Michigan Liquor Control Code of 1998, being MCL 436.1501(2), and Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council approves the transfer of the dance and entertainment permit in conjunction with the transfer of ownership of the "Class C license," at 434-450 Temple; and

It Is Further Resolved, That a copy of this Resolution, and the City Clerk's certification of this approval of MLCC Request ID Number 613426, be forwarded to the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission, 7150 Harris Drive, P.O. February 13, 2012

Honorable City Council:

Re: Address: 6426 Grandmont. Name: Houssam Diab. Date ordered removed: September 27, 2011 (J.C.C. page).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 7, 2012 revealed the building is secured and appears to be sound and repairable.

The owner has paid or entered into an approved Tax Payment Plan to pay the current taxes due as of August 31, 2012.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,
MICHAEL TAYLOR

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 54, Article II, of the 1964 Detroit City Code, *Policemen's and Firemen's Retirement System*.

The above-referenced proposed ordinance was requested by your Honorable Body through Council President Charles Pugh. This proposed ordinance has been approved as to form.

By way of background, the Police and Fire Retirement System was established in the 1918 Detroit City Charter and continued through Section 11-102 of the 1974, 1997, and 2012 Detroit City Charters. Although not codified in the 1984 Detroit City Code, the ordinances that establish, govern, and maintain the Police and Fire Retirement System, which have been enacted from 1918 through the Present are incorporated by reference, through Chapter 47, into the 1984 Detroit City Code.

Ordinance No. 19-93, which was pub-

lished on October 15, 1993, was the last ordinance to be passed by the City Council and approved by the Mayor regarding membership of the Police and Fire Retirement System Board of Trustees. Although a specific effective date is not contained for Ordinance 19-93, because Section 4-115 of the 1974 Detroit City Charter provided that "[a]n ordinance given immediate effect shall become effective upon publication," Ordinance No. 19-93 became effective on October 15, 1993.¹

Although Ordinance 19-93 became effective on October 15, 1993, the two retiree members have never been seated for the reason that the affected collective bargaining units² maintained that their membership on the Board is a subject of collective bargaining while the City has maintained the contrary. This issue was resolved through arbitration awards that were issued in Michigan Employment Relations Commission Case Nos. D01 D-0568, D07 K-1456, D09 F-0731, D09 G0786, and D09 C-0436 and brought in accordance with Public Act 312 of 1969, as amended, which determined that, in fact, the membership of the Board is a subject of collective bargaining. However, on February 15, 2012, Public Act 12 of 2012 became effective. The Act amends Section 15 of the Michigan Public Employees Relations Act, MCL 423.215, to prohibit, under Subsection (10), the method of selection of retiree members of the Board of Trustees of the Police and Fire Retirement System from being a subject of collective bargaining. As such, Section 11-103 of the 2012 Detroit City Charter regarding the Police and Fire Retirement System controls membership of the retirant members of the Board.

Ordinance No. 19-93 repealed Section 54-2-9³ of the 1964 Detroit City Code and added Section 47-9-1, *Membership of the Board*, to Chapter 54 of the 1964 Detroit City Code. Because the Police and Fire Retirement System has not yet been codified into the 1984 Detroit City Code but, instead, has been incorporated by reference, designation of the section concerning membership of the Police and Fire Retirement System Board of Trustees as Section 47-9-1 was incorrect.

Pursuant to the applicable provisions of the 2012 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and passage. This proposed ordinance amends Chapter 54, Article II, of the 1964 Detroit City Code, *Policemen's and Firemen's Retirement System*, which was saved from repeal by Section 11-102 of the 1997 and 2012 Detroit City Charters and incorporated by reference into Chapter 47 of the 1984 Detroit City Code, *Retirement Systems*, by repealing Section 47-9-1, *Membership*

