Petition No. 2351 of "Nailah, LLC" request for the conversion of a portion of the east-west public alley, 20 feet wide, in

the block bounded by East Ferry Street, 80 feet wide, East Kirby Street, 80 feet wide, St. Antoine Avenue, 80 feet wide, and the Walter P. Chrysler Highway (I-75) into a private easement with conditions (maintaining a vehicular and pedestrian easements in the requested area). This request will facilitate the restoration development of several historic structures in the re-establishment of the Art Center neighborhood.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW (with conditions). The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The petitioner/property owner (Nailah LLC c/o Julio Bateau) and abutting property owners must maintain a clear and unobstructed pathway in the requested alley. This vehicular and pedestrian easement will be maintain until the abutting property owners present or future re-submit/petition City Council to remove the vehicular and pedestrian easement.

Nailah LLC has committed to the City of Detroit in writing that the company will re-pave said requested alley to city standards, specifications, and obtain the necessary right-of-way permits.

All City departments and privately-owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for the public utilities. Provisions protecting utility installations are part of this attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

**City Planning Commission**

July 29, 2013

Honorable City Council:

Re: Delegation of Special District Review of building permits during City Council's summer 2013 recess. (Recommend Approval).

It has come to the attention of the City Planning Commission (CPC) staff that there is a significant amount of work being done or anticipated to be done in the very near future on properties located within the Public Center (PC) and the Public Center Adjacent/Restricted Central Business (PCA) zoning districts. This includes the First National Building, for which some modifications are the subject of a separate review and resolution also presented for the July 30th Formal Session.

Per the zoning ordinance, the City Council approves, by resolution, any such permit application in the PCA or PC District subsequent to receipt of a report and recommendation from the City Planning Commission and the Planning and Development Department (P&DD). Given that your recess is slated to begin on July 31 and extend through September 3, 2013, staff recommends that City Council delegate the approval of building permits within the PC and PCA zoning districts to the Policy Division, CPC staff, after review and approval by the P&DD during your summer recess in order to facilitate the issuance of building permits in both of these zoning districts, when the requests are of a time sensitive nature.

Attached is a resolution to effectuate this delegation.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Senior City Planner  
GREGORY F. MOOTS  
Zoning Specialist

By Council Member Tate:

Whereas, The Detroit Zoning Ordinance requires that any permit application submitted to the Buildings, Safety Engineering and Environmental Department related to the exterior design, location, and appearance of work with the Public Center (PC) District and the Public Center Adjacent District/Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD); and

Whereas, Consistent with Sec. 61-3-182 of the Zoning Ordinance, the City Council approves, by resolution, any such permit application subsequent to receipt of a report and recommendation from the City Planning Commission; and

Whereas, The Detroit City Council will be on recess from July 31, 2013 through September 3, 2013; and

Whereas, There is significant work requiring permits that is being done and/or is anticipated to be done soon to the premises within the PCA zoning district; and

Whereas, It is the desire of Detroit City Council to facilitate the rehabilitation of buildings and not to unnecessarily delay the issuance of building permits.

Now, Therefore Be It

Resolved, That the Detroit City Council authorizes the policy Division staff to the City Planning Commission and the Planning and Development Department to review, approve, approve with conditions or deny any permit application, which is time sensitive, on land zoned PC and PCA, submitted prior to City Council's first formal session of September 2013 in consultation with other departments as appropriate.

**RESOLUTION STRONGLY URGING THE U.S. HOUSE OF REPRESENTATIVES COMMITTEE ON THE JUDICIARY TO HOLD HEARINGS ON THE INCREASING USE OF CHAPTER 9 RELIEF**

By COUNCIL MEMBER WATSON:

WHEREAS, Congressman John Conyers, Jr. (D-MI) has requested the Committee on the Judiciary to hold hearings on the increasing use of Chapter 9 bankruptcy relief by municipalities across the nation via letter dated July 19, 2013; and

WHEREAS, The Congressman's concerns include potential misuse of the bankruptcy process to abrogate obligations otherwise protected under law such as pension, health care and other legal responsibilities as well as the impact of such proceedings on stakeholders such as residents, workers, retirees and bondholders; and

WHEREAS, These hearings would be extremely important to numerous municipalities experiencing financial distress that need to realistically evaluate options in avoidance of filing under Chapter 9 and increase the public's awareness and understanding of the trend towards filing; and

WHEREAS, The hearings would also provide valuable information to the City of Detroit, which has a State-appointed Emergency Manager in place even though voters repealed a similar law in November, 2012 and the Emergency Manager has recently sought bankruptcy protection; and

WHEREAS, It is Council's belief that the ramifications of Chapter 9 can best be explored through Congressional hearings where affected governmental entities such as Jefferson County, AL; San Bernardino, CA; Central Falls, RI;

Stockton, CA are able to provide testimony on the benefits and burdens of such a proceeding; and

WHEREAS, The current fiscal situation in Detroit, coupled with the presence of an Emergency Manager has created a level of uncertainty that requires heightened transparency for residents and businesses in our community to better understand the process underway; and NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly supports Congressman Conyers, Jr. (D-MI) call to hold such hearings; and BE IT FURTHER

**City Planning Commission**

July 29, 2013

Honorable City Council:

Re: Exterior Changes to the First National Building, located at 660 Woodward Avenue (Recommend Approval).

The staff of the City Planning Commission (CPC) has received a request from Bedrock Real Estate Services to approve various exterior changes to the First National Building, located at 660 Woodward Avenue. These changes include:

- The installation of awnings above the first-floor windows without a canopy on Congress Street, Woodward Avenue And Cadillac Square
- The installation of a retail storefront façade treatment on Congress and Bates Streets.

The PCA (Public Center Adjacent/Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the location and design of proposed exterior alterations following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-96 of the Zoning Ordinance).

Today, in review of items that are to come before the City Planning Commission, CPC/HDAB staff and representatives of Rock Ventures and Bed

Rock Real Estate Services discovered alterations to the First National Bank Building, which is located in the PCA district, requiring Council action. CPC and P&DD staffs were able to review the proposed modifications and submit this report and recommendation. In addition, staff understands that the Historic District Commission (HDC) and the National Park Service (NPS) have approved the proposed changes.

**PROPOSED MODIFICATIONS**

Awnings, projecting four (4) feet from the building with frames covered in orange fabric are proposed to be installed above the existing and proposed first-floor windows and storefronts on the Congress Street, Woodward Avenue and Cadillac Square elevations. These would be installed where there are no existing canopies. It is anticipated that changes to the canopies will be reviewed separately. The eastern portion of the Cadillac Square elevation is anticipated to be occupied by Papa Joe’s Market, and again those elevations will be reviewed at a later date once finalized by the petitioner.

Also proposed is the creation of a storefront treatment along Congress and a small portion of Bates Street to allow a hair and beauty salon and a future tenant to occupy the space east of the existing entrance adjacent to Atlas Global Bistro. This treatment would replace the existing windows granite façade with larger windows and an additional door. The existing granite under the windows would be cut down and reinstalled below the larger expanse of glass and metal. The submitted drawings for both changes are attached.

**REVIEW**

In accordance with the Special District Review provision of Sec. 61-3-185 of the Detroit Zoning ordinance and the PCA provisions of Section 61-11-97, reviews of proposed changes are to be addressed as follows:

“Preservation/restoration of buildings having architectural or historic value should be considered a primary objective” and “Urban design elements of form and character should be carefully considered; such elements include, but are not limited to: richness/interest of public areas through the provision of storefronts, window displays, landscaping and artwork; color, texture and quality of structural materials . . .”

After review and discussion with P&DD staff, the proposed changes appear to meet the requirements of the Zoning Ordinance. The addition of retail storefronts adds interest to the building, the addition of awnings actually replaces awnings that were there many years ago, and the agencies having jurisdiction over the historic reviews have reviewed and approved the changes.

**RECOMMENDATION**

CPC staff has completed its review of the proposed alterations, as has the Planning and Development Department staff. We find that the exterior changes would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed changes. Please find attached the appropriate resolution to effectuate your approval.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Senior City Planner  
GREGORY F. MOOTS  
Staff

By Council Member Tate:

Whereas, Bedrock Real Estate Services has requested to modify the exterior of the First National Building located at 660 Woodward Avenue by installing awnings above the first-floor windows without a canopy on Congress Street, Woodward Avenue and Cadillac Square and installing a retail storefront façade treatment on Congress and a portion of Bates Streets; and

Whereas, The building is subject to provisions of Sec. 61-3-185 (Special District Review) and Sec. 61-11-96, the PCA

(Public Center Adjacent) zoning district classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that exterior changes within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed changes are in keeping with the spirit, purpose and intent of the PCA zoning district; and

Whereas, The proposed changes have been reviewed and approved by the Historic District Commission and the National Park Service for historical appropriateness;

Now, therefore, Be It

Resolved, That the Detroit City Council approves the location and design of the proposed exterior changes for the First Nation Building, located at 660 Woodward Avenue, described in the foregoing communication from the City Planning Commission staff and depicted in the drawing prepared by Rossetti and dated July 29 2013.

Honorable City Council:

Re: Establishment of the Power of Green Housing NEZ.

Attached for your consideration please find a resolution and legal description which will establish the Power of Green Housing Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act"). Your Honorable Body conducted a public hearing on this matter on June 13, 2013 as required by the Act.

No impediments to the establishment of the NEZ were presented at the public hearing. The Act requires that at least 60 days must pass from the date of the notice of the public hearing (June 5, 2013) to the date of your formal approval of a resolution establishing the NEZ. We request your Honorable Body's approval of the resolution at your first Committee of the Whole Formal session after August 4, 2013.

Respectfully submitted,  
MARJA M. WINTERS  
Deputy Director

By Council Member Tate:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zones Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Power of Green Housing NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance

requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Islandview II NEZ was conducted before the Detroit City Council on June 13, 2013, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Islandview II NEZ where cited;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Power of Green Housing NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Adopted as follows:

Provided, That the Detroit Water and Sewerage Department retains the right to install suitable permanent main location guide post over its water mains at reasonable intervals and at points deflection; and be it further

Provided, That said owners of the adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including porches, patios, balconies, etc., shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written approval and agreement with the Detroit Water and Sewerage Department; and be it further

Provided, That if at any time in the future, the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incident to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incident to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

First, said owners hereby grant to and for the use of the public easement or right-of-way over said vacated public alley herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated alley

herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls, shall be built or placed upon said easement, nor change of surface grade made, without prior approval of the City Engineering Division — DPW,

Fourth, That if the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration

but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and further

Provided, That if it becomes necessary to remove the paved alley return at the entrances (into John R Street), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

### MEMBER REPORTS

#### Council Member Cockrel, Jr.

- Spoke relative to memos that he put out during the month of August relative to vacancies on a couple of boards that Council needs to fill: Zoning Board of Appeals and the Board of Ethics. He reminded the Council to submit names for consideration. Mr. Cockrel thinks it will be necessary to have the memos re-circulated so they can move towards filling those vacancies.

- Announced that the Michigan Municipal League is going to be having its annual conference on September 17-20 here in the City of Detroit. He thinks it's important that there be a strong showing from the City of Detroit and from its elected officials.

**Council President Jenkins reported that she will be bringing greetings at the conference.**

#### Council President Jenkins

- Expressed thanks to the Fire Department, Engine 40 and the Engine 40 Foundation for having a back pack giveaway this past Saturday. They gave over 1,000 back packs. This is done every year. Ms. Jenkins sated that they do extra work to make sure our kids have the supplies they need when they go back to school, so she would like to thank them for their hard work.

- Rules pertaining to the new charter. There are a lot of rules that will have to be addressed in the upcoming year or before January gets here. There is a Rules Committee in which there needs to be a third member on the committee. She recommends that Mr. Cockrel serve as the third member because he was previously on a part of the body that was in districts, and he can help with coming up with

some rules as it related to how offices are appointed, how the first meeting will be handled (because the president will be elected in the first meeting). Council President Jenkins mentioned that she will submit a resolution recommending the addition of Mr. Cockrel.

- Spoke relative to the Clerk's resolution to change the year of the election. President Jenkins is recommending that a Committee of the Whole be held to discuss that resolution.

#### Council Member Jones

- Spoke relative to concerns of contract submitted by the Emergency Manager regarding the director of the Public Lighting Department. She would like to know is there a director of the Public Lighting Department, and if so, who is the director.

Mr. Adam Hollier reported that, at this time, there is no director of the Public Lighting Department.

Council Member Jones then asked how is there a contract of 100% city funding to provide administrative and financial consulting to the director when, in fact, there is no director.

Mr. Whitaker responded to that; there is an obvious problem, and it would be a question most appropriate for the administration.

Council President Jenkins asked Mr. Hollier if there is an acting director of the department, and he responded that there is no acting director of the Public Lighting Department.

Council President Jenkins then asked where and who are the employees reporting to, and Mr. Hollier responded that he could not answer the question.

Council Member Jones reported that the HR director was relieved of his duties, and there has been another HR director appointed. She thought that was something that was supposed to be confirmed by Council, per the charter. She asked if Mr. Whitaker could respond to that, and responded that charter now requires Council's approval of the HR director (pursuant to charter).

Council Member Jones says she thought Council was getting the information that the Emergency Manager was approving for the sake of transparency, but it doesn't seem like too much transparency other than the newspaper.

Ms. Jones stated that she was aware of a contract, during the recess, that was issued to another group for DDOT, because she was invited at the last minute to come to a meet and greet. She reported that she doesn't know who the company is — she hasn't seen the contract. She asked Mr. Whitaker does he know who the company is that will be providing services to DDOT and has there been a copy of that contract received. Mr.

Whitaker stated that Mr. Teeter said no. Mr. Teeter is the one that has access to contracts through the Purchasing Department.

Member Jones stated that she will put her concerns in writing, but she emphasized the importance of transparency when tax payer dollars are still being spent. She said that the purpose of the communication from the clerk for the contracts was supposed to be for that purpose, but we are not receiving anything that is going through. She further stated that she received a copy of a contract that was marked privileged and confidential that went to the emergency manager. She says she doesn't understand how a contract can be privileged and confidential, if in fact, there are tax payer dollars that are being spent.

Mr. Whitaker stated that it is hard for him to imagine a privileged and confidential contract, if a contract is being let and public dollars are being used.

- Spoke relative to the community benefits agreement. Mr. Smith responded that they are currently working on that.

**Council Member Tate**

• Spoke relative to the existence of the Entertainment Commission. Mr. Tate believes that if there is not going to be any continued participation from the commission, then it would make sense to disband it. Asked if Council Members could please encourage the appointed commissioners to attend the meetings; otherwise, it makes no sense to have a commission that really has been able to produce.

Council Member Cockrel says that he would like to have a chance to speak with the person that he referred to the commission and get his take on it.

Council Member Tate inquired about Council Members who have separated themselves from this Body and have appointees on boards; if the appointments are still applicable even though the members are no longer a part of this Body. Mr. Lewis Smith responded that the appointments are still valid until the end of the term, and until another person is appointed to replace them. Mr. Tate indicated that there is nothing in the charter that speaks to this, and Mr. Smith indicated that he will check on where they are in the process of obtaining this information.

**Council President Pro Tem Spivey**

• Announced that on Wednesday, September 4, 2013 from 5-8 at Chene Park, the Robert Shumak Foundation is having the World's Largest After School Block Party. School supplies will be given away to over 1500 children, there will be food, game giveaways and a sneak preview of the Universe Soul Circus that is coming to Detroit very soon.

**Council Member Watson**

• Submitted a request in writing to receive information from Police Chief James Craig, Detroit Police Department, with respect to allegations concerning illegal narcotics trafficking.

• Submitted request for information to DPW and BSEED concerning complaints of property at 12829 Linwood that is violating the blight ordinance.

• Submitted request for information relative to CDBG and ESG outstanding Invoices for YWCA-interim House.

• Stated her support of Council Member Cockrel's recommendation that the Council moves forward with the appointments of the Board of Zoning Appeals. Ms. Watson is recommending that the three (3) members whose terms expire in December be re-appointed.

Honorable City Council:

Re: Petition No. 2417, Invest Detroit, for vacation of the alley located east of 3100 Woodward; to ingress and egress a proposed secure parking area dedicated to the commercial space at the first floor.

Petition No. 2417 by David Blaszkiewicz requests the conversion of the north-south public alley, 20 feet wide, in the block bounded by Watson Street, 50 feet wide, Erskine Street, 50 feet wide, Woodward Avenue, 120 feet wide and John R. Street, 60 feet wide into an easement for utilities.

The request was approved by the Solid Waste Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

Traffic Engineering Division — DPW has no objection to the conversion to easement provided there is no dead end for the east-west alley in the same block. A three-point turnaround acceptable to Traffic Engineering Division — DPW is a provision included as part of this resolution.

All City Departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

Detroit Water and Sewerage Depart-

ment (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

Public Lighting Department (PLD) has no objection to the conversion to easement. PLD reports they have facilities in the area and provisions to protect these facilities and to provide access are included as part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY  
City Engineer

City Engineering Division — DPW

As per PLD requirements, any structure proposed to be built shall maintain 10 feet horizontal clearance from the overhead PLD lines and installations also any structure proposed to be built shall maintain a minimum of 3 feet horizontal clearance and 12 feet vertical clearance from the PLD conduit bank and manholes. The contractor should take necessary precautions not to damage PLD utilities, if they plan to use heavy earth moving equipment. The contractor will be liable for any damages to any PLD underground facilities. PLD requires unrestricted easement rights with 24-hour heavy vehicle access in order to maintain their facilities; and be it further

Provided, That if any time in the future, the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incident to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incident to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

Resolved, That your Honorable Body authorize the acceptance of the following described easement for vehicular traffic in order to provide for a three-point turnaround: Land in the City of Detroit, Wayne County, Michigan being the northerly 40 feet of the westerly 20 feet of the easterly 21 feet of Lot 1 "Subdivision of Park Lot 16 and 17 and the east half of Lot 5 of Brush's subdivision of part of Park Lots 14, 15, 16 and 17" as recorded in Liber 8, Page 33 of Deeds, Wayne County

Provided that the vehicular easement area shall be kept open for vehicles and be properly maintained by the adjoining owners in such a manner as to provide ingress and egress from the existing east-west alley in the block bounded by Watson Street, 50 feet wide, Erskine Street, 50 feet wide, Woodward Avenue, 120 feet wide and John R. Resolved, That the Planning and Development Director is hereby authorized to issue a quit-claim deed to transfer the following described parcel of land for fair market value and/or other valuable consideration: Land in the City of Detroit, Wayne County Michigan being the westerly 20 feet of the easterly 21 feet of Lot 1 "Subdivision of Park Lot 16 and 17 and the east half of Lot 5 of Brush's subdivision of part of Park Lots 14, 15, 16 and 17" as recorded in Liber 8, Page 33 of Deeds, Wayne County Records, subject to private easement for public utilities on the entire parcel, and a vehicular easement over the northerly 40 feet thereof.

Honorable City Council:

Re: Proposed Ordinance to extend the date by which non-union appointees and employees are precluded from carrying over more than 30 vacation leave days from October 1, 2013 to February 1, 2014.

Pursuant to request of the Emergency Manager’s office, the above-referenced proposed ordinance, approved as to form, is submitted to your Honorable Body for consideration and passage. In addition, we are requesting a waiver of reconsideration. The proposed ordinance amends Section 13-5-3, subsection (i), to extend the date by which non-union appointees and employees are precluded from carrying over more than 30 vacation leave days from October 1, 2013 to February 1, 2014, exclusive of any such time that is earned by any such appointee between July 1, 2013 and January 31, 2014, or by any such employee between April 15, 2013 and January 31, 2014.

Historically, non-union city appointees and employees were limited to a maximum accrued vacation leave of 40 days at the beginning of each fiscal year, or July 1. City Code § 13-5-3(i); City Code § 13-5-2(a). A number of years ago, this section was amended to extend the date for measuring maximum accrued vacation time from July 1 to October 1, excluding vacation time accrued since that July 1. On June 11, 2013, your Honorable Body passed Ordinance No. 16-13, effective June 18, 2013. Among other things, Ordinance No. 16-13 reduced the maximum accrued vacation leave on October 1, 2013 from 40 days to 30 days.

The change to City Code § 13-5-3(i) has the effect of compelling non-union city appointees and employees to use an additional 10 days of vacation between June 18 and September 30. It has been recognized that the short period of time between the effective date, June 18, 2013, and October 1, 2013 to use an additional 10 vacation days or lose them

would work a scheduling hardship both on employees and their departments. Accordingly, to reduce the scheduling hardships and to give the employees a fair opportunity to use their accrued vacation time, it is proposed to extend from October 1, 2013 to February 1, 2014 the date for measuring maximum accrued vacation time at 30 days.

We are available to answer any questions that your Honorable Body may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,

Once City employees have earned at least one thousand six hundred (1,600) hours of paid time, exclusive of overtime or premium time, and have attained status as City employees for at least twelve (12) months, they are entitled to five (5) additional vacation leave days. In order that a City employee's time may be computed on a fiscal year basis, on July 1st following his or her first (1st) year anniversary date of employment, the employee shall be entitled to a prorated vacation leave, computed by multiplying the number of months remaining from the anniversary date, for which the employee was paid for not less than eighteen (18) normal service days, to the end of the fiscal year by

(e) *Vacation leave proration.* During a fiscal year, City employees, as defined in Section 13-5-1 of this Code, who: (1) fail to accumulate the required sixteen hundred (1600) hours; 2) die; or 3) separate from service, either temporarily or permanently, at a time when it is apparent that he or she will not accumulate sixteen hundred (1600) hours of paid time, shall be entitled to vacation leave before such separation computed as follows: eight and three-tenths percent (8.3%) of the vacation leave credit of the previous July 1st multiplied by the number of calendar months in which City employees have been paid for, not less than eighteen (18) normal service days, excluding overtime, and rounded to the nearest whole number. **COMMUNITY DEVELOPMENT BLOCK**  
**GRANT BUDGET FOR FISCAL YEAR**  
**2013-2014 AND MAINTAIN CITY**  
**COUNCIL'S ROLE IN THE PROCESS**

By ALL COUNCIL MEMBERS:

WHEREAS, On May 24, 2013, City Council approved the Fiscal Year 2013-2014 budget that included Schedule A listing the funding amounts for distribution of Community Development Block Grant (CDBG) funds. On June 3, 2013, Council overrode Mayor Bing's line item vetoes of the budget, thereby, finalizing the FY 2013-14 budget penultimate to action by Emergency Manager Orr (EM); and

WHEREAS, On July 10, 2013, the EM issued Order No. 12, which adopted the FY 2013-14 budget previously approved by Council on June 3, 2013, with certain reconciliations to conform with the EM's planned restructuring initiatives as outlined in the June 14, 2013, Proposal for Creditors (the Ten-Year Projections). These amendments to the budget did not alter Schedule A; and

WHEREAS, The Planning & Development (P&DD) annually prepares a Consolidated Plan or Action Plan incorporating the approved Schedule A and a narrative describing the City's intended utilization of CDBG funds. Prior to submitting this document to the U.S. Department of the Housing and Urban Development (HUD) review and approval by the local legislative body is required. The 2013-14 Consolidated Plan was not submitted to the City Council prior to its summer recess, but was instead submitted to the EM who approved it for submission to HUD despite the huge inconsistencies with the City budget as modified and approved by the EM; and

WHEREAS, Based on HUD's advice in early March, 2013, the City assumed a 5% cut from last year's CDBG entitlement for budget preparation. The City Council authorized allocations to 49 groups for 53 activities at the conclusion of its CDBG deliberations. In recent weeks, HUD released the official entitlement amount for Detroit and it is approximately \$1.2 million dollars greater than estimated; and

WHEREAS, In a memo dated August 8, 2013, the Director of P&DD informed City Council that after consultation with the EM and HUD, P&DD is proposing changes to the 2013-14 CDBG budget. These changes include allocation of the additional funds, reallocation of funds as approved as well as changes to the sub-recipient groups contained in Schedule A; and

WHEREAS, Unilateral changes to the adopted budget are not permissible under Sec. 8-210 of the current City Charter. It provides that, in the normal course of business, City Council may make amendments to the budget after adoption upon the request of the Administration. In lieu of that process, the Emergency Manager law at MCL 141.1552 (1)(b) and (c) grants the EM broad powers, irrespective of any applicable Charter provisions, regarding the approval and revision of budgets, and the acceptance and disbursement of grants. To date City Council has received no requests to amend the budget; nor has the EM issued any orders amending the budget; and

WHEREAS, City Council's historic involvement in the City's CDBG process, including the vetting of proposals and the allocation of funds should be preserved, as the Council provides an open public context whereby these activities may be conducted in a transparent manner, engaging interested and necessary parties; and

WHEREAS, The current fiscal situation in Detroit, coupled with the presence of an Emergency Manager has created a level-of uncertainty that requires heightened transparency for residents and businesses in our community especially during the CDBG process, which has undergone revisions in the past few years; and

WHEREAS, Because of this uncertainty many of the sub-recipients waited until the final approval of the budget, *i.e.* Schedule A, before making operational and planning decisions for their respective organizations, relying in large part upon the approved allocations. However, now long after the EM approved the budget funding has been taken away from these nineteen (19) sub-recipients such action conveys to these groups and the general public that reliance upon decisions made by the EM should be approached with caution as they may change. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly urges Emergency Manager Orr and the Bing Administration to adhere to the approved Community Development Block Grant budget for FY 2013-14; and BE IT FURTHER

RESOLVED, That the Detroit City Council strongly urges Emergency Manager Orr and the Bing Administration to maintain City Council's role in the CDBG process specifically as it relates to the allocation of the additional \$1.2 million dollars in funds; and BE IT FURTHER

RESOLVED, That the Detroit City Council strongly urges the Planning & Development Department (P&DD) to expeditiously present a corrected 2013-14 Consolidated Plan consistent with the adopted CDBG budget to City Council for review and approval; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to Emergency Manager Kevyn Orr, Mayor Dave Bing, P&DD Director Rob Anderson, and Keith Hernandez, Director, Community Planning and Development, HUD, Detroit Field Office.

Honorable City Council:

Re: Request for Release of Reverter Interest on 1944 West Warren.

In 2008, the City of Detroit sold 1944 West Warren, a parcel along W. Warren and Vermont, to Tahleel Prodhm to construct a residential structure. The residential structure was not constructed due to economic conditions. Jonathan Zemke purchased the parcel, 1944 W. Warren in June, 2013, spending in excess of \$1,000 in acquisition costs and payment of three years of back taxes. Mr. Zemke owns a home across the street at 5007 Vermont and has mowed and maintained the lot from blight since 2011. Mr. Zemke plans to spend several thousand dollars to turn the lot into a green space including grading the land, fencing, tree planting and adding garden boxes. The property will become an asset to the neighborhood, including clearing up blight near The Frederick Douglass Academy for Young Men across the street.

The City still has a reverter interest in the property from the development agreement with Tahleel Prodhm.

Jonathan Zemke is seeking an outright release of the interest, restrictions and covenants of the Purchase and Development Agreement and reverter interest relating to the parcel 1944 W. Warren from the City that releases the City's reverter rights and development conditions.

We, therefore, request your Honorable Body's approval to authorize the Planning and Development Department Director or his/her authorized designee to offer a release and conveyance of all interests, restrictions, and covenants under the Purchase and Development Agreement and the reverter interest on 1944 W. Warren.

Respectfully submitted,

Warren.

Resolved, That in accordance with the foregoing communication, the Planning and Development Department is hereby authorized to release and convey all of the City's interests, restrictions, and covenants contained in the development agreement dated October 17, 2008 and recorded in the Office of Register of Deeds for the County of Wayne in Liber 47556, Pg. 79-80 on November 6, 2008 for the vacant land parcel as described below:

**Detroit Fire Department**

July 22, 2013

Honorable City Council:

Re: Inter-Local Government Agreement for Fire Dispatch Services between the City of Highland Park and the City of Detroit.

Attached is a copy of subject agreement vetted by the City of Detroit Law Department and Highland Park's legal counsel. This agreement is designed to allow the City of Detroit to provide dispatching services to Highland Park Fire Department.

Currently, the City of Detroit receives Highland Park residents' 9-1-1 telephone calls for law enforcement and fire at Detroit's Public Service Answering Point (PSAP). Relative to fire dispatches, upon Detroit receiving the 9-1-1 request for service, the Detroit dispatcher notifies Highland Park's dispatch that physically dispatches their fire resources. The City of Detroit has been receiving and dispatching Highland Park law enforcement resources within the City of Highland Park for over 30 years.

This agreement merely extends the same level of dispatching to Highland Park's fire resources as the City of Detroit currently provides to Highland Park's law enforcement resources.

Highland Park has relinquished its share of the 9-1-1 telephone surcharge, in its entirety, to the City of Detroit since the surcharge has been in effect. There will be no additional compensation to the City of Detroit under this agreement. Additionally, there will be no negative impact to our dispatching capabilities within the City as a result of extending this service.

Two original copies of the signed Inter-government Agreement will be presented to the City Council for your review and approval.

Sincerely,  
DONALD R. AUSTIN  
Executive Fire Commissioner  
Detroit Fire Department  
INTERLOCAL GOVERNMENT  
AGREEMENT FOR FIRE DISPATCH  
SERVICES BETWEEN  
THE CITY OF HIGHLAND PARK AND  
THE CITY OF DETROIT

1. **Effective Date and Parties.** This agreement ("Agreement"), which is deemed effective as of the 1st day of April 2013 is entered in by and between the

City of Detroit, a Michigan Municipal Corporation (herein referred to as "Detroit") and the City of Highland Park, a Michigan Municipal Corporation (herein referred to as "Highland Park").

2. **Authority to Contract.** Both parties are municipal corporations enabled by state law to enter into an agreement to allow one municipal corporation to provide services needed by another municipal corporation when both municipalities can provide the same services within their respective jurisdictions. The signatures and approvals by both parties set forth on the signature page of this Agreement authorize the parties to enter into this Agreement.

3. **Purpose of Agreement.** Detroit operates a communications dispatch center and has facilities and personnel that can provide non-exclusive fire dispatch services ("Services") to other municipal corporations. Highland Park has a need for the Services.

4. **Term.** The term of this Agreement shall be for three years, commencing at 12:01 a.m. on April 1, 2013. After the end of the initial three-year period, the Agreement shall be renewed automatically for one-year terms until terminated pursuant to Section 5 of this Agreement.

5. **Termination.** Either party may terminate this Agreement upon ninety (90) days written notice to the other party, provided that the parties shall perform their duties and obligations accrued up to the day of termination. Once the Agreement is terminated, either party is free to initiate or reopen negotiation with each other with regard to providing these or similar Services, or Highland Park may engage other parties, outside agencies or vendors for such services.

6. **Consideration and Compensation.** In consideration of the Services to be provided by Detroit, Highland Park shall continue to assign, relinquish, transfer and convey to Detroit the 911 surcharges that are collected by the State of Michigan and distributed to Wayne County for payment to Highland Park. By authorizing this Agreement, Highland Park authorizes Wayne County to pay to the City of Detroit all such 911 surcharges to which Highland Park is owed. Within three months after the effective date of this Agreement and then annually thereafter, Highland Park shall provide documentation to Detroit evidencing that it has authorized such 911 surcharges to be paid by Wayne County to Detroit.

