Petition No. 2221 "Lormax Stern", whose address is 6755 Daly Road, West Bloomfield, Michigan 48322, request the outright vacation of Chapel Avenue, 50 feet wide, (previously converted into an subsurface easement on April 14, 1982 — J.C.C. Pages 905-06) and the remaining portion of the north-south public alley, 18.00 feet wide, (previously converted into an easement on August 28, 1973 — J.C.C. Pages 2206-07) all in the block bounded by West McNichols Road, 120 feet wide, Vern Avenue, 50 feet wide, Burgess Avenue, 50 feet wide, and Westbrook Avenue, 50 feet wide. This outright vacation is needed in order to make the site a build able parcel of land to develop and/or construct the Meijer's Store.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The

petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

Detroit Water and Sewerage Department (DWSD) report a sewer and a water main within Chapel Avenue and sewer within the request north-south alley. However, DWSD has no objection if the petitioner agrees to relocate the sewers and water mains in accordance with the attached provisions for sewer relocation at no cost to DWSD.

DTE Energy Gas Division, report existing 16-inch gas main located within the requested outright vacation portion of Chapel Avenue, DTE will terminate all further interest within said area when DTE has completed its relocation plan provided that a replacement easement is granted to DTE in the area where the 16-inch gas line is to be located.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

RICHARD DOHERTY

**RESOLUTION
IN MEMORIAM
HONORABLE BELLA MARSHALL
Dedicated Businesswoman &
Public Servant**

IN THE NAME OF THE DETROIT CITY COUNCIL:

WHEREAS, Ms. Bella Marshall was born across the border in Windsor, Canada, in 1950 but grew up on the east side of Detroit. When she was eight, her father suffered a series of strokes that left him disabled, and he died when she was 19. Marshall's mother, Lillian, was an energetic woman, a clerical worker who strove to keep Marshall and her two siblings challenged intellectually. As a youth, Marshall was enrolled in numerous youth organizations and activities, including the Girl Scouts, cheerleading, church athletics, basketball and baseball. "My mother kept me in every organization known to modern man," Marshall told Detroit Free Press reporter Patricia Edmonds. "I didn't have time to go out and get pregnant," and

WHEREAS, Inspired by a novel about a female attorney, Marshall decided on a career in law at a young age. She won two scholarships to Wayne State University in Detroit, and then earned her law degree from the University of Michigan. Hired by the Detroit office of the Michigan State Housing Development Authority in 1975 as staff counsel, she became its first female director as well as the youngest in the agency's history just three years later. Ms. Marshall was married to Don Barden for 22 years, and the two were a veritable power couple in Detroit business and political worlds, and

WHEREAS, Bella Marshall's rising star attracted the attention of Detroit Mayor Coleman A. Young, who was searching for someone to fill the post of city finance director that had been vacant for several months. The colorful mayor took Ms. Marshall out to dinner at an Italian restaurant, and as she later recalled in the interview with Edmonds, "I don't know whether I talked him to death or he was dieting, but he did not finish his food." Mayor Young also offered Ms. Marshall the job, and at the age of just 32 she became the first woman to hold the post in Detroit history. As finance director, she was given an enormous amount of responsibility: Marshall headed a staff of 500, was responsible for all of the city's banking and investments, and also was charged with reforming its beleaguered property-tax department. Furthermore, she battled tenaciously to upgrade the rating that Wall Street gave Detroit's municipal bonds, considered a reliable sign of a city's financial health, and

WHEREAS, Detroiter Bella Marshall became one of the youngest women — and one of a handful of African Americans — to head the finance department of a

major American city. Marshall spent over a decade as director of Detroit's fiscal activities, responsible for the financial health of a city that seemed at first to be tottering on the brink of budgetary collapse. By the time she left the post in the early 1990s, Detroit was well on its way to a spectacular rebound, and Marshall and her husband, Don Barden, had become one of the city's most well-connected and socially-active partnerships, involved on both luxury home development projects and the casino industry, and

WHEREAS, Bella Marshall is described as hardworking; warm; energetic; a stylish dresser with a penchant for the highest heels; and a rapid-fire talker with a passionate voice for the people. Despite her list of achievements, Marshall always planned to stay in Detroit: "I would like for my child to look at Cobo Hall or the Chrysler Jefferson Avenue plant, which I had a part in, and say, "Isn't this a neat thing." While she was fortunate herself, she never forgot her roots, NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council acknowledges the larger-than-life legacy of the Honorable Bella Marshall and we thank her for sharing her extraordinary gifts as a businesswoman and public servant with the City of Detroit, Wayne County, the State of Michigan, and a grateful World Wide Community.

b. Unless otherwise specifically provided by action of City Council, the changes shall not apply to elected officials, temporary employees appointed outside of the classified service in special grant operations, or those whose rates of pay are otherwise set by law, contract, or on a per meeting, per call, consultant, or per clinic basis.

c. d. Where percentage adjustments are provided, individuals in classes affected shall generally have their June 30 payroll rates changed by that percentage, provided that by agreement of the department and the Labor Relations Director, adjustments within the range may be stipulated and portions of changes may, for training or other purposes, be provided only by the step increment approach or formula shown in the Official Compensation Schedule.

Honorable City Council:

Re: Correction of Errors to the 2012-2013 Mayor’s Budget.

After further review of the 2012-2013 Budget submitted on April 12, 2012, errors and amendments have been discovered which should be corrected. There are two categories of corrections. First, there are “substantive” errors, which must be corrected as an amendment to the Recommended Budget. Second, there may have been typographic and/or data entry errors, which do not affect appropriation totals or budget balancing. The “substantive” corrections are identified with (*), and will be addressed in the attached resolution.

Honorable City Council:

Re: Schedule B and Itemization of Council Changes to the Mayor's 2012-2013 Proposed Budget.

Attached is the voting schedule B for Council action on the 2012-2013 Mayor's recommended budget.

Schedule B lists Council's amendments by agency and appropriation to the Mayor's recommended budget excluding the Block Grant. These changes, in conjunction with the Mayor's recommended budget, reflect Council's priorities for the 2012-2013 Budget.

The Council has recognized the first revenue consensus process and lowered rev-

enues by \$6.38 million accordingly. While restoring portions of cuts to Law, Health, City Council, City Clerk and the Elections Commissions, the Prior Year's Deficit Appropriation was still increased by \$3.5 million.

Respectfully submitted,
IRVIN CORLEY, JR.
Director

**THE DETROIT CITY COUNCIL
2012-2013 FINANCIAL AND BUDGETARY PRIORITIES,
PUBLIC POLICY, PLANNING AND ACTION RESOLUTION**

By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit City Council has held hearings and deliberations on the 2012-2013 Executive Budget as prepared by the Honorable Mayor Dave Bing; and

WHEREAS, In the days immediately prior to the Mayor's April 12, 2012 submission of the executive budget, the City of Detroit entered into a Financial Stability Agreement (FSA) with the State of Michigan, this document among other things, is designed to bring about certain structural changes within the City's operations and programs so as to dramatically reduce the City's long-term structural deficit by shrinking city services and thereby reducing the cost of government going forward; and

WHEREAS, The City Council's Fiscal Analysis Division and the Auditor General's office engaged in an extraordinary level of involvement and collaborative guidance in assisting the Bing Administration during this fiscal year's ongoing budget process; and

WHEREAS, Consistent with Sec. 8-213 of the 2012 City Charter, the Directors of Finance, Budget, the Auditor General and City Council's Fiscal Analysis Division along with other top officials of the Bing Administration held a revenue estimating conference which determined a reasonable, agreed-upon revenue projection for the upcoming fiscal year of \$1.1 billion for major general fund revenue sources that the City is likely to receive, this figure sets a hardened ceiling on general fund appropriations and serves as the basis for this year's budget; and

WHEREAS, Beginning fiscal year 2012-13 the City of Detroit will begin preparing triennial budgets as required by the FSA, so that these three year budget projections are as accurate and reliable as possible, efforts must be expended throughout this upcoming fiscal year to capture the actual cost of all necessary goods and services whether supplied by city employees or outside vendors, so that accurate projections can be generated going forward; and

WHEREAS, City Council, as in years past, approached this budget process taking into consideration the City's current financial climate, and the need to address the long-term structural deficit, ever-rising cost of employee and retiree health and pension benefits, as well as persistent fiscal imbalances aggravated by the deterioration in revenues received from property taxes, income taxes, interest earnings, utility revenues, and intergovernmental revenues resulting from the recent serious economic recession in Michigan, particularly within the City of Detroit; and

WHEREAS, Under the backdrop of the newly adopted 2012 City Charter and FSA, the City faces an ongoing cash crisis, proposed massive reductions in workforce, and significant population decline have all contributed to the unprecedented changes in this fiscal year's budget process and underscored the urgent need for even more regimented budgetary cutbacks and fiscal restraint; and

WHEREAS, In formulating the spending plan for the 2012-13 fiscal year, the Mayor has submitted a proposed budget of \$2.5 billion which includes a general fund budget of \$1.1 billion, representing a \$250 million reduction from the current fiscal year's budget. The Mayor's proposed budget also included a reduction of 1,708 full-time employees (FTE's) general fund positions; and

WHEREAS, The Auditor General has determined, and the Fiscal Analyst concurs, that the City's prior year's deficit appropriation is approximately \$218 million after payment of \$68 million in proceeds from a short-term borrowing of \$80 million that occurred with the State's consent in March of 2012 to help address the City's cash flow crisis. The short-term will eventually be paid off with \$137 million bond sale by June 30, 2012, and provide additional proceeds to help the City's cash flow going into fiscal year 2012-13; and

WHEREAS, City Council, its Fiscal Analyst, the Auditor General and other legislative staff have studied the Executive Budget focusing primarily on the general fund budget. Utilizing conservative revenue projections, making careful assessments of necessary 'core' services that the City provides for the well-being and quality of life for the residents of Detroit, and employing fiscally sound accounting principles, City Council has determined, after reviewing anticipated revenues and expenditures, that amendments to the Mayor's proposed 2012-13 Budget are necessary as many of the reductions proposed by the Administration are very broad and would likely render certain City departments with too few resources to function and carry out their Charter-driven responsibilities. Conversely, during its review, City Council also discovered other appropriations that could be further reduced without crippling those departments; and

WHEREAS, The necessary changes require further reductions in next year's appropriations to address the overall deficit and attainment of additional cost saving measures in the City's operations. Council has identified areas to implement reductions in the budget to recalibrate and reinvent the way in which the City provides services and conducts its affairs in the present fiscal climate and to improve its future financial health; and

WHEREAS, City Council is required by law to complete its budget deliberations and submit them to the Mayor no later than May 24, 2012; and

WHEREAS, On this day, May 24, 2012, the Detroit City Council adopts a program budget that is based on sound and conservative budgetary principles for municipalities, well reasoned financial assumptions and past performance, as well as stated goals and projections for departments, divisions and agencies, and in consideration of the City's profound fiscal challenges; and

WHEREAS, In light of these factors the Detroit City Council, in adopting this budget, has incorporated fiscal and public policy priorities which are outlined below in an effort to provide effective, although in some instances reduced, government operations and service delivery to the residents, citizens, institutions and businesses of this City; and

WHEREAS, City Council recognizes that reductions alone cannot accomplish a balanced budget and still provide needed services for the citizens. Therefore, every effort must be made to formulate plans to re-invent City government through department and program consolidations and efficiencies that lessen the impact on the general fund through partnerships with non-profits and outside agencies to provide services to City residents in a more cost-effective manner; and

WHEREAS, City Council looks forward to working cooperatively with the Administration to continually improve the City's overall financial health by closely monitoring the adopted 2012-13 budget and its policy recommendations in the appropriate Standing Committees and making any necessary amendments throughout the fiscal year; and

WHEREAS, Virtually all departments, including those that provide core services, are absorbing reductions to share in the sacrifice for the betterment and survival of the City. Council urges departments and agencies to implement cost-saving measures such as transitioning FTE positions to professional services contract staff where possible. Although City Council recognizes the necessity of such reductions, the practical effect cannot debilitate departments and prove harmful to residents. This entire effort should be monitored to track the effects of this fundamental shift in governmental operations; and

WHEREAS, Due to the Administration not receiving the June 30, 2011 actuarial reports, the general fund pension contribution accounts may be under funded by up to \$7 million and there may well be necessary budgetary adjustments in the future; and

WHEREAS, Together, the City's current pension and health benefit obligations are structurally unsustainable and City Council strongly supports immediate and meaningful changes that will enable the City to move forward in a more fiscally stable position; and

WHEREAS, The Mayor's proposed budget reduced 36th District Court by \$6.4 million. City Council urges the Court to implement the Mayor's reductions by restructuring its operations through decreasing expenditures, exploring grant opportunities and maximizing revenue collection. City Council also requests the Court provide an update in six (6) months on the status of its finances and implementation of new initiatives; and

WHEREAS, The Mayor's proposed budget did not include funding for the Coleman A. Young Municipal Airport. City Council disagrees with the abrupt defunding of this agency without a viable plan for future funding and continued operations. Therefore, City Council has restored six (6) months of funding in the amount of \$275,000 to enable the Airport Department to formalize public-private partnerships and explore the feasibility of creating an Aerotropolis under the Next Michigan legislation; and

WHEREAS, The Board of Zoning Appeals (BZA) serves a vital function in assuring that land use in the City is consistent with the spirit and intent of the City's zoning ordinance. It conducts zoning appeal hearings of opinions from the Department of Buildings, Safety Engineering & Environmental and Planning & Development Departments. It also conducts hearings on non-conforming uses and structures as well as requests for zoning variances. City Council restores \$50,000 to its budget to maintain the Assistant Director position; and

WHEREAS, City Council restores \$325,000 to the Office of City Clerk's budget; and

WHEREAS, City Council restores \$2.3 million to budget of the Department of Elections in light of the important functions of the Department and to ensure proper funding for the upcoming Presidential election which is anticipated to draw a large percentage of voters; and

WHEREAS, City Council urges the Administration to work with the Detroit legislative delegation, State Lansing lobbyist, City Clerk and representatives of this Honorable Body to advocate for changes in state law that would allow for municipal and school board election cycles to coincide with the gubernatorial and presidential election cycles, which would generate more than \$6 million in savings to the City of Detroit in a 4-year period and maximize voter participation in the election process; and

WHEREAS, City Council urges the Clerk to take full advantage of cost-saving measures which include petitioning for changes in state law to allow for publication of official City business online, as opposed to providing traditional printed materials or publications which have a more limited audience and are more expensive; and

WHEREAS, City Council recognizes that leadership in these austere economic times calls for self-deprivation, and to that end implemented significant budget reductions effective March of 2012. In addition to those cuts, City Council has further reduced the

2012-13 budget of each of the nine individual City Council offices, and its Divisions, resulting in a total reduction of its 2012-13 budget in the amount of \$2,355,610; and

WHEREAS, The General Services Department (GSD) centralizes numerous municipal, maintenance and support services within the various operating departments. This centralized system provides an opportunity to further increase operating efficiencies, which translates into cost savings across departments. City Council urges GSD to obtain or reprogram CDBG funds and/or revenues generated from events held within the City for mowing of vacant lots as well as the maintenance of comfort stations at City parks, in particular Belle Isle; and

WHEREAS, Recognizing that the Human Rights Department is Charter-mandated and the vital role it has in protecting the rights of our employees, citizens and contractors that transact business with the City. City Council disagrees with the Mayor's recommendation to consolidate it with the Law Department and has restored its funding as a stand-alone department; and

WHEREAS, The Bing Administration has proposed shifting City operations that are grant-funded, such as the Department of Human Services, Detroit Workforce Development Department and the Department of Health & Wellness Promotion, to non-profit agencies to administer these programs. City Council recognizes the need to fund these programs, at least partially, so that residents receive much-needed services during any such transition time; and

WHEREAS, The Detroit Workforce Development Department (DWDD) funding shall be restored as follows: \$48 million in grant funding and \$1,502 from the general fund. This will enable DWDD to continue its important services to unemployed residents while plans to collaborate with a non-profit entity are thoroughly discussed with the Administration; and

WHEREAS, The future of the Detroit Department of Human Services (DDHS) is uncertain as discussions with the State of Michigan Department of Human Services (MDHS) are ongoing. These discussions revolve around maintaining the City's designation as a Community Action Agency (CAA). As a safety precaution, City Council restores \$7 million in Community Services Block Grant funds to the DDHS budget so that residents may continue to receive these vital services. It is anticipated that this appropriation will be amended at some future time to reflect the final decision made between the City and State; and

WHEREAS, To address the immediate needs of its residents and preserved access to the services provided by the Department of Health & Wellness Promotion, City Council has restored \$7 million which represents an appropriation for six (6) months of programming and operations. This also allows for plans to form a Public Health Institute to be properly vetted and a public hearing to be scheduled to address community concerns; and

WHEREAS, City Council has restored funding to the Health Dept. to maintain the animal control division. However, City Council urges the Administration to explore partnerships with appropriate non-profit entities for the provision of these services and a centralized shelter location; and

WHEREAS, The 2012 Charter establishes an Office of the Inspector General to ensure honesty and integrity in City government by investigating waste, abuse, fraud and corruption. City Council recommends an initial appropriation of \$500,000; and

WHEREAS, Under the 2012 Charter, the Law Department is an independent entity and remains responsible for providing legal services and representation for the City of Detroit. City Council strongly opposes the drastic reduction in the Mayor's recommended budget and restores the Law Department's funding to \$15.5 million; and

WHEREAS, City Council reduces the Mayor's budget by an additional \$118,636. This translates into a 20% overall reduction in the operations of the Mayor's Office which was arrived at to match the percentage that City Council accepted for its own budget; and

WHEREAS, Given the tenuous nature of the City's finances, City Council encourages the cultural institutions that have historically received subsidies from the City to formalize plans to re-invent the manner in which they conduct their operations and reduce the reliance on subsidies that cannot be guaranteed in the future; and

WHEREAS, Recognizing the City's fiscal condition, the Detroit Institute of Arts has generously withdrawn its annual subsidy request, thereby freeing additional funds for the City; and

WHEREAS, City Council recognizes the important role of cultural institutions in the City but has found it necessary to reduce the annual operating subsidy for the Charles H. Wright Museum of African-American History from \$1.3 million to \$1 million. This long-standing subsidy must also be accompanied by an operational and fundraising plan by the museum to increase its endowments, sponsorships and membership opportunities; and

WHEREAS, City Council realizes the importance of public transportation for its citizens and the need to continue to support this important service; however, the general fund subsidy to the Detroit Department of Transportation (DDOT) has historically been

between \$80 and \$100 million per year, which at times would balloon 30-45% beyond its annual appropriation. Council also recognizes the need to reduce this unsustainable subsidy and acknowledges that the Administration has outsourced DDOT's management to address operational and maintenance inefficiencies and improve overall service. Therefore, Council appropriates \$43 million as the DDOT subsidy for fiscal year 2012-13 pursuant to assurances that the new management team will live within this allotment; and

WHEREAS, Detroit and the rest of Southeast Michigan desperately need an integrated, reliable and efficient mass transit system where DDOT's operation are an integral part. As DDOT functions without a dedicated funding source, it largely survives courtesy of a massive infusion of general fund dollars in an annual subsidy to prop up its operations. This level of support in the current economic climate is unsustainable and efforts to integrate the DDOT system with the other transportation systems in this region is something that must occur without further delay; and

WHEREAS, The Ombudsman is a Charter mandated office. City Council urges the Ombudsman to reappropriate \$220,000 within its budget and to implement cost-saving measures such as transitioning one (1) FTE position to a professional service contract; and

WHEREAS, The 2012 Charter at Section 7.5-404 requires the salaries of the Ombudsperson and Auditor General be equal. In order to comply with the Charter mandate, and in light of the City's budgetary constraints, City Council hereby aligns the salary of the Ombudsperson to that of the Auditor General; and

WHEREAS, To ensure compliance with the federal consent decree, the Detroit Board of Police Commissioners budget included the addition of eight (8) investigators to resolve outstanding cases within 90-day timeframe and reduce overtime. City Council recommends any additional personnel, including investigators, serve on a contractual basis; and

WHEREAS, The Recreation Department serves the recreational needs of residents by providing a positive environment that encourages physical activity at both indoor and outdoor locations throughout the City. However, due to the City's budget deficit the resources to fund the department at past appropriation levels is not practicable and thus requires a budget reduction. Council therefore recommends that the Recreation Department engage in rigorous outreach to both non-profit and community organizations in an effort to form partnerships and collaborations for the provision of recreational opportunities in neighborhoods; and

WHEREAS, Recreation centers provide City residents, particularly our seniors and youth, with organized programs and activities and a safe place to engage in such recreational activities in the City of Detroit. City Council supports the Administration's efforts to raise funds to maintain the continued operation of the City's recreation centers; and

WHEREAS, An agreement was reached between the State of Michigan and the City of Detroit, formalized in Public Acts 500 and 532 of 1998, to stabilize revenue sharing levels in exchange for the reduction in the City's income tax rate for fiscal years 1999 through 2007. In 2003, 2004, 2005, 2006, and 2007, modifications to state law resulted in the City of Detroit not receiving approximately \$220 million in revenue sharing that would have been paid according to the agreement as well as the loss of approximately \$400 million in higher income tax rates. City Council strongly urges the Administration to work with the Treasurer of the State of Michigan to honor its original agreement and remit the approximately \$220 million in state revenue sharing dollars to the City of Detroit by either forgiving past indebtedness or crediting future payments to the State of Michigan or some combination of both; and

WHEREAS, The State of Michigan has recently become aware of \$300 million in unanticipated funds that the state expects to receive this fiscal year. City Council strongly urges the State of Michigan and the Bing Administration to negotiate an agreement by which past unpaid revenue sharing amounts and all other outstanding debts that are owed to the City of Detroit can be satisfied; and

WHEREAS, City Council is providing necessary fiscal checks and balances to maintain a balanced budget and addressing the City's accumulated and structural deficits through this deliberate process and has identified necessary budgetary reductions that are calculated to improve the City's financial situation. City Council strongly believes that the implementation and continuous monitoring of the 2012-13 budget and public policy goals during the upcoming fiscal year will enable the City to improve its financial future and right-size City operations; and

WHEREAS, In the event the FSA is rendered unenforceable, either by the repeal of Public Act 4 of 2011 or a determination it is unconstitutional or illegal by a court of law, City Council urges the Administration to submit an alternate budget to adequately address, specifically as it relates to the concessions achieved with the City's unions in the Tentative Agreements, the City's fiscal condition without the mandates set forth in the FSA or Public Act 4; and

NOW THEREFORE BE IT RESOLVED THAT THE 2012-2013 BUDGET OF THE

DETROIT CITY COUNCIL INCLUDE THE FOLLOWING LEGISLATIVE BUDGET PRIORITIES, POLICY AND PLANNING ACTIONS:

1. That the Detroit City Council adopts Schedule A, City Council changes to the 2012-2013 Community Development Block Grant/Neighborhood Opportunity Funds allocations.

- BE IT FURTHER RESOLVED, City Council urges the Mayor to submit a budget amendment to Council as legally required by the City of Detroit Charter and state law, that reflect any required budgetary changes including but not limited to: 1) expected revenues are lower than anticipated, 2) costs increase significantly beyond budgeted amounts 3) revenues are higher than expected or 4) costs decrease significantly below those reflected in the adopted 2012-13 Budget; and
- BE IT FINALLY RESOLVED, That the City Clerk is directed to provide a copy of this resolution to the Governor and Treasurer of the State of Michigan, Mayor of the City of Detroit, the Finance Director, the Budget Director, Wayne County Executive Robert Ficano and all agencies, departments and divisions of the City of Detroit.

¹The 2012-13 Budget as submitted by the Bing Administration has taken into consideration the Financial Stability Agreement (FSA). At the point this Resolution was being drafted, the propriety of the FSA is uncertain. The Corporation Council for the City of Detroit has declared the document to be void for certain specified reasons. However, in spite of its questionable enforceability, City Council has elected throughout this document to not assume the validity of the document given its ambiguous status but have elected to operate solely on the deficit elimination goals as required by state law under the Uniform Budgeting and Accounting Act, MCL 141.434, *et seq.*

PUBLIC COMMENT

Ms. Edith Lee-Payne: The Majority of the Cost Recovery; when we go to insurance companies where a total for an average month of March, you will collect over three-quarters of a million dollars; monthly, that number would be substantially higher and those cost would go primarily companies with DTE and in this case (March) only getting (perhaps being billed) for 160,000 out of 800,000. I have learned that AT&T has never been billed for down lines.

Robert Jones: The Cost Recovery Ordinance — I ask this Honorable Body to consider an amendment to the ordinances that are up for a vote today. I am asking that you consider an amendment to remove telephone lines and cable lines from the definition in utility. Our lines are not injurious or hazardous to the public. They create no liabilities that would cost any harm and that is the reason I am asking that the amendment be considered to remove telephone lines and cable lines from the definition.

Mr. Benny Ellerbee: I have a concern regarding a petition (2200) for a liquor license. This is behind my home and this owner does not have a partition wall to cut down sound and there was a killing at that location. I do not think this place should be open and have a liquor license on Seven Mile. Another concern is the golf course at Chandler Park and Dickerson has a new sidewalk but you cannot see it for the debris and limbs that cover the entire sidewalk.

Mr. Dan McNamara: (Men and Women Detroit Firefighters' Association) — It takes a little breeze and we have numerous of our fire companies out today on a mess of spaghetti call down line which is not safe. I am urging you to vote on behalf of this. Detroit Fire Department at our regional training academy being trained on any kind of wires; cable, AT&T and DTE; we are left to our own devices many of the time while on the streets. We are trained on how to identify and how to handle the situation. We have stream liability on the streets when a situation like this happens. We have been asking for this over a decade. I urge your support for this ordinance for the safety of everyone involve.

Mr. Timothy Jeude, Administrator with City of Detroit Human Services and I reported to work at the Herman Kiefer Complex in February and directed to the one elevator that would take me to my work site. Observing over the last couple of months, Detroit Elevator Company is

working on four (4) banks of elevator. Each bank has two to four elevators and the contract would amount to a couple of million dollars. Why is money being spent though the sight is beautifully located; it is historic. Historic grants are available in the ten of millions of dollars from Federal Government and private agencies and it has been mentioned that this would be a great place for other social services agencies.

Mr. Lawrence Dilworth spoke in support of Lisa Franklin program. He is opposed to the consent agreement and he dislikes the fact that we are losing two of our Council members. We have a great city as long as we support it.

Mr. Steve Hood: I know that Council has the power to put conditions on licenses and permits. I asks that when Council grant licenses and permits for the fireworks, please make sure that all public spaces are open to citizens that cannot afford to go other places.

Mother Holmes prayed for Council and Detroit.

No. 10-008763 CD.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential attorney-client privileged memorandum that is being separately hand-delivered to each member of your Honorable Body. Honorable City Council:

Re: James Taylor vs. City of Detroit Buildings Safety & Engineering Department. File #: 14340 (PSB).

On January 13, 2009, your Honorable Body adopted a resolution authorizing payment of \$199,000.00 to settle the workers compensation claim of James Taylor. However, Plaintiff opted to reject the settlement in order to pursue a third party claim against the contractor who was responsible for causing Plaintiff's injuries. After taking into consideration the City's lien interest in the third party claim, the value of Plaintiff's claim against the City was reduced to \$24,500.00.

We, therefore, request that your Honorable Body rescind the resolution of January 13, 2009, and request authorization to settle this workers compensation claim for the amount of Twenty-Four Thousand Five Hundred Dollars (\$24,500.00), and that your Honorable Body authorize and direct the Finance Director to issue a draft in that amount payable to James Taylor and his attorney Marc J. Littman, to be delivered upon receipt of properly executed releases and order of dismissal in Workers Compensation Claim #14340, approved by the Law Department.

Re: Petition Number 2200 — Recommendation of Denial of Request for City Council Approval for the Issuance of a New Dance and Entertainment Permit by the Michigan Liquor Control Commission to James Dixon, Jr., in Conjunction with a Request to Add Wanda L. Bowen-Dixon as a Partner on a "Class C License" at 14700 East Seven Mile Road.

BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 531370, which has been designated by the City Clerk as Petition Number 2200. This Local Approval Notice requests City Council approval of a request by James Dixon, Jr. ("Permit Applicant"), for approval of the issuance of a new dance and entertainment permit by the MLCC in conjunction with a request to add Wanda L. Bowen-Dixon as partner on a "Class C License" at 14700 East Seven Mile Road.

APPROVAL CRITERIA

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report, dated March 27, 2012, to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has failed to meet several of the approval criteria contained in Part VI of the Procedures and Criteria. Specifically, Approval Criterion No. 4 of the Procedures and Criteria requires that the subject premises be in compliance with Chapter 61 of the 1984 Detroit City Code, the *Detroit Zoning Ordinance*. The Coordinator's report states that the current legal use of the property at 14700 East Seven Mile Road is "tavern/bar" per Permit Number 81442, which was issued on March 3, 1966. However, the report submitted to the Coordinator by the Buildings, Safety Engineering, and Environmental Department ("BSE&E") indicates that this use does not allow entertainment at the location. As such, BSE&E's report states that the Permit Applicant must apply for a cabaret use permit to legally have entertainment at the location. Since this action has not been

taken by the Permit Applicant, BSE&E has recommended that the request for approval of the issuance of a dance and entertainment permit for the location be denied at this time. Approval Criterion No. 8 of the Procedures and Criteria requires that a real estate tax clearance be obtained for the location. The Coordinator's report indicate that there is a delinquent City of Detroit real property tax bill for the location in the amount of one thousand six-hundred sixteen dollars and eighty-nine cents (\$1,616.89). Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of BSE&E. The Coordinator's report indicates that BSE&E has reported outstanding violations of the Michigan Electrical, Mechanical, and Plumbing Codes and of the Detroit Property Maintenance Code. BSE&E has also reported that there are outstanding fees for the location. Lastly, the Permit Applicant has failed to meet Approval Criterion No. 10 of the Procedures and Criteria, which pertains to unpaid fees or uncured violations under the purview of the Department of Health and Wellness Promotion. The Coordinator's report indicates that the Permit Applicant has not submitted the required State Food Service License Application to the Department's Food Sanitation Section for the location.