of the Board, which, because the Police and Fire Retirement System has not been codified into the 1984 Detroit City Code, was designated incorrectly in Ordinance No. 19-93 as Section 47-9-1; by adding Section 54-2-8.1, *Membership of the Board*, to make the membership of the Board of Trustees of the Police and Fire Retirement System for non-retirant trustees commensurate with arbitration awards in Michigan Employment Relations Commission Case Nos. D01 D-0568, D07 K-1456, D09 F-0731, D09 G0786, and D09 C-0436 brought in accordance with Public Act 312 of 1969, as amended; to make the membership of the Board of Trustees of the Police and Fire Retirement System for retirant trustees commensurate with and Public Act 12 of 2012, being Section 15 of Michigan Public Employees Relations Act, MCL 423.215 and Section 11-103 of the 2012 Detroit City Charter; Section 54-2-8.2, 54-2-8.2, *Terms of Active Trustees, Trustee Selected by Board, Retirant Trustees, and Trustees Designated by Mayor*, to recodify the length of terms as provided for in incorrectly designated Section 47-9-1 for elected active trustees; to provide a term for the trustee selected by the Board in accordance with arbitration awards in Michigan Employment Relations Commission Case Nos. D01 D-0568, D07 K-1456, D09 F-0731, D09 G0786, and D09 C-0436 brought in accordance with Public Act 312 of 1969, as amended; to provide terms of office for elected retirant trustees and trustees designated by the Mayor; Section 54-2-8.3, *Scheduling of Elections for Active and Retirant Trustees*, to recodify the scheduling of elections as provided for in incorrectly designated Section 47-9-1; and Section 54-2-8.4, *Procedures for Election of Retirant Trustees*, to delineate the procedures for election of retirant trustees to make them commensurate with the procedures that contained in Section 47-1-5 of the 1984 Detroit City Code concerning the election of the retiree trustee of the General Retirement System.

We are available to answer any questions that you may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,
 KRYSTAL A. CRITTENDON
 Corporation Counsel

¹In lieu of an effective date, Ordinance No. 19-93 provides for "immediate effect following the date of a negotiated approval and acceptance of this section by the duly authorized bargaining agents as transmitted to the Board of Trustees by the Labor Relations Director." However, neither the 1974 Detroit City Charter nor Michigan labor law permit the effective

date of an ordinance to be conditioned upon the approval by the collective bargaining unit.

²These are the Detroit Police Officers Association (DPOA), the Detroit Police Officers Lieutenants and Sergeants Association (LSA), the Detroit Police Command Officers Association (DPOCA), and the Detroit Fire Fighters Association (DFFA).

³It is important to note that, prior to repeal, this Section 54-2-9 of the 1964 Detroit City Code became effective on September 5, 1979 and was designated as Ordinance No. 339-H. However, there is an original Section 54-2-9 of the 1964 Detroit City Code, *Refunds for Certain Members*, which became effective on March 21, 1976 upon publication, was designated as Ordinance No. 29-H, and remains in effect.

By Council Member Jones on Behalf of
 Council President Pugh:

AN ORDINANCE to amend Chapter 54, Article II, of the 1964 Detroit City Code, *Policemen's and Firemen's Retirement System*, which was saved from repeal by Section 11-102 of the 1997 and 2012 Detroit City Charters and incorporated by reference into Chapter 47 of the 1984 Detroit City Code, *Retirement Systems*, by repealing Section 47-9-1, *Membership of the Board*, which, because the Police and Fire Retirement System has not been codified into the 1984 Detroit City Code, was designated incorrectly in Ordinance No. 19-93 as Section 47-9-1; by adding Section 54-2-8.1, *Membership of the Board*, to make the membership of the Board of Trustees of the Police and Fire Retirement System for non-retirant trustees commensurate with arbitration awards in Michigan Employment Relations Commission Case Nos. RESOLUTION SETTING HEARING

By Council Member Jones on behalf of President Pugh:

Resolved, That a public hearing will be held by this Body on the 13th floor of the Coleman A. Young Municipal Center, on MARCH 28, 2012, AT 10:20 A.M. for the purpose of Ordinance to amend Chapter 54, Article II, of the 1964 Detroit City Code, *Policemen's and Firemen's Retirement System*, which was saved from repeal by Section 11-102 of the 1997 and 2012 Detroit City Charters and incorporated by reference into Chapter 47 of the 1984 Detroit City Code, *Retirement Systems*, by repealing Section 47-9-1, *Membership of the Board*, which, because the Police and Fire Retirement System has not been codified into the 1984 Detroit City Code, was designated incorrectly in Ordinance No. 19-93 as Section 47-9-1; by adding Section 54-2-8.1, *Membership of the Board*, to make the membership of the Board of Trustees of the Police and Fire Retirement System for non-retirant trustees commensurate with arbitration awards in Michigan Employment Relations Commission Case Nos. NEIGHBORHOOD AND COMMUNITY SERVICES STANDING COMMITTEE

City Planning Commission

January 30, 2012

Honorable City Council:

Re: The lack of local control and regulation in the contractual use by other parties of lands owned by the Michigan Department of Transportation.

