NONE.

#### PUBLIC COMMENT:

**KEITH HINES** (Free Detroit No Consent): He feels citizens should have a voice in their neighborhoods and City. The Administration is responsible for making proper decisions. Council should be able to fight back and defend the City.

**MR. CUNNINGHAM:** There are a lot of changes happening and about to happen regarding the City. He gave out Governor Snyder's phone number; 517.335.7858 for people to state their concern/opinion. Also, one has to stay on the line for two to three minutes waiting for DOT to answer to make a complaint.

**JOYCE JENNINGS-FELLS:** She's making a special appeal to people of faith. She feels a lot of the City's problems are due to a lack of people of faith actively involved in getting involved and policing the City.

**CLARK REVER LOINS:** Gave kudos to Ken Cockrel, S., Ron Brown and Jim Ingram. She feels one should be able to wear African garb. Children in Detroit are being slaughtered.

**STEPHEN BOYLE** (Occupy Detroit/Free Detroit No Consent): He's fighting the Emergency Manager Law (EML) which is illegal. The vote in the Senate was 23 to 15 on the appropriations relative to the EML. It's time to remove the dictator.

**JOANN WATSON:** The Emergency Manager Law was not implemented last year because it was not supported by the Detroit delegation for the Constitution to be upheld, a law cannot come back similar to that was not approved by the citizens.

There's no substantial change; it's unconstitutional. The Right to Work was challenged by the ACLU; because it was done behind doors and did not conform with the Open Meetings Act.

The revised Emergency Manager Law should be challenged. City Council should challenge and repeal it. **I make the motion.**

**KENNETH V. COCKEREL, JR.:** I'm not going to second it, but Council Member Watson raises a point which should be explored. **I would like this matter referred to the City Council Research and Analysis Division (RAD).** I know RAD is in the process of preparing a document for Council's review, which could be the subject of a Closed Session.

**CHARLES PUGH:** They've already submitted it.

**COCKEREL:** I want them to look specifically at that issue because I don't know that they did.

**PUGH: The motion has been made to assign RAD the assignment to look specifically at the issue of how similar the laws are or the issue of Council filing a lawsuit.**

COCKREL: **Both.**

**PUGH: Is there any objection? Hearing none, RAD is so directed.**

**BRENDA JONES: On that point, also Assign this matter to the Law Department.**

**PUGH: Okay, The motion has been made. Any objection? Hearing none, Law is so directed.**

DAWN DeROSE: Thanked Council for voting against the leasing of Belle Isle. It's for the best interest of Detroiters in the long run. The City should have the final say what goes on in its parks. Fund raising could be done with private entities. She would like to see Council vote on the Master Plan for Belle Isle.

LINDA HASSAN: Thanked Council for standing up for its people, while receiving a beating from the press. Appropriations need to be checked out relative to the Emergency Manager Bill. Council should come to Pontiac, MI to get the truth.

PASTOR BENNETT: The City cannot let racist people take it over. Council should move quickly to do so.

CINDY DARRAH: She has concerns regarding the tax rolls. Interest rates being charged by the banks must be reduced; this must occur because now the City is left with fixed interest rates. Variable rates should be used.

Council Members Brown and Cockrel, Jr. entered and took their seats.

Re: Pellon Smith vs. City of Detroit, a Municipal Corporation. Case No.: 12-004036. File No.: A19000.004012 (RJB).

On November 20, 2012, your Honorable Body approved authority to

settle the above identified civil matter in the amount of \$75,000.00. It has since come to our attention by Plaintiff's counsel that CMS/Medicare lien must be issued on a separate warrant from the Plaintiff's warrant. A new resolution reflecting the change replaces the rescinded resolution.

We, therefore, request that your Honorable Body rescind the original resolution, adopt the amended resolution submitted herewith and direct the Finance Director to issue two (2) separate drafts. The first draft in the amount of Sixty-Eight Thousand Three Hundred and Eighty-Five Dollars and Eleven Cents (\$68,385.11) payable to Mindell, Malin, Kutinsky, Stone & Blatnikoff, his attorney, Blue Cross/Blue Shield, and Pellon Smith. Whereas, Amerco Real Estate Company (d/b/a U-Haul, Inc.) has filed with the City Clerk an Application for a Commercial Property Rehabilitation Exemption Certificate, under Public Act 210 of 2005 ("the Act"), in the City of Detroit Commercial Property Rehabilitation District in the manner and form prescribed by the Michigan State Tax Commission; and

Whereas, This City Council on October 23, 2012, established by Resolution a

Commercial Property Rehabilitation District in the vicinity of 899 W. Baltimore, Detroit, Michigan, after a Public Hearing held, in accordance with the Act; and

Whereas, The taxable value of the property proposed to be exempt plus the aggregate taxable value of property already exempt under the Act and under Public Act 198 of 1974 does not exceed 5% of the total taxable value of property in the City of Detroit; and

Whereas, The Applicant is not delinquent in any taxes related to the facility; and

Whereas, The Application is for Commercial Property as that term is defined in Section 2(a) of the Act, which property is owned by the Applicant; and

Whereas, Commencement of the rehabilitation of the subject facility did not occur before the establishment of the Commercial Property Rehabilitation District; and

Whereas, The Application relates to a rehabilitation program that when completed constitutes a rehabilitated facility within the meaning of the Act and which is situated within the aforesaid City of Detroit Commercial Property Rehabilitation District; and

Whereas, Completion of the rehabilitation is calculated to, and will at the time the Certificate is issued, have the reasonable likelihood of increasing and/or retaining employment, increasing commercial activity, revitalizing an urban area, or increasing the number of residents in the community in which the facility is located; and

Whereas, The rehabilitation includes improvements aggregating 10% or more of the true cash value of the property at the commencement of the rehabilitation as provided by the Act; and

Whereas, This City Council has granted until June of 2015 for the completion of the rehabilitation; and

Now therefore be it

Resolved, That it is hereby found and

determined that the granting of a Commercial Property Rehabilitation Exemption Certificate, considered together with the taxable value of Obsolete Property Rehabilitation Exemption Certificates and Industrial Facilities Exemption Certificates if previously granted and currently in force, will not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of any other taxing unit which levies an ad valorem property tax with the City of Detroit; and be it further

Resolved, That it is hereby found and determined that the Applicant has complied with the requirements of the Act; and be it further

The Planning and Development Department (P&DD) respectfully requests that your Honorable Body review and approve the attached resolution authoriz-

ing an Amendment to the 2008 HUD Consolidated Plan for the Neighborhood Stabilization Program ("NSP1").

The purpose of the amendment is to assist in facilitating the changes in restructuring the Neighborhood Stabilization Program 1. Specifically, the activity changes reflect a modification in three (3) of six (6) budgeted activities shown below.

	<b>Current Amount</b>	<b>Proposed Amount</b>
Acquisition	\$ 2,587,961.00	\$ 2,587,961.00
Administration	2,191,618.00	500,000.00
Demolition	18,000,000.00	19,941,618.00
Disposition	1,773,196.00	1,773,196.00
New Construction	4,578,000.00	4,578,000.00
Rehabilitation	<u>18,006,915.00</u>	<u>17,756,915.00</u>
<b>Total</b>	<b>\$47,137,690.00</b>	<b>\$47,137,690.00</b>

These changes are necessary to ensure that all funds will be expended by the March 19, 2013 deadline. In essence, the changes reflect decreases to the Administration and Rehabilitation lines and an increase to the demolition line. To date, \$33,759,501.99 has been expended, leaving a balance of \$13,378,188.01 to expend by the deadline. All units under construction are expected to be completed by February 28, 2013.

We respectfully request the authorization of this change to amend the 2008 HUD Consolidated Plan for the stated purpose by approval of the attached resolution. February 12, 2013

Honorable City Council:

Re: Petition No. 2557 — Detroit Housing Commission, request to establish a berm parking area for Greenbrook Manor Apartments at 19801 - 19811 Greenfield.

Petition No. 2557 of "Detroit Housing Commission (DHC)" whose address is 1301 East Jefferson Avenue, Detroit, Michigan 48207 request permission to encroach and/or Berm use area (describe as the land between the front of sidewalk to the back of curb line) for parking on the south side of Pembroke Avenue, 66 feet wide, between Greenfield Road, 106 feet wide, and Winthrop Avenue, 60 feet wide.

The Detroit Housing Commission (DHC) intention is to have 10 feet wide of the berm area designed and constructed to resolve the insufficient parking needed for the renovation of the adjacent building and avoid violations and/or ticketing from parking enforcement. This will assist the Detroit Housing Commission to meet HUD's standards for on site parking.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Traffic Engineering Division — DPW reports no objections provided that petitioner and/or owner adhere to the design and provisions for berm parking submitted to City Engineering and part of the attached resolution.

The Detroit Water and Sewerage Department (DWSD) reports no objections to the proposed berm use provided that the attached provisions are followed and made part of this resolution.

DTE Energy Gas Division reports no objections provided that the berm use in Pembroke Avenue will not be in conflict or affect DTE's existing facilities.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any drilling within Pembroke Avenue, and reported no objections or that satisfactory arrangement have been made to the berm area use request.

There is an appropriate resolution, granting the encroachment/berm use petition, attached for consideration by your Honorable Body.

Respectfully submitted,

Honorable City Council:

Re: Address: 19975 Fairport. Name: Katie Butzky. Date ordered removed: March 15, 2011 (J.C.C. p. 598).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 22, 2013 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

**City Planning Commission**

February 14, 2013

Honorable City Council:

Re: Proposal to amend the Zoning Ordinance, Chapter 61, Article XVII, District Maps Nos. 15A, 55, 56, and 70 by rezoning properties generally ranging from 8227 to 13600 Joy Road (including the Joy Road properties known as 8651 Roselawn, 8801 Dawes, 8700 Schaefer, 8800 Schaefer, and the B4 frontage of 8900 Cheyenne) from B4 to B2. (Recommend Approval).

The City Planning Commission (CPC) is proposing to amend the Zoning Ordinance, Chapter 61, Article XVII, District Maps Nos. 15A, 55, 56, and 70 to, in general rezone properties located on the north and south sides of Joy Road between Roselawn Avenue on the east and Schaefer Highway on the west with addresses ranging from 8227 to 13600 Joy Road (including the Joy Road properties known as 8651 Roselawn, 8801 Dawes, 8700 Schaefer, 8800 Schaefer, and the B4 frontage of 8900 Cheyenne) from B4 to B2. (For detailed zoning classifications see Attachment A).

The City Planning Commission seeks this action in order to make the area's zoning consistent with the City's Master Plan of Policies future land use specifications for the Mackenzie subsector of Cluster 7 in order to limit the undesirable influence of intensive commercial uses on adjacent residential areas. This recommendation is based on all information presented at public hearings and also on **Sec. 61-3-80 Approval Criteria** for map amendments of the **City of Detroit Zoning Ordinance**.

The areas to be rezoned are more specifically described on the map labeled Attachment B.

**BACKGROUND**

In May, 2012, Family Tyes Adult Foster Care Homes, requested a rezoning for the property located at 8222 Joy Road. The site was previously owned by Starr Commonwealth, which is a Michigan non-profit, human services corporation. The subject site was also used as meeting place for the Barton McFarlane Neighborhood Association in past years. The applicant proposes to convert the current building into an adult foster care facility that will house up to 18 residents. (for State Department of Human Services AFC requirements see Attachment C.)

### **Master Plan of Policies**

Regarding the Master Plan, land on the north and south sides of Joy Road are within Cluster 7, the Mackenzie subsector. For **current land uses**, the Master Plan shows the blocks from Roselawn to Schaefer on the north and south frontages of Joy Road generally as "commercial" with several other uses within this area. For **future land uses**, the Master Plan shows the blocks from Roselawn to Schaefer on the north and south frontages of Joy Road generally as "neighborhood commercial."

The City of Detroit Planning and Development Department has also reviewed the proposed rezoning and has submitted a report which agrees that the proposed rezoning conforms to the future land use designation of the subject area.

### **Community Input**

A meeting concerning the rezoning of 8222 Joy Road was held on July 20, 2012. The meeting was hosted by Family Tyes Adult Foster Care at the subject property (8222 Joy Road) and approximately 17 people were in attendance according to their sign-in sheet. Of those in attendance, some were affiliated with the applicant (Adult Types). The (non-affiliated) citizens that were contacted by CPC staff via phone generally expressed a favorable or neutral stance to the proposed use. Some expressed the need for more information about the proposal.

A meeting concerning the proposed rezoning of the entire thoroughfare, both north and south sides of Joy Road (Roselawn to Schaefer) was held on September 5, 2012 at St. John's Lutheran Church by the Barton McFarlane Organization. CPC staff was invited in order to present information on the proposed rezoning, the sentiment of this meeting was that many from the community were highly concerned about the proposal. Some citizens expressed complete opposition, while others raised questions about what the effect of a down-zoning would be on the surrounding neighborhoods. Concerns were generally geared towards the safety of the community due to the possibility of adult foster care facilities arising.

Most opposition stemmed from the by-right adult foster care use that would be allowed in the proposed B2 rezoning classification. However, many residents of the community did support the idea of future restrictions on high-traffic generating and traffic-oriented uses that have undesirable influence on adjacent residential uses.

As requested by the City Planning Commission at the regular meeting of October 18, 2012, an additional meeting was held with community leaders. CPC staff arranged and invited the leaders of Barton McFarlane Neighborhood Association to the Southwestern District Police Station (the assigned station for the

district). In this meeting CPC staff provided the mapping of adult foster care facilities city wide as well as a thorough explanation of the impact of the proposed rezoning. Various concerns and views of opposition were raised by the several Barton McFarlane members in attendance. CPC staff responded to concerns using data taken from maps, the master plan, and the zoning ordinance. The criteria for zoning map amendments were also reviewed before adjournment of the meeting.

### **Analysis**

In the event this proposal is adopted, the only additional uses that a B2 District would allow that a B4 District does not allow, are the "**adult foster care**" and "**assisted living**" *by-right* uses, meaning that an adult foster care or assisted living facility could be established without a special land use public hearing. The Detroit Zoning Ordinance (Sec. 61-12-89) **mandates that adult foster care facilities have to be at least 3,000 feet apart from one another, limiting saturation in a community.**

Furthermore, CPC staff was directed by the Planning Commission to investigate the history of the by-right adult foster care land use within the B2 classification. **There may be reason to amend the Zoning Ordinance from a by-right to a conditional use within the B2 classification.** This action would require any future proposed adult foster care uses to go through a public hearing process to determine if it will be allowed. Dependent upon research findings, alternative amendments may also be proposed to improve this issue.

One of the aforementioned criteria for rezonings states, "whether the proposed amendment will protect the health, safety, and general welfare of the public." It could be argued that allowing the adult foster care use would meet the general welfare needs of the aged and mentally ill residents.

Another criterion states, "Whether the proposed amendment will have significant adverse impact on other property which is in the vicinity of the subject tract." CPC staff thinks down-zoning the entire Joy Road corridor would reduce the negative impact of intensive commercial uses on adjacent commercial neighborhoods.

### **RECOMMENDATION**

Let us give all honor to God.

May Our Lord and Savior Jesus Christ join us in today's meeting.

May those in attendance be blessed to move with wisdom and understanding as we collectively work together bringing the City of Detroit back to the splendor that it once knew.

We seek your guidance to work together collectively at the city, state, and federal levels, that our politicians will not bicker and indulge in power play, but rather seek to assist the city as a whole.

Bring us to clear and successful decisions that honor the God we serve.

In the Mighty name of Jesus we humbly pray.

Amen.

**COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES**

NONE.

**PUBLIC COMMENT:**

• **Ms. Dawn DeRose:** Requested we ask the Mayor to authorize collection of the taxes that have been discussed that we have been stating that the City is owed money, so that the City can start using that money and not have this financial crisis. Per Ms. DeRose, if you believe that it is wrong for the State to override a vote of the people, and you don't believe that Democracy should be suspended for any length of time, then please go to the following link to read and sign the petition to protect the newest Emergency Manager Law — <http://wh.gov/wGJK>.

• **Ms. Lillian Scott:** This a dark time for us, but at the same time it is a time for us to be a blessing to the City. Ms. Scott asked City Council to stand up and get together and be as one.

*Council Member Jenkins entered and took her seat.*

• **Ms. Cecily McCellan:** Asked this City Council to stand with the State Legislatures and fight the emergency manager. The elephant in the room is that emergency managers destroy.

*Council Member K. Cockrel, Jr. left table.*

• **Ms. Gloria Miller:** Here to give the view from the City of Pontiac even though her Mayor is going around saying that he's doing great. The emergency manager in the City of Pontiac has destroyed Pontiac. Ms. Miller stated do everything in your power, I felt compelled to come down here. This is her first time coming to a meeting in the City of Detroit because emergency manager does not work. City of Detroit must fight. You've got to take this to the federal level because this thing is big.

• **Ms. Tara Henry:** Asked City Council to stand up. Ms. Henry felt we do not need anyone to come in take over our City. All they want is our assets.

• **Mr. Bill Roberts, candidate for U.S. Congress/Member of LaRouge National Policy Committee:** I continue to urge the City Council to reject any decisions, any agreements, and in positions that endanger citizens of residence. Also urged the City Council to immediately adopt resolution calling on the Federal Congress to pass Glass Steedgoal (sp?), so that no longer the productive economic is sacrificed to the investment banking sector.

*Council Member Jenkins left table.*

*Council President Pro Tem Brown left table.*

• **Mr. Cunningham:** Hoped to see Mr. Pugh, Ms. Watson after whatever the Governor's decision . . . and a lot of you all won't even be back because you're not running again, so in that case why not go out like a renegade? Why not stand up for your constituents?