RECOMMENDATION

Due to the fact that the Coordinator's report submitted for this request for approval indicates that the Permit Applicant has failed to meet four (4) of the approval criteria of the Procedures and Criteria, attached is a proposed resolution disapproving the issuance of a dance and entertainment permit by the MLCC to James Dixon, Jr., in conjunction with the request to add Wanda L. Bowen-Dixon as a partner on the "Class C License" at 14700 East Seven Mile Road. Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

Resolution for the Disapproval of the Issuance of a Michigan Liquor Control Commission Dance and Entertainment Permit to James Dixon, Jr., for an Establishment at 14700 East Seven Mile Road

By Council Member Cockrel, Jr.:

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a com-

bination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislation body of the municipality within which the premises are located;

Whereas, Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 531370), which has been designated by the City Clerk as Petition Number 2200;

Whereas, This Local Approval Notice requests City Council approval of a request by James Dixon, Jr. ("Permit Applicant"), for approval of the issuance of a new dance and entertainment permit by the MLCC in conjunction with a request to add Wanda L. Bowen-Dixon as partner on a "Class C License" at 14700 East Seven Mile Road;

Whereas, The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009;

Whereas, Part VI of the Procedures and Criteria states that City Council shall grant a Permit Applicant's request for approval of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant;

Whereas, Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report, dated March 27, 2012, to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria;

Whereas, A copy of the Coordinator's report has been mailed to the Permit Applicant;

Whereas, The Coordinator's report indicates that the Permit Applicant has failed to meet four (4) of the approval criteria contained in Part VI of the Procedures and Criteria, as follows:

(1) Approval Criterion No. 4 requires that the subject premises be in compliance with Chapter 61 of the 1984 Detroit City Code, the *Detroit Zoning Ordinance*. The Coordinator's report states that the current legal use of the property at 14700 East Seven Mile Road is "tavern/bar" per Permit Number 81442, which was issued on March 3, 1966. As such, BSE&E's report states that the Permit Applicant must apply for a cabaret use permit for the location to legally have entertainment at the location. Since this action has not been taken by the Permit Applicant, BSE&E has recommended that the request for approval of the issuance of a dance and entertainment permit for location be denied;

(2) Approval Criterion No. 8 of the Procedures and Criteria requires that a

real estate tax clearance be obtained for the location. The Coordinator's report indicates that there is a delinquent City of Detroit real property tax bill for the location in the amount of one thousand six hundred sixteen dollars and eighty-nine cents (\$1,616.89);

(3) Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of BSE&E. The Coordinator's report indicates that BSE&E has reported outstanding violations of the Michigan Electrical, Mechanical, and Plumbing Codes and of the Detroit Property Maintenance Code. BSE&E has also reported that there are outstanding fees for the location; and

(4) Approval Criterion No. 10 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the Department of Health and Wellness Promotion. The Coordinator's report indicates that the Permit Applicant has not submitted the required State Food Service License Application to the Department's Food Sanitation Section for the location; and

Whereas, The Law Department has submitted this proposed resolution to the City Council for the disapproval of the issuance of a dance and entertainment permit by the MLCC to the Permit Applicant for 14700 East Seven Mile Road;

Now Therefore It Is Resolved, Pursuant to Sections 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), and in accordance with the Procedures and Criteria adopted by this Body effective August 25, 2009, the Detroit City Council disapproves the issuance of a dance and entertainment permit to James Dixon, Jr., in conjunction with a request to add Wanda L. Bowen-Dixon as partner on a "Class C License" at 14700 East Seven Mile Road; and

It Is Further Resolved, That a copy of this Resolution, and the City Clerk's certification of this disapproval of MLCC Request ID Number 531370, be forwarded to the Michigan Department of Licensing and Regulatory Affairs, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7505, the Detroit Police Department, Liquor License Unit, 7310 Woodward, Detroit, MI 48202, and the Buildings, Safety Engineering, and Environmental Department Business License Center, 105 Coleman A. (D) The defined elements of design, as provided for in Section 25-2-2 of this code, are as follows:

(1) *Height.* The building commonly known as 3360 Charlevoix Street in the Franklin-Wright Settlements Historic District is two (2) stories tall with a high basement. The building commonly known as 4141 Mitchell Avenue in the Franklin-

Wright Settlements Historic District is two (2) stories tall.

(2) *Proportion of Building's Front Façade.* The Charlevoix Street (north) façade of the building commonly known as 3360 Charlevoix is wider than it is tall. Its length is broken up by an entry bay, on the far west side of the Charlevoix Street façade, built at a 45-degree angle to the north and west-facing wings. Its façade parallel to Elmwood Avenue is significantly wider than tall, and is anchored by a protruding bay with glass block windows on the far north side of the façade. The Mitchell Avenue (east) façade of the building commonly known as 4141 Mitchell Avenue is wider than it is tall, with a defined entryway on the north side of the façade. The Superior (north) façade is also wider than it is tall.

(3) *Proportion of Openings Within the Façade.* The entry façade at 3360 Charlevoix Street has two (2) double entry doors providing primary, access to the building. The façade is symmetrically arranged with three single double-hung windows, taller than they are wide, and two double-hung windows separated by mullions, wider than they are tall, on each side of the entry doors. On the second floor, centered above the entry doors, are six (6) double-hung windows separated by mullions. Lower level windows match the first and second story windows in locations.

The gymnasium wing facing Charlevoix Street, to the north, has six (6) glass block windows that are longer than tall at the lower level. The second floor has windows alternating with mechanical registers that match the locations of the lower level windows. There are no first floor windows on this façade facing Charlevoix Street. Many of the original windows have been replaced throughout the building. The remainder of the building is similar in style to the primary façades. A protruding two-story bay with small glass block windows separates the entry bay from the auditorium wing, which faces Elmwood Avenue to the west. The auditorium façade has four (4) large windows, taller than they are wide, on the first floor with eight fixed panes, and a center pane, which is operable. On the second floor are nine (9) double-hung windows, taller than they are wide. A door located at grade level leads into the auditorium, while concrete steps and guardrails lead to a door below grade that accesses the lower level.

The building at 4141 Mitchell has double entry doors at the Mitchell Street façade, with narrow sidelights on either side and an arched transom window above. Four (4) windows, along with the entry doors, are evenly spaced along the Mitchell Avenue façade. The wood windows are taller than they are wide, with horizontal and vertical mullions separat-

ing sixteen (16) panes of glass. The second story windows are located directly above the first floor windows, with a fifth (5) window centered above the entry doors. Each second story window has an arched transom window above. The window, arched transom, and header surround is recessed a few inches from the face of the façade. The façade on Leland Street is nearly identical to the Mitchell Avenue façade, with a few exceptions. The Leland Street façade is longer than the Mitchell Avenue façade, there is no entry door, and it has six (6) windows on each floor instead of five (5). Most of the original second story windows have been replaced throughout the building.

(4) *Rhythm of Solids to Voids in The Front Façade.* The front façade of the building at 3360 Charlevoix Street has a regular rhythm of solids to voids. With a few minor exceptions, windows are evenly spaced along the length of the façade, with the windows or doors on the first floor matching the locations and size of windows on the second floor and lower level. The building at 4141 Mitchell also has a regular rhythm of solids to voids, with windows and doors spaced evenly along the primary façades. Windows on the second floor match the location and size of windows on the second floor.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to non-contiguous building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Not applicable due to non-contiguous building district.

(7) *Relationship of Materials.* The major building material for the building at 3360 Charlevoix Street is painted cement block. Double-hung and glass-block windows provide the major contrasting material. The building at 4141 Mitchell Avenue is primarily composed of face brick. A cast-concrete surround with cast-concrete quoins accents the entry door. Additional contrast is provided by a horizontal cast-concrete band at the base, and double-hung windows with wood window frames, cast stone keystones, and buff-colored brick accents.

(8) *Relationship of Textures.* The major textural effect of the building at 3360 Charlevoix Street is painted concrete block, painted horizontal concrete bands, double hung windows, and glass block windows. The major textural effect of the building at 4141 Mitchell Avenue is brick in Flemish bond with accents of running bond. The entry doors, sidelights, and transom are accentuated by a cast-concrete surround with quoins on both sides of the entry door. Horizontal stone bands wrap around the building, just below the first and second floor window sills. The first and second story windows have buff-colored brick quoins, decorative brick header courses, and segmented

arches with cast stone keystones. The parapet is accented by a continuous band of buff-colored brick with alternating recessed square and pilaster relief.

(9) *Relationship of Colors.* The primary color of the building at 3360 Charlevoix Street is buff-colored painted concrete block. Maroon colored paint is used as an accent color on horizontal and vertical bands, window surrounds, entry doors, and other various accents throughout the building. The downspouts and scuppers are painted buff-colored to match the primary color of the building. The primary color of the building at 4141 Mitchell Avenue is reddish-brown brick. Accents are provided by a cast stone surround and brackets at the main entry, cast stone horizontal bands and keystones, and buff-colored brick horizontal bands, quoins, tabs, and parapet.

(10) *Relationship of Architectural Details.* The building at 3360 Charlevoix Street has minimal architecture details, with the exception of maroon painted horizontal and vertical bands providing accents to its cement block façade. The building at 4141 Mitchell has architectural details that are consistent with its Beaux Arts style, with masonry walls, quoins, accentuated cornice, and a flat roof.

(11) *Relationship of Roof Shapes.* The building at 3360 Charlevoix Street has several roof configurations, including sections that are flat with a raised parapet, and other areas have a low slope. The building at 4141 Mitchell Avenue has a raised parapet.

(12) *Walls of Continuity.* Not applicable due to non-contiguous district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* A black iron fence runs along the sidewalk on Charlevoix, just north of the building at 3360 Charlevoix Street. Behind the fence are low-lying shrubs, trees, and an asphalt parking lot. A twenty-foot wide vacated alley intersects the site, connecting Charlevoix Street and Hunt Street, providing access to and from the surface parking lot. West of the parking lot, fronting Elmwood Avenue, is another landscaped area with picnic shelters, benches, and a metal sculpture. Behind the building, on the southeast portion of the site, is a paved hopscotch area, and a playground. The two double entry doors on the entry façade facing northwest toward Charlevoix Street are accessed by concrete steps leading up to the first floor, with painted metal guardrails mounted on either side. A narrow strip of landscaping fronts the Mitchell Street façade of 4141 Mitchell Street, and is edged by a concrete curb that terminates at the entrance stairway. Two concrete steps lead up to the main entrance doors. North of the main entrance is a concrete ramp with a metal balustrade on one side, and a wall-

mounted handrail on the other side. South of the building is a fenced-in playground.

(14) *Relationship of Open Space to Structures.* At 3360 Charlevoix Street, an asphalt parking lot provides open space west of the building, and open courtyards with play spaces are located south and east of the building. A landscaped yard is located north of the building. At 4141 Mitchell Avenue, there is a minimal open space north, west, and east of the building. South of the building is a large open space with a fenced-in playground.

(15) *Scale of Façade and Façade Elements.* The façade at 3360 Charlevoix Street is large in comparison to the surrounding residential buildings in the neighborhood. Façade elements such as windows and doors are complementary in scale to the building. The façade at 4141 Mitchell Avenue is modest in size and is complimentary to the surrounding residential buildings in the neighborhood. Façade elements such as windows and doors are also complimentary in scale to the building.

(16) *Directional Expression of Front Façade.* The primary façades of the buildings at 3360 Charlevoix Street and the building at 4141 Mitchell Avenue are both wider than they are tall, and horizontal in directional expression.

(17) *Rhythm of Building Setback.* Not applicable due to non-contiguous building district, but the setback of the building at 4141 Mitchell Avenue is consistent with houses facing Mitchell Avenue. The setback of the building at 3360 Charlevoix Street is much greater than the average setback of the houses facing Charlevoix Street.

(18) *Relationship of Lot Coverage.* The building at 3360 Charlevoix Street occupies approximately thirty (30) percent of its lot. Its major visible open space is the parking lot west of the building, and the paved play area south and east of the building. The building at 4141 Mitchell Avenue occupies approximately forty (40) percent of its lot. Its major visible space is the playground south of the building.

(19) *Degree of Complexity Within the Façade.* The primary façades of the building at 3360 Charlevoix have relatively little complexity. The primary façade of the building at 4141 Mitchell Avenue have minor complexity provided by detailed brickwork and other masonry accents.

(20) *Orientation, Vistas, Overviews.* The building at 3360 Charlevoix is orient-

ed northwest toward Charlevoix Street, which runs east-west. The building sits in the middle of the lots near the corner of Charlevoix and Elmwood Avenue. The neighboring buildings are residential, and are much smaller in scale. The building at 4141 Mitchell Avenue is oriented east toward Mitchell Avenue, which runs north-south. The building sits at the northern most portion of the site, near the corner of Mitchell Avenue and Superior Street. The neighboring buildings are residential, and are comparable in height, but not in overall scale, to the building at 4141 Mitchell Street.

(21) *Symmetric or Asymmetric Appearance.* The primary façades of the building at 3360 Charlevoix Street are symmetric in appearance. Both the primary façades of the building at 4141 Mitchell Avenue are also symmetric in appearance.

(22) *General Environmental Character.* The building at 3360 Charlevoix is a two-story E-shaped building with a gymnasium wing facing Charlevoix to the north and an auditorium and dormitory wing facing Elmwood Avenue to the west. A third wing extends out into a paved courtyard. The building is located in a residential neighborhood with a predominance of vacant lots fronting Hunt Street to the south and Elmwood Avenue to the west. Two-and-a-half story wood and brick residences front Charlevoix Street, to the north. East of the district is the Santoro Calcara Playground and the Ralph J. Bunche Public School. The building at 4141 Mitchell Avenue is a two-story building comparable in height to the surrounding residential buildings in the neighborhood. The building is located two blocks south and one block west of St. Elizabeth Church and Parochial School.

Honorable City Council:

Re: Address: 3509 E. Davison. Name: Cynthia A. Davis. Date ordered removed: April 27, 2010 (J.C.C. p. 1066).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 20, 2012 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Petition No. 1024 — Hantz Farms LLC, for vacation of alley and conversion to public easement of properties abutting alley on Dwyer and St. Louis between E. Davison and Brimson.

Petition No. 1024 of "Hantz Farms LLC", request conversion of a portion of Brimson Avenue, 70 feet wide, between Mt. Elliott Avenue, 70 feet wide, and the North-South public alley, 10 feet wide, into an easement for the utilities. This closure will assist the property owner to better secure the area from illegal dumping.

The request was approved by the Solid

Waste Division — DPW, and Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City Departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

RESOLUTION URGING THE BING ADMINISTRATION TO FACILITATE THE REMOVAL AND RELOCATION OF THE FRUIT ORCHARD PLANTED BY THE PEOPLE FOR PALMER PARK

By COUNCIL MEMBER TATE, Joined by COUNCIL MEMBERS KENYATTA, WATSON, JONES, and COUNCIL PRESIDENT PUGH:
 WHEREAS, Palmer Park, and the resi-

dential community surrounding the park, is truly a celebrated gem within the City of Detroit, offering green space for relaxation and recreation to area residents. It is bordered by historic neighborhoods full of devoted residents, some of whom have lived in that area for over forty years and formed strong community associations many years ago; and

WHEREAS, Numerous homeowners from Pontchartrain Drive, a main thoroughfare immediately bordering the park, attended the May 24, 2012, Neighborhood and Community Services Standing Committee meeting of the Detroit City Council voicing strong opposition to the fruit orchard recently planted in Palmer Park by the People for Palmer Park (PFPP) without the knowledge or input of residents; and

WHEREAS, The residents presented both oral and written testimony that outlined their collective concerns. These include the presence of a fruit orchard in close proximity to their residences, lack of communication between the City of Detroit, in particular the General Services and Recreation Departments, and area residents regarding the PFPP and any proposed fruit orchard as well as information on formal agreements between the City and PFPP for operation or maintenance of the park; and

WHEREAS, According to its website, the PFPP is a relatively new group still awaiting its 501(c)(3) status and has already formed the following designated committees: Preservation and Beautification, Recreation and Special Events, Security and Safety, Fundraising and Membership and Marketing and Communication. Since 2011, it has been exploring a partnership agreement with the City of Detroit to ensure Palmer Park remain open and sustainable; and

WHEREAS, Although area residents share the common goals of preservation, reinvention and revitalization of Palmer Park with the PFPP, they cannot support an unannounced fruit orchard in a residential area that has already negatively affected their enjoyment of their homes; and

WHEREAS, The fruit orchard was started on April 26, 2012, without any knowledge or input from adjacent neighbors or area residents raising serious concerns of farming in residential areas (which has already resulted in problems with dust and noise pollution) in the absence of proper zoning classifications for agricultural activities in urban areas and prohibitions in the Michigan Right to Farm Act (MCL 286.471, *et seq.*); and

WHEREAS, Future concerns include, but are not limited to, insect and vermin problems, potential safety issues and decline in home values in one of the highest paying property tax areas in the City; and

WHEREAS, This fruit orchard was also planted without the knowledge or consent of the Detroit City Council; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby urges the Bing Administration, through its General Services and Recreation Departments, to facilitate the expeditious removal of the fruit trees planted by the People for Palmer Park; and BE IT FURTHER

RESOLVED, That the Detroit City Council urges the Bing Administration, through its General Services and Recreation Departments, and the People for Palmer Park to reach out to a larger area of Palmer Park residents to discuss a more appropriate location for the fruit bearing trees in an area that will not negatively affect residents; and BE IT FURTHER

RESOLVED, That the Detroit City Council requests a copy of any finalized or draft agreements between any department of the City and any outside entity regarding operation, maintenance or programming activities at Palmer Park; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Mayor's Office, Recreation Department, General Services Department and the Peoples for Palmer Park.

CONSENT AGENDA

MEMBER REPORTS

Council Member Cockrel, Jr.: It was brought to our attention by Greg Murray that as of Friday, May 18, 2012, the Department of Human Services would not be able to provide services. I would like to know from Administration who authorized putting this out and what services, if any, are being provided by Human Services.

Gardner: The Director of Human Services indicated that the remaining of the staff has been laid off effective May 18 and that information was conveyed during her Budget presentation. Head Start services will continue through June 30, 2012. Butzel and Northwest Activity Centers have agreed to maintain the commodity distribution at their designated sight.

Council President Pugh: Head Start will continue after June 30. There will be a

transition for families; nothing will change for families.

This morning as we gather together in this place we call City Hall, we invite the Most High into this place, we seek your blessings for the tasks that are set before us, we ask for your divine favor for our Mayor, City Council and all who serve this great municipality of Detroit. Please Bless their efforts with clear insight, their deliberations with wisdom, clarity, accuracy and impartiality.

Continue to bless the leadership of this city as they lead our community fairly and respectfully. We also ask you to help council to seek common ground, so that their ideas and differences will not cause division but will help to build bridges within our communities; that will bring about real togetherness and change.

So, as the Council meets to serve, this people keep us mindful of your word that says what so ever we bind on earth will be bound in heaven and what so ever we loose on earth will be loosed in heaven. So we lose unity right now, we lose peace, we lose productive meeting and we bind discord, division, disunity and disbelief in our city right now in that name that is above every name.

Amen.

PUBLIC COMMENT

Elder Massey: Ms. Massey has concerns regarding monies for the Weatherization Program. Residents would do repairs if they had the funding to do so. She would like Council to reconsider any monies to help restore communities.

Lavern Miller-McClean: Ms. Miller-McClean asks City Council to continue

support for Human Services. The closing down is unconscionable. An orderly transition should occur for citizens needing help.

Ms. Griffiths: Ms. Griffiths supports the Law Department upholding the Charter relative to the Financial Stability Agreement. It is void and violates the law. She also supports the filing of a court complaint with Lansing.

Dr. Wilkes: Dr. Wilkes would like Council to re-open the Erma Henderson Marina. The people of the marina have been taxpayers of the City and deserve the right for the use of parks and marinas. Money has been placed in the budget.

Ms. Hampton: Ms. Hampton has concerns regarding youth in the City of Detroit. The Spirit of Detroit lives in the children.

Ms. Robinson: Ms. Robinson has concerns regarding appearances of the City. Why is it hard to issue tickets to unkept businesses in the city who have moved out. Trash is a problem in the City.

Zena Johnson: She does not want Human Services to be taken from Six Mile Road at the Water Board. The office at Grandy was closed down. She wants Human Services to be kept open. She doesn't want private services taking over the City.

Greg Murray: He has concerns regarding 3,000 less employees paying less into the pension fund. It's a long term plan to destabilize the pension and be sent to MERZ in Lansing. Does Council ensure grant awards are transferred to another entity?

Ms. Slappy: The CFB Block Grant had provided food, clothing, day care, transportation, tax repair, security deposits and prescription drugs. She does not want to lose those services of the Department of Human Services.

Ms. McClellan: Many programs are being privatized; when that happens, they will not be under the jurisdiction and supervision of City Council. They can create their own hiring practices which would be nothing like Civil Service.

Lulu Raford: Has concerns regarding the Weatherization Program. Approximately \$9 million was sent back to the government. Resident should have what they need.

Malisa Zimlinski: Her organization deals with community education and awareness regarding dogs. Detroit Animal Control serves a valuable service to keep animals from disturbing the peace. There's a fundamental shift in animal control.

Ms. Morris: Has concerns regarding the closed door session, which was in violation of the Charter. She's requesting sanctions or removals to stay in line with the law.

Ms. Person (Bewick Block Club): Has concerns that City Council meetings

would not be televised. Some can't attend the sessions and they want to see the meeting. She also has concerns with uncut grass in the City of Detroit.

Valarie Burris: Does not want to see residents become non-factors in the City. Residents are not receiving proper services.

Ms. Hurt: How does a human being get out of the business of helping people? Compassion is not being shown. Departments and jobs are being given away.

Linda Hassin: She believes money is owed the City by the State of Michigan. Has the money been paid? Home Rule needs to be protected. If that's not done by govt., citizens need to protect themselves.

Rosemary Robinson: Has concerns regarding the Consent Agreement. Representative govt. has been destroyed in the City. Assets have been given away.

Helanias Phillips: Requesting Council to revisit his petition (#3060) pertaining to another marina unjustly dealt with. Ferand Page Marina was a lucid marina. Licenses and grants were justified for a legal marina.

Sala Zancene: Complained of tall grass.

Ingrid Ramirez: Questioned if the City would sign an ordinance to ban the sale of K2 in the City of Detroit.

Susan Glazer: Resists the consent agreement. The three departments being shut down provide jobs and services for the people.

Cynthia Lindsay: Supports reopening Erma Henderson Marina.

Diangelo Malcolm: Does not want the Health Dept. to close. Any transfer of services have to be approved.

Anthony Crumey (Motor City Horsemen): Their horse group bring horses to the City; they give children something positive to do. They patrol streets; different things with churches; schools; career days, etc. They're trying to add to positive thinking.

Their horses are housed in Plymouth Township. They would like their horses in the City of Detroit so they can help the community. They would like to get into vacant lots. they're requesting help to find a facility.

Ken Cockrel, Jr.: Helped with the stable at Rouge Park. Volunteered to work with them.

Kwame Kenyatta: Council Member Kenyatta directed to line item this matter to the Neighborhood and Community Services Standing Committee in three weeks for a status report.

Sandra Hines: Advised Council not to give power away to outside contractors.

Keith Hines: Advised Council to resist Consent Agreement.

Mother Holmes: Offered prayers for everyone.

Re: Universal Piping, Inc. vs. W-3 Construction Co., et al, Wayne County Circuit Court Case No.: 11-008281-CK. File No.: A20000.003216 (EBG).

On April 17, 2012, a case evaluation panel evaluated the above lawsuit and made an award of Seventy-Five Thousand Dollars (\$75,000.00) on Plaintiff's claims against the City of Detroit, and Zero (\$0) on the City's cross claim against W-3 Construction Co. The parties have until June 15, 2012, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum attached, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request authorization to accept the case evaluation award; and, in the event that Plaintiff accepts the award, and the Federal Transportation Administration provides the City with written assurance that it will not seek the repayment of any funds expended under Project MI-96-X011-01, Line Item 11.44.03, to direct the Finance Director to issue a draft payable to Universal Piping, Inc. and its attorneys, Stark Reagan, P.C., in the amount of Seventy-Five Thousand Dollars (\$75,000.00).

Such check will be delivered to Plaintiff's counsel upon receipt of properly executed Releases and an appropriate Stipulation and Order of Dismissal to be entered in Wayne County Circuit Court, Case No. 11-008281-CK, approved by the Law Department.

Honorable City Council:

Re: Address: 16800 Prevost. Name: Dianna Parker. Date ordered removed: March 16, 2010 (J.C.C. page 774).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on April 5, 2012 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained in accordance with the vacant property ordinance (see attachments) and securely barricaded until rehabilitation is complete and occupied. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,
MICHAEL TAYLOR

April 27, 2012

Honorable City Council:

Re: Address: 16143 Kentucky. Name: Pat Fluker. Date ordered removed: February 27, 2012 (J.C.C. page).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on April 13, 2012 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained in accordance with the vacant property ordinance (see attachments) and securely barricaded until rehabilitation is complete and occupied. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,
MICHAEL TAYLOR
Deputy Director

By Council Member Brown:

**RESOLUTION REGARDING THE
TRANSFER OF COMMUNITY SERVICE
BLOCK GRANT FUNDING FROM DDHS
TO A DETROIT-BASED NON-PROFIT**

By ALL COUNCIL MEMBERS:

WHEREAS, The Michigan Department
of Human Services (MDHS) has
announced its desire to de-designate the
Detroit Department of Human Services
(DDHS) as the Community Action Agency
(CAA) for the City of Detroit. This would
transfer Community Service Block Grant
(CSBG) funding and DDHS responsibilities
to an alternate Detroit-based CAA; and

WHEREAS, The State has cited
accounting and recordkeeping irregulari-
ties, alleged misuse of CSBG funds, and
the City's distressed financial situation, as

the basis for seeking de-designation and
has requested that City Council adopt a
resolution concurring with Mayor Bing's
February 8, 2012, letter supporting such
de-designation; and

WHEREAS, The State initially identified
Wayne Metro CAA, which is based in
Wyandotte, Michigan, to be the interim
service provider to replace DDHS, while a
Detroit-based non-profit entity is selected
to permanently serve as Detroit's CAA
through a formal contracting process; and

WHEREAS, City Council acknowl-
edges that serious allegations of wrong-
doing have arisen within DDHS's opera-
tions and that there exists credible sup-
porting evidence for some of these
claims; although, the City has and does
dispute many of the adverse findings that
have arisen to date; and

WHEREAS, City Council has
expressed serious concerns regarding
the State of Michigan's role in withholding
federal funds and service from Detroit citi-
zens and the City disputes the State's
right to withhold such funds; and

WHEREAS, The City Council has con-
sistently expressed its position that it is
not desirable nor is it in the best interest of
the citizens to transfer any operation to
Wayne Metro CAA; and

WHEREAS, City Council has persuad-
ed MDHS to cease its adversarial process
that has been instituted to de-designate
the DDHS's CAA status in favor of a
process that allows DHS to continue to
service the community until such time that
a suitable Detroit-based non-profit can be
selected to serve Detroit pursuant to
Michigan Administrative Rule 400.19405(c)
without sending the services to Wayne
Metro CAA; and

WHEREAS, This solution, which has
been agreed to by MDHS, would allow a
seamless transition of services from
DDHS to a provider who has a demon-
strated commitment and track record of
providing services to our most vulnerable
citizens; additionally, this would ensure
the continuous flow of funding to Detroit,
avoid any loss of funding from current
allocations, and greatly minimize the con-

**Final Report:
Proposed Bushnell Congregational
Church Historic District 15000
Southfield Freeway**

By a resolution dated February 8, 2011, the Detroit City Council charged the Historic Designation Advisory Board, a study committee, with the official study of the proposed Bushnell Congregational Church Historic District in accordance with Chapter 25 of the 1984 Detroit City Code and the Michigan Local Historic Districts Act.

The proposed Bushnell Congregational Church Historic District consists of one contributing building located on the eastern Southfield Freeway service drive, approximately one block south of Grand River Avenue. The site has been owned and occupied by Bushnell Congregational Church since the congregation was founded in 1926; the current building dates from 1939.

BOUNDARIES

The boundaries of the proposed Bushnell Congregational Church Historic District are outlined in bold lines on the attached map, and are as follows:

On the south, the centerline of Tournier Avenue;

On the west, the centerline of the east service drive of the Southfield Freeway;

On the north, the centerline of the alley running east-west between the east service drive of the Southfield Freeway and Archdale Avenue;

On the east, the eastern boundary line

of lots 35 through 53 of the Thomas Sherwood Subdivision, Liber 38, Page 82, Wayne County Records 22/28.