7. **Services to be Provided.** During the term of this Agreement, the Services to be provided by Detroit shall be provided to the same extent that Detroit provides such dispatch services within its own jurisdiction, which is intended to be 24 hours per day, 7 days per week. To the extent Detroit provides the same Services

within its own jurisdiction, Detroit shall provide the following Services for Highland Park during the term of this Agreement:

a. Receive and accept all emergency medical aid, fire and fire-service related calls received at the Detroit 911 Communications Center for the Highland Park Fire Department.

b. Transmit an alarm to Highland Park's dispatch center or directly dispatch appropriate Highland Park vehicles and equipment according to procedures established and agreed to between Highland Park and Detroit.

c. Maintain communications with Highland Park from the time of the initial alarm until conclusion of the emergency or incident in order to provide additional assistance as needed.

d. Prepare and maintain a printable record of all calls received, alarms transmitted and equipment dispatched for a period not to exceed six months.

e. Record and maintain a record of all radio and telephone communications relating to all dispatched incidents for a period not to exceed six months.

f. Maintain communication services to request support assistance from utility services, medical services, Highland Park police services and other fire-related services to aid Highland Park if such assistance is requested.

g. Dispatch other fire departments in the event of mutual aid and automatic aid calls.

h. Within ten business days, alert Highland Park of any official modifications to Detroit's Operating Procedures concerning the Services.

i. Loan radio equipment to Highland Park as follows: eight (8) hand-held radios, three (3) apparatus radios, and one (1) base-station radio.

j. Provide standard maintenance of the radio equipment loaned to Highland Park.

**8. Highland Park's Responsibilities.** Highland Park shall be responsible for the following:

a. Taking reasonable care of and not damaging radio equipment that is loaned to it by Detroit as well as its own equipment that is capable of operating on Detroit's Fire Dispatch Frequency.

b. Compensating Detroit for the replacement cost of all lost, stolen, and negligently damaged communications equipment, e.g. handheld radios, apparatus, and fire station radios loaned by Detroit to Highland Park.

c. Meeting all applicable Federal Communication Commission (FCC) rules and regulations, receiving radio transmissions from Detroit, and transmitting to Detroit.

d. Operating the radio communications equipment in accordance with the FCC rules and regulations, as well as Detroit's Operating procedures which shall be pro-

vided by Detroit at the time this Agreement is executed or when first available.

e. Providing and maintaining written alarm response procedures in a format acceptable to Detroit designating the equipment to be dispatched for all alarms to Highland Park.

**9. Administration of Agreement and Independence of Parties.** The Detroit Fire Commissioner shall serve as the administrator of this Agreement. No separate legal entity, including, but not limited to, agency, joint venture, partnership, limited liability entity, association or corporation, is formed by this Agreement. Each party shall act in the same manner as an independent contractor with respect to this Agreement and neither party shall be responsible for the acts or omissions of the other party, or the other party's elected officials, appointees, agents, employees or assigns.

**10. Ownership and Disposition of Property.** As provided in Section 8 of this Agreement, Detroit will acquire and maintain radio equipment and radio frequencies necessary to receive from and transmit to Detroit. As of the time of this Agreement, such assets and equipment are believed to include, without limitation, two radio frequencies, tower space for future antenna installation, transmitters, receivers, and repeaters, all of which would be keyed remotely at Detroit. Upon signing this Agreement, all equipment and radio frequencies owned and operated by Highland Park and Detroit prior to or subsequent to the effective date of this Agreement will remain the property of each respective City. However, such equipment and frequencies shall be under the operational control of Detroit for the hours in which Detroit provides dispatch services to Highland Park. If this agreement is terminated for any reason, Detroit's equipment and radio frequencies shall be immediately returned to Detroit.

**11. No Indemnification and No Waiver of Sovereign Immunity.**

a. Each party to this Agreement shall be responsible for paying only for the damages for which that party is found to be legally liable by a court of final, competent jurisdiction. Neither party is indemnifying the other party or waiving its right to sovereign immunity as a result of entering into this Agreement.

b. The provisions of this section shall survive the termination of this Agreement.

**12. Dispatch Records.** All records and recordings, under the control of Detroit and maintained for Highland Park calls, shall be the property of Highland Park and shall not be disclosed by any person or corporation without the consent of Highland Park, unless Detroit shall, by subpoena or court order, be directed to disclose such information, or unless such disclosure is required under the Michigan Freedom of Information Act or other

Approved by Law Department pursuant to § 7.5-206 of the Charter of the City of Detroit

#### VOTING ACTION MATTERS

#### OTHER MATTERS

#### COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES

#### PUBLIC COMMENTS

**Jonathon Troy Lewis:** We are trying to establish a name change for our formal playground. The old name was Yazkic(sp) and the new name would be William "Bill" Bruton. We are in the process of submitting a petition.

**Darrell Jeter:** Similar to Mr. Lewis' request: it was a Parks and Recreation Park, at one time the City was taking care of it. William "Bill" Bruton was the park director for twenty years and he impacted our lives and that is what we are here for today.

**Renee Jeter:** Mr. Bruton was our park instructor for fifteen-twenty years and he taught us how to be competitive; how to win but losing graciously was better and it has been fifty years when we were there and he was in our lives. We went there Saturday and cleaned the park; the grass was up to our knees We got the neighborhood to cut the grass and we had a presentation for him. We need to get this name change for him. The park is located at Anglin and Brinker; the cross streets are Grixdale and Nevada.

**Council Member Watson:** After they file their petition with the City Clerk's

Office, I hope that we can line item this for Neighborhood and Community Service Standing Committee and follow-up on it and help assist them in honoring Mr. Bruton.

**Sandra Peoples Jones:** I'm from Shiawassee Community Block Club. I came down here on behalf of our youth. I am having a very hard time with the pastor of The House of Help Church; it is the former Abner Learner Elementary School. The kids were playing basketball behind my house; he is always complaining and on Sunday is threw the basketball rim down and told the children that he was sick of them. We need some help. I want to know who owns the parking lot. I cannot reach anyone from DPS and I need help to find out who owns the property. He has also blocked the entrance to the park, Marcus Lucas Park.

**Mr. Cunningham:** Quoted scriptures; and asked invited everyone to a rally at Campus Martius regarding the need for midnight bus services and clean buses that run on time; begged Governor Snyder to help the DDOT bus service.

Re: Address: 16815 Greydale. Name: Erica Walker. Date ordered removed: October 23, 2012 (J.C.C. pages 2040-2048).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 28, 2013 revealed the building is secured and appears to be sound and repairable.

The owner has paid or entered into an approved Tax Payment Plan to pay the current taxes due as of June 28, 2013.

The proposed use of the property is owner occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

### Department of Public Works City Engineering Division

April 15, 2013

Honorable City Council:

Re: Petition No. 2357 — Marathon Petroleum Company, request to vacate a public right-of-way on the westerly part of Lot 17 in Albert Maday's subdivision.

Petition No. 2357 of "Marathon Petroleum Company" request for the conversion of a 30.00 feet by 43.33 feet right-of-way in the area between Fort Street, 204 feet wide and Fisher Freeway (I-75), and west of Pleasant Street, 66 feet wide, into a private easement for utilities.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

This right-of-way area was dedicated and/or land was acquired for a pedestrian walk path on September 2, 1952 — J.C.C. Pages 2065-66 before the construction of the highway. After the construction of the highway this land was not used for the original intent and has been used as a parking lot for the adjacent property owner (Marathon Petroleum Company). Marathon Petroleum Company wants to legally control and make the parking lot parcel contiguous.

All City Departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY  
City Engineer  
City Engineering Division — DPW

By Council Member Cockrel, Jr.:

Fourth, That if the owners of any lots abutting on said vacated pedestrian walk path shall request the removal and/or relocation of any existing poles or other utilities in said easements, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and further

Provided, That if it becomes necessary to remove the paved pedestrian walk path return at the entrances (into Fort Street), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

June 27, 2008

Honorable City Council:

Re: Petition No. 2865 — New Mount Carmel Tabernacle Church of God, request an easement of alley at the intersection of Pennsylvania, Gratiot and Harper Avenues.

Petition No. 2865 of "New Mount Carmel Tabernacle Church of God" request for the conversion of the east-west public alley, 18 feet wide, in the block bounded by Harper Avenue, 86 feet wide, Edsel Ford Freeway (I-94), Pennsylvania Avenue, 60 feet wide, and Cadillac Avenue, 66 feet wide, into an easement for utilities. This request is necessary to facilitate the church in combining multiple parcels of property into one parcel.

In the letter requesting for the conversion to easement of said alley the petitioner (New Mount Carmel Tabernacle Church of God) also committed to allowing vehicular access during normal business hours to the single adjacent property owner upon written request. This commitment will be part and provision of the attached resolution to grant this easement request.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no

objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

RICHARD DOHERTY

#### **Brownfield Redevelopment Authority**

September 4, 2013

Honorable City Council:

Re: The Ashley Brownfield Redevelopment.

The enclosed Brownfield Plan for the Ashley Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on August 22, 2013 to solicit public comments. At its August 14, 2013 meeting, the CAC considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA.

On August 28, 2013, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

Princeton Management is the project developer for the Plan that entails rehabilitating the former Milner Hotel into a mixed-use development that will consist of sixty (60) modern one and two bedroom rental units with second floor commercial office space and first floor retail space. The two bedroom units will range in size from 670 square feet to 1,622 square feet and the one bedroom units will range in size from 590 square feet to 836 square feet, total investment is estimated at \$7,900,000.00. The Developer is requesting Tax Increment Financing (TIF) reimbursement of \$485,450.00.

#### Property Subject to the Plan

The property in the Plan (the "Property") consists of one parcel located at 1526 Centre Street bounded by Centre Street, the property line and John R Street to the west in Detroit's Central Business District, specifically within the Madison-Harmonie Historic District.

#### Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a historic resource as defined by Act 381 because it is a historic building located in the Madison-Harmonie Historic District as designated by the City of Detroit and certified by the National Park Service April 2, 1992.

#### Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they Baseline Environmental Assessment activities, interior demolition and asbestos abatement and development and preparation of a Brownfield plan and/or work plan. It is currently anticipated that construction will begin in the late summer/early fall of 2013 and eligible activities will be completed within eighteen (18) months.

#### Tax Increment Financing (TIF) Capture

This Plan anticipates the capture of tax increment revenues to reimburse the Developers for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. A table of estimated tax increment revenues to be captured is attached to this Plan.

Following is a table of estimated costs of those eligible activities for the Plan.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

<b>Description of Eligible Activities</b>	<b>Estimated Cost</b>
<b>MSF ELIGIBLE ACTIVITIES</b>	
1. Work Plan and Brownfield Plan Prep.	\$ 10,000.00

While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Development Incentives

The property included in this Plan is seeking additional support through an Obsolete Property Rehabilitation Act (OPRA) abatement, Federal Historic Tax Credits and through the Michigan Economic Development Corporation's Community Revitalization Program (CRP).

**Council Member James Tate:** The Youth Violence Prevention Task Force will be held next Wednesday, September 25, 2013 at 5:30 p.m. at Plymouth United Methodist Church, located at 600 E. Warren.

**Council President Saunteel Jenkins:** I want to thank our former Council President Charles Pugh. He submitted his letter of resignation this past Friday. I would like to read a brief letter that we received,

*"Council President Jenkins, it has been an honor to work with you. I am grateful for the opportunity to have served the City we all love. I have accepted an offer for employment elsewhere because of that I am stepping down from my position with the Detroit*

*City Council immediately. I wish you and all your colleagues well in your future endeavors. I have learned something from each one of you, thank you. I am praying for your continued success in the effectiveness in the remaining few months of this term. I wish the same for the incoming Mayor and City Council. Their success will be Detroit's success."*

I just want to thank him for the service that he provided the time that he was here and I wish him well.

**Council Member JoAnn Watson:** Just for the record, I am one of the objectors to the bankruptcy proceedings because the Federal Bankruptcy Code says that a municipal bankruptcy can only be filed by elected officials, neither the Mayor nor the City Council filed. The Court has called for my appearance on Thursday which will cause me to miss the normal 10:00 am. meeting. I want to be officially excused.

**BACKGROUND AND REQUEST**

City Planning Commission (CPC) staff has been requested to review a building permit for the property located at 15000 Gratiot, the Stonecrest Medical Center (the former Saratoga General Hospital) on property zoned PD (Planned Development). The requested modification is for a ten feet tall, wrought-iron style picket fence around the southern portion of the site to protect the temporary and forthcoming permanent new parking lot. Recently cars have been broken into creating problems for staff and patrons. According to the applicant, "This fence height is being requested in order to ensure security for both the medical center staff as well as the visitors of the facility. The facility staff feels that a fence of this height is warranted based on their history with the facility."

Generally, the installation of a fence

would be considered a "minor modification" per the criteria set forward in Sec. 61-3-97 of the zoning ordinance. Customarily, the review for a permit such as this would be conducted by staff, as the Commission has delegated that authority.

Details of the proposed type of fence and pictures of it (from the manufacturer's website) installed elsewhere (though the height of the fence at these other locations is unclear) are attached. A single-family residence is adjacent immediately to the east of the site across the alley from the proposed fence along E. State Fair, which at that location has been pulled slightly west to the eastern edge of the existing parking lot. Currently the site is bounded on the east by a low brick wall.

Previously, staff approved the installation of a temporary parking lot on the location of the to-be-demolished parking deck shown on the site plan. The permanent surface parking lot and its required major PD modification is anticipated to begin in September of this year.

#### **RECOMMENDATION**

The matter was brought before the CPC on August 1, 2013 because staff recommended a shorter fence. The CPC took action to recommend approval of the fence at six (6) feet high. Subsequent to the CPC action, the applicant revised their request for fence down to eight (8) feet tall, and they request that the City Council make the final decision, as the zoning ordinance specifies in Sec. 61-3-142. Attached is a resolution for City Council

consideration and approval, approving the fence at the height recommended by the CPC. You may of course approve an alternate height, should you desire.

**AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-192 to establish the Masjid Wali Muhammad/Temple No. 1 Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II of the 1984 Detroit City Code is amended by adding Section 25-2-192 to read as follows:

**Sec. 25-2-192. Masjid Wali Muhammad/Temple No. 1 Historic District.**

(A) An historic district to be known as the Masjid Wali Muhammad/Temple No. 1 Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Masjid Wali Muhammad/Temple No. 1 Historic District are as shown on the map on file in the office of the City Clerk, and are as follows: On the north, the centerline of Burlingame Avenue; on the east, the centerline of Linwood Avenue; on the south, the southern boundary line, as extended east and west, of Lot 2 of J. W. Lathrups Lawrence & Collingwood Avenues Subdivision, Liber 33, Page 9, Wayne County Records; On the west, the centerline, as extended north and south, of the alley running north-south between Burlingame Avenue and Lawton Avenue, Lots 149-145 of Burlingame Park Subdivision as recorded in Liber 33 Page 11, and lots 1-2 of W. Lathrups Lawrence & Collingwood Avenues Subdivision, Liber 33, Page 9, Wayne County Records; also known as 11529-11541 Linwood Avenue.

(D) The defined elements of design, as provided for in Section 25-2-2 of this code, are as follows:

(1) *Height.* The single building Masjid Wali Muhammad/Temple No. 1 Historic District is two (2) stories tall. The south-west portion of the building is also two stories tall, but is several feet higher than the front façade facing Linwood Avenue.

(2) *Proportion of Building's Front Façade.* The Linwood Avenue (east) façade of Masjid Wali Muhammad/Temple No. 1 is wider than it is tall. Its length is broken up by a recessed entry bay with a projecting canopy.

(3) *Proportion of Openings Within the Façade.* The Linwood Avenue façade is asymmetrical, with a recessed entry bay with a set of double doors. Directly above the entrance doors are three (3) sets of glass block windows, one above the other, centered in the bay. All three (3) windows are wider than they are tall. The bay adjacent to the entrance bay has five (5) sliding glass windows on the first floor with five (5) sliding glass windows directly above. The Burlingame Avenue façade has a row of six (6) glass block windows, longer than they are tall, along the entire façade on the first and second floors. A single entry door is located on the east side of the Burlingame Avenue façade. Another single entry door is located on the west side of the Burlingame Avenue façade with another entry door directly above it on the second floor. The west façade, facing the alley, has three (3) glass block windows on the first floor and five (5) glass block windows on the second floor. The first floor windows are taller than wide, with the center window wider than tall. The five (5) second floor windows are square shaped. The façade facing Lawrence Avenue has six (6) glass block windows on the first floor which are predominately taller than wide. A single entry door is located in the center of the façade. A small glass block window above the door is wider than tall. On the second floor, five (5) glass block windows centered above the windows on the first floor are taller than wide. Near the west corner of the façade, there are three (3) small glass block windows, one above the other.

(4) *Rhythm of Solids to Voids in the Front Façade.* There is a regular rhythm of solids to voids on the front façade, with five (5) sliding glass windows on the first floor matched by five (5) sliding glass windows on the second floor directly above. Similarly, the recessed entry bay establishes a rhythm with a double entry door on the first floor balanced by three (3) glass block windows directly above.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Not applicable due to single building district.

(7) *Relationship of Materials.* The major building material is face brick. Glass

block windows and sliding glass windows in aluminum window frames provide the major contracting material. Additional contrast is provided by an exposed concrete foundation, cast concrete sills, lintels, quoins, tabs, belt course, and decorative square insert. In addition, there is a wall-mounted illuminated sign, projecting canopy supported by metal tubes, wall mounted ladders, gutters and downspouts, and coping along the parapet.

(8) *Relationship of Textures.* The major textural effect is face brick in American bond with a curved course of stretcher bricks connecting the two asymmetrical entrance bays. Additional textures include glass block and sliding glass windows, cast concrete sills, lintels, belt course, quoins, tabs, and a decorative square insert on the Linwood Avenue facade. Brick pilasters on the facades facing Lawrence Avenue and the alley offer additional textural detail.

(9) *Relationship of Colors.* The primary color of the building is the natural reddish-brown face brick. The aluminum window frames of the sliding glass windows are dark brown. The cast concrete sills, lintels, quoins, belt course, tabs, decorative square insert and exposed foundation are painted white. The canopy is also white. The downspouts and gutters are grey. The wall mounted fire escape and roof ladder are painted black.

(10) *Relationship of Architectural Details.* Architectural details of the building are related to its Art Moderne style. The Linwood Avenue facade has a curved corner of stretcher bricks connecting its two asymmetrical bays. The bay adjacent to the entrance bay rests on a white concrete foundation which bears the etched construction date "1940." A few feet above the foundation, a white belt course spans the entire width of the bay, and provides a sill to a row of five (5) sliding glass windows on the first floor. A continuous lintel spans all five (5) windows, and quoins connect the lintel and belt course at the periphery. The second floor windows and details mirror the first, with a few minor exceptions including square tabs accentuating the space between each window. A decorative square insert is centered in the bay, between the first and second floor windows. The square insert has an image of a chain linked medallion circling around the initials "AR" for Arbeter Ring, or Workmen's Circle in Yiddish. A wall-mounted internally illuminated sign with the words "Masjid Wali Muhammad" projects out, perpendicular to the facade, near the entrance canopy. A white coping caps the top of the parapet. The Burlingame Avenue facade has a narrow section at the north-west corner that jogs back several feet to meet the portion of the building with a higher roof. Glass block windows stretch along the facade on both

the first and second floor. Single entry doors are located on the first floor near the east and west corner, and an entry door on the second floor is accessed by a fire escape wall mounted to the facade. A wall mounted ladder spans from the second floor landing of the fire escape to the roof above. A gutter runs the length of the facade, with two (2) downspouts. The higher roof has a coping with no downspout. The west facade facing the alley has glass block windows on the first and second floor with brick pilasters that terminate just above the first floor windows. The south facade facing Lawrence Avenue also has glass block windows on the first and second floor with brick pilasters between the window bays that span from the ground to the high roof. Gutters and downspouts span the entire south facade.

(11) *Relationship of Roof Shapes.* The building has a low and high flat roof with a horizontal parapet wall facing Linwood Avenue and the alley at the rear of the building.

(12) *Walls of Continuity.* Not applicable due to single-building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The Linwood Avenue facade has a narrow front yard set back with a thin strip of grass protected by a short, black tube railing that begins at the entrance bay and continues across the east facade of the building. The lot to the north of the building consists of a grass covered yard surrounded by a chain link fence with barbed wire. The surface parking lot to the south of the building and the empty gravel lot adjacent to it is also surrounded by a chain link fence with barbed wire. Car access is permitted through a gate off of the alley.

(14) *Relationship of Open Space to Structures.* Open space in the district exists in the lots to the north and south of the building. There is a narrow front yard on Linwood Avenue abutting the sidewalk. There is no open space at the rear of the building which abuts the alley.

(15) *Scale of Façade and Façade Elements.* The scale of the two story building is moderate in size. Façade elements, such as windows and pilasters, are complimentary in scale to the building.

(16) *Directional Expression of Front Façade.* The primary facade of Masjid Wali Muhammad/Temple No. 1 is horizontal in directional expression, with additional horizontal details such as the belt course, continuous lintel, raised foundation, and window groupings further emphasizing its horizontal composition.

(17) *Rhythm of Building Setback.* Not applicable due to single building district, but consistent with buildings facing Linwood Avenue.

(18) Relationship of Lot Coverage. Masjid Wali Muhammad/Temple No. 1 occupies approximately ninety-five (95) per cent of its lot. It is flanked by visible open space provided by the empty lots to the north and south.

(19) Degree of Complexity Within the Façade. The primary façade has relatively little complexity, aside from the curved corner of stretcher bricks connecting its two asymmetrical bays and other masonry accents.

(20) Orientation, Vistas, Overviews. Masjid Wali Mahammade/Temple No. 1 is oriented towards Linwood Avenue which runs north-south. The building is flanked by empty lots to the north and south, and it is the only structure on its block. A residential neighborhood of two-story buildings in fair condition and mature trees is located behind the district, to the west. Directly across the street is an open field of the Roosevelt School complex. Additional religious and commercial buildings of comparable scale are located further north and south on Linwood Avenue.

(21) Symmetric or Asymmetric Appearance. The front façade of Masjid Wali Muhammad/Temple No. 1 is asymmetric in appearance.

(22) General Environmental Character. Masjid Wali Muhammad/Temple No. 1 is a two (2) story brick building on the corner of Linwood Avenue and Burlingame Avenue. The building is seven miles northwest of downtown Detroit, and sits across the street from the Roosevelt School complex, a few blocks northwest of the Boston Edison and Atkinson Historic Districts.

**MEMBER REPORTS**

**COUNCIL MEMBER WATSON** stated that it would be important for this body not to look as its just business as usual as it relates to Belle Isle. Belle Isle is a jewel and it belongs to the City. The City paid for it. She stated that Belle Isle is an asset and the state trying to take it over was not to help the City, but sounded more like a ruse.

**COUNCIL MEMBER TATE** stated that he also had concerns with the Belle Isle lease, but he would reserve his comments until after he has read the documents.

**COUNCIL MEMBER JONES** state that she had issues with the Belle Isle lease as well. She felt that it was disrespectful to have someone come in, under the pretense of saving the City money, especially when the City has spent 62 million dollars on consultants in the last few months.

**COUNCIL MEMBER SPIVEY** stated that he won't make a statement on the Belle Isle lease until he sees it.

**COUNCIL PRESIDENT JENKINS** asked that the Legislative Policy Division provide the Council with a report with regards to Public Act 436, Section 19-1, that talks about the sale or lease of assets that have to be approved by the legislative body. She stated that she would have to reserve her comments about the Belle Isle lease until she gets the document. Council President Jenkins also stated that she and Council Member Watson attended a federal meeting with the Obama administration. Highlights of the meeting were that the City of Detroit will get an additional 65 million dollars for demolition, and 24 million dollars is coming in from the Department of Transportation for bus repairs and to install cameras. She stated that about 320 million dollars was coming in to the City from the Obama administration.

#### TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE

#### RESOLUTION IN MEMORIAM HARRY M. PHILO

October 24, 1924 — May 28, 2012

By COUNCIL MEMBER COCKREL, JR.:

WHEREAS, Harry Maurice Philo, a giant in the plaintiff personal injury trial law practice and true “lawyer on the side of people”, passed away on May 28, 2012, in Queensbury, New York, with his family by his side; and

WHEREAS, Harry was born in Glens Falls, N.Y., in 1924, and attended Union College. During World War II he served in the U.S. Army, where he gained his first trial experience in courts martial. Though he was an enlisted man with no legal training, he represented numerous soldiers who otherwise would have faced trial without benefit of unbiased counsel; and

WHEREAS, In 1959, while working as a UAW member on the assembly line at

Ford Motor Co.'s Rouge Plant in Dearborn, MI, he earned his law degree at Detroit College of Law. Throughout his career, Harry's creative use of safety engineering and other related safety oriented fields of study in litigation forged a safer society for both workers and consumers; and

WHEREAS, Harry was a courageous leader in the struggle for civil rights, equal justice and worker's rights. His many efforts included running for the presidency of UAW Local 600 in the first racially diverse election ballot in the union's history, suing Wayne County to relieve conditions in the overcrowded and racially explosive Detroit jail, organizing 113 women to file suit to void Michigan's repressive anti-abortion laws and defending his law partner, attorney Ken Cockrel, Sr., against inflammatory contempt charges; and

WHEREAS, Harry's service to the legal profession nationally, especially the trial bar, was unparalleled. He served two terms as president of the Michigan Trial Lawyers Association; an ATLA leader for 30 years, serving as ATLA president in 1980-81, and receiving its Leonard M. Ring Champion of Justice Award in 2000; an early member of the National Association of Claimants' Compensation Attorneys (AAJ's predecessor), and a member of "Rood's Rangers" — a group of several dozen trial lawyers who traveled the country giving free "How To" seminars to younger lawyers; and

WHEREAS, His dedication to educating and assisting lawyers, accepting challenging cases and advocating to improve the law through strategic cases was also demonstrated through the Annual 21-Hour Seminars organized and presented by the law firm Philo, Atkinson, Steinberg, et al. These seminars provided invaluable information and litigation assistance to the trial bar with the constant reminder that "We are lawyers on the Side of People. Never let us forget that the law is never settled until it is settled right, it is never right until it is just, and it is never just until it serves society to the fullest"; and

WHEREAS, Harry was also the author or editor of numerous articles books, and audio recordings on trial practice, including the Trial Handbook for Michigan Lawyers and Lawyers Desk Reference — and encyclopedic reference for investigating and trying tort cases, published by Thomson Reuters (formerly West Publishing Co.), and used by trial lawyers and expert witnesses on the side of people across the U.S. Today; and

WHEREAS, Not only as a trial lawyer, but as a person who lived his entire life helping others in need — whether it was advocating for an injured client in court of providing information and advice to a fellow trial lawyer — Harry truly cared about

helping those in need. NOW THEREFORE BE IT

RESOLVED, That the office of Councilman Kenneth V. Cockrel, Jr. and Detroit City Council honors and celebrates the life and legacy of Harry M. Philo, a true champion of justice.

**OTHER MATTERS**

**COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES**

**PUBLIC COMMENTS**

**JUANITA BRYANT** — Concerned about Detroit, Belle Isle, Emergency Manager and the affects citizens. It was a fraudulent primary election and cannot have the election continue to go forward.

**TIJUANA MORRIS** — Retired Detroit Police Officer also concerned about the City and hoping and wanting that this Body would watch the chain reactions that are going on; make sure that the Detroiters who are skilled trade workers and laborers are hired first and given first consideration. Land Banking needs to stop. I am in favor of saving Belle Isle because it belongs to Detroit.

**SHEILA STRIBLING** — Concerns as a citizen of the United States and resident of the State of Michigan and resident of the City of Detroit. Why is civil injustice being done? Who do I turn to protect the invasion of my civil, social and human rights, while City services are diminishing right before my eyes? My opportunity to vote for keys issues has not been afforded to me. The City of Detroit has sold property to the State which I am truly in opposition of.

**JEAN VORTKAMP** — There is no reason for Belle Isle to be given to the State. Belle Isle is ours, the revenue from Belle Isle, that we should be getting, but for some reason is unwilling to participate in getting any revenue from Belle Isle is ours. I see many, many elected officials in this City that are not working for the people of Detroit. Maybe temporarily people may be getting something for that but they will kick you to the side and push you under the bus in a minute. If you truly represent the people of this City you will fight them.

**DORENDA S. WERDLOW** — I am a Union Steward with Senior Accountants, Analysts and Appraisers. I would like to ask the Council to table the discussion of leasing Belle Isle to the State of Michigan until Council have researched and heard from the United States Department of the Interior before any discussion about Belle Isle is made, because under the State of Michigan there will be no accountability of what is going on. I believe that public access to Belle Isle would be restricted and eliminated. The National Park Services, a part of the Department of the Interior has all the where with all to help with any problems that we have with Belle Isle. Belle Isle is a National Historic Monument and it should have that designation.

**KATHRYN MONTGOMERY** — On

October 1st Emergency Manager Kevyn Orr signed a 30 year lease agreement with the State of Michigan regarding Belle Isle. My opinion and that of many others who live in the City of Detroit, that is not in the best interest of the people of Detroit. I am totally opposed to this plan. There are hundreds of thousands of residents who would not live to see the end of this lease. Belle Isle belongs to Detroit and Detroiters who purchased it with our tax dollars. We have been maintaining the island to the best of our ability even though we have lost a large portion of our tax base. Kevyn Orr cannot proceed with this lease agreement unless this City Council does nothing to stop him.

**ADRIENNE TELFORD** — Gave the telephone numbers of all Council Members.

**M. DOC HOLBROOK** — As a resident of Detroit I have noticed something that happens way to often, the matter of Belle Isle is really one of the generating revenue to maintain it that is the real complaint. It is not being maintained properly. Roger Penski has his races on Belle Isle and it has to generate a whole ton of money. There are musical events on the island that the rest of the citizens of Detroit don't have access too. Where is this money being distributed? There is enough money there to maintain Belle Isle on an annually basis. We don't need the State.

**MR. CUNNINGHAM** — Read a scripture. As always I speak about United Way 211. They help with housing, utilities, etc. This message is for Governor Snyder and Kevyn Orr. You are getting everything you want. You are getting the Water Board. You have wanted it for years. You got everything. Why not help the poor? DDOT Bus Service is horrible and deployable. Buses at the terminal are broken; they are not on time. Under cover bosses you have go to do something. You got what you want. God is looking at us. We have to protect the poor, the working poor that is my mission in life.

**DR. JOHN TELFORD** — I am the guy they fired from the school superintendent. The emergency manager fired me. I'm not here about that although they are trying to take over our schools and our City. I am here representing Detroit Team for Justice and also DREMP, Detroiters Resisting Emergency Management. We have many concerns and I am here to speak today about Belle Isle. It is our wish that the Council come up with a revenue producing plan, charge cars whatever you

have to do. Belle Isle belongs to us. You are all Detroiters, we are all Detroiters. Don't give away our island; thirty year leases that is not a lease. In thirty years I will be 108 if I am still above the grass. There is no reason we can't do this ourselves.