• **Ms. Chris Griffith:** I say "no" to an emergency manager. I say "no" to another consent agreement. I say "you Council Members go downstairs and tell the Mayor to get our money that is owed to us, and then we would have no problem." Can you do that? Requested Council to stand up and fight.

*Council Member Spivey left the table.*

• **Ms. Valerie Glenn, Free Detroit/No Consent - 13th Congressional District National Action Movement at All:** We do not think that we should agree to a consent agreement, nor an emergency manager. Asked City Council not to go along with this apartheid plan.

• **Ms. Rhene Lee:** Emergency manager goes to the heart of our democracy. It's something that should not stand.

*Council Member Spivey returned to the table.*

*Council Member K. Cockrel, Jr. returned to the table.*

• **Mr. Stephen Boyle:** Emergency manager law is not constitutionally found. It's not about the form of the law. The process was completely violating Michigan constitution.

• **Mr. Albert Hicks:** Stated he had a book inside his case, which is a manual for Detroit citizens, and wondered if City Council had a playbook that they were going by and if so, he wanted to see it and he wanted to know all the agencies inside the City of Detroit.

• **Mr. Edward Courtney:** Originally I wasn't going to speak, but I figure I am the voice of many forgotten. The ones of who are too young to be considered old and too old to be considered young in the City of Detroit. I stand here to tell you right now the ones of who loves this great City will not stand for it all. In the great words of Mr. Shabazz, we will stand and fight and make sure that the State do not take over our City.

• **Ms. Roberta Henrion:** Thanked Council for having her here. Here regarding Contract No. 2866257, which was a contract, and she's not sure if it was approved or not approved yet because she can't find an answer, to provide removal and replacement of the Woodside Bridge over Canoe Stream on Belle Isle. She believed that the Historic Designation Advisory Bard has questions about this. **Per Council President Pugh, Contract No. 2866257 was approved last week.**

• **Ms. M. Jackson:** "No" means "no". Detroit voters went to the ballot and we said no emergency manager. I have no idea what problem our Governor has and what part of that sentence or the vote he didn't understand, but we need no emergency manager. What we need is a collective group that is sitting before us to stand up for Detroit. Ms. Jackson is going to fight and asking City Council and everyone to please stand up with us and for us because they chose City Council to represent the citizens of the City of Detroit.

• **Reverend Ronald Coleman:** Wanted to say that they understand that the City Council and the City of Detroit are in a very desperate situation and City Council is not without the citizens' love and support, and certainly citizens' prayers.

*Council Member Jenkins returned to the table.*

• **Mr. Morris Mays:** Felt a mind is a terrible thing to waste and lot of you Council people have lost your minds. Our lives is way too precious to lose our precious beloved City of Detroit based on lies, tricks, games, and shenanigans by this Governor with the help of people from this Council.

**Planning & Development Department**  
February 20, 2013

Honorable City Council:  
Re: Property for Sale by Development Agreement: 250 West Larned — Former Detroit Fire Department Headquarters Building.

We are in receipt of an offer from 21 Century Holdings, LLC, a Michigan Limited Liability Company, to purchase the above captioned property for the amount of \$1,250,000 (One Million Two Hundred Fifty Thousand and 00/100 Dollars) and to develop such property. The property contains 62,910 square feet and is zoned PCA. The property transfer of jurisdiction from Detroit Fire Department (DFD) to Planning & Development Department (P&DD) is concurrent to this request.

The property was marketed to the general public by the General Services Department & Detroit Building Authority via an advertised Request for Proposals in October 2012. After a thorough review and interview process, P&DD in conjunction with Detroit Building Authority, General Services, and Detroit Economic Growth Corporation, selected 21 Century Holdings LLC to redevelop the property. Century Holdings LLC also submitted the highest bid for the property, which was above the appraised value.

The offeror proposes to redevelop the soon to be vacated DFD Headquarters into an independent boutique hotel containing approximately eighty-five (85) guest rooms, a restaurant and bar, an urban chic lobby lounge and specialized meeting and event space. A "thoughtful food and beverage experience" will cultivate a local following, providing opportunities for spontaneous gatherings and authentic interaction between the community and guests. The project will create not less than one hundred fifty (150) full and part time jobs, along with a total economic investment of twenty-two million dollars (\$22,000,000) into downtown Detroit.

Honorable City Council:

Re: Wholesale Distribution Center No. 3 Project Development: Parcel 527, (a/k/a Part of 3500 Riopelle), generally bounded by Hale, Orleans, Erskine and Riopelle.

We are in receipt of an offer from 1565 Erskine LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$143,000.00 and to develop such property. This property, the former Detroit Water and Sewerage Department (DWSD) Old Central Yard warehouse, consists of an approximately 105,000 square feet, vacant, blighted, brick structure situated on an area of land containing approximately 272,832 square feet and is zoned M-3 (General Industrial District).

The Offeror proposes to convert the vacant, blighted structure into a mixed use development, consisting of wholesale food processing, warehousing and distribution, retail and business accelerator opportunities. Additionally, the development shall contain approximate landscaping and a paved surface parking lot for the storage of licensed operable vehicles.

Hacienda Mexican Foods, an established Detroit business, will occupy over 50,000 square feet of the structure and serve as a major tenant and partner in

1565 Erskine LLC. Hacienda currently has 80 employees and will create additional jobs with its expansion. The entire development will create an opportunity for up to 200 new jobs and represents over a six million (\$6,000,000) investment into the Eastern Market district.

This use is permitted as a matter of right in a M-3 zone and is in compliance with the guidelines of the Wholesale Distribution Center Project No. 3 Development Plan. The Wholesale Distribution Center No. 3 (Eastern Market) Citizens District Council was informed of this proposal on February 19, 2013 and is in support.

The Planning and Development Department has evaluated the proposal from 1565 Erskine LLC, a Michigan Limited Liability Company and now wishes to move forward with the conveyance of the subject property. The disposal of this land by negotiation is an appropriate method for making the land available for development.

We, therefore, request that your Honorable Body adopt the sale and authorize the Planning and Development Department Director, or his authorized designee, to execute an Agreement to Purchase and Development this property with 1565 Erskine LLC, a Michigan Limited Liability Company, together with a deed to the property and such other documents as may be necessary to effect the sale.

Pastor, Encouragement Corner  
Ministries Church of God in Christ**

By COUNCIL MEMBER SPIVEY:

WHEREAS, Howard L. Parker, Jr., is the son of the late Howard L. Parker, Sr., and the late Evonia A. Parker. He was introduced to God and ministry through his first pastor, the late Superintendent Ezhiah Hicks, Pastor of Conner Avenue Church of God in Christ at 701 Conner.

WHEREAS, During his time at Conner Avenue, two events changed his life forever! The young Howard Parker, Jr., had

a serious asthma health issue. In 1962, Superintendent Hicks prayed for him. Even though he was constantly in and out of the hospital, after much prayer was offered, young Howard never had another asthma attack.

WHEREAS, In 1977, Pastor Parker was placed under the care of his second pastor and mentor, Bishop Philip A. Brooks, First Assistant Presiding Bishop, Church of God in Christ, Inc. He owes everything he has accomplished in ministry to Bishop Brooks while at New St. Paul Tabernacle then located at 5440 Oakman and later moved to 15340 Southfield.

WHEREAS, Two elevations occurred at New St. Paul. Bishop Brooks had full confidence and trust in Elder Parker and selected him to be the first teacher of the new members teaching curriculum called the "March of Faith Bible Study Course." WHEREAS, Remembering the teaching, guidance and counseling of Bishop Brooks, he immediately began the process of upgrading God's house. With the help of the congregation, they repaired the roof, installed central air in both the sanctuaries and the fellowship hall. Provided a new sound, system, padded pews, and installed new sanctuary lighting.

WHEREAS, December 1, 2001, Pastor Howard Parker was blessed to marry a truly beautiful and loving lady who has been a true blessing to him and his ministry. *"Whoso findeth a wife findeth a good thing, and obtaineth favour of the Lord."* Proverbs 18:22 The ceremony was performed right in Bishop Brooks' office.

WHEREAS, December of 2008, Pastor Parker was informed of the availability of this present edifice — 11111 Whittier. After spiritual guidance and advice from Bishop Brooks, he began to fast and pray and in his spirit, he felt Encouragement could do it. They stepped out on faith and on January 31, 2009, they closed without a co-signer or a loan from anyone! To God be the Glory!

WHEREAS, Encouragement Corner Ministries under the leadership of Pastor Howard Pastor, their vision will come to pass reaching out and ministering to this community through outreach and witnessing to the lost. ### RESOLUTION APPEALING GOVERNOR SNYDER'S DETERMINATION THAT A SATISFACTORY PLAN DOES NOT EXIST TO ADDRESS THE LOCAL GOVERNMENT FINANCIAL EMERGENCY IN THE CITY OF DETROIT

By Council Member Cockrel, Jr.:

Whereas, It is City Council's firm belief that the City has developed, in concert

with the adoption of milestones and recommendations by the State of Michigan, a satisfactory plan to address the local government financial emergency and that appointment of an emergency financial manager (EFM) by the local Emergency Financial Assistance Loan Board under the Emergency Municipal Loan Act, MCL 141.931 *et seq.*, is not the best course of action at this time; and

Whereas, This plan, which addresses the four major considerations referenced by the Detroit Financial Review Team's February 19, 2013, report to Governor Snyder, is comprised of the following three (3) items:

a) The existing Financial Stability Agreement (FSA), a consent agreement pursuant to MCL 141.1214(1)(c), which became effective on April 4, 2012. This agreement was crafted and negotiated with the State to jointly undertake a long-term cooperative process to restructure operations and tackle the accumulated deficit of the City while improving quality of life and increasing reinvestment, businesses and jobs in the City of Detroit; and

b) The Memorandum of Understanding (MOU), dated November 13, 2012, commonly referred to as the Milestone Agreement, which sets timetables and benchmarks for completion of specifically identified restructuring tasks contained in the FSA; together with

c) The joint cash plan developed over the December 2012 recess period by the Bing Administration, City Council, with financial (Ernst & Young) and legal (Miller Canfield P.L.C.) consultants. It is important to note this joint cash plan was also recommended and reviewed by the State and presented to the Detroit Financial Review Team for critique. This plan was designed to effectively resolve the City's acute "cash crisis" by implementing structural changes such as layoffs, revenue initiatives, pension and healthcare changes as well as short-term cash opportunities such as increased collections, asset sales, cash conservation efforts coupled with accumulated property tax distributions, and \$30 million in proceeds from the escrow account which will result in a positive net cash flow going into FY 2014; and

Whereas, These measures, viewed collectively, form not only a "satisfactory plan", but a cogent plan to address the City's financial emergency without the need for the appointment of an EFM. The shared goal of improved fiscal and operational health of the City can be accomplished through the initiatives agreed to in the FSA, given the time to achieve the projected results. In the short period of time since the FSA has been in effect, notwithstanding legal challenges, existing labor agreements and Act 312 binding arbitration requirements, the City has

made measurable progress toward the goals outlined in the document; and

Whereas, In compliance with the requirements of the FSA and at the direction of the State, the City has entered into contracts with financial, accounting and restructuring consultants. Many of the consultant contracts (Milliman, Conway MacKenzie, Miller Buckfire, Automatic Data Processing, Miller Canfield, Plante and Moran, Hewitt Associates, and Ernst & Young) were recently authorized by City Council and the consultants have not completed their assessments and provided recommendations to the City on a variety of issues including restructuring and long-term debt liabilities. The anticipated recommendations can be implemented by the City, with assistance from the State where necessary; and

Whereas, This appeal seeks continued implementation of the aforementioned plan with enhancements to be provided by the consultants. This preferred course of action will be supported through oversight of the Financial Advisory Board (FAB), the revenue consensus process, and the restoration of powers of the program manager under the new Local Financial Emergency Law (PA 436 of 2012); and

Whereas, The City, working together with the aid of consultants and the necessary assistance of the State, can address the long-term debts and liabilities with much more effectiveness than an EFM. The City, as reflected in all its cash flow documents, is committed to meeting all debt serviced payments; and

Whereas, Appointment of an EFM has not solved the fiscal crises within Detroit Public Schools, or the Cities of Pontiac, Flint or Benton Harbor, MI and it will not solve the fundamental problems associated with the City of Detroit's current fiscal plight caused by the compounded effects of severe population decline, loss of income and property taxes, de-industrialization and unprecedented unemployment, sustained high crime levels and under-performing schools. The City's finances are symptomatic of these root problems and appointment of an EFM will not directly address these significant challenges. Rather, steady growth and improvement in Detroit can be achieved through thoughtful measures holistically applied by the City itself with continued partnership with the State and assistance from the financial and restructuring consultants, all of which is progressing; and

Whereas, EFMs currently in place throughout Michigan have faced significant obstacles and in most instances have failed to achieve meaningful progress and, in some instances, have increased financial distress. These municipalities, such as Benton Harbor, Pontiac,

and Allen Park, are considerably smaller than Detroit with fewer complexities; and

Whereas, According to Moody's, one of the nation's leading bond rating agencies, an emergency manager appointment could trigger a termination event associated with a series of credit swaps made by the City in 2006 to fund some pension liabilities, forcing a \$400 million payment-money the City does not have; and

Whereas,

Whereas, The current state of affairs in Detroit took decades to evolve and requires a long-term approach to achieve the restructuring goals, reverse the decline and stabilize the City of Detroit. The health of Detroit affects the viability and attractiveness of the region as well as the state. Considering the fact, it is imperative that this process result in a financially stable, prosperous, and competitive Detroit. This big picture goal is compatible with the current plan being jointly implemented by the State and City government, but not generally compatible with the singular fiscal focus and an EFM; and

Whereas, The Financial Review Team report relied on by Governor Snyder also cites revenue collection from 36th District Court citations, over which the City has no administrative control, that are outstanding in the amount of \$279 million dollars (approximately \$199 million owing to the City, \$76 million dollars would flow to the State). This is a partnership opportunity for the City and State. The State of Michigan could greatly assist the City by exercising its administrative authority over lower courts to improve 36th District Court operations and collection efforts; and

Whereas, Previous partnership opportunities that need to be moved forward include income tax collection, in which the State previously agreed to assist, as well as finalization of the transfer of Department of Human Services functions through the State's ongoing RFP process; and

Whereas, It should also be noted that the City of Detroit has undertaken numerous actions to right-size' its budget and staffing levels. Over the last nine (9) years the City has reduced its workforce by 45%, from 20,799 employees in 2003 to 11,396 in 2012, a number that continues to decline; and

Whereas, Additionally, 15 of the 21 items listed in the FSA under Annex B (City's Operational Reform Program) have been or are in the process of being completed and the City anticipates meeting the remaining requirements in Annex C during the upcoming budget cycle. All of the employment contracts ratified since the FSA was adopted have included all of the provisions set forth in Annex D; and

Whereas, The City has also been able to partner with other entities to further

reduce the cost to the City for providing certain services while minimizing the impact on citizens by entering into management agreements for the operation of strategic City assets. In March of 2006, the City approved operating agreements for the Historical Museum as well as the Zoological Park and the Belle Isle Nature Zoo. In July 2006, the Eastern Market agreement took effect and since that time the City and Eastern Market Corporation have partnered on major capital and operational improvements benefitting the area, not just the market itself. More recently, the City approved the transfer of Cobo Hall to the Detroit Regional Convention Authority (September 2009) and established the Public Lighting Authority; and

Whereas, The aforementioned Public Lighting Authority (PLA) was listed in Annex B of the FSA. The proposed bill was pending in the State legislature for one year and legislation was passed in December 2012. By February 2013, City Council had approved the Articles of Incorporation, screened and interviewed potential candidates, and appointed board members. The PLA Board conducted its first meeting on March 1, 2013; and

Whereas, All of these reforms are taking place during the worst economic climate since the Great Depression. Most importantly, as the Governor acknowledged at his press conference, the City's challenging problems are solvable. This is especially true given that the City's elected leadership shares the goals outlined by the Governor and have been working diligently with the State of Michigan to achieve the goals outlined in the current plan; and

Whereas, It is City Council's sincere belief that appointment of an EFM at this point would cause protracted litigation, undermine the democratic structure and reverberate throughout Southeastern Michigan and the nation. It would also result in additional time delays while the EFM gets up to speed to proceed with the plan or, alternatively, proposes a new plan of action. Now, Therefore Be It

Resolved, That the Detroit City Council hereby appeals Governor Snyder's determination that a satisfactory plan does not exist to address the local government financial emergency in the City of Detroit and requests a hearing on the matter; and Be It Further

Resolved, That the Detroit City Council affirms that the current plan was negotiated with the State to jointly undertake a long-term cooperative process to restructure operations and tackle the accumulated deficit of the City while improving quality of life and creating sustainable and stable platform for growth. The plan was designed to ensure the City's financial

integrity and should be afforded a meaningful timeframe to achieve its goals; and Be It Further

Resolved, That the Detroit City Council strongly believes that appointment of an EFM based on a finding of the lack of a satisfactory plan is inconsistent with the facts, especially give the State's involvement in creating, modifying and monitoring the plan as well as the ongoing work of consultants and the commitment by City officials to implement the current plan to address the City's financial health; and Be It Further

Resolved, That the Detroit City Council reminds the State of Michigan that the 36th District Court is under the jurisdiction of the State, which has administrative authority over lower courts and the ability to improve 36th District Court operations and collection efforts; and Be It Finally

Resolved, That a copy of this resolution be forwarded to Governor Rick Snyder, Treasurer Andy Dillon, Chief Deputy Treasurer Mary G. MacDowell, Clerk of the Ingham County Circuit Court, Clerk of the Wayne County Circuit Court, Detroit Financial Review Team, Financial Advisory Board, Mayor Dave Bing, Program Management Director Kriss Andrews and Chief Financial Officer Jack Martin.