BOUNDARY JUSTIFICATION

The boundaries described above delineate the parcel presently and historically associated with Bushnell Congregational Church. The proposed district is bounded on the south by Tournier Street, west by the Southfield Freeway service drive, on the north by a public alley, and on the east by residential lots immediately adjacent to the church property.

HISTORY

Bushnell Congregational Church, established in 1926, became by the 1950s the largest Congregational church in Detroit and one of the largest in the United States. Its present building, located on what was then Mill Road (now the Southfield Freeway) just south of Grand River Avenue, was completed in 1939, with additions made in 1948, 1953, and 1958. Its growth, both in terms of the size of its building and in membership, are reflective of the development of the surrounding Detroit neighborhoods: Rosedale Park, to the west, and Grandmont-Rosedale, to the east.

Congregationalism arose in the seventeenth century out of the Protestant Nonconformist response to the creation of the Church of England, and Congregational churches were established by Puritan and Pilgrim settlers in New England. Congregational churches have a history of autonomy and democratic governance. In the United States, they have often been on the forefront of social movements such as abolitionism and the women's suffrage movement.

In 1924 the Detroit Council of Churches asked the Rev. Irving W. Stuart, superintendent of the Detroit Congregational Union, to establish a Congregational church in the rapidly-growing northwestern portion of Detroit. At the time, the land surrounding the intersection of Grand River Avenue and what is now the Southfield Freeway had recently been annexed by the City of Redford Township. Although the area was still somewhat rural in character, it was rapidly being developed with the establishment of subdivisions such as Rosedale Park, North Rosedale Park, and Grandmont-Rosedale. A small congregation, led by Stuart, met at the home of Mrs. and Mr. Walter Phipps in North Rosedale Park on December 11, 1924. By January 5, 1925, a group of about forty people were meeting at the newly-constructed District #2 School on Grand River Avenue. This building, which still stands, was at the time administered by Redford Union Schools; it was acquired by the Detroit Board of Education in 1926 and renamed Thomas Edison School in 1929.

In a series of meetings on May 25 and September 22, 1925, members of the congregation, along with representatives of the Detroit Congregational Union, arranged for the establishment of a permanent church. A Board of Trustees was created, the land for the present Bushnell Congregational Church site was purchased at a cost of \$10,000, and an additional \$3,000 was set aside for the construction of a temporary building. A sod-turning ceremony for the new site was held on November 29, 1925.

On December 1, 1925 a constitution and by-laws were created for the newly-founded congregation. It was named Bushnell Congregational Church, after Horace Bushnell (1802-1876), a Congregational minister and theologian from Hartford, Connecticut. Stuart presided over a service on January 3, 1926, formally dedicating the new congregation. 131 charter members attended, along with twenty-nine children who were baptized during the service. The Rev. Eddy Treat of Salisbury Connecticut was called to become the first pastor of Bushnell Congregational Church on May 2, 1926. He would retain that position until 1955.

In the spring of 1937 the members of Bushnell Congregational Church sponsored a drive to raise funds for the construction of a permanent building. A groundbreaking ceremony for the new \$75,000 structure was held on January 1, 1939. The new church building, with a capacity of 350, was opened that year, its sanctuary having been completed with no mortgage. The first services in the new building were held on September 10, 1939. Three frame buildings that had been previously constructed on the site were retained and used for Sunday and other community functions.

The new church building was formally dedicated on October 15, 1939 in a service that included such ecumenical guests as Rabbi Leo M. Franklin of Detroit's Temple Beth El and the Rev. Kirk B. O'Ferrall of the city's St. Paul's Episcopal Cathedral. Preaching on that Sunday was the Rev. Russell J. Clinchy of Hartford, Connecticut. It was the second Congregational church to be established in Detroit, following First Congregational Church, which was founded at Woodward and Forest Avenues in 1852.

Over the next two decades, the surrounding Rosedale Park and Grandmont-Rosedale communities grew in population and became home to many wealthy Detroit residents. These were prosperous years for Bushnell Congregational Church as membership increased and new additions were made to the church building. The Fellowship Hall, added in 1948, is used for community meetings and events and includes a large kitchen and stage. Additional offices and classrooms were

added when an educational wing was completed in 1953.

The Rev. Benton S. Gaskell succeeded Treat as pastor, and under his leadership, the congregation continued to grow. Bushnell Congregational Church was now the largest Congregational church in Detroit and the ninth largest in the United States. The building's present configuration was reached with a final addition, constructed in 1958, and church membership peaked in 1959 at 2650.

The 1950s and 1960s at Bushnell Congregational Church were marked by an ongoing concern with issues of social justice. Essays printed in the *Spokesman*, the church's weekly newsletter begun during Treat's tenure as pastor and continued into the 1960s, encourage church members to inform themselves and take action on a variety of issues. During 1953 and 1954 Gaskell and the assistant pastor, the Rev. John B. Forsyth, frequently advocated for continued United States involvement in the United Nations, cautioned against McCarthyism's threat to civil liberties and opined on the topic of nuclear disarmament.¹ The church also encouraged federal assistance for those without access to health insurance.²

During the late 1950s the all-white³ congregation began to involve itself in the Civil Rights Movement. It opposed poll taxes and literacy tests as a qualification for voter registration. The church also provided financial support to Koinonia Farm, a racially-integrated Christian farming community near Americus, Georgia that withstood a boycott that had been called by the local Chamber of Commerce, a bombing, and acts of violence and vandalism by Ku Klux Klan members. According to Gaskell, Koinonia Farm "resemble[d], in certain definite ways, the first-century churches which the New Testament describes."⁴

Occasionally, views of the church leadership caused the congregation to be at odds with members of the surrounding community. On March 2, 1958 the Gaskell invited the Rev. Albert B. Cleage, Jr., a prominent African American minister and pastor of Central Congregational Church (now known as the Shrine of the Black Madonna) and his choir to conduct a service at Bushnell Congregational Church. A group of nearby residents gathered outside to protest, carrying signs with messages such as "We oppose race mixing in church," and handing out leaflets opposing all forms of integration.⁵ The leadership of Bushnell Congregational Church received numerous phone calls and letters opposing the exchange. Forsyth noted that "it was clear that these did not come from members of our congregation," and observed an overwhelmingly positive response by members of the congregation to Cleage's service. Still, Forsyth

reminded the congregation that “the findings of science” confirm that all races are equal, and criticized the “hypocrisy” of various forms of housing discrimination of that prevented African Americans from residing in the area served by Bushnell Congregational Church.⁶

In the summer of 1963, Forsyth participated in the Walk to Freedom march along Woodward Avenue organized by the Rev. C. L. Franklin of New Bethel Baptist Church and featuring an address by the Rev. Martin Luther King, Jr. Forsyth also wrote in support of King’s March on Washington. According to Forsyth, “We are moving toward an entirely integrated society in the United States, as I have heard many of you remark from time to time. We have no choice about this. Our only choice is whether we will accept it with gladness as something which must happen because it is right.”⁷

Still, by the late 1970s many church members lived or worked in Detroit’s suburbs, a result of the “white flight” from many of Detroit’s neighborhoods during that time. Membership had been in decline since the early 1960s, and the congregation became divided over a proposal to sell the building altogether to purchase a site outside the city.

After a vote of church members in 1979, the building was listed for sale, and suburban church members began meeting in a rented facility in Novi in 1980.⁸

When a purchase offer for the Detroit site was received, however, the congregation voted at its January 23, 1983 meeting not to accept it. A new pastor, the Rev. Robin Meyers, originally from Oklahoma City, had assumed leadership of the church. Under his direction, the church was able to recruit a significant number of new members as well as reverse a budget deficit that had troubled the church during the previous decade.⁹ Bushnell Congregational Church abandoned its original plan to sell its Detroit building to finance the construction of a new building in a suburban location, and instead maintained two locations simultaneously. This second location, on Meadowbrook Road in Novi, was known as Bushnell West. Soon, it established itself as a separate entity, known as Meadowbrook Congregational Church.

The pattern of growth at Bushnell Congregational Church, established in the early 1980s, continues to this day. Its current pastor, the Rev. Roy Isaac, has led the congregation since 2002.

ARCHITECTURE

The proposed Bushnell Congregational Church Historic District consists of a single building, located on the east side of what is now the Southfield Freeway service drive, just south of Grand River Avenue. It is in the Grandmont-Rosedale

community, approximately ten miles northwest of downtown Detroit. The church building occupies an E-shaped footprint, and is surrounded by open space and a parking area.

Although the entire building was designed at one time, it was erected in phases, the first of which broke ground in 1936 and opened in 1939. The building was completed in 1956, and has undergone only minor alterations since that time.

The architects of Bushnell Congregational Church were Herman & Simons, a firm founded in Detroit in 1919 and headquartered on West Lafayette Boulevard downtown. Its principal were Aloys Frank Herman, formerly a designer for C. Howard Crane, and Howard Thomas Simons, from the firm of Smith, Hinchman & Grylls. Other works by Herman & Simons include Assumption Grotto Roman Catholic Church (1928) on Gratiot Avenue, the Sojourner Truth Homes (1941) on Nevada Avenue and SS. Peter and Paul Orthodox Cathedral and school (1948 and 1937, respectively) on Gilbert Street.

While Gothic-inspired designs dominated mid-twentieth century church architecture in the Detroit area, Bushnell Congregational Church is one of a significant minority of Colonial Revival church buildings from that era. Bushnell Congregational Church, however, is particularly significant as an early example of this style. Other noteworthy Colonial Revival church buildings in the region were constructed in the postwar years, including several by architect David H. Williams: Mayflower Congregational Church (1949) on Curtis Street, Boulevard Congregational Church (c. 1950) on Joy Road, and Grosse Pointe Congressional Church in Grosse Pointe Farms.

Colonial Revival — with its roots in early American Georgian and Adam-style architecture — is a style ideally suited to Congregationalism, with its origins in the Puritan and Pilgrim denominations of seventeenth-century New England. The simplicity of form and materials inherent in Colonial Revival architecture is also somewhat consistent with a Modern design aesthetic that was proliferating in the mid-twentieth century — a factor which contributed to the increasing popularity of that style in the postwar years.¹⁰

Bushnell Congregational Church is also significant among Colonial Revival structures for its size — having accommodated one of the largest Congregational churches in the country during the 1950s — and for its outstanding degree of historic integrity, both exterior and interior.

In overall massing, the building consists of a front-gabled central sanctuary (the first unit of the structure to be com-

pleted and opened) flanked by two-story, side-gabled wings housing offices and classrooms, a chapel, and a large multi-purpose room, known as the Fellowship Hall. The structure is clad in red-brown Flemish-bond brickwork with white Vermont marble trim. Multilight wooden sash and casement windows, set with original rose-tinted glass, are found on all elevations, typically resting on a stone sill course. The entire building is topped by a slate roof.

The façade (west elevation) of the central sanctuary is dominated by a full-height portico defined by a denticulated pediment resting on simplified Corinthian columns and pilasters. Incised in its frieze are the words, "BUSHNELL CONGREGATIONAL CHURCH." Above, the steeple consists of a square brick base, upon which rests an eight-faceted classical lantern surmounted by a louvered belfry topped by a steep spire bearing a cross. Beneath, a broken-scroll pediment surrounds a wooden double door with transom.

The building's front-gabled central sanctuary projects almost to the street, while the side-gabled wings feature a significant setback behind a broad grassy lawn. The north and south elevations of the central sanctuary feature large sash windows with arched heads.

On the façade (west elevation) of the building's south wing, a side entrance projects forward. It features a pedimented gable and a doorway with transom recessed beneath a broken pediment.

The building's north wing is divided between its slightly-recessed, gable-roofed, two-story office section and its Fellowship Hall (the final section of the building to be completed), which is a tall single story in height and features a hip roof. The office section is more domestic in appearance, with a large, seven-faceted, mullioned bay window, as well as two large, brick, slope chimneys. The Fellowship Hall features large, rectangular, mullioned windows with multiple casements. It is accessed by an entrance featuring a rectangular door surround topped by a triangular pediment. Above the entrance, a stone panel, incised in simple scrolls, reads "Fellowship Hall."

The north and south ends of the building's façade are anchored by unfenestrated, front-gabled projecting end bays featuring cornice returns and brick end chimneys.

On the interior, Bushnell Congregational Church displays a remarkable degree of historic integrity. Oak woodwork, parquet flooring, wainscot paneling, and fixtures such as lighting, church pews, and hand-lettered signs remain in a well-maintained, original condition.

CRITERIA

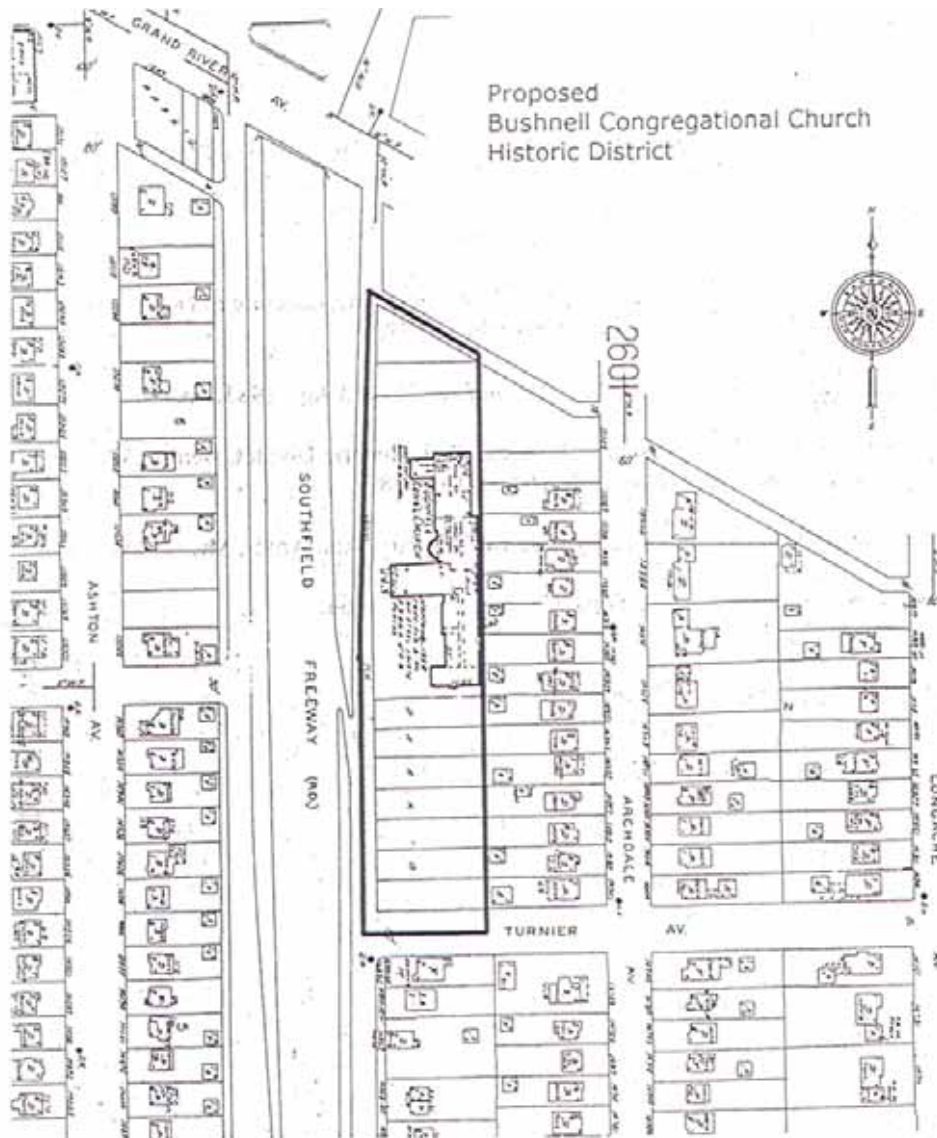

The proposed historic district appears to meet the first and third criteria contained in Section 25-2-2: (1) Sites, buildings, structures, or archeological sites where cultural, social, spiritual, economic, political or architectural history of the community, city, state or nation is particularly reflected or exemplified; (3) Buildings or structures which embody the distinguishing characteristics of an architectural specimen, inherently valuable as a representation of a period, style or method of construction.

By Council Member Jenkins:

AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-187 to establish the Bushnell Congregational Church Historic District and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article II of the 1984 Detroit City Code is amended by adding Section 25-2-187 to read as follows:

Sec. 25-2-187. Bushnell Congregational Church Historic District.

(A) A historic district to be known as the Bushnell Congregational Church Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Bushnell Congregational Church Historic District are as shown on the map on file in the office of the City Clerk, and are as follows:

On the west, the centerline of the east service drive of the Southfield Freeway; on the north, the centerline of the alley running east-west between the east service drive of the Southfield Freeway and Archdale Avenue; on the east, the eastern boundary line of lots 35 through 52 of the Maples Thomas Sherwood's Subdivision, Liber 38, Page 82, Wayne County Records, as extended north and south; on the south, the centerline of Tournier Avenue. (Legal Description: Land in the City of Detroit, Wayne County, Michigan, being Lots 35 through 53, except Southfield Road as widened, of "The Maples" Thomas Sherwood's Subdivision of a part of the NW 1/4 of Sect 24, T. 1 S., R. 10 E., Redford Twp, Wayne Co. Mich." as recorded in Liber 38, Page 82, Wayne County Records. Commonly known as 15000 Southfield Freeway. Also known as 15050 Southfield, Tax Parcel 22073302-14.)

(D) The defined elements of design, as provided for in Section 25-2-2 of this Code, shall be as follows:

(1) *Height.* The building at 15000 Southfield Freeway consists of a tall, single story sanctuary with tower flanked by shorter wings of two (2) stories.

(2) *Proportion of Building's Front Façades.* The building is substantially wider than tall on all elevations. The central sanctuary features a triangular pediment over its main entrance and is topped by a steeple which is significantly taller than wide, adding a vertical emphasis to the building façade. In overall massing, the building consists of a front-gabled central sanctuary flanked by two-story, side-gabled wings.

(3) *Proportion of Openings Within the Façades.* The building is composed of approximately thirty percent (30%) openings in its front façade (west elevation).

(4) *Rhythm of Solids to Voids in the Front Façades.* A regular rhythm of solids to voids exists on all elevations of the building. Where the building is two (2) stories tall, openings are placed one over the other by floor. Bays of windows are evenly spaced along the length of the building's façade and side and rear elevations.

(5) *Rhythm of Spacing of Buildings on Streets.* This district contains one (1) single building.

(6) *Rhythm of Entrance and/or Porch Projections.* A tetrastyle entry portico projects forward from the central sanctuary.

supported by four (4) stone steps. The portico features a triangular pediment, which shelters the building's main entrance. Concrete pavement extends forward from the steps of the entry portico to meet the public right of way. On the façade (west elevation) of the building's south wing, a side entrance projects forward. Other entrances do not project.

(7) *Relationship of Materials.* The building materials are generally composed of Flemish-bond brick with stone trim. Window sashes, muntins, and mullions are wood, with the exception of a small number of synthetic replacements that approximate the original windows in appearance. Doors and the tower above the central sanctuary are wood. The stone foundation is coursed ashlar. The roof is slate.

(8) *Relationship of Textures.* The building displays an overall smooth texture. The major textural relationship is that of brick with mortar joints juxtaposed with wood and stone detail focused on door surrounds and pediments. Wood muntins and mullions on the building's windows create textural interest. The tower and steeple display considerable textural interest.

(9) *Relationship of Colors.* The building is clad in red brick, which contrasts sharply with the white color of window surrounds, muntins and mullions, and the marble pediments about the building entrances. The roof is clad in gray slate tiles. Window glass is tinted a very slight pink color.

(10) *Relationship of Architectural Details.* The building is Colonial Revival in style. The façade (west elevation) of the central sanctuary is dominated by a full-height portico defined by a denticulated pediment resting on simplified Corinthian columns and pilasters. Incised in its frieze are the words, "BUSHNELL CONGREGATIONAL CHURCH". Within the building's entrance portico, a broken-scroll pediment surrounds a double door with transom. On the façade (west elevation) of the building's south wing, a side entrance features a pedimented gable and a doorway with transom recessed beneath a broken pediment. The building's north wing is divided between a slightly recessed, gable-roofed, two-story office section and a somewhat larger section, which is a tall single story in height and features a hip roof. The office section is more domestic in appearance, with a large, seven-faceted, mullioned bay window, as well as two (2) large, brick, slope chimneys. The Fellowship Hall features large, rectangular, mullioned windows with multiple casements. The north and south elevations of the central sanctuary feature large sash windows with arched heads. Windows typically rest on a stone sill course. It is accessed by an entrance featuring a rec-

tangular door surround topped by a triangular pediment. Above the entrance, a stone panel, incised in a simple script, reads "Fellowship Hall".

(11) *Relationship of Roof Shapes.* The building's central sanctuary and projecting and pavilions are gable-roofed. The entry portico on the central sanctuary is also gable-roofed. The northern wing terminates in a hip roof, while the end pavilion of the southern wing features a cross gable. The base of the roof is defined by a wide cornice with returns on the building's end pavilions. The projecting end pavilion of the northern wing features a wide, brick wall chimney; the northern wing also features two (2) slope chimneys. Above the central sanctuary, a steeple consists of a square brick base, upon which rests an eight-faceted classical lantern surmounted by a louvered belfry topped by a steep spire bearing a cross.

(12) *Walls of Continuity.* Not applicable due to the presence of only one (1) building in the district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* Mature trees flank the building's central sanctuary. The front lawn is covered in grass and is crossed by sidewalks that provide access to the building's entrances. The lawn also contains two (2) signs that do not contribute to the significance of the property. The end of a pedestrian bridge that crosses the Southfield Freeway, and an associated stairway, are located in the southwest corner of the district, but do not contribute to its significance. No other significant landscaping or street furniture exists.

(14) *Relationship of Open Space to Structures.* The building occupies an E-shaped footprint, its primary entrance facing west and opening onto the public right of way of the Southfield Freeway. A larger parking lot is located to the south of the building, while a smaller parking lot is located to the north of the building and provides access to three (3) small entrances on the building's north elevation.

(15) *Scale of Façades and Façade Elements.* The façades of both buildings are of a scale typical to other substantial religious structures in Detroit from the middle of the twentieth century. Elements on the façade of the building, such as the building's entry portico, tall sash windows, and prominent bay window, are large in scale.

(16) *Directional Expression of Front Elevations.* The front elevation of the building is primarily vertical in expression due to the presence of triangular pediments, tall sash windows, large chimneys, a pitched roof, and a steeple consisting of a tower with a steep spire.

(17) *Rhythm of Building Setbacks.* The building's central sanctuary features a

shallow setback from the public right of way, while its wings are set back behind a deep lawn.

(18) Relationship of Lot Coverages. The building occupies approximately twenty percent (20%) of its lot, with an open lawn to the west of the building and paved parking lots to the north and south of the building.

(19) Degree of Complexity Within the Façades. A relatively high degree of complexity is found at door surrounds and pediments of the building's main entrances. An especially high degree of complexity is found in the architectural details of the tetrastyle entry portico and the tower and spire of the building's steeple. Elsewhere, the building has a lower degree of complexity, with relatively simple Flemish-bond brickwork and wooden sash windows.

(20) Orientation, Vistas, Overviews. The building is oriented toward the west, with its primary entrance facing the Southfield Freeway and its service drives. Two (2) additional entrances also face the Southfield Freeway, while one (1) additional entrance faces north toward a parking lot.

(21) Symmetric or Asymmetric Appearance. The central sanctuary of the building is symmetrical in appearance. The front façade of the building, as a whole, is asymmetrical in appearance due to a difference in massing and openings on its northern and southern bays.

(22) General Environmental Character. The district consists of one (1) building facing the Southfield Freeway, one block south of Grand River Avenue. The surrounding area is residential in nature. A majority of the surrounding lots contain single-family detached houses.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. This ordinance shall be given immediate effect upon publication in accordance with Section 4-118 of the 2012 Detroit City Charter.

City Planning Commission

June 1, 2012

Honorable City Council:

Re: Zoning Ordinance Map Amendment (Chapter 61, Article XVII, Map No. 33 of the 1984 Detroit City Code) — Request to rezone three parcels identified as 4401 Conner, 4411 Conner and 4351 Conner (Manz Playfield) generally bounded by East Warren Avenue to the north, Conner Avenue to the east, Old Mack Avenue (a/k/a Mack Service Drive) to the south, and Conner Lane rail-line to the west from an M4 (Intensive Industrial District) zoning classification to a B4 (General Business District) zoning classification to allow for the establishment and operation of a school (elementary, middle/junior high or high) and playfield lot in the B4 district zoning classification. (Recommend approval).

BACKGROUND

A rezoning request to amend District Map No. 33, which presently shows an M4 (Intensive Industrial District) zoning classification, to show a B4 (General Business District) zoning classification, has been submitted by Eastside LAND, Inc and the City Planning Commission (CPC) to allow for the establishment and operation of a school (elementary, middle/junior high or high) which is considered a by-right use (per Sec. 61-9-75(14)) in the B4 district zoning classification, and additionally to have the parcel commonly identified as Manz Playfield rezoned from M4 to B4, noting that the B4 zoning classification is a more appropriate designation, and would bring that parcel into closer conformance with the Master Plan of Policies.

The subject property consists of approximately 9.5 acres on which the former Henry Ford Health Systems Clinic (4401-4411 Conner Avenue) and the City of Detroit Recreation Department's Manz Playfield (4351 Conner Avenue) are both located. Eastside Land, Inc. was deeded the property commonly identified as 4401 Conner Avenue by the Henry Ford Health System's Real Estate Services Division on March 21, 2012, in addition to receiving a grant to aid with rehabilitation costs.

Eastside LAND, Inc. is proposing to utilize approximately 22,000 square feet of the 25,000 square-foot facility for tempo-

rary classrooms, which are needed for a charter school. Future plans for the building are to house ten temporary classrooms for the University YES Academy's East campus, a 6th-12th grade charter school, while the permanent facility is constructed. A school (elementary, middle/junior high or high) is considered a by-right use (per Sec. 61-9-75(14)) in the B4 district zoning classification. Once the permanent University YES Academy's East campus is constructed, the petitioner intends to continue to utilize the facility as temporary classroom space for other new charter schools, while construction of the charter school's permanent facilities are underway.

Additionally, the Warren/Conner Development Corporation intends to permanently move its offices from the current location at 11148 Harper Avenue into the available 3,000 square-foot space located in the southwest wing of the building, which will allow for the creation of approximately 20 office spaces. An office (business or professional) is considered a by-right use (per Sec. 61-9-76(22)) in the B4 district zoning classification, however, the proposed office use is currently permissible in the existing M4 zoning classification.

The City Planning Commission is also listed as co-petitioner on this application to show a B4 (General Business District) zoning classification where an M4 (Intensive Industrial District) zoning classification is presently shown on property identified as 4351 Conner (Manz Playfield) located to the south of primary subject property.

The City of Detroit Recreation Department, which has jurisdiction over the property located at 4351 Conner Avenue, has indicated its support and willingness to have the parcel commonly identified as Manz Playfield rezoned from M4 to B4, noting that the B4 zoning classification is a more appropriate land use designation, and would bring that parcel into closer conformance with the Master Plan of Policies. By rezoning Manz Playfield, in addition to the two adjacent parcels under the control of the petitioner (4401-4411 Conner Avenue), the possible issue of an illegal spot zone would be addressed.

SCOPE AND IMPACT OF THE PROPOSAL

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests. The current zoning classification of M4 does not allow for the establishment nor the operation of a school (elementary, middle/junior high or high). An office (business or professional) is considered a by-right use (per Sec. 61-10-76(29)), and an outdoor recreation facility is considered a conditional public, civic, and/or institutional use

(per. Sec. 61-10-81(6)) in the M4 district zoning classification. The proposed zoning of B4 does allow for all proposed uses on a by-right basis.

Suitability of the Property

One of the aforementioned criteria for rezoning states, "The suitability of the subject property for the existing zoning classification and proposed zoning classification." Zoning Map No. 33 generally shows a mix of M4, M2, B4 and Residential uses on the north, south east and west sides for several blocks of the subject property. This section of Conner Avenue is primarily developed with two commercial shopping complexes, a restaurant and the former Henry Ford Health System Conner Clinic. An M4 (Intensive Industrial District) zoning classification is generally located to the south of the subject property along Conner Avenue and encompasses the Detroit Recreation Department's Manz Playfield. This section of Conner Avenue and Mack Avenue shows both vacant land and a few scattered industrial and commercial uses.

The CPC looks favorably on the redevelopment of the vacant structure as ten temporary classrooms to be utilized by newly established charter schools and permanent office space for the Warren/Conner Development Coalition, and believes that it would be beneficial to the surrounding business, commercial and residential neighborhood.

Land Use

The CPC finds that a B4 (General Business District) zoning classification is the most appropriate land use classification considering the desired intent of the petitioner.

Significant Impact on Other Property

The CPC is of the opinion that the rezoning of this property and the potential development which is pending would add to the stability to the surrounding community by providing a viable non-profit neighborhood center operation as well as a school in what would otherwise be a vacant structure. The proposed development will create temporary construction jobs as well as provide full-time employment opportunities for residents in the area and the City of Detroit in general.

ZONING ORDINANCE AND MASTER PLAN CONFORMANCE

Master Plan Consistency

The subject site is located within the St. Jean area of Neighborhood Cluster 3 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows General Industrial and Recreation for the subject properties.