**DAWN DeROSE** — Every time I hear the news debt goes up for Detroit, but hear Kevyn Orr the long term debt has to be accounted for. What about the long term revenues? Everyday I hear in the news, businesses and residents coming in. In my own building I have seen full occupancy and more white people in my buildings in the last ten months then I have seen in the last twenty-seven years. So people are moving into Detroit in droves and business otherwise you wouldn't hear all of this stuff going on. We can charge revenues for Belle Isle and all those assets, like the Water Department and Belle Isle should not be taken from the City. Everybody had to stay in budget or get taken over, what about the Governor's private funds, three private funds, including the Nerd Fund that he has free money to go all around the world, bring jobs to Detroit that he is taking money away from education here so that he can bring in other people to fill those jobs that he's not educating our own citizens.

**DEBRA TAYLOR** — Courage, conviction, the belief that is considered true and worthy of standing upon regardless of the consequences; I resent having one minute when it takes a lot longer to get here and go through security and all that but citizens are not given the respect that they should be given. I am against the smoke and mirrors lease that was sent to the City without its input and Section 4122 of the Charter requires that Council present a resolution to accept this lease so you are violating the Charter. I ask that you not pass a resolution and you not go along with this bogus lease. It has no benefit to the City of Detroit; to the citizens of the City of Detroit and anything goes through at least you can give City of Detroit residents free passes for the next five years since we paid \$200,000 for it in the 1800 with our own tax dollars. It is highly disrespectful and if one time if you guys would stand up and represent the will of the people; we had fraudulent elections, the Water Department under attack; pensions are under attack. What are we getting from our "elected officials"?

**MS. LEWIS-PATRICK** — The State of Michigan claims that establishing Belle Isle as a State Park provides financial

relief to Detroit brings restitution and enhancement to the park and guarantees a beautiful place for Michigan residents to enjoy for decades to come. However, the proposed lease guarantees zero dollars in compensation to the City of Detroit for a thirty year lease of Belle Isle with two automatic renewal lease terms. Further the State has stated it should not be held liable for improvements for the park if the State Legislature fails to appropriate funds for the same. And the State has stated that the lease should be recorded with the Register of Deeds which normally is only recorded for properties that are sold not leased. One, based upon the Charter of the City of Detroit and the Michigan Constitution the State of Michigan and the City of Detroit are prohibited from entering into a contract agreement until the State of Michigan cures a default based upon hundreds of millions of dollars owed to the City by the State. We got to deal with what's in front of us. The State cannot enter into a lease with the City of Detroit while they still owe us money; based upon the Charter of the City of Detroit all contracts which are voted on by the legislative body must first be reviewed and approved by the Corporation Counsel of the City of Detroit; a step which has not taken place with this proposed lease.

**KEITH HINES** — We have PA-436; shutting down the power downtown on the day of 9/11 to send a message; we got the Belle Isle issue where it is a key fresh water component in the City Charter to DWSD; we got the Davis Aerospace Technical High School issue, now the democrats use this word in Washington and I want to know how does all this stuff does not meet or fit the Federal definition of terrorism. The U.S. Department of Justice's definition of terrorism is the unlawful use of force or violence committed by a group or individual against persons or property to intimidate or coerce the government, the civilian population or any segment there of.

**MS. PERSON** — I am here on behalf of all the citizens of the City of Detroit. I worked ten days down at Cobo Hall about these ballots that you people were suppose to have won something on; none of you won anything. It was a joke. Everybody that worked down there saw that people who voted for you all, they the same people that voted for you all in 2009 and some of them had 2010 on the ballots. We challenged everything down there. You people should be ashamed of yourself and sit up in this room and talk to us; you don't

answer any questions. You just sit there and say, ok your time is up but I think this time your time is up. It is time for you all to get up and leave this City because we are not going to stand for you all to bull wink us anymore and do what you are doing to us.

**MORRIS MAYS** — It would break my heart beyond words to ever see a toll booth on that Belle Isle Bridge. I love Belle Isle with a passion. I don't ever want to see a toll booth on that bridge and I don't ever want a time to get on my own island.

**LUCINDA DARRAH** — Talked about a friend from the suburbs who is afraid to go out to Belle Isle. She stated that she would be willing to take suburbanites out to Belle Isle so they could see that Belle Isle is beautiful.

**Brownfield Redevelopment Authority**

September 26, 2013

Honorable City Council:

Re: Monroe Block Brownfield Redevelopment.

The enclosed Brownfield Plan for the Monroe Block Redevelopment Project (the "Plan") (Exhibit A), was submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"). The Plan was considered and reviewed by the CAC at its September 11, 2013 meeting, where a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA was approved. A public hearing was held by the DBRA on September 19, 2013 to solicit public comments. The Committee's communication to the City Council and the Authority, dated September 11, 2013, recommending approval of the Plan including the minutes of the public hearing held by the Authority on September 19, 2013 are enclosed (Exhibit B) for the City Council's consideration.

On September 25, 2013, the Authority adopted a resolution (Exhibit C) approving the Plan and authorizing the submission of a copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

Szostak Brothers & Company, or one of its affiliates, is the project developer for the Plan that entails the cleanup and redevelopment of contaminated property into a new 16-story, 320,000 square foot office building, with first floor retail and an adjacent 1,000 car, parking garage. The main tenant will be Detroit based Meridian Health Plan. Total investment is expected to exceed \$111,000,000.00. The Developer is requesting Tax increment Financing (TIF) reimbursement of \$27,897,819.00.

Property Subject to the Plan

The property in the Plan (the "Property") consists of two parcels located at 32 Monroe Avenue and 725 Bates Street bounded by Farmer Street to the north, Bates Street to the east, Cadillac Square to the south and Monroe Avenue to the west in Detroit's Central Business district.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized or is currently utilized for a commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a facility as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are

considered "eligible activities" as defined by Sec. 2 of Act 381, because they Baseline Environmental Assessment activities, due care activities, infrastructure improvements, additional response activities, demolition, lead and asbestos abatement, site preparation, and preparation of a Brownfield plan and/or work plan. It is currently anticipated that construction will begin in the late summer of 2014 and eligible activities will be completed within three (3) years.

Tax Increment Financing (TIF) Capture

This Plan anticipates the capture of tax increment revenues to reimburse the Developers for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. A table of estimated tax increment revenues to be captured is attached to this Plan.

Following is a table of estimated costs of those eligible activities for the Plan.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

<b>Description of Eligible Activities</b>	<b>Estimated Cost</b>
1. Environmental Response Activities and due care activities	\$ 1,064,250
2. Other Site Preparation (including demo, Lead and Asbestos Abatement)	\$ 1,662,178
3. Infrastructure improvements (parking garage, including architect, engineering, etc.)	\$28,027,607
4. Survey	\$ 20,000
5. Phase I, Phase II, and Baseline Environmental Assessment Activities	\$ 30,000
6. Brownfield Plan/Agency Review estimate	\$ 21,000
<b>Subtotal Site Eligible Activities</b>	<b>\$30,825,035</b>
<b>Contingencies (15%)</b>	<b>\$ 4,623,755</b>
<b>Total Estimated Costs for Eligible Activities</b>	<b>\$35,448,790</b>

**Note: There will be 5% simple interest added to the unreimbursed portion of the above amount each year.**

**Note: Available TIF recovery will not be sufficient to capture the full amount of these Eligible Activity Costs.**

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Development Incentives

The property included in this Plan is seeking additional support through Commercial Rehabilitation Act abatement, New Markets Tax Credits, and through the Michigan Economic Development Corporation's Community Revitalization Program (CRP).

The owner has paid all taxes and is current.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained in accordance with the vacant property ordinance (see attachments) and securely barricaded until rehabilitation is complete and occupied. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

Re: Address: 8509 Fenkell. Name: Lanel Lord. Date ordered removed: October 8, 2003 (J.C.C. pages 2991-2993).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 7, 2013 revealed the building is secured and appears to be sound and repairable.

The owner has paid all taxes and is current.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

DAVID BELL  
Director

**RESOLUTION PURSUANT TO SECTION 19 OF PUBLIC ACT 436 OF 2012, THE LOCAL FINANCIAL STABILITY AND CHOICE ACT, MCL 141.1541 ET SEQ. DISAPPROVING THE EMERGENCY MANAGER'S PROPOSED TRANSACTION FOR THE LEASE OF BELLE ISLE PARK TO THE STATE OF MICHIGAN DATED OCTOBER 3, 2012**

By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit City Council is in receipt of the Emergency Manager's official transmittal of the proposed Lease of Belle Isle Park to the State of Michigan dated October 3, 2013. Pursuant to MCL 141.1559, City Council has the authority to approve or disapprove this proposed transaction; and

WHEREAS, A lease for Belle Isle was first submitted to City Council in September, 2012, by the Bing Administration. At that time City Council raised numerous questions that have never been fully addressed and are present in the current Lease proposal including:

- Aspirational goals for the renewal of the island without clear, measurable benchmarks for tracking capital improvements and future operations;
- Lack of specified or committed funding for the capital improvements and operation of Belle Isle as a state park;
- Unknown future improvements and no timetables for their completion;
- Lack of adequate historic preserva-

tion provisions and adherence to the City's Zoning Ordinance;

- Ability of the DNR to cancel vendor contracts and third-party agreements at the inception of the Lease but the City does not have reciprocal rights upon Lease termination or expiration;
- Insufficient legal description of the island (included as Exhibit A to the proposed lease) which excludes approximately 200 acres of the island including Blue Heron Lagoon and the James Scott Memorial Fountain; and

WHEREAS, The State of Michigan and the City of Detroit continued to negotiate the September Lease, resulting in an Amended Lease in December, 2012. Rather than allow for Council to vote on the Amended Lease in January, 2013, the State withdrew it from Council's consideration; and

WHEREAS, Now, the Emergency Manager has proffered a Lease of Belle Isle Park that contains the same discrepancies and deficiencies as the prior proposals and increases the financial burden on the City when compared to the previous versions of the Lease; and

WHEREAS, Detroit City Council cannot approve a Lease that does not address these legitimate and important issues, some of which were first raised in September, 2012, and also contains unbalanced terms that place the City in an untenable position during a long-term lease of such an important City asset; NOW THEREFORE BE IT

RESOLVED, That, pursuant to Section 19(1) of Public Act 436 of 2012, the Local Financial Stability and Choice Act, MCL §141.1541, *et seq.*, the Detroit City Council hereby timely disapproves the Emergency Manager's proposed transactions for the Lease of Belle Isle Park to the State of Michigan, officially transmitted on October 3, 2013; and BE IT FURTHER

RESOLVED, That, pursuant to Section 19(2) of Public Act 436 of 2012, the Local Financial Stability and Choice Act, MCL §141.1541, *et seq.*, the Detroit City Council has drafted a counter-proposal to be separately voted upon then transmitted to the Local Emergency Assistance Financial Loan Board for consideration; and BE IT FINALLY

RESOLVED, That a copy of this resolution be forwarded to Governor Snyder, Emergency Manager Orr, Mayor Dave Bing, the City's Program Management Director and the Director of the Recreation Department.

Adopted as follows:

Yeas — Council Members Cockrel, Jr., Jones, Spivey, Tate, Watson, and President Jenkins — 6.

Nays — None.

\*WAIVER OF RECONSIDERATION (No. 1) per motions before adjournment.

**RESOLUTION PURSUANT TO SECTION 19 OF PUBLIC ACT 436 OF 2012, THE LOCAL FINANCIAL STABILITY AND CHOICE ACT, MCL 141.1541 ET SEQ. ADOPTING AN ALTERNATIVE PROPOSAL FOR THE LEASE OF BELLE ISLE**

By ALL COUNCIL MEMBERS:

WHEREAS, Belle Isle is a rare gem in the City of Detroit's crown. For generations, it has been the destination for outdoor recreational activities, particularly in the summer months for family reunions and other social gatherings. Its rich history and unique place in our City's future is undisputed; and

WHEREAS, The Emergency Manager of the City of Detroit officially transmitted a long-term lease of Belle Isle to City Council for consideration on October 3, 2013, wherein the Michigan Department of Natural Resources (DNR) would assume responsibility for the management, operation and maintenance of the island and integrate it into the state park system. Although this is a highly sensitive and controversial topic, the commonality between the differing opinions on the future of Belle Isle is the recognition of the need for improved operational and physical enhancements and the desire to effectuate such improvements; and

WHEREAS, Precedent exists for this type of land transaction between the City and DNR. The Tri-centennial State Park & Harbor Lease was negotiated with the involvement of the City's Law Department for the DNR's operation of the first urban state park in the State of Michigan. This lease contained numerous provisions absent from the proposed Belle Isle Lease including requiring compliance with the Detroit Zoning Ordinance, advertising and signage restrictions and review by the parties of the performance under the lease to determine if it should be continued; and

WHEREAS, City Council raised numerous questions regarding the proposed lease of Belle Isle when it was first proposed in September, 2012 which have never been fully addressed; and

WHEREAS, The issues with the current proposed Lease include the following: length of the Lease term, legal description of the island, composition and role of the Advisory Committee, measure of performance, transition of personal property, requirement that the City continue to pay stormwater runoff fees which are and unbalanced terms relative to contracts, leases and third-party agreements. Additionally, it lacked: insurance requirements for contractors, compliance with the Detroit Zoning Ordinance, a dispute resolution process; and

WHEREAS, The alternative proposal being submitted to the Local Emergency Financial Assistance Loan Board for con-

sideration pursuant to MCL §141.1559 addresses these and other concerns by

- Re-inserting agreed-upon provisions regarding the term of the lease that were in the First Amended Lease.
- Re-inserting agreed-upon provisions regarding reporting requirements to the City that were in the First Amended Lease.
- Requiring a certified land survey and legal description of the island.
- Clarifying what is and what is not included in Park Revenue. For example, exempting revenue received from the cell tower leases and exempting such agreements from the Lease.
- Fine-tuning provisions relative to the DNR Sub-Account such as that it may only be used for Belle Isle and that any unexpended balance carries over to the next fiscal year.
- Restricting the park use to public recreation or supporting purposes consistent with the uses allowed in the Detroit Zoning Ordinance classification “PR-Park”.
- Prohibiting the use of Park Revenue or any property subject to the Lease to be security for obligations such as bonds.
- Balancing the appointments to the Advisory Committee between the Governor, Mayor and City Council.
- Providing additional clarity on the role and composition of the Advisory Committee.
- Deleting the provisions regarding stormwater fees the responsibility of the City. This was a significant and new addition to the Proposed Lease that had not been in any previous versions of the document.
- Strengthening historic preservation provisions by adding a separate paragraph and exhibit to the Lease.

WHEREAS, The revisions contained in the alternative proposal submitted by the Detroit City Council balance the terms between the Parties and contain reciprocal provisions that serve to protect both Parties more fully under the Lease. These revisions will also yield a more favorable financial result than the Lease proposed by the Emergency Manager and therefore, will better serve the residents and taxpayers of the City of Detroit; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby approves its alternative proposal for the Lease of Belle Isle; and BE IT FURTHER

RESOLVED, That the Detroit City Council will provide a statement with this resolution; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby directs that its alternative proposal be forwarded for consideration to the Local Emergency Financial Assistance Loan Board; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby urges the Local Emergency Financial Assistance Loan Board to adopt and implement its alternative proposal for the Lease of Belle Isle as best serving the public in the City of Detroit; and BE IT FINALLY

RESOLVED, That a copy of this resolution be forwarded to Governor Snyder, the Local Emergency Financial Assistance Loan Board, Emergency Manager Orr, Mayor Dave Bing, the City’s Program Management Director and the Director of the Recreation Department.

**DETROIT CITY COUNCIL STATEMENT ON BELLE ISLE LEASE AGREEMENT WITH THE STATE OF MICHIGAN**

October 14, 2013

Today, Detroit City Council approved a lease agreement between the City of Detroit and the State of Michigan. Consistent with Public Act 436, City Council disapproved the lease submitted by the emergency manager on October 3, 2013, and approved an alternative proposal, “that would yield substantially the same financial result as the action proposed by the emergency manager.”

The alternative proposal will now go to the local emergency financial assistance loan board, which will have 30 days to review both proposals. According to law, “the local emergency financial assistance loan board shall approve the proposal that best serves the interest of the public in that local government.” In other words, the board shall approve the proposal that best serves the interest of the citizens of Detroit.

Many of the changes in the alternative proposal include the following:

- **Section 4.1 Term:** Initially the lease was for a term of 30 years with two 15 year automatic renewals. The current lease is for a term of 10 years, with an option to renew for two additional 10 year periods.

- **Section 6.2 Park Improvements and Alternatives:** Under this section, failure of the State to substantially meet the projected timelines for park improvements under the “Phased Management Approach” in Exhibit E shall be deemed a material breach of the lease.

- **Section 6.5.1 Stormwater Fees:** All fees associated with stormwater runoff for the park will be paid by the State. This is a significant financial benefit to the City because stormwater fees have ranged from one and a half, to two and a half million dollars (\$1.5 to 2.5 million) annually.

- **Section 2.3 Operation as a State Park:** Restricts the use of Belle Isle to its

zoning classification and use for public recreation and supporting purposes. This ensures that Belle Isle's intended use, as a park, will continue.

• **Section 2.11 Reports:** Requires semi-annual reports to the Mayor and City Council, as well as an appearance before City Council twice annually.

• **Section 2.12 Advisory Committee:** The advisory board will have seven (7) members: two (2) appointed by the Governor; two (2) appointed by the Mayor; two (2) appointed by City Council; and one joint appointment by the Governor and the Mayor. It also requires that at least four (4) of the seven (7) committee members be Detroit residents. In addition to its other responsibilities, the advisory board will work with the City and State to develop and implement a cultural sensitivity training for all Belle Isle Park personnel.

• **Section 3.2.3 Vendor Contracts:** The State will undertake outreach efforts to include Detroit Based Businesses in the State's bidding process.

• **Section 3.5 Lessee's Park Staff:** An outreach plan which includes Michigan Works!, Detroit Workforce Development Department, Detroit Employment Solutions Corporation and other local agencies to increase the hiring of Detroit residents.

• **Section 4.2 Grant Obligations:** Any long-term obligation that binds the City beyond the terms of the lease must be approved by the City.

• **Section 6.2.1 Historic Preservation:** This section was added to protect the historic designation of the island, as well as the more than hundred (100) historically designated structures on the island.

• **Section 9.1.2 Dispute Resolution and Mediation Process:** This section was added so that in the event of a dispute, default, or breach arising out of the terms of this lease there is a dispute resolution and mediation process that both parties agree to.

• **Section 9.5.2 Unfair Labor Practices:** This section was amended so that the State and/or the City may void this lease if any of the State or City's contractors, subcontractors, manufacturers or suppliers appear in the register compiled pursuant to 1980 PA 278 (employers Engaging in Unfair Labor Practices Act).

As required by Public Act 436, the alternative proposed lease approved by City Council for submission to the local emergency financial assistance loan board best serves the interest of the citizens in the City of Detroit. It yields substantially the same financial result as the action proposed by the emergency manager.

And the Council then adjourned.

SAUNTEEL JENKINS,  
President

JANICE M. WINFREY,  
City Clerk

September 3, 2013

Honorable City Council:

Re: Transfer of Jurisdiction / Surplus of Real Property. 77 E. Canfield, Detroit, MI.

The Public Lighting Department ("PLD") has recently requested that the Finance Department transfer jurisdiction of 77 E. Canfield to the Planning & Development Department ("P&DD") for the purposes of P&DD's surplus and sale of the property.

77 E. Canfield is a paved parking lot that sits next to a PLD substation at 75 E. Canfield. The parking lot is currently utilized, with the permission of PLD, for parking by a commercial development that sits on the other adjacent side of the property. The development owner, Mid-Med Lofts, LLC, has approached PLD with interest in purchasing the property. The PLD property is not needed to continue the operation of any City owned public utility and the property is not essential to the City, therefore it is in the best interests of the City to sell the property.

PLD shall access its substation via E. Canfield, however right of access to the substation via 77 E. Canfield shall be reserved until such time as the substation is decommissioned.

Pursuant to Sec. 14-8-3 of the Detroit City Code, it is hereby requested by the Finance Department that Detroit City Council approve the transfer of jurisdiction over 77 E. Canfield to P&DD. Additionally, pursuant to Sec. 14-8-4, it is hereby requested by P&DD that the real property at 77 E. Canfield be deemed surplus and available for sale.

**Detroit Police Department**

September 6, 2013

Honorable City Council:

Re: Request Permission to Enter into a Frequency Cancellation Agreement with Sprint Nextel.

On June 4, 2013, Sprint - Spectrum Development addressed a letter to Detroit Police Department Technical Services Bureau Director Scott Hayes. In the letter, it indicated that approval from the 800 MHz Transition Administrator for the Frequency Cancellation Agreement (FCA) between Nextel Corp. and the City of Detroit was approved. Attached to the letter were (4) FCAs requiring the signature of the Chief of Police.

Per Director Hayes' recommendation, these Agreements need to be endorsed so the City can surrender and cancel certain older frequencies and replace them with a newer system in accordance with the Federal Communications Commission (FCC) requirements. For the City of Detroit  
Pursuant to Michigan Public Act 436 of 2012,  
Kevyn D. Orr, the Emergency Manager,  
Issues the Following Order:

Whereas, On March 28, 2013, Michigan Public Act 436 of 2012 ("PA 436") became effective and Kevyn D. Orr became the Emergency Manager ("EM") for the City of Detroit (the "City") with all the powers and duties provided under PA 436; and

Pursuant to section 9(2) of PA 436, the EM "shall act for and in the place and stead of" the Detroit Mayor and City Council; and

Section 9(2) of PA 436 also grants the EM "broad powers in receivership to rectify the financial emergency and to assure the fiscal accountability of the [City] and the [City's] capacity to provide or cause to be provided necessary governmental services essential to the public health, safety, and welfare;" and

Pursuant to section 10(1) of PA 436, the EM may "issue to the appropriate local elected and appointed officials and employees, agents, and contractors of the local government the orders the emergency manager considers necessary to accomplish the purposes of [PA 436], including, but not limited to, orders for the timely and satisfactory implementation of a financial and operating plan" or "to take actions, or refrain from taking actions, to enable the orderly accomplishment of the financial and operating plan;" and

Section 12(1)(a) of PA 436 authorizes the EM, "notwithstanding any charter provision to the contrary," to "[a]nalyze the factors and circumstances contributing to the financial emergency of the local government and initiate steps to correct the condition;" and

Section 12(1)(b) of PA 436 authorizes the EM, "notwithstanding any charter provision to the contrary," to "[a]mend, revise, approve, or disapprove the budget of the local government, and limit the total amount appropriated or expended;" and

Section 12(1)(c) of PA 436 authorizes

the EM, "notwithstanding any charter provision to the contrary," to "[r]eceive and disburse on behalf of the local government all federal, state, and local funds earmarked for the local government. These funds may include, but are not limited to, funds for specific programs and the retirement of debt;" and

Section 12(1)(g) of PA 436 authorizes the EM, "notwithstanding any charter provision to the contrary," to "[m]ake, approve, or disapprove any appropriation contract, expenditure, or loan...;" and

Section 12(1)(u) of PA 436 authorizes the EM, "notwithstanding any charter provision to the contrary," to "authorize the borrowing of money[, subject to Section 19 of PA 436.] by the local government as provided by law" (a Proposed Transaction"); and

Section 12(1)(ee) of PA 436 authorizes the EM, "notwithstanding any charter provision to the contrary," to "[t]ake any other action or exercise any power or authority of any officer, employee, department, board, commission, or other similar entity of the local government, whether elected or appointed, relating to the operation of the local government. The power of the [EM] shall be superior to and supersede the power of any of the foregoing officers or entities;" and

Pursuant to section 19(1) of PA 436, the EM, before executing the Proposed Transaction, "shall submit the [Proposed Transaction] to the governing body of the local government [which] shall have 10 days from the date of submission to approve or disapprove the [Proposed Transaction]. If the governing body of the local government does not act within 10 days, the [Proposed Transaction] is considered approved by the governing body of the local government and the emergency manager may then execute the [Proposed Transaction];" and

Pursuant to Section 19(2) of PA 436, "[i]f the governing body of the local government disapproves a [Proposed Transaction] within 10 days, the governing body of the local government shall, within 7 days of its disapproval of the [Proposed Transaction], submit to the local emergency financial assistance loan board an alternative proposal that would yield substantially the same financial result as the [Proposed Transaction]. The local emergency financial assistance loan board shall have 30 days to review both the alternative proposal submitted by the governing body of the local government and the [Proposed Transaction] and to approve either the alternative proposal submitted by the governing body of the local government or the [Proposed Transaction]. The local emergency financial assistance loan board shall approve the proposal that best serves the interest of the public in that local government;" and

Pursuant to section 36a of the Home Rule City Act, Public Act 279 of 1909 (the "Home Rule City Act"), the City is authorized to issue one or more series of Financial Recovery Bonds; and

On July 18, 2013 (the "Petition Date"), the City filed a petition for relief pursuant to chapter 9 of title 11 of the United States Code, 11 U.S.C. §§ 101-1532 (as amended, the "Bankruptcy Code") in the United States Bankruptcy Court for the Eastern District of Michigan (the "Bankruptcy Court"); and

In its bankruptcy case, the City filed its Motion for Entry of an Order (I) Authorizing the Assumption of that Certain Forbearance and Optional Termination Agreement Pursuant to Section 365(a) of the Bankruptcy Code, (II) Approving Such Agreement Pursuant to Rule 9019 of the Federal Rules of Bankruptcy Procedure, and (III) Granting Related Relief (the "Settlement Motion"), which motion is currently pending before the Bankruptcy Court; and

Pursuant to the Settlement Motion, the City is seeking the Bankruptcy Court's approval of the Forbearance and Optional Termination Agreement dated as of July 15, 2013, among the City, the Emergency Manager of the City, the Detroit General Retirement System Service Corporation, the Detroit Police and Fire Retirement System Service Corporation, on the one hand, and UBS AG and Merrill Lynch Capital Services, Inc., on the other (as amended, the "Forbearance Agreement"), pursuant to which, if approved by the Bankruptcy Court, the City would have the option to have UBS AG and Merrill Lynch Capital Services, Inc. terminate certain swap agreements (the "Swap Agreements") with the Detroit General Retirement System Service Corporation and the Detroit Police and Fire Retirement System Service Corporation at a market discount rate; and

On or around October 7, 2013, the City reached agreement on the material terms of a secured financing transaction, which such material terms are identified on the term sheets attached hereto as Exhibit A (the "Term Sheets"), with the lenders party to such Term Sheets (the "Lenders"); and

The EM believes that it is in the best interests of the City and its residents to obtain secured financing consistent with the Term Sheets ("Secured Financing") to address the objectives of PA 436, advance its chapter 9 restructuring efforts and promote the health, safety and welfare of the residents of the City consistent with the restructuring proposals set forth in the City's June 14, 2013, Proposal for Creditors; and

The EM anticipates using the Secured Financing to restructure and eliminate certain of the City's debts and fiscal oblig-

ations, including, but not limited to, the obligations of the City in connection with the Swap Agreements. The EM also expects to use the Secured Financing to advance certain key investment initiatives of the City, including, but not limited to, essential investments in blight removal, public safety and technology infrastructure; and

The EM further believes that (a) it is necessary and appropriate in connection with the City's restructuring efforts, and to promote the goals of the such restructuring, to pursue the Secured Financing; (b) the City should be authorized, consistent with the terms of this Order, to negotiate, document, and execute such documents as may be necessary or appropriate to effectuate the Secured Financing and to consummate the transactions contemplated by the Term Sheets; and (c) pursuing the foregoing will directly benefit the City, its creditors, residents, and other interested parties.

**It is hereby ordered that:**

1. Notwithstanding any ordinance or resolution of the City the contrary, the Term Sheets are hereby approved in all respects in accordance with this Order. The Secured Financing shall be issued pursuant to this Order as one or more series of Financial Recovery Bonds pursuant to section 36a of the Home Rule City Act, Public Act 279 of 1909 (the "Home Rule City Act").

2. The Secured Financing shall be issued in an aggregate principal amount not to exceed \$350,000,000 and is payable AND SHALL BE SECURED as provided in the Term Sheets. The annual interest rate on the Secured Financing shall not exceed the maximum rate permitted by law. The Secured Financing shall be sold at a price not less than 80% of the principal amount of the Secured Financing.

3. The City's Chief Financial Officer, Finance Director, financial advisors, consultants, outside legal advisors, and other officers and employees of the City as applicable (collectively, the "Authorized Parties") are hereby authorized and directed, on behalf of, and in the name of the City, to take all actions as may be deemed advisable by such parties, under applicable law or otherwise, to authorize the Secured Financing, including any actions required under PA 436 set forth above and any actions required under the Bankruptcy Code in the City's bankruptcy case.

The Authorized Parties are further authorized in connection with the Secured Financing to make determinations of useful life as needed to issue a portion of the Secured Financing as federal tax exempt.

5. The Authorized Parties are hereby authorized to negotiate, document, revise, and amend any Financing Documents (as defined below) as may be necessary or appropriate to effectuate the Secured Financing and to consummate the transactions contemplated by the Term Sheets.

6. The Finance Director, or such other party as the EM may designate, is hereby authorized to execute and deliver from time to time on behalf of the City such documents, agreements, instruments, certificates, and notices as may be advisable, desirable, appropriate, or otherwise necessary in connection with and to effectuate the Secured Financing (collectively, the "Financing Documents"), each of which shall be in such form and substance as may be acceptable to the EM.

7. Notwithstanding any ordinance or resolution of the City the contrary, the entry into the Financing Documents by the City, and the City's incurrence of indebtedness thereunder shall be, and hereby are, authorized, ratified, and approved. It is determined to be a necessary public purpose for the health, safety, and welfare of the citizens of the City to enter into the Secured Financing.

Any and all actions taken or to be taken by the City consistent with this paragraph 8 are hereby authorized, ratified, and approved.

9. Notwithstanding any ordinance or resolution of the City the contrary, the City may grant a claim in favor of the Lenders in respect of the obligations owing by the City under the Financing Documents with priority over all other postpetition claims and all prepetition unsecured claims, pursuant to 11 U.S.C. §§ 364(c), 503 and 507(a)(2), and subject to the approval of the Bankruptcy Court. Any and all actions taken or to be taken by the City consistent with this paragraph 9 are hereby authorized, ratified, and approved.

10. The City hereby appoints Barclays Capital, Inc. to serve as the City's arranger to raise the capital necessary for the City to exit from bankruptcy protection and the city is hereby authorized to pay such fees and expenses to Barclays Capital, Inc. as may be agreed by the City in exchange for such services.

11. For any portion of the Secured Financing, if it is necessary or advisable, the Authorized Parties are hereby authorized to enter into an undertaking for the benefit of the holders and beneficial owners of the Secured Financing pursuant to Rule 15c2-12 of the U.S. Securities and Exchange Commission, and the same is authorized to approve and execute such undertaking prior delivery of such financing.

1. PARTIES AND TRANSACTIONS

Issuer: The City of Detroit (the "City"). On July 18, 2013 (the "Petition Date"), the City filed a voluntary petition for relief under chapter 9 of title 11 of the United States Code, 11 U.S.C. §§ 101-1532 (as amended, the "Bankruptcy Code"), in the U.S. Bankruptcy Court for the Eastern District of Michigan (the "Bankruptcy Court"). The City's bankruptcy case bears case number 13-53846 (the "Bankruptcy Case") and has been assigned to the Honorable Steven W. Rhodes. The order for relief has not yet been entered; objections are pending.

Purchaser and Sole Lead Arranger: Barclays Capital Inc.