**RESOLUTION IN SUPPORT OF ALLOWING DETROIT'S ELECTED OFFICIALS TO DETERMINE THE MOST APPROPRIATE FINANCIAL REMEDY UNDER PUBLIC ACT 436**

By Council Member Cockrel, Jr.:

Whereas, On February 19, 2013 the Detroit Financial Review Team, a body convened by the State Treasurer under the Direction of Governor Rick Snyder, issued a report on the financial condition of the City of Detroit, and

Whereas, This report, in accordance with Section 14(3)© of Public Act 72 of 1990, also known as the Local Government Responsibility Act, that a financial emergency exists within the City of Detroit because no "satisfactory" plan exists to fix the problem, and

Whereas, On March 1, 2013 in a televised "town hall" meeting governor Snyder signaled his intent to appoint an Emergency Financial Manager under the aforementioned act and indications are that this appointment is imminent, and

Whereas, Though the Detroit City Council recognizes the severe financial challenges facing Detroit the appointment

of an EFM would likely prompt numerous legal challenges and would serve to undermine the democracy in Detroit, and

Whereas, It was concerns about these very issues that led Michigan voters to overwhelming vote to repeal PA 72's successor law, Public Act 4 in the November 2012 general election, and

Whereas, On March 28, 2013 Public Act 436, a new law will take effect. That law offers the opportunity for Detroit's duly elected officials to determine the most appropriate remedy from four choices: A) a consent agreement, B) an emergency manager, C) bankruptcy, or D) mediation, and

Whereas, Doing so should not result in an undue delay or trigger a new financial review because PA 436 states that "all proceedings and actions taken . . . by a review team under former 2011 PA 4, former 1988 PA 101, or former 1990 PA 72 before the effective date of this act, are ratified and enforceable as if the proceedings and action were taken under this act . . ." Now, Therefore Be It

Resolved, That the Detroit City Council urges Governor Snyder to respect the right of Detroit's citizens to choose their own financial destiny by allowing Detroit's duly elected representatives to make this important decision under Public Act 436. And Be It Finally

Resolved, That a copy of this resolution be forwarded to Governor Rick Snyder, Treasurer Andy Dillon, the Detroit Financial Review Team, the Financial Advisory Board, Mayor Dave Bing, Program Management Director Kriss Andrews and Chief Financial Officer Jack Martin..

Whereas, The City's Combined Charities Campaign provides a model for regular payroll deduction of charitable gifts that may be adopted or expanded to allow payroll deduction contributions to the City of Detroit from elected or unelected city employees; and

### VOTING ACTION MATTERS OTHER MATTERS COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES PUBLIC COMMENTS

**CHRIS GRIFFIN:** Council Member Kenyatta thank you for reminding us. I remember going to the theater and I couldn’t sit down downstairs, I had to

go upstairs and sit in the balcony. If you think that I'm going to let anyone take these rights from me, you got another thing coming. I am going to fight and we are going to have our voting rights. I'm saying no to a financial manager; no to consent agreement; no extended consent agreements. This financial review team provides no justification for the appointment of the emergency manager, especially when it makes no mention of 800 million dollars in the accounts receivable owed to the City, confirmed by the State Treasurer Andy Dillon. Wake up some of you Council people and fight for your people.

**MS. McCLELLAN:** Just say no to emergency financial manager. I am opposed to an emergency financial manager but also a consent agreement because we know that a consent agreement is Section 14 A of Public Act 4. This Council should resist a right-wing extreme take over. It is my understanding that you have a contract that is being presented called Jones Day which is his national firm that is connected to the extreme right-wing. The State owes money and it is conveniently making sure that that doesn't make the national press and we have to work hard to make sure that all those messages get out.

**CHERYL HUGHES:** I would never accept an emergency financial manager. As a retired teacher from the Detroit Public Schools I know first hand, with Robert Bob taking \$500 out of my check. I had nothing to say about it. I am so proud of Council Members Kenyatta, Watson and Jones who stood up for us and said no to the consent agreement. I am just appalled having been a teacher, telling my students about standing up for your rights and you have a Constitution and our kids now look at us being taken over by a financial manager. Have the Council did anything in terms of trying to get Eric Holder in here from the Federal government? We need Federal intervention.

**MARIA THORNTON:** Stand up for Democracy is a new civil rights movement. We are declaring an eviction day for Mayor Dave Bing. I participated in the slow down on the expressway to affect the economy from coming in and out of the City of Detroit. This is the kind of stuff we need to do in order to make it known. I say to the listening audience save up water, canned goods, what you need to survive because we have begun a new civil rights movement. I don't want to give up my right to vote and I'm not going to step down. We've got to do something different. We are

going to shut down the freeway. The revolution will not be televised.

**CHERYL SIMMON:** I'm with the Detroit Urban Agricultural Council. This is not the end but the beginning. We will continue to work with the residents and City departments. We are looking forward to improving the food system for Detroiters.

**MS. LYONS:** I am continuously praying for the City.

**MR. CUNNINGHAM:** Prayer works. We all need to fight. I have cards for all of the Council persons from Step Forward Michigan; anywhere in Michigan there is a State and Federal program to save your property. You have problems with DTE Energy please call 1-800-292-9555.

**M. JACKSON:** What part of this process does the governor not understand? No for the emergency financial manager, any consent, anything that has to do with the take over. I am going to fight to the end because it's wrong. This is all about democracy. Once you sign those papers it is illegal and I hope everyone that is involved in that pays that price.

**MS. BURUSH:** I'm thanking the creator of all things right now because Councilman Kenyatta's words confirmed what he told me to say today. I want to talk to the public because we have to prepare. We hope for the best and we prepare for the worst. In my twenties I was fighting apartheid and I never thought in my fifties I would be fighting the same things right here in my city. This is for you Detroit, you have to prepare; we have to prepare. The civil disobedience will grow. We already understand that; there is going to be sacrifices; you have to prepare your family. I have a number. 313-653-3176. Please call that number and leave your information because what we are doing right now, using the airwaves to get the message out; it won't happen if the EM comes in. You need to call this number today. Civil disobedience will grow and we have to be prepared. I am willing and you should too, to pay the price.

**VALERIE GLENN:** The City can and will move forward. In observance of yesterday's appeal; myself and many people in this audience were there. They appreciated Council appearing. We also appreciated that Mr. Corey, Mr. Whitaker and the current Interim Corporation Counsel made the best attempt at trying to persuade and present the facts. Ultimately, the State's goal is to make the people happy with a

new more restrictive consent agreement; giving away all of our democratic rights as well as everything else from Belle Isle to the Water Department. Council we are here as a people, we would like to ask you not to go along with that. Secondly I am asking you to educate yourself, this is to the public, look up Jones Day Law Firm and see what they did to Chrysler as well as other corporations and also familiarize yourself with Mr. Kevyn Orr, whose name is swirling around as the next possible emergency manager for the City of Detroit; see the connection. Last week the citizens started organizing and I have to ditto what Ms. Burns just said and if necessary we will shut down this City. We would like to ask you the citizens to prepare yourselves, collect your food, your water, your candles, cash money, whatever you need to make sure that you are prepared and you can survive. The struggle continues.

**MS. McCLINTON:** We need to afford the citizens and all the listening audience to spread the info. This link is called [Petitions.whitehouse.gov](http://Petitions.whitehouse.gov). We are asking your families all over this country to please sign this to fight for democracy here in Detroit and here in these United States. For those who believe that an EM is going to come and save you and give you emergency and fire fighters and safety and police, just know that they are coming to take away your democracy.

**MR. ROSS:** We have the video footage from your camera crew concerning \$350 million that could have been received by the City Council and also I have this public law, 97-280 that represents the law of the Bible which you all are going all the way against by putting up this emergency manager and everything of that nature. We will be calling for indictments on each one of you that's against the citizens of Detroit because we know that you all are against the suffering people in the City of Detroit because you all are getting your pockets full. You would rather ta;l down on us and give us only a minute and a half to speak verses giving us the real opportunity to speak. We let you all speak when you came in our neighborhoods, knocking on doors looking for voters to vote for you.

**MORRIS MAYS:** We are saying no to the emergency manager. We are saying no to any extension of a consent agreement. We are saying no to Rick Snyder and we are saying no to any pup-peteers. We are saying no to puppets at this Council table that have their strings

pulled and go against the people of Detroit. But we are saying yes to self determination; a city that is self determined. We are saying yes, we want our zoo back, we want Cobo Hall, the DIA back, and we want our Water Department back. We are saying yes we want our DOT, Public Lighting, etc.

**PROPHET JESSIE OLIVER GREY:** I bought a copy of a video made by your camera crew four months ago, October 31, 2012. I sent an email to you Reverend Spivey, your secretary, I offered \$350 million, and all of you got a copy of this. There is a way to stop everything that the governor is trying to do immediately. You have to take him off his own turf. When you take him off his own turf, he's over the City of Detroit, the County of Wayne, the State of Michigan but he does not have any Federal power. John Conyers could have a restraining order, injunction for that man so fast for conspiracy to Michigan's Public Trust. The governor of Illinois is in Federal prison right now for misuse of public trust. All you have to do is take him off his turf and this could be done in the next couple of hours. But you need to make it possible for me to talk to you in front of everyone. A meeting should be held with John Conyers; he's got the paperwork that's connected to the investigation field report 144-12C-1003.

Honorable City Council:

Re: Monisha Taylor vs. City of Detroit.  
Case Nos. 12-006430-NF (SLdeJ).  
Matter No.: A20000.003406.

On February 20, 2013, a case evaluation panel evaluated the above-captioned lawsuit and awarded One Hundred Five Thousand Dollars (\$105,000.00) in favor of plaintiff. The parties have until March 20, 2013 to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that plaintiff accepts the award, to direct the Finance Director to issue a draft in the amount of One Hundred Five Thousand Dollars (\$105,000.00) payable to Monisha Taylor and her attorneys, Varjabedian Attorneys, P.C., to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 12-006430-NF, approved by the Law Department.

Re: Surplus Property Sale. (Part of) 1900 Gratiot and (Part of) 1880 Antietam. Elmwood Park Rehabilitation Project No. 3.

The Planning and Development

Department is in receipt of an offer from 2000 Associates LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$230,000 and to develop such property. This property contains approximately 90,169 square feet or 2.07 acres and is zoned B-2 (Local Business and Residential District).

The property has been marketed via Request for Proposals by the Planning and Development Department (P&DD) and Detroit Economic Growth Corporation (DEGC) over the past ten years with no success. 2000 Associates LLC owns a comparable size parcel (2000 Gratiot, the now vacant site of the former Joe Muer restaurant) directly attached and adjacent to the east of the subject property.

Upon purchase of the subject property, 2000 Associates LLC proposes to combine both vacant properties in order to increase the marketability of the entire site and to achieve a cohesive, "highest and best use" development. The proposal by 2000 Associates LLC was presented to the Wholesale Citizens District Council on February 19, 2013 and given a unanimous recommendation to move forward for approval by your Honorable Body.

The Planning and Development Department has evaluated the proposal from 2000 Associates LLC, a Michigan Limited Liability Company and now wishes to move forward with the conveyance of the subject property.

The disposal of this land by negotiation is an appropriate method for making the land available for development.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of, and the holding of a public hearing concerning this offer on the 28th day of March, 2013 at 10:15 a.m.

Honorable City Council:

Re: Amendment of Sales Resolution. Development: 3550-3556 Cass.

On February 7, 2007, (Detroit Legal News, Page 6), your Honorable Body authorized an Assignment, Assumption and Consent Agreement assigning interest in the above-captioned property from Kemerko Mack, LLC, a Michigan Limited Liability Company to Cass Corridor Neighborhood Development Corporation a Michigan Non-Profit Corporation. Under the terms of the Agreement, Cass Corridor Neighborhood Development Corporation proposed to rehabilitate the property into approximately thirty-five (35) two-bedroom units. The development period was since extended until December 31, 2011.

Due to circumstances beyond their control, Cass Corridor Neighborhood Development Corporation lost their original investor for the project and experienced significant delays in securing replacement financing. Cass Corridor Development now anticipates being able to close financing with construction to start in Spring, 2013. Accordingly, the Developer is requesting that the Agreement be extended until December 31, 2014. The Planning and Development Department has reviewed the request of Cass Corridor Neighborhood Development Corporation, and has determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the Development Agreement to extend the completion period of the development.

Respectfully submitted,

MARJA M. WINTERS

Resolved, That the agreement to purchase and develop property described on the tax rolls as:

be amended to reflect that the completion of construction be extended to December 31, 2014;

And be it further,

Resolved, That the amendment to the agreement to purchase and develop be considered confirmed when signed and executed by the Planning & Development Department's Director, or his authorized designee, and approved by the Corporation Counsel as to form.

January 22, 2013

Honorable City Council:

Re: Amendment of Sales Resolution. Lafayette Redevelopment Project. Development 1544-1556 E. Lafayette, located at the Southwest corner of E. Lafayette Boulevard at Orleans St.

On November 22, 2004, and June 17, 2005, your Honorable Body authorized the sale of the above-captioned property to Du Charme Place LLC, a Michigan Limited Liability Company. Du Charme Place proposed to construct approximately sixty-six for sale townhouse units with attached garages.

Due to financial constraints and circumstances beyond their control, Du Charme Place has been unable to initiate the development as originally proposed. Accordingly, the developer now requests to extend the development period to December 31, 2015 and proposes to construct four (4) three-story, multi-family buildings containing approximately one hundred eighty six (186) market rate apartment units.

The property contains approximately 3.45 acres and is zoned R-6 (High Density Residential District). This use is permitted as a matter of right in a R-6 zone and is in compliance with the guidelines of the Lafayette Redevelopment project Plan. The Southeast Citizen's District Council and Elmwood Citizen's District Council were informed of this proposal on December 20, 2012 and are in support.

The Planning and Development Department has reviewed the request of Du Charme Place LLC, and determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement.

We, therefore request that your Honorable Body adopt the attached resolution authorizing a modification to the Development Agreement and an extension of the completion period for the development.

Respectfully submitted,

ROBERT ANDERSON

**MEMBER REPORTS**

**COUNCIL MEMBER KWAME KENYATTA:**

We have a Charter and it's not the most aggressive Charter in the world but it's the highest law of our land. It is the will of the people. I heard a lot about the Charter while I was out and how it's not satisfactory but it was approved not only by this body, but more importantly it was approved by the people. It was reviewed by the Governor and the Attorney General and it was sent back not once but twice. It was approved by the people of this City.

I want to applaud the appeals team. I thought that you did a good job under the circumstances of what you had to work with. I don't think it was ceremonial. I think it was compassionate and I think that it was based upon the evidence of the facts, however we go there. I did not support the consent agreement but in a democracy you have majority and a minority. You have opposition and you have those who view things one way and majority rules. Just as Mr. Whitaker said, a deal is a deal and if you have not ruled that deal null and void then it is still in place. It's important.

What I want to focus on, just briefly, is this whole question of democracy that people seem to want to play down. Coming out of the Pan-African Nationalist Movement, I've been one hard to believe in American democracy. As Malcolm said, I don't see any democracy; all I see is the sky's hypocrisy. When it comes to what you see in Michigan it brings that reality home even more so. You say people have the right to decide and the people have the right to vote and the highest expression of the will of the people in terms of their freedom is their right to self determination; to decide who they want to speak for them; how they want to speak for them; and to remove them if they don't speak for them. If you don't like this body, these elected officials, throw us out. But don't throw out your right to throw us out. I think that's important. It is not about the individuals who are here. We came here through trials and tribulations and through history and things that have taken place.

I was watching a piece last night called the *Death of Democracy*, and it

said Detroit is a place where democracy goes to die. This issue is not just about deficits because if its about deficits then I would not have read last night where the U.S. deficit is sixteen trillion, seven hundred and three billion, nine hundred and forty-three million and a few cents. That's the national debt. The last time the national budget was balanced was a year after I was born in 1957 under President Dwight Eisenhower and that surplus was two point two billion. That's 56 years since there has been a balanced budget in the country. The national debt among the 50 states, including Michigan, is four point one trillion in outstanding bonds, unfunded petition commitments and budget gaps. So clearly Detroit is ground zero.

When we look at what is happening; and folks don't want to have a decision but those of us who have gone through the struggle we have to have decision because it is an issue of democracy. I have heard Council Members and former Council Members say people just want the garbage picked up. Well slaves had their garbage picked up. Rosa Parks could ride on the bus. She had the right; the bus came on time. It wasn't an issue of the delivery of services; it was the quality of those services and how they were being delivered. They had lights back then. I'm from Alabama, we had lights and when the young brothers stood up under those lights and the Klan came by and shot at them; lights wasn't out, light was on, but we didn't have human rights and we didn't have civil rights. The issue is that we did fight and it took me a long time to come to that because again I come from another element of the movement that wasn't so much into civil rights but more into the Pan-African Nationalist part of that movement. But I recognize the hardship. It is not enough to just go to Washington and pull the cloth off of a Rosa Parks Statue and say you have the right to sit there. She didn't just sit there because she was tired; she was sick and tired. She sat there knowing that she was going to be arrested; knowing that it may not change today. She didn't know how fast it was going to change.