The Planning and Development Department (P&DD) was present at the March 15th public hearing and indicated that the request to rezone the two parcels identified as 4401 and 4411 Conner Avenue was not in conformance with the

Master Plan of Policies. However, given the fact that the subject property is smaller than 10 acres and is not under consideration for a PD zoning classification, no amendment to the Master Plan of Policies was necessary at this time. P&DD staff further indicated that a future amendment to the Master Plan of Policies may be forthcoming to reflect a future general land use classification of Commercial rather than Industrial for a majority of the surrounding area.

CITY PLANNING COMMISSION PUBLIC HEARING

On March 15, 2012, the City Planning Commission held a public hearing on the subject rezoning request. Seven (7) members of the public spoke in favor of the proposed request, in addition to six (6) letters of support having been received. No one spoke in opposition to the proposed request. At that time the Commission raised several questions of concern regarding the proposed development and its proximity to a DTE transformer substation, ITC high tension wires and commercial debris located at 12165 Mack, adjacent to the subject property.

At the City Planning Commission Special Session of Thursday, March 29, 2012 the petitioner was present with written communications from DTE, ITC and the Detroit Fire Department as it related to any health, safety or environmental concerns that could potentially exist. CPC staff also provided a comprehensive map illustration the locations of several Detroit Public Schools in relation to existing DTE facilities. To the extent that this circumstance was shown as somewhat common, CPC was more comfortable with the request.

RECOMMENDATION

On March 29, 2012 the City Planning Commission voted to recommend **APPROVAL** of the rezoning request to amend District Map No. 33, Article XVII, Chapter 61 of the 1984 Detroit City Code to show a B4 zoning classification where an M4 zoning classification is presently shown on three parcels identified as 4401 Conner, 4411 Conner and 4351 Conner (Manz Playfield) generally bounded by East Warren Avenue to the north, Conner Avenue to the east, Old Mack Avenue (a/k/a Mack Service Drive) to the south, and Conner Lane rail-line. The Zoning Ordinance map amendment has been approved as to form by the Law Department and is attached for your consideration.

City Planning Commission

June 1, 2012

Honorable City Council:

Re: Proposal to amend the Zoning Ordinance, Ch. 61, Article XVII, District Map Nos. 19 and 21 by rezoning properties generally located on the east and west sides of Mt. Elliott Avenue between Emery Avenue on the north and East Davison Avenue on the south (Recommend approval).

The City Planning Commission (CPC) is proposing to amend District Map Nos. 19 and 21 of the Detroit Zoning Ordinance (Chapter 61, Article XVII of the 1984 Detroit City Code) to, in general:

- Rezone the west side of Mt. Elliott Avenue from Emery Avenue on the north to East Davison Avenue on the south from B4 (General Business District) to B2 (Local Business and Residential District); and
- Rezone the east side of Mt. Elliott Avenue from Emery Avenue on the north to East Davison Avenue on the south from M4 (Intensive Industrial District) to M2 (Restricted Industrial District).

The subject area is shown as the shaded area on the accompanying map listed as Attachment A.

Background and Proposal

In March, 2005, the Nortown Community Development Corporation (CDC), requested that the east and west sides of Mt. Elliott Avenue be rezoned. The Nortown CDC rezoning request was based on a 2001 planning study by McKenna Associates, Inc. entitled, "Norris Village Neighborhood Plan."

After researching the request and consulting with both the applicant and the Planning & Development Department (P&DD), the CPC is proposing the following amendments:

- Rezone the west side of Mt. Elliott Avenue from Emery Avenue on the north to East Davison Avenue on the south from B4 to B2 ; and
- Rezone the east side of Mt. Elliott Avenue from Emery Avenue on the north to East Davison Avenue on the south from M4 to M2.

The areas to be rezoned are specifically described in Attachment B.

The subject request involves two of the City's Zoning maps: District Map No. 19 (bounded by East Nevada Avenue on the south) and District Map No. 21 (bounded by East Nevada Avenue on the north).

The overall purpose of the proposed rezoning is to make the area's zoning more consistent with the City's Master Plan of Policies; to make the zoning better reflect existing development; to provide a buffer between residential and intensive industrial districts; and to limit the undesirable influence of intensive commercial and industrial uses on adjacent residential areas.

Over the years, the Nortown CDC and area residents have worked to improve their community. Nortown CDC has worked on a variety of projects, including developing affordable housing, business retention and attraction, recreation planning, and restoring links to the area's historic past. In 1873, the Village of Norris was founded, and Nortown CDC is working to restore the Norris House located within the subject rezoning at the northwest corner of Mt. Elliott and Iowa Avenues. Nortown CDC is also working to develop the Milbank/Conner Creek Greenway, which is Phase I of a nine-mile pedestrian trail that is planned to connect eastside neighborhoods to the Detroit River.

Public Hearing and Follow-up

On March 1, 2012, the City Planning Commission held a public hearing on the subject rezoning request. Three members of the public (which included Pat Bosch from the Nortown CDC) spoke in favor of the rezoning. The Commissioners raised no major concerns, but did request a map of City-owned property and questioned how to pursue absentee landlords. Of the approximately 73 buildings and over 100 lots, it appears, that about 12 lots or buildings are owned by the City of Detroit. CPC and Nortown CDC staff have agreed to collaborate to submit any code violations in the subject area to the Buildings, Safety Engineering and Environmental Department.

Analysis

Section 61-3-80 of the Detroit Zoning Ordinance lists criteria for consideration for zoning map amendments which is attached for reference (please see Attachment C).

Master Plan of Policies

According to the Master Plan, land on the east side of Mt. Elliott Avenue is within Neighborhood Cluster 1, Grant District subsector. The Master Plan shows the blocks from Emery Avenue on the north to East Davison Avenue on the south as Light Industrial. As a result, the proposed M2 zoning classification would make the zoning comply with the Master Plan.

Land on the west side of Mt. Elliott Avenue is within Neighborhood Cluster 1, Davison and Pershing subsectors. The Master Plan shows the block from Emery Avenue to East Seven Mile Road as Light Industrial. The Master Plan shows land south of East Seven Mile Road to East Davison Avenue as Low Density Residential. The existing zoning from Emery Avenue to Davison Avenue is B4 which is not in compliance with the Master Plan; nor would changing the zoning to B2 comply with the Master Plan. The CPC thinks rezoning the west side of Mt. Elliott Avenue from Seven Mile to Davison Avenue to an R1 (Single-Family Residential District) classification would be too out of character with existing development.

The CPC asked P&DD to comment regarding the consistency of this proposal to the City's Master Plan; P&DD raised no objections to the request.

Impact on Existing Land Uses

Within each zoning district, various

land uses are designated as either "By-right" (R) or "Conditional" (C), and those uses not listed are deemed, in general, not allowed. When land is rezoned, sometimes the permissibility of the land use changes.

From B4 to B2

<u>A.</u>	<u>B.</u>	<u>C.</u>	<u>D.</u>	<u>E.</u>	<u>F.</u>
No Change in Permissibility (R to R) or (C to C)	From R to C	From C to R	From Not Allowed to R or C	From R or C to Not Allowed (legal non-conforming)	Not allowed under either zoning District
11 houses 1 motel 2 churches				1 bar	15 buildings
14 total uses	0 total uses	0 total uses	0 total uses	1 total use	15 total uses

On the west side of Mt. Elliott Avenue, it appears there are two vacant buildings previously developed as commercial uses. Also on the west side, there appear to be 15 existing industrial buildings. Some of those buildings have activity, but several of these appear to be for sale, vacant, or abandoned. Past

or present uses for some of these industrial buildings include plating, welding, machine shops, storage yards, steel treating, etc. None of these are allowed as new uses in B4 or B2, but legally established industrial uses still operating are allowed to continue as nonconforming uses.

From M4 to M2

<u>A.</u>	<u>B.</u>	<u>C.</u>	<u>D.</u>	<u>E.</u>	<u>F.</u>
No Change in Permissibility (R to R) or (C to C)	From R to C	From C to R	From Not Allowed to R or C	From R or C to Not Allowed (legal non-conforming)	Not allowed under either zoning District
1 rental hall 1 party store 2 auto repair 1 bar 1 salon 1 carpentry shop				1 bar	2 houses
7 total uses	0 total uses	0 total uses	0 total uses	1 total use	2 total uses

On the east side of Mt. Elliott Avenue, there appear to be 30 existing industrial buildings. Some of these buildings have activity, but several of these appears to be for sale, vacant, or abandoned. Past or present uses for some of these industrial buildings, include metal fabricating, tool and die, machine shops, stamping, welding shop, plating, junk car storage, etc. Machine shops and welding shops are By-Right in M4 and Conditional in M2. Towing service storage yards are Conditional in both M4 and M2. Used auto part sales are Conditional in M4 and not allowed in M2. Low-impact and Low/medium-impact manufacturing uses are By-Right in both M4 and M2. High/medium and High-impact manufacturing are By-Right in M4, but not allowed in M2.

Proposed Rezoning Districts

One of the aforementioned criteria for rezoning states, "The suitability of the subject property for the existing zoning classification and proposed zoning classification." Another criterion states,

"Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract."

The east side of Mt. Elliott Avenue is proposed to be rezoned from M4 to M2. The M4 District, in general, allows intensive industrial land uses that are rarely, if ever, located adjacent to residential districts. The M2 District, in general, is designed for a wide range of industrial and related uses that can function with a minimum of undesirable effects where industrial establishments of this type can provide a buffer between residential districts and intensive industrial districts.

The subject area along the east side of Mt. Elliott Avenue is generally developed with a mix of small industrial buildings, some commercial retail uses, and vacant lots. It appears several of the buildings are vacant. The area just east of Mt. Elliott Avenue, along Filer Avenue, has historically been developed with residential houses from East Seven Mile on the north

to East Davison Avenue on the south. A north/south rail line is located east of Filer Avenue. Over the past 25 years, several houses along Filer Avenue have been demolished, but over 30 houses still remain. It appears over the years, a large number of the former machine shops which used to line the east side of Mt. Elliott, are either vacant or developed for the repair, storage, or dismantling of automobiles. As this strip of buildings transitions primarily from machine shops to other uses, the CPC thinks the M2 zoning would limit the number of new intensive industrial buildings and thus limit negative impacts on adjacent residential areas.

The west side of Mt. Elliott Avenue is proposed to be rezoned from B4 to B2. B4, in general, provides for business and commercial uses of a thoroughfare-oriented nature. B2, in general, provides for the day-to-day consumer goods and services required to serve a small residential area. High traffic-generating and traffic-oriented uses are restricted because of their obvious undesirable influence on adjacent residential areas.

The west side of Mt. Elliott Avenue, although presently zoned B4, has a mix of residential, commercial, and industrial buildings. It appears over the years, many of the former industrial buildings have become vacant or redeveloped as uses for the repair, storage, or dismantling of automobiles. Many of the commercial uses appear vacant. The CPC thinks the B2 zoning would help limit new intensive commercial or industrial uses and thus limit negative impacts on adjacent residential areas.

Therefore, based on the above analysis, the CPC thinks the subject blocks are suitable for the proposed zoning classifications and would have no significant impact on other property in the vicinity.

Spot Zoning

Another criterion states, "Whether the proposed rezoning will create an illegal spot zone." Because the proposed rezoning includes a large area (13 blocks) and complies almost entirely with the City's Master Plan, the CPC thinks the proposed rezoning would not create an illegal spot zone.

Recommendation

At its meeting on March 15, 2012, the City Planning Commission took action to recommend APPROVAL of the proposal to amend District Map Nos. 19 and 21 of the Detroit Zoning Ordinance (Chapter 61, Article XVII of the 1984 Detroit City Code) to, in general:

- Rezone the west side of Mt. Elliott Avenue from Emery Avenue on the north to East Davison Avenue on the south from B4 (General Business District) to B2 (Local Business and Residential District); and
- Rezone the east side of Mt. Elliott

Avenue from Emery Avenue on the north to East Davison Avenue on the south from M4 (Intensive Industrial District) to M2 (Restricted Industrial District).

The areas to be rezoned are specifically described in Attachment B.

Attached is an ordinance, approved as to form, by the Law Department, for introduction and the setting of the required public hearing.

May 29, 2012

Honorable City Council:
Re: Request for Public Hearing. Wholesale Distribution Center Rehabilitation Project No. 3. Development: Parcel 528; bounded by Dequindre, Hale, St. Aubin and Mack.

The Planning and Development Department is in receipt of an offer from Pellerito Foods, Inc., a Michigan Corporation, to purchase the above-cap-

tioned property for the amount of \$90,500 and to develop such property. This property contains approximately 91,830 square feet or 2.1 acres and is zoned M-3 (General Industrial District).

Pellerito Foods, Inc., proposes to use this property to expand the footprint of their existing produce operation. The expansion would consist of the construction of additional storage, parking, shipping facilities, a loading dock and a paved surface parking lot for the storage of licensed operable vehicles. Any undeveloped area will be appropriately lighted and landscaped to enhance the overall site.

The City of Detroit Master Plan of Policies currently designates the future land use in the area as IDP (Distribution/Port Industrial). In addition, the proposed

development does conform to the Modified Development Plan for the Wholesale Distribution Center Rehabilitation Project No 3 (Eastern Market), which designates Wholesale/Retail Food Distribution & Processing as the permitted land use for the subject site.

The project has been presented to the Wholesale Distribution Center Rehabilitation Project No. 3 (Eastern Market) Citizen's District Council and received the support of that body. The Planning and Development Department (P&DD) has evaluated the proposal from Pellerito Foods, Inc., and now wishes to move forward with the conveyance of the subject property.

Respectfully submitted,
MARJA M. WINTERS
Deputy Director

By Council Member Jenkins:

Whereas, Fort Shelby Hotel, LLC/Fort Shelby Residential, LLC, has filed with the City Clerk an Application for an Obsolete Property Rehabilitation Exemption Certificate, under Public Act 146 of 2000 ("the Act") in City of Detroit Obsolete Property Rehabilitation District in the manner and form prescribed by the Michigan State Tax Commission; and

Whereas, This City Council is a Qualified Local Governmental Unit as defined by the Act; and

Whereas, This City Council on February 16, 2010, established by Resolution an Obsolete Property Rehabilitation District in the vicinity of **525-529 West Lafayette**, Detroit, Michigan, after a Public Hearing held, in accordance with the Act; and

Whereas, The taxable value of the property proposed to be exempt plus the aggregate taxable value of property already exempt under the Act and under Public Act 198 of 1974 exceeds 5% of the total taxable value of property in the City of Detroit; and

Whereas, In accordance with MCL 125.2786(6) related to the Act, the applicant may amend a current Obsolete Property Rehabilitation Certificate; and

Whereas, The amended application will

include **Condominium Unit 1** and **Condominium Unit 2** as described in the attached legal description (Exhibit A); and

Whereas, The Applicant is not delinquent in any taxes related to the facility; and

Whereas, The Application is for obsolete property as that term is defined in Section 2(h) of the Act, which property is owned by the Applicant; and

Whereas, Commencement of the rehabilitation of the subject facility did not occur before the establishment of the Obsolete Property Rehabilitation District; and

Whereas, The Application relates to a rehabilitation program that when completed constitutes a rehabilitated facility within the meaning of the Act and which is situated within the aforesaid City of Detroit Obsolete Property Rehabilitation District; and

Whereas, The rehabilitation includes improvements aggregating 10% or more of the true cash value of the property at the commencement of the rehabilitation as provided by Section 2 (l) of the Act; and

Whereas, On June 7, 2012, in the City Council Committee Room, 13th Floor, Coleman A. Now Therefore Be It

Resolved, That it is hereby found and determined that the granting of an Obsolete Property Rehabilitation Exemption Certificate, considered together with the taxable value of Obsolete Property Rehabilitation Exemption Certificates and Industrial Facilities Exemption Certificates if previously granted and currently in force, will not have the effect of substantially impeding the operation of the local governmental unit or impairing the

Resolved, That it is hereby found and determined that the Applicant has complied with the requirements of the Act; and be it further

May 14, 2012

Honorable City Council:

Re: Request for authorization to apply for and accept the Emergency Solutions Grant (ESG) for the purpose of Homeless Prevention and Rapid Rehousing from the Department of Housing and Urban Development (HUD) in the amount of Nine Hundred Fourteen Thousand Eight Hundred Fifteen Dollars (\$914,815.00).

The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) which was enacted into law on May 20, 2009, consolidated three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program, and revises the Emergency Shelter Grants program and renames it as the Emergency Solutions Grants (ESG) program. The HEARTH Act also codified into law the Continuum of Care planning process, a longstanding part of HUD's application process to assist homeless

persons by providing greater coordination in responding to their needs.

Accordingly, HUD published the interim rule for the amended Emergency Solutions Grants (ESG) program along with the corresponding amendments to the Consolidated Plan regulations in the Federal Register on December 5, 2011 (76 FR 75954) and became effective on January 4, 2012. This interim rule revises the regulations for the Emergency Shelter Grants program by establishing the regulations for the Emergency Solutions Grants program, which replaces the Emergency Shelter Grants program. The change in the program's name, from Emergency Shelter Grants to Emergency Solutions Grants, reflects the change in the program's focus from addressing the needs of homeless people in emergency or transitional shelters to assisting people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.

The City of Detroit received its final Emergency Shelter Grant allocation of \$1,626,338 in 2011. On January 4, 2012 the U.S. Department of Housing and Urban Development provided a second allocation of \$914,815 in Emergency Solutions Grant (ESG) Funds to the City of Detroit as a Substantial Amendment to its 2011 Annual Action Plan.

The City of Detroit through the Planning and Development Department (P&DD) now proposes to apply to the Department of Housing and Urban Development (HUD) for this Emergency Solutions Grant in the amount of \$914,815.00 to assist in continued efforts to prevent homelessness in Detroit neighborhoods. As a requirement for this application, the Planning and Development Department (P&DD) has and will continue to work with the Homeless Action Network of Detroit (HAND), the designated Continuum of Care for our jurisdiction, to implement this grant.

The Emergency Solutions Grant (ESG) application will be submitted to HUD on or before May 31, 2012 and a decision is expected by July, 2012.

The Planning and Development Department therefore requests your Honorable Body's authorization to submit the application and if awarded, accept the supplemental Emergency Solutions Grant by adoption of the attached resolution.

MARJA M. WINTERS
Deputy Director

Resolved, The U.S. Congress has set aside a \$914,815.00 Emergency

Whereas, The Planning and Development Department has requested authorization to apply for the Emergency Solutions Grant (ESG);

Whereas, The Planning & Development Department has requested authorization for the City of Detroit to accept the Emergency Solutions Grant (ESG) if approved by HUD;

Now Therefore Be It Resolved, That the Mayor of the City of Detroit, or his designee, is hereby authorized to submit an Emergency Solutions Grant (ESG) application for \$914,815.00 (B-08-SP-MI-0310) for Homeless Prevention and Rapid Re-Housing.

Be It Further Resolved, That the Mayor of the City of Detroit, or the City's Finance Director is hereby authorized to accept an Emergency Solutions Grant in the amount of \$914,815.00 (B-08-SP-MI-0310) for the purpose of Homeless Prevention and Rapid-Re-housing plan.

Honorable City Council:

Re: Petition No. 758 — Rodrigo Padilla, to vacate alley between Stair, Honorah, W. Vernor, and Pitt to convert same into a public easement.

Petition No. 758 of "Rodrigo Padilla" request the conversion of a portion of the east-west public alley, 18 feet wide, in the block bounded by Pitt Avenue, 50 feet wide, West Vernor Highway, 66 feet wide, Honorah Avenue, 60 feet wide, and Stair

Avenue, 60 feet wide, into a private easement for utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately-owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY

RESOLUTION STRONGLY URGING DTE ENERGY TO ELIMINATE ITS DISCONNECT FEES FOR TWO YEARS FOR DETROIT PROPERTIES ON THE CITY'S DEMOLITION LIST IN CLOSE PROXIMITY TO SCHOOLS

By ALL COUNCIL MEMBERS:
 WHEREAS, DTE Energy and its predecessor companies, Detroit Edison Company and Michigan Consolidated Gas Company, have been corporate citi-

zens of the City of Detroit for more than 100 years. During that time, it has been a vital partner to the City, providing funding and support to many cultural and recreational programs throughout the Detroit metropolitan area; and

WHEREAS, DTE Energy and the City of Detroit have enjoyed a strong relationship partnering in numerous mutually beneficial initiatives such as the Copper Theft Taskforce, The Heat and Warmth Fund (THAW) and emergency overhead lamp repair program; and

WHEREAS, DTE is also the number one vender (in volume of business) with the City including contracts for improvement of street lighting from October 24, 2011 through January, 2012 for \$750,000

(contract no. 2853252), the purchase of electricity through the Public Lighting Department from May, 2010 through December, 2014 for \$150,000,000 (contract no. 2819633) as well as the purchase of electricity to operate the Detroit Water and Sewerage facilities; and

WHEREAS, The economic recession plaguing the United States has disproportionately affected the City of Detroit. Significant loss of high-paying manufacturing jobs has in large part contributed to sustained record-high unemployment and foreclosures. This, combined with widespread poverty and significant reductions in tax revenue resulting from massive population loss, has contributed to this economic crisis in the City; and

WHEREAS, One of the impacts of these economic and social conditions is the dramatic increase in vacant housing stock and commercial structures within the City. Many of these structures are dilapidated and qualify for demolition under the City's dangerous building program; and

WHEREAS, Currently the City lacks sufficient funding to address the thousands of properties slated for demolition, many of which are in close proximity to schools and pose an unacceptable risk to our children; and

WHEREAS, One cost associated with demolition is the fee DTE charges for disconnecting the power supply to homes prior to their demolition. This presents a unique opportunity for DTE to positively impact Detroit neighborhoods by eliminating the disconnect fee for structures slated for demolition which are near schools; and

WHEREAS, As the City of Detroit has the largest volume of demolitions in the State of Michigan, this initiative would allow the City of Detroit to maximize its demolition resources and increase the number of structures that could be abated; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby strongly urging DTE Energy to eliminate its disconnect fees for Detroit properties on the City's demolition list in close proximity to schools for a two (2) year period, so that the savings achieved could be funneled back into the City's dangerous building demolition program and used exclusively for those efforts; and BE IT FURTHER

RESOLVED, That the Detroit City Council strongly urges the Bing Administration to reach out to DTE and facilitate such an agreement; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Mayor Dave Bing; Nate Ford, Director of Buildings, Safety Engineering & Environment; as well as Gerard Anderson, President and CEO of DTE Energy.

THE BING ADMINISTRATION TO
FORMALIZE AN OPERATING
AGREEMENT WITH THE FRIENDS OF
PRESERVATION OF ERMA
HENDERSON MARINA**

By COUNCIL MEMBER WATSON:

WHEREAS, Erma L. Henderson Park and the adjacent marina are gems within the City of Detroit with great historical significance as they were named in honor of the first African-American woman City Council President by Mayor Coleman A. Young, the City's first African-American Mayor. Erma Henderson, who passed away in 2009, was also a social worker and civil rights advocate as well as a stalwart for working peoples' rights during her lifetime; and

WHEREAS, Erma Henderson's home bordered the park that was named in her honor in 1989, and it held special significance to her as did the continued operation and maintenance of the area for recreational and leisure activities. Her commitment to the park was also evident in her Last Will and Testament where she clearly expressed her intent for a playscape to be erected in the park to benefit the area's youth; and

WHEREAS, Earlier this year the Bing Administration began efforts to close the

marina located at Erma L. Henderson Park, raising strong resistance from the community, boaters and the Detroit City Council. As a result, efforts were undertaken by the Administration to award a contract for the continued operation of the marina; and

TESTIMONIAL RESOLUTION FOR JALIBA KUYATEH

By COUNCIL MEMBER KENYATTA:

bestow homage upon Jaliba Kuyateh, a highly respected Gambian musician; and

WHEREAS, A child of exceptional talent, Jaliba Kuyateh learned to align his natural and trained skills early on. Admired for his mastery of the Kora, a twenty-one stringed African musical tool, he eventually gained recognition for his astounding ability to handle the instrument while delivering an equally amazing performance; and

WHEREAS, Having successfully learned to blend the melodic tune of the Kora with a strong lyrical message of social and cultural responsibility, Jaliba Kuyateh rose to a level of great fame, becoming one of the most revered artists to ever emerge from The Gambia. With a following of fans that spanned across the globe, his esteem and subsequent travels would in time take him to places far and wide including such vastly different locations as Sweden and Mali; and

TESTIMONIAL RESOLUTION FOR

THE BUGGS, LONG, WILLIAMS FAMILY
By COUNCIL MEMBER KENYATTA:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, recognize and bestow homage upon the Buggs, Long, Williams family, a family of rich heritage and pride, as they celebrate their first Detroit hosted family reunion; and

WHEREAS, Rooted by a history that is both intriguing and mysterious, the Buggs, Long, Williams family can be traced as far back as 1836, the year that marked the birth of Jonah Buggs. Born during an era of great hardship for people of African descent, Jonah no doubt faced a world unkind to both he and his known siblings, Henry Buggs and Rena Fields Cobbs. After over two decades of enslavement, he would finally face liberation as he and his brother were freed from slavery in the year 1863; and

WHEREAS, Discontent with the idea of continuing to live under the identity of

their former slave master, Jonah and Henry set out to carve their own stories and successes, beginning with a new and unique surname, Buggs. It was after this change that life truly began to blossom for the brothers as they both settled in different Louisiana homesteads and embarked on paths that eventually took them in separate directions but most certainly never broke the ties that had grounded them throughout their earlier years. While not much is known about the whereabouts of Henry and his fate, Jonah Buggs would go on to marry and create a family of ten children, one of which was Charles Freeman Buggs; and

WHEREAS, In honor of the legacy and generations of descendants that have been born to the Buggs, Long, Williams family, specifically from Mr. Charles Freeman Buggs and Ms. Lucy Williams-Buggs, a family reunion will be hosted in our great City of Detroit, Michigan from June 29, 2012 to July 1, 2012. NOW, THEREFORE BE IT

RESOLVED, That this Testimonial Resolution from the Detroit City Council, Office of Council Member Kwame Kenyatta, be awarded in recognition of the history, traditions, and achievements of the members of the Buggs, Long, Williams family.

Reynolds, where along with some of Detroit's finest Dancers they were able to dance to the re-make of Marvin Gaye's, *Stepping out Tonight*. An exceptional dancer and choreographer, Crystal's greatest dance accomplishment came in 2008 during the historical inauguration of our country's first African American President — President Barack Obama. She along with others from around the world performed the now famous "Obama Hustle" at the National Mall in Washington D.C. NOW, THEREFORE BE IT

ing he enjoys traveling, being with friends and family and mentoring young men and women whom he encounters daily on the streets of Detroit; and

This quick step style of dance and routines prompts the birth of *The New Hustle Generation (NHG)*, group in 1999. Curtis enjoys being a member of the NHG. This group helped fueled Curtis greatest passion of bringing people together. In June 1999, NHG hosted a hustle extravaganza. This extravaganza brought together local dance groups from Detroit, Flint, and Cleveland, Ohio to showcase their unique style of dances. Thus, creating a dance movement of friendship and fellowship between groups, which later extend to other cities throughout Michigan and Ohio; and

WHEREAS, In 2002, with friendships now being formed, the groups decided to host their first family reunion in Toledo, Ohio, called "*Line Dance/Hustle & Ballroom Family Reunion*." This reunion consisted of about 21 groups from Michigan and Ohio. The groups shared and observed each others dance steps and new friendships were formed. Throughout the years the number of participants continues to grow. Recognizing the need for unity between the east coast and the west coast, Curtis met with Kenny J from the east coast. He shared with him the dance movement that was taking place in the Midwest, and invited Kenny J to join them. Later that year in June of 2004 the "*Line Dance/Hustle & Ballroom Family Reunion*" saw a major growth in participants. It was during that year that the group changed its name to "*United We Dance (UWD) Reunion*". Today, in its 11th year United We Dance is comprised of 17 groups from Michigan, Ohio and Indiana. In addition, the number of guests in attendance has grown from 200 from two states, to 1400 guests from 24 states by 2011. This universal language, which promotes physical activity through line dancing, has united people from all walks of life through dancing and fellowship. NOW, THEREFORE BE IT

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the Amended and Restated Globe Building Redevelopment Project (the “Plan”) that would enable the owner to apply for a Michigan Business Tax Act credit for eligible investments on eligible property as defined by Act 381, as amended, after the adoption of this Plan; and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on April 25, 2012, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on May 3, 2012 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on April 25, 2012; and

WHEREAS, The City Council held a public hearing on the proposed Plan on June 14, 2012.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

“Eligible Activities” or “eligible activity” shall have the meaning described in Act 381.

“Eligible Property” means the property designated in the Plan as the Eligible Property, as described in Act 381.

“Plan” means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

“Taxing Jurisdiction” shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) The property designated in the Plan meets the definition of Eligible Property, as described in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of Eligible Activities is feasible.

(d) The costs of Eligible Activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) No captured taxable value is estimated to result from adoption of the Plan since all Eligible Activities will be financed by the owner of the Eligible Property and the Plan does not provide for the use of tax increment revenues for eligible activities.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk’s office.