Note Agent: Barclays Capital Inc.

2. TYPE AND AMOUNT OF FACILITY

Type and Amount: A Note Purchase Agreement governing the one-time purchase of a security structured as a senior secured superpriority Chapter 9 debtor financing under section 364(c) of the Bankruptcy Code (the "Swap Termination Note" or the "Note" and, together with the Quality of Life Note, the "Post-Petition Facility") in an aggregate principal amount sufficient to pay amounts required under the Forbearance and Optional Termination Agreement dated as of July 15, 2013, among the City, the Emergency Manager of the City, the Detroit General Retirement System Service Corporation, the Detroit Police and Fire Retirement System Service Corporation, on the one hand, and UBS AG and Merrill Lynch Capital Services, Inc., on the other (as amended, the "Forebearance Agreement") to terminate the underlying swaps. The sum of the amount of the Swap Termination Note and the amount of the Quality of Life Note

shall not exceed \$350,000,000 (the "Facility Amount").

Purposes: The Swap Termination Note may be used by the City to pay amounts required under the Forbearance Agreement to terminate the underlying swaps as approved by the Bankruptcy Court.

Maturity: The Note will mature on the earliest to occur of (a) dismissal of the Bankruptcy Case, (b) the effective date of a plan of adjustment for the City, (c) the date on which maturity of the Note is accelerated pursuant to the ST Note Documents and (d) the date that is two years and six months after the Closing Date (hereunder defined) (in any event, the "Maturity Date").

Tax-exemption of Interest: To be determined.

Closing Date: The Closing Date shall be not later than the second business day after the last to occur of (i) the Bankruptcy Court having entered an order in form and substance satisfactory to the Purchaser (the "Post-Petition Financing Order"), authorizing the Post-Petition Facility, authorizing the City to enter into the ST Note Documents and authorizing and directing the City to perform its obligations thereunder that has not been stayed, reversed or vacated and shall not have been amended, supplemented or otherwise modified without the prior written consent of the Purchaser, (ii) the Bankruptcy Court having entered an order for relief in the Bankruptcy Case and (iii) the date on which all conditions precedent to the issuance of the Note under the ST Note Documents and the issuance of the Quality of Life Note are satisfied and the Quality of Life Note shall have been issued in accordance with the terms of the QOL Note Documents (as defined below).

Note Purchase Date: The Closing Date.

### 3. CERTAIN PAYMENT PROVISIONS

Scheduled Amortization of Principal: None prior to the Maturity Date.

Spread: 250 basis points, subject to the terms of the Default Interest Rate set forth below.

Note Interest Rate: 1-month LIBOR plus the Spread. LIBOR at all times shall include statutory reserves and shall be deemed to be not less than 1.00% per annum. The Post-Petition Facility shall be subject to market flex provisions.

Default Interest Rate: Upon the occurrence of an Event of Default, including the failure by the City to redeem the Note in full on the Maturity Date, at the election of the Purchaser, the initial Spread shall be increased by 200 basis points.

Interest Payment Date: Each LIBOR reset date, the date of any redemption of the Note (in whole or in part) and the Maturity Date. Interest shall be calculated on the basis of the actual number of days elapsed in a year of 360 days.

Optional Redemption: The Note may be called for redemption in whole or in part on any business day upon 10 business days' prior written notice (i) at any time on or before the first anniversary of the Closing Date, at a redemption price of 100% of the principal amount, plus accrued and unpaid interest and a make-whole premium (which shall be the amount of interest to and including the first anniversary of the Closing Date calculated at the then-current Note Interest Rate) and (ii) at any time after the first anniversary of the Closing Date, at a redemption price of 100% of the principal amount, plus accrued and unpaid interest, without premium or penalty. Notwithstanding the foregoing, partial redemptions funded by Asset Proceeds Collateral (as defined below) not required to be used to redeem the Note may occur without premium or penalty at any time upon 10 business days' prior written notice.

Mandatory Redemption: The City shall utilize all net proceeds of the voluntary disposition or monetization of any City owned asset (the "Asset Proceeds Collateral") which generates net cash proceeds exceeding \$10 million to redeem the Note and the Quality of Life Note on a ratable basis upon 10 business days' prior written notice to the Purchaser as and when such net proceeds are received by the City. Principal outstanding in respect of the Note will be due and payable in full upon the Maturity Date.

Assignment and Participation: The Purchaser may assign all or a portion of the Note to a group of banks, financial institutions and other institutional lenders identified by the Purchaser in consultation with and with the consent of the City, such consent not to be unreasonably withheld, delayed or conditioned (it being agreed that the City's consent shall be deemed to have been given if the City has not responded within five (5) business days of an assignment request). In addition, the Purchaser shall be entitled to sell participation in the Note without the consent of the City.

### 4. COLLATERAL AND PRIORITY

Collateral: The obligations owing by the City under the Post-Petition Facility with respect to the Swap Termination Note shall, pursuant to section 364(c) of the Bankruptcy Code, be secured by a first priority lien on: (i) the Asset Proceeds Collateral and (ii) income tax revenues of the City (the "Pledged Income Tax Revenue") and together with the Asset Proceeds Collateral, the "Swap Termina-

tion Note Collateral"). The lien on the Asset Proceeds Collateral shall also secure the Quality of Life Note on a pari passu basis. The Quality of Life Note shall be secured by a second lien on the Pledged Income Tax Revenue.

The ST Note Documents will require that the Pledged Income Tax Revenue be deposited into one or more bank accounts (such bank accounts, the "Income Tax Revenue Accounts"), which bank accounts shall be subject to control agreements in favor of the Purchaser, provided, however, that the ST Note Documents shall limit the amount of Pledged Income Tax Revenue required to be applied to the outstanding amounts owing with respect to the Swap Termination Note during the continuation of an Event of Default to \$4 million per month. The City shall be authorized to use all other Pledged Income Tax Revenue to fund the operations of the City, without limitation, during the continuation of an Event of Default.

The Post-Petition Financing Order shall provide, among other things, that it constitutes sufficient and conclusive evidence of the validity, perfection, priority and enforceability of the liens granted thereunder, with the priority described therein, without the necessity of filing or recording any statement, mortgage, notice or other instrument or document which may otherwise be required under state or other non-bankruptcy law.

**Super-Priority of Note:** Pursuant to Bankruptcy Code sections 364(c), 503 and 507(a)(2), the Note shall have priority over all administrative expenses, over all other postpetition claims and over all prepetition unsecured claims.

**Events of Default:** Usual for municipal financings, and others to be reasonably specified by the Purchaser, including, without limitation, nonpayment of principal, interest or other amounts; non-performance of covenants and obligations; incorrectness of representations and warranties in any material respect; cross default in respect of a payment or payments of post-petition debt exceeding \$25 million or cross acceleration in respect of post-petition debt in an outstanding aggregate principal amount exceeding \$25 million; material post-petition judgments involving liability in an amount exceeding \$25 million; actual or asserted invalidity or unenforceability of any ST Note Document; written assertion by an authorized officer of the City (or any person or entity acting on behalf of or having jurisdiction over the City) that any ST Note Document or court order with respect thereto is invalid or otherwise not binding on the City; dismissal of the Bankruptcy Case; reversal or modification in a manner adverse to the Purchaser of the order for relief by entry of an order that is not

stayed; the City's filing of, consent to or lack of timely opposition to a motion seeking dismissal of the Bankruptcy Case; granting of any super-priority claim (other than as permitted under the ST Note Documents); entry of an order without the prior written consent of the Purchaser amending, supplementing or otherwise modifying the Post-Petition Financing Order in a manner adverse to the Purchaser, or reversal, vacation or stay of the effectiveness of the Post-Petition Financing Order; cessation of liens or super-priority claims granted in respect of the Note to be valid, perfected and enforceable in all respects with the priority described herein; failure of the Pledged Income Tax Revenue to maintain a minimum level of receipts of \$30 million for any rolling 3-month period and the Income Tax Revenue Accounts to maintain a minimum aggregate value of \$5 million at all times; and the city ceases to be under the control of an emergency manager for a period of thirty (30) days unless a Transition Advisory Board or consent agreement reasonably determined by the Purchaser to ensure continued financial responsibility shall have been established.

**Remedies:** Upon any Event of Default, the Purchaser may declare the principal of the Note to be immediately due. Payment of such accelerated principal shall be made by the City on a monthly basis on a level debt basis equivalent to \$4 million per month, plus the pro-rata proceeds of any Asset Proceeds Collateral.

**Prohibition of Additional Borrowings:** The City will covenant that it will not obtain or seek to obtain any additional financing, including without limitation, any additional swap transaction, that (a) would have a senior payment priority to the Post-Petition Facility or (b) is secured by a lien on any of the collateral securing the Post-Petition Facility. The Post-Petition Financing Order shall provide, among other things, that no Asset Proceeds Collateral shall be used for any purpose other than the payment of amounts outstanding in respect of the Swap Termination Note or the Quality of Life Note.

Bankruptcy Court to enter the Post-Petition Financing Order and to enforce the City's obligations thereunder.

Restrictions on Dismissal of Bankruptcy Case: The Post-Petition Financing Order will require payment of all amounts outstanding under the Post-Petition Facility prior to and notwithstanding dismissal of the Bankruptcy Case, unless otherwise agreed to by the Purchaser, and that the Bankruptcy Court or the United States District Court for the Eastern District of Michigan shall retain jurisdiction to enforce the Post-Petition Financing Order. The City will covenant that it will not seek to invalidate or refute the enforceability of any ST Note Document or the Post-Petition Financing Order, notwithstanding the dismissal of the Bankruptcy Case.

Absence of Fiduciary Relationship: The City acknowledges that the transactions described in this document are arms'-length commercial transactions and that the Purchaser is acting as principal and in its best interests. The City is relying on its own experts and advisors to determine whether the transactions described in this document are in its best interests. The City agrees that the Purchaser will act under this document as an independent contractor and that nothing in this document, the nature of the Purchaser's services or in any prior relationship will be deemed to create an advisory, fiduciary or agency relationship between the Purchaser, on the one hand, and the City, on the other hand. **NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

**1. PREMISES**

1.01 Lessor does, subject to the terms, covenants and conditions of this Lease, hereby let the premises to the Lessee. Lessee shall have exclusive use of the Premises for operation of a Full Service One-Stop Center.

**2. TERM OF LEASE**

2.01 The term of this Lease shall be for three (3) years commencing on November 1st, 2013 and expiring at midnight on October 31st, 2016 ("Lease Term") unless otherwise terminated pur-

suant to the provisions of this Lease. Lessee is to return the Premises to Lessor in broom sweep condition.

### **3. OPTION TO EXTEND**

**3.01** The Lease Term may be extended upon mutual agreement of both parties for two (2) additional one (1) year terms by delivery by the Lessee to the Lessor, within one hundred twenty (120) days of the expiration of the then current Lease Term due to expire, a letter indicating Lessee's desire to begin negotiations regarding the option to extend the Lease for another one (1) year period. Within thirty (30) days of the expiration of the then current Lease Term due to expire, the Lessee shall give the Lessor a final decision on Lessee's willingness to extend the Lease Term. The term "Lease Term" shall include the initial and any extended terms of this Lease. Rent for each extended term shall be negotiated prior to the commencement of the extended term. Each one (1) year extended term shall require a written amendment to this lease, as well as separate approval by Detroit City Council to be effective.

### **4. RENT**

**4.01** The Lessee shall pay the Lessor as rent the sum of two hundred thirty one thousand seven hundred fifteen and 00/100 dollars (\$231,715.00) per year ("Rent"). ### **5. TAXES AND UTILITY CHARGES**

**5.01** Rent for the Premises, as set forth above, includes general utilities such as water and sewer, gas and electric. However, Rent does not include telephone and internet charges, which shall be at the sole cost of the Lessee. Any and all telephone and internet charges for the Premises shall be paid directly to the respective utility company by Lessee.

**5.02** Rent for the premises does not include taxes, and Lessee may be required to remit additional amounts for taxes. The above notwithstanding, Lessee will pay when due all taxes assessed specifically against Lessee for Lessee's personal property or equipment on the premises.

### **6. AUTHORIZED USE**

**6.01** The Lessee shall use and occupy the premises to administer and operate a Full Service One-Stop Center for use of Lessee and its clients.

It is understood and agreed between the parties hereto that said Premises during the Lease Term shall be used and occupied for workforce development activities as defined by the Workforce Investment Act, hereinafter referred to as the "WIA", and similar regulations and for no other purpose or purposes without the written consent of the Lessor, and that the Lessee will not use the Premises for any purpose in violation of any law, municipal ordinance or regulation; shall not commit nor permit waste or damage to the Premises; shall, at its sole cost and expense, comply with and obey all present and future laws, regulations or orders of any governmental authority, agency, department, commission, board or any other body which shall impose any violation, order or duty upon Lessor or Lessee with respect to the Premises, or if arising out of Lessee's use or manner of use of the Premises, with respect to the Premises; shall comply with and obey all directions of the Lessor, including any reasonable rules and regulations implemented from time to time by Lessor on reasonable notice to Lessee, provided that such directions, rules or regulations do not interfere with the Lessee's ability to conduct its business.

The Lessee shall procure, at its sole expense, any governmental license or permit required for the proper and lawful conduct of the Lessee's business or other activity carried on in accordance with the above use.

### **7. INSURANCE**

**7.01** The Lessee shall assume all risks of operation and maintain at its expense during the term of the Lease the following insurance:

(a) Worker's Compensation for Employees which meets Michigan's statutory requirements and Employer's liability insurance with minimum limits of \$100,000.00 per accident. The Lessee agrees that it will obtain a similar covenant with respect to workers' compensation from any subcontractor retained by it to render any of the approved services.

(b) Comprehensive General Liability including Products Liability. The City of Detroit shall be an additionally named insured, with minimum limits of \$1,000,000.00 each occurrence for bodily injury, and \$300,000.00 each occurrence for property damage.

(c) The Lessee shall maintain at its sole cost and expense adequate fire and extended coverage insurance on the Premises and the equipment, fixtures, and other property located therein (if any),

boiler insurance, plate glass insurance and such other types of insurance as are usually carried by owners of like property.

7.02 Certificates of insurance shall be furnished to the Lessor per Section 13.01 and to the Lessor via the City of Detroit Finance Department, Voucher Audit Section, 1200 Coleman A. Young Municipal Center, Detroit, MI 48226, as evidence of such coverage before the Lessee commences performance of the Lease. The Lessee shall furthermore hold the Lessor harmless against any and all loss, damage or injury arising out of or in the course of the Lessee's activities; including but not limited to, any deductible on the aforementioned insurance policies, except to the extent that such loss, damage or injury is caused by, in whole or in part, the acts or omissions of Lessor, its agents, employees, and/or contractors. The Lessor shall be an additionally named insured on all Certificates of Insurance.

7.03 If during the Lease Term, changed conditions or other pertinent factors, should in the reasonable judgment of the Lessor, render inadequate the insurance limits stated above, the Lessee shall furnish on demand such additional coverage as may reasonably be required under the circumstances. All such additional insurance shall be effected at the Lessee's expense, under valid and enforceable policies issued by insurers of recognized responsibility which are well-rated by national rating organizations and are reasonably acceptable to the Lessor.

7.04 Said policies shall name the Lessee as the insured and the Lessor as an additional insured and shall be accompanied by a commitment from the insurer that such policies shall not be canceled or reduced without at least thirty (30) days prior notice to the Lessor.

7.05 The Lessee shall be responsible for payment of all deductibles contained in any insurance required of the Lessee hereunder.

7.06 The provisions requiring the Lessee to carry such insurance shall not be construed in any manner as waiving or restricting the liability of the Lessee under this Lease.

**8. INDEMNITY**

8.01 The Lessee shall indemnify and save harmless the Lessor and all other associated, affiliated, allied or subsidiary entities or commissions now existing or hereafter created, their agents and employees against and from any and all liabilities, obligations, damages, penalties, claims, costs, charges and expenses (including, without limitation, reasonable fees and expenses of attorneys, expert witnesses, architects, engineers and other consultants) which may be imposed upon, incurred by or asserted against Lessor by reason of any of the following

occurring on the premises or Property during the Lease Term:

(a) any work, act, error, omission or thing done in or about the premises, any part thereof or affecting same, by Lessee, its agents, subcontractors, employees, licensees or invitees, or any entities associated, affiliated or subsidiary to Lessee, their agents and employees (herein collectively called "Associates") for whose acts any of them might be liable;

(b) any use, nonuse, possession, occupation, condition, operation, maintenance or management of the Premises, Property or any part thereof or any street, alley, sidewalk, curb, passageway, parking lot or space adjacent thereto, or of Lessee equipment;

(c) any negligent or tortious act or omission of Lessee, Lessee's Associates or sublessees of Lessee;

(d) any accident, injury or damage to any person or property occurring on the Premises or Property;

(e) any failure by Lessee to perform its obligations under this Lease; and

(f) any loss or expense incurred by an employee of the Lessor which arises out of or pursuant to the Lessee's performance under this Lease.

The laws of the State of Michigan, as interpreted by a Michigan court of law, shall be applied to determine percentages of fault resulting from claims successfully adjudicated for damages by third parties against Lessee and Lessor.

8.02 The Lessee has examined and inspected the Premises and takes same "AS IS". The Lessor has made no warranties or representations of whatever nature in connection with the condition of the Premises or Property, and the Lessor shall not be liable for any defects contained therein.

8.03 The Lessee agrees that it is its responsibility to safeguard its property and equipment that it or its Associates use or have in their possession on or about the Premises or Property; provided, further, the Lessee agrees to hold the Lessor harmless for any loss of such property or equipment. Further, except as otherwise provided herein, the Lessor shall not be responsible or liable to the Lessee for any loss or damage that may be occasioned by or through the acts or omissions of persons occupying adjoining premises or any part of the premises adjacent to or connected with the Premises hereby leased or any part of the property in which the Premises are a part, or from any loss or damage resulting to the lessee, or its property, from roof or wall leaks or bursting, stoppage, or leaking of water, gas, sewer or steam pipes, and the like, or for any damage or loss of property within the Premises from any other cause whatsoever.

8.04 The Lessee shall indemnify

Lessor for all costs and expenses, including, without limitation, reasonable fees and expenses of attorneys, expert witnesses, architects, engineers and other consultants, incurred by the Lessor in obtaining possession upon the earlier termination of the Lease term due to Lessee's abandonment or in enforcing any obligation of Lessee under this Lease.

8.05 The indemnification obligation under this Article shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for the Lessee under worker's compensation acts or other employee benefit acts.

#### 9. TERMINATION

9.01 The Lessee may terminate this Lease at its convenience at any time during the Lease Term by giving a written Notice of Termination at least sixty (60) days before the effective date thereof. Lessee may also terminate this Lease by issuing a Notice of Termination to the Lessor at least thirty (30) days before the effective date thereof should the Lessor be in default or violate any term or obligation of this Lease and fail to cure such default within thirty (30) days after notice thereof, or extension as approved by the Lessee.

9.2 The Lessor may terminate this Lease at its convenience at any time during the Lease Term by giving a written Notice of Termination at least sixty (60) days before the effective date thereof. Lessor may also terminate this Lease by issuing a Notice of Termination to the Lessee at least thirty (30) days before the effective date thereof should the Lessee be in default, which includes the nonpayment of Rent, or violate any term or obligation of this Lease and fail to cure such default within thirty (30) days after notice thereof, or extension as approved by the Lessor.

#### 10. LIENS

10.01 Lessee shall keep the Premises free from any and all liens arising out of any work performed, materials furnished, or obligations incurred by or for Lessee.

10.02 In the event that the Premises or any part thereof or Lessee's leasehold interest therein shall, at any time during the Lease Term, become subject to any vendor's mechanic's, laborer's, material man's or other lien, encumbrance or charge based upon the furnishing of materials or labor to or for the benefit of Lessee, Lessee shall cause the same, at its sole cost and expense to be satisfied or discharged within ten (10) days after notice thereof to Lessee given by or on behalf of the lienor. The failure to discharge such a lien by Lessee shall be considered an event of default under the terms of this Lease.

10.03 Before commencing any Improvements to the Premises or Property,

as defined below, Lessee shall show it has sufficient funds to complete such Improvements in a lien-free manner. Lessee shall at its expense provide payment and performance bonds as required by State statute.

#### 11. MAINTENANCE AND REPAIRS; DAMAGE AND DESTRUCTION

11.01 The Lessor shall keep and maintain in good order and repair, (including replacement of parts and equipment if necessary) the Premises and all appurtenances wherever located, all plumbing and sewage facilities within the Premises, including free flow up to the main sewer line, fixtures, heating and air-conditioning and electrical systems, sprinkler systems, walls, floors and ceilings, glass and all other non-structural repairs, replacements, renewals, and restorations, interior and exterior.

Lessor and its authorized representatives shall have the right to enter the Premises at all reasonable times during normal business hours for the purpose of examining or inspecting the Premises for compliance with this provision. Lessor may, after not less than ten (10) days' prior written notice to Lessee, perform any repair which Lessor is responsible for under this Lease. The Lessor may proceed without notice to correct any emergency necessitating immediate attention.

11.02 (a) Lessee shall promptly give notice to Lessor if, during the Lease Term, the Premises or any equipment shall be damaged or destroyed by fire or other casualty, specifying the date, nature and extent of such damage or destruction; and Lessee shall take whatever steps as may be necessary to prevent further damage or destruction to the Premises or equipment which could result from such fire or other casualty.

(b) If, during the term of this Lease, the Premises are damaged by fire or other insured casualty, Lessor will give Lessee written notice of the time which will be needed to repair such damage within thirty (30) days after the fire or other insured casualty ("Notice Date"). If the Premises are damaged by fire or other insured casualty to an extent which may be repaired within one hundred twenty (120) days after the Notice Date, as reasonably determined by Lessor, Lessor will promptly begin to repair the damage after the Notice Date and will diligently pursue the completion of such repair. In that event this Lease will continue in full force and effect that Rent will be abated on a pro rata basis from the date of the damage until the date of the completion of such repairs ("Repair Period") based on the proportion of the usable area of the Premises that Lessee is unable to use during the Repair Period as it relates to the total amount of usable area that is leased by Lessee.

(c) If the Premises are damaged by fire

or other insured casualty to an extent that may not be repaired within one hundred twenty (120) days after the Notice Date, as reasonably determined by Lessor, then: (i) Lessor may cancel this Lease as of the date of such damage by written notice given to Lessee on or before the Notice Date; or (ii) Lessee may cancel this Lease as of the date of such damage by written notice given to Lessor within ten (10) days after Lessor's delivery of a written notice that the repairs cannot be made within such one hundred twenty (120)-day period. If neither Lessor nor Lessee so elected to cancel this Lease, Lessor will diligently proceed to repair the Premises, and Rent will be abated on a pro rata basis during the Repair Period based on the proportion of the usable area of the Premises that Lessee is unable to use during the Repair Period as it relates to the total amount of usable floor area that is leased by Lessee. In the event Lessor chooses to demolish, this Lease shall terminate immediately. Insurance proceeds shall be used for demolition costs; with excess proceeds after demolition to cover Lessee's losses; and any remaining proceeds to Lessor.

(d) Notwithstanding the provisions of subparagraphs (a), (b), and (c) above, if the Premises or the Property are damaged by uninsured casualty, Lessor will have the option to repair such damage or cancel this Lease as of the date of such casualty by written notice to Lessee on or before the Notice Date.

**11.03** The Lessee at its sole cost and expense shall keep the Premises in a clean, sanitary and safe condition, subject to normal and customary wear and tear, and shall comply with all laws, rules and regulations of applicable governmental authorities as related to Lessee's use and occupancy of the Premises or any part thereof and all orders, rules and regulations of the appropriate board of fire underwriters or any other body hereafter exercising similar functions, as related to Lessee's use and occupancy of the Premises or any part thereof. Lessee likewise shall observe and comply with the requirements of all governmental permits and certificates and all policies of public liability and other insurance of any kind in force with respect to the Premises.

**11.04** The Lessee hereby assigns to Lessor all contractor's warranties and guarantees received by Lessee in connection with the performance by Lessor of its obligations under Section 11.01 or of any other work in or upon the Premises. If a defect in workmanship, warranty or guaranty after written demand made by Lessee, then Lessor agrees, upon demand by Lessee, to assign to Lessee all its right to enforce such warranty or guaranty to the extent only that the same relates to the defect in question.

**12. ASSIGNMENT, SUBLETTING OR RENTAL TO OTHER TENANTS**

**12.01** The Lessee shall not, without the prior consent of Lessor in each instance, assign, encumber or mortgage this Lease or any part thereof or sublet all or any part of the Premises or permit the Premises or any part thereof to be occupied or used by any person or entity other than Lessee, and any such consent given in any one instance shall not relieve Lessee of its obligation to obtain the prior consent of Lessor to any further assignment, subletting, occupancy or use. If Lessor consents to Lessee's sublease of the Premises, each sublease entered into by Lessee shall be submitted to and examined by Lessor and such sublease and all terms of the sublease shall be subject to the express approval of Lessor. All the terms of this Lease shall be applicable to all sublessees of Lessee. Each sublessee shall carry its own insurance to adequately insure its own business equipment and contents of the subleased premises. Any taxes, assessments, penalties or other obligations of whatever kind or nature imposed upon any sublessee by any governmental authority, or emanating from any other source, or otherwise incurred by any sublessee shall be the sole responsibility of such sublessee. Should the sublessee fail to pay such taxes, assessments, penalties or other obligations, and such failure results in the imposition of negative tax or other consequences of any kind upon the Lessor, the above Premises or any of Lessor's property, then Lessee shall assume the responsibility for the prompt payment of such taxes, assessments, penalties and obligations and the Lessor shall not be responsible or liable in any way for the payment of such taxes, assessments, penalties or other obligations. Lessee shall provide to Lessor a copy of each executed sublease.

**13. NOTICES**

this Lease may change its address for the receipt of Notices at any time by giving notice thereof to the other as herein provided. Any Notice given by a party hereunder must be signed by any authorized representative of such party. Notwithstanding the requirement in Section 13.01 hereof as to the use of registered or certified first-class mail, any bills for Rent or additional payments hereunder which Lessor elects to send to Lessee may be sent by first-class mail.

#### **14. ALTERATIONS/TENANT EQUIPMENT/SIGNS**

**14.01** The Lessee shall make no changes, additions, alterations or leasehold improvements of any nature whatsoever in or to the Premises or any part thereof (herein collectively called "Improvements") without Lessor's prior consent and shall not demolish or destroy the whole or any part of the Premises. Improvements shall include, but not to be limited to, installation or repair of elevators, boilers, air conditioning and heating systems, sprinkler systems, sewage systems, wall repair or installation. Lessee may make Improvements prior to or after the commencement of the Lease Term, subject in all cases to the following:

(a) prior to the making of Improvements, Lessee shall have furnished Lessor with a written description thereof, in such reasonable detail as Lessor shall require, and all applicable plans and specifications thereof, and Lessor shall have given its written consent therefor, which shall not be unreasonably withheld;

(b) the making of Improvements shall be accomplished in a good and workmanlike manner (which means that the quality of workmanship and materials will be at least equal to that as existing in the Premises), without damage to the Premises or any part thereof and in compliance with all applicable laws and regulations of governmental authorities having jurisdiction including, without limitation, the obtaining of all required permits, licenses and bonds;

(c) the cost of the making of Improvements shall be paid or caused to be paid by Lessor so that the Premises shall at all times be free from any lien, mortgage, conditional sales agreement, conditional sales agreement, security interest or title retention agreement or any charge for labor, services, or material supplied or claimed to have been supplied to the Premises as a result of the making of Improvements;

(d) title to all Improvements shall at once be and become the property of Lessor, without payment or offset, and shall be deemed part of the Premises and subject to all the terms and provisions of this Lease as though included in the Premises as of the commencement of the Lease Term. Title to all equipment and fix-

tures shall remain the sole property of Lessee;

(e) all the terms and provisions of this Lease shall be in force and effect during the making of Improvements, including without limitation, the provisions of Sections 8.01, 10.01 and 11.03;

(f) any consent given to Lessee for the making of Improvements will not relieve Lessee of its obligation to obtain the prior consent of Lessor to the making of any other Improvements;

(g) the making of Improvements shall be performed so as not to interfere with the construction or alteration of any Improvements undertaken by Lessor; and

(h) Lessee shall provide payment and performance bonds before undertaking any Improvements as provided by State statute.

(i) all Improvements performed by Lessee will be subject to the approval/acceptance of both Lessee and Lessor prior to the Lessee's final payment to its contractor for such Improvements made.

**14.02** Lessee shall, upon termination of this Lease, remove all equipment and fixtures and repair any damage to the Premises caused by such removal, and all equipment and fixtures not so removed may be removed by Lessor, at Lessee's cost and expense, or may be treated by Lessor as abandoned property and part of the Premises. Lessee shall pay to Lessor on demand the cost of repairing any damage to the Premises resulting from Lessor's removal of equipment or fixtures.

**14.03** Lessee shall not place or cause to be placed or maintained on any exterior door, wall or window of the Premises any sign, placard, or other advertising matter without the Lessor's prior written consent, without first requesting permission for such placement in writing to Lessor and obtaining Lessor's written approval.

**14.04** The Lessor through the City of Detroit, General Services Department ("GSD") has agreed to make certain construction renovations to the Premises that have been mutually agreed upon by the parties and that are outlined in Exhibit B ("Renovations"), which is attached hereto and incorporated by reference herein. Upon completion of the Renovations and upon approval by Lessee of the workmanship of the completed Renovations based upon the scope of work contained in Exhibit B, the Lessee agrees to reimburse GSD for the costs of the Renovations up to an amount not to exceed one hundred seventy nine thousand one hundred seventy two and 00/100 Dollars (\$179,172.00). The Lessee's reimbursement to GSD for the cost of the Renovations is in addition to any Rent that is due and owing under the Lease. GSD shall make its best effort to have the Renovations completed by the

commencement date of this Lease. In the event the Renovations are not completed by this time, both parties shall work together to accommodate the Lessee while the Renovations are finishing up.

#### **15. RIGHT OF ENTRY**

**15.01** The Lessor and its authorized representatives shall have the right to enter the Premises at all reasonable times during normal business hours for the purpose of examining or inspecting the Premises to ensure Lessee's compliance with this Lease.

#### **16. CONDEMNATION; EMINENT DOMAIN**

**16.01** The term "Taking" shall mean a taking prior to or during the Lease Term of all or part of the Premises as the result of condemnation, the exercise of the power of eminent domain or by agreement between Lessor and the condemning authority. The term "Date of Taking" shall mean the date on which title is vested in the condemning authority.

**16.02** In the event of a Taking of the whole of the Premises, this Lease shall terminate on the Date of Taking as if such date were the date originally fixed in this Lease for the expiration thereof.

**16.03** In the event of a Taking of less than all the Premises, Lessor within thirty (30) days after the Date of Taking, may terminate this Lease as to the balance of the Premises effective on the Date of Taking. If Lessor shall not give notice of termination of this Lease within thirty (30) days after the Date of Taking, then this Lease shall remain in full force and effect with respect to the part of the Premises not the subject of the Taking; provided, however, if Lessor shall be compensated for the Taking, the Rent payable from and after the Date of Taking shall be reduced pro rata in proportion to the percentage of the Premises taken as of the date of Taking. Lessee will have the right to terminate this Lease upon thirty (30) days written notice after the Date of Taking, effective on the Date of Taking, in the event of a Taking of more than twenty-five percent (25%) of the usable square footage of the Premises.