When I got the email, that all of you probably got, yesterday from the Mayor, it said that he didn't agree with us. It said, "I did not agree with Council's decision to appeal the financial review teams' findings today in Lansing because I do not believe it will change the Governor's decision to appoint an emergency manager." What if Harriet Tubman had said, I'm not going to take you all on the Underground Railroad because I don't believe that we are

going to be able to get to the north; some how it may be some clouding nights and we may not see the North Star. But she never lost a passenger because she never gave up. She never quit; the same thing with so many other countless millions on the Edmond Pettis Bridge and James Meredith. We come from a people, two hundred and fifty million who died as a result of their quest for freedom. We come from a people who didn't just languish in prison camps and slave yards for thirty years but for four hundred years. I can't imagine a hundred years or two hundred years. Can you imagine a people being enslaved for years and years and years, but they never gave up and the reason that we are sitting here today is because they never gave up.

They did not say I'm going to step aside and join the other team, while my team is still on the court. I don't play basketball that good but if I know if I'm on a team, even if I don't agree with the shots that are made from time to time, I still got to pass the ball and I still got to play with my team. We got an unauthorized player on the team. We got folks wanting to play with team mates that haven't got here yet.

I have great concerns about our community and I want to thank again the team that went up yesterday, Council Members that went up, staff and the people. Folks have called you trouble makers. Was Rosa Parks a trouble maker? Was Dr. Martin Luther King a trouble maker? He was trouble maker on the Vietnam War. He wasn't supposed speak out on that. He may be alive today if he had not gone to Memphis to be a trouble maker when men said, "I am a man and I have a right to stand." He went there to be a trouble maker; to stir the fire. You are trouble makers but you are stirring the trouble. I remember when truck drivers shut down the freeways in America to make a point as it relates to their union contracts, but you are talking about dignity and destiny. You are talking about your right to vote and your right to live.

I wanted to be there and I am sorry I was not but it gave me an opportunity to look at things from the sidelines. We may be sidelined but it doesn't mean that we get out of the fight. The highest expression of your freedom is your right to self determination. It says that democracy is the political system wherein supreme power of government rests with the people, not with the EM, with the people. The power of government rests with the people or citizens who are elected to represent them. It takes that form, that's not my words that's the definition. Benjamin Franklin said they who give up essential liberty

to obtain a little temporary safety deserve neither liberty nor strength. Yes we want the garbage picked up; no we haven't done a good job; it's on our watch. We can talk about years and years ago but it is on our watch, so it's not happening and if we can't get it done then put some more people here who can get it done and get it done in short order but don't give up your right to have that representation.

France has a deficit, Britain, Italy, Greece. The Greece economy is falling, the western economy, America, but the one thing that I don't hear them saying, I haven't heard the general assembly say we need to send a EM to Greece. They can't manage their finances, they are selling stuff off. We need to send an Emergency Manager to Italy, Spain you need to have an Emergency Manager you can't handle yourself. That's not how democracies work. As much as they call President Barack Obama out of his name; everything but a son of God; show him with pictures with monkeys and apes and everything, talking about his mama and his daddy; as much as they do that and as much as they talk about sequester and going off of the fiscal cliff, not once have I heard any of them say we need to replace this guy with an emergency manager.

You got a 16 trillion dollar deficit; we need an emergency manager in here. You know they had an election and they didn't get the guy they want so now they still got to deal with him. Michigan has done a pretty good job with its deficit. But for many, many years they had shut downs, they had deficits and not once did they call for an emergency manager. The guy that's in there now, he didn't come in as an emergency manager; he came in with the last election because some folks didn't do their jobs. But nevertheless, where I agree with it or not it was an election that balanced the books, not an emergency manager. So why is Detroit and the majority of the cities in this state that are African-American populated, why are they different?

If you don't like it and we don't, some of the actions of the administration; we don't run the day to day; the press likes to put it on us, Council this and Council that; this consent agreement, that I didn't support, but for the most part, you have jumped threw every hoop that they have put before this table. The only thing that they got pissed off about was Belle Isle. Don't do some of what I say children, do everything that I tell you to do and if you don't do everything that I tell you to do. Then I'm going to take it from you. Over 50 million dollars in contracts of money we don't have, they have made us approve those contracts.

A hundred million dollars in concessions, they say don't approve that. Nevertheless you may get some more later; go ahead and approve that, you might get some more later, but don't approve that. Then you say if you don't do this we are going to bring somebody else in the outside to do this and to take care of business.

I don't know what's going to happen tomorrow or Friday, that's not my call. We didn't know what was going to happen, none of knew if we were going to be sitting here. Again, I have to call on my roots, Bessemer, Alabama. I never knew I would be sitting here because where I came from, we didn't sit at these tables, we didn't vote at these tables but there were people who marched pass Bessemer. I was 11 years old when Dr. King came through Bessemer on his way to Washington, D.C. As a young boy I didn't know all of what that was about but I knew some of it.

There were times when folks said there would be no black council, not a one. I remember when they had the first black person and now on our watch an all black Council and the largest black city in this country, you snatch democracy on the face of what we died for. No, take me out of office but don't take my right for those who come behind me to occupy this seat; particularly when you don't have a greater plan to fix the problem. Whatever that plan may be it won't be fixed in eighteen months. It won't be fixed in five years. It didn't get to the point that it is in eighteen months or five years. I don't know what is going to happen but I appreciate that fact that this Council, minus one voted for me as well when you voted to go and appeal injustice.

You don't accept injustice. If you get arrested so what; if you get put out of office. So what, but you don't stand on the sideline from the history that we come from; from the blood that we come from; from the oppression and exploitation. I come from a people who have been tarred and feathered. I come from a people who have been castrated. I come from a people who have been murdered. I come from a people who have internalized some of that self hatred and we are killing ourselves. We are murdering ourselves; we are shooting young babies in the street in gang violence and we are going to have to change that. And one of the reasons I am so happy about leaving this table is to go back to where I came from to work on the human stock and mentally of our people, not the political stock. I know what the political thing is about now. I know what we need now. Sometimes God got to put you some-

where so you can find out what you need. I know what we need and I know where we are and where we got to go.

Let me just wrap up with a few quotes, Dr. Martin Luther King said, "Change does not roll in on the wheels of ineditability but comes continuous struggle and we must straighten our backs and work for our freedom. A man cannot ride you unless you are bent." I didn't see any bent backs yesterday. Mr. Whitaker came from the hood and he said, "Look either you honor this thing or you don't. We voted on it, you got your name on it, your name is on this. You gave us a milestone, your name is on that. You gave us contracts." I think they are even trying to give us another contract. I don't see it is on there, Jones, Day or something, the company of the guy who they say may be the emergency manager. I don't know, hopefully that's not the case. But, it will probably be approved.

The reality is we have to hold up our end of what we got. You got a surplus; we got a deficit, so help us out. If you want to bring somebody in here to walk the Mayor, then he obviously needs some walking, probably out the door; that's just my view. I'm not being disrespectful but when you sideline yourself and you don't show up at the game with your team, I think what general managers do, is they bench you. When you don't suit up and then you release a DVD, a video, after your team have gone up and done the work, you release a video to kind of back up what they are saying. What else are you going to say, anyway, Frederick Douglas said, "This struggle may be a moral one or it may be a physical one? And it may be both moral and physical but it must be a struggle." Power concedes nothing without a demand; nobody has ever given us anything in this country. We have fought for everything we have. We couldn't even use the bathroom; couldn't even drink out of the same old rusty fountain; one said white, one said black; couldn't relive yourself; couldn't ride and go eat messed up food that was going to kill you anyway; couldn't even do that. Everything we have gotten, we have fought for. Other folks have gotten stuff because we fought for it. Civil rights, nobody knew anything about civil rights until Black folks went to the streets. People died, and were set on fire, hoses were put on them and folks were murdered in their sleep, like Fred Hampton, Mark Clark and others.

You got people locked up in prisons; you want to talk about political prisoners, in this country there are political prisoners and prisoners of war to this day, Sekou Odinga and others.

Geronimo Pratt who passed away, for twenty-seven years in prison he was our Nelson Mandela. We have fought for everything that we have gotten in this country. How dare you not fight, how dare you stand on the sidelines, how dare you say he's going to do it anything. Then you fight anyway, never give up. Power concedes nothing without a demand. It never did and it never will.

Find out just what any people will quietly submit to; just give me some lights, just fix my roads; pick up my garbage not at 12 o'clock but at 6 o'clock. "Find out what any people will quietly submit to and you have found out the exact measures of injustices and wrong which will be imposed upon them and these will continue until they are resisted either with words or blows. The limits of tyrants are prescribed by the endurance of those they oppress. What is your endurance? Oh, they gave up; this was an easy win here. Even the bloods in the hoods don't give up their little territory that easily. You got to fight for that, it's a hole in the wall but they are going to hold that wall. We are here through blood. Folks died to put us at this table.

Even though I'm not running again; you are going to have to drag me out before my term is over. The point is this; the limits of tyrants are prescribed by the endurance of those they oppress. If we get free from the oppression and wrong heaped upon us we must pay for their removal. We must do this by labor, by suffering, by sacrifice and if need be by our own lives and the lives of others. That is the issue of democracy. You don't just put a EM in place, you have an election and it says in the National Constitution: if the government fails to represent the people, then the people have the imperial right to overturn that government. That's part of the democracy but you don't put an EM in place to replace 11 elected officials that represent over 700,000 people in the City of Detroit.

**COUNCIL MEMBER WATSON:** Following up on the recommendation of several of our citizens who spoke during public comment, I do think it would be an appropriate and prudent act of this Council to send an official message to the Federal government with respect to 13th, 14th, and 15th Amendments to the United States Constitution that have been violated in the State of Michigan. The Constitution of the State of Michigan has been violated. The consent agreement, which I did not vote for, which is still in place, voted on by the majority of my colleagues has been trespassed by the actions that are pending.

I don't believe that this something that we should respond to after the fact. There will not be a forum to respond to it after the fact. I think we should use this forum to say that there should be a special message calling for the oversight and review of the highest law enforcer of the land with respect to the 13th, 14th, 15th Amendments, the Voting Rights Act, which you and I were blessed to be able to be there at the unveiling of Mother Rosa Parks Statue in Statuary Hall of the U.S. Capitol which is built by Africans who were not allowed to vote in the District of Columbia which still does not have access to its full rights in this country. We should demand that there be a special oversight review of the alleged efforts to remediate the City's fiscal crisis because the evidence shows that the emergency managers EFM's and EM's have not resolved the fiscal crises in Benton Harbor, Pontiac, Flint, Detroit Public Schools, Inkster, Highland Park, so it's a ruse, it's a political ruse and we should pull the cover off it.

It is as much a violation of the Voting Rights Act as the codes in the South that use to ask people to count how many bubbles in a bar of soap. This is a voter's suppression act and it is in your face and it is absolutely a right wing planned attack on this City. And I believe there are a number of factors leading into it, including what my learned colleague has already articulated, with respect to the tipping point of the anger that resulted in that letter. The Constitution of the United States is bigger than us, the Voting Rights Acts which has allowed us to be here and we stand on their shoulders right now. We should not just be reacting to what somebody else's agenda is. We should go forth with some; and I ask that there be an assignment to the appropriate persons; with respect to sending a special; if my colleagues concur or the majority of them; to the highest law enforcer of this land with respect to a review of what has happened and is on the verge of happening to the largest city in the State of Michigan, with respect to the 13th, 14th, 15th Amendments, the Constitution of the United States, the Constitution of the State of Michigan, the Voting Rights Act, approved in 1955 on this the 50th Anniversary of Dr. King's *I Have A Dream Speech*; first uttered in Detroit, Michigan. It is not something we should be reacting to, Mr. President, after somebody's agenda has been consummated. I so move.

**COUNCIL PRESIDENT PUGH:** Ok, the motion has been moved. You will work with RAD on something for our consideration. Are there any objections?

**COUNCIL MEMBER COCKREL:** I object.

**COUNCIL PRESIDENT PUGH:** Noting the Cockrel objection that assignment is made.

**COUNCIL MEMBER WATSON:** I would like a waiver Mr. President on my motion.

**COUNCIL PRESIDENT PUGH:** Is there an objection from placing a waiver on the assignment for RAD? Hearing no objections, a waiver is placed.

Charles Pugh, City Council President

On behalf of the King of Kings Missionary Baptist Church Family, I thank the Detroit City Council for the invitation and privilege of being a part of a formal session of the Detroit City Council. As requested, here is a copy of the non-sectarian prayer.

Our Father, Who art in heaven. Hallowed be Thy name. Thy kingdom come. Thy will be done in earth as it is done in heaven. Give us this day, Godly wisdom and understanding. That we may conduct the city's business in a spirit of unity and Divine Order. Bless us to be consistent and dedicated to the citizens of Detroit, and to the offices/positions that we hold, whether elected or appointed. Keep us cognizant of the fact, that a house divided can not stand. Intervene and touch the hearts and minds of every decision maker, that the outcome will be in the best interest of the citizens of Detroit. As you replied to King Solomon's prayer in II Chronicles 7:14; *"If My people, which are called by My Name, shall humble themselves and pray, and seek My face, and turn from their wicked ways; Then will I hear from heaven, and will forgive their sins, and will heal their land!?"* Please here us, forgive us, and heal the City of Detroit, in Jesus' name we pray, Amen!

**COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES PUBLIC COMMENT**

**VALERIE GLENN:** A house divided cannot stand. Kevin Orr, Emergency Manager, is a dictator. He will affect democracy in Detroit and sell off our assets. Call City Council at 313.224.4434.

**CHRIS GRIBICH:** The Emergency Manager is unlawful.

**FRANK PLUSCONTA:** Does work in the City and works with the youth connection. Doing the same thing, expecting a different outcome, is insanity. It's time for a change in the City. The City can turn itself around because other cities have.

**JOEL HARDY:** Proposed solutions for the City: Crime test. Special fees would be paid to the City. People need to pay a non-refundable tax. There should be a property owners fund. A nuisance tax should be enforced.

**MS. MONTGOMERY:** Angry because the Governor and Mayor decided the City needs an Emergency Manager. Council should revert their decision not to challenge the appointment of an Emergency Manager.

**MR. LEE:** The Council has failed as well as the Mayor and the Financial Advisory Board. Nothing has worked. Legislature is the first branch of government. There has been no due process.

**MS. WALKER:** A Financial Manager did not work for the school board. DPS went back into debt. Council needs to stop selling themselves. The Consent Agreement should not have been accepted.

**Buildings, Safety Engineering & Environmental Department**

February 26, 2013

Honorable City Council:

Re: Address: 18515 Steel. Name: Leslie Jackson. Date ordered removed: October 3, 2011. J.C.C. 2863.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 15, 2013 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is rental property.

This is the second deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained in accordance with the vacant property ordinance (see attachments) and securely barricaded until rehabilitation is complete and occupied. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the

owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

DAVID BELL

**MEMBER REPORTS**

**COUNCIL MEMBER BRENDA JONES:**

Submitted a Testimonial Resolution to Rev. Dr. Valmon Stotts, Sr. She would like to schedule a COW regarding an Indemnification request denied by Council. The Police union is requesting a hearing before Council.

**Lewis Smith (Law Department):** Stated the hearing would be held under a closed session/hearing. A resolution is being prepared.

**Jones:** Will support Detroit citizens and does not support the appointment to an Emergency Manager. She believes it's unconstitutional.

**COUNCIL MEMBER JAMES TATE:**

Submitted Contract No. 2863066 which provides a team to prepare a New National Register Nomination for Historic Belle Isle.

**Marcell Todd (City Planning Commission):** Initially the above-referenced contract was begun with Block Grant Funds; but the contractor could not complete the project in the time line allotted by the State. Partial payment was made with that. The contractor would keep the job for the National Register Nomination.

**Charles Pugh:** Wondered why the City could not prepare this themselves.

**Todd:** The CEOG project allowed the City to get grant funding to do things that go beyond in-house capacity.

**COUNCIL MEMBER KENNETH V. COCKREL, JR.:**

Asked for a moment of silence for Coit Ford, former Sr. Policy Analyst, who passed away on Sunday afternoon. Details will be given when provided.

Will not be able to attend the community meeting this evening.

**COUNCIL PRESIDENT CHARLES PUGH:**

Reminded everyone of the community meeting this evening, at 7:00 P.M. to 8:30 P.M., in District 5, at 3544 Iroquois and Mack, at Greater Christ Baptist Church.

Hoping that City Council would quickly approve Petition No. 2672, so that they can get on with their planning Ms. Rocha is glad that the City of Detroit is going into voting districts.

• **Mr. Michael Cunningham:** Stated that the City Council is prayed for at early Morning Prayer every morning, especially, when you're flawed like him, with his faith family. They also pray for Governor Snyder. Encouraged everybody to go to somebody's church.

• **Ms. Chris Griffith:** Asked this Body to reconsider and to go to court — we don't need an emergency manager. We repealed PA 4 and PA 72 instead, also. Strongly asked City Council to go to court because this man has not managed his own money, so she doesn't see how he can manage ours.

• **Ms. Valerie Glenn:** Ditto to what Ms. Griffith said. Ms. Glenn is very concerned along with most of the sedentary of Detroit that you have not chosen to take this to court, you've not pressed charges, you, as a body, have desired as a whole not to go forward, and stand up for the people. Stand up for our civil as well as human rights. Would like to see more action. The community is concerned also that City Council has not resisted Mr. Orr's appointment. Opposed Jones Day contract. Appealed to City Council to vote for the people instead of against the people.