6. Disclaimer. By adoption of this resolution and approval of the Plan, the City

WHEREAS, On the evenings of the Detroit Annual Fireworks Display that takes place on the Detroit River there have been numerous incidents of harassment, nuisance, vandalism, and violence committed by persons at the viewing, parking, and public places of the City before, during, and after the fireworks display;

WHEREAS, These acts of harassment, nuisance, vandalism, and violence have been committed, in part, by unsupervised minors before and during the City's regular curfew hours for minors and have endangered the peace, health, safety, and welfare of the People of the City of Detroit and the thousands of persons traveling from outside the City limits to attend this annual event;

**RESOLUTION SUPPORTING THE
NOMINATION OF THE DIEGO RIVERA
MURAL “DETROIT INDUSTRY” TO BE
A NATIONAL HISTORIC LANDMARK**

By COUNCIL MEMBER TATE:

WHEREAS, The City of Detroit's Detroit Institute of Arts has served as the home to the famed Detroit Industry Murals, a series of frescoes by the world-renowned Mexican artist Diego Rivera, consisting of twenty-seven panels depicting both industry and racial integration at the Ford Motor Company; and

WHEREAS, Together the twenty-seven colorful, awe-inspiring panels surround the Rivera Court in the Detroit Institute of Arts, which were painted between 1932 and 1933, were considered by Rivera to be his most successful work; and

WHEREAS, The two main panels on the North and South walls depict laborers working at Ford Motor Company's River Rouge Plant, other panels depict advances made in various scientific fields, such as medicine and new technology; and

WHEREAS, The series of murals, taken as a whole, represents the idea that all actions and ideas are one; and

WHEREAS, Historically, it is known that even before the murals were created, critics viewed them as Marxist propaganda based on Rivera's perceived Marxist philosophies, and when the murals were completed, the Detroit Institute for the Arts invited various clergymen to comment, among which Catholic and Episcopalian clergy condemned the murals as supposed “blasphemy”; as a result of the controversy, 10,000 people visited the museum on a single Sunday; and

WHEREAS, At its unveiling the panel so offended some members of Detroit's religious community that they demanded it be destroyed. However, despite that opposition and due in large part to support from commissioner Edsel Ford, then the director of the DIA, it remains in place today.

WHEREAS, The Historic Designation Advisory Board, Historic District Commission and the Recreation Department of the City of Detroit have expressed support. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council enthusiastically supports the National Park Service via the United States Department of the Interior through its National Historic Landmarks Program nominating the Diego Rivera mural, “Detroit Industry,” which is currently proudly displayed at the City of Detroit's Detroit Institute of Arts, as a National Historic Landmark, so that it may serve as a national treasure for the American public to better understand and appreciate the role of American Latinos in the development of the United States, and bring

attention to the nationally significant role the auto industry and Diego Rivera have played in American history overall.

Anti-Abortion Bill Which
Regulates Women's Bodies**

By COUNCIL MEMBER WATSON:

WHEREAS, Rep. Byrum said, "The state does not regulate vasectomies. If we're concerned about making sure babies are born, why are we not talking about vasectomies?"

WHEREAS, In the past, men Representatives have brawled on the House floor without invoking bans that keep them from speaking; and

PUBLIC COMMENT

Tyrone Travis. Stated that unfair treatment was given to teenagers during the fireworks and there was no public hearing or notice of a curfew for the fireworks Mr. Travis stated that we must organize great movements outside the box. Anything short of spending 80% in the neighborhood is marching us into a deficit as a community.

President Pro Tem Brown. If there was an isolated incident that was inappropriate by the Detroit Police Officers at the Fireworks, Mr. Travis should go to the Board of Police Commissioners on Thursday at 3:00 p.m. at police headquarters and register the complaint so that it can be investigated. A curfew ordinance was passed by Council and enforced by the Police Department; it was in the paper and on the news.

Mary Lacy. Stated that a newspaper article said "control of the City nearly 1,000 acre park by the State to the State of Michigan as part of the City's Consent Agreement with the State." That is another jewel lost. She is concern about Seniors Health and Safety; what department is working to help seniors who are victims?

Michael Hughes. I live next to an abandoned house that has been on a demolition list for two (2) years and now people are in the house banging, leaving dogs in the house, shootings, and glass is falling out of the window into my driveway. My wife is afraid. I need help.

Council Member Jones. This is the responsibility of the Mayor. Council does not direct the departments on what to do. The Mayor is over the Departments. The Mayor has a meeting tomorrow at 7:00 p.m. in the Auditorium.

Evan Petros. Gave special thanks to Council Member Kenyatta for giving the distinguish service award for people with disability. Thank you Council for letting us use your venue for the event.

Linda Hasson. Stated that new politics does not listening to the people or care about the people; they are doing what they want to do. I have information about Mr. Conyers and the House Judicial Committee regarding a report on Act 4.

Pastor Ben Taylor. Pastor of Juse Are You Are Christian Center on Tireman and Weatherby. I brought two (2) building adjacent to my church In that block, there are six (6) buildings; three are adjacent to us and is an open sore. The women have to cross into the streets passing the building because they are open and they are afraid that someone will pull them into the building. I am scared that children might be raped and pulled in. There are holes in the floor. I need your help.

Lisa Franklin. Gave thanks to Council for the Ways on Wheels for the distinguish service award What we do is passion dri-

ven and purpose driven Two (2) weeks ago, we presented to Council the "Barrier Free Challenge" and Council Member Saunteel Jenkins agreed to do it. We received a pledge from Council Member Kenyatta who wants to do it on June 29 and Andre Spivey wants to do it in a manual chair in July. The suppliers need to hear from me today of a date because they will supply the chairs. We have challenge the Mayor, Chris Brown, Durene Brown and entire City Council plus DDOT CEO. We want you to remain in a power or manual chair for three hours by maneuvering yourself throughout the building and outside.

John Kabeer. Request assistance in getting is taxes lower because the mortgage company has his house note for \$1200 and his income is only \$1300; there is no way possible for me to pay that unless my taxes are lowered or he will have to foreclose.

President Pugh. A staff member will connect you to our Board of Review.

John Kabeer. Urges people to stay in Detroit and do not move because Detroit is becoming a Mecca and if you move, you may not be able to afford to come back.

Marguerite Maddox. Stated that she was not aware that DDOT service had stopped on Fort Street. She had to walk from Fort Street to Shaefer/Outer Drive which was 30 minutes. She is asking that DDOT change the bus route on Fort Street at Outer Drive. This morning, there were two (2) Dexter buses right behind each other going away from downtown.

Valerie Glenn. Represents Free Detroit, No Consent. She would like to believe that the Administrator who called the meeting did not leave because he saw the community at the meeting; she is encouraging people to attend the Mayor's meeting tomorrow, June 27, at 7:00 p.m. in the Erma Henderson Auditorium. Free Detroit is holding a rally at 5:00 p.m. and she would like to encourage people to go to her website, freedetroit.org and get more information.

President Pro Tem Brown. I am asking the Mayor's office to share the format of the meeting tomorrow.

Gardner. At 5:45 the cards will began to be distributed to individuals who want card. Card collection will cut off at 7:10 p.m. The meeting will begin at 7:00 p.m. and we will begin going through the cards and calling the people as we received them.

Sandra Hines. Stated that the presentation given this morning to Dr. Antoine Garibaldi, Ph.D. — President of University of Detroit-Mercy was warm, inviting, showed respect and appreciation for everything he has done; that is the way it should have been. If we, the people, can get that feeling from Council; if you could

talk to us like that, look in our faces and smile and think about what we have done to maintain this city through the problems this city has had. We love Detroit and we do not want to give Detroit to Snyder.

Stephen Boyle. Stated that items on the agenda shows providers of services are from outside the city. It shows that we are using 1.2 billion dollars of Federal Funding for demolition. He is concern about the sell off of Transportation services and are we doing this for the scale of privatization. There is a mix liquor system increase in contract to 1.25 billion dollars not to exceed 26.5 million (City funding). He is concerned about July 1 when union contract are up for renewal and Mayor Bing getting emergency manager powers; this is not the city that we really want to have.

Cindy Darrab. Stated that a phony emergency which makes it seems as if you have to make a decision now is the way this is being handled. She is troubled that our democratic rights have been signed away. You signed a contract to the very things that we were fighting in the PA 4. If we repeal the PA 4, we are still stick under contracts in some of the provisions in PA 4. The Water Department owes 4.2 billions. Fifty (50%) percent of the revenue from the Water Department is spent on paying those bonds off. One billion is what the city owes. If you divided 20 years because you have to double it, in 20 years it will be 2 billion. Two billion divided by 20 years to pay off will be 100 million dollars a year and the remainder of the 500 million is paid by the Water Department. Bonds are for capital improvement. Is any income from Comerica Park going outside the downtown area coming to pay off those bonds?

Mother Holmes. Dear Lord, thank you for you mighty blessing. Lord, Father we need you. Please look on us today and help us through; you know all things and we need your help. Things seem to be so rough but father but Father you are great and you can do all things. Lord, make the way not hard. Lord, please watch over us. Lord, we need you. People are working so hard trying to save Detroit. Lord, please save us and take away all enemies give us one more chance. Please help our people through this journey. We have people working so hard but Father you can do all things; nothing is too hard. Father please help us through. I yet believe it will be. I am praying this day, Lord, help our people who are working harder than ever. Many are working hard trying to save Detroit. Lord please save us and take away all enemies and let us be free again. Father, I ask this in your Holy name. Lord you can do all things. You can make the world go right. Please make it right. I am asking these thing in your Holy Name of the Father, Son and Holy Ghost. Amen.

On April 24, 2012, your Honorable Body approved a proposed request to settle this case by (1) adjusting the annual sexually-oriented business license fee authorized under Detroit Code § 5-15-24 to \$1,200, and (2) paying the sum of \$13,845.75 to the plaintiff and its counsel. It has come to our attention that the proposed settlement documents contained an error in the amount to be paid to plaintiff and its counsel. The proposed settlement should have provided that plaintiff and its counsel were to be paid \$16,340.75, rather than \$13,845.75.

We, therefore, request that your Honorable Body rescind the original resolution approving the settlement originally submitted, adopt the corrected resolution submitted herewith, and direct the Finance Director to issue a draft in the amount of Sixteen Thousand Three Hundred Forty Dollars and Seventy Five Cents (\$16,340.75) payable to Platinum Sports, Ltd., d/b/a All Stars and its attorney, Timothy P. Murphy, to be delivered upon receipt of properly executed Releases and a Stipulation and Order of Dismissal entered in Lawsuit No. 11-14421, approved by the Law Department.

The staff of the City Planning Commission (CPC) has received a sign permit application for a business sign to be located on the Chase Tower/Quicken Loan Offices at 611 Woodward Avenue. The PCA (Public Center Adjacent/Restricted Central Business District) zoning classification in which the site is located calls for City Council approval of the location and design of exterior modifications following the review and recommendation of CPC (Section 61-11-96 of the Zoning Ordinance). CPC and Planning and Development Department (PDD) staff have reviewed and application and submit this report and recommendation.

PROPOSED SIGN

The proposed sign is located on the north-east corner of the roof. (see attached rendering). The proposed sign is composed of red, halo-lit letters saying "Quicken Loans" with a white aluminum "backer" panel. The total size is 79 inches tall and 62 feet 4 inches tall, for a total of 410.4 square feet in size. The existing "CHASE" signs would remain.

REVIEW

In accordance with the PCA provisions of the Zoning Ordinance (Section 61-11-

97), reviews of proposed construction or modifications such as the signs proposed should be conducted in light of the following criterion, "Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." The proposed sign meets this criterion.

The building currently contains 466.7 square feet of signage. Sec. 3-7-5(a) of the City Code allows up to 500 square feet of business signage, except in zoning districts that require City Council approval of plans, such as this one. The City Planning Commission supported the proposed sign at its May 3, 2012 meeting. Additionally, the Historic District Commission supported the proposed sign at its June 13, 2012 meeting.

RECOMMENDATION

The CPC has completed its review of the proposed sign, as has the Planning and Development Department staff and the Historic District Commission. We find that the sign would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed sign. Please find attached the appropriate resolution to effectuate your Honorable Body's approval.

Police Department

June 8, 2012

Honorable City Council:

Re: Request to apply for the Juvenile-Focused Community Policing/Community Prosecution Byrne Justice Assistance Grant (Byrne JAG) Fiscal Year 2013 Program from the Michigan State Police.

The Michigan State Police (MSP) is accepting applications for the Juvenile-Focused Community Policing/Community Prosecution Byrne Justice Assistance Grant (Byrne JAG) for Fiscal Year 2013. The Detroit Police Department (DPD) is eligible to apply for **\$125,000.00, with no cash match.**

The Juvenile-Focused Community Policing/Community Prosecution program

is designed to foster proactive, problem-oriented interventions to combat juvenile delinquency. Acceptable initiatives include youth mentoring and community service activities, evidence-based drug/violence prevention programs, youth academies, counseling services, and events that facilitate parent and community engagement. Strategies should be comprehensive and may also include services for parents or other caregivers as well. Interactions between law enforcement and youth should be viewed as positive in nature and seen as a reward and not punishment.

Within this proposal, DPD will partner with Think Detroit Pal to develop a program for at-risk youth in the Cody Rouge area. A classroom curriculum, as well as recreational activities, will be provided. If awarded, the grant period will run from October 1, 2012 through September 30, 2013.

In the event that approval is granted to apply and the award is received, Officer Monica Evans, of the Criminal Investigations Bureau (CIB), would serve as the project director. **The deadline for this application is June 26, 2012.**

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the funding and approved participation.

If you have any questions or concerns, regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Re: F.Y. 2011-2012 Act 51 Michigan Transportation Fund.

Each year the City of Detroit receives a distribution of Michigan Transportation funds in accordance with Act 51, Public Act of 1951, as amended.

Past experience has indicated that the level of expenditure required to maintain the Local Streets has been somewhat greater than the amount of funds received for this purpose.

Section 13 (6) of Act 51, P.A. 1951 as amended, however, allows a city to transfer up to 50 percent per annum of funds returned to the City for its major streets system to the Local Street System for preservation of local streets.

To take advantage of this allowable transfer of funds and to more accurately reflect expenditures of the street system, we respectfully request that your Honorable Body adopt the attached resolution, which authorizes the Finance Director to accomplish the transfer.

MEMBER REPORTS

COUNCIL MEMBER BROWN: A Veteran's Job Fair and Open House at Cobo Hall today from 10:00 a.m. to 7:00 p.m. and 20,000 jobs will be available on the spot along with other services.

I am asking for support to ask Mr. Whitaker to do a resolution asking the Chief to abandon the concept of virtual precincts. In Public Health and Safety next Monday, we are going to ask the Chief to come and explain the savings being created through this. We are going to ask the Chief to come in and explain the benefits and give an analysis of the process. In the interim, we need a resolution prepared asking that those precinct doors be open to the citizens of Detroit and provide services.

The fireworks looked different, the crowd looked different. I thank the Chief and all the men and women of the Detroit Police Department and other officers that helped; Parks and Recreation and private security that work in businesses surrounding the event. This was a tribute of how well we do major events. There will be an after action report which will be an opportunity for any member of the public to have input on how it can be improved. The Ford Auditorium site was vacant where approximately 500 people could have had front roll seats. It is incident free. I would strongly encourage the Chief to go into the neighborhoods and enforce curfew violations as well as truancy. I am looking to get students into programs that will educate and provide

them with positive activities; not round up children for the sake of rounding them up.

COUNCIL MEMBER JENKINS: Kudos to the Police Chief for having a safe and incident free event. It was a good event and the curfew was part of the reason.

Youth Violence Task Force meeting Wednesday, June 27, 2012, at 5:30 p.m. — 13560 E. McNichols chaired by Council Member Jenkins and Council Member Tate. The meeting tomorrow will have employment specialists available to work with young people on soft skills for jobs.

There is a program available for free food for all children under 18. There is no identification required or registration. You can call 211 or go to nokidhungry.org/mi and they will instruct you on where to go.

COUNCIL MEMBER COCKREL, JR.: I was one of the Council Member who voted against the curfew and I still stand by that vote. My oldest son and his girl friend went to the Fireworks and if the curfew had been in place last year, they would have not been able to attend the fireworks because they were not in the present of my wife or me. I have a problem with a system that says to young people; if you are below a certain age, get out and do not come down here. I think it is possible to run an incident free event in the absence of such a curfew and I hope that will be considered in the future.

COUNCIL MEMBER JONES: Kudos to the Police Department for a good job done last week. Skill Trades Task Force meeting today in the Chambers from 4:00 to 6:00 p.m. I have circulated the Inspector General's candidate list of the candidates that were nominated and there are five candidates scheduled for interview on July 13, 2012.

COUNCIL MEMBER TATE: Kudos to the Police Department and to the citizens for a safe event and the Youth Violence Task Force meeting Wednesday, June 27, 2012, at 5:30 p.m. — 13560 E. McNichols chaired by Council Member Jenkins and me. The meeting tomorrow will have employment specialists available to work with young people on soft skills for jobs. There maybe other surprises for young people who appears. I know that Council Member Brown requested Research and Analysis Division to draft a resolution in opposition of the casinos coming to Detroit. I support the resolution in opposition. We do not need any more casinos in the vicinity of the metropolitan-Detroit area.

COUNCIL MEMBER WATSON: There has not been a study on the impact of the casinos in terms of the economics of our family. We have lost tax base at a greater rate that we gleam economic fortunate from the casino who do not count their money here.

I salute Ted Talbert, founder of Joe Louis Brown Bomber Museum at Cobo Hall. He sponsored a Brown Bomber Award, as he had done for 20 years, last week at Double Tree Hotel.

The Supreme Court did not give a mix ruling on immigration issue. They gave a ruling in support of President Obama stand. I urge the Board of Canvases to abide by the decision of the State Court of Appeals and put PA4 issue on the ballot and follow the constitution.

Salute to Dr. Vivian Carpenter and husband, John Barkley of Esquire for posting a fund raiser two weeks ago and net \$100,000 in support their ongoing needs to operate that which is owned by the City Council, The African Museum.

COUNCIL PRESIDENT PUGH: I want to invite everyone to the River Walk Carrousel at 6:00 p.m. today to "Run this City." If anyone is interested in getting their fitness on and working out with members of the community, you are welcome. There is a run/walk and afterwards a work out.

We will have an adjourned session tomorrow afternoon at 3:30 p.m.

I look forward to the "Barrier Free Challenge" on Friday morning.

TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE

TESTIMONIAL RESOLUTION FOR ALFRED JORDAN

30 Years of Distinguished Public Service and Professionalism Department of Public Works (DPW)

By COUNCIL MEMBER COCKREL, JR.:

WHEREAS, Alfred Jordan is a recognized and universally esteemed public works professional whose career spans more than 30 years of distinguished service to the City of Detroit and its residents. Alfred Jordan's remarkable career is the embodiment of the uniquely American notion that any individual can ascend as far as their diligence, capabilities, and vision can take them. Alfred Jordan epitomizes the best traditions of public service employment — possessing a horizontal focus on maximizing the delivery of service to citizens in whatever position he attained with a vertical matriculation based upon the results oriented achievements demonstrated at each level of his employment; and

WHEREAS, Alfred Jordan began his career in the City of Detroit as a Refuse Collection Packer Operator (RCPO) or in layman's terms, a garbage collector in 1982. Al Jordan was quickly recognized as an exemplary employee with leadership skills potential, and thus, was appointed to act in the position of RCPO Foreperson in 1984 and officially qualified and promoted in 1985. In 1988, the leadership of DPW selected Al Jordan for an appointment to the interim position of Safety Officer for the entire department. Former DPW Director Conley Abrams later Al Jordan to the position of DPW Control Center Operator, where he learned how operational decisions were formulated and coordinated with administrative oversight; and

WHEREAS, Over the next 18 years, Alfred Jordan's distinguished career matriculated through an impressive list of assignments and progressive leadership

promotions coinciding with critical process, efficiency, and quality of life improvements in the delivery of DPW services. Among Al's seminal contributions were leadership of the effort to bring about transition to one-man curbside pickup in the City of Detroit nearly two years ahead of schedule, creating the electronic tracking systems for distribution and inventory of DPW assets as well as billing and commercial fee collection, implementation of liquid systems for snow and ice removal, and putting bulk collection back on schedule after it had fallen more than 3 weeks behind; and

WHEREAS, In 2006, Mayor Kilpatrick appointed Alfred Jordan as Deputy Director of DPW. Responding to citizen outcry, it was Alfred Jordan that developed the conceptual plan for restoring curbside bulk collection with a yard waste component that was implemented in July 2006. In recognition of his skills as an executive capable of creating a culture where responsiveness and quality control is an expected norm, the Mayor appointed his Director of DPW in 2008. Both Mayor Cockrel and Mayor Bing re-appointed him to this prestigious position. In 2010, Mayor Bing promoted Alfred Jordan to Group Executive for Utilities in the Office of Mayor, a position that he retired from in spring 2012. NOW, THEREFORE BE IT

RESOLVED, That the Honorable Members of the Detroit City Council hereby duly recognize, salute, and express their deepest admiration of gratitude to Alfred Jordan for his exemplary professionalism, meritorious achievements, and remarkable 30 year journey from public servant to Mayoral Executive in the City of Detroit.

Planning & Development Department

June 12, 2012

Honorable City Council:

Re: Neighborhood Stabilization Program (NSP 1) Amendment to the HUD Consolidated Plan: Activity Change Budget Revision.

This Planning and Development Department (P&DD) respectfully requests that your Honorable Body review and approve the attached resolution authorizing an Amendment to the 2008 HUD Consolidated Plan for the Neighborhood Stabilization Program (NSP 1).

The purpose of the amendment is to assist in facilitating the changes in restructuring the Neighborhood Stabilization Program 1. Specifically, the activity changes reflect a modification in three (3) of the six (6) activities outlined below. The Department has determined that this allocation distribution will best meet the needs of Detroit Citizens:

	Current Amount	Proposed Amount
Acquisition	\$ 2,661,157	\$ 2,661,157
Administration	4,713,769	2,191,618
Demolition	16,000,000	18,000,000
Disposition	4,200,000	4,200,000
New Construction	4,578,000	4,578,000
Rehabilitation	\$14,984,764	\$15,506,915
Total	\$47,137,690	\$47,137,690

The requested modifications will enable us to enhance the marketability of the properties assisted with NSP 1 dollars by removal of blighting structures through targeted demolition. We are also increasing the rehabilitation line for the purpose of completing the rehabilitation of additional structures by the Detroit Land Bank Authority (DLBA). The modification to the DLBA agreement will be submitted under separate cover.

We respectfully request the authorization of this change to amend the 2008 HUD Consolidated Plan for the stated purpose by approval of the attached resolution. This activity change amendment was advertised on the City's website beginning May 18, 2012 and it also appeared in the Michigan Chronicle on May 23, 2012. Upon City Council's approval, the amendment will be transmitted to HUD for final approval. This modification will enable us to ensure timely expenditure of the NSP 1 funds by the March 2013 deadline.

**RESOLUTION STRONGLY OPPOSING
THE PROPOSED MICHIGAN CASINO
GAMING AMENDMENTS**

By COUNCIL MEMBER BROWN:

WHEREAS, Petitions have been submitted to amend the Michigan Constitution to authorize casino gaming at either seven or eight new locations throughout Michigan. Sufficient signatures must be submitted to the Bureau of Elections by July 9, 2012, in order for the proposals to be placed on the November ballot; and

WHEREAS, Under the "Michigan is Yours" ballot initiative, seven (7) new gaming locations would be opened in Grand Rapids, Lansing, Detroit, Romulus, Benton Harbor, Saginaw and Mount Clemens; and

WHEREAS, The proposal being advanced by the Committee for More Michigan Jobs would place four (4) of the eight (8) new locations in Metropolitan Detroit. One in each: downtown Detroit, Pontiac Silverdome, near Metro Airport in Romulus and on Gratiot in Clinton Township. The remaining casino locations would be in Grand Rapids, Lansing, Birch Run and Cadillac; and

WHEREAS, Supporters of the two initiatives contend their proposals will create jobs and spur economic growth while opponents argue the measure would take away voter's rights to vote on casinos in their own communities, saturate the state's gambling market, abrogate the normal process for reviewing and granting certain State licenses (such as liquor licenses) and could allow for unsuitable parties to enter the industry without the necessary controls in place; and

WHEREAS, Protect MI Vote, a coalition which includes Detroit's three casinos, has organized efforts to oppose the proposals. This group contends the proposals violate state-tribal compacts as they relate to off-reservation casinos and that federal law requires state governors to sign off on such casinos (which Governor Snyder's office has publicly indicated it opposes expanding gambling); and

WHEREAS, There are currently twenty-two (22) casinos operated by American Indian tribes and three (3) privately held casinos in Michigan. These existing casinos already compete with gambling spots in Ontario, Illinois and Ohio, all of which provide the citizens and visitors of Detroit with ample gaming and entertainment opportunities; and

WHEREAS, City Council strongly believes the casino market, particularly within City limits as well as a 50 mile radius from it, should not be expanded as there is no economic data supporting the areas affected are underserved and the result would be an oversaturation of casinos in a severely distressed local economy; and

WHEREAS, Additionally, City Council notes the lack of any statistical studies on the impacts of casino gaming on the local economy, residents and businesses for both existing and proposed casinos in Southeastern Michigan. Nor has there been any published statistical data presented on individuals reaching out for help in dealing with gambling addiction as a result of the existing gambling operations in Detroit. These types of studies are critical in analyzing the propriety of advancing additional casinos in Michigan and weighting any potential negative out comes with the promise of additional casino revenues; and

WHEREAS, Given the laborious path involved in instituting casino gaming in Detroit, which had been defeated numerous times before Michigan voters approved Proposal E in November of 1996, it is unlikely Detroit voters would support such a drastic expansion of gaming in the community. The current three (3) casinos in Detroit authorized by Proposal E reflects the will of the residents of the State of Michigan, as well as the City of Detroit, and our community has not demanded any additional casinos; and

WHEREAS, The claimed but unproven potential benefits of any such additional casinos, which include much needed tax revenue and job creation, must be balanced with an increase in the detrimental impacts of such an expansion including gambling addiction, mortgage foreclosure and loss of personal revenue for providing household necessities; and

WHEREAS, Today, millions of families throughout the nation suffer from the effects of problem and pathological gambling. As with other addictive disorders those who suffer from problem or pathological gambling engage in behavior that is destructive to themselves, their families, their work, and even their communities. This includes depression, abuse, divorce, homelessness, and suicide and these national problems will also be more prevalent in Detroit with any additional casinos; and NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby strongly opposes the expansion of casino gaming in Detroit and therefore does not support either of the proposed Michigan Casino Gaming Amendments which would amend the State constitution and expand casino gaming in Michigan; and BE IT FURTHER

RESOLVED, That the Detroit City Council urges residents, elected officials and the business community to independently research both proposed constitutional amendments prior to signing any petitions to place either one or both of the initiatives on the November ballot; and BE IT FURTHER

RESOLVED, That the Detroit City

Council requests a copy of any statistical data or studies conducted on the occurrences and treatment of gambling addiction as well as the feasibility and sustainability of expanded casino gaming in Michigan preferably with a focus on Detroit data; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to Governor Snyder, Clerk of the Michigan Legislature, Michigan Gaming Control Board, Mayor Dave Bing, Board of Directors of Greektown Casino-Hotel, MGM Resorts International/Partners Detroit LLC and IH Gaming/Detroit Entertainment, LLC.

OTHER MATTERS

COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL AGENCIES

PUBLIC COMMENTS

SANDRA HINES — Informed everyone of proceeds for sale, suburban voting rights, collective bargaining and accountability under Michigan's Emergency Law. It's a take over law. It's taking the rights away from people. The law strips rights away from the Mayor and the City of Detroit elected officials.

LINDA HASSIN — Is the Consent Agreement legal? It is null and void because of City Charter and State of Michigan laws? Miller Canfield is on every level everywhere. There are no seams

between the parties. It turns into one running everything.

CECELY McCLELAN — Detroit residents are being disrespected, betrayed and oppressed. The law is broken by the State of Michigan. The City refused to bargain in good faith. The Financial Stability Team has ignored millions of savings from non-union contracts.

VALERIE GLEN — Supports Krystal Critendon. She will not lose any grounds on the budget. The Financial Stability Team appear to be union busting. Does not want to see anymore employee lay-offs.

MS. PERSON — Everything what Council says is over-ridden. Detroit citizens are treated like children. Council needs to stand up for Detroit citizens. Houses will be demolished and replaced by gardens, affecting tax dollars.

STEVEN BOYLE — The Mayor is allergic to the public. My Detroit Cable is running a series of Mayor Bing campaign ads. The Miller Canfield contract should be fully so the public understands who is running the City. He hates to see extension contracts including bonuses.

WILLIE MAE HAMPTON — Detroit is historic because of its people who are represented by Council. Those who have stayed want to be a part of the City. Priorities are needed for a safe, healthy and prosperous city.

BRENDA HURT — Governor Snyder, Andy Dillon and Mora Corgan were powerless without Council's vote. Someone had to get paid and promises made for Council to vote for the Consent Agreement. It hurt too many people.

MR. HAGGERTY (Detroit Athletic Club Foundation) — Their organization supports amateur athletics, promote public art and enhance the community. In 2015 DAC will celebrate 100 yrs. on Madison Ave. Their members want to create an addition to the Madison Street scape, funded by their foundation.

MARY LACY — She feels Council only permits certain individuals to speak. There should be a limitation of permitted legal representations.

MS. HUGHES — She has concerns relative to contractors at Eastern Market.

PHYLLIS McMILLAN — She has concerns relative to the contract dealing with the beautification of Shed 5 at Eastern Market. She feels many

change orders will be done to the contract. She wants denial of the contract; denial would save money.