**16.04** Except as otherwise provided in Section 16.03 above, the Lessor is entitled to receive the entire award for any Taking, (inclusive of the value of any and all fixtures and Improvements) and Lessee hereby assigns to Lessor all its right, title and interest in and to such award. Lessee shall be entitled to make a claim against the condemning authority only for the value of any equipment and/or fixtures of the Lessee and Lessee's moving expenses which may be compensable as a result of the Taking. Nothing contained in this Article shall be deemed to prevent Lessor from settling any threatened or filed condemnation proceeding.

**16.05** From time to time during the

Lease Term, Lessor may convey title to, or grant easements in, portions of the land included in the Premises to governmental authorities or utility companies for road widening, curb rounding and water, sewer, electrical, communication and other utility lines. Any such conveyance or grant shall not be deemed a Taking unless Lessor receives compensation therefor, and there shall be no reduction in the Rent payable hereunder.

**16.06** In the event that only a portion of the floor area of the Premises will be taken as hereinabove described and this Lease is not terminated pursuant to the provisions of this Section 16, then Lessor will, at its sole cost and expense, restore the remaining portion of the Premises to the extent necessary to render it suitable for the purposes for which it was leased, provided that the cost thereof will not exceed the proceeds of its condemnation award.

#### **17. FAIR EMPLOYMENT PRACTICES**

**17.01** Lessee covenants that it shall not discriminate against any employee or applicant for employment, training, education, or apprenticeship connected directly or indirectly with the performance of this Lease, with respect to his or her hire, promotion, job assignment, tenure, terms, conditions or privileges of employment because of religion, race, color, creed, national origin, age, marital status, handicap, public benefit status, sex, or sexual orientation. This provision shall not apply if it is determined by Lessor's Human Rights Department that such requirements are bona fide occupational qualifications reasonably necessary to the performance of the duties required by employment. The burden of proof that the occupational qualifications are bona fide is upon Lessee. Lessee shall promptly furnish any information reasonably required by Lessor or its Human Rights Department pursuant to this Section.

(a) Lessee further agrees that it shall notify any Associate of Lessee's obligations relative to non-discrimination under this Lease when soliciting an Associate and shall include the provisions of this Article in any contract or subcontract relating to Lessee's performance under this Lease as well as provide Lessor with a copy of any such contract or subcontract upon request. Lessee further agrees to take such action with respect to any such subcontract as Lessee may direct as a means of enforcing the provisions of this Section 17.01.

(b) Breach of the terms and conditions of this Section 17.01 shall be regarded as a material breach of this Lease if such breach shall continue for more than thirty (30) days after receipt of notice of such breach by Lessee. In the event Lessee fails to comply with this Section, Lessor, at its option may utilize such remedies as may be provided by law.

## **18. WASTE AND NUISANCE**

## **19. HAZARDOUS SUBSTANCE**

**19.01 Hazardous Materials.** Lessee shall not use, handle, generate, treat, store or dispose of, or permit the handling, generation, treatment, storage or disposal of any Hazardous Materials in, on, under, around or above the Premises or Property during the Lease Term unless the Lessee agrees to follow all laws and regulations in doing so and agrees to indemnify the City from any and all liability that may arise from such activities. Any and all claims, costs, expenses, fines, and losses of any kind (including but not limited to those arising from injury to or the death of any person, damage to or loss of use or value of real or personal property, and costs of investigation, cleanup, and attorneys' and consultants' fees) incurred by Lessor which arise solely due to the acts, omissions, or failure to act of Lessee, its agents, employees, contractors, and servants and arising out of or are related to Lessee's use of the Premises during the License Term shall constitute additional fees and shall be payable within thirty (30) days after receipt of Lessor's invoice and supporting documentation.

of trust that may hereafter be placed on the Premises, and to any and all advances to be made thereunder, and to the interest thereon, and all renewals, replacements, and extensions therefore by the Lessor, any mortgagee or trustee. The Lessee shall execute whatever instruments, in the form designated by such person(s), as are reasonably necessary to carry out the intent of this Section.

## **21. BANKRUPTCY OR INSOLVENCY**

**21.01** Lessee agrees that if the estate created hereby shall be taken in execution, or by other process of law, or if Lessee shall be declared bankrupt or insolvent according to law, or any receiver, custodian or trustee be appointed for the business and property of Lessee, or if any assignment shall be made of the Lessee's property for the benefit of creditors, then and in any such events, this Lease may be terminated at the option of the Lessor in accordance with the termination provisions set forth herein.

The Lessee's failure to keep and observe such rules and regulations shall constitute a breach of the terms of this Lease in the manner as if the same were contained herein as covenants.

## **23. HOLDING OVER**

**23.01** If Lessee retains possession of the Premises or any part thereof after the termination of this Lease by lapse of time or otherwise, Lessee, with the written permission of the Lessor, shall continue its tenancy from month to month until a new lease is executed between the Lessor and Lessee, or until Lessor serves a Notice to Quit upon the Lessee. The provisions of this Section 23.01 shall not be deemed to limit or exclude any of the Lessor's rights of reentry or any other right granted to Lessor according to the terms of this Lease or under law.

## **24. QUIET POSSESSION**

**24.01** The Lessor covenants that the Lessee upon its observing the terms and conditions of this Lease, shall and may peacefully and quietly have, hold and enjoy the Premises during Lease Term free from unreasonable interference by Lessor.

## **25. AMENDMENTS**

**25.01** The Lessee or Lessor may from time to time consider it in its best interest to change, modify or extend a term, condition or covenant of this Lease. Any such change, deletion, or modification, which is mutually agreed upon by and between the Lessor and the Lessee shall be incor-

porated in a written amendment ("Amendment") to this lease. Such Amendment shall not invalidate this lease nor relieve or release the Lessee or Lessor of any of its obligations under the Lease unless stated therein.

**26. MISCELLANEOUS**

**26.01** No failure by Lessor or Lessee to insist upon the strict performance of any covenant, agreement, term or condition of this Lease or to exercise any right, power or remedy consequent upon a breach thereof and no acceptance of full or partial rent by Lessor during the continuance of any such breach by Lessor shall constitute a waiver of any such breach or of such covenant, agreement, term or condition. No waiver of any breach shall affect or alter this Lease, but each and every covenant, agreement, term and condition of this Lease shall continue in full force and effect with respect to any other than existing or subsequent breach thereof.

**26.02** The rights and obligations contained in this Lease shall bind and inure to the benefit of Lessor and Lessee and, except as otherwise provided herein, their respective personal representatives, successors and assigns; provided, however, the obligations of Lessor and Lessee under this Lease shall no longer be binding upon Lessor named herein after the sale, assignment, or transfer by Lessor or Lessee, respectively (or upon any subsequent landlord or tenant), of its interest in the Premises, as owner or Lessor or Lessee, respectively, and in the event of any such sale, assignment, or transfer, such obligations shall thereafter be binding upon the grantee, assignee, or other transferee, of such interest, and any such grantee, assignee, or transferee, by accepting such interest, shall be deemed to have assumed such obligations. A lease of the entire Premises, other than for occupancy thereof, shall be deemed a transfer within the meaning of this Section.

**26.03** If any provision of this Lease or the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Lease, or the application of such provision to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each provision of this Lease shall be valid and enforceable to the fullest extent permitted by law.

**26.04** This Lease shall be construed and enforced in accordance with the laws of the State of Michigan. The Lessee agrees, consents and submits to the personal jurisdiction of any competent court in Wayne County, Michigan for any action brought against it arising under this Lease. The Lessee and Lessor agree that

service of process at the address and in the manner specified in Article 13.01 will be sufficient to put the Lessee and Lessor on notice and hereby waive any and all claims relative to such notice. The Lessee and Lessor also agree that they will not commence any action against the other party because of any matter whatsoever arising out of or related to the validity, construction, interpretation, and enforcement of this Lease in any courts other than those in the County of Wayne, State of Michigan unless original jurisdiction can be had in either the Michigan Court of Appeals, Michigan Supreme Court or the U.S. District Court for the Eastern District of Michigan, Southern Division.

**26.05** This Lease or any part of this Lease may not be changed, waived, discharged or terminated orally, but only by an instrument in writing signed by the parties hereto.

**26.06** This instrument, including the Exhibits hereto, which are made a part of this Lease contains the entire agreement between the parties and all prior negotiations and agreements are merged herein. Neither Lessee, the Lessee's agents, Lessor nor the Lessor's agents have made any representations or warranties with respect to the Premises or this Lease, except as expressly set forth herein, and no rights, or remedies are or shall be acquired by Lessee or Lessor by implication or otherwise unless expressly set forth herein.

**26.07** The Lessee agrees that neither this Lease nor any memorandum or short form thereof may be recorded without the prior consent of Lessor.

**26.08** The relationship between the parties hereto is solely that of landlord and tenant and nothing herein contained shall constitute or be construed as establishing any other relationship between them including, without limitation, the relationship of principal and agent, employer and employee or parties engaged in a partnership or joint venture. Without limiting the foregoing, it is specifically understood that neither party is the agent of the other and neither is in any way empowered to bind the other or to use the name of the other in connection with the construction, maintenance or operation of the Premises, except as otherwise specifically provided herein.

**26.09** Unless the context otherwise expressly requires, the words "herein", "hereof", and "hereunder" and other words of similar import refer to this Lease as a whole and not to any particular Section.

**26.10** All the terms and provisions of this Lease shall be deemed and construed to be "covenants" and "conditions" as though the words specifically expressing

or importing covenants and conditions were used in each separate term and provision.

26.11 The headings of the Sections in this Lease are for convenience only and shall not be used to construe or interpret the scope or intent of this Lease or in any way affect the same.

26.12 Neither party shall be responsible for force majeure events. In the event of a dispute between the parties with regard to what constitutes a forced majeure event, the determination of a court with appropriate jurisdiction, in compliance with the terms set forth herein, shall be controlling.

26.13 The Lessee warrants that it is currently authorized to do business in the State of Michigan and is amendable to service of process at the address stated in Article 13.01, Notices.

26.14 This Lease may be executed in any number of counterparts and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Promptly after the execution hereof the Lessor shall transmit to the Lessee a conformed copy of this Lease.

26.15 The parties represent that they have not dealt with any brokers or finders in connection with this Lease. Each party agrees to hold the other harmless from and against any loss, damage, costs, or expenses, including court costs and reasonable attorneys fees that the other may suffer as a result of the breach of the foregoing representation made by each party.

26.16 Authority of City. Notwithstanding anything in the Lease or otherwise to the contrary, the Lessor shall not be authorized or obligated to lease the premises to Lessee until this Lease has been fully executed by the duly authorized representative of the City, approved by resolution of the Detroit City Council, approved by the Mayor of the City of Detroit, and approved by the City of Detroit Law Department. Any amendments or modifications must likewise be duly approved by resolution of the City Council, approved by the Mayor, and be approved by the Law Department.

26.17 Lease Void Without Requisite Approvals. Notwithstanding anything in this Lease, in law or in equity, or otherwise to the contrary, this Lease shall be void and of no force or effect and may not in any way be enforced against the City of Detroit unless or until this Lease and the transaction contemplated hereby have been approved in writing by the Emergency Manager for the City of Detroit, in accordance with Emergency Manager Order No. 5 and other State of Michigan approval that are applicable by law.

November 5, 2013

Honorable City Council:

Re: Penrose Village Phase II — Payment  
in Lieu of Taxes (PILOT) —  
Amended.

In July of 2012 a request for a PILOT Resolution was submitted to your Honorable Body for the above development. The developer made changes to the legal description that was included as Exhibit "A". I am requesting approval for an amended Resolution which will include two (2) additional parcels, a correction for two (2) parcels and the removal of eleven (11) parcels from the original legal description resulting in a total of 36 units, due to lack of funding for the project as previously anticipated.

Penrose Village Phase II Limited Dividend Housing Association Limited Partnership is constructing 36 Low Income Housing Tax Credit (LIHTC) units of two and three bedroom single family and duplex homes. The unit types will consist of thirteen three bedroom single family homes (13), four two bedroom duplexes (8 units) and six three bedroom duplexes (12 units). Two of the units will be ADA-compliant to accommodate the disabled population. A free-standing community center is also planned for the neighborhood. The north central Detroit locations of the homes are various scattered lots bounded by Seven Mile Road to the south, Lantz to the north, Woodward to the west and John R to the east.

The development is aimed towards the population of youth aging out of foster care, the homeless, and survivors of domestic violence. The Arab-American and Chaldean Council (ACC) and Detroit community Health Connection (DCHC) will provide permanent supportive housing services. Both the ACC and the DCHC will provide such services as drug and alcohol abuse prevention as treatment, job training, and primary as well as dental health care. In addition to the aforementioned services, the Penrose Village II development will offer a resident-ownership community garden and specialized art classes.

The revised 36-unit project approximate cost is \$10,144,324. Funding was secured via sale of MSHDA LIHTC credits and a \$300,000 Federal Home Loan Bank Affordable Home Program grant. All thirty-six (36) units are supportive housing; tenants will be paying 30% of their income towards rent due to Project Based Vouchers. Tenants are not to earn more than 50% of Area Median Income.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 6% service charge for this housing project as originally approved.

Honorable City Council:  
 Re: 70 West Alexandrine — Payment in Lieu of Taxes (PILOT).

McCormack Baron Salzar, Inc. has formed Strathmore Apartments Limited Dividend Housing Association Limited Partnership for the development of the 70 West Alexandrine Apartments Project and is requesting tax exemption for the project consisting of 129 units located near Woodward and MLK bounded by West Forest, Martin Luther King, Jr. Blvd., Woodward and Lodge Freeway in Detroit.

The project will be financed by Low-Income Housing Tax Credits of \$7,595,267 and additional Housing Tax Credits of \$4,515,740 from USBancCorp Community Development Corp., Neighborhood Stabilization Program (NSP) from the City of Detroit in the amount of \$4,795,000 at 0.00% for 40 years, a permanent mortgage from Greshman Mortgage FHA (d)(4) of \$5,763,000 at 3.63% for 40 years, a permanent mortgage from USB CRP Loan of \$2,500,000 at 0.00% for 40 years, and a permanent mortgage from Midtown Detroit, Inc. of \$1,930,300 at 0.00% for 40 years.

Of the 52 units, or 40.3% are tax credit units. Rents for these tax credit units have been set at or below the 60% limit, adjusted for family size, so that proposed rent levels meet tax credit requirements.

There are 23 HOME units. At least twenty percent (20%), or 5, of the units must be occupied by households having incomes no greater than 50% of the area median income, adjusted for family size.

The remaining eighty (80%), or 18, of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Tax Credit Program.

With respect to all units, the income of individuals and area gross median income shall be determined by Housing

and Urban Development Department (HUD) in a manner consistent with determinations of lower-income families and area median gross income under Section 8 of the U.S. Housing Act of 1937 and promulgated at 24 CFR 812.

Maximum project rents are determined by Housing and Urban Development Department annually. Rents for the 52 tax credit restricted units must have rents which equals 30% of annual incomes for households at 60% of median income minus tenant-paid utilities. Rents for the 23 HOME-restricted units must have rent restrictions.

The remaining 77 market rate units are not rent restricted.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of the lesser of the tax on the project the year before rehabilitation began or ten percent (10%) of the annual net shelter rent obtained from this housing project.

**PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE**

**City Planning Commission**

October 14, 2013

Honorable City Council:

Re: Request to rezone 937 W. Alexandrine, 945 W. Alexandrine, 953 W. Alexandrine, and 955 W. Alexandrine from an R2 (Two-Family Residential District) zoning classification to a PD (Planned Development District) zoning classification.

**NATURE OF THE REQUEST**

The proposed change in zoning is being requested to allow for a sculpture garden to be developed on the subject properties.

The subject area consists for four parcels which the petitioner intends to purchase from the City of Detroit's Planning and Development Department (P&DD). The lots are presently vacant; 953 and 955 W. Alexandrine are covered with grass, while 937 and 945 W. Alexandrine contain several small trees and a chain-link fence. The petitioner intends to enclose the area with a chain link fence and use the area for the permanent display of about twenty fabricated metal sculptures. Due to the presence of the fence, the area will be viewable to the public, but will not be open to entry. Attached is a copy of the site plan for the project.

The subject properties are currently zoned R2, a classification in which the display of sculptures is not permitted by right. In the R2 zoning classification, the display of sculptures would only be permissible as an accessory use, for example to a park or dwelling. However, in the PD zoning classification, "sculpture gardens" may be permitted according to Sec. 61-12-26 of the Detroit Zoning Ordinance.

**PUBLIC HEARING**

On May 16, 2013, the City Planning Commission held a public hearing on the subject rezoning request. During this hearing, one neighborhood resident joined the petitioner in speaking in favor of the proposed development. No one spoke in opposition. Several City Planning Commission members asked questions regarding specific aspects of the proposal; these questions were answered to their satisfaction.

Section 61-3-80 of the Detroit Zoning Ordinance, which is attached for refer-

ence, lists eight criteria for consideration pertaining to zoning map amendments. CPC believes the proposed map amendment is consistent with all eight criteria, and finds the following three criteria to be most relevant to the proposed rezoning:

**Criterion (2): Master Plan Consistency**

The subject property is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Future Land Use map for this area specifies "Institutional" use for the subject properties. Staff has submitted a letter to P&DD requesting its comments regarding the consistency of this proposal to the City's Master Plan. These comments are forthcoming.

**Criterion (7): Suitability of the Property**

According to Section 61-3-80, "the suitability of the subject property for the existing zoning classification and proposed zoning classification" must be considered.

Since the erection of sculpture is already allowed, on a by-right basis, as an accessory use in the present zoning classification (R2) of the subject properties, CPC believes that the creation of a dedicated sculpture garden subsequent to the proposed rezoning) would not be fundamentally different than what is currently permitted on a by-right basis. Therefore, based on the above observation, CPC believes the subject properties are suitable for the proposed PD.

**Criterion (6): Impact on Other Property**

Section 61-3-80 states "whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract."

The subject properties are located in an area zoned R2, and are surrounded by several dwellings, vacant lots, a parking lot, and an apartment building. In this residential setting, the primary impact would be aesthetic in nature, as the proposed development would affect the vital character of the surrounding neighborhood and the quality of life of its residents. While aesthetic impacts are inherently subjective, CPC staff notes that the proposed development has received a letter of support dated August 2, 2012 from Midtown Detroit Inc., and that one resident spoke in support of the proposal at the May 16, 2013 public hearing. No comments were received in opposition to the proposal.

A secondary impact may be an increase in traffic. The extent to which the proposed sculpture garden will attract visitors to the neighborhood is unknown; however, we expect any increase in traffic to be minor due to the passive and permanent nature of the proposed sculpture garden and due to the fact that the property itself will be closed to public entry.

To address any increase in vehicle traffic, the John C. Lodge Service Drive and W. Alexandrine Avenue provide a total of

11 on-street parking spaces immediately adjacent to the subject properties. During site visits to the area, staff has observed that these spaces are, at present, rarely occupied.

In light of the above considerations, staff does not believe the proposed PD will have a negative impact on other property.

Section 61-3-96 of the Detroit Zoning Ordinance, which is attached for reference, also lists eight approval criteria for Planned Developments. CPC has determined that the proposed development is consistent with all eight approval criteria. In particular, the following three criteria appear to be most relevant to the proposed PD:

**Criterion (2): No Other Zoning Classification More Appropriate**

According to Section 61-12-26 of the Detroit Zoning Ordinance, a "sculpture garden" is permitted as a principal use only in PD.

**Criterion (4): Appropriate Location**

The subject properties are located along the John C. Lodge Freeway, which forms the western boundary of the Lower Woodward area of Neighborhood Cluster 4. Also located along this boundary, in the vicinity of the proposed development, are a school building and the Wigle Recreation Center. Thus, the proposed development is consistent with a pattern of nonresidential land use which characterizes the outer boundary of an otherwise residential area.

**Criterion (6): Section 503**

The proposed development appears to be consistent with Section 503 of the Michigan Zoning Enabling Act; in particular, its directions to "permit flexibility in the regulation of land development;" "encourage innovation in land use and variety in design . . ." and "achieve economy and efficiency in the use of land . . . and the providing of public services."

**CONCLUSION**

Based on the above analysis and corresponding findings the Commission recommends approval of the rezoning request.

**City Planning Commission**

October 14, 2013

Honorable City Council:

Re: Request of Hartford Memorial Baptist Church of Detroit to amend Article XVII, District Map No. 64 of Chapter 61 of the Detroit City Code, Zoning, to show a PD (Planned Development District) zoning classification where a B2 (Local Business and Residential District) zoning classification is presently designated on land at 13800 W. Seven Mile Road located on the northeast corner of Stansbury and W. Seven Mile Road generally bounded by Lesure Avenue, W. Seven Mile Road, Stansbury Avenue, and the east-west alley north of West Seven Mile Road to allow for a Tim Horton's Café and Bake shop with drive-through service (Recommending Approval).

**NATURE OF REQUEST**

The petitioner is requesting the rezoning from B2 (Local Business and Residential District) zoning classification to a PD (Planned Development District) zoning classification because the existing zoning classification does not allow the use of a fast food restaurant with a drive-through facility.

Hartford Memorial Baptist Church has

petitioned the City Planning Commission to amend District Map No. 64 of the Detroit Zoning Ordinance to show a PD (Planned Development District) zoning classification where a B2 (Local Business and Residential District) zoning classification is presently shown on the vacant lot located at 13800 W. Seven Mile Road.

Last year, the developer submitted site plans for 1,340 square feet Tim Hortons Café and Bake shop to the Board of Zoning Appeals (BZA) and to site plan review. Their attempt to obtain approval for the project with the BZA was unsuccessful. As a result, the petitioner is requesting the rezoning of the site from the existing B2 District to a PD District to allow for the construction of a Tim Hortons Café and Bake shop with drive-through service.

Tim Horton, the legendary Hall of Fame hockey player and his partners, opened their first franchise Tim Hortons Café and Bake Shop in Hamilton, Ontario in 1964. Currently, there are close to 4,000 locations in Canada and the United States. The State of Michigan has approximately 180 locations and counting. Their mission is to deliver superior quality products and services for their guests and communities through leadership, innovation and partnerships.

**PROPOSAL**

The petitioner, Hartford Memorial Baptist Church, is seeking to develop a 1,953 square foot café and bake shop with drive-through service, landscaping and 20 parking spaces. The café will provide 36 seats for dining in as well as internet access, a flat screen television and a fireplace for patrons. The café and bake shop would provide dine-in and drive-through service on 24 hour basis. The site would provide landscaping along W. Seven Mile Road and partially along the east-west alley north of W. Seven Mile abutting the residential district.

**COMMUNITY MEETING**

The petitioner has been working to construct this development for over a year. As a result, several meetings have been held to engage the community and inform them about the project. A community meeting was held on March 17, 2012 a year before coming before the Commission. According to the petitioner, approximately 30 people attended. As initially proposed, the building would have been smaller without dine-in seating. The community voiced their concerns regarding the project and wanted a café with ample dine-in seating where residents could enjoy a cup of coffee.

**SURROUNDING ZONING AND LAND USE**

The zoning classification and land uses surrounding the subject area are as follows:

North: R1 (Sing-Family Residential

District); existing occupied single family residential structures;

East: B2 (Local Business and Residential District) vacant land and existing occupied commercial uses;

South: B2 (Local Business and Residential District); existing occupied commercial uses with small businesses and institutional uses;

West: B4 (General Commercial District); existing occupied commercial uses with national fast food restaurants and small businesses.

**PUBLIC HEARING RESULTS**

There was no comment from the public on the proposed development at the March 21, 2013 public hearing. Staff presented a letter the petitioner received in support of the project from Tri-Point Community Association on April 12, 2013.

Prior to the hearing, staff received one phone call regarding the proposal from within the host community. On March 27, 2013, CPC staff spoke with Dr. Arthur Divers of the Winship Community Organization. He stated that the organization was neither invited to nor involved with any of the community meetings related to the proposed project. Dr. Divers does not live within 300 feet of the area, but he drove by the site and saw the posted notice sign.

The Commissioners raised a number of issues and questions regarding the development. In terms of the elevations, Commissioners were concerned with the lack of architectural detail on the southern buildings elevation that would front on West Seven Mile and the orientation of the building that could be setback from the street creating an automobile-oriented development with the drive-thru and Parking layout.

They also inquired about the inclusion of bike racks for the site, the conflict of pedestrian and vehicular traffic leaving the drive-thru, whether the corporation constructed custom made designs for each site and whether additional stories could be added to reduce the footprint of the building.

The petitioner indicated that the building orientation was based on feedback from the community. Residents were concerned with the safety of children that may visit and did not want the entrance off the busy street such as West Seven Mile Road. The petitioner stated they were willing to add additional details to the southern elevation and add a crosswalk, add bike racks, additional sidewalks, handicap accessible ramps and other features to off-set pedestrians/vehicular conflicts possible upon exiting the site.

The petitioner further stated that Tim Hortons has only three prototype buildings that are used for new construction developments. There are three prototypes structures used in these circumstances,

they are models of 1,340 sq. ft., 1,950 sq. ft. and 2,300 sq. ft. The model employed for this site is the only one that would fit this situation. In addition, the layout of the building coincides with the interior flow and layout of the restaurant need to achieve maximum efficiency for operations. The petitioner would not be able to reorient the building and move it to have a zero lot line along West Seven Mile Road.

#### **MASTER PLAN**

The subject property is located within the Pembroke Subsector of Cluster 10 of the Detroit Master Plan of Policies. The future general land use is CN (Neighborhood Commercial) for the subject area in the Master Plan. The Planning and Development Department (P&DD) determined that the proposed development is consistent to the Master Plan.

#### **ANALYSIS**

Staff met with the petitioner and P&DD staff to address the issues raised from staff's initial review and by Commissioner during the hearing.

#### Building Layout and Elevations

Given the size of the existing lot and proposed orientation of the building, CPC and P&DD staff discussed several options to create a pedestrian-oriented development with the petitioner and their representatives. The first option would re-orient the building to be perpendicular to the street and add another access point and driveway for traffic to exit from the drive-through lane.

The petitioner assessed the option and determined that site would not provide adequate square footage needed to fit the buildings with the drive-through service on the site. According to the petitioner, the building would require approximately 135 feet of site depth to accommodate the suggested configuration, and the lot is less than 100 feet in depth.

As suggested during the public hearing, an additional sidewalk or pathway could not be added from the parking lot to the facility, because it would result in the loss of parking spaces. The site only provides 20 spaces, which is required by the Zoning Ordinance. Furthermore, moving the building closer to the street would eliminate the escape lane for the drive-through that is required by the Zoning Ordinance.

As it concerns an additional driveway access point a number of factors are considered before approval is given for a permit to construct a driveway. For instance, factors such as, the amount of traffic on the road, the number of lanes in the road, the proximity to existing driveways, the proximity to stop lights and if it falls into a right turn lane. Although the plans were not submitted for formal traffic review, the staff stated that two driveways for a development do not always work. Depending on the proximity, it can be confusing to the

drivers and potentially cause conflicts and accidents. They would prefer one larger access driveway to eliminate confusion.

Ultimately, the petitioner was willing to address the concerns of creating a pedestrian scale to the development by defining the edges of the site. The site plans would be revised to include additional landscaping on the southeast and southwest corners of the site with a 3 to 4 feet high concrete knee wall with brick-facing. Additional landscaping would be provided along Stansbury Street to soften the edges of the development as it transitions into the residential area. Please see attached site plans.

These proposed additional features would provide a defined edge along W. Seven Mile and create a pedestrian scale to the development. In addition, the sidewalk would be extended to the west of the driveway and connect the cross walk area in front of the drive-through exit area by a handicap accessible ramp. A stop sign and textured paving with striping would be added to bring attention to the vehicles of pedestrian traffic entering and existing the cafe. A five space ribbon type bike rack would be located next to the 20-foot high pylon sign on the southeast corner of the site.

Regarding the building elevations, the petitioner would revise the southern elevations to include faux windows to the west of the drive-through window. Awnings will be added over all the windows to add additional architectural features.

Given the requirements for an opaque screen wall on the northern boundary of the site and required escape lane for the driveway, the petitioner would not be able to provide additional landscaping along the alley. The site plan fulfills the Zoning Ordinance requirements for buffering of an adjacent residential area with a 6-foot high brick wall along the alley. In addition, landscaping will be provided in front of the wall along the east-west alley north of W. Seven Mile off Lesure Street.

#### Parking Lot and Site Access

As proposed, the development would have only one loading berth sized 10 x 40 feet. The Zoning Ordinance requires a minimum of one loading berth sized 12 x 35 feet. The petitioner will revise the site plan to show one loading berth sized 12 x 35 feet. The site plan provides the required 20 parking spaces and 10 stacking spaces for a drive through.

Traffic Engineering Division cited that the proposed directional sign located on the southeast side of the driveway would be located in the City's right of way. The sign would not be approved at that location and must be relocated. The petitioner revised the site plans to removed the directional sign from within the City's right-of-way.

**CONCLUSION**

The petitioner has agreed to make the above mentioned revisions to the site plans and elevations. The Planning and Development Department also stated that the project is in compliance with the Master Plan and no amendment would be required. Thus, CPC staff recommends approval of the project with modifications and conditions stated above.

**RECOMMENDATION**

CPC staff recommends approval of the requested PD rezoning and corresponding development proposal for property located at 13800 W. Seven Mile Road with the following conditions and modifications to the site plans prior to the approval of all building permits:

1. That the site plan show one loading berth, sized 12 x 35 feet, for the Tim Horton's Café and Bake shop on the northwest corner of the building behind the drive-through area;
2. That the site plan show a 6 ft. x 8 ft. concrete pad with 5 space ribbon type bicycle parking rack on the southeast corner of the site adjacent to the proposed pylon sign and entrance driveway;
3. That the site plans show textured paving, a stop sign and striping for a crosswalk connecting to the sidewalk on the eastern building elevation and in front of the drive-through exit area;
4. That the site plans be revised to show an extended sidewalk on the south side of the site on the west side of the access driveway and perpendicular to the crosswalk area in front of the drive-through exit area;
5. That the site plans be revised to show handicap accessible ramps on the sidewalks around the perimeter of the building;
6. That the site plans be revised to show a handicap accessible ramp located to the west of the access driveway connecting to the crosswalk area;
7. That the southern building elevation along W. Seven Mile be revised to include a set of faux windows to the west of the drive-through window;
8. That the southern building elevation along W. Seven Mile be revised to include additional awnings, similar to others proposed on the facility, over the drive-through window and the faux and operable windows to the east and west of the drive-through window;
9. That the site plans show a 6-foot high brick screen wall along the east-west alley north of W. Seven Mile, which is the northern border of the site;
10. That the site plans show landscaping along W. Seven Mile Road and along the east-west alley north of W. Seven Mile in front of the 6-foot high screen wall off Lesure Street;
11. That the site plans be revised to include additional landscaping along Stansbury Street on the west side of the site;

12. That the site plans be revised to include additional landscaping and a knee wall sized at least 3 feet to 4 feet in height on the southeast and southwest corners of Lesure and W. Seven Mile and Stansbury and W. Seven Mile respectively;

13. That the site plans be revised to remove the direction sign located on the east side of the access driveway; and

14. Final site plans, elevations, landscaping, lighting and signage plans be submitted to the CPC for review and approval for consistency with approved plans, prior to making application for applicable permits.