• **Mr. Thomas Stidham (sp?):** Opposed Surplus Property Sale pertaining to Agenda Item No. 36. According to property tax records the Parcels are behind in taxes, approximately \$40,000.00 and he's objecting to the sale of this property or asked City Council to do further inquiry in to determining the

exact and precise status of the taxes. **THIS ISSUE WILL BE A LINE ITEM ON THURSDAY, APRIL 28, 2013 AT THE PLANNING & ECONOMIC DEVELOPMENT STANDING COMMITTEE.**

• **Ms. Cecily McClellan:** Ditto to what fellow citizens have said. The Council needs to stand up. Public Act 72 is dead; PA 4 was voted down. This is undemocratic.. Opposed Jones Day contract. Jones Day is running the City. Asked the body to do what they are supposed to do and if they don't do what they should have done, then six of the City Council Members should never come back to the table again.

**Council Member Andre Spivey: FOR THE RECORD,** while we have media here, this Body did not approve any contract for the Jones Day Law Firm. Just for the record, so it's not put out there that we approved that contract.

**City Planning Commission**

March 15, 2013

Honorable City Council:

Re: Zoning Ordinance Map Amendment (Chapter 61, Article XVII, Map No.18 of the 1984 Detroit City Code) — Request to rezone the easternmost portion of one parcel identified as 1600 E. Outer Drive bounded by E. Outer Drive to the north, Mackay Avenue to the east, Lantz Avenue to the south, and Conant Avenue to the west from an R3 (Low Density Residential District) zoning classification to a P1 (Open Parking District) zoning classification (RECOMMEND APPROVAL).

**BACKGROUND**

A rezoning request to amend District Map No. 18, which presently shows an R3 (Medium Density Residential District) zoning classification, to show a P1 (Open Parking District) zoning classification, has been submitted by Mr. Frank Simon Salama on behalf of Mr. Wasim Thames Hana (a/k/a Joey's Auto Sales) to allow for the establishment of off-street parking for visitors as well as employees. Off-street parking is considered a by-right use in the P1 district zoning classification (per Sec. 61-11-43 of the Zoning Ordinance).

The subject property is owned by the petitioner and consists of the easternmost portion (Lots 854 and 855) of one parcel identified as 1600 East Outer Drive. The entire parcel covers approximately 6,500 square feet (less that 1/7 of an acre). The western portion of the parcel is currently zoned B4 and covers approximately 4,500 square feet; the easternmost portion of the parcel is zoned R3 and covers approximately 2,000 square feet.

The petitioner also owns an adjacent parcel commonly identified as 19740 Conant Avenue, which has a B4 (General Business District) zoning classification. The two parcels are separated by a vacated east-west alley which runs from Conant Avenue for approximately 120 feet, before turning south-east toward Goddard Avenue.

On September 20 and October 4, 2012, the CPC held public hearings on the initial rezoning request by the same parties, petitioning the City to amend Article XVII, District Map No. 18 of Chapter 61 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, to show a B4 (General Business District) zoning classification where an R3 (Low Density Residential District) zoning classification is presently shown on property identified as lots 854 and 855 (the easternmost portion of one parcel commonly identified as 1600 E. Outer Drive), and subsequently rendered a recommendation of denial.

On Thursday, October 11, 2012 the Detroit City Council via the Planning and Economic Development Standing Committee accepted CPC's recommendation for denial of the request to rezone the property to a B4 zoning classification. At that time the petitioner, Mr. Salama was in attendance and requested of Council that CPC staff be allowed to work with him to determine a more appropriate zoning classification of the land.

On Monday, October 15, 2012 the petitioner attended a pre-application meeting with CPC staff to determine a more appropriate zoning classification for the easternmost portion of 1600 East Outer Drive (more specifically the two lots identified as 854 and 855). It was determined that a P1 (Open Parking District) zoning classification could be appropriate given

the nature and dimensions of the two lots in relationship to the petitioner's currently developed used motor vehicles sales lot and minor motor vehicle repair facility.

The petitioner anticipates commencing operations of a used motor vehicle sales lot and a minor motor vehicle repair facility, which have already been constructed on the B4 lot located at 19740 Conant. "Motor vehicles, used, salesroom or sales lots" are permitted in the B4 zoning classification on a conditional basis (per Sec 61-9-82(23)) as are "Motor vehicle services, minor" (per Sec. 61-9-82(26)).

In reviewing the petitioner's rezoning request, CPC initially expressed concerns over the apparent close proximity of the existing R3 zoning classification, which the petitioner is seeking to have rezoned, and the R3 land on the east comprised of several low-rise town houses.

In reviewing the P1 District setback requirements (Sec. 61-13-81) along with other intensity and dimensional standards found in Article XIII and the general development standards found in Article XIV of Chapter 61, CPC requested that the petitioner provide a modified site plan illustrating how they would comply with each of the thirteen (13) different required elements, (in Article XIII and Article XIV) prior to the hearing date of their rezoning request.

On Tuesday, October 16, 2012 the petitioner submitted the requested rendering to the satisfaction of Commission staff, which illustrated among other things reduction in height and relocation of a 9'6" tall masonry wall at the easternmost portion of the sales and service building and a 10' wrought iron ornamental style picket fence along the E. Outer Drive and Conant sides of the property in addition to four (4) newly constructed display spaces for the used motor vehicles sales lot and minor motor vehicle repair facility, which presently encroach into the existing R3 zoning lot, constituting an apparent illegal land use.

#### **SCOPE AND IMPACT OF THE PROPOSAL**

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests. The current zoning classification of R3 does not allow for the establishment of off-street parking for visitors or employees. The proposed classification of P1 does allow for the establishment of Open Parking uses on a by-right basis..

#### **Suitability of the Property**

One of the aforementioned criteria for rezonings is: "The suitability of the subject property for the existing zoning classification and proposed zoning classification." Zoning Map No. 18 generally shows a mix of R3, B4 and residential uses to the north, south, east and west, for several blocks from the subject property. This sec-

tion of East Outer Drive is primarily developed with town houses, single-family homes and a few commercial properties catering to the low-density residential community in which They are located.

In general, the CPC would look favorably on the development of the subject property as open parking for the newly constructed used motor vehicle sales lot and minor motor vehicle repair facility, provided that the petitioner comply with the intensity and dimensional standards found in Article XIII and general development standards found in Article XIV of Chapter 61, as illustrated in the site plan provided to the CPC and Buildings, Safety Engineering and Environment Department (BSEED).

#### **Land Use**

The CPC is of the opinion that a P1 (Open Parking District) zoning classification is the most appropriate land use classification considering the desired intent of the petitioner.

#### **Significant Impact on Other Property**

The CPC is of the opinion that the rezoning of this property, along with the added screening and landscaping which is required as a part of the dimensional and design standards for open parking, would add to the stability of the surrounding business, commercial and residential neighborhood. Additional off-street parking will be provided along this section of East Outer Drive and land will be developed which would otherwise sit vacant, and as in the past, be subject to litter and blight.

Given the nature of the existing facilities on the subject property and the character of the surrounding land and land uses, the CPC has concluded that a change of zoning classification would not have an adverse impact on other property that is in the vicinity of the subject area.

#### **CITY PLANNING COMMISSION PUBLIC HEARING**

On December 6, 2012, the City Planning Commission held a public hearing on the subject rezoning request. No members of the public present spoke in support or opposition to the proposed request. The Commissioners raised no major questions or comments about the proposed project.

Prior to the petitioner submitting the completed application, CPC staff provided the petitioner with a list of three active community organizations within 1,000 radial feet of the subject property, with the recommendation that they meet and discuss their proposed development. The petitioner was able to contact each of the organizations, all of which have signed-off on the petitioner's application.

#### **MASTER PLAN CONFORMANCE**

The subject site is located within the Pershing area of Neighborhood Cluster 1 of the Detroit Master Plan of Policies. The

Future Land Use map for this area shows Neighborhood Commercial for the subject properties. Mr. Bruce Evans of the Planning and Development Department was present at the CPC public hearing and verbally reported that there were no objections to the proposed rezoning request and that due to the nature of the request and proposed development no amendment to the Master Plan of Policies would be necessary.

**RECOMMENDATION**

On December 6, 2012 the City Planning Commission voted to recommend **APPROVAL** of the rezoning request to amend District Map No. 18, Article XVII, Chapter 61 of the 1984 Detroit City Code to show a P1 zoning classification where an R3 zoning classification is presently shown on easternmost portion of one parcel identified as 1600 E. Outer Drive bounded by E. Outer Drive to the north, Mackay Avenue to the east, Lantz Avenue to the south, and Conant Avenue to the west. The Zoning Ordinance map amendment has been approved as to form by the Law Department and is attached for your consideration.

Honorable City Council:  
Re: Request Permission to Accept the "Detroit Youth Violence Prevention Capacity-Building Project" from the Office of Juvenile Justice and Delinquency Prevention.

The United States Department of Justice, Office of Justice Programs, Office of Juvenile Justice and Delinquency Prevention (OJJDP) has awarded the City of Detroit a "Detroit Youth Violence

Prevention Capacity-Building Project" grant in the amount of **\$125,000.00, with no cash match**. The project period will run from October 1, 2012 through September 30, 2013. The federal grant award number is 2012-NY-FX-0027.

OJJDP's Demonstration Programs Continuation Grants program was established to provide grants and cooperative agreements to organizations that OJJDP has selected for funds in prior years. This program will be authorized by an Act appropriating funds for the Department of Justice.

The Detroit Youth Violence Prevention Initiative (YVPI), established by the Office of Mayor Dave Bing, plans to build the program capacity and enhance the prevention, intervention, enforcement, and re-entry efforts through the proposed partial funding of the Chief Service Officer position, evaluation services, and technol-

ogy tools. Essentially, awarded funding will support the Mayor's Office in the continued management of the strategic growth of the initiative as guided by the steering committee and informed by community partners. Successful funding of those needs will ultimately strengthen the ability of YVPI partners and stakeholders to collectively better serve youth and reduce violence in the targeted areas of Cody, Osborn and Denby High Schools.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution;.

If you have any questions or concerns regarding this matter, please feel free to contact me at 224-3400.

Sincerely,  
DAVE BING  
Mayor

March 13, 2013

Honorable City Council:

Re: Resolution Endorsing an Application to the Michigan Department of Natural Resources Trust Fund — Right of Way Acquisition to Trails Project.

In 2006, the City of Detroit, adopted a Non-Motorized Transportation Master Plan. Since that time there have been numerous additions to the City's growing network of non-motorized pathways, including the expansion of the Riverwalk, the opening of the Dequindre Cut, and the implementation of over 73 miles of bike lanes or paths. New projects planned for 2013 include 71 additional miles of bike lanes and the Link Detroit Multimodal Enhancement Plan including Dequindre Cut North, which will expand the existing Cut from Gratiot to Mack. The completion of these projects are only the beginnings of an important opportunity for the City; to utilize existing abandoned railways to create a circular non-motorized path entirely around the City's core. This concept has been tentatively identified as the Inner Circle Greenway Project.

Essential to the realization of this project is the acquisition of an existing abandoned railroad line formerly known as the Detroit Transfer Rail Road which stretches from a point near the intersection of Joseph Campau and McNichols, east to Intervale, and then south to Lonyo, a total distance of more than ten miles.

It is fully understood that the City is not in a position to financially underwrite the cost of acquiring this property, which is currently owned by Conrail. To make the acquisition possible, we will apply for a grant from the Michigan Department of Natural Resources Trust Fund. Further assistance to provide the required match will be sought from the Community Foundation for Southeastern Michigan and other donors.

It should be emphasized that it is not just property acquisition that will be funded without any City cost. The entire project, including construction and maintenance, will be funded, utilizing the successful

model employed in the past for the Riverwalk and Dequindre Cut projects.

In order to make the necessary application to the Michigan Department of Natural Resources Trust Fund, an endorsement by the City Council is required. For this purpose we have attached a proposed resolution and we request that the City Council would take timely favorable action on this resolution so that we will meet the April 1, 2013 deadline for submittal.

Respectfully submitted,

Director

Department of Public Works

Approved:

FLOYD STANLEY

CHERYL R. JOHNSON  
Finance Director

By Council Member Brown:

Whereas, The City of Detroit adopted a Non-motorized Transportation Master Plan ("Master Plan") in June of 2006; and

Whereas, The Master Plan contemplated that the City would from time to time take advantage of opportunities that might occur to acquire abandoned railroad rights of way for re-use as non-motorized pathways, commonly known as Greenways, and

Whereas, The City is aware that an important opportunity exists to acquire railroad right of way from a portion of the line that was once known as the Detroit Transfer Railroad ("DTRR"), and

Whereas, This acquisition can only be made with the assistance of a grant from the Michigan Department of Natural Resources Trust Fund ("MDNRTF"), the purpose of which is to make grants to political subdivisions in Michigan to assist with the purchase of land to be used for recreational purposes.

Now, therefore be it

Resolved, That the city, acting by and through the City Council, authorizes the Department of Public Works to submit an application to the MDNRTF for the purpose of seeking a grant to be used by the City to acquire former DTRR right of way.

And be it further

Resolved, That the City Council hereby expresses its support for the use of any right of way so acquired for the development of a Greenway that, along with other pathways that have already been developed or that are in the planning stage, will form a roughly circular, non-motorized route throughout neighborhoods on both the east and west sides of the City.

**Water and Sewerage Department  
Office of the Director**

February 27, 2013

Honorable City Council:

Re: Petition No. 2582 — Wayne State University, Requesting Vacation of Public Sewer Indenture.

In response to a request for information from the Office of the City Clerk, dated November 26, 2012, the Detroit Water and Sewerage Department (DWSD) submits the following:

The petitioner, request vacation of an 1877 public sewer indenture (private easement) granted by Thorndike Nourse of the City of Detroit to the City of Detroit Board of Public Works, which is within the block bounded by Woodward Avenue, Burroughs Avenue, Cass Avenue and Amsterdam Street. The 21 inch by 28 inch sewer is currently capped at the bulkhead in Woodward Avenue; this existing public sewer currently can only accept wastewater from within the site. However, as part of the new site development, it will remain in place and be filled in with grout, rendering it inactive.

WSU plans to design and construct a new private wastewater system for this development with the appropriate connections to the City public wastewater system. WSU will have construction plans reviewed and conditionally approved by DWSD. Therefore, DWSD has no objections to vacation of the easement requested by Petition No. 2582, provided that the attached provisions are strictly followed.

I trust this addresses your concerns. Should you require any additional information, please contact my office.

Respectfully submitted,

SUE F. McCORMICK

Director

By Council Member Brown:

Provided, The Petitioner shall abandon and/or remove the sewer as approved by Detroit Water and Sewerage Department (DWSD).

Provided, That the plans for the 1 sewer to be abandoned and/or removed shall be prepared by a registered engineer.

Provided, That DWSD be and is hereby authorized to review the drawings for the proposed sewer to be abandoned and/or removed.

Provided, That the entire cost of the abandonment and/or removal of the sewer, including inspection, survey, and engineering shall be borne by the Petitioner.

Provided, That the Petitioner shall provide DWSD with as-built drawings on the proposed abandoned and/or removed sewer.

Provided, The Petitioner shall design and construct proposed sewers and to make the connections to the existing public sewers as required by the DWSD prior to construction of the proposed sewers.

Provided, That the plans for the proposed sewers shall be prepared by a registered engineer.

Provided, That DWSD be and is hereby authorized to review the drawings for the proposed sewers and to issue permits for the construction of the sewers.

Provided, That the entire work is to be performed in accordance with plans and specifications approved by DWSD and constructed under the inspection and approval of DWSD.

Provided, That the entire cost of the proposed sewers construction, including inspection, survey design and engineering shall be borne by the Petitioner.

Provided, That the Petitioner shall deposit with DWSD, in advance of engineering, inspection and survey, such amounts as DWSD deems necessary to cover the costs of these services

Provided, That the Petitioner shall grant to the City a satisfactory easement for the sewers.

Provided, That the Board of Water Commissioners shall accept and execute the easement grant on behalf of the City.

Provided, That the Petitioner shall provide DWSD with as-built drawings of the proposed sewers.

Provided, That the Petitioner shall provide a one (1) year warranty for the proposed sewers once they are constructed.

Provided, That upon satisfactory completion, the sewers shall become City property and become part of the City sewer system and any existing sewers that were abandoned shall belong to the Petitioner and will no longer be the responsibility of the City.

**VOTING ACTION MATTERS**

**OTHER MATTERS**

**STANDING COMMITTEE REPORTS**

**PUBLIC COMMENTS**

**SEAN REED:** I received a demolition deferment for a property that I own at 8259 Indiana. It was good for 3 months; issued October 7th, it has expired. But, I have an ACR that doesn't expire until June. I have secured financing for the rehab of this property. We have already

begun work. I am asking the Clerk's Office to change the date on the demolition deferment letter so that it matches up with the ACR letter that I have. I have a great working relationship with Mr. Edge and the other professionals in the Demolition Department. They all concur that as long as I get the Clerk's Office to re-do it they will stand behind it.

**Council President Pugh:** Ok, if you get that in writing from Mr. Edge, I am sure that that can be taken care of.

**MS. BARNES:** The business that I have is in regards to property located at 5813. Buildings and Safety deemed that property dangerous. I am baffled as to how it has been sold. It was slated for demolition; haven't seen it demolished. We have boarded up the property. We secured the property because it is within a 3 mile radius of a school. I would like to have this item lined. I know that falls under Councilman Brown. I have been in contact with his office and his assistant was very helpful but to no avail. I would like to know are the Treasury Department and his department not communicating. Why is it still standing?

**Council Member Brown:** Because there is no money to tear it down if it's on the demolition list; if it is boarded up...

**Ms. Barnes:** We boarded it up.

**Council Member Brown:** That sometimes is the problem because once its boarded up it is no longer an unsafe piece of property. Buildings and Safety will remove it from the demolition list. I will have someone from my staff today meet with you and we will go down to Buildings and Safety and try to work through the issue.