LUANN SCOTT — She would like Council to reconsider the Consent Agreement.

KENNETH V. COCKREL, JR. — There's nothing in the Consent Agreement that calls for giving the State control of Belle Isle for 99 years. The State has a poll vote, which has not been brought to or approved by Council.

KWAME KENYATTA — There's nothing in the Consent Agreement that calls for a 99 year lease; however, it is in the Consent Agreement to establish and transfer Belle Isle to the State. A lease agreement is forthcoming.

BRENDA JONES — The Council will relinquish its powers and duties with the Consent Agreement.

JOANN WATSON — Gov. Snyder employees visited her office. She gave him a bill for the money owed to the City by the State.

MR. HINES — Mr. Hines passed out literature concerning Acadia.

MOTHER HOLMES — Offered prayers for everyone.

Re: Petition No. 2246 — Bronx Bar for Outdoor Café Permit at 4476 Second.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition.

Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three years (3) from the date of your Honorable Body's approval.

Planning & Development Department

June 21, 2012

Honorable City Council:

Re: Request for Authorization to modify the appropriations for Neighborhood Stabilization Program 2 ("NSP 2") funds.

As you are aware, the City of Detroit, as part of the Michigan Consortium led by the Michigan State Housing Development Authority ("MSHDA"), successfully applied for and received \$23,986,152 in Neighborhood Stabilization Program 2 ("NSP 2") funds from the U.S. Department of Housing and Urban Development ("HUD").

In July, 2009, your Honorable Body approved the submission of the application and Planning & Development as the lead agency coordinating the disposition of funds and development of programs, projects and initiatives eligible under the NSP 2 guidelines. In March, 2011, your Honorable Body authorized the Finance & Budget Departments to establish two new appropriations for the related grant activities.

Since that time, the amount of the total grant has been modified from \$23,986,152 to \$13,041,207 as a result of \$10,576,165 being transferred to MSHDA for investment in the Gardenview Estates Project and \$368,780 being allocated to Center for Community Progress for NSP 2 staffing costs. Of the grant amount, approximately \$3.5 million has been expended to date. The remaining balance will be expended on administration (Section 3 Compliance Officers) and demolition in the approved target areas.

We respectfully request authorization for both the Finance and Budget Departments to modify these funds and the corresponding appropriations as follows:

	Current Amount	Amended Amount
Administration	\$ 1,615,152	\$ 116,480
Eligible Program Activities	\$22,335,000	\$12,924,727

We, therefore, request that your Honorable Body approve the attached resolution with a Waiver of Reconsideration. Should you have questions or need additional information, please feel free to contact me.

Respectfully submitted,
ROBERT ANDERSON
 Director

Seeking a modification to the NSP 2 Appropriation to carry out the eligible grant activities.

By Council Member Cockrel, Jr.:

Whereas, The Department of Housing and Urban Development (HUD) issued on May 4, 2009, a Notice of Funding Availability for \$1.93 billion in Neighborhood Stabilization Program 2 ("NSP 2") funds to address foreclosure recovery and neighborhood stabilization in high need and high risk communities consistent with the objectives and rules of the American Recovery and Reinvestment Act of 2009 ("ARRA");

Whereas, The Michigan State Housing Development Authority ("MSHDA") organized a Michigan NSP 2 Consortium consisting of 12 cities working in collaboration with 8 land banks in high need and high risk communities in Michigan;

Whereas, MSHDA is the Lead Applicant on behalf of the Michigan NSP 2 Consortium and is an established administrator of HUD funds and will ensure compliance with all HUD and ARRA regulations;

Whereas, The City of Detroit was originally allocated a budget of \$23,986,152 to acquire, demolish, rehabilitate or redevelop eligible properties in the designated target areas in the City of Detroit;

Whereas, The City of Detroit, subsequently agreed to transfer \$10,576,165 to MSHDA for the Gardenvue Estates Project and \$368,780 to Center for Community Progress for administrative costs, reducing the total grant to \$13,041,207;

Whereas, This Honorable Body authorizes the Budget Director to modify the existing appropriations to the following corresponding budget amounts;

Administrative Costs	\$ 116,480
Eligible Program Activities	\$12,924,727

Whereas, The Finance Director is hereby authorized to modify the HUD NSP 2 accounts and to accept and process all documents reflecting the above referenced amounts;

Now therefore be it resolved, That P&DD on behalf of the City of Detroit, is hereby granted full authorization to administer and coordinate the federal NSP 2 funds in accordance with the above mentioned budget and to provide quarterly reports to this Honorable Body that reflects program performance and the achievement of program goals, and

Be it finally resolved, That P&DD is hereby granted approval by this Honorable Body granting the P&DD Director or his designee, the authorization to execute any and all documents required, including the procurement and execution of demolition contracts, in connection with the administration and implementation of the Neighborhood Stabilization Program 2 projects and activities.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Kenyatta, Spivey, Tate, and President Pugh — 7.

Nays — Council Member Watson — 1.

Planning & Development Department

June 28, 2012

Honorable City Council:

Re: Review and approval of HOME Awards and Modifications.

Since 1992, the City of Detroit, through the Planning & Development Department ("P&DD"), has received from the U.S. Department of Housing and Urban Development ("HUD"), an annual allocation of HOME funds. HOME is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act and is designed exclusively to create affordable housing for low-income households. Eligible activities under the HOME program include:

- Providing home purchase or rehabilitation financing assistance to eligible homebuyers;
- Building or rehabilitating housing for rent or homeownership; and
- Other reasonable and necessary expenses related to the development of non-luxury housing.

HOME funds are awarded on a formula basis and are included in the annual entitlement award from HUD and are part of the Consolidated Plan.

Each year, P&DD issues a Request for Proposals ("RFP") to solicit projects and development partners to receive HOME funds. Proposals are ranked for feasibility, developer capacity/experience, and impact on Detroit neighborhoods and local housing market. Once the projects and developers are finalized, P&DD works with legal counsel to finalize and effectuate the relevant loan documents so the projects can proceed.

In recent conversations with the Law Department, it has come to our attention that the past practice of entering into HOME loan agreements with developers is not consistent with the Charter or the Purchasing Ordinance. As such, the Department is now seeking to bring our practices into compliance by requesting City Council approval of the HOME awards and development partners. Consistent with the manner in which CDBG awards are approved, the Department is requesting that your Honorable Body review and approve the attached lists. The first list contains projects that were previously awarded HOME funds and now require modification of agreed upon terms. The second list contains HOME awards from the 2011 RFP process that have not yet closed. Upon approval of these two lists, the process

will be modified so that your Honorable Body is presented with a list of all HOME RFP respondents and a list of recommendations for awards for approval prior to any closing.

To date, approximately \$183,588,000 has been invested producing 7,250 units of affordable housing in neighborhoods in Detroit. We request approval of the attached resolution with a waiver of reconsideration so housing investments under the HOME program can continue. Should you have questions or require additional information, please do not hesitate to contact me.

Respectfully submitted,
 MARJA M. WINTERS
 Deputy Director

By Council Member Cockrel, Jr.:

RESOLUTION SUPPORTING UNITED STATES ATTORNEY GENERAL ERIC HOLDER

By COUNCIL MEMBER WATSON:

WHEREAS, The Republican-led House of Representatives voted largely along party lines to hold the United States Attorney General Eric Holder, Jr. in contempt of Congress for failing to disclose internal Department of Justice documents in response to a subpoena in connection the investigation of the botched Fast and Furious gun trafficking program that left one border patrol agent dead; and

WHEREAS, The evidence presented during the Congressional hearings indicated United States Attorney General Holder had no direct involvement in the authorization of the 'gun-walking', which was supposed to allow the federal agents to track gun movements across the border and into criminal hands; and

WHEREAS, This is the first time in the history of the United States that a sitting cabinet member has been held in contempt of Congress; Attorney General Holder should be afforded the same respect as every other Attorney General before him; and

WHEREAS, This appears to be an unwarranted, politically motivated attack on not only United States Attorney General Holder but also the Obama Administration particularly when compared to recent history under the Bush Administration where neither Attorney Generals John Ashcroft nor Alberto Gonzalez were held in contempt even though both their tenures with the Department of Justice were marred with scandal, poor employee morale, and evidence of employee intimidation; and

WHEREAS, Additionally, it appears that the hearings themselves were accelerated in an effort to overshadow the President's victory in the United States Supreme Court on the signature Obama Affordable Health Care ruling; and NOW THEREFORE BE IT

RESOLVED, The Detroit City Council vehemently opposes the action to place United States Attorney General Eric Holder, Jr. in Contempt of Congress and stand in support of him; and BE IT FINALLY

RESOLVED, A copy of this resolution be sent to the U.S. Attorney General's Office, both Houses of Congress and the Department of Justice.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Kenyatta, Spivey, Tate, Watson, and President Pugh — 8.

Nays — None.

COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES:

PUBLIC COMMENT:

LAMAR LEMMONS (President of Detroit Board of Education) stated that

Mr. Roberts indicated that the Detroit Public Schools has a seventy-two million dollar deficit, but two hundred million has been kicked down the road so its's actually a two hundred and seventy-two million dollar deficit. The second thing is the contractors to which Mr. Roberts referred were appointed by his predecessor. The third thing is the EAA system, which is paying people to go door to door to recruit people for the EAA draining of DPS. Mr. Lemmons stated that one of his biggest concerns was the closing of Southwestern High School, which caused a lot of students to leave the Detroit Public School system and seek other schooling systems that are more convenient for them. Finally, Mr. Lemmons told that class sizes can range from forty to fifty people per class.

HELEN MOORE stated that she had just come back from Washington D.C. where she filed a title 5, title 6 complaint against Detroit.

RICHARD MACK stated that when the Council has a discussion with regards to the EAA issue, part of the discussion should include the loss of voting rights for individuals who have students in that district.

PHYLLIS McMILLAN asked the Council to vote no on the City Employment Terms.

GREG MURRAY stated that each member of the City Council has a duty to follow the City Charter. Mr. Murray asked that the Council vote down the City Employment Terms.

LINDA HASSON stated that under Section of the United States Constitution it states that no state shall enter into any treaty alliance. Basically, the law of impairing contracts.

GEORGE BARNES urged the Council to keep Optical for retirees and active, because the cost is very minimal.

MRS. PERSON stated that the guards at the Council meetings are ridiculous. They talk to people like dogs. Mrs. Person stated that when Council wants your vote you can sit all day, but when you try to voice your opinion you get put out.

PATTY FEDEWA (Transportation Riders United) stated that she has some concerns with regards to line items 23 through 25, because they are very open ended. Ms. Fedewa stated that bus service is very difficult.

CECILY McCLELLAN stated that Mr. Roberts clearly stated to the Council that they ran the Detroit Public School System

into the ground and then wants to take credit for trying to repair it.

TERRIE WEATHERS HENDERSON (CEO of TWW Employment Solutions) stated that TWW has been open for over 40 years and has serviced over 100,000 customers. Ms. Henderson expressed her extreme disappointment that her company, for no valid reason, has been stripped of the opportunity to service Detroiters who are facing extreme challengers.

MR. CUNNINGHAM stated that the definition of insanity is doing the same thing over and over again, and expecting different results. Mr. Cunningham suggested to the Council that they skype the meetings with a ten second delay, so that more young people can be involved. He also suggested that the City hire undercover bosses because a lot of people are just rude. Mr. Cunningham commended the Ombudsman's Office on doing a great job.

VERNE BROWN stated that Channel 7 announced that the Emergency Manager Board had a meeting, but no one knew about. She felt that this was a violation of the Open Meetings Act. Ms. Brown also stated that Mayor Dave Bing bought properties in the surrounding area of Henry Ford, and she wanted to know did the City benefit from this billion dollar deal.

STEPHEN BOYLE demanded that the City Council take actions to halt the illegal takeover and war against the people of Detroit. This has been escalated and is being carried out on every front.

CHRIS GRIFFITH asked that the Council do not approve the CET's. She felt that it was union-busting and disregard for workers rights.

DAN CARMODY stated that he was at the Council meeting in support of the Recreation Departments contract with regards to the Shed 5 project.

BILL ROBERTS called on the City Council to reject any cuts that endanger the lives of human beings. He also wanted to publicly and fight for the reinstatement of House Resolution 1489.

JANNEG RIMSH asked the Council when they were going to clean up the City.

KENNETH GRUNDY stated that his tax payment was applied to the wrong account and asked the Council for help.

BRENDA HURT urged the Council to vote the CETs down.

ANDREA WADE asked how Pamela Moore went from being administrative

assistant for Christine Batty, to the head of DWDD which is not the renegade committee Detroit Employment Solutions. Ms. Wade stated that she was also appalled that the contract for TWW Employment Solutions was terminated.

RHENE LEE stated that he was upset about the things that are happening to the least of those in the City of Detroit. Mr. Lee was upset about the separation of Human Services and Workforce Development from the City of Detroit.

VALARIE GLENN stated that she did not want the City Council to sign the CET's under any circumstances.

RON SEIGEL stated that if anyone wanted to hear his opinions they could tune in to 1440 on the AM dial, every Saturday at 9:30 p.m.

DEMPSEY ADDISON asked the Council to not to approve the CET's.

JUNE WYNN also asked the Council not to approve the CET'S.

REV. DAN ALDRIDGE stated that the decision to discontinue the contract for TWW Employment Solutions was made on a report of a meeting that never occurred.

DR. JAMES WEATHERS urged the Council to put in the proper oversight and controls that are necessary to manage the three departments that have been diverged from the City (Health Department, Human Services, and Workforce Development).

MOTHER RUEDELL HOLMES prayed for the City Council and the citizens of Detroit.

**City of Detroit
Downtown Development Authority**

June 21, 2012

Honorable City Council:

Re: Downtown Development Authority FY 2012-2013 Budget.

Pursuant to Article 28, Act 197, as amended, we have prepared the attached

FY 2012-2013 Downtown Development Authority's General Fund Budget for your approval prior to its adoption by DDA.

The amount of funds available from the one mill tax for FY 2012-2013 has been estimated at \$850,000.00, net of collection delinquencies and reserves for tax settlements, reflecting a \$18,734.00 increase from the actual receipts for Fiscal Year 2011-2012. Transfer from the DDA's Tax Increment Fund of an amount of \$500,000.00 will remain level at the 2011-2012 allocation. The FY 2012-2013 budget reflects revenues of \$800,000.00 to be generated from the parking operations, representing a \$50,000.00 increase from FY 2011-2012 attributable to an anticipated increased utilization of DDA's parking facilities. Transfer from Fund Balance has been estimated at \$347,000.00, which is needed to offset the anticipated shortfall in revenue for FY 2012-2013.

On the appropriations side, contractual services of \$1,500,000.00, reflects no increase from last year. The budgeted amount of \$476,000.00 for professional services and fees, inclusive of a \$10,000.00 expense for Computer Support, reflects a \$400,000.00 decrease from the 2011-2012 Fiscal Year attributable to anticipated decrease in legal services. The FY 2012-2013 budgeted expenses of \$25,000.00 related to parking operations shows a minor decrease from last year's expenses. Finally, \$500,000.00 of allocated funds for Special Projects and Contingencies for FY 2012-2013 indicates no increase from last year.

We respectfully request City Council's approval of the attached budget at its July 3, 2012 formal meeting. A waiver of reconsideration is requested.

Should any member of the Council have any questions, please contact me at 237-4638.

***Commentary:**

Domestic Partner: The inclusion of "domestic partner" relationships in the scope of coverage of this article is based on the reality that there are certain close personal, often intimate relationships involving non-married public servants which are tantamount or equivalent to the personal relationships which exist between legally married spouses. The potential for public servants to be influenced by or on behalf of partners involved with them in such "domestic partner" relationships or arrangements is just as real as the potential for public servants to be influenced by or on behalf of spouses in legal marriages or family members. ~~This article does not adopt any position regarding the propriety of such non-marital relationships among domestic partners.~~ However, for purposes of implementing standards for the conduct of public servants in the performance of their job duties for the City of Detroit, the article does attempt to include within its reach all public servants.

The definition of domestic partner included in this section is modeled on the definition of domestic partner contained in Division 2.5 of the Family Code, Article 9 of Chapter 1, Part 5 of Division 5 of Title 2 of the Government Code, and Section 1261 of the Health and Safety Code of the State of California, relating to the domestic partners.

Private Gain: ~~Section 2-106 of the 1997 Detroit City Charter expressly prohibits the use of public office for private gain. Accordingly, a major provision in this article is the prohibition against a public ser-~~

~~vant's acceptance or receipt of private gain as compensation for 1) the taking of an official action in a specific manner by the public servant (for example, a particular decision or vote in a specific manner); or refraining from the taking of an official action, as the result of an improper influence by another party; or 2) incentive or inducement for the public servant to act in favor of an interest other than the public interest. In the interest of maintaining honesty, integrity and impartiality in government, the goal of this provision is to ensure that public servants conduct government business in a manner that enhances public confidence and respect for City government, and places paramount importance on the public interest, rather than a public servant's own personal interest or the private interest of a third party.~~

~~*Improper influence upon a public servant's official actions* refers to 1) any action that would constitute a violation of federal or state laws regulating the conduct of public officials, such as state law prohibiting the acceptance by any executive, legislative or judicial officer of a bribe (Section 118 of the Michigan Penal Code, being MCL 750.118; MSA 29.1287(9)); or 2) facts, events or circumstances which give rise to an appearance of impropriety in the taking of an official action by a public servant, when such facts, events or circumstances are considered objectively according to a reasonable person standard.~~

~~What constitutes private gain to a public servant may take many shapes and forms and may vary depending upon the facts and circumstances of a situation. Therefore, the above definition of private gain does not attempt to enumerate all forms or types of tangible economic gain, or circumstances or situations from which a public servant may derive tangible economic gain for himself or herself. Rather than attempt to list what is private gain that may not be accepted in all circumstances, the article attempts to illustrate for public servants the circumstances or types of remuneration, emoluments, gratuities or other items that a public servant may accept without violation of this article. The listing set forth in this section is based on the most typical situations which confront City public servants. However, this is not an exhaustive list, and there may be other types of economic benefit to a public servant that are permissible under this article.~~

~~Questions about what is permissible under this article should be directed to the Board of Ethics created by Section 2-106 of the 1997 Detroit City Charter, in accordance with the procedures set forth in Section 2-6-101 of this article regarding advisory opinions.~~

***Commentary:**

This provision prohibits a public servant from using his or her official position in

violation of federal or state law, such as the state law prohibiting bribery, being MCL 750.118; ~~MSA 28.1287(8)~~; the state law regulating conflicts of interest pertaining to public contracts involving public servants under the Michigan Contracts of Public Servants with Public Entities Act, being MCL 15.310 *et seq*; ~~MSA 4.1700(30) *et seq*~~; the state law regulating political campaign organizations under the Michigan Campaign Finance Act, being MCL 169.201; ~~MSA 4.1703(1) *et seq*~~; and the provisions of the Michigan Gaming Control & Revenue Act prohibiting a government official from soliciting or knowingly accepting anything of value or benefit from a casino licensee in return for influencing official action (see MCL 432.218(2)(c) and (d)); ~~MSA 18.960(218)(2)(c) and (d)~~.

This section also prohibits a public servant from accepting a private gain for the purpose of the exercise by the public servant of improper influence upon a decision by another public servant, namely the Mayor, the City Council, the City Clerk, or a member of a city authority, board, commission, committee, council, or other city agency. The provision covers all authorities, boards, commissions and committees established by state law, the Detroit City Charter or the Detroit City Code, including such City entities as the Board of Zoning Appeals, the Detroit City Planning Commission, the Detroit Building Authority, the Detroit Historic District Commission, and the Board of Assessors, as well as advisory task forces that are responsible for assisting in the formulation of public policy.

Improper influence as used in this section refers to 1) any action that would constitute a violation of federal or state laws, or this article, regulating the conduct of public officials; or 2) facts, events or circumstances which give rise to an appearance of impropriety in official conduct, when such facts, events or circumstances are considered objectively according to a reasonable person standard.

The prohibition in the article is not intended to prevent a public servant from giving advice or seeking information as a necessary part of the public servant's duties, or from communicating with a City agency in the ordinary course of the City's business. Nor is this prohibition intended to chill a public servant's free speech rights under the First Amendment to the United States Constitution or under Article I, Section 5, of the 1963 Michigan Constitution where the public servant is expressing his or her views to another City public servant or before a City agency in a nonofficial non-official capacity.

~~(2) With a financial institution that is a depository, through a contract, of any City funds.~~

REPEALED.

***Commentary:**

In general, there is perception by the public and a potential for conflict of interest where 1) a public servant solicits or accepts a loan or a promissory note with a city contractor that is not in business of providing consumer credit or loans to the general public, and is not a chartered financial or lending institution under the laws of the State of Michigan, and 2) a public servant solicits or accepts a loan or a promissory note with a developer which is not in business of providing consumer credit or loans to the general public that is received or is seeking an official action from the city such as land sales, leases, tax abatements, tax credits, and/or exemp-

tions from taxes. Therefore, this section expressly prohibits public servants from soliciting or accepting a loan or a promissory note from a contractor, an agent of a contractor, or an immediate family member of a contractor with the City of Detroit.

It is a conflict of interest for a public servant having significant contract authority in the areas of solicitation, negotiation, approval, amendment, performance or renewal of a city contract to solicit or accept a loan or a promissory note with a city contractor. Likewise, it is a conflict of interest for a public servant having significant authority over purchase, sale, lease, zoning, improvement, special designation tax assessment or abatement or development agreement with respect to any real property to solicit or accept a loan or a promissory note with a city contractor or developer.

In addition, this section prohibits such conduct by the known subcontractor or contractor, by the agent of a known subcontractor of a contractor, or by the immediate family member of a known subcontractor of a contractor. Further, this section prohibits public servants from soliciting or accepting a loan or a promissory note from a developer seeking an official city action from the city in form of incentives and/or real property, or an agent of a developer seeking an official city action from the city in form of incentives and/or real property, or an immediate family member of a developer seeking an official city action from the city in form of incentives and/or real property.

Under Section 2-6-60(e), a public servant is not in violation of this section where he or she enters into a loan or a promissory note at a rate or term available to the general public with financial institution or its affiliates, or consumer credit finance institution or its affiliates, which have contracts with the city or having city funds on deposit through a contract with the city. For the purposes of public servant's understanding of this section, proper and customary forms of consumer loans are considered to be, but are not limited to, home mortgages, home equity loans, car loans, credit card cash advances, business loans, student loans, home rehabilitation loans, and government loans processed through a financial institution having a contract with the City where the public servant has qualified under the conditions of the government loan program.

Sec. 2-6-69. Solicitation or acceptance of loan or payment prohibited.

A public servant who, in the course of his or her duties, exercises significant authority shall not solicit or accept a loan or payment from an individual who, or entity which, is providing service to, or receiving tax abatements, credits, or exemptions from the City.

Sec. 2-6-70. Mayor, city council mem-

~~bers, and city clerk Public servant prohibited from unduly influencing decisions to fill any civil service position in City government with immediate family members or relatives.~~

~~The mayor, city council members, and the city clerk A public servant who, in the course of his or her duties, exercises significant authority shall not unduly influence any decision to fill any civil service City a position in City government with 1) the mayor, a city council member, or the city clerk's immediate family member, as defined in Section 2-6-3 of this Code, or 2) the mayor, a city council member, or the city clerk's relative, as defined in Section 2-6-3 of this Code.~~

(b) The prohibition in Subsection (a) of this section shall not apply:

(1) To an award publicly presented to a public servant by an individual, governmental body or non-governmental entity or organization in recognition of public service;

(2) To complimentary copies of trade publications, books, reports, pamphlets, calendars, periodicals or other informational materials;

(3) To a gift received from a public servant's immediate family member or relative, provided, that the immediate family member or relative is not acting as a third party's intermediary or an agent in an attempt to circumvent this prohibition;

(4) To an admission or registration fee, travel expenses, entertainment, meals or refreshments that are furnished to the public servant;

(i) By the sponsor(s) of an event, appearance or ceremony, which is related to official City business in connection with such an event, appearance or ceremony and to which one (1) or more of the public are invited; or

(ii) In connection with teaching, a speaking engagement, or the provision of assistance to an organization or another governmental entity as long as the City does not compensate the public servant for admission or registration fees, travel expenses, entertainment, meals or refreshment for the same activity.

year after employment with the City, a public servant shall not lobby or appear before the City Council or any City department, agency, board, commission or body, or receive compensation for any services in connection with any matter in which he or she was directly concerned, personally participated, actively considered or acquired knowledge while working for the City.

(b) Subject to state law, for one (1) year after employment with the City, a public servant shall not accept employment with any person who, or entity which, did business with the City during the former public servant's tenure where the public servant was in any way involved in the award or management of the contract, or the employment would require the sharing of confidential information.

Sec. 2-6-73. Prohibition on campaign activities using City personnel or property, or during working hours.

(a) Elective officers, as defined in Section 2-6-3 of this Code, are prohibited from soliciting appointive officers, appointees, and employees to work on political campaign activities using City property or during working hours.

(b) Appointive officers, appointees, and employees are prohibited from engaging in campaign activities by using City property or engaging in such activity during working hours.

Whenever this article is amended, the Board shall not take action, which requires the promulgation of any new administrative rule, until the rule has been properly promulgated under Section 2-111 of the ~~1997~~ 2012 Detroit City Charter.

Sec. 2-6-93. Composition of Board of Ethics; qualifications for members; terms; removal for cause; filling of vacancies.

(a) In accordance with Section ~~2-106(2)~~ 2-106.8 of the ~~1997~~ 2012 Detroit City Charter, the seven (7) member Board of Ethics shall consist of:

(1) Three (3) members of the public who shall be appointed by the Mayor;

(2) Three (3) members of the public who shall be appointed by the City Council; and

(3) One (1) member of the public who shall be jointly appointed by the Mayor and the City Council.

(b) In accordance with Section ~~2-106(2)~~ 2-106.8 of the ~~1997~~ 2012 Detroit City Charter, members of the Board of Ethics shall be residents of the City who are not elective officers, appointive officers, appointees or employees of the City at any time during their Board membership, and shall serve without compensation. Members of the board shall not be an immediate family member or a relative of the Mayor, the Deputy Mayor, the City Clerk, or a Member of the City Council.

(c) In accordance with Section ~~2-106(2)~~ 2-106.8 of the ~~1997~~ 2012 Detroit City Charter, all members of the Board of Ethics shall be restricted to a maximum of two (2) consecutive terms or to ten (10) years. Except for the initial terms that are delineated in Subsection (d) of this Section and the filling of vacancies under Subsection (e) of this Section, the terms for all members of the Board shall be five (5) years.

(d) The initial terms for the members of the board of ethics shall be:

(2) Two (2) years for one (1) member who is appointed under Subsection (a)(2) of this section;

(3) Three (3) years for one (1) member who is appointed under Subsection (a)(1) of this section;

(4) Three (3) years for one (1) member who is appointed under Subsection (a)(2) of this section;

(5) Four (4) years for one (1) member who is appointed under Subsection (a)(1) of this section;

(7) Five (5) years for the member who is appointed under Subsection (a)(3) of this section.

(e) The members of the Board of Ethics are subject to removal for cause, pursuant to section 2-107(3) of the ~~1997~~ 2012 Detroit City Charter, by the appointing authority. Where a member of the board resigns or is removed for cause, the appointing authority shall appoint another individual to serve the remainder of the term.

Sec. 2-6-94. Limitations on partisan political activity by Board Members.*

While a member of the Board of Ethics, a Board member shall not:

(1) Be a candidate for the Office of Mayor, City Council, ~~or~~ the City Clerk, ~~or~~ Board of Police Commissioners;

(3) Make a monetary or an in-kind contribution to, or expenditure for, a political campaign that is in excess of one hundred dollars (\$100.00) for a candidate for the Office of Mayor, City Council, ~~or~~ the ~~or~~ City Clerk, ~~or~~ Board of Police Commissioners; or

(4) Solicit votes, or raise monetary or in-kind contributions, for a candidate for the Office of Mayor, City Council, ~~or~~ the City Clerk, ~~or~~ Board of Police Commissioners.

***Commentary**

Members of the Board of Ethics are appointed by the Mayor, the City Council, or the Mayor and the City Council jointly and they may only be removed for cause by their respective appointing authority under Section ~~2-106(2)(b)~~ 2-106.8 of the ~~1997~~ 2012 Detroit City Charter. However, they should not be placed in a position where they appear to be beholden to the authority who appointed them. Therefore, this section ensures that members of the

Board of Ethics are able to operate without any suggestion of obligation or pressure to take sides during election cycles for the offices of Mayor, City Council, and the City Clerk, or Board of Police Commissioners.

The members of the Board of Ethics hold unique positions in City government as they are the only positions in City government that have jurisdiction over all public servants in both the Executive and Legislative branches, including the Mayor, City Council Members, and the City Clerk, or Board of Police Commissioners. This section will help to ensure the independence of the Board of Ethics that is mandated in Section ~~2-106(2)(b)~~ 2-106.8 of the ~~1997~~ 2012 Detroit City Charter.

Sec. 2-6-95. Resources Funding and Staff.

(a) ~~A~~ in accordance with Sections 2-106.13 and 8-214 of the 2012 Detroit City Charter, the City shall annually appropriate funds sufficient ~~annual appropriation shall be provided~~ to enable the Board of Ethics to perform its duties as set forth in the ~~1997~~ 2012 Detroit City Charter and this article, including hiring adequate staff.