During the Public Comment portion of the Thursday, January 26, 2012 meeting of the Neighborhood and Community Services Standing Committee, a member of the public raised concern about the placement of a cellular communications tower to be constructed adjacent to 23301 Schoolcraft Road (Jeffries) along the I-96 Service Drive (eastbound, between Virgil Avenue and West Outer Drive) through a lease agreement with the Michigan Department of Transportation (MDOT). The property in question, while abutting private property on the south side of the Service Drive which bears a zoning classification of R1 (Single-Family Residential District), does not, itself, bear a zoning classification and is part of the freeway right-of-way and not subject to local land use controls. As a result the cell tower can be erected without complying with the City’s zoning ordinance. This means a cell tower would be erected inconsistent with those properly regulated elsewhere across the city and to the potential detriment of this particular community.

The religious institution, St. Paul of the Cross retreat center, which abuts the property, sought an injunction against the project. On Friday, January 27th, the matter was heard in court, but the retreat center was unsuccessful.

While we now understand that the contractor is willing to work with the community in an effort to achieve a mutually acceptable solution, we believe the institution of a higher-level policy on the part of MDOT could better address this and future such situations. If MDOT would require, or at the least urge, the parties with which it contracts in circumstances such as this to comply with local zoning, communities like this could be protected. City Planning Commission staff recommends such a request be made of MDOT via the attached resolution.

Respectfully submitted,
 MARCELL R. TODD, JR.
 Director

By Council Member Kenyatta:

Whereas, The Michigan Department of Transportation (MDOT) has jurisdiction over many properties throughout the city that are not subject to local land use regulation; and

Whereas, The use of such properties is often placed under contract with utilities, communications companies and others; and

Whereas, MDOT property located adjacent to 23301 Schoolcraft along the south side of the I-96 Service Drive is under contract that would place a cellular communications tower thereon; and

Whereas, Neighboring property owners and community organizations have lodged complaints over this activity and sought redress through the judiciary and lost; and

Whereas, Were this activity conducted elsewhere in the City on zoned land not under MDOT or similar ownership it would be subject to City of Detroit regulations limiting the placement, appearance and construction of communication antennas and towers.

Now, Therefore Be It

Resolved, That the Detroit City Council urges the Michigan Department of Transportation to require the contractor erecting the tower adjacent to 23301 Schoolcraft to comply with the spirit and intent of local regulations; and

Be It Further

Resolved, That in an effort to maintain the integrity of local land use controls and the continuity of the built environment, the Michigan Department of Transportation is also requested to adopt a policy requiring or urging, minimally, compliance with the spirit and intent of local regulations by its contractors when entering into agreements for the non-MDOT related use of zoned and unzoned land falling within MDOT’s rights-of-way.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

Nays — None.

**Department of Public Works
City Engineering Division**

February 16, 2012

Honorable City Council:

Re: Petition No. 3766 — Palmer Woods Association, request to utilize traffic calming techniques in the Palmer Woods Neighborhood.

Petition No. 3766 of "Palmer Woods Association" request the closure of Strathcona Drive, 60 feet wide, and Balmoral Drive, 60 feet wide, at Woodward Avenue, 204 feet wide; also Lincolnshire Drive, variable width, at West Seven Mile Road, 120 feet wide. These closures will assist and be a positive reduction in volume and speed of vehicles within the Palmer Woods Neighborhood.

The request was approved by the Solid Waste Division—DPW, and Traffic Engineering Division—DPW. The petition was referred to the City Engineering Division—DPW for investigation (utility review) and report. This is our report.

The Palmer Woods Association submitted a report to Traffic Engineering Division (TED) through the City Clerk's Office requesting to review and investigate the issue of traffic volume and speed of vehicles using streets within the Palmer Woods Neighborhood as short cuts between Woodward and West Seven Mile Road. Under the direction of TED, Palmer Woods Association developed and tested four (4) different scenarios to be analyzed and studied. The analysis and study was shared with the residents and voted on. The Palmer Woods Association provided the City with information on the tested and proven traffic flow changes that will address the homeowners concerns about the volume and speed of traffic in the neighborhood.

The Department of Public Works rec-

ommends the approval of this petition request provided that the petitioner follows any and all provisions attached to the resolution.

On November 20, 2009, J.C.C. Pages 2783-4 City Council endorsed the request of the Palmer Woods Association as described in petition #3766, acknowledged that, in order to effectuate the modifications, the requisite resolution(s) must be prepared by the Department of Public Works. As a result of this approved resolution, a formal resolution is attached for your approval.

All City Departments and privately owned utility companies have reported no objections to the closure of streets. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY
City Engineer

City Engineering Division—DPW