**Council President Pugh:** Yes, and you do realize that we are only advocates on your behalf.

**Ms. Barnes:** I am aware of that and I am thankful that his office and Ms. Watson's office answered the phone.

**MS. HINES:** First, it's the anniversary of the signing of the financial stability agreement which consented to the State for the take over of the City of Detroit. I want the people to understand that at this point it is no longer necessary for us come and plead our case among City Council because you don't have any power. When you signed that agreement you signed away your power to run our City and you violated and disrespected the citizens of the City of Detroit who voted for you and put you in to do our business. The other thing is that it sure is strange that all of these folks that are coming in to help; a bunch of business folks; a bunch of people showing up that now they got

some money. They want to give the City some money so they can build something up to take something over. Where was the help before we got into having to sign the stability agreement? Now we are seeing who the players are; who the real people are behind this State take over. We got to remember that we have to go to Washington. It is out of our hands here in the State of Michigan right now; nothing is going to happen to us; but we are going to be punished and bullied by the State who wants to take over all the assets of the City of Detroit. We can not vote these people back in. They are the ones that gave up our power and gave up our democracy.

**MR. WILDE:** I am here to represent my father, Billy Pittman, he's been a mechanic for 27 years and if he can't fix it, then it isn't broke. We are down here today because we have a proposal for the City of Detroit. We are sick of all the ambulances and police cruisers not being able to get to the citizens. One way we are going to bring back this City is to restore the safety. When we restore the safety people are going to want to come back. We are willing to come down here and work on all of your police cruisers and your ambulances, labor free, if you buy the parts thru us. We have a parts dealer.

**Council Member Brown:** I did explain to the young man and his father yesterday the legislative role of City Council and recommended that they begin in Purchasing with Mr. DuPerry so that a contract can be procured and at that point it would come to Council for approval or disapprove.

**MR. SAWYER:** I am here with Mr. Wilde. On the news last night someone fell threw a grate and had to wait 30 minutes for an ambulance to show up because they are down at the river pulling a man out of the river. I know that there are ambulances on blocks just sitting no tires on them. We have Motown Auto Parts willing to back us with the parts to put these vehicles back in service. I know these union workers are not fixing these vehicles right.

**KEN COLEMAN:** Many of you know that I have been a supporter to and an advocate of a group of local Detroit towing companies that have been meeting with City officials; been attending Public Health and Safety Meeting after this meeting where a public hearing will be held and the committee will consider a recommendation from the Towing Commission to increase its towing rates. There will be many members of the towing community that will advocate a no vote on that recommendation

if it does in fact come up for a vote. Many of you do know already that the towers have been working diligently with City officials. Presented a plan last October, more than 120 days ago that would provide \$4 million in varied real revenue to a cash strapped City. I certainly, on behalf of the towers, invite you to stay for that public hearing directly after this meeting if you are not on the committee and hear our continued offer to work hand in hand with the City of Detroit to bring it well deserved and needed revenue.

**MR. CUNNINGHAM:** Thank God for all that he serves. I was able to help 60 people lower their property taxes in half in that short period of time. The number for help is 855-313-3137.

**MR. BILLY PITTMAN:** I have been a mechanic for over 37 years and I am willing to come down here and give you my labor for free because I don't think it is right that a child should have to die on their front steps. The ambulance is late to pick somebody up and they have to lie on the sidewalk and wait for 30 minutes that hit a nerve in me and what I can do with my hands, I will show you guys. You give my 90 days down here and I will show you.

**MS. McCLELLAN:** I think that we need to be very clear, if you read the Free Press or the News you will never know what's going on. I appreciate folks saying that they are coming down to help us but is union worker after union working that has sat at the end of this table, told you every problem that was wrong with EMS, how it could be corrected but it was purposely deteriorated and ignored so it could be privatized. There is a pattern here and everybody knows it and I know everybody on this Council knows it. Two years ago you had DTE step in, got a \$150 million contact. Under DTE's watch, it was the worse deterioration. Why is it under Bing's watch we have all these lights go out? Systematically, and I know for sure on my block and on Second Avenue, the lights just come on and you never see anybody there. It bothers me to have Maureen Stapleton sit at this table when she was the State Legislator that pushed this authority through with the request and approval of 5 or 6 of you. It should be understood that Brown, Jenkins, Cockrel, Tate, Spivey, you shouldn't run because you relinquished your power a year ago. The reason they are stepping in and doing what they are doing is because they know that you will comply. You have not tried bankruptcy or even asked for bankruptcy. If you asked for bankruptcy you could have protected our assets.

Honorable City Council:  
Re: Surplus Property Sale: 1900 Gratiot Avenue.

We are in receipt of an offer from 2000 Associates LLC, a Michigan Limited Liability Company, to purchase the above captioned property for the amount of \$230,000 (Two Hundred Thirty Thousand

and 00/100 Dollars), which is the full appraised values as of October, 2012. The property contains 2.07 acres or 90,169 square feet and is zoned B-2.

The property has been marketed via Request for Proposals by the Planning & Development Department (P&DD) & Detroit Economic Growth Corporation several times over the past 10 years with no success. The adjacent property owner, 2000 Associates LLC, owns a comparable size parcel directly attached and adjacent to the east of the subject property (2000 Gratiot the demolished vacant site of the former original Joe Muer restaurant).

Upon purchase of 1900 Gratiot, the Offeror proposes to combine both vacant properties together in order to increase the marketability of the entire site and to achieve a complete cohesive, "highest and best use" development on the south side of Gratiot Avenue between Vernor Highway and the Dequindre Cut.

The proposal of 2000 Associates LLC was presented to the Wholesale Citizens District Council on February 19, 2013, and was given a unanimous recommendation to move forward for approval by your Honorable Body.

Additionally, 2000 Associates LLC has met with the Michigan Trails and Greenways Alliance, & P&DD to discuss the conceptual pathway connection from St. Aubin to the Dequindre Cut, and that all three (3) parties support a reasonable, viable solution to ensure that the pathway will be constructed that would allow the fully marketable potential of 1900 Gratiot, and also allow for a dedicated location of a trail way connector.

We, therefore, request that your Honorable Body adopt the sale and authorize the Planning and Development Department's Director or his authorized designee, to execute a quit claim deed with 2000 Associates LLC, and such other documents necessary to effectuate the sale.

Respectfully submitted,  
ROBERT ANDERSON  
Director

**COMMUNICATIONS  
FROM THE MAYOR AND OTHER  
GOVERNMENTAL AGENCIES**

**PUBLIC COMMENTS**

**REV. CHARLES WILLIAMS, II:** He believes Jones Day is a destroyer of democracy. Wants Council to vote no on the Jones Day contract. They did not restructure Chrysler; they bankrupted it. 40 creditors pulled away from negotiations.

**M. JACKSON:** She believes Jones Day goes against democracy enabling one to have equal say in discussions. Constitutional rights have been violated. Gary Brown stated whatever is procedurally necessary will be done to open up the Internal Operations SC tomorrow to a COW so everyone can weight in on this issue. Saunteel Jenkins stated her showing up today is a good example of democracy.

**KATHY MONTGOMERY:** The City has spent millions on the law firm who handled the Consent Agreement not honored by Gov. Snyder. A conflict of interest exists re: Jones Day. Their firm represents banks to whom the City of Detroit owes money.

**STEVEN BOYLE:** Attended Detroit Food 2013 event. People discussed land ownership; however, sacrificing people often occurs. Petroleum coke is stored on M4 zoned land, which is to be used for warehouse and loading zones.

**CINDY DARRAH:** Inflation was caused when the Feds put money into the economy; there was no production to offset it. The Jones Day contract represents banks. A conflict of interest exists. It's unethical.

**VALERIE GLENN:** The Jones Day law firm represents the banks. They participate in anti-democratic actions, neo-colonialism and genocide. Council will go down in history as the Administration that destroyed Detroit. She wants Council's resignation.

**GREGORY WALLER:** He needs houses torn down in his neighborhood. Kids walk in the street when they pass the houses. Everyone is being snatched.

**THEO BROUGHTON:** Jones Days is going to receive \$1,100 on an hourly basis. Encourages Council to vote no. There's no money when employment issues should be addressed. Appointees are receiving funds. No objection to person purchasing property on a land contract at 8222 Joy Rd.

**SHEILA FINNEY (Family Ties):** Concerned about issues regarding 8222 Joy Rd. They want to provide quality assistance to an 18 bed facility for have mental health problems. These people need some place to live. The City has had cuts in the mental health budget.

**MR. CUNNINGHAM:** Encourages people to lower their property taxes, some by half. Ecorse Housing Commission, Sect. 8, will open soon. Bids will be open. Voting rights have been suppressed; however, change is necessary.

**DIANE BORKOWSKI:** The Jones Day contract will hire all white people at a rate up to \$1,050/hr. to do work outside of the \$3.5 million allocated for non-structuring work through privatizations, new labor contracts and any transactions necessary to negotiate financial restructuring.

**CECILY McCLELEN:** Mr. Orr and Jones Day are a mocking to democracy, conflict of interest and criminals. They want to make sure the City's debtors are paid in full and banks and bond holders get all of their money. Detroit illustrates a social crime which will be used as a model through the United States.

**MR. HOWARD:** It's wrong to have an Emergency Manager forced down Detroit's throat even though citizens voted against it. He wondered if President's Obama could offer assistance in the City's battle. If Administration was contacted, what was their response?

**TOM STIDHAM:** The towers have not had a raise in over 16 years. They Towing Rate Commission increased their rates as well as monetizing the process. This process is in the best interests of citizens.

**FEDRA GABRIEL:** Her organization occupies 8222 Joy Rd. They have been in the Detroit area community for over 25 years. They've taken care of their residents. There will be no parking issues. They will be the only facility in the area. They've brought business to the area.

Council Member Cockrel, Jr. entered and took his seat.

Honorable City Council:

Re: Amendment of Sales Resolution. Wholesale Distribution Center Rehabilitation Project No. 3. Development: Parcel 528; bounded by Dequindre, Hale, St. Aubin and Mack.

On July 31, 2012, your Honorable Body authorized the sale of the above-captioned property to Pellerito Foods, Inc., a Michigan Corporation for the amount of \$90,500.

Pellerito Foods proposes to use this property to expand the footprint of their existing produce operation in the Wholesale Distribution Center Rehabilitation Project No. 3 (Eastern Market). The expansion would consist of

the construction of additional storage space, shipping facilities, a loading dock and a paved surface parking lot for the storage of licensed operable vehicles. This property contains approximately 91,830 square feet and is zoned M-3 (General Industrial District). Pellerito Foods has been a Detroit based company for over 83 years, and employs fifty (50) people. Ninety percent (90%) of their workforce are Detroit residents.

Pellerito proposes two (2) expansions over the next three (3) years, adding 64,700 square feet of building space, up to two hundred (200) new jobs (mostly Detroit residents), and an investment of \$13,000,000 into Detroit's Eastern Market.

A Phase II Environmental Site Assessment (ESA) of the site was conducted and indicated that remediation of the site is necessary. The cost of the remediation is estimated to be in excess of \$60,000. Accordingly, Pellerito Foods has requested a reduction in the sales price. The approximate cost of the remediation has been reviewed and confirmed by the Buildings, Safety Engineering and Environmental Department (BSEED).

We, therefore, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the sales price from \$90,500 to \$68,000.

Respectfully submitted,

On January 15, 2013, your Honorable Body authorized the conveyance of the above-captioned property to Gospel Church of Detroit, a Michigan Ecclesiastical Corporation, for the purpose of expanding their adjacent parking lot.

**City of Detroit  
Towing Rate Commission**

September 21, 2012

Honorable City Council:

Re: Police Authorized Towing Rates.

Per Ordinance 55-15-2, the Towing Rate Commission is charged with the duty of reviewing rates and submitting a recommendation to the City Council.

The Commission has met several times and reviewed: the current towing and storage rates; current towing rates authorized by other municipalities; economic factors affecting the police authorized towers since 1996 when the rates were last adjusted; other factors affecting both the towing industry and the City of Detroit.

The Commission recommends an adjustment to the police authorized towing rates as described in the accompanying resolution.

This proposed resolution is being submitted under the authority of Ordinance 55-15-5 and Ordinance 14-85 which gives the City Council the authority to establish maximum and standard rates for police authorized tows.

Respectfully submitted,  
MARK W. LOCKRIDGE, CPA,  
CIA, CGAP  
Deputy Auditor General  
Chairman, Towing Rate Commission

By Council Member Brown:

Whereas, The Towing Rate Commission recently voted to recommend that the following tow rates take immediate effect as follows:

For private towing services engaged by the Detroit Police Department:

a) To private or city storage pursuant to 55-15-1 (3) (4), a flat rate of \$125.00 for the towing of any vehicle less than 10,000, gross vehicle weight, shall be charged to and paid by the owner of the vehicle towed. This rate shall apply regardless of the time and the equipment used during such tows. An additional truck fee of \$75.00 may be charged when the use of a second truck is deemed necessary by the Police Department. The second truck fee shall be charged to and paid by the owner of the vehicle towed. An additional storage fee of \$15.00 may be charged for each day of storage after the first twenty-four (24) hours.

b) To private or city storage pursuant to 55-15-1 (3) (4), a flat rate of \$175.00 for the towing of any vehicle 10,000 pounds or more, gross vehicle weight, but less than 60,000 pounds, gross vehicle weight, may be charged to and paid by the owner of the vehicle towed. This rate shall apply regardless of the time and equipment used during such tows. A storage fee of \$20.00 may be charged for each day of storage.

c) To private or city storage pursuant to 55-15-1 (3) (4), for any vehicle 60,000 pounds gross vehicle weight or more, a flat rate of \$300.00 may be charged to and paid by the owner of the vehicle towed. This rate shall apply regardless of the time and equipment used during such tows. An additional truck fee of \$150.00 per hour or any part thereof, with a maximum of six (6) hours, may be charged when the need for a second truck is deemed necessary by the Detroit Police Department. The second truck fee shall be charged to and paid by the owner of the vehicle towed. A storage fee of \$25.00 may be charged for each day of storage.

d) A fee of \$100.00 for each boat, trailer, recreational vehicle, or any miscellaneous item shall be charged to and paid by the Detroit Police Department.

e) A fee of \$50.00 for each basketball hoop shall be charged to and paid by the Detroit Police Department, providing that multiple basketball hoops removed from one city block, at approximately the same time, by the same truck shall be paid the single rate of \$50.00 for the removal of the entire load.

f) An administrative fee of \$50.00 shall be charged to and paid by the owner of each redeemed vehicle, boat, trailer, recreational vehicle, basketball hoop or any miscellaneous item. An administrative fee of \$50.00 shall be added to the opening bid amount for each unclaimed vehi-

cle, boat, trailer, recreational vehicle, basketball hoop or any miscellaneous item offered for sale at public auction. The administrative fee shall be collected by the authorized tower at the time of redemption/auction and remitted to the City of Detroit.

Under circumstances where the Detroit Police Department compensates a police authorized tower for the tow of any vehicle, boat trailer, recreational vehicle, basketball hoop or any miscellaneous item, such payment shall not relieve the owner of his/her responsibility for payment and the owner shall reimburse the city for the amount of such payment (55-15-8 (e)) except as such payment as exempted under section 55-14-9.

Whereas, The change in the towing rate is necessary due to the increase in operating costs.

Whereas, Ordinance 55-15-5 and Ordinance 14-85 gives the City Council the authority to establish maximum and standard rates for police authorized tows, Now therefore be it

Resolved, That the above tow rates take effect in accordance with Ordinance 55-15-5.

The Parking Meter Collections Assistant (AFSCME) unlocks, collects and relocks the revenue canisters. The Senior Parking Meter Collections Assistant (formerly Teamster) drives the vehicle to various meter locations, based on previous union contracts the drivers

cannot collect and the collectors cannot drive. This has resulted in decreased revenues when one of the team members did not come to work. The consolidation of these titles will provide more flexibility to allow personnel to perform both driving and collection functions.

The City and the Union has agreed that after affected employees holding the classification of Parking Meter Collections Assistant have been status changed into the new classification of Parking Meter Revenue Collector, they shall receive a 10% wage increase, effective April 1, 2013.

The Union agrees that it shall not initiate or appeal to arbitration any grievance as a result of this MOU.

**PLANNING AND ECONOMIC  
DEVELOPMENT STANDING  
COMMITTEE  
City Planning Commission**

April 2, 2013

Honorable City Council:

Re: Proposed Zoning Ordinance text amendment to allow mobile food unit pods, temporary mobile food units, and hot dog pushcarts on zoned land (Recommend Approval).

The proposed text amendment to the Detroit Zoning Ordinance would make the following three primary changes:

- 1) To allow "mobile food unit pods" as a permanent conditional land use on private property;
- 2) To allow "mobile food units" as a temporary use at an approved site on private property for no more than 21 days per calendar year; and
- 3) To allow "hot dog pushcarts" as a temporary use on private property.

**BACKGROUND**

Presently, the City has no regulations, other than City-approved special events and vending at parks, for where food trucks may locate on public or private property. However, in the past year, the Buildings, Safety Engineering and Environmental Department (BSEED) has issued temporary permits for up to 6 months to allow food trucks to locate on select private parcels.

BSEED, the Department of Health and Wellness Promotion (DHWP), food truck operators, and others have asked for reg-

ulations to be drafted stipulating when, where, and how food trucks may legally operate. Over the past several years, large and small cities across the country have had an increase in the number of businesses preparing, cooking, and serving fresh foods from trucks or trailers. Cities, such as Portland, Austin, and Los Angeles, have developed an active food truck culture.