(b) The Corporation Counsel shall assign legal counsel from the City of Detroit Law Department who shall provide representation and advice to the Board on legal matters. The Board may refer a matter to the City attorney from the Law Department who represents the Board for appropriate action. Upon completion of review and consideration, the City attorney shall report his or her findings to the Board. Any retention of outside counsel on behalf of the Board of Ethics shall be governed by the provisions of Section ~~6-408~~ 7.5-201(1) of the ~~1997~~ 2012 Detroit City Charter.

Commentary:

Section 8-214 of the 2012 Detroit City Charter requires that the City of Detroit establish, through enactment of an ordinance, a proportional funding method for certain oversight agencies, including the Board of Ethics. This requirement ensures that, because of its importance to the efficient and ethical operation of City government, the function provided by the Board of Ethics, as an oversight agency, is not hampered in its ability to properly function.

~~Sec. 2-6-96. Each City agency to cooperate and assist.~~

~~As needed, each City agency shall cooperate in gathering information to assist the Board of Ethics in performing its duties.~~

REPEALED.

Sec. 2-6-96. Public servants, contractors, subcontractors, vendors and licensees, and applicants for certification of eligibility for City contracts or programs, to cooperate with the Board of Ethics; obstruction to

result in penalties; requirements to be incorporated into City contracts.

(a) It shall be the duty of every public servant, contractor, subcontractor, vendor and licensee of the City, and every applicant for certification of eligibility for a City contract or program, to cooperate with the Board of Ethics in any investigation pursuant to this article.

(b) Any public servant who willfully and without justification or excuse obstructs an investigation of the Board of Ethics by withholding documents or testimony is subject to forfeiture of office, discipline, or any other applicable penalty.

(c) Any contractor, subcontractor, vendor, or licensee who willfully and without justification or excuse obstructs an investigation of the Board of Ethics by withholding documents or testimony is subject to debarment or any other applicable penalty.

(d) The requirements under this section shall be incorporated into all City contracts, where legally necessary for application and enforcement.

Secs. 2-6-99 — 2-6-100. Reserved.

SUBDIVISION C. COMPLAINTS.

Sec. 2-6-111. Complaint; contents thereof; limitation of action.

(a) Except for members of the Board of Ethics, any person may file a complaint with the Board of Ethics where the person believes that a public servant, contractor, or vendor may have violated this article.

(b) A complaint shall be made in writing on a form that is prepared by the Law Department and prescribed by the Board of Ethics, shall specify the provision(s) of this article alleged to have been violated and the facts alleged to constitute the violation, and shall be signed by the person who is making the complaint and sworn to in the presence of a notary public.

(c) Such a complaint shall be filed within one hundred eighty-two (182) days from the date that the complainant(s) knew or should have known of the action that is alleged to be a violation of this article, and in no event shall the Board of Ethics consider a complaint which has been filed more than two (2) years after a violation of this article is alleged to have occurred.

(d) A complaint that has been filed within the time period contained in Subsection (c) of this section and, where dismissed by the Board due to other investigations of pending proceedings, shall be deemed dismissed without prejudice and may be reinstated and reconsidered by the Board at the conclusion of the other proceedings.

Sec. 2-6-112. Retaliation and harassment prohibited.*

(a) It shall be a violation of this article for any public servant, contractor, or vendor to retaliate against any individual who files a complaint with the Board of Ethics

on the basis that the individual has filed the complaint.

(b) It shall be a violation of this article for an individual to use this article to harass a public servant, contractor, or vendor by filing a complaint with knowledge of its falsity or with reckless disregard for its truth of falsity.

***Commentary:**

Section ~~2-6-112(A)~~ 2-6-112(a) arises out of the recognition that the entire public as well as all public servants, contractors, and vendors must be vigilant in promoting and safeguarding ethical practices in the conduct of government business. As a mechanism for the enforcement of the article's provisions, Section 2-6-111 allows any person or member of the public as well as any public servant to file a complaint with the Board of Ethics where the person believes that a public servant, contractor, or vendor has violated this article. Not only will the availability of the complaint procedure serve as a vehicle for enforcement of the article's code of conduct, but it is also intended to serve as a substantial deterrent to conduct or practices which violate the article. In furtherance of this policy, and the fundamental goal of integrity in government, individuals must be immune from fear of retaliation for filing of legitimate complaints asserting violation of the article. Accordingly, Section ~~2-6-112(A)~~ 2-6-112(a) prohibits retaliation against an individual who files a complaint against a public servant, contractor, or vendor with the Board of Ethics.

Section ~~2-6-112(B)~~ 2-6-112(b) arises out of the parallel recognition that, despite the salutary objectives of the article, some individuals may nevertheless attempt to misuse and abuse its enforcement provisions for improper or bad faith motivations that have as their goal the infliction of harm or damage upon other public servants, and contractors, and vendors and their respective reputations. Accordingly, Section ~~2-6-112(B)~~ 2-6-112(b) prohibits use of the article's complaint procedure for the purpose of harassment of another public servant, or contractor, or vendor. For purposes of this article, harassment is defined as the assertion by an individual of a false or frivolous complaint of violation of this article by a public servant, contractor, or vendor where the person making the complaint knows of the falsity of the assertion or makes the false assertion with a reckless disregard for its truth or falsity, that is, has no reasonable basis for believing in the truthfulness of the complaint.

Sec. 2-6-114. Running of limitations of action; processing complaints.

(a) No action may be taken by the Board of Ethics on any complaint which is filed later than one hundred eighty-two (182) days from the date that the complainant(s) knew or should have known of the action that is alleged to be a violation

of this article, and in no event shall the Board consider a complaint which has been filed more than two (2) years after a violation of this article is alleged to have occurred.

(b) In accordance with administrative rules that are promulgated pursuant to Section 2-6-91 of this Code:

(1) The staff of the Board shall acknowledge its receipt to the complainant(s), and forward the complaint simultaneously to each member of the Board, the public servant, contractor, or vendor who is complained against, and the City attorney from the Law Department who represents the Board;

(2) The City attorney from the Law Department, or outside counsel, who represents the Board shall provide the Board with a preliminary written legal analysis of the complaint;

(3) The public servant, contractor, or vendor who is complained against shall have the opportunity to submit a written response to the complaint prior to the Board deciding whether to hold a hearing;

(4) After receipt of the City attorney's analysis, the Board shall review and consider the complaint and the City attorney's analysis, and, if a hearing is to be held, shall set a date certain for the hearing to take place.

Sec. 2-6-115. Disposition of complaints.

(a) The Board of Ethics shall dispose of a complaint within ninety-one (91) calendar days after its receipt. However, under extraordinary circumstances, as defined in Section 2-6-3 of this Code, the Board may extend its time to respond to a specific complaint by not more than ninety-one (91) additional days. In the event the Board extends its time to respond to a complaint, the Board shall notify, in writing, the complainant(s), and the public servant, and, if applicable, the contractor, or vendor of the extension and of the specific reasons therefor.

(b) After giving due consideration to a complaint in accordance with the ~~time lines~~ time lines delineated in Subsection (a) of this section, the Board of Ethics shall take any action or combination of actions, upon majority vote, which the Body deems appropriate in order to dispose of a complaint including, but not limited to, one or more of the following:

(1) Dismiss the complaint based on any of the following grounds:

(i) The Board has no jurisdiction over the matter; or

(ii) The complaint does not allege facts sufficient to constitute a violation of this article; or

(iii) The complainant has failed to cooperate in the Board's review and consideration of the complaint; or

(iv) The complaint is defective in a manner which results in the Board being unable to make any sound determination; or

(v) There are other pending proceedings arising out of the same transaction or occurrence, or the same transactions or occurrences including, but not limited to, local, state or federal law enforcement investigations or criminal cases which, in accordance with Section 2-6-111 of this Code, the complaint may be reinstated and reconsidered.

(2) Determine that no violation of this article has occurred; or

(3) Determine that further information must be obtained in order for the Board to determine whether the complaint alleges facts sufficient to constitute a violation of the article or whether a violation of this article has occurred; and

(i) Conduct its own investigation with respect to any alleged violation; or

(ii) Request the City attorney to investigate the complaint and report all findings back to the Board; or

(4) Determine that a violation of state or federal law may have occurred, and refer the matter to the appropriate governmental authorities for review; or

(5) Determine that the complaint alleges facts sufficient to constitute a violation of this article and that the Board will conduct a hearing with proper notice to determine whether a violation of this article has occurred; or

(6) Determine, on its own motion or upon request of the party who has had the complaint filed against him or her, whether the complaint was filed with knowledge of its falsity or with reckless disregard for its truth or falsity; or

(7) Refer the complaint to the Police Department for review and possible issuance of a misdemeanor violation in accordance with Section 2-6-4 of this Code and, where issued, for prosecution by the Law Department.

(c) Where a hearing is held, the Board shall issue written findings of fact and conclusions of law as to whether a violation of this article has occurred. In its decision, the Board may recommend the appropriate determinations that are delineated in Section 2-6-116 of this Code.

***Commentary:**

Where the Board of Ethics has determined, after disposition of a complaint pursuant to Section 2-6-115, that the article has been violated by the conduct complained of, the public servant against whom the complaint was made may 1) be entitled to reasonable attorney fees incurred in the defense against the complaint, as provided for in Section 2-6-117, where the Board has also found that the public servant against whom the complaint was filed acted in the good faith performance of his or her duties, 2) file a complaint against the original complainant for violation of the prohibition at Section 2-6-112(b) against use of the article for harassment, and/or 3) file a civil

action for defamation against the original complainant.

To constitute harassment in violation of Section 2-6-112 of this ~~article~~ Code, the complainant must have filed the complaint with knowledge of its falsity or with reckless disregard of its truth or falsity. Beyond the determination of whether the conduct complained of constitutes a violation of the article, the Board may, upon its own determination or in response to a request by the public servant, ~~contractor, or vendor~~ against whom the complaint was filed, make the separate determination as to whether the complaint was filed with knowledge of its falsity or with reckless disregard for its truth or falsity.

Sec. 2-6-116. Violations of Article; Board permitted to make public admonition and to refer findings; cumulative effect.*

(a) In the event the Board of Ethics determines that a violation of this article has occurred, the Board may adopt a resolution of public admonition against ~~the Mayor, a City Council Member, the City Clerk, an elective officer,~~ or an appointee, regarding the violation. In addition, where, based upon an investigation arising from a complaint, the Board of Ethics determines that there may be grounds for further investigation for possible forfeiture of or removal from office under Sections ~~2-107(2)~~ 2-107(B) of the ~~1997~~ 2012 Detroit City Charter and applicable law, the matter may be referred by the Board to the City Council for consideration of forfeiture or removal proceedings in accordance with Sections ~~2-107(2)~~ 2-107(B) of the ~~1997~~ 2012 Detroit City Charter.

(b) In the event the Board of Ethics determines that a violation of this article has occurred, the Board may adopt a resolution of public admonition against a public servant other than ~~the Mayor, a City Council Member, the City Clerk an elective officer,~~ or an appointee, regarding the violation. In addition, where the Board of Ethics determines that a violation of this article by such public servant may present grounds for disciplinary action, the matter may be referred by the Board to such public servant's supervisor with a recommendation that the public servant's conduct be reviewed for disciplinary action. Any such disciplinary action must be carried out in accordance with the provisions of the ~~1997~~ 2012 Detroit City Charter and other laws, policies and procedures that are applicable to the position of the public servant and with the gravity of the offense.

(c) Where the Board of Ethics finds that a decision of the Mayor, the City Council, the City Clerk, an appointee, a voting body, or other public servant was made in violation of this article, the Board may recommend to the Mayor, the City Council, the City Clerk, ~~an~~ the appointee, ~~the voting body,~~ or other public servant

that such decision be reviewed in accordance with the applicable provisions of the ~~1997~~ 2012 Detroit City Charter and this Code. Upon such recommendation, the decision may be reviewed by the Mayor, the City Council, the City Clerk, the appointee, the voting body, or other public servant in accordance with the applicable provisions of the ~~1997~~ 2012 Detroit City Charter, this Code, and any other applicable laws.

(d) Where the Board of Ethics determines that an existing City contract has been entered into in violation of the provisions of this article, after such determination and recommendation from the Board, the City may: ~~void or seek termination of the contract where legally permissible~~

(1) Suspend the contractor or vendor where legally permissible; and

(2) Disqualify or debar the contractor or vendor from contracting or subcontracting with the City where legally permissible.

(e) The invocation of one (1) subsection of this section does not preclude the application of any other subsection of this section or of any other applicable laws or policies.

***Commentary:**

Section ~~2-106~~ 2-106.9 of the ~~1997~~ 2012 Detroit City Charter directs that the code of governmental conduct enacted by the City Council in ordinance form shall contain appropriate penalties for violations of its provisions. Section 2-6-116 sets forth these potential penalties. Section ~~2-6-116(A)~~ 2-6-116(a) of the ~~article~~ Code establishes public admonition as a punishment for violation of the article by an ~~elected official~~ elective officer or appointee. In addition, information discovered by the Board in the course of investigation of a complaint against an ~~elected official~~ elective officer or appointee may reveal circumstances which may constitute the basis for forfeiture of or removal from office under Section ~~2-107(2)~~ 2-107(B) of the ~~1997~~ 2012 Detroit City Charter. Inasmuch as this Charter section ~~enters~~ confers upon the City Council rather than the Board of Ethics the authority to decide whether the circumstances for forfeiture or removal from office exist, Section 2-6-116 of the ~~article~~ Code provides that the Board may refer a matter to the City Council for investigation and consideration where a Board investigation reveals a possible basis for forfeiture under the Charter or applicable law.

Likewise, ~~2-6-116(B)~~ 2-6-116(b) makes public admonition available to the Board of Ethics as a penalty for violation of the article by a public servant other than an ~~elected official~~ elective officer or appointee, such as a City employee. It is also recognized that a violation of the article by such a public servant may constitute grounds for disciplinary action against the public servant. Although the

Board of Ethics is not empowered by the Charter to impose discipline upon a public servant, the Board may refer a proven violation by the public servant to the appropriate City official and/or supervisor who has the authority to consider and impose discipline. Any disciplinary action based on a violation of this article must be consistent with the provisions of the Charter and any other laws, policies or procedures that may apply to the public servant, such as the City's civil service rules or collective bargaining agreements.

Section 2-6-116(c) recognizes that a decision which was made in violation of this article may warrant review by the appropriate public officials. Whether or not such decision may be subject to reconsideration or reversal will depend upon the facts and circumstances of the situation and the application of relevant law.

Sec. 2-6-117. Reimbursement of reasonable attorney fees to a public servant.*

(a) In accordance with Michigan common law and within the structures of Subsections (b), (c) and (d) of this section, the Board of Ethics shall reimburse a public servant from the City's general funds fund for reasonable attorney fees which are incurred in the defense of a complaint filed against him or her under Section 2-6-111 of this Code where the Board determines that, based upon all factual findings from the hearing, the public servant: 1) acted in the good faith performance of his or her duties, and 2) did not violate this article.

(b) The maximum reimbursement for attorney fees shall not be greater than one hundred fifty percent (150%) of the hourly rate that is established, pursuant to 18 U.S.C. §3006A(d), for the payment of appointed counsel for matters arising in the United States District Court for the Eastern District of Michigan.

(c) When determining the hourly rate of attorney fees to be reimbursed to a public servant under Subsection ~~(A)~~ (a) of this section, the Board shall consider the following factors: 1) the professional standing and experience of the attorney; 2) the skill, time, and labor involved in defending the ethics complaint; and 3) the complexity of the complaint.

(d) Where the Board of Ethics determines that a public servant is entitled to reimbursement of attorney fees under Subsection (a) of this section, the administrative rules that are promulgated pursuant to Section 2-6-91 of this Code shall control the procedure for submission and review of relevant documentation.

***Commentary:**

In spite of the salutary objectives of the article, some individuals may attempt to misuse it by making unjustified, false or frivolous charges of violation of the article by public servants. A public servant may

expend substantial time and monetary resources in defending against a complaint, including attorney fees. This expenditure of resources may be compounded where a public servant is the unwitting target of and must defend against more than one baseless complaint. In recognition of this potential, this provision requires that the Board of Ethics grant an application for reimbursement of reasonable attorney fees incurred for the defense of a complaint where the Board determines that the public servant acted in good faith in the performance of his or her duties and did not violate the article.

The authorization for the use of the City's general funds fund for this purpose is rooted in Michigan common law which recognizes the discretionary power of a municipality to appropriate funds for the necessary expenses incurred by a public servant in defending against complaints arising out of the good faith performance of official duties. *Messmore v Kracht*, 172 Mich 120; 137 NW 549 (1912). See also, *City of Warren v Dannis*, 136 Mich App 651; 357 NW2d 731 (1984); 1976 OAG, No 4947, pp 349-350 (March 24, 1976) (concluding in favor of City reimbursing a public official for attorney fees incurred in defending against misconduct charges where official acted in good faith in discharging official duties); *accord, Ellison v Reid*, 397 So2d 352 (Fla App Div 1 1981) (affirming use of public funds to pay legal expenses of municipal official defending against claim of ethical misconduct).

The formula for attorney fee awards is adapted from the national rate which is used by the federal district courts to pay appointed counsel in such courts. The discretion of the Board in determining the amount of attorney fees to be reimbursed must be exercised reasonably, according to the criteria set forth in Subsection (c) of this section.

As indicated above, the reimbursement of attorney fees in defending against a claim of ethical misconduct is limited under Michigan law to public servants. As such, contractors and vendors are precluded from receiving reimbursement of attorney fees in defending against a claim of ethical misconduct.

SUBDIVISION D. INVESTIGATIONS AND NOTICES OF CHARGES.

Sec. 2-6-121. Authority; contents thereof; procedure; notice to public servant, contractor, or vendor.

(a) The Board of Ethics is authorized to conduct investigations, on its own initiative, regarding a Board Member's perceived violation of the disclosure requirements that are found in Division II of this article, or the standards of conduct that are found in Division III of this article.

(b) An investigation may be initiated by a member of the Board who raises the

matter at a Board meeting, but, in order for the investigation to proceed, the Board must approve the investigation at the same or subsequent Board meeting, by a three-fourths (3/4th) vote of Board members serving.

(c) Where the Board initiates an investigation, the public servant, contractor, or vendor who is the subject of the investigation shall be sent, via first class and certified mail, a written notice: 1) that an investigation has been authorized and is taking place, and 2) which contains a summary of the basis for the possible violation(s).

Sec. 2-6-123. Harassment prohibited; removal from Board.*

(a) It shall be a violation of this article for a member of the Board of Ethics to harass, through the initiation of an investigation, against any public servant, contractor, or vendor by conducting an investigation with knowledge of its falsity, or with reckless disregard for its truth or falsity.

(b) In the event that a member of the Board of Ethics violates Subsection (a) of this section, the member is subject to removal, in accordance with Section 2-107(C) of the ~~1997~~ 2012 Detroit City Charter, by the authority who appointed the member, whether the Mayor, the City Council, or the Mayor and City Council jointly.

***Commentary:**

Section 2-6-123(a) arises out of the recognition that the entire public, as well as all public servants, contractors, and vendors, must be vigilant in promoting and safeguarding ethical practices in the conduct of government business. As a mechanism for the enforcement of the article's provisions, Section 2-6-121 allows a member of the Board of Ethics to initiate an investigation where the member raises the issue that a public servant, contractor, or vendor has violated this article. Not only will the availability of the investigation process serve as a vehicle for enforcement of the article's code of conduct, but it is also intended to serve as a substantial deterrent to conduct or practices which violate the article. In furtherance of this policy, and the fundamental goal of integrity in government, public servants, contractors, and vendors must be immune from fear of harassment under this article. Accordingly, Section 2-6-123(a) arises out of the recognition that, despite the salutary objectives of the article, the Board of Ethics may nevertheless attempt to misuse and abuse its enforcement provisions for improper or bad faith motivations that have as their goal the infliction of harm or damage upon other public servants, contractors, or vendors and their respective reputations. Accordingly, Section 2-6-123(a) prohibits use of the article's investigation process

for the purpose of harassment of public servants, contractors, or vendors. For purposes of this article, harassment is defined as the assertion by a member of the Board of Ethics of a false or frivolous allegation of violation of this article where the member of the Board making the allegation knows of the falsity of the assertion, or makes the false assertion with a reckless disregard for its truth or falsity, that is, has no reasonable basis for believing in the truthfulness of the allegation.

Section 2-6-123(b) applies: 1) where a member of the Board of Ethics uses his or her position to harass a public servant, contractor, or vendor by raising an allegation of an ethics violation, under this article, at a meeting of the Board of Ethics, with knowledge of its falsity, or with reckless disregard for its truth or falsity, or 2) where members of the Board of Ethics use their positions to harass a public servant, contractor, or vendor by voting to proceed with an ethics investigation, under this article, at a meeting of the Board of Ethics, with knowledge of its falsity or with reckless disregard for its truth or falsity, by a three-fourths (3/4th) vote of Board members serving.

Sec. 2-6-124. Communications with the Board regarding an investigation prohibited; exceptions; reporting substance of prohibited communication.

(a) After an investigation has been initiated and during its pendency before the Board of Ethics, no member of the Board may communicate regarding the investigation directly or indirectly with the public servant, contractor, or vendor who is the subject of the investigation, or his or her respective counsel, except that:

(1) The members of the Board may discuss the investigation with their staff, and may obtain legal advice from the Law Department or from outside counsel;

(2) The members of the Board may discuss the investigation at a lawfully conducted meeting; and

(3) When directed to do so by the Board, its staff may engage in communications necessary to conduct the investigation.

(b) Where any public servant, contractor, or vendor, or his or her respective counsel, attempts to communicate with a member of the Board of Ethics regarding a pending investigation, the Board member shall report the substance of the communication to the Board, on the public record, at the next regular meeting of the Board.

Section 2-6-125. Conducting investigations; preliminary written legal analysis; notice of charges; scheduling hearing.

(a) The Board of Ethics shall dispose of an investigation and, if any, notice of charges, within ninety-one (91) calendar days after its initiation. However, under

extraordinary circumstances, as defined in Section 2-6-3 of this Code, the Board may extend its time to conduct an investigation and issue notice of charges by not more than ninety-one (91) additional days. In the event that the Board extends its time to conduct an investigation, the Board shall notify, in writing, the public servant, contractor, or vendor who is the subject of the investigation initiated by the Board of the extension and the specific reasons therefor.

(b) In accordance with administrative rules that are promulgated pursuant to Section 2-6-91 of this Code:

(1) Within fourteen (14) calendar days of the initiation of an investigation by the Board, the City attorney from the Law Department, or outside counsel, who represents the Board shall provide the Board with a preliminary written legal analysis for the Board's review;

(2) Where the Board determines that the issuance of a notice of charges is unwarranted, the investigation shall be closed and the public servant, contractor, or vendor who is the subject of an investigation that is initiated by the Board shall be notified, in writing, via first class and certified mail, that the investigation has been closed;

(3) Where the Board determines that issuance of a notice of charges is warranted, the public servant, contractor, or vendor who is the subject of an investigation initiated by the Board shall be sent, via certified and first class mail, a notice of charges and be given the opportunity to submit a written response to the notice charges prior to the Board deciding whether to hold a hearing;

(4) The public servant, contractor, or vendor who is the subject of an investigation initiated by the Board of Ethics shall have the opportunity to submit to the Board a written response within fourteen (14) calendar days of receipt of notice of charges. Where the public servant, contractor, or vendor does not submit a written response within (14) days, the public servant, contractor, or vendor shall not be precluded either from submitting a written response later during the investigation, or from participating in any hearing which may be conducted regarding the notice of charges; and

(5) After receipt of the City attorney, or outside counsel's, legal analysis, and the response, if any, from the public servant, contractor, or vendor who is the subject of an investigation initiated by the Board, the Board shall review and consider the legal analysis and the response, if any, from the public servant, contractor, or vendor who is the subject of the investigation, and dispose of the investigation in accordance with Section 2-6-126 of this Code.

Sec. 2-6-126. Dispose of notices of charges.*

After giving due consideration to an

investigation in accordance with the time lines delineated in Section 2-6-125 of this Code, the Board of Ethics shall take any action or combination of actions, upon majority vote, which the Board deems appropriate in order to dispose of the notice of charges including, but not limited to, one or more of the following:

(1) Close the investigation based on any of the following grounds:

(a) The Board has no jurisdiction over the matter; or

(b) The investigation did not compile facts sufficient to constitute a violation of this article; or

(2) Determine that no violation of this article has occurred; or

(3) Determine that a violation of state or federal law may have occurred, and refer the matter to the appropriate governmental authorities for review; or

(4) Determine that the investigation has compiled facts sufficient to constitute a possible violation of this article and schedule a hearing, with proper notice, to determine whether a violation of this article has occurred; or

(5) Determine, on its own motion or upon request of the public servant who has had the investigation made against him or her, whether the investigation was initiated by a member of the Board with knowledge of its falsity or with reckless disregard for its truth or falsity, and, if so, schedule a hearing in accordance with Section 2-6-129 of this Code to determine the reimbursement of reasonable attorney fees; or

(6) Refer the investigation to the Police Department for review and possible issuance of a misdemeanor violation in accordance with Section 2-6-4 of this Code and, where issued, for prosecution by the Law Department.

***Commentary:**

Where the Board of Ethics has determined, after disposition of an investigation pursuant to Section 2-6-126, that the article has not been violated by the conduct investigated, the public servant against whom the investigation was made may be entitled to reasonable attorney fees incurred in the defense against the investigation, as provided for in Section 2-6-129, where the Board has also found that the public servant against whom the investigation was made acted in the good faith performance of his or her duties. In addition, where the Board determines that the Board member who initiated the investigation did so to harass the public servant, contractor, or vendor the Board may refer the matter to the City Council for removal of the Board member in accordance with Section ~~2-107(3)~~ 2-107(C) of the ~~1997~~ 2012 Detroit City Charter.

To constitute harassment in violation of Section 2-6-123 of this ~~article~~ Code, the

Board member must have initiated the investigation with knowledge of its falsity, or with reckless disregard of its truth or falsity. Beyond the determination of whether the conduct investigated constitutes a violation of the article, the Board may make, upon its own determination or in response to a request by the public servant, contractor, or vendor against whom the investigation was made, the separate determination as to whether the investigation was initiated with knowledge of its falsity, or with reckless disregard for its truth or falsity.

Sec. 2-6-128. Violations of article; Board permitted to make public admonition and to refer findings; cumulative effect.*

(a) In the event the Board of Ethics determines that a violation of this article has occurred, the Board may adopt a resolution of public admonition against ~~the Mayor, a City Council Member, the City Clerk~~ an elective officer, or an appointee, regarding the violation. In addition, where, based upon an investigation, the Board of Ethics determines that there may be grounds for further investigation for possible forfeiture of office or removal under Section ~~2-107(2)~~ 2-107(B) or Section ~~2-107(3)~~ 2-107(C) of the ~~1997~~ 2012 Detroit City Charter and applicable law, the matter may be referred by the Board to the City Council for consideration of forfeiture or removal proceedings in accordance with Section ~~2-107(2)~~ 2-107(B) or Section ~~2-107(3)~~ 2-107(C) of the ~~1997~~ 2012 Detroit City Charter.

(b) In the event the Board of Ethics determines that a violation of this article has occurred, the Board may adopt a resolution of public admonition against a public servant other than ~~the Mayor, a City Council Member, the City Clerk~~ an elective officer or an appointee, regarding the violation. In addition, where the Board of Ethics determines that a violation of this article by such public servant may present grounds for disciplinary action, the matter may be referred by the Board to such public servant's supervisor with a recommendation that the public servant's conduct be reviewed for disciplinary action. Any such disciplinary action must be carried out in accordance with the provisions of the ~~1997~~ 2012 Detroit City Charter and other laws, policies and procedures that are applicable to the position of the public servant and with the gravity of the offense.

(c) Where the Board of Ethics finds that a decision of the Mayor, the City Council, the City Clerk, an appointee, a voting body, or other public servant was made in violation of this article, the Board may recommend to the Mayor, the City Council, the City Clerk, ~~an~~ the appointee, the voting body, or other public servant that such decision be reviewed in accordance with the applicable provisions of

the ~~1997~~ 2012 Detroit City Charter and this Code. Upon such recommendation, the decision may be reviewed by the Mayor, the City Council, the City Clerk, ~~an~~ the appointee, the voting body, or other public servant in accordance with the applicable provisions of the ~~1997~~ 2012 Detroit City Charter, this Code, and any other applicable laws.

(d) Where the Board of Ethics determines that an existing City contract has been entered into in violation of the provisions of this article, after such determination and recommendation from the Board, the City may ~~void or seek termination of the contract where legally permissible, or may file a civil action, where approved by the Mayor, to recover lost monies. ;~~

(1) Suspend the contractor or vendor where legally permissible; and

(2) Disqualify or debar the contractor or vendor from contracting or subcontracting with the City where legally permissible.

(e) The invocation of one (1) subsection of this section does not preclude the application of any other subsection of this section or of any other applicable laws or policies.

***Commentary:**

Section ~~2-106~~ 2-106.9 of the ~~1997~~ 2012 Detroit City Charter directs that the code of governmental conduct enacted by the City Council in ordinance form shall contain appropriate penalties for violations of its provisions. Section 2-6-128 sets forth these potential penalties.