**City Planning Commission**

October 13, 2013

Honorable City Council:

Re: Request from the Buildings Safety Engineering and Environmental Department to amend provisions in Articles III, IV, and V of the Zoning Ordinance governing review and

approval procedures and violations and enforcement. (Recommending Approval).

**BACKGROUND**

City Planning Commission (CPC) staff has been working with the staff of the Buildings Safety Engineering and Environmental Department (BSEED) to address concerns that they have with the zoning ordinance provisions regarding review and approval procedures, violations and enforcement functions under BSEED's purview. They feel that the provisions governing show cause hearings are onerous to administer. As a result they have requested and developed a set of proposed amendments, which were drafted by the Law Department. These amendments also respond to recent case law with regard to the provisions dealing with abandonment of a land use.

**PROPOSED AMENDMENTS**

Below are the sections of the zoning ordinance proposed to be amended with the corresponding change or description thereof the.

Sec. 61-3-25. Termination of permits — *this deals with the process by which a by-right building permit may be cancelled and how extensions may be granted*

61-3-26 Termination of permits; zoning grants — *Repealed*

Sec. 61-3-27. Expiration or Extension of land use grants — *describes the process by which BSEED may extend a land use grant*

Sec. 61-4-38. Revocation of land use permit renders zoning grant null and void — *If a Certificate of Occupancy is unable to be issued, this shall terminate the land use rights.*

Sec. 61-5-34. Revocation of permits. — *Describes the criteria for the revocation of a building permit*

Sec. 61-5-52. Revocation of Land Use Rights — *Describes the process via which land use rights may be revoked, including holding a show-cause hearing*

Sec. 61-5-53. Notice of revocation — *This section is changed to only require the notification of the owner of the subject property, and no longer require notifying owners and occupants of property within 300 feet as well.*

Sec. 61-5-55. Revocation; required findings — *The Department may revoke land use rights upon making one (1) or more of the findings.*

Sec. 61-5-56. Evidence of Abandonment; Overcoming Abandonment. — *Describes the evidence of abandonment and the criteria for overcoming a presumption of abandonment*

**PUBLIC HEARING RESULTS**

At the October 3, 2013 public hearing on this matter, Commissioners discussed the proposed changes and other general concerns with BSEED. Three (3) mem-

bers of the public spoke in support of the ordinance and one (1) additional speaker expressed unrelated concerns about BSEED. A letter of support was received from the organization represented by one of the speakers, the Eight Mile Boulevard Association.

**ANALYSIS**

The proposed amendments clarify the procedures that BSEED must follow and ensure consistency in the methods whereby land use rights or buildings permits may be cancelled or revoked. The process is streamlined and the wording of the related provisions is consistent with that of other code requirements. The great reduction in the notice requirements to adjacent property owners for show-cause hearings will reduce the cost of those hearings and enable more hearings to be held with little or no adverse consequences.

**RECOMMENDATION**

At the October 3, 2013 meeting, the CPC took action to recommend approval of the proposed amendments. These amendments should improve City processes and greatly enhance the City's ability to enforce the code. Residents and businesses within the City will have clearer understanding of how to address the ongoing operation of those establishments in the City that refuse to comply with local laws.

Respectfully submitted,  
DAVID WHITAKER,  
Interim Director  
Legislative Policy Division

Honorable City Council:

Re: Surplus Property Sale — 1625 W. Lafayette (a/k/a Former Detroit Fire Department Ladder No. 12).

On March 5, 2013, your Honorable Body approved the transfer of jurisdiction of the above-captioned property, 1625 W. Lafayette, from the Detroit Fire Department (DFD) to the Planning and Development Department (P&DD). This property, former DFD Ladder No. 12, consists of an approximately 4,825 square foot two-story brick structure with a surface parking lot, situated on a 9,409 square foot side. The zoning of this site is M-4 (Intensive Industrial District).

The property was issued to the general public via an advertised Request for Proposals (RFP) on April 25, 2013.

After review and consideration of the submittals, P&DD selected the proposal of Ladder Company 12, LLC in the amount of \$140,000, \$24,000 over the appraised value. The offeror proposes to convert DFD Ladder No. 12 into a restaurant, a matter of right in a M-4 zoning district.

The principal of Ladder Company 12, LLC is Phillip Cooley. In 2005, he and his partners opened Slows Bar BQ, which has since expanded into Midtown and Ford Field. Currently, Slows employs over 150 people. Other members of Ladder Company 12 include Michael Chetcuti, a partner in Pizzeria Biga and Cloverleaf Wine (locations in Royal Oak and Southfield). Ms Kate Bordine is also a member of Ladder Company No. 12. Together with Mr. Cooley in 2011, Ms. Bordine co-founded Ponyride, a collaboration space, housing over 40 organizations, located in the Corktown neighborhood.

The Developer possesses the qualifications and has indicated the potential financial resources necessary to acquire and rehabilitate this property. The estimated cost of the project is over \$800,000. As such, the Planning and Development Department wishes to move forward with the offer by Ladder Company 12 and issue a Quit Claim deed to the property.

We, therefore, request that your Honorable Body approve the land sale resolution with a Waiver of Reconsideration, and authorize the Planning and Development Department's Director, or his authorized designee, to issue a quit claim deed to 1625 W. Lafayette and such other documents as may be necessary to effectuate the sale with Ladder Company 12, LLC, a Michigan Limited Liability Company, subject to final approval by the Detroit Emergency Manager, or his authorized designee.

June 18, 2013

Honorable City Council:

Re: Petition No. 2143 — Holy Cross Children’s Service request for street closure on Larkins Street between Wagner and McGraw.

Petition No. 2143 of “Holy Cross Children’s Service” request permission to temporary close Larkins Street, 66 feet wide, between Wagner Avenue, 55 feet wide, and McGraw Avenue, 86 feet wide, in order to provide a safe environment for the adjacent school children when crossing Larkins Street to the recreational/classroom/and lunch room buildings located across Larkins street was approved on March 5, 2013. After an objection from an property owner that uses the street brought his/her concerns to the Department of Public Works (DPW) and Traffic Engineering Division — DPW (TED) a more detailed investigation was performed by TED to determine if the property owner had a valid claim under the objection proposed to the City of Detroit. DPW arranged a meeting with Holy Cross Children’s Services, City Engineering Division — DPW (CED) and TED to inform the petitioners that DPW will be rescinding their request to tempo-

rary close Larkins Street as approved by the Honorable City Council.

Traffic Engineering Division — DPW (TED) reports/memo sent to the City Engineering Division states that Larkins Street being one way southbound and Cecil Avenue being one way northbound, north of McGraw, the approval of closure of Larkins Street between Wagner and McGraw has resulted in traveling up to two (2) additional blocks for residents on Larkins Street to access eastbound I-94 freeway. After receiving complaints from residents on the affected streets, Traffic Engineering Division (TED) evaluated the traffic patterns in the area and concur that the residents have some valid concerns and hence recommend rescinding the resolution which was approved on March 5, 2013 by City Council.

The Rescinding resolution is attached for consideration by your Honorable Body.

Respectfully submitted,  
RICHARD DOHERTY  
City Engineer

City Engineering Division — DPW  
By Council Member Jones:

**RESOLUTION REGARDING THE EMERGENCY MANAGER'S POST PETITION FINANCING PROPOSAL**

By COUNCIL MEMBER COCKREL, JR.:

WHEREAS, On October 11, 2013, the Emergency Manager Kevyn Orr (EM) filed with the City Clerk for transmission to the City Council *Order No. 17 — Approval of Post-Petition Financing* for the issuance of Financial Recovery Bonds (Secured Financing) pursuant to Sec. 36a of the Home Rule City Act, 279 PA of 1909, as part of the EM's ongoing restructuring and settlement strategies being advanced through the City's Chapter 9 bankruptcy proceedings, *In Re City of Detroit, United States Bankruptcy Court for the Eastern District of Michigan, Case No. 13-53846*. More specifically, the financing from the proposed transaction would refinance the interest rate Swap Agreements at 75% to 82% of their purported value and include additional financing to provide the City of Detroit with funds to use for City service improvement projects; and

WHEREAS, The proposed Debtor-in-Possession Financing transaction is an extremely complex deal on a number of fronts that does not seem to be in the best interest of the City. The key terms include a maximum principal aggregate amount of \$350 million dollars at a floating interest rate with a maturity date no later than two and one half years from the date of issuance, although it is quite possible that the loans would mature as early as November, 2014. Essentially, if the proposed transaction is consummated the City will be taking a fixed rate loan and swapping it for a variable rate loan putting the City in the same predicament that the original Swaps were supposed to cure, and seems to primarily benefit the two Swap counterparties Bank of America and UBS; and

WHEREAS, It cannot be emphasized enough that this lending is of a very tem-

poral nature; the maturity date of the loans is estimated by the Emergency Manager to be some time between November, 2014 and May, 2016. There is no guarantee that replacement funding will be available by this lender or any other lender when these loans mature in as little as one year placing the City into a very foreseeable default position triggering onerous default penalty provisions; and

WHEREAS, Miller Buckfire has indicated that the City will save approximately \$35M per year in financing costs by accepting this deal; however, these savings are achieved by making interest only payments on these new loans. The City's underlying principal debt will not decrease under this proposal; rather, it is a mere stop gap measure until permanent financing is found; and

WHEREAS, It has been indicated that the impetus for this transaction is to ensure the continued flow of casino tax revenues to the City throughout the bankruptcy process; however, this seems to disregard Judge Rhodes' order that essentially accomplished the same thing by providing that the casino revenue is the property of the bankruptcy estate and therefore subject to the automatic stay; and

WHEREAS, This Post-Petition financing appears to be an attempt to keep the Swaps out of the bankruptcy proceeding instead of challenging the Swaps counterparties' tenuous status as secured creditors. The counterparties' senior creditor status was achieved by pledging the casino wagering taxes to collateralize the underlying Swap agreements. According to MCL 432.212(2), the use of casino wagering taxes for such a pledge appears impermissible. Rather than seeking a declaration of this position by the Court, this deal would transform a soft liability into a firm liability at a time in the interest rate cycle when the Swap liability could actually start to decline; and

WHEREAS, Not unlike the Swap Agreements that have been universally recognized as a bad deal for the City, Barclays is requiring the City to pledge its major revenue in order to secure this transaction. The City will have to pledge not only its casino wagering tax revenue but also its income tax revenue. These are the City's two most stable general fund revenue sources. Barclays is also requiring prepayment of any asset monetization net proceeds over \$10M. This would give Barclays too much power and control over the City's revenues and future and limits the City's ability to negotiate or resolve other claims in bankruptcy; and

WHEREAS, Municipal Market Advisors support the thought that proposed financing is more advantageous to the financiers. They indicate that the loans

seem to be "a very good deal for the lender and the swap counterparties but less so for the [C]ity's unsecured creditors and its residents. The seeming lack of a tangible recovery plan that improves Detroit's revenues over the period of the loans renders us skeptical about the [C]ity's ability to repay an amount of this magnitude in a short time frame without causing additional stress to the detriment of city residents and unsecured creditors that may have their recoveries tied to the [C]ity's financial performance."; and

WHEREAS, The default provisions within the proposed agreement are very aggressive and easily triggered. The default provisions are broad and include the following: the agreement calls for the City to remain under some level of state control, *i.e.*, emergency manager, consent agreement, or transition advisory board. Additionally, a mere assertion by any person or entity acting on behalf of or having jurisdiction over the City that any Quality of Life loan is not binding, would trigger a default; and

WHEREAS, The \$350M Post-Petition Financing includes a Quality of Life Loan; these newly borrowed funds are proposed to be used to make certain unspecified improvements in City government. From the information provided thus far, it appears that none of the proceeds will be used to create new revenue. If the City is ever to achieve a stronger financial position, strengthening revenues and revenue collection under the City's control is key. Additional revenues will improve the quality of life for citizens as it will provide funds for City services. It is difficult without additional information to determine whether the use of these funds would be prudent investments. Additionally, it would be unwise to incur more debt to facilitate the payment of costly consultants; and

WHEREAS, Pursuant to Sec. 19 of Public Act 436 of 2012, the Local Financial Stability and Choice Act, MCL 141.1541, *et seq.*, City Council had the authority to approve or disapprove this proposed transaction within ten (10) days from the date of submission by the EM, or by October 21, 2013. If Council votes to disapprove, it must submit an alternative proposal to the local emergency financial assistance loan board that would yield substantially the same financial result for the City as the EM's proposal within seven (7) days of its disapproval. If Council does not act, within the ten (10) day timeframe, the EM's proposed transaction is considered approved under the relevant statute; and

WHEREAS, Upon receipt of the proposal, City Council, in addition to its own individualized study of the transaction, requested its Legislative Policy Division (LPD) to review the documents related to the proposed transaction. LPD immedi-

ately consulted with the City's financial and legal consulting firms principally responsible for crafting the transactional documents on the City's behalf, Miller Buckfire and Jones Day. Since the beginning of LPD's review, numerous questions have been submitted to the consultants and although some information has been provided, a host of uncertainties and unanswered questions remain; and many of these questions simply cannot be answered adequately within the short window allotted for City Council's consideration under the aforementioned statute. Additionally, many critical issues remain unresolved until decisions by the Bankruptcy Court or other courts are made; and

WHEREAS, Despite Council's diligent efforts, the complexities of the proposed transaction coupled with its uniqueness (to date the single largest municipal bankruptcy filed in the United States), and the precedent setting ramifications of decisions related to this bankruptcy financing instrument, the lack of available independent subject matter experts in municipal financing arrangements of this type to properly vet the transaction, combine to make it impractical to meet the compressed statutory deadline in any competent, meaningful way; and

WHEREAS, In addition to not being able to properly vet the proposed transaction given the information provided, the abbreviated timeframe also constrains Council's authority to propose a reasonable or credible alternate proposal under MCL 141.1559(2); and

WHEREAS, Based on the foregoing information, it appears that the deal being brokered is being done in order to set a precedent for how municipal bankruptcies work to facilitate future bankruptcies in other cities rather than to broker the best deal for the City of Detroit, thus putting the interests of lenders before the interests of the City and its residents. The goals seems to be to ensure the protection of the lenders at the detriment of all other interested parties. By settling all claims against the counterparties, the City would surrender any ability to challenge the legality of any of the actions taken regarding the original Swap Agreement, as well as any ability to challenge the City's receivership status, the counterparties' creditor status or the appropriateness of the pledging of revenues; and

WHEREAS, The City Council has received an alternative to the proposed Post-Petition Financing. The proposal attempted to improve upon some of the terms of the proposal proffered by the Emergency Manager. The untimely receipt of the proposal, however, does not allow City Council to obtain the expertise necessary to properly vet the alternative proposal. The seven (7) day limitation created by P.A. 436 of 2012 places the unre-

alistic time frame in which to solicit and consider a counteroffer to a proposal that took months to create. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council is in receipt of *Order No. 17 — Approval of Post-petition Financing* for the issuance of Financial Recovery Bonds (Secured Financing) which has triggered the provisions of Sec. 19 of Public Act 436 of 2012, the Local Financial Stability and Choice Act, MCL 141.1541, *et seq.*, granting City Council the authority to vote on the proposed transaction; and BE IT FURTHER

RESOLVED, If obtained, it is strongly urged that any funds from the Quality of Life Loan be used to strengthen revenues and revenue collections by improving the collection systems for income tax, property tax and the property assessment. Hardware improvements as well as staffing level increases in the Finance Department and the Law Department will send a message to non-payers that not paying what is owed is no longer an option; and BE IT FURTHER

RESOLVED, That the Detroit City Council has voted to disapprove Mr. Orr's proposed transaction and would ask that Judge Rhodes determine whether counterparties are indeed secured creditors in light of the Michigan statute that prohibits the use of wagering taxes in transactions collateralizing swap agreements and whether the instant settlement with the counterparties are in the best interest of the City in light of surrounding circumstances as discussed above; and BE IT FINALLY

RESOLVED, That a copy of this resolution be forwarded to Judge Steven Rhodes, Governor Rick Snyder, State of Michigan Department of Treasury, Emergency Manager Kevyn Orr, Municipal Loan Board and Mayor Dave Bing.

Honorable City Council:

Re: Surplus Property Sale Vacant Land — 21703 Santa Clara.

#### PUBLIC COMMENTS

- **Hilaneous Phillips:** Reiterated Petition 36 — Farand Page Marina. He asked that Council receive the report from Marcell Todd that will validate the fact all temporary BZA grants were permanent. This will validate his contention for seven years that Mr. Page has a legal marina. Also, mentioned slip and falls on payment; check with DEGC regarding the sea wall that they receive \$5 million to build that will rectify the flooding situation so Mr Page will be able to use his land which is now Katrina size by the fact that Harding street was built improperly; that's petition 3060. Petition 2629 — A BZA Case No. 4013, a case of environmental injustice where a piece of land is being developed and approved by the Board of Zoning Appeals for housing in the shadow of the incinerator.

- **Gene Cunningham:** I am here on behalf of the Detroit Association of

Realtors to reiterate our request for an expedited hearing regarding our Petition No. 2927 which is a continuation of our original petition from May 2011, #1029, regarding our attempts to reboot the nuisance abatement repair to own program for residential and commercial property in the City of Detroit. We have identified through the American Tax Relief Act of 2012, extended to 2013, that there are still existing over \$230 million in empowerment zone bonds as well as wage credits and tax credits that may or may not be extended by the present Congress. These bonds and tax credits are due to expire December 31st, 2013.

- **Mr. Cunningham:** I have prayed for you, Member Jones; read a scripture and asked people to pray for him.

- **James Ribbron:** In 2003, his church The Shrine of the Black Madonna celebrated their 50th and Linwood was renamed Rev. Albert B. Cleage Avenue. Your Body passed a resolution that was offered by Honorable Barbara Rose Collins. We cannot find the resolution so Traffic Engineering will not proceed with that name change. We are requesting to resubmit the resolution so that we can continue with that process. I have letter from the church authorizing me to come today and speak on this matter.

**RESOLUTION**

By Council Member Watson:

Whereas, Section 1109(a) of the bankruptcy law states: "The Securities and Exchange Commission may raise and may appear and be heard on any issue in a case under this chapter" which is incorporated into Chapter 9 bankruptcy by Section 901; and

Whereas, The Levin-Coburn Report on the Financial Crisis issued April 13, 2011 by the U.S. Senate investigations subcommittee provided a powerful glimpse into the wrongdoing of the largest banks in the mortgage crisis; and

Whereas, Detroit was especially targeted by the banks and other lenders leading to more than 100,000 foreclosures and the subsequent loss of more than 200,000 residents; and

Whereas, The swap agreements of 2005 and 2006 were forcefully endorsed by bond rating agencies and Wall Street firms; and

Whereas, THE SEC has many ongoing investigations and prosecutions of financial institutions in relation to municipal bonds, for example Reuters reported on July 24 that two former UBS vice presidents along with the former UBS global head of commodities were sentenced to prison for deceiving cities and towns by rigging bids to invest municipal bond proceeds; and further

Whereas, The New York Times reported on July 12 that the former head of Bank of America's municipal derivatives desk was charged with conspiracy to defraud the United States, wire fraud and conspiracy to make false entries in bank record, noting that 13 individuals from banks, including Bank of America, JPMorgan, UBS, Wells Fargo and General Electric have paid more than \$700 million in restitution and penalties; and

An August 2, 2013 Bloomberg article reports that the Commodity Futures Trading Commission investigation "Uncovered evidence that banks reaped millions of dollars in trading profits at the expense of companies and pension funds by manipulating a benchmark for interest-rate derivatives"; and

Whereas, In the month of October alone a tentative \$13 Billion settlement was announced between JPMorgan Chase and the U.S. Dept. of Justice and a federal jury found Bank of America liable of selling defective mortgages as well as a top manager individually; and

Whereas, A thorough examination of the role of the banks in the current bankruptcy is yet to be done; and

Whereas, Only the U.S. Securities and Exchange Commission can fully investigate and expose any misconduct related to these transactions; and

Now, Therefore Be It

Resolved, That the Detroit City Council hereby requests the U.S. Securities and Exchange Commission fully investigate the role of banks and other lending institutions in the financial problems of Detroit; and

Be It Further

Resolved, That the U.S. Securities and Exchange Commission take appropriate action if it is determined that the deceptive and/or illegal activities on behalf of the banks or lending institutions caused or exacerbated the mortgage crisis in the City of Detroit.

Adopted as follows:

Yeas — Council Members Cockrel, Jr., Spivey, Tate, Watson, and President Jenkins — 5.

Nays — None.

**RESOLUTION TO INCREASE THE  
CURRENT BOARD OF ZONING  
APPEALS FEE SCHEDULE**

Whereas, The 2013-2014 Adopted Budget for the Board of Zoning Appeals includes a recommended 20% increase in the current Fee Schedules, and

Whereas, According to current fiscal and policy standards "non tax revenues are moving toward a greater variety in the types of user charges and fees imposed by local governments for service, and

Whereas, In order to meet the demands of an ever-changing customer base the Board of Zoning Appeals recommends fee increase, and

Whereas, During the 2013 budget year discussion the BZA recommended a 20% increase for the Appeal Fee Schedule of the Board of Zoning Appeals, noting that the fees had not been increased since July 2006, and

Whereas, The current fees do not reflect the man hours worked to prepare and carry out an appeal, and the fees are not in line with other cities in this region or other cities comparable in size, and

Whereas, Any fee increase recommended by the BZA must be approved by the Detroit City Council, and

Whereas, The City of Detroit Zoning Ordinance provides that applications shall be accompanied by the fee that has been established by the City Council for fees charged by the Board of Zoning Appeals, Now, Therefore Be It

Resolved, The recommended Fee Increase serves a regulatory purpose, is proportionate to the necessary costs of the service and the fee is voluntary because a reasonable relationship exists between the amount of the fee and the value of the service, and

Be It Further

Resolved, The Board of Zoning Appeals Board passed an affirmative motion in support of the proposed Fee Increases on October 8, 2013 during the Regular Meeting of the Board, and

Be It Further

Resolved, The City of Detroit Law Department states "Yes. The fees proposed by the Board of Zoning Appeals are fees, not taxes, as contemplated by the Headlee Amendment and the criteria put forth in the Michigan Supreme Court's holding in Bolt vs. City of Lansing,

Now, Therefore Be It

Resolved, The Detroit City Council approves a 20% increase for the Appeal Fee Schedule of the Board of Zoning Appeals to take immediate effect.

**PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE**

**Planning & Development Department**

October 31, 2013

Honorable City Council:

Re: AMENDED: Approval of property transfer to the Detroit Land Bank Authority to carry out the Hardest Hit Program.

On July 29, 2008, your Honorable Body approved the adoption of the Intergovernmental Agreement between the Michigan Land Bank Fast Track Authority, a Michigan public body corporate and politic, and the City of Detroit, a Michigan Municipal Corporation, creating the Detroit Land Bank Authority, as Amended and Restated August 5th, 2013.

DLBA is the agency leading the effort for the new set aside funding portion from the state's HHHF allocation that is being directed toward demolition. The DLBA's program administration will include Section 3 adherence in contracting goals and community engagement in determining the end use of parcels, closely aligning with the Detroit Future City framework. The DLBA will implement community redevelopment projects appropriate for the community and the highest and best use of the land resulting from the program effort, as detailed within its Blight Elimination and Redevelopment Plan (see attached).

The Property is comprised of 659 parcels of surplus city-owned houses in need of demolition. The Planning and Development Department hereby requests your approval for the sale of surplus properties described in the attached "Exhibit A" (the "Property") to the DLBA, a Michigan public body corporate and politic.

Section 6.01 of the Intergovernmental Agreement allows for the Detroit Land Bank Authority to accept real property from the City of Detroit. Planning and Development, therefore requests your Honorable Body for the authority to transfer the Property in Exhibit A in the (6) hardest hit fund areas to the DLBA. The six (6) target areas are as follows (see attached map):

- Jefferson Chalmers: East Jefferson to the Detroit River, Marquette to Alter Road.
- Southwest: 16th Street to West Lafayette to Sainte Anne to Fort Street to Grand to I-75 to Dearborn to the western border of Detroit and Dearborn to John Kronk to the Penn Central Railroad to the Canadian Pacific Railroad to Newark Street back to 16th Street.
- Morningside/East English Village: Mack to Alter Road to Outer Drive to I-94, to Kingsville to the Eastern border of Detroit and Grosse Point Woods and back to Mack.
- Northend: M-10 to I-94 to I-75 to the border of Hamtramck to the border of Highland Park back to M-10.
- University of Detroit Mercy - Marygrove District: M-10 to 7 Mile Road to Fairway to McNichols to the Highland Park border to Woodrow Wilson to the Consolidate Rail Corporation Line back to M-10.
- Grandmont Rosedale: Evergreen to McNichols to Greenfield to Forrer to Mansfield to I-96 to Artisan to Davison back to Evergreen.

The Detroit Land Bank Authority will demolish or rehabilitate these blighted homes. If they demolish the property, they will maintain the Property after the demolition, and work to redevelop all parcels through efforts such as rehabilitation of homes, disposition to adjacent neighbors as side lots, collaborating with local non-profit groups to establish community gardens or other green space treatments, as well as potentially facilitating infill housing redevelopment projects. All demolition projects would be subject to the Hardest Hit Funds Policies and Procedures and all other such regulations and/or statutes governing the demolition of property.

All properties in the Jefferson Chalmers CDC were removed from this request so that a separate public hearing can be held, after which a separate resolution for transfer of those properties is expected before your Honorable Body.

We, therefore, request that your Honorable Body adopt the attached resolution approving the transfer of the Property and authorize the Planning and Development Department's Director or his authorized designee, to issue one or more quit claim deed(s) for the property and such other documents as may be necessary to effectuate the sale to the Detroit Land Bank Authority, a Michigan public body corporate.

Respectfully submitted,  
**ROBERT ANDERSON**  
 Director

By Council Member Tate:

Resolved, That in accordance with the foregoing communication, the Planning and Development Department's Director, or his authorized designee, be and is hereby authorized to issue to the Detroit Land Bank Authority, a Michigan public

body corporate, one or more quit claim deed(s) for the Property more particularly described in Exhibit A in the Hardest Hit Target Areas, together with such other documents as may be necessary to effectuate the sale.

And be it further,

Resolved, That the Property more particularly described on the attached Exhibit A may be transferred to The Detroit Land bank, in whole or in parts. The Director of the Planning and Development Department is authorized to execute any required instruments to make and incorporate technical amendments or changes to the transfer authorized hereby (including but not limited to corrections to or confirmations of legal descriptions) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may hereafter arise, provided that the changes do not materially alter the substance or terms of such agreement.

And be it further,

Resolved, The Director of Planning and Development retains the discretion to withhold transferring some property described in Exhibit A to the DLBA.

And be it further,

Resolved, That the Property conveyed to the Detroit Land Bank Authority must be for the purpose of fulfilling the objective of blight elimination, either through rehabilitation of the home or demolition.

And be it finally,

Resolved, That, in accordance with Section 19(1) of Public Act 436 of 2012, the transfer by the Emergency Manager for the City of Detroit of land in the City of Detroit, Wayne County, Michigan described in Exhibit A is hereby APPROVED.

**MEMBER REPORT**

**COUNCIL MEMBER SPIVEY:** Thankful for all those wonderful people in District 4 for their support Tuesday and looking forward to continue to service the City of Detroit and District 4, current colleagues and new colleagues coming on board in January 2nd. Jefferson Avenue Business Association and Jefferson-East have merged together. It is called Jefferson East and the first meeting was today. The boards have merged. They are going from Alter Road all the way to 3-75. It is a brand new reconfiguration organization.

**COUNCIL MEMBER COCKREL, JR.:** Congratulations to those of you who were re-elected on Tuesday.

**COUNCIL MEMBER TATE:** I would like to thank those residents who came out and supported me for re-election in District 1. I am looking to new challenges as we move forward. The only way we are going to be able to complete this change in the City of Detroit we have to make sure that the residents who have been here have a role in that change. I am going to everything that I can to ensure that happens.

**COUNCIL MEMBER WATSON:** Congratulations one and all. God Bless Everyone.

**COUNCIL PRESIDENT JENKINS:** I too want to thank everybody, the whole city is still my district so I want thank voters citywide for coming out and voting. We had a larger turn out than we had in 2009, 25% voter turn out. I want to thank people for coming out. We still have to work on getting that number up higher but certainly we should acknowledge that fact that more people came out voted this time. I do want to congratulate my current colleagues,

Member Jones, Pro Tem. Spivey, Member Tate, as well as the new folks that are coming on: (1) is Tate; (2) is George Cushingberry; (3) is Scott Benson; (4) is Andre Spivey; 5 is Mary Sheffield; (6) is Raquel Lopez; and (7) is Gabe Leland. The resolution that came over from Wayne County Commission related to the stadium we are still trying to schedule a date for the stadium discussion but they don't have a concession management agreement yet. I am being told the hold up is the Joe Louis Arena. They are still negotiating what happens with Joe Louis Arena and with the previous agreement.

**Planning & Development Department**

November 4, 2013

Honorable City Council:

Re: University City Rehabilitation Project No. 2 Development: 4722 Second.

The Planning and Development Department is in receipt of an offer from Wayne State University, a Michigan Constitutional Corporation, to purchase the above-captioned property for the amount of \$36,000. This property is located within the University City Rehabilitation Project No. 2 area, contains approximately 7,231 square feet and is zoned R-6 (High Density Residential District).

During the mid 1980's, an agreement was reached between Wayne State University (WSU) and the City of Detroit providing for the sale and exchange of property to initiate development within the University City Rehabilitation Project No.

2 area. As part of the agreement, the City acquired ownership of 4722 Second from WSU. The property, however, was developed by WSU in the early 1990's, as part of surface parking to accommodate the expansion of its Forest Apartments complex. Due to an oversight on the part of the City and WSU, the ownership issue was never addressed.

The Planning and Development Department (P&DD) now wishes to proceed with the conveyance of 4722 Second to WSU. The entire Forest Apartments complex has since been demolished and one parking area has been created by WSU, on the north side of W. Forest Avenue, spanning from Cass to Second Avenue. The development is consistent with the Modified Development Plan for the University City Rehabilitation Project No. 2 area.

On June 14, 2011, P&DD held a requisite public hearing before the Planning and Economic Development Standing Committee, regarding the sale of 4722 Second to WSU. At the hearing, there were no comments or concerns from the public. It was noted, however, that the University City Citizens' District Council (CDC) was no longer active. Also, on September 8, 2011, Mr. Rohlann Calendar, former administrator of the University City CDC, expressed his concern that WSU has occupied 4722 Second over the years without compensation to the City. On March 4, 2013, P&DD held a public meeting in the University City area to further discuss the sale of 4722 Second to WSU; those present were in support of the sale. The current appraised value of 4722 Second is \$36,000.

We, therefore, request that your Honorable Body approve the land sale resolution and authorize the Planning & Development Department's Director, or his authorized designee, to issue a quit claim deed to the property and such other documents as may be necessary to effectuate the sale, with Wayne State University, a Michigan Constitutional Corporation, subject to final approval by the Detroit Emergency Financial Manager, or his authorized designee.