In drafting the proposed amendments, the City Planning Commission (CPC) has consulted with BSEED, the Business License Center, DHWP, the Department of Public Works (DPW), the Detroit Economic Growth Corporation (DEGC), the Downtown Detroit Partnership, and operators of food trucks and restaurants.

Nationally, there has been a debate between those in support of and those in opposition to food trucks. The following summarizes some of the arguments:

**Opposition**

- Hurts existing stand-alone restaurants/unfair competition, because of low overhead costs
- Job elimination resulting from business loss or closure of restaurants
- Causes increased litter
- Poor appearance of exterior could be drawback
- Not enough foot traffic to support

**Support**

- Legalizes a requested land use
- Allows for entrepreneurial opportunity
- Provides stepping stone to owning a storefront business
- Creates jobs
- Increases the number of food choices
- Offers fresh food to neighborhoods other than fast-food offerings
- May not compete with standard restaurant, because it is a different dining experience (there is no table, no waiter, no alcohol, no roof, limited menu, no restroom for patrons, impacted by weather, etc.)
- Adds to street vitality/excitement
- Draws larger customer base to area
- Could fill in gaps where no restaurants or other uses are present
- Does have some overhead — trucks range from \$20,000 to \$100,000, must obtain business license, must meet food safety standards, etc.

The CPC thinks that food trucks should be allowed on private property with conditions in order to help protect the established restaurants.

**PROPOSED ORDINANCE AMENDMENT**

As noted earlier, the proposed amendment regulates mobile food unit pods, temporary mobile food units, and temporary hot dog pushcarts.

**Mobile Food Unit Pods**

The CPC is recommending mobile food unit pods as a conditional land use, in general, in commercial and industrial

areas. These uses would be more permanent in nature — the land use rights run with the land. The term “pod” means a location where one or more food trucks operate on vacant land or developed land.

Depending on how the food trucks are classified by the State of Michigan, some trucks could remain on the site continually, but others would have to return to a commissary once every 24 hours. However, the CPC is recommending that the units be operable vehicles, able to be moved, i.e. the wheels cannot be removed.

The pods could be established both inside and outside the Central Business District (CBD); however, inside the CBD, pods would have to be 100 feet or more feet from restaurants, and outside the CBD, pods would have to be 200 or more from restaurants. However, this restriction could be waived by BSEED.

By Council Member Jenkins:

**AN ORDINANCE to amend Chapter 61 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, by adding Sections 61-12-175, 61-12-444, and 61-12-445, by amending Sections 61-3-113, 61-9-42, 61-9-62, 61-9-82, 61-9-102, 61-9-122, 61-10-22, 61-10-42, 61-10-62, 61-10-82, 61-11-92, 61-11-192, 61-11-228, 61-12-43, 61-12-219, 61-16-102, and 61-16-133, and by amending Appendix A, to allow mobile food unit pods on zoned land as a conditional land use in select zoning districts; to provide criteria by which mobile food unit pods are permitted, including but not limited to: requiring setbacks from existing restaurants within and without the Central Business District, single-family and two-family dwellings, and schools; regulating the site location, number, accessory features, signage, and hours of operation of such uses; disposing of litter; requiring access to toilet facilities; restricting the number of licenses issued; and requiring the display of licenses and permits; to allow a temporary mobile food unit on zoned land as a temporary use for no more than 21 days in select zoning districts, to provide criteria by which temporary mobile food units are permitted including, but not limited to: requiring setbacks from existing restaurants within and without the Central Business District, single-family and two-family dwellings, and schools; requiring permission from the property owner; regulating the site location, number, signage, and hours of operation and such uses; disposing of litter; prohibiting certain accessory features; requiring access to toilet facilities; and requiring the display of licenses and permits; to allow temporary hot dog pushcarts on zoned land as a tempo-**

rary use in select zoning districts, except in the Central Business District and Cultural Center, to provide criteria by which hot dog push-carts are permitted including, but not limited to: requiring setbacks from restaurants selling the same item, single-family and two-family dwellings, and schools; regulating the site location, number, and hours of operation of such uses; regulating the use of coolers and umbrellas, and the disposal of litter; and requiring the display of licenses and permits; and to add definitions for certain words and phrases.

**Planning & Development Department**

April 5, 2013

Honorable City Council:

Re: Planning & Development Department (P&DD) Reprogramming of

Unspent Community Development Block Grant (CDBG) Funds Awarded 1997 through 2011.

In January of 2012 your Honorable Body approved closing of approximately \$57 million worth of CDBG funding commitments. Also in April of 2012, your Honorable Body approved the closing of approximately \$12.7 million of unspent CDBG funds. The Planning and Development staff has continued to analyze our CDBG accounts as part of our program restructuring effort. This continued scrutiny has allowed us to identify areas where some activities have stalled, contracts were closed and as a result, balances were left in these accounts.

This request for reprogramming is a key portion of our strategy to comply with CDBG program progress standards as measured at the end of April each year. Approving the attached schedule will allow us to draw approximately \$2.3 million from our accounts with HUD in time to bring us closer into compliance with program progress standards.

Based on this analysis, it is recommended that \$2,313,562.68 in CDBG funds be reprogrammed in accordance with the attached schedule titled "Proposed Change to the CDBG Consolidated Plan — April 2013."

Therefore, it is respectfully requested that your Honorable Body approve the attached resolution, which represents our continued efforts in restructuring of the Community Development Block Grant program. We respectfully request the authorization of this change and to amend the HUD Consolidated Plan for the stated purposes by approval of the attached resolution.

Respectfully submitted,  
ROBERT ANDERSON  
Director

By Council Member Jenkins:

Whereas, As part of the ongoing responsibilities for the administration of the City of Detroit Community Development Block Grant program, the Planning and Development Department is establishing new policies and procedures for implementing and monitoring program activities; and

Whereas, The Planning and Development Department has performed an evaluation of outstanding CDBG funding line items and determined that a strategic reallocation of funding is in order; and

Resolved, That the Finance Director be and is hereby authorized to make changes to the appropriations (see attached) affected by this resolution to adjust the City's CDBG balance with HUD's cash balance based on the aforementioned recommendation; and

Resolved, That the Finance Director be and is hereby authorized to accept and

process all documents reflecting these changes.

Now, Therefore Be It

Resolved, That the Detroit City Council hereby approves amending the HUD Consolidated Plan to reflect the reprogramming of Community Development Block Grant funds in the recommended amount of \$2,313,562.68 as depicted in the attached spreadsheet titled "PROPOSED CHANGE TO THE CDBG CONSOLIDATED PLAN April 2013 reprogramming."

Be It Finally

Resolved, That the Mayor of the City of Detroit, Dave Bing, is hereby authorized to amend the HUD Consolidated Plan, including all understandings and assurances contained therein to the U.S. Department of Housing & Urban Development (HUD) in accordance with the foregoing communication.

Adopted as follows:

Yeas — Council Members Brown, Jenkins, Jones, Spivey, Tate, and President Pugh — 6.

Honorable City Council:

Re: Petition No. 2721 — Rub BBQ Pub for Outdoor Café Permit at 18 W. Adams.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on city right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any

objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three (3) years, from the date of your Honorable Body's approval.

Respectfully submitted,

Honorable City Council:  
Re: Request for Public Hearing. Wholesale Distribution Center Rehabilitation Project No. 3. Development: The South Phase of Parcel 4; generally bounded by the Chrysler Freeway

(I-75), Rivard, Vacated Watson & North of Vacated Erskine.

The Planning and Development Department is in receipt of an offer from Wolverine Packing Company, a Michigan Corporation, to purchase the above-captioned property for the amount of \$239,000 and to develop such property. This property contains approximately 119,700 square feet or 2.7 acres and is zoned B-6 (General Services District).

Wolverine Packing Company was established in 1937, and is currently the largest wholesale distributor in the Eastern Market. Over the past twenty (20) years, Wolverine has expanded five (5) times, adding a total of 184,000 square feet to its operations. During that time, Wolverine has invested over \$50 million into Eastern Market and increased its employee base from 100 to 400.

Wolverine proposes to fence Parcel 4, maintain it and utilize it for future use, as overflow parking for their semi-trailers tractors and other delivery vehicles.

The City of Detroit Master Plan of Policies currently designates the future land use in the area as IDP (Distribution/Port Industrial). In addition, the proposed use does conform to the Modified Development Plan for the Wholesale Distribution Center Rehabilitation Project No. 3 (Eastern Market), which designates Wholesale/Retail mixed use, Food Distribution & Processing as the permitted land use for the subject site.

The proposal was presented to the Wholesale Distribution Center Rehabilitation Project No. 3 (Eastern Market) Citizen's District Council on March 20, 2013 and received the support of that Body. The Planning and Development Department (P&DD) has evaluated the proposal from Wolverine Packing Company and now wishes to move forward with the conveyance of the subject property.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of, and the holding of a public hearing concerning this offer on or after May 9, 2013.

Respectfully submitted,

Re: Petition No. 2132 — Waleed Brikho requesting conversion of alley to easement of abutting property one block south of 8 Mile between Hickory and Pelkey Street.

Petition No. 2132 of "Waleed Brikho" at 13430 East Mile Road, request for the conversion of the East-West and North-South public alleys, 20 and 18 feet wide, in the block bounded by East Eight Mile Road, 204 feet wide, Collingham Drive, 60 feet wide, Hickory Avenue, 60 feet wide, and Pelkey Avenue, 60 feet wide into a private easement for utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of this resolution.

 Re: Petition #2288 (Revised) — Status of

 (Cobo Center) to Approve the modifi-  
 cation of the previously approved  
 plans and installation of additional  
 “media mesh” animated business  
 signs at the northeastern corner of

The Department of Public Works —

 reviewed the modified request of the  
 DRFC to install two separate media mesh  
 signs at Cobo Center and we have no  
 objection to the above referenced petition  
 provided that all necessary permits and/or  
 approvals have been secured.

The added sign on the northern corner  
 of the Cobo Center will face oncoming  
 traffic from both Washington Blvd. and

 confident that traffic controls that are  
 presently in place will result in the instal-

 unsafe distraction to the driving public.

The sign at the original location, which  
 has been reduced by more than 20% of

**Fire Department**

January 31, 2013

Honorable City Council:  
 Re: Request to accept an Appropriate FY  
 2012 Assistance to Firefighters  
 Grant from FEMA and the Depart-  
 ment of Homeland Security.

The Federal Emergency Management Agency (FEMA) and the Department of Homeland Security (DHS) has awarded the City of Detroit Fire Department FY 2012 Assistance to Firefighters Grant Program for a total of \$827,059. The Federal share is 80 percent of \$661,647.00 of the approved amount and a cash match of 20 percent or \$165,412.00. The grant period is December 19, 2012 through December 18, 2013.

The objective of the grant is to protect the health and safety of the public and firefighting personnel against fire and fire related hazards. The funding allotted to the department will be utilized to pay overtime and backfill for our officers to take Officer I-IV Training, that will better prepare our officers to make critical decisions and provide an understanding of roles, rules, and responsibilities on the fire ground and other emergencies. The funding will also be utilized to purchase a HazMat Level A suit, that will enhance the ability for our Hazmat Team to effectively mitigate hazardous material emergencies. The Federal Emergency Management Agency will have the primary responsibility for oversight, and distribution of grant funds. This is not a reimbursement grant.

If approval is granted to accept and appropriate this funding, Charleta McInnis, 2nd Deputy Commissioner will oversee the grant. The cost center is 240703 and appropriation number is 13625.

I respectfully ask your approval to accept and appropriate funding in accordance with the attached resolution. Should you have any additional questions feel free to contact my office at 596-2901.

**QUILL PETTWAY**

By COUNCIL MEMBER WATSON:

WHEREAS, Quill Pettway regards LeBron Simmons as his mentor. Growing up in Detroit in the 1930's, Quill got a political education at Reverend Peck's church where regular forums took place. Quill was counseled by Simmons that lifelong struggle for the betterment of all people was the way to a meaningful life. Quill has stuck to that lesson his entire life; and

WHEREAS, Quill Pettway worked for the WPA in a writer's project. In 1940 he got into Ford's, meeting Coleman Young and Dave Moore, and became one of the organizers of the UAW 600. He got into the skill trades; and

WHEREAS, Quill Pettway was a founding member of the National Negro Labor Council (NNLC) in 1950, which had a goal of working through unions to advance the cause of all Black people and all workers. But the plague of McCarthyism was overwhelming. HUAC hearings targeted Coleman Young, LeBron Simmons, and Reverend Charles Hill. The NNLC had its last convention in 1953 and destroyed its papers in 1956. Quill's union, United Public Workers (UPW) was expelled from the CIO along with ten other unions, for being "Communist dominated"; and

WHEREAS, Quill Pettway continued his education with three college degrees, and a dissertation short of a doctorate. He helped organize vocational and technical programs at Wayne County Community College and was a Dean of the vocational school. Quill taught in Kenya from 1993-1995, and was the inspiration of the teachers there to strike a year after he left; and

WHEREAS, Quill teaches today. To keep in shape, he lifts weights in the winter, though "he can't gain a pound". In summers, he likes to run 4-1/2 miles every other day. Quill has 3 sons, 3 daughters, and several grandchildren; THEREFORE BE IT

**Planning & Development Department  
March 20, 2013**

Honorable City Council:

Re: Revised Resolution Surplus Property Sale 4603 Fourth Street — Former "Stone Pool".

We are in receipt of an offer from Liberty Stone, LLC, a Michigan Limited Liability Company, to purchase the above captioned property for the amount of \$355,000 (Three Hundred Fifty Five Thousand and 00/100 Dollars), and to develop such property. The property contains 84,506 square feet and is zoned R-5.

The property was marketed to the general public by the General Services Department via an advertised Request for Proposals in October, 2012. After a thorough review and interview process, General Services in conjunction with Planning and Development Department (P&DD), selected Liberty Stone, LLC to redevelop the property. Liberty Stone, LLC also submitted the highest bid for the property, which was above the appraised value.

The Offereror proposes to redevelop the decommissioned park into a six (6) story apartment building containing 103 market rate apartments, and minor support retail tenant space of approx. 5,840 SF in the lobby, along with onsite parking for vehicles and appropriate landscaping and buffering.

A public meeting in University City was conducted on March 4, 2013 to present the proposal of Liberty Stone, LLC and gain feedback and comment from the local residents and business owners.

The Planning & Development Department has completed its evaluation of the proposal from Liberty Stone, LLC, and now wishes to move forward with the conveyance of the subject property. The disposal of this land by negotiation is an appropriate method for making the land available for development.

We, therefore, request that your Honorable Body adopt the sale with a Waiver of Reconsideration and authorize the Planning & Development Department's Director, or his authorized designee, to issue a quit claim deed to the property and such other documents as may be necessary to effectuate the sale.

Respectfully submitted,

ROBERT ANDERSON

Director

By Council Member Jenkins:

Resolved, That in accordance with the

Offer to Purchase and the foregoing communication, the Planning & Development Department's Director, or his authorized designee, be and is hereby authorized to issue a quit claim deed to 4603 Fourth Street — Former "Stone Pool", more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the sale, with Liberty Stone, LLC, a Michigan Limited Liability Company, for the amount of \$355,000.

### Budget Department Administration

April 24, 2013

Honorable City Council:

Re: Authorization to Amend the FY 2012-2013 Budget.

The Budget Department is requesting authorization to amend Fiscal Year 2012-2013 Budget to increase funding for several essential operating accounts. This Budget Amendment will cover shortfalls in several operating accounts of the General Services Department, provide two months of funding for a management contract for the new Public Safety Headquarters, cover shortfalls in rent payment for the Cadillac Tower building and restore funding to the office of the Ombudsperson as required by a 2012 court order. The Budget Department has identified surplus funds in appropriation 0362-350135 budgeted in FY 2013 for outstanding disputed distributions to the GM-TIFA. We have subsequently learned that this account was settled in a previous fiscal year. Consequently, these funds are no longer needed for their original purpose.

\*WAIVER OF RECONSIDERATION (No. 2), per motions before adjournment.