Section 2-6-128(a) establishes public admonition as a punishment for violation of the article by an elected official or appointee. In addition, information discovered by the Board in the course of investigation of a complaint against an ~~elected official~~ elective officer or appointee may reveal circumstances which may constitute the basis for forfeiture of or removal from office under Section ~~2-107(2)~~ 2-107(B) of the ~~1997~~ 2012 Detroit City Charter. Inasmuch as this Charter section confers upon the City Council rather than the Board of Ethics the authority to decide whether the circumstances for forfeiture or removal from office exist, Section 2-6-128 provides that the Board may refer a matter to the City Council for investigation and consideration where a Board investigation reveals a possible basis for forfeiture under the Charter or applicable law.

Likewise, Section 2-6-128(b) makes public admonition available to the Board of Ethics as a penalty for violation of the article by a public servant other than an ~~elected official~~ elective officer or appointee, such as a City employee. It is also recognized that a violation of the article by such a public servant may constitute grounds for disciplinary action against the public servant. Although the Board of Ethics is not empowered by the Charter to impose discipline upon a pub-

lic servant, the Board may refer a proven violation by the public servant to the appropriate City official and/or supervisor who has the authority to consider and impose discipline. Any disciplinary action based on a violation of this article must be consistent with the provisions of the Charter and any other laws, policies or procedures that may apply to the public servant, such as the City's civil service rules or collective bargaining agreements.

Section 2-6-128(c) recognizes that a decision which was made in violation of this article may warrant review by the appropriate public officials. Whether or not such decision may be subject to reconsideration or reversal will depend upon the facts and circumstances of the situation and the application of relevant law.

Sec. 2-6-129. Reimbursement of reasonable attorney fees to a public servant.*

(a) In accordance with Michigan common law and within the strictures of Subsections (b), (c) and (d) of this section, the Board of Ethics shall reimburse a public servant from the City's general funds fund for reasonable attorney fees which are incurred in the defense of an investigation conducted against him or her under Section 2-6-121 of this Code where the Board determines that, based upon all factual findings from the hearing, the public servant: 1) acted in good faith performance of his or her duties, and 2) did not violate this article.

(b) The maximum reimbursement for such attorney fees shall not be greater than one hundred fifty percent (150%) of the hourly rate that is established, pursuant to 18 U.S.C. §3006a(d), for the payment of appointed counsel for matters arising in the United States District Court for the Eastern District of Michigan.

(c) When determining the hourly rate of attorney fees to be reimbursed to a public servant under Subsection (a) of this section, the Board shall consider the following factors: 1) the professional standing and experience of the attorney; 2) the skill, time, and labor involved in defending the ethics notice of charges; and 3) the complexity of the notice of charges.

(d) Where the Board of Ethics determines that a public servant is entitled to reimbursement of attorney fees under Subsection (a) of this section, the administrative rules that are promulgated pursuant to Section 2-6-91 of this Code shall control the procedure for submission and review of relevant documentation.

***Commentary:**

In spite of the salutary objectives of the article, a Board member may attempt to misuse it by making unjustified, false or frivolous charges of violation of the article by public servants. A public servant may expend substantial time and monetary

resources in defending against a notice of charges, including attorney fees. This expenditure of resources may be compounded where a public servant is the unwitting target of, and must defend against, more than one baseless investigation. In recognition of this potential, this provision requires that the Board of Ethics grant an application for reimbursement of reasonable attorney fees incurred for the defense of a notice of charges where the Board determines that the public servant acted in good faith in the performance of his or her duties and did not violate the article.

The authorization for the use of the City's general funds fund for this purpose is rooted in Michigan common law which recognizes the discretionary power of a municipality to appropriate funds for the necessary expenses incurred by a public servant in defending against notices of charges arising out of the good faith performance of official duties. *Messmore v Kracht*, 172 Mich 120; 137 NW 549 (1912). See also, *City of Warren v Dannis*, 136 Mich App 651; 357 NW 2d 731 (1984); 1976 OAG, No 4947, pp 349-350 (March 24, 1976) (concluding in favor of city reimbursing a public official for attorney fees incurred in defending against misconduct charges where official acted in good faith in discharging official duties); *accord*, *Ellison v Reid*, 397 So 2d 352 (Fla App Div 1 1981) (affirming use of public funds to pay legal expenses of municipal official defending against claim of ethical misconduct).

The formula for attorney fee awards is adapted from the national rate which is used by the federal district courts to pay appointed counsel in such courts. The discretion of the Board in determining the amount of attorney fees to be reimbursed must be exercised reasonably, according to the criteria set forth in Subsection (c) of this section.

As indicated above, the reimbursement of attorney fees in defending against a claim of ethical misconduct is limited under Michigan law to public servants. As such, contractors and vendors are precluded from receiving reimbursement of attorney fees in defending against a claim of ethical misconduct.

Sec. 2-6-130. Reserved.

Section 2. All ordinances, or parts of ordinances, which conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

Section 4. Where this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and become effective upon publication in accordance with

Section 4-118(1) of the 2012 Detroit City Charter. Where this ordinance is passed by less than a two-thirds (2/3) majority City Council Members serving, it shall become effective thirty (30) days after publication in accordance with Section 4-118(2) of the 2012 Detroit City Charter.

Re: Request for Public Hearing Brush Park Rehabilitation Project Development: 297 Erskine.

The Planning & Development Department is in receipt of an offer from Mona Ross, to purchase the above-captioned property for the amount of \$14,100 and to develop such property. This property contains approximately 7,000 square feet and is zoned PD-H (Planned Development District-Historic).

The Offeror proposes to construct a paved surface parking lot for the storage of licensed operable vehicles with appropriate fencing and landscaping to accommodate customers of her adjacent therapy clinic. This use is permitted as a matter of right in a PD-H zone. In addition, this use was presented to the Brush Park Citizen's District Council and supported by that Body.

The Planning & Development Department has evaluated the proposal from Mona Ross, and now wishes to move forward with the conveyance of the subject property.

The disposal of this land by negotiation is an appropriate method for making the land available for development.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of, and the holding of a public hearing concerning this offer on the 13th day of September, 2012 at 10:30 a.m.

Honorable City Council:

Re: Review and approval of Neighborhood Stabilization Program 1 (NSP 1) Awards and Modifications.

In 2009, the City of Detroit, through the Planning & Development Department ("P&DD"), received from the U.S. Department of Housing and Urban Development ("HUD"), an allocation of NPS 1 funds. NSP 1 is authorized under Division B, Title III of the Housing and Economic Recovery Act (HERA) 2008 and is designed exclusively to stabilize communities hardest hit by foreclosures and delinquencies. Activities undertaken with the NSP 1 program include:

- Purchasing and rehabilitating homes and multi-family structures that have been abandoned or foreclosed upon, in order to sale or rent such properties.
- Establishing a landbank to help acquire and dispose of properties.
- Demolishing blighted residential structures.

NSP 1 funds were awarded on a formula basis and were included in the annual entitlement award from HUD and are part of the Consolidated Plan.

In February of 2009, P&DD issued a Request for Proposals ("RFP") to solicit projects and development partners to receive NSP 1 funds. Proposals were ranked for feasibility, developer capacity/experience, and impact on Detroit neighborhoods and local housing market. Once the projects and developers were identified, P&DD worked with legal counsel to finalize and effectuate the relevant loan documents so the projects could proceed.

In recent conversations with the Law Department, it has come to our attention that the past practice of P&DD directly entering into loan agreements with developers is not consistent with the Charter or the Purchasing Ordinance. As such, the Department is now seeking to bring our practices into compliance by requesting City Council approval of the NSP 1 awards and amended loan agreements. Consistent with the manner in which CDBG awards are made, the Department is requesting the your Honorable Body review and approve the attached list. The list contains projects that were previously awarded NSP 1 funds and now require a modification of agreed upon terms. Upon approval of this list, the process will be modified so that your Honorable Body is presented with a list of all NSP RFP respondents and a list of recommendations for awards for approval prior to any closing.

With the approval of this request, we are investing approximately \$19,687,717 producing over 340 units of affordable housing in neighborhoods in Detroit. We

request approval of the attached resolution with a waiver of reconsideration so housing investments under NSP 1 program can continue. Should you have questions or require additional information, please do not hesitate to contact me.

Law Department

July 27, 2012

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 38 of the 1984 Detroit City Code, *Offenses, Miscellaneous Provisions*, Article I, *In General*, and Article IV, *Offenses Against Property*.

The above-referenced proposed ordinance was requested by the Police Department. The proposed ordinance has been approved as to form.

Pursuant to the applicable provisions of the 2012 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and passage. We request that your Honorable Body consider and pass this proposed ordinance prior to your Summer Recess.

By way of background, Section 38-1-1, *Begging*, was invalidated by the 36th District Court in *People of the City of Detroit vs. Anthony George Walker*, Case No. U-616-038. The People of the City of Detroit appealed in Recorder's Court Case No. 96-900009, where the 36th District Court decision was affirmed on September 18, 1996 by Recorder's Court Judge Vera Massey Jones. As such, for almost 16 years, the City of Detroit has been without an ordinance, which permits enforcement and prosecution of unlawful begging and soliciting of money, food, or other donations.

In terms of further background, according to the Police Department, there is an on-going problem concerning: 1) unauthorized entry in occupied dwellings and the property on which occupied dwellings are located; and 2) remaining on an active commercial establishment, especially service stations, after being requested to leave by the owner or occupant, or the agent of owner or occupant. Because both situations concern private property and the City of Detroit does not have an ordinance tailored to these circumstances, the City of Detroit does not have authority to prosecute those who engage in such activity.

This proposed ordinance amends Chapter 38 of the 1984 Detroit City Code, *Offenses, Miscellaneous Provisions*, Article I, *In General*, by repealing Section 38-1-1, *Begging*, and adding substitute Section 38-1-1, *Begging and Soliciting Money, Food, or Other Donations Permitted Except in Specific Manners and at Certain Locations*, to define the terms 'accosting,' 'beg or solicit,' 'forcing oneself upon the company of another,' and 'mobile food service establishment;' and to prohibit the specific manners by which, and the certain locations where, individuals may beg or solicit money, food, and other donations.

In addition, this proposed ordinance amends Chapter 38 of the 1984 Detroit City Code, *Offenses, Miscellaneous*

Provisions, Article IV, *Offenses Against Property*, by amending Section 38-4-1, *Trespassing in Vacant Buildings*, to change the title of the section to *Trespassing in Vacant Buildings, Occupied Dwellings, and Active Commercial Establishments*, to prohibit trespassing in occupied dwellings or the property on which the occupied dwelling is located; and to prohibit trespassing on active commercial establishments.

We are available to respond to any questions concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,
KRYSTAL A. CRITTENDON
Corporation Counsel

By Council Member Brown:

Re: Petition No. 2103 — John B. Brown, requesting vacation of alley abutting

corner of W. Eight Mile Road and Ilene, directly south of lots 30 thru 35, Grand Park Subdivision.

Petition No. 2103 of “John B. Brown” request the conversion of the remaining portion of the east-west public alley, 30 feet wide, (a portion being deeded to the City of Detroit on March 4th, 1958) south of West Eight Mile Road, 204 feet wide, and between Ilene Avenue, 50 feet wide and Washburn Avenue, 50 feet wide into a private easement for utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into private easement for public utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

CONSENT AGENDA

MEMBER REPORTS:

Council Member Andre Spivey: I had an issue this last weekend. There is something going around entitled Human Rights, which are allowing people to go into vacant homes and take residence.

They will show a deed with no purchase agreement or vice versa. Andre Wallace from Detroit Land Bank from the Eastern Precinct and had to remove some people from trying to get in homes. In communities where there is black painted over the board, that means it is owned by the Detroit Land Bank. Secondly, there are nine elected officials at this table. We should be able to agree to disagree. If you had nine City Council people voting the same way, you wouldn't need a City Council.

Council Member Brenda Jones: I respect what Council Member Spivey has to say. But, I find it funny when people can call someone disrespectful when they think things are directed at them, and can turn around and make disrespectful comments themselves.

Council Member James Tate: None.

Council Member Kenneth Cockrel, Jr.: None.

Council Member Kwame Kenyatta: I personally have not taken things as disrespectful. It's what happens. It's called politics. Politics is war without bloodshed. I chose not to be here at the table when the Emergency Manager was table because of my low tolerance to the B.S.

Council Member Saunteel Jenkins: I do believe that it get very disrespectful around this table when we disagree. I think it's inappropriate. Too many times around this table, the history of how we got to this financial situation is left out and the truth about who was here voting is left out. This financial situation didn't just start two years ago but we are the ones left here to fix it.

Council Member JoAnn Watson: There is a solution that was approved by the previous Council to address a lot of the City's challenges. It's called the martial plan. That needs to be re-embraced.

Council Member Gary Brown: I respect the opinion of everybody at this table. I may not agree, but I do respect your opinion. I think the most important thing that we did today was that we voted. We voted up or down.

Council President Charles Pugh: Next Tuesday at 1:30 p.m., we have a committee of the Whole about possible amendment to the Charter.

PUBLIC COMMENT

Helen Moore requests Council to hear from students and parents of the Detroit Schools. She states that we have to look at the entire picture and how Mr. Roberts is destroying the Detroit Public Schools. Our children are being denied education in this City and across the country. She is involved in a Coalition and received a call from Civil Rights in Washington, D.C. There is an investigation with Detroit Public Schools. She is working diligently with Washington to make sure that this madness stops "No Child Left Behind and Raise to the Top". Charter schools have taken over the money that we voted on for our schools and putting them in a school district that does not belong to us. What is happening is the dismantling of Detroit Public Schools. Across this country, on

Monday, Civil Rights and the President's Office agree that they were going to investigate Detroit Public Schools.

Albert Jacobs gave up his minutes to Ms. Terri Henderson.

Greg Murray, a newly unemployed veteran that has been laid off from the City of Detroit on Friday, July 13, hopes that employers receiving veterans' information would give him a call. Council will continue to hear from him going forward. He is asking that we do not support the DIA millage it is not a core service. At the time when you are laying off 3,000 people and decreasing services, it is not the time to increase a tax on the few homeowners left in Detroit. There is a storm brewing in the Assessor's office. He asks the Council be careful about the personal contracts brought to Council for review from the Assessor's office. People who just retired on Friday and their personal contracts will come to Council soon; in additional, Council needs to review the drop in revenue in the Assessor's office and the degree to which variances are made for certain companies. There needs to be a review on whether employees are operating their own personal business out of the Assessor's Office. We have a hotline called awful (abuse, waste and fraud hotline) and we are getting information from managers and employees. I have specific information that we will be provide to Federal Authority.

Terrie Henderson stated that JETS (Jobs, Education and Training) stands for, what most people relate to welfare to Work activities. We are working with families. We have all advance degree people, physiologists, social workers, etc. We have gone months without pay and they still work because of their commitment. It is a problem when we have contractors leaving the city's responsibilities and becoming under new entities where people are not being served. Citizen's coming to us were at places where they were sitting on the floor because preparation has not been made for them and they send them back to us. If they come back to us, they take the chance of losing their services and some have lost their benefits (food stamps, etc.) because the entity that should receive and serve is not ready. They are overwhelmed and unable to serve. I am asking Council because the money is given to Detroit and we have to be responsible for our people. We should have a plan to transition.

Jeff Felton yield his time to James Weathers.

Willie Walker (TWW Employment Solutions): Department of Workforce Development violated Federal procurement requirements when ask contractors to sign an agreement that it will not disagree with any departmental decisions made by the department. When your job is con-

tracted and funding is reduced 25% without any justifications and other money is needed for another contractor when contractors exceeded his enrollment goals by 33% and the current contractor they are giving the money to have not met his enrollment goals. There is a contractor under performing TWW Employment Solutions, yet they have not received termination notices. When vote out whether this should be transition to a non-profit corporation, the City of Detroit will remain liable for all of this cost according to Federal law.

Dan Aldridge (TWW Employment Solutions): I had to have my statement notarized because the person representing Workforce Development manufacturer a meeting with us that every occurred. They terminated a contract as the consequence of a meeting that never happened.

James Weathers state that Workforce Development decided to take a hit out on this company and they executed them. We notified DWDD for over two years that our performance was being under reported. They made no effort to correct that. At one time our performance was over stated and that was corrected. Now they want to eliminate this contract. If you created Emergency Managers for DWDD, Health and Human Services and the Health Department, the ability to execute contracts and impact Human Services will be diminished. These are critical service for the citizens of the City. We are asking for opportunity to get feedback from communications that were forwarded to Council; we asked that Council hold a public hearing on this matter; we ask that you hold up some contracts regarding DWDD.

Robert Thomas stated that every residential citizen should have the booklet published by the Department of Defense entitled "Black Americans in Defense of Our Nation" thousands of black persons who served in defense of this nation and now you are going to have veterans skip over Public Act 4 and Emergency Managers taking their votes, men who have laid down their lives. People who have given their lives for this nation and now it appears that it meant nothing. You are passing taxation without representation.

Mary Lacy stated that Council Member Brown indicated the importance of Federal Funds for the University; yet, at the 14 Congressional District where of over 150 people meeting, Council Member Brown could not give the delegates and members a satisfied answer as to why \$10,000,000 were sent back to Washington for senior home repair.

Linda Hasson stated that Senate Bill 33S 3364 with W. Stabenow "Bring Jobs Homes Act." Several republicans voted No. She would like for everyone to call and ask why we should pay for jobs to be

sent overseas. I have my United States Constitution and my State of Michigan Constitution and there have been times when they were changed. I know what they changes are and I am following these no matter what the State of Michigan tries to serve us.

Valarie Glenn (Free Detroit, No Consent) distributed a copy of the Nation Conference of Black Lawyers, Michigan Chapter Statement (Free Detroit did not write this) (*Clerk did not receive a copy*). This is in support of Krystal Crittendon. Regarding Belle Isle, the original copy of the Consent Agreement that the public received did not include these annexes. Annex "E" concerns supportative activities of Treasury Department and State and there is a statement on education and a section regarding Belle Isle. Free Detroit does not support the takeover, ownership or a direction by the Milligan State Park. We are in support of the resolution presented today to stop this illegal takeover of Belle Isle.

Richard Etue spoke on the recent cuts in wages and benefits imposed on City workers including police and fire that was voted down by Council and imposed by an unelected group. Jack Martin and others from administration referred the cuts being imposed on worker as being concessions to the collective bargaining agreement. He is asking that someone remind them that concessions and bargaining agreements are negotiated and not imposed. This is an insult to every man and woman who has every fought for an honest day pay and a reasonable quality of life for themselves and family. it is disturbing that the Health care and fringe benefits package for worker are referred to as Cadillac plans by a Mayor who has a city supplied mansion, vehicles and personal security force made of Detroit police officers who should be protecting the citizen of Detroit. It is time to cut the Mayor's Cadillac plan because the city cannot afford it.

Edith Lee-Payne stated that she heard President Pugh state his reason for voting in favor of the consent agreement; he was misled and I asking if another vote can be taken on the consent agreement. I believe there is a clause that allows you to do that and I encourage you, strongly, to do that. If we look at the hundreds of thousands of dollars spent on advertising from the DIA, I suggest you ask those people to divert that money to the DIA and perhaps we will not need an authority.

Rick Rodriguez represents the Peace Center and Occupy Detroit. We understand that there is a move to rename the Park, "Peace Park" in honor of Maryann Mahaffey. Is that still in the process? May I suggest September 21, which is the International Day of Peace, is set aside as a dedication of the park. It was brought to

our attention that we were delinquent on our permit to hang banners in the community. Where can I get the permit updated?

Victor B. Gibson stated that he was part of the DFT and the School System for over 22 years. In 2009 the teachers had a contract and they were unsettled about the contract. The contract came in November 2009 instead of September and as a result it was pushed down our throats. We asked our President to take that contract that has many loop holes back to the board but he did not. He imposed that contract on his membership (the teachers). We need Council to understand that teachers are scrambling for their jobs. When you get to the raising of your children, we will see a better project.

Willie Hampton stated that her feeling is that Detroit is up for 30 pieces of silver. Detroiters who represent our community, which makes historic Detroit, is up for 30 pieces of silver.

Stephen Boyle stated that it an hour and half to get to the CAYMC. This shows how well the 4-15 plans are since I live at Woodward and Grand Blvd. There are deep concerns about how purchasing runs through the Department of Transportation. It does not run through the Department of Purchasing. How do you do work orders only in Department of Transportation and the recent work order was in access of 2 million dollars which includes staff people on that work order that has salary with bonus included and benefits totaling \$300 per hour. They slaughtered our bus system. There is a protest today and there will be one tomorrow.

Keith Hines D-II states that he is back. Attorneys should have investigated Miller and Canfield in 1912-1918 Charter and their involvement in 2012 charter and all the changes and annexes. You will not take Belle Isle with an ink pen. There is a term call nuisance per say and trust pass nuisance. If shovels tough, you will lose in court because it has not been given to you yet. We are not giving it to anyone. **(He stands in silent for 30 sections.)**

Morris Mays stated that Roy Rogers is dismantling our Public School System. He has been all over the world and has not seen anything more beautiful than his Belle Isle, his Detroit River in a 93% black city. We own a precious jewel and the fact that Council gave away our zoo and quietly made a package deal for Eastern Market and Detroit Historical Museum should not have happen. Council should represent the people.

David Hecker President, AFT Michigan *(no comments)*.

The Planning & Development Department and the Finance Department have reviewed the application of NewGar, LLC, and find that it satisfies the criteria set forth by P.A. 146 of 2000 and would be

consistent with development and economic goals of the Master Plan.

Prior to acting upon a resolution to recommend approval, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the eligible district.

We request that a Public Hearing be scheduled on the issue of approving the application for the Obsolete Property Rehabilitation Certificate. Attached for your consideration, please find a resolution establishing a date and time for the public hearing.

Respectfully submitted,

Now Therefore Be It

Resolved, That it is hereby found and determined that the granting of the Industrial Facilities Tax Exemption Certificates, will not have the effect of substantially impeding the operation of the

Resolved, That it is hereby found and determined that the Applicant has complied with the requirements of the Act; and be it further

Resolved, That the application of Piston Automotive, Inc., for Industrial Facilities Tax Exemption Certificate, in the area of 19440 Glendale, Detroit, Michigan is hereby approved for a period of twelve (12) years from completion of the facility in accordance with the provisions of the Act, expiring no later than December 30, 2024; and be it further

**RESOLUTION STRONGLY URGING
THE BING ADMINISTRATION TO
MAINTAIN THE CITY'S CONTROL
OVER THE OPERATION OF
BELLE ISLE**

By COUNCIL MEMBER KENYATTA Joined
By COUNCIL MEMBER JONES:

WHEREAS, Belle Isle is a rare gem in the City of Detroit's crown. It includes treasures such as the James Scott Memorial Fountain, Anna Scripps Whitcomb Conservatory, Nancy Brown Peace Carillon Tower and the Belle Isle Aquarium. Its rich history and unique place in our City's future is undisputed; and

WHEREAS, City Council has a vested interest in preserving Belle Isle and ensuring any enhancements to it respect the island's history. These goals are best advanced with the City of Detroit retaining control over the operation and maintenance of this unique city asset versus outsourcing its operation to an outside entity; and

WHEREAS, Preliminary discussions regarding this potential outsourcing, either to an outside entity such as the State of Michigan via a long-term lease or a recreational authority operated by a Board of Directors outside of the City of Detroit governance structure, are occurring; and

WHEREAS, Both of the aforementioned options would further dilute the City's direct independent control over Belle Isle as the City of Detroit would need to either partner with another municipality to form a recreational authority under Public Act 321 of 2000 (which prevents the City from forming one absent a city, county, village or township partner) or potentially transfer Belle Isle operations under the Financial Stabilities Agreement; and

WHEREAS, The Financial Stability Agreement calls for drastic changes to the operation of City government and the attendant Schedules to the agreement contain broad policy initiatives of which the Recreation Department is included; and

WHEREAS, Under Sec. 2.1 of the Financial Stability Agreement, the Mayor and City Council continue to exercise the powers, privileges and authorities granted under the Charter and other applicable laws unless specifically enumerated in the Agreement; and

WHEREAS, Retaining Belle Isle under the sole authority of the City to identify and implement realistic enhancements to

increase tourism, revenue and jobs without sacrificing the island's natural integrity as well as restructuring the city's fee schedule for Belle Isle's operation will enable the City to fund such improvements; and

WHEREAS, All potential revenues sources from the operation of Belle Isle, from concession agreements to a park entrance fee, should be explored. Maintaining City control would allow for revenues to be reinvested into the beautification and improvement of the island; and

WHEREAS, City Council approval of all land transactions is mandated under the 2012 Detroit City Charter at Sec. 4-112 *Control of Property* as well as complimentary sections in the Detroit City Code including Council's role in the approval of the acceptance of property at Sec. 2-1-12 and its approval of the designation and sale of any surplus City-owned property at Sec. 14-8-6 *et seq.*; and

WHEREAS, Annex E to the Financial Stability Agreement contemplates a long-term lease of Belle Isle and such a lease may be forthcoming. Even though the details and existence of such a lease are undetermined at this time, City Council must be involved in the processing of such a document pursuant to its Charter-mandated role, which it has not abrogated; and

WHEREAS, Maintaining City control over the operation of Belle Isle as a discrete area of the Recreation Department will also enable the City to centralize and unify the many supporters of Belle Isle to unify efforts for the park's improvement and provide a forum for concerns and new ideas to be heard; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby strongly urges the Bing Administration to maintain the City's control over the operation of Belle Isle; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby strongly condemns any attempt by the Bing Administration to unilaterally execute any agreements relative to the leasing or transfer of Belle Isle unilaterally as the approval of the Detroit City Council is mandated under the 2012 Detroit City Charter and other applicable laws; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby strongly urges the Bing Administration to form a special subcommittee within the Recreation Department to exclusively handle the operation of Belle Isle; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby strongly opposes any transfer of responsibility for the operation and maintenance of Belle Isle to any outside entities or authorities; and BE IT FURTHER

RESOLVED, That the Detroit City

Council hereby strongly opposes the inclusion of Belle Isle in any of the policy initiatives surrounding the financial Stability Agreement; and BE IT FINALLY

RESOLVED, That a copy of this resolution be forwarded to the Mayor's Office, the City's Program Management Director and the Director of the Recreation Department.

**RESOLUTION IN SUPPORT OF
WAYNE STATE UNIVERSITY
RETAINING THE PERINATOLOGY
RESEARCH BRANCH OF THE
NATIONAL INSTITUTE OF CHILD
HEALTH AND HUMAN DEVELOPMENT
By COUNCIL MEMBER TATE:**

WHEREAS, Premature birth is the leading cause of perinatal mortality and morbidity worldwide. Congenital anomalies are the second leading cause of perinatal mortality in the United State. To address this growing epidemic, the United States Congress mandated that the National Institutes of Health (NIH) develop a research center to study and reduce the rate of infant mortality, especially in highly impacted ethnic and racial minorities and thus the Perinatology Research Branch (PRB) was created; and

WHEREAS, Detroit faces significant challenges as it relates to premature birth and infant mortality. Detroiters experience a disproportionately high rate of infant death and morbidity when compared to other major cities in the United States and around the world. As a result, the NIH awarded a major contract and lease to Wayne State University (WSU) to house the PRB, the largest award in Wayne State's history. WSU was selected to house the program due to its expertise in obstetrics and gynecology, its affiliation with the Detroit Medical Center, the State of Michigan and Wayne State's willingness to spend millions of dollars renovating space at Hutzel Hospital and access to a large number of pregnant women in an area with a higher-than-average rate of infant mortality; and

WHEREAS, Since its inception, the PRB has conducted clinical and basic research in perinatal medicine helping to develop diagnostic, therapeutic and preventative strategies to improve pregnancy outcomes. In addition, it has trained physicians and scientists to enhance the health care of pregnant women and their unborn children; and

WHEREAS, The contract with the NIH will result in approximately \$150 million dollars in direct federal expenditures not

including additional grant opportunities to WSU's Department of Obstetrics and Gynecology. Furthermore, the PRB has produced more than 300 biotechnology related jobs and generated about \$350 million dollars in economic impact to the region; and

WHEREAS, Since arriving at WSU in 2002, the PRB has been a significant resource and partner in fighting for positive health outcomes for pregnant women and babies. The collaboration between WSU and PRB provided access to the most advance medical care to thousands of our city's most vulnerable pregnant women and their babies. With two groundbreaking studies on cerebral palsy and progesterone, the Branch has become the international leader in researching pregnancy related complications for mothers; and

WHEREAS, The WSU School of Medicine founded in 1868, is the largest single medical school in the nation with more than 1,000 medical students. The school's ties to the community are strong. As the only medical school in Detroit, WSU has a stated mission to improve the overall health of the community. As a part of this mission, the School has established the Center for Urban & African-American Health to seek new ways to redress health disparities by identifying preventive strategies and therapeutic approaches to chronic diseases that plague this population, namely obesity, cardiovascular disease and cancer. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby recognizes and expresses sincere gratitude to the WSU School of Medicine and the PRB for its contribution to the improving the quality of life for Detroit's at risk mothers and babies. BE IT FURTHER

RESOLVED, That the Detroit City Council hereby appreciates the PRB for its unyielding support to the WSU School of Medicine and to Detroit at large. BE IT FURTHER

RESOLVED, That the Detroit City Council hereby understands that the discontinuation of the collaboration between the WSU School of Medicine and PRB would have a detrimental effect on the lives of the uninsured, underinsured, and ethnic communities here as well as our economy. BE IT FINALLY

RESOLVED, That the Detroit City Council strongly support the retention of the PRB on the campus of the WSU School of Medicine.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.