Respectfully submitted,

ROBERT ANDERSON

Re: Authorization to increase appropriations 13595 and 13596 for the Mini Grant Program.

The Recreation Department is hereby requesting the authorization of your Honorable Body to increase appropriation 13595 by \$4,500 totaling \$17,200 and appropriation 13596 by \$8,900 totaling \$48,100 for Mini-grants Art Program.

The Michigan Council of Arts and Cultural Affairs has awarded the Recreation Department an increase. The Increase of \$13,400 will allow the department to expand its ability to partner with non-profit organizations to provide visual and performing art services to children and families within our communities; making it possible to expose our children and seniors to art programs they otherwise would not have exposure for this grant period.

The funding increase for the mini grant program will also allow the Recreation Department to have a staff person attend an art conference where they would participate in various workshops and activities. This conference will allow staff to gain knowledge and training in the element of art programming and enhance programming at various recreation centers.

We respectfully request your approval to accept the additional funding and increase both appropriations for the mini grant program by adopting the following resolution, with a Waiver of Reconsideration.

**Brownfield Redevelopment Authority**  
October 17, 2013

Honorable City Council:

Re: Atwater Lofts South Brownfield Redevelopment Plan Termination Orleans Landing and Atwater South Brownfield Redevelopment Plan.

Atwater Lofts South Brownfield Redevelopment Plan Termination

The Atwater Lofts South Brownfield Redevelopment Plan (the "Atwater Plan") was approved by the Detroit Brownfield Redevelopment Authority (the "DBRA") Board of Directors on September 22, 2006 and by the Detroit City Council on October 18, 2006. The developer was @Water Lofts, LLC. The Atwater Plan consisted of new construction of 112 market rate, for sale, units with 22,000 square feet of street-level retail space. The property comprising the Atwater Plan consisted of one parcel located at 1470 E. Atwater Street (Exhibit A). In December, 2006, the Michigan Economic Development Corporation issued a pre-approval letter to @Water Lofts, LLC for a Single Business Tax (the "SBT") credit of \$9,708,960.00 on an eligible investment of \$97,089,603.00. Since then, @Water Lofts, LLC has lost control of the property due to non-performance and natural expiration of the development agreement it had with the Economic Development Corporation. Furthermore, Section II.G(c) of the Atwater Plan states that "Unless otherwise agreed to in writing, in no event shall the duration of this Plan extend beyond three years after the date that the Developer and the Authority have finalized and executed the Reimbursement Agreement."

At the regularly scheduled September 25, 2013 DBRA Board of Directors meeting, DBRA staff recommended termination of the Atwater Plan on the basis that the Atwater Plan never materialized, that @Water Lofts, LLC no longer controls the property and that the Atwater Plan is past the three year date provision under Section II.G(c) of the Atwater Plan. The DBRA subsequently adopted a resolution (Exhibit B) approving the termination of the Atwater Plan and authorizing the submission of a copy of its resolution to request that City Council adopt a resolution terminating the Atwater Plan (termination language included in Exhibit G) to the City Clerk, in accordance with Act 381.

Orleans Landing and Atwater South Brownfield Plan

The enclosed Brownfield Plan for the Orleans Lansing and Atwater South Redevelopment Project (the "Plan") (Exhibit C), was submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"). The Plan was considered and reviewed by the CAC at its September 25, 2013 meeting, where a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA was approved. A public hearing was held by the DBRA on October 4, 2013 to solicit public comments. The Committee's communication to the City Council and the Authority, dated September 25, 2013 (Exhibit D), recommending approval of the Plan including the minutes of the public hearing held by the Authority on September 19, 2013 are enclosed for the City Council's consideration.

On October 16, 2013, the Authority adopted a resolution (Exhibit E) approving the Plan and authorizing the submission of a copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The Economic Development Corporation (the "EDC") and Rivertown Phase I, LLC (McCormack Baron Salazar) are the project developers. There are two project areas subject to this Plan. Project 1 consists of minor site improvements to the property as part of an eligible investment for the Michigan Business Tax (the "MBT") credit. Project 2 ("Orleans Landing") is a transformative revitalization project which entails new construction of 291, one and two bedroom rental units and 8,000 square feet of retail and restaurant space. Total capital investment is estimated at \$55,000,000.00.

The Michigan Economic Development Corporation (the "MEDC") has expressed a willingness to transfer the MBT credit, that was initially preapproved for the Atwater Lofts South Brownfield Plan, to the Developer in an amount not to exceed \$9,708,660.00. Currently the eligible investment for the MBT credit is estimated at \$43,700,000.00. This Plan also includes a request for Tax Increment Financing (TIF) reimbursement of \$12,989,226.00.

**Property Subject to the Plan**

The property in the Plan (the "Property") consists of both projects. Project 1 is located at 1470 Atwater Street generally bounded by Atwater Street to the north, vacated Riopelle Street to the east, the Detroit River to the south and Rivard Plaza to west and Project 2 consists of 25 parcels which are generally bounded by Woodbridge Street to the north, the Dequindre Cut to the east, Atwater Street to the south, and Riopelle Street to the west in Detroit's Rivertown District.

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for commercial and industrial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a facility as defined by Act 381.

**Eligible Activities and Projected Costs**

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they Baseline Environmental Assessment activities, due care activities, additional response activities, demolition, lead and asbestos surveys and abatement, infrastructure improvements, site preparation activities and Brownfield plan and work plan preparation. It is currently anticipated that construction will begin in late in summer 2014 and all eligible activities will be completed within eighteen (18) months.

**Tax Increment Financing (TIF) Capture**

This Plan anticipates the capture of tax increment revenues to reimburse the Developers for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. A table of estimated tax increment revenues to be captured is attached to this Plan.

Following is a table of estimated costs of those eligible activities for the Plan.

Re: Surplus Property Sale — Parcel 610 (Triangular Section Bounded by McClellan, Gratiot and Ford (I-94) Fwy.).

In 1969, the City of Detroit acquired title to Parcel 610 from the Michigan State Highway Commission. The Planning &

We, therefore, request that your Honorable Body approve the land sale resolution with a Waiver of Reconsideration and authorize the Planning & Development Department's Director, or his authorized designee, to issue a quit claim deed to Parcel 610 and such other documents as may be necessary to effectuate the sale, subject to final approval by the Detroit Emergency Financial Manager, or his authorized designee.

Honorable City Council:

Re: Bethel Tower Apartments — PILOT.

Bethel Tower Apartments is a 146-unit multifamily apartment complex in Detroit. Built in 1974 and located at 5203 Chrysler Drive, the apartment complex consists of an 8-story tower with 120 units and 4 townhomes with 26 units. There are 120 1-bedroom units, 12 2-bedroom units, and 14 3-bedroom units. Bethel Tower Apartments is a valuable community resource for households with low, very-low and extremely low-incomes. In fact, in 2012, there were 80 households in residence with incomes at or below 30 percent of the area median income. The majority of these residents are recipients of SSI/SSD income as a result of chronic disability.

Bethel Tower Limited Dividend Housing Association Limited Partnership, sponsored by Millennia Housing Development, Ltd., is under contract to acquire Bethel Tower Apartments and plans to preserve this affordable housing project and perform much needed renovations including: significant updates/replacements to the units and common areas; making 15 units fully ADA accessible; upgrading exterior lighting and camera/security system; adding a new gazebo, picnic pavilion, playground and outdoor furnishings; and expanding and improving the community room and office space which will be staffed with, among others, a full-time supportive service coordinator to provide support for special needs residents.

The current owner of the Property has a PILOT which has generated \$81,000-86,000 in annual tax revenue to the City of Detroit. The new 10% Tax PILOT proposed by Purchaser will generate a projected \$106,000 in annual revenue.

Financing for the acquisition and preservation of the property will be through the following: Low-Income Housing Tax Credits, MSHDA Housing and Community Development Funds, Deferred Developer Fee and a HUD-insured loan under section 221(d)(4) of the National Housing Act as amended.

Ensuring the continued affordability of the project, 126 units will be rented to households with incomes at or below 60% of the area median income, 10 units will be rented to households with income at or below 50% of the area median income, and 10 units will be market rate units.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966, (P.A. 346, as amended, MCLA 125.1415A).

Adoption of the Resolution by your Honorable Body will satisfy the require-

**Historic Designation Advisory Board**

November 14, 2013

Honorable City Council:

Re: Request for approval of resolution authorizing the submittal of an application to the State Historic Preservation Office for two federal grants on Belle Isle.

Attached hereto for your Honorable Body's consideration are two resolutions authorizing the Legislative Policy Division's Historic Designation Advisory Board (HDAB) staff to submit two separate applications to the State Historic Preservation Office (SHPO), Michigan State Housing and Development Authority (MSHDA) for federal grants — *Masonry and Window Rehabilitation of Belle Isle Aquarium and Rehabilitation of Belle Isle Nancy Brown Peace Carillon Tower.*

The purpose of the grant proposal, *Masonry and Window Rehabilitation of Belle Isle Aquarium*, is to continue the weatherization efforts that were commenced with the 2011-12 CLG (Certified Local Government) grant which permitted

the re-roofing of the Belle Isle Aquarium, and the current efforts taking place with the 2013-14 CLG grant which is providing masonry tuck pointing and window repair to a portion of the building. If we are awarded the grant not to exceed \$54,000, we will complete the necessary masonry tuck pointing and widow repair of the historic Belle Isle Aquarium.

The Nancy Brown Carillon Tower is in a severe state of disrepair and requires immediate attention to protect its structural integrity. Current efforts for the Carillon Tower are already underway, with the 2013-14 CLG grant which is providing a Rehabilitation Master Plan, to inform future efforts, and immediate emergency stabilization repair. If we are awarded the grant not to exceed \$25,000, we will hire a contractor to work on the next phase of repair for the historic Carillon Tower.

Staff of HDAB, the Recreation Department, and the General Services Department are providing administrative and supervisory in-kind services to make up a portion of the 40% match requirement for both projects. We are awaiting a letter of support from the Belle Isle Conservancy, which will fulfill the remainder of the match requirement for both projects.

Our office has been actively encourage by SHPO, MSHDA, to submit these grant applications, and we are quite confident that we will be awarded grant funding for both the Aquarium and the Carillon Tower.

Honorable City Council:

Re: Surplus Property Sale — 15907 Quincy Avenue, Detroit, MI 48221.

The City of Detroit acquired certain tax foreclosed, real property located at 15907 Quincy ("Lot 346") in June, 2009 from Wayne County. Lot 346 is a 30' x 100' parcel within the Pilgrim Village Apartments ("Pilgrim Village") and includes paved access and utility access to the apartments. The Michigan State Housing Development Authority ("MSHDA") currently holds a mortgage from 1996 on Pilgrim Village (MSHDA Project No. 1413, formerly 9014) that is in default.

In 1995, Detroit City Council approved a resolution exempting Pilgrim Village, including Lot 346, from taxation, but subjecting Pilgrim Village to a service charge for payment in lieu of taxation ("PILOT") allowable under the State Housing Development Authority Act of 1966 of 1966, 1966 PA 346.

In 1997, the City erroneously assessed only Lot 346 and subjected it to local property taxation. We have verified this error with the Law Department and the City's Chief Assessor (see attached letter from Chief Assessor, November 5, 2013). The property taxes charged in error were not paid and Lot 346 was eventually forfeited to Wayne County by judgment of foreclosure in 2006. The foreclosure action extinguished MSHDA's mortgage with respect to Lot 346. In 2009, Wayne County deeded Lot 346 to the City pursuant to MCL 211.78m(6).

MSHDA has proposed that the City remedy the error by deeding them Lot 346 for \$1.00. The contemplated transfer to MSHDA is not a violation of the lending of credit prohibition of the Michigan Constitution, as the transfer is for a public purpose and is authorized by law. "It is a proper public purpose for any state public body to aid any...housing authority operating within its boundaries or jurisdiction or any housing project located therein."

MCL 125.602. For the purposes of aiding and cooperating in the planning, undertaking, construction or operation of housing projects located within the area in which it is authorized to act, any state public body may, with or without consideration, dedicate, sell, convey or lease any of its property to a housing commission, housing authority or the federal government. MCL 125.604.

We hereby request approval from your Honorable Body to sell 15907 Quincy to MSHDA for \$1.00 subject to the final approval by the Detroit Emergency Financial Manager.

**City Planning Commission**

November 18, 2013

Honorable City Council:

Re: Installation of three temporary signs at 1 Washington Boulevard (Cobo Center/Detroit Regional Convention Center) for the Auto Show (Recommend Approval).

The staff of the City Planning Commission (CPC) received a permit application from IM Branded for the temporary installation of three temporary signs for Auto Show on Cobo Center, located at 1 Washington Boulevard. The PC (Public Center) zoning classification in which the building is located calls for City Council approval of the location and design of any exterior changes following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-77 of the Zoning Ordinance). CPC and P&DD staffs have reviewed the application and submit this report and recommendation.

**PROPOSED INSTALLATIONS**

Three temporary signs, 70 feet by 30 feet in size, are proposed to be placed on the Washington Boulevard side of Cobo Hall advertising cars displayed at the North American International Auto Show. These are the same locations where similar signs have been placed in previous years. These would be in place from January 11 through January 22, 2014, from the beginning of press week to the end of the show.

**REVIEW**

In accordance with the Special District Review provision of Sec. 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-77, reviews of proposed temporary installations should be conducted in light of the following relevant criteria:

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development;

(11) Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction, and orientation in a clear and concise manner;

As these are temporary signs, staff feels that they meet the requirements of City Code.

**RECOMMENDATION**

CPC staff has completed its review of the proposed signs, as has the Planning and Development Department staff. We find that the signs would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed signs. Please find attached the appropriate resolution to effectuate your approval.

Respectfully submitted,

By Council Member Tate:

Whereas, IM Branded desires to install three (3) temporary signs at Detroit Regional Convention Center building located at 1 Washington Boulevard at the northeast corner of West Jefferson Avenue and Washington Boulevard on land zoned PC (Public Center District); and

Whereas, The building is subject to the review process specified in Section 61-11-76 of the Detroit Zoning Ordinance; and

Whereas, The PC zoning district classification requires that the location and design of proposed signs within a PC district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed sign is in keeping with the spirit, purpose and intent of the PCA zoning district classification;

Now, Therefore, Be It Resolved, That the Detroit City Council approves the location and design of the proposed temporary signs for the building located at 1 Washington Boulevard described in the communication from the City Planning Commission staff dated November 18, 2013, and as depicted in the drawing submitted by IM Branded and dated October 31, 2013.

**City Planning Commission**

November 14, 2013

Honorable City Council:

Re: PCA (Public Center Adjacent) review of Exterior changes to the First National Building, located at 660 Woodward Avenue, for Papa Joe's Market (Recommend Approval).

The City Planning Commission (CPC) has received a request from Bedrock Real Estate Services to approve various exterior changes to the First National Building, located at 660 Woodward Avenue, along the Cadillac Square side of the building, for the coming Papa Joe's Market. These changes include both permanent and seasonal alterations.

The PCA (Public Center Adjacent/Restricted Central Business District) zon-

ing classification in which the building is located calls for City Council approval of the location and design of proposed exterior alterations following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-96 of the Zoning Ordinance).

This building is also located within a historic district, which requires a separate review. The Historic District Commission (HDC) reviewed and approved the proposal at its October 23, 2013 meeting. We also understand that approval has been obtained from the National Park Service.

#### **PROPOSED MODIFICATIONS**

Both permanent and seasonal changes are proposed, to allow store patrons to access a proposed sidewalk café during warmer months. The permanent changes include:

- Two new internally illuminated 17.5 square feet signs, one at each end of the affected portion of the façade
- Two sliding door units and five bi-fold glass doors, replacing the existing fixed windows. These would allow patrons from the store to enter the sidewalk café
- Four fixed aluminum and glass windows, replacing the existing fixed windows

The seasonal changes include:

- A canopy of yellow valances over the windows, with gray strips in front of the columns. This canopy would be supported by poles placed into the sidewalk.
- Installation of canvas-wrapped clear acrylic panels to be attached to the canopy framing to provide seasonal enclosure on three sides of the proposed sidewalk café, projecting 13-1/2 feet from the façade into the sidewalk during spring and fall
- Nine 14.4 square feet signs on the canopy valances
- Planters on the sidewalk
- Creation of the proposed sidewalk café, which would include a raised wood platform, tables, chairs, and umbrellas.

The submitted drawings are attached.

#### **REVIEW**

In accordance with the Special District Review provision of Sec. 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-97, the relevant PCA review criteria provisions of Sec. 61-11-97 are provided below, with staff analysis following in italics:

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development; *The scale and massing seem appropriate for a major building in the downtown*

(3) The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent

properties; *The introduction of a grocery store and sidewalk café fit with Cadillac Square*

(4) Vehicular and pedestrian circulation facilities should be adequately designed to meet expected demands; disruption of traffic flow in surrounding areas should be minimized; truck traffic should be carefully planned and controlled; *The width of the platform must be narrow enough to leave six (6) feet between it and all obstructions in the sidewalk, such as sign posts, light poles, etc. to allow for pedestrian circulation. It appears that it will have to be narrowed slightly.*

(11) Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner; *While the proposed signage is tasteful, staff questions the need for a sign on every panel of the proposed awning.*

(14) Preservation/restoration of buildings having architectural or historic value should be considered a primary objective; *The building changes are being reviewed for historical impact.*

(15) Urban design elements of form and character should be carefully considered; such elements include, but are not limited to: richness/interest of public areas through the provision of storefronts, window displays, landscaping, and artwork; color, texture and quality of structural materials; enclosure of public spaces; variations in scale; squares, plazas and/or "vest pocket parks" where appropriate; continuity of experience, visual activity and interest; articulation and highlighting of important visual features; preservation/enhancement of important views and vistas; *Storefronts and window displays are being created, as well as an outdoor seating area*

After review, the proposed changes appear to meet the requirements of the Zoning Ordinance. The addition of operable doors to the retail storefronts adds interest and allows the store to be opened to the sidewalk café in warmer months.

#### **RECOMMENDATION**

The CPC has completed its review of the proposed alterations, as has the Planning and Development Department. Both agree that the proposed exterior changes would be in keeping with the spirit and intent of the PCA zoning district. The CPC took action at its October 24, 2013 meeting to recommend approval of the proposal.

Respectfully submitted,

DAVID D. WHITAKER

Director

Legislative Policy Division

By Council Member Tate:

Whereas, Bedrock Real Estate Services, on behalf of Papa Joes Market,

has requested to modify the exterior façade of the First National Building facing Cadillac Square, located at 660 Woodward Avenue by installing seasonal awnings with signage, acrylic panels, a raised outdoor eating area with tables and chairs; planters, a new aluminum and glass storefront system with openable doors, and two new internally illuminated 17.5 square feet signs; and

Whereas, The building is subject to provisions of Sec. 61-3-185 (Special District Review) and Sec. 61-11-96, the PCA (Public Center Adjacent) zoning district classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that exterior changes within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed changes are in keeping with the spirit, purpose and intent of the PCA zoning district; and

Whereas, The proposed changes have been reviewed and approved by the Historic District Commission and the National Park Service for historical appropriateness; and

Whereas, The City Planning Commission took action to recommend approval of the proposed modifications at the October 24, 2013 meeting;

Now, Therefore, Be It Resolved, That the Detroit City Council approves the location and design of the proposed exterior changes for the First National Building for Papa Joe's Market, located at 660 Woodward Avenue, described in the foregoing communication from the City Planning Commission staff and depicted in the drawing prepared by Ronandroman Architects and dated September 30, 2013.

### **Planning & Development Department**

November 20, 2013

Honorable City Council:

Re: Jefferson Chalmers Rehabilitation Project Transfer of City Owned Properties to Detroit Land Bank Authority.

On July 29, 2008, your Honorable Body approved the adoption of the Intergovernmental Agreement between the Michigan Land Bank Fast Track Authority,

a Michigan public body corporate and politic, and the City of Detroit, a Michigan public body corporate and politic, and the City of Detroit, a Michigan Municipal Corporation, creating the Detroit Land Bank Authority, as Amended and Restated August 5, 2013.

One of the stated purposes of the Detroit Land Bank Authority (DLBA) is to focus on the reduction of blight by emphasizing the revitalization of neighborhoods. To that end, DLBA is the agency leading the Hardest Hit Funds Program recently announced to demolish up to 4,000 homes using \$52.3 million dollars in the City of Detroit. One of the requirements of the Hardest Hits Funds is that the agency demolishing the homes must own the property and facilitate the redevelopment of the resulting lots post demolition.

The Property in Jefferson Chalmers Rehabilitation Project is comprised of 81 parcels of surplus city-owned houses, a majority in need of demolition. On November 6, 2013, representatives of the Planning and Development Department (P&DD) and the DLBA met with the Jefferson Chalmers Citizens District Council (CDC) to discuss the Hardest Hit Program for that area. The CDC voted in favor to move forward with the project after discussion and questions being posed.

On November 14, 2013, a public hearing was held before your Honorable Body in order to further discuss details of this requested land transfer. The project was generally well accepted with the understanding that the DLBA is to sell and transfer properties that would allow occupants of some of the properties slated for demolition to be able to purchase and remain in their homes providing that the homes can be saved from demolition. The DLBA would also assist occupants of homes that cannot be saved to be relocated to acceptable housing conditions.

Section 6.01 of the Intergovernmental Agreement allows for the Detroit Land Bank Authority to accept real property from the City of Detroit. The Planning and Development Department hereby requests your approval for the sale of surplus properties described in the attached "Exhibit A" (the "Property") to the DLBA, a Michigan public body corporate and politic.

The Detroit Land Bank Authority will demolish a majority of these blighted homes, maintain the Property after the demolition and work to redevelop all parcels through efforts such as disposition to adjacent neighbors as side lots, collaborating with local nonprofit groups to establish community gardens or other green space treatments, as well as potentially facilitating infill housing redevelopment projects. All projects would be subject to the Hardest Hit Funds Policies and

Procedures and all other such regulations and/or statutes governing the demolition of property.

We, therefore, request that your Honorable Body adopt the attached resolution approving the transfer of the Property and authorize the Planning and Development Department's Director, or his authorized designee, to issue one or more quit claim deed(s) for the Property and such other documents as may be necessary to effectuate the sale to the Detroit Land Bank Authority, a Michigan public body corporate.

Respectfully submitted,  
**ROBERT ANDERSON**  
 Director

By Council Member Tate:

Resolved, That in accordance with the foregoing communication, the Planning and Development Department's Director, or his authorized designee, be and is hereby authorized to issue to the Detroit Land Bank Authority, a Michigan public body corporate, one or more quit claim deed(s) for the Property more particularly described in Exhibit A in the Jefferson Chalmers Hardest Hit Target Area, together with such other documents as may be necessary to effectuate the sale. And be it further

Resolved, That the Property more particularly described on the attached Exhibit A may be transferred to the Detroit Land Bank, in whole or in parts. The Director of the Planning and Development Department is authorized to execute any required instruments to make and incorporate technical amendments or changes to the transfer authorized hereby (including but not limited to corrections to or confirmations of legal descriptions) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may hereafter arise, provided that the changes do not materially alter the substance or terms of such agreement.

Resolved, The Director of Planning and Development retains the discretion to withhold transferring some property described in Exhibit A to the DLBA, in particular if it is determined that a house has the ability to be rehabilitated rather than demolished.

Resolved, That the Property conveyed to the Detroit Land Bank Authority must be for the purpose of fulfilling the program objectives of blight elimination under the Hardest Hit Program. And be it further

Resolved, That, in accordance with Section 19(1) of Public Act 436 of 2012, the transfer by the Emergency Manager for the City of Detroit of land in the City of Detroit, Wayne County, Michigan described in Exhibit A is hereby APPROVED.

Honorable City Council:

Re: Petition No. 2143 — Holy Cross Children’s Service request for street closure on Larkins Street between Wagner and McGraw.

Petition No. 2143 of “Holy Cross Children’s Service” request permission to temporarily close Larkins Street, 66 feet wide, between Wagner Avenue, 55 feet wide, and McGraw Avenue, 86 feet wide, in order to provide a safe environment for the adjacent school children when crossing Larkins Street to the recreational/classroom/and lunch room buildings located across Larkins Street was approved on March 5, 2013. After an objection from a property owner that uses the street brought his/her concerns to the Department of Public Works (DPW) and Traffic Engineering Division — DPW (TED) a more detailed investigation was performed by TED to determine if the property owner had a valid claim under the objection proposed to the City of Detroit. DPW arranged a meeting with Holy Cross Children’s Services, City Engineering Division — DPW (CED) and TED to inform the petitioners that DPW will be rescinding their request to temporarily close Larkins Street as approved by the Honorable City Council.

Traffic Engineering Division — DPW (TED) reports/memo sent to the City Engineering Division states that Larkins Street being one way southbound and Ceil Avenue being one way northbound, north of McGraw, the approval of closure of Larkins Street between Wagner and McGraw has resulted in traveling up to two (2) additional blocks for residents on Larkins Street to access eastbound I-94 freeway. After receiving complaints from residents on the affected streets, Traffic Engineering Division (TED) evaluated the

traffic patterns in the area and concur that the residents have some valid concerns and hence recommend rescinding the resolution which was approved on March 5, 2013 by City Council.

The Rescinding resolution is attached for consideration by your Honorable Body.

Respectfully submitted,  
RICHARD DOHERTY

**City Planning Commission**

November 22, 2013

Honorable City Council:

Re: Special District Review of temporary use permit applications and temporary sign permit applications during City Council's 2013 year-end recess.

On Thursday, November 21st during the Planning and Economic Development Standing Committee meeting staff was directed to prepare the following report and resolution for consideration at the Formal Session of Tuesday, November 26th.

The Detroit Zoning Ordinance requires that any permit application submitted to the Buildings, Safety Engineering and Environmental Department for exterior work within the Public Center (PC) District and Public Center Adjacent/Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD). The CPC then submits a report and recommendation to your Honorable Body together with a resolution.

The North American International Auto Show takes place at the Cobo Exhibition

Center on land zoned PC and PCA. Every year exhibitors request permits for temporary displays and structures; very often those permit applications are received during City Council's end-of-year recess and consideration of those applications by Council often overlaps with the opening of the Auto Show. The upcoming auto show runs from January 13-26, 2014.

LPD staff in service to the City Planning Commission recommends adoption of a resolution which authorizes CPC and P&DD staff to review, approve, deny, or approve with conditions any temporary use, temporary structure, and temporary sign permit application related to land zoned PC and PCA, submitted prior to City Council's return from recess in 2014.

Respectfully submitted,  
**MARCELL R. TODD, JR.**  
Senior City Planner

By Council Member Tate:

Whereas, The Detroit Zoning Ordinance requires that any permit application submitted to the Buildings Safety Engineering and Environmental Department related to the exterior design, location, and appearance of work within the Public Center (PC) District and Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD); and

Whereas, Consistent with Sec. 61-3-182 of the Zoning Ordinance, the City Council approves, by resolution, any such permit application subsequent to receipt of a report and recommendation from the City Planning Commission; and

Whereas, The Zoning Ordinance is silent as to the applicability of these "special district review" provisions for applications for temporary uses, temporary structures, and temporary signs on land zoned PC and PCA; and

Whereas, The North American International Auto Show will take place at the Cobo Convention and Exhibition Center, which occupies land zoned PC and PCA, from January 13-26, 2014; and

Whereas, Exhibitors routinely submit permit applications during City Council's end-of-year recess period for temporary uses, temporary structures, and temporary signs for the North American International Auto Show; and

Whereas, It is the desire of Detroit City Council to facilitate the staging of the 2014 North American International Auto Show during the period of City Council's end-of-year recess from November 27, 2012 through January 6, 2014, while ensuring adherence to the spirit of the Zoning Ordinance; Now Therefore Be It

Resolved, The Detroit City Council authorizes the staff of the Legislative Policy Division serving the City Planning Commission as well as the staff of the Planning and Development Department

to review, approve, deny, or approve with conditions any temporary use, temporary structure, or temporary sign permit application related to the North American International Auto Show on land zoned PC or PCA, submitted prior to City Council's formal session of January 7, 2014 in consultation with other departments as appropriate.

Adopted as follows:

Yeas — Council Members Cockrel, Jr., Spivey, Tate, and Watson — 5.

Nays — Council President Jenkins — 1.

**Detroit Department of Transportation**

November 14, 2013

Honorable City Council:

Re: Request to Transfer 40 Buses from the Detroit Department of Transportation (DDOT) to the Suburban Mobility Authority for Regional Transportation (SMART).

Your Honorable Body is respectfully requested to accept the above-referenced Federal Transit Administration (FTA), Michigan Department of Transportation (MDOT), Detroit Department of Transportation (DDOT) and Suburban Mobility Authority for Regional Transportation (SMART) Agreement.

DDOT requests to transfer forty New Flyer D40LF buses to SMART. This transfer is required so that DDOT may reduce the overall revenue service bus fleet, so that the spare ratio is reduced to 20 percent as required by the FTA. The diesel-powered 2004 and 2005 model year New Flyer D40LF buses were purchased with FTA funds through a lease arrangement with GE Capital and Bank of America. The debt with GE Capital and Bank of America was retired on September 20, 2013; however, the 40 buses have not reached the end of their "useful life" as defined by the FTA. The FTA requires that when buses are purchased with federal funding, each bus must be used by the grantee for the duration of the buses' useful life. In this instance, the useful life of each of these forty-foot buses is 12 years.

No local share is required from the City of Detroit General Fund. Your Honorable Body's approval of this grant contract is greatly appreciated.

Respectfully submitted,  
PAUL TOLIVER  
Director

Approved:  
FLOYD STANLEY  
Deputy Budget Director  
JOHN NAGLICK  
Finance Director

By Council Member Jones:

Resolved, That the Detroit Department of Transportation (DDOT) be and is hereby authorized to execute a grantee-to-grantee title and transfer of 40 New Flyer D40LF FTA and MDOT-funded buses that have not reached the end of their

economically useful life to SMART for its public transit system; and be it further

Resolved, That Appropriation Account will not be affected by the transfer agreement; and be it further

Resolved, That the Director or Department Head of the Detroit Department of Transportation, be and is hereby authorized to execute the agreement on behalf of the City of Detroit; and be it further

Resolved, That the Finance Director be and is hereby authorized to establish the necessary accounts, transfer funds and honor payrolls and vouchers in accordance with the foregoing communication and standard City accounting practices, and the regulations of the Federal Transit Administration and Michigan Department of Transportation.

### **EXHIBIT A**

## **CONCESSION MANAGEMENT AGREEMENT**

### **Executive Summary of Key Terms December 2013**

#### **Parties:**

- City of Detroit Downtown Development Authority ("DDA"), Olympia Development of Michigan, LLC ("Concessionaire" or "ODM"), and for the limited purposes described therein, the Detroit Red Wings.

- ODM has the right to assign the CMA to an affiliate and to certain non-affiliates that meet certain credit conditions set forth in the CMA. Upon the repayment of the EC Bonds, DDA has the right to assign the CMA to another public body.

#### **Property Acquisition and Ownership:**

- DDA will own the Events Center.
- All property within the anticipated footprint of the Events Center currently is either owned by the EDC or the City or is controlled by ODM and its affiliates. DDA has requested transfer of the EDC and City owned properties to the DDA for \$1.00. Upon the transfer of the EDC and City owned parcels, ODM will cause all privately owed properties to be transferred to the DDA for \$1.00.