**CITY OF DETROIT**

**Resolution to Support Maintaining the Equitable Allocation of Section 5307 Federal Funding Between the Detroit Department of Transportation (DDOT) and the Southeastern Michigan Area Regional Transit (SMART) System Based on DDOT's Much Greater Ridership**

WHEREAS, The Southeast Michigan

Council of Governments (SEMCOG) has proposed to adopt a resolution at its Executive Committee meeting on April 26, 2013, to change the allocation of federally provided funding, divided between the Detroit Department of Transportation (DDOT) and the Southeastern Michigan Area Regional Transit System (SMART); and

WHEREAS, The current allocation of federal transit funding between DDOT (65%) and SMART (35%) was initially established in the 1970's and continued through the Articles of Incorporation of the Regional Transit Coordinating Council approved January 12, 1989, by Coleman Young, Mayor of Detroit, Mark Steenburgh, Chairman of Macomb County Board of Commissioners, Daniel Murphy, Oakland County Executive and Edward McNamara, Wayne County Executive; and

WHEREAS, The 65% / 35% split was based on a lengthy review of both systems and their ridership with extensive negotiations to determine the best allocation for all state and federal transportation operating assistance or formula capital grants or loans that are applied for; those same considerations continue to support allocating the great majority of such funding to DDOT, based on the system's much greater ridership, the size of its fleet and greater budget constraints from local funding sources; and

WHEREAS, SEMCOG is now proposing to change the allocation of the Federal 49 USC Section 5307 Urbanized Area formula Program from 65% / 35% split to a 47.5% to DDOT and 52.5% to SMART, resulting in a loss of \$7 Million (17% of capital funding) to the Detroit Department of Transportation; this would be unfair to the population served by DDOT; and

WHEREAS, SEMCOG has not provided any persuasive reason for changing the allocation; DDOT continues to provide transportation services to more than twice the number of passengers as SMART; DDOT needs the funds in question much more than SMART; and

WHEREAS, The City of Detroit has the highest population of the working poor, indigent and senior residents in the State of Michigan who depend on reliable and affordable public transportation to get to their places of employment, educational institutions, medical appointments and other transportation needs to meet the basic necessities of life; and

WHEREAS, DDOT provides service to both inner city and suburban residents throughout the day and evening, while SMART has certain routes that provide service into the City of Detroit during day-time hours and only provides outgoing transportation service during the later hours of the day and the evening, leaving customer who need transportation; into

the City of Detroit reliant only on DDOT; and

WHEREAS, DDOT has developed its annual budget based on the 65% / 35% split of federal and state funding that has been in place for 24 years, the proposed change in the allocation and potential loss of \$7 Million will adversely affect the Department's ability to provide transportation services; and

WHEREAS, The proposed decrease in the funding to DDOT will adversely affect the Preventative Maintenance Program, including the engine and transmission repairs to more than 30 buses as part of their mid-life maintenance cycle; it will likely result in the layoff of mechanics who provide regular maintenance of wheelchair lifts and other safety equipment; and

WHEREAS, Reduction in funding may result in less service to even the heavily used and major routes such as Woodward and Seven Mile, and reduce funding that is available to implement improvements mandated by the Department of Justice to meet requirements of the Americans with Disabilities Act; and

WHEREAS, The reduction in Section 5307 funding will require that DDOT seek additional support from the City's General Fund to fund operations at a time when the City's financial emergency has been well documented; the City of Detroit is much more dependent on the services provided via these federal transit funds than other communities served by SMART; and

WHEREAS, Altering the funding formula as now proposed by SEMCOG would cause serious and irreparable harm to the people of the City of Detroit, both immediately and in the future, as SEMCOG's allocation formula could well be relied on as precedent for funding by the new Regional Transportation Authority (RTA) in future years; and

WHEREAS, The recently authorized Regional Transportation Authority (RTA) was created to address the regional transit matters and will become the designated recipient for federal and state transit funds in October 2013; making this radical and inequitable change to the funding distribution for DDOT and SMART, before the RTA commences to administer such funds on a regional basis going forward, is an act of bad faith that inequitably favors SMART for no adequate policy reason. NOW THEREFORE BE IT

RESOLVED, The Detroit City Council respectfully requests that SEMCOG maintain the current, equitable funding split agreed to as part of the previous Regional Transit Coordinating Council since 1989 that allocates 65% to DDOT and 35% to SMART until the Regional Transportation Authority (RTA) has an opportunity to deliberate on this matter and make a determination based on

regional transit policy, needs and funding going forward under the direction of the RTA; and BE IT FINALLY

RESOLVED, That a copy of this Resolution be sent to Marisol Simon, Regional Administrator of the Federal Transit Administration, Governor Rick Snyder, Mayor Dave Bing, Paul Tait, Executive Director of SEMCOG, and the SEMCOG Executive Committee Board members.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Spivey, Tate, and President Pugh — 7.

Nays — None.

This rate shall apply regardless of the time and the equipment used during such tows. An additional truck fee of \$75.00 may be charged when the use of a second truck is deemed necessary by the Police Department. The second truck fee shall be charged to and paid by the owner of the vehicle towed. An additional storage fee of \$15.00 may be charged for each day of storage.

b) To private or city storage pursuant to 55-15-1(3)(4), a flat rate of \$175.00 for the towing of any vehicle 10,000 pounds or more, gross vehicle weight, but less than 60,000 pounds, gross vehicle weight, may be charged to and paid by the owner of the vehicle towed. This rate shall apply regardless of the time and the equipment used during such tows. A storage fee of \$20.00 may be charged for each day of storage.

c) To private or city storage pursuant to 55-15-1(3)(4), for any vehicle 60,000 pounds gross vehicle weight or more, a flat rate of \$300.00 may be charged to and paid by the owner of the vehicle towed. This rate shall apply regardless of the time and the equipment used during such tows. An additional truck fee of \$150.00 per hour or any part thereof, with a maximum of six (6) hours, may be charged when the need for a second truck is deemed necessary by the Detroit Police Department. The second truck fee shall be charged to and paid by the owner of the vehicle towed. A storage fee of \$25.00 may be charged for each day of storage.

d) A fee of \$100.00 for each boat, trailer, recreational vehicle, or any miscellaneous

item shall be charged to and paid by the Detroit Police Department.

An administrative fee of \$75.00 shall be added to the opening bid amount for each unclaimed vehicle, boat, trailer, recreational vehicle or any miscellaneous item offered for sale at public auction. The administrative fee shall be collected by the authorized tower at the time of redemption/auction and remitted to the City of Detroit.

Under circumstances where the Detroit Police Department compensates a police authorized tower for the tow of any vehicle, boat, trailer, recreational vehicle, or any miscellaneous item, such payment shall not relieve the owner of his/her responsibility for payment and the owner shall reimburse the city for the amount of such payment (55-15-8(e)) except as such payment is exempted under section 55-14-9.

f) For each tow to any private or city storage pursuant to the above rates, storage charges shall begin immediately upon the towing of each vehicle. Further, police authorized towers shall not be obligated to pay any administrative fee assessed on any vehicle towed to a city storage yard; rather, the administrative fee shall be charged to and paid by the owner of the vehicle towed.

WHEREAS, The change in the towing rate is necessary due to the increase in operating costs.

WHEREAS, Ordinance 55-15-5 and Ordinance 14-85 gives the City Council the authority to establish maximum and standard rates for police authorized tows. NOW THEREFORE BE IT

RESOLVED, That the above tow rates shall take immediate effect.

Honorable City Council:

Re: Kimberly Asaro vs. City of Detroit, et al. Wayne County Circuit Court Case No. 11-014250-CZ.

On November 17, 2011, Plaintiff filed a complaint with several allegations against the City of Detroit and four individuals (Fred Wheeler, Jack Wiley, Jerald James, John Sablowski). In her complaint, she alleged violations of the Americans with Disabilities Act, the Persons with Disabilities Civil Rights Act, Title VII, Elliott-Larsen Civil Rights Act; various counts of retaliation under each act; Assault and Battery (civil) and Intentional Infliction of Emotional Distress.

Having proceeded through the pre-trial proceedings (e.g., discovery, facilitation,

case evaluation, and motions), the parties have reached an agreement to settle this case (subject to Council's approval).

We have reviewed the above-captioned civil lawsuit, the facts and particulars of which are set forth in the memorandum submitted under separate cover. From this review, it is our considered opinion that the settlement of this matter in the amount of One Hundred Ninety Thousand Dollars (\$190,000.00) is in the best interest of the City of Detroit.

Re: Property for Sale Option to Purchase Agreement: 14460 East 7 Mile Road — AKA Kerschke Park.

We are in receipt of an offer from The United States Postal Services (USPS) to purchase the above captioned property for the amount of \$61,000 (Sixty One Thousand and 00/100 Dollars), and to develop such property as a parking lot. This property contains 24,532 square feet and is zoned B-4.

USPS came to Planning and Development (P&DD) and requested more land near their facility to expand the Park Grove facility at 14461 East 7 Mile Road and the Detroit Jefferson Station at 10721 East Jefferson. They need to secure additional parking to add additional employees at both facilities.

The Offeror proposes to redevelop the land into a parking lot. This land sale and the lease on property near the Detroit Jefferson Station will keep (40) current jobs in the City of Detroit. USPS plans on a total economic investment of nine hundred twenty-five thousand dollars (\$925,000) into these two stations in Detroit.

Your Honorable Body approved the declaration of surplus of Kerschke Park on March 5, 2013. We, therefore, request that your Honorable Body adopt the sale and authorize the Planning and Development Department's Director or his authorized designee, to execute an option to Purchase Agreement to The United States Postal Service, together with a Deed to the property and such other documents as may be needed to effect the sale.

Honorable City Council:

Re: Address: 18210 Weaver. Name: Shawn Reed. Date ordered removed: August 3, 2004 (J.C.C. page ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 22, 2013 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is rental property.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained in accordance with the vacant property ordinance (see attachments) and securely barricaded until rehabilitation is complete and occupied. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Address: 2381 Honorah. Name: Ulysses Hernandez. Date ordered removed: September 27, 2011 (J.C.C. page 2150).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 6, 2013 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained in accordance with the vacant property ordinance (see attachments) and securely barricaded until rehabilitation is complete and occupied. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Re: Petition No. 2032 — Faygo Beverages Incorporated, request for outright vacation of Moran Street between Alexandrine and Leland.

Petition No. 2032 of "Faygo Beverages Incorporated", request for the conversion of Moran Street, 50 feet wide, between Alexandrine Avenue, 50 feet wide, and Leland Street, 50 feet wide, into a private easement for the public and private utility companies. This closure will allow Faygo Beverages Incorporated to eliminate interference with day to day operation with vehicles, potential accidents, and open street access to the plant.

The request was approved by the Solid Waste Division DPW, and Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City Departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

Honorable City Council:  
 Re: Petition No. 2781 — 24grille for Outdoor Café Permit at 204 Michigan Avenue.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners

compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three (3) years, from the date of your Honorable Body's approval.

Honorable City Council:

Re: Petition No. 2701 — Detroit Bar for Outdoor Café Permit at 655 Beaubien.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three (3) years, from the date of your Honorable Body's approval.

Respectfully submitted,  
ROBERT ANDERSON  
Director

By Council Member Jenkins:

Resolved, That the Department of Public Works — City Engineering Division (DPW/CED) is hereby authorized and directed to issue a Use-permit to Detroit Bar, Detroit "permittee", whose address is at 655 Beaubien, Detroit, Michigan 48226, to install and maintain an outdoor café, which will convene every April 1st through November 30th, for a period of three (3) years from the date of your Honorable Body's approval, contingent upon licensee of such premises obtaining approval of the Michigan Liquor Control Commission, if necessary, and compliance with applicable City Ordinance in connection with outdoor café activities, prior to the issuance of said use permit; and

Provided, That the café meets the regulations set by the "Outdoor Café Guidelines" as adapted by the City Council and guided by Chapter 58, Section 50-2-8.1 of the City Code; and

Provided, That said activities are conducted under the rules and regulations of the Department of Transportation, Department of Public Works and the supervision of the Police Department; and

Provided, That the sale of food and soft drinks is held under the direction and inspection of the Detroit City Health Department; and

Provided, That filing of said indemnity agreement for this current year shall be construed as acceptance of this Resolution by the "permittee"; and

Provided, That the permit is revocable at the will, whim and caprice of the City Council; and hereby expressly waives any right to claim damages or compensation for removal of encroachment, and further, that "permittee" acquires no implied or other privileges hereunder not expressly stated herein; and

Provided, That the permit shall not be assigned or transferred without a written approval of the City Council; and

Provided, That the petitioner follow the mandated minimum six (6) foot wide pedestrian clearance on the sidewalk, free of all obstacles such as existing planters, parking meters, utility poles, transformer boxes, etc., to allow for pedestrian movement; and

Provided, That the designated outdoor seating area shall be properly identified through the use of railings in order to regulate and control the serving of liquor within the perimeter of the café; and

Provided, That if any tent or other enclosure is to be utilized on the subject site, the applicant shall secure prior approval from Buildings, Safety Engineering and Environmental Department and the Department of Public Works/City Engineering Division; and

Provided, That an administrative permit from the Department having jurisdiction over temporary encroachment on City right-of-ways must be secured on an annual basis; and

Provided, That all railing equipment and fixtures shall be removed from the public right-of-way during the months of non-operation and placed in storage; and

Provided, That a certified copy of this Resolution shall be recorded with the Office of the Register of Deeds for Wayne County at the "permittee's" expense.

Honorable City Council:

Re: Petition No. 2343 — Roni Gorgis, requesting alley closure behind property located at 12300 E. Eight Mile.

Petition No. 2343 of Roni Gorgis at 12300 East Eight Mile Road, Detroit, MI, request for permission to temporary close the east-west public alley, 20 feet wide, in the block bounded by East Eight Mile

If there is still a need for access from any of the abutting property owners to said alley requested for Temporary closure, access shall and must be maintained for those properties.

April 16, 2013

Honorable City Council:  
Re: Request for Public Hearing Brush Park Rehabilitation Project Development: 419, 429 Fisher Freeway & 2458 Brush.

The Planning & Development Department is in receipt of an offer from Mona Ross Gardner, to purchase the above-captioned property for the amount of \$29,000 and to develop such property. This property contains a 4,000 square foot vacant structure along with approximately 9,646 square feet of vacant land and is zoned PD-H (Planned Development) District — Historic).

The Offeror proposes to rehabilitate the existing structure into a senior activity center with a paved surface parking lot for the storage of licensed operable vehicles with appropriate landscaping. This use is permitted as a matter of right in a PD-H zone and is in compliance with guidelines of the Brush Park Development Plan. The Brush Park Citizen's District Council was informed of this proposal on September 23, 2012 and is in support.

The Planning & Development Department has evaluated the proposal from Mona Ross Gardner, and now wishes to move forward with the conveyance of the subject property.

The disposal of this land by negotiation is an appropriate method for making the land available for development.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of, and the holding of a public hearing concerning this offer on Thursday, the 27th day of June, 2013 at 10:50 a.m.

FOR  
MR. EARLIE B. NICHOLS  
Celebrating the Memory and the  
Legacy**

By COUNCIL MEMBER WATSON:

WHEREAS, Earlie B. Nichols was the youngest of six children born to the union

of Joe Nathan Nichols and Odessa Harris Nichols in Rutledge, Alabama. His parents and his siblings (Robert, Hosea, Jefferson, Earnest and Earsie V.) predeceased him. Earlie B. was always called "Son" or "Li'l Son", and he completed his schooling in the Alabama Public Schools. He confessed Christ at an early age, and became a lifelong member of Roxanna Baptist Church of Rutledge. Roxanna Baptist Church was designed, established and built by the Nichols clan with Robert, his eldest brother, serving as architect and mason responsible for building the physical structure of the church building. "Son" was also reared by his Paternal Great-Grandparents, Jack and Flora Huffman, and many recalled how he read the bible to "Grandma Flora as her eyes began to dim," and

WHEREAS, He served in the U.S. Army and was honorably discharged. Seeking greater economic opportunities, he moved from Rutledge, Alabama to Detroit, Michigan where his mother and two elder brothers, Hosea and Jefferson had re-located. As a young adult in Detroit, he sought to further his education, and enrolled in Adult Education Courses with the Detroit Public Schools. Earlie B. Nichols married Helen Mitchell of Rutledge, Alabama; and to this union, one son was born, Michael, and

WHEREAS, In subsequent years, Earlie B. lived in Detroit, worked in Detroit and was deeply involved in family events sponsored by his beloved Mother Odessa, and other family members. During his middle years, he decided to relocate to Rutledge, Alabama where he resided in the family homestead, and reunited with Roxanna Baptist Church where he attended and supported faithfully until his declining health forced him to return to Detroit, and

WHEREAS, "Son" was a gentle soul. He was quiet soft-spoken, and he had a warm, infectious smile. He was a hard-working man, who was known for his uncanny ability to save his money, and to make delicious home-made Peach wine. In later years, his nephew, Ricardo, became his guardian who provided wonderful support and caretaking. Ricardo joined his Uncle Son in a meeting with Representatives of the Sheffield Nursing Home Assisted Living facility to discuss Uncle Son's 'resistance' to taking all of his prescribed medicines on the day of his death. Like an attorney, Uncle Son was camly, but steadfastly trying to explain to everyone why' he did not require all of those pills; THEN, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby joins with the family, the

Re: Request for Public Hearing for Hardiman Holdings, LLC. Petition #2664; Application to Establish an Obsolete Property Rehabilitation District, in the area of 3071 W. Grand Blvd., Detroit, Michigan in accordance with Public Act 146 of 2000.

The Planning & Development Department and the Finance Department have reviewed the application of Hardiman Holdings, LLC., and find that it satisfies the criteria set forth by P.A. 146 of 2000 and would be consistent with development and economic goals of the Master Plan.

Prior to acting upon a resolution to recommend approval, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the eligible district, said notice to be made not less than 10 days or more than 30 days prior to your Honorable Body's adoption of said resolution.

We request that a Public Hearing be scheduled on the issue of approving the application to establish an Obsolete

Property Rehabilitation District. Attached for your consideration, please find a resolution establishing a date and time for the public hearing.

Respectfully submitted,  
MARJA M. WINTERS  
Deputy Director

April 22, 2013

Honorable City Council:

Re: Petition No. 2698 — Niki's Pizza for Outdoor Café Permit at 735 Beaubien.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on city right-of-ways has approved this request contingent upon the petitioners

compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three (3) years, from the date of your Honorable Body's approval.

Respectfully submitted,  
ROBERT ANDERSON  
Director

mittee" at any time when so directed by City Council, and that the public property so affected shall be restored to a condition satisfactory to the DPW/CED by said "permittee" at its expense; and

Provided, That the permit shall not be assigned or transferred without a written approval of the City Council; and

Provided, That if any tent or other enclosure is to be utilized on the subject site, the applicant shall secure prior approval from Buildings, Safety Engineering and Environmental Department and the Department of Public Works/City Engineering Division; and

Provided, That an administrative permit from the Department having jurisdiction over temporary encroachment on City right-of-ways must be secured on an annual basis; and