- In the event that the final configuration of the Events Center does not include all such parcels, the CMA includes a mechanism whereby the properties not used for the Events Center would be transferred to ODM for use in private development projects for the consideration described in the CMA. In the case of parcels contributed by the City or the EDC, the price for such parcels would be the appraised values of such parcels. In the case of the parcels contributed by ODM, the transfers would be for \$1.00, unless the removal of such parcels from the Events Center reduces ODM's equity contribution into the project below \$47.8 million, in which case ODM will be required to make additional equity contributions to make up the difference.

#### **Design and Construction Responsibilities:**

- ODM is primarily responsible for the design and construction of the Events Center.

- DDA has the right to approve the Minimum Requirements as a condition to the effectiveness of the CMA, final construction plans, GMP amendment to the general construction contract, subcontracts over \$500,000 and change orders over \$500,000 or within the contingency set forth for such subcontract at the time of its initial DDA approval.

#### **Payment of Costs:**

- All costs and fees incurred in connection with the construction of the Events Center will be paid first, proceeds of revenue bonds (the "EC Bonds") to be issued by the Michigan Strategic Fund ("MSF") and other Catalyst Project Revenues held by the DDA, and then by ODM in the amount of any cost overruns above the amount of the bond proceeds.

- The EC Bonds will consist of at least two series of bonds to be paid from (i) specified tax increment revenues to be used for a catalyst development project pursuant to the DDA Act ("Catalyst Project Revenues") in a minimum amount of \$12.8 million and a maximum of \$15 million per year, (ii) local tax increment Revenues in the amount of \$64.5 million over the term of the EC Bonds, and (iii) the annual concession fee to be paid by ODM under the CMA.

- ODM's land acquisition costs for properties it is contributing to the project will not be reimbursed by the bond proceeds.

#### **Term; Concession Fee:**

- The term of the CMA will commence on the date of the first event to be held at the events center and will terminate 90 days following the completion of the 35th NHL Hockey season after commencement.

- In addition, ODM will have 12 5-year extension options. During the term of the EC Bonds, ODM will pay an annual concession fee of \$11.5 million.

- Annually during any Extension Term, ODM will pay an annual concession fee of \$2 million into an accumulating capital fund held by Concessionaire, with such proceeds of such fund to be used for repairs and improvements approved by the DDA. At the end of the Term or upon the termination of the CMA, any unused balance of the fund will be transferred to the DDA to be used for any purpose.

#### **Events Center Operations:**

- Subject to the DDA's right to impose operation and maintenance standards and prohibited uses, ODM will have the right to operate and manage the Events Center and Events Center concessions and to receive all revenue derived therefrom.

- ODM agrees to pay reasonable costs related to and germane to security both inside and outside of the Events Center pursuant to a security plan to be negotiated between the City and ODM as a condition to the effectiveness of the CMA.

**Maintenance and Repairs:**

- Except for damage caused by the DDA or DDA events, ODM is responsible for the performance of all maintenance and repairs at the Events Center.

- Repairs may be paid from a repair fund to which ODM and DDA will contribute equally while the bonds are outstanding. Commencing in 2017, the total contribution of the parties into the repair fund will be equal to \$500,000, escalating annually thereafter by 4% until the full repayment of the bonds. DDA will have the right to approve repairs paid from the repair fund other than emergency repairs, repairs costing less than \$50,000 and repairs pre-approved by the DDA on a periodic basis.

- ODM is solely responsible for the costs of maintenance of the Events Center, and, following the depletion of the repair fund, repairs.

- DDA has the right to inspect the Events Center and require ODM to undertake maintenance and repairs necessary to meet the required standards.

**Business and Workforce Outreach and Participation:**

- **Construction:** During the construction of the Events Center, ODM and its contractors are obligated to comply with all Executive Orders and other ordinances relating to construction projects, including EO 2007-1, EO 2003-4 and Prevailing Wage Ordinance. The terms of such compliance are set forth in an exhibit to the CMA. In connection with such plan ODM and/or its contractors will engage in targeted recruiting and community outreach to obtain the required levels of Detroit-based businesses and residents engaged in the construction process. Compliance will be monitored by ODM's consultant, the DDA and the City of Detroit Human Rights Department. In the event that ODM is unable to obtain such goals, ODM may allocate labor costs to apprenticeship programs; donating new tools, materials and equipment to apprenticeship and training programs; volunteer in-class instructional and training classes training hours to apprenticeship programs; or pay the fees imposed under the Executive Orders.

- **Ongoing Operations:** ODM has agreed to use commercially reasonable efforts to recruit and promote qualified Detroit residents for employment vacancies and ensure Detroit-based businesses and Detroit resident-owned businesses for goods, supplies and services contracting opportunities, including, but not limited to utilizing local training and workforce programs, including, but not limited to those developed by the Michigan Economic Development Corporation ("MEDC"), Michigan Works! Associates, and Detroit Employment Solutions Corporation. At the DDA's request, once per calendar year ODM will meet with the

DDA to discuss ODM's efforts and results and the possibility of developing or identifying additional resources or programs to advance the goals.

**Community and Youth Development Commitments:**

- ODM and its affiliates will engage in community development and outreach programs involving Detroit youth to introduce Detroit youth to the game of hockey and/or the sports and entertainment business or to otherwise foster positive change in the community.

**Conditions to Effectiveness:**

The CMA will become effective upon the occurrence of all of the following on or before April 1, 2014:

- The execution by ODM and DDA of a mutually acceptable Master Development Agreement relating to the EC Ancillary Development project and the allocation of up to \$74 million in Catalyst Project Revenues for approved projects commenced within 5 years following the Commencement Date.

- Approval by the City of Detroit of (i) the expansion of the DDA District, (ii) the proposed amendments to the DDA Plan, and (iii) the transfer of properties owned by the City and the EDC.

- The transfer of the City-owned and EDC-owned properties to the DDA.

- Approval by ODM and DDA of Minimum Requirements for the Events Center.

- Approval by MSF of proposed amendments to the DDA Plan to incorporate the Catalyst Development Project and the use of Catalyst Project Funds (as defined in the CMA) for the Events Center.

- Issuance of the EC Bonds.

- Approval by ODM and DDA of insurance requirements to be maintained by sub-concessionaires.

- Approval by ODM and DDA of standards for Events Center operations, concession operations, maintenance standards, and prohibited uses of the Events Center.

- Approval by ODM and DDA of satisfactory assurances relating to ODM's ability to satisfy payment and performance obligations under the CMA.

- Resolution of all issues relating to the use of the Joe Louis Arena ("JLA"), including, without limitation, (i) an agreement relating to the satisfaction of all obligations under the prior lease of the JLA, including payment of any amounts owing under the prior lease, (ii) a new lease of the JLA acceptable in form and substance to both the Red Wings and the City, (iii) a new parking management agreement acceptable to all parties, and (iv) an agreement that provides that, upon the vacation of the JLA by the Red Wings, the State will finance the demolition of the JLA upon terms and conditions mutually agreeable to the City and the State.

Concessionaire and the DDA have determined that the people of the City, County and State and the public at large will benefit from the construction of the Events Center Project and the operation of concessions in the Events Center Project designed to provide the best facilities for playing and attending professional hockey, concerts and other sports, recreation or entertainment events.

M. P. The DDA desires to retain Concessionaire to develop, manage and operate the Events Center Project, to operate concessions thereon, including the playing of professional hockey and hosting concerts and other entertainment events, and Concessionaire desires to obtain such rights from the DDA pursuant to and under the terms of this Agreement.

Q. It is anticipated that (i) the Events Center Project will cost approximately Four Hundred Fifty Million Dollars (\$450,000,000.00), including financing costs, but excluding debt service and coverage reserves, and (ii) the Costs of the Events Center Project will be funded by proceeds of the Bonds to be issued by the MSF and by funds that the DDA has obtained as a result of certain captured property taxes, as more particularly set forth below.

R. It is anticipated that the Bonds will be repaid from the following sources: (i) a pledge of certain property taxes which are tax increment revenues captured by the DDA pursuant to MCL 125.1651(cc)(vi); (ii) a pledge of certain property taxes which are considered local tax increment revenues captured by the DDA (excluding those property taxes captured pursuant to clause (i) of this Recital); and (iii) a concession payment by Concessionaire; this recital is not intended to prevent any of the foregoing funds from being used for all costs permitted by statute and as provided for herein or in the Bond Documents.

T. In addition to the Events Center Project, the MOU provided for ODM, or its affiliates, to make, or cause private parties to commit to make, an investment of at least \$200,000,000 in projects within the Catalyst Development Area. In connection therewith and as an obligation separate and apart from this Agreement, it is anticipated that the DDA and ODM, or an affiliate, assignee or designee of ODM, will enter a master development agreement (as amended or restated from time to time, the "Master Development Agreement") providing for, among other things, (i) the City and the EDC to transfer to the DDA certain property identified in the MOU and for the DDA to transfer such property to ODM, or its designee, pursuant to the terms and conditions of the Master Development Agreement, (ii) ODM or its affiliates to make, or cause other parties to commit to make, financial investments in projects in the Catalyst Development Area in an amount not less than \$200,000,000 and to commence (as commence as defined in the Master Development Agreement) projects with aggregate budgeted costs in the amount of at least \$200,000,000 on or before the date which is five years after the date that the Events Center is open to the public for its first event, pursuant to the terms and conditions of the Master Development Agreement and (iii) the DDA to provide all funds generated from the Catalyst Project Revenues which are not applied to the payment of the Bonds up to a maximum of \$74,000,000 to reimburse costs associated with such development projects, pursuant to the terms and conditions of the Master Development Agreement.

(c) Any Removal Parcel conveyed to Concessionaire or a designee of Concessionaire pursuant to Articles 2.1 or 2.5 shall be subject to the terms of the Master Development Agreement and this Article 2.5(c). With respect to any Removal Parcel that originally consisted of Public Property, consideration in the amount of the "fair value" of such Removal Parcel shall be paid to the DDA upon the transfer of such Removal Parcel to Concessionaire or its designee, as "fair value" is described in the Master Development Agreement. With respect to any Removal Parcel that originally consisted of Private Property, in the event that Concessionaire is able to demonstrate, in form reasonably satisfactory to the DDA, that upon the removal of such Removal Parcel from the Events Center Property, the Total Equity Contribution will exceed or be equal to the Specified Minimum Equity, Concessionaire shall pay to the DDA an amount of One Dollar (\$1.00) in consideration for the conveyance of the Removal Parcel. In the event that upon the removal of such Removal Parcel the Total Equity Contribution will be less than the Specified Minimum Equity, in consideration for the conveyance of the Removal Parcel, Concessionaire shall, (i) if the conveyance of the Removal Parcel occurs prior to the Commencement Date, pay to the DDA at the time that the first installment of the Concession Fee is due hereunder (which payment shall be in addition to and not deemed to be a part of the Concession Fee), a sum equal to the difference between the Total Equity Contribution (measured as of the time that the first installment of the Concession Fee is due hereunder) and the Specified Minimum Equity, and (ii) if the conveyance of the Removal Parcel occurs after the Commencement Date, pay to the DDA at the time of the conveyance of such Removal Parcel, a sum equal to the difference between the Total Equity Contribution (measured as of the time of the first installment of the Concession Fee that is due twelve months after the date of conveyance of such Removal Parcel) and the Specified Minimum Equity.

2.6 Uniform Relocation Act. Conces-

sionaire shall, for the benefit of itself, its affiliates and the DDA, comply with the Uniform Relocation Act and all related federal, State and City statutes, ordinances and code requirements relating to the relocation of persons and businesses in connection with the DDA's acquisition of title to the Events Center Property. The DDA shall cooperate with and render assistance to Concessionaire in connection with Concessionaire achieving such compliance.

**ARTICLE 3**  
**DESCRIPTION OF EVENTS CENTER**  
**PROJECT**

**3.1 Events Center.** The Events Center (a) generally will consist of an approximately 650,000 square foot NHL caliber arena, with approximately 18,000 seats, (b) will satisfy the Minimum Requirements and (c) may include such amenities and improvements as Concessionaire shall determine, all to be designed and developed in accordance with this Agreement. The Events Center will be designed to be multipurpose and to host for the general public a variety of entertainment and other sporting and recreational events in addition to Hockey Events.

**3.2 Events Center Project.** In addition to the Events Center, Concessionaire may include other facilities and improvements within the Events Center Project, to be located on the Events Center Property, including but not limited to parking, restaurants, shops, entertainment, office space and any other uses and amenities reasonably related to the Events Center. These additional components shall be made, subject to Article 12.5, in the time and manner determined by Concessionaire and, to the extent that proceeds of the Events Center Project Fund are not available to pay for such components, shall be paid for in accordance with Article 12.5. Concessionaire or its affiliates or designees shall submit plans and specifications for each Improvement on the Events Center Property proposed by Concessionaire for the approval of the DDA in accordance with Article 12.5 (other than for any Improvement that is required or permitted by the Minimum Requirements), all of which Improvements shall be open to the public generally and constitute a Public Use. Notwithstanding the foregoing, in addition to the DDA's approval pursuant to Article 12.5, the design of the additional components shall be subject to the provisions of Article 4, below, except to the extent that such components are required or permitted by the Minimum Requirements.

**3.3 Parking.** The Events Center Project will include all parking structures and lots located on the Events Center Property. Concessionaire shall have the exclusive right to manage, operate and receive all revenues from parking on the Events

Center Property for the Term of this Agreement. The location and design of all parking facilities shall be subject to approval by the DDA pursuant to Article 4.1(a) of this Agreement. Parking facilities which are part of the Events Center Project shall include the Parking Structure and any other parking to be constructed within the Events Center Property either as part of the Construction Plans or as Improvements by Concessionaire.

**ARTICLE 4**  
**EVENTS CENTER PROJECT DESIGN**

**4.1 Responsibility for Design.**

(a) Concessionaire and the DDA will agree upon the Minimum Requirements. Concessionaire and the DDA intend that the Minimum Requirements will be prepared by Concessionaire, mutually approved by Concessionaire and the DDA and thereafter attached hereto as Exhibit D in accordance with Article 27. The Minimum Requirements may be amended or otherwise modified from time to time subject to written agreement by Concessionaire and the DDA. Material additions to or deviations from the Minimum Requirements shall not be made by Concessionaire without the prior written consent of the DDA, which consent shall not be unreasonably withheld, delayed or conditioned. In the event that Concessionaire and the DDA mutually approve amendments or other modifications to the Minimum Requirements or in the event of material additions to or deviations from the Minimum Requirements consented to by the DDA in accordance with the immediately preceding sentence, such amendments, modifications, additions, changes and deviations shall become part of the Minimum Requirements. Concessionaire and the DDA mutually agree Concessionaire shall have control over the design and construction of the Events Center Project, provided that, the parties' firm intention is that the design and construction process shall be a cooperative mutual endeavor in which the DDA and Concessionaire will work together and each will participate actively. On and after the date of execution of this Agreement by all parties, the DDA shall have the right to participate actively in all material phases of the design and construction process, which participation shall consist of the right to prior approval in material decisions with respect to architectural programs, schematic designs, site, preliminary and final plans and specifications, interior design programs, and construction stages, which approval (i) is limited to ensuring compliance with the Minimum Requirements and (ii) shall not be unreasonably withheld, delayed or conditioned. At Concessionaire's election, any sub-concessionaire selected by Concessionaire may also participate actively in the design and construction of

any concession facility, including the right to prior approval of certain decisions with respect to architectural programs, schematic designs, interior design programs and construction stages of the Events Center Project to the extent that these would materially affect the concession facilities to be designed, constructed or operated by the sub-concessionaire.

(b) With respect to all instances where participation and decisions of the DDA are required in this Agreement, the DDA shall provide such participation and decisions promptly so as not to cause any delay in the design and construction of the Events Center Project. Without limiting the foregoing, the DDA shall provide its participation and decisions, in any event, within fifteen (15) business days after the request has been submitted to the DDA (the "Deadline") provided that the request must specify the nature of the participation or decision required and the requisite Deadline. The DDA also recognizes that it may be necessary to make certain decisions on an accelerated basis in order to avoid material delays and/or increases in the Costs of the Events Center Project, and therefore agrees to use its best efforts to expedite the approval process, including scheduling special meetings for such purpose. In addition, the DDA acknowledges that contingencies shall be permitted and that change orders pursuant to a contract which has been approved by the DDA and which includes a contingency may be approved by the Concessionaire without the prior approval of the DDA, up to the amount of the applicable contingency; upon subsequent review and ratification of any such change order by the DDA, the right of the Concessionaire to approve change orders without the prior approval of the DDA shall be restored to the full amount of the contingency. No such contingency shall exceed \$500,000.00 or ten percent (10%) of the full amount of the applicable contract or subcontract, whichever is greater.

(c) The DDA shall be entitled to approve the Construction Contract, which approval shall not be unreasonably withheld, delayed or conditioned. Concessionaire covenants that the Construction Contract shall require construction of the Events Center Project in a manner that satisfies the Minimum Requirements. The DDA shall be entitled to approve any subcontract for the construction of the Events Center Project in excess of Five Hundred Thousand Dollars (\$500,000.00) before such contracts are entered into by the Contractor, which approval shall not be unreasonably withheld or conditioned and which approval rights shall be exercised by the DDA within the time period required in section 4.1(b) above. Concessionaire shall consult with the DDA regarding subcontracts for construc-

tion of the Events Center Project and provide information reasonably requested by the DDA with respect to such subcontracts. Concessionaire has the right to approve, in writing, any contract proposed to be entered into by the DDA which is payable from funds on deposit in the Events Center Project Fund; provided, however, that the DDA shall not be required to obtain such written approval for any contract or subcontract (i) if, with respect to contracts or subcontracts that are included within the budget as items to be entered into by the DDA, the maximum amount payable under the contract or subcontract does not exceed the amount set forth in a budget approved in writing by Concessionaire for such contract or subcontract, (ii) that is payable by the DDA from its annual administrative fee, (iii) that is payable at the closing of the Bonds from Bond proceeds, including but not limited to fees payable to bond counsel, financial advisors and other professionals retained by DDA in connection with the issuance of the Bonds or negotiation and execution of this Agreement or (iv) that is for the purpose of the DDA engaging attorneys or the Inspecting Architect in connection with the exercise of the DDA's rights under this Agreement.

(d) Concessionaire shall act as developer of the Events Center Project. All the rights of approval granted to the DDA with respect to the development of preliminary plans or the Construction Plans shall be exercised in a manner so as assure compliance with the Minimum Requirements. Upon approval of preliminary plans and the Construction Plans, the DDA agrees that it will not withhold approval for changes by Concessionaire to such preliminary plans or the Construction Plans if such changes are consistent with the quality and appearance standards of the Minimum Requirements, which approval rights shall be exercised within the time periods described in, and in accordance with, Article 4.1(b).

**4.2 Construction Contractor.** The Construction Contractor for the Events Center Project shall be a construction company selected by Concessionaire and approved by the DDA, which approval shall not be unreasonably withheld, delayed or conditioned. The Construction Contractor shall be engaged by Concessionaire on terms which will meet the needs of Concessionaire and promote the financial objectives and limitations of the Events Center Project as expressed in this Agreement, and the Construction Contractor's work shall be directed in all aspects only by Concessionaire or its designee.

**4.3 Project Architect.** The architect for the Events Center Project shall be a licensed, professional architect selected by Concessionaire. The Construction Contractor or Project Architect has

engaged or may engage a number of sub-consultants to play specialty roles in the Events Center Project. The Project Architect's work shall be directed in all aspects by Concessionaire or its designee.

4.4 Right to Modify. Subject to the DDA's rights of approval set forth in Article 4.1, Concessionaire shall have the right to modify or amend the Construction Plans at any time; provided that such modifications are consistent in all material respects with preliminary plans that have been approved by the DDA, and such modifications do not materially alter the appearance or function of the Events Center Project.

4.5 Payment of Design Costs. The costs of design, including preliminary plans and the Construction Plans, shall be included within the Costs of the Events Center Project to be paid as set forth in Article 6 hereof.

4.6 DDA's Failure to Consent. The DDA shall reimburse Concessionaire for any increase in the Costs of the Events Center Project or any reduction in revenues available from the Events Center Project associated with the failure of the DDA to exercise any right of consent or approval granted to the DDA by this Agreement, including any increased costs associated with the failure of the DDA to consent to proposed modifications of the final design of the Events Center Project or portion thereof, provided, however, such obligation to reimburse shall arise only if a court of competent jurisdiction determines in a final non-appealable order that the failure of the DDA to give its consent or approval, as the case may be, was not reasonable.

4.7 Architectural Drawings. Subject to Concessionaire's obligations under Article 29, Concessionaire shall own the architectural drawings and all construction documents for the Events Center Project and any other Improvements on the Events Center Property.

#### ARTICLE 5 CONSTRUCTION

5.1 Responsibility for Construction. Concessionaire shall have full rights and responsibilities to construct and, subject to any rights of approval granted under this Agreement to the DDA, to supervise the construction of the Events Center Project.

5.2 Commencement of Construction. Subject to the terms and conditions of this Agreement, Concessionaire shall use diligent efforts to cause construction of the Events Center Project to commence by June 30, 2014.

#### 5.3 Construction Contract

(a) The Construction Contract shall incorporate, among other things designed to further the benefits and obligations of the parties as expressed in this

Agreement, provisions for (i) the establishment of a guaranteed maximum price for the Events Center, the scope and terms of which shall, in all respects, accommodate the project budget, and the provision of payment and performance bonds, (ii) compliance with Michigan statutory requirements relating to construction projects involving public funding and/or public ownership, (iii) compliance with the Minimum Requirements, and (iv) compliance with the Events Center Business Workforce Participation and Outreach Plan set forth on Exhibit I attached hereto.

(b) The DDA shall have the right to approve the Guaranteed Maximum Price amendment(s) (the "GMP") to the Construction Contract, as may be agreed to by Concessionaire and the Construction Contractor, such approval being subject to Article 4.1(b). The DDA shall in addition have the right to approve any reductions to the GMP if such reductions are the result of material changes or deviations from the Minimum Requirements for the design of the Events Center Project and/or preliminary plans or construction plans approved by the DDA as provided in Article 4.1.

5.4 Change Orders. All costs of change orders to the Construction Contract required by law shall be paid for using funds on deposit in the Events Center Project Fund. The DDA shall not be entitled to initiate or require, without the prior written approval of Concessionaire, any change order to the Construction Contract. Subject to Article 4.1, any change order authorizing work in excess of Five Hundred Thousand Dollars (\$500,000.00), shall require the approval of the DDA, which approval shall not be unreasonably withheld or conditioned and which approval rights shall be exercised within the time periods described in, and in accordance with, Article 4.1(b).

5.5 Construction Disbursement Procedures. The Events Center Project Fund shall be held by the Disbursing Agent or such other party as is specified in the Bond Documents. Subject to the terms and conditions of the Bond Documents, disbursements from the Events Center Project Fund to pay Costs of the Events Center Project by the Disbursing Agent (or such other party as is specified in the Bond Documents) may be made upon satisfaction of the following conditions:

(a) There shall not then exist a material Concessionaire Default under Article 14.1 beyond the expiration of any applicable cure or grace period.

(b) Presentation by Concessionaire of a requisition certificate that (i) specifies the Costs of the Events Center Project for which payment is being requested, (ii) affirms that the work for which payment is being requested is in place and such work

has been completed in accordance with the Construction Plans approved pursuant to Article 4.1, (iii) certifies that the moneys which remain on deposit in the Events Center Project Fund or which are irrevocably committed to be paid by Concessionaire will be sufficient to pay the remaining Costs of the Events Center Project, and (iv) certifies that Concessionaire has not previously submitted a requisition certificate for the Costs of the Events Center Project for which payment is being requested.

(c) Presentation by Concessionaire of sworn statements signed by the Construction Contractor for the Costs of the Events Center Project for which payment is being requested.

(d) Approval, as appropriate, of the requisition certificate by the Construction Contractor, Project Architect, the DDA and if required by the DDA, the Inspecting Architect.

In connection with the Bond Documents and the issuance of the Bonds, the DDA and Concessionaire shall enter into a Disbursement Agreement with the Disbursing Agent and any other persons required under the Bond Documents to be a party thereto, which Disbursement Agreement shall contain terms and provisions for the disbursement of monies from the Events Center Project Fund. In connection therewith, the parties shall jointly develop procedures to implement their obligations under appropriate documents. True and complete copies of all requisition certificates and sworn statements shall be delivered to the DDA.

#### ARTICLE 6

#### PAYMENT OF COSTS

6.1 Description of Costs. Costs of the Events Center Project shall include all of the following:

(a) site development costs, including demolition, environmental evaluations, interim response activities, response and remediation activities, infrastructure, public parking facilities, utilities and public road and street improvements;

(b) costs for development of specifications and designs, including preliminary plans and the Construction Plans;

(c) costs of construction, permits, equipment, furniture and furnishings for the Events Center Project, including, without limitation, the Parking Structure, in order to make it useable for the purposes intended;

(d) financing costs of the Events Center Project, including underwriting costs, fees and expenses, and the fees and expenses of attorneys, market analysis, consultants, and the costs of credit enhancement, if any;

(e) capitalized interest during construction, and reserve fund requirements (capital repairs, replacements and improvements, and deferred maintenance)

attendant to financing for the Events Center Project;

(f) DDA administrative costs associated with monitoring the development and construction of the Events Center Project, including internal personnel and third party consultants pursuant to a budget approved by Concessionaire;

(g) fees and out-of-pocket costs of the MSF, the DDA or Concessionaire for attorneys, appraisers, environmental and other consultants, the inspecting architects and a Disbursing Agent paid out or incurred in connection with the creation, negotiation, documentation, and delivery of the MOU, the Bond Documents, this Agreement, the Master Development Agreement or other related documents or the acquisition and construction of any part of the Events Center Project, including, without limitation, title and survey costs and fees and expenses of attorneys representing Concessionaire or the DDA;

(h) all costs associated with the issuance of the Bonds and any other bonds issued in connection with the Events Center Project;

(i) all costs of the Team, its personnel and staff to relocate from the Joe Louis Arena to the Events Center;

(j) the compensation of an Events Center Project executive of the DDA and one staff person of the DDA prior to and during the construction of the Events Center Project in an aggregate amount consistent with a budget therefor approved by Concessionaire;

(k) all costs associated with relocation and replacement of existing roads, utilities and infrastructure in or adjacent to the Events Center Property necessitated by the Events Center Project;

(l) to the extent agreed upon by the parties, the costs associated with the removal or relocation of the billboard on Woodward Avenue adjacent to the Events Center Property pursuant to a removal or relocation plan reasonably acceptable to the DDA and Concessionaire; and

(m) such other costs and expenses relating to the Events Center Project as are incurred or approved by Concessionaire or the DDA and approved by the non-requesting party, which approval shall not be unreasonably withheld, unreasonably delayed or unreasonably conditioned.

Notwithstanding anything to the contrary contained herein, Costs of the Events Center Project shall include any costs described above whether incurred prior to or after the date of this Agreement; provided, however, Costs of the Events Center Project shall specifically exclude any costs of Concessionaire that are included in the definition and computation of the Total Equity Contribution.

6.2 Sources of Funds: Events Center

Project. It is anticipated that the Costs of the Events Center Project shall be approximately Four Hundred Fifty Million Dollars (\$450,000,000.00), including financing costs but excluding debt service and coverage reserves. The Costs of the Events Center Project shall be paid from money deposited into the Events Center Project Fund or as otherwise described herein. Money from the Events Center Project Fund shall only be used for payment of the Costs of the Events Center Project. The Costs of the Events Center Project shall be funded as follows:

(a) Upon the closing of the Bonds, the proceeds of the Bonds, excluding any reserves required under the Bond Documents, shall be deposited in one or more installments into the Events Center Project Fund and shall be used solely to pay Costs of the Events Center Project. No part of the proceeds of the Bonds will be used to pay any costs prohibited by the Bond Documents.

(b) The DDA shall deposit the Catalyst Project Funds into the Events Center Project Fund upon the closing of the Bonds. The Catalyst Project Funds shall be used solely to pay Costs of the Events Center Project.

(c) In the event that the Costs of the Events Center Project exceed the funds deposited in the Events Center Project Fund from the proceeds of the Bonds and the Catalyst Project Funds, Concessionaire shall pay such excess costs. The moneys paid by Concessionaire pursuant to this paragraph are referred to herein collectively as the "Additional Costs". All rights of approval granted to the DDA on the Minimum Requirements or in the development of preliminary plans or the Construction Plans shall be exercised in a manner so as to minimize the necessity for Concessionaire to make any Additional Costs.

(d) All interest earnings on the Events Center Project Fund shall remain in the Events Center Project Fund and become a part thereof.

(e) The funds deposited in the Events Center Project Fund shall be invested so as to make funds available when necessary for the Events Center Project, subject to any limitations placed on funds deposited in the Events Center Project Fund which are imposed by applicable law or regulations, the Bond Documents or other financing restrictions.

6.3 Disbursements and Transfers From Events Center Project Fund. Subject to the restrictions imposed by this Agreement or the Bonds Documents upon purposes for which funds may be disbursed, the DDA expressly approves the disbursement of funds from the Events Center Project Fund to the Concessionaire to pay Costs of the Events Center Project.

ARTICLE 7  
BONDS

7.1 The Bonds. The Bonds may consist of one or more series of bonds and shall be secured and repaid as described in this Agreement and the Bond Documents.

7.2 Pledge of Repayment Sources. Until Full Debt Repayment, the DDA shall pledge the following to secure repayment of the Bonds:

(a) Local TIF Revenue and Catalyst Project Revenues to be captured by the DDA pursuant to the Act from and after the date upon which the Plan Amendment Provisions are approved by the City. The pledge of Local TIF Revenue shall be subordinate in full to the DDA's pledges (which are outstanding on the date of this Agreement) of all or part of the Local TIF Revenue pursuant to prior bond issuances and prior contractual obligations of the DDA as described in the Bond Documents (the "Prior Local TIF Obligations") and shall be expressly limited as follows: from Local TIF Revenue available after payments under the Prior Local TIF Obligations, the DDA expects to make the payments in the amounts and on the dates specified on Exhibit E attached. Payments in excess of such amounts shall not be required, except as specifically provided for in the Bond Documents due to the insufficiency of Local TIF Revenue received by the DDA after payments under the Prior Local TIF Obligations. In the event that any payment as set forth on Exhibit E is not made in full on the date required, due to the insufficiency of Local TIF Revenue received by the DDA after payments under the Prior Local TIF Obligations, then subsequent payments shall be adjusted in accordance with the Bond Documents to cure such insufficiency. The pledge of Catalyst Project Revenues shall be expressly limited to the payment by the DDA of all Catalyst Project Revenues up to the maximum amount of Fifteen Million Dollars (\$15,000,000) annually, except as provided in the following sentence. In the event that the DDA fails to make annual payments from Catalyst Project Revenues in the amount of at least Twelve Million Eight Hundred Thousand Dollars (\$12,800,000) due to the receipt of insufficient Catalyst Project Revenues by the DDA, then subsequent payments shall be increased to the extent of such insufficiency in any year or years in which the DDA receives Catalyst Project Revenues in excess of Fifteen Million Dollars (\$15,000,000) as further described in the Bond Documents, until the amount of such insufficiency has been paid.

(b) The Concession Fee payable by Concessionaire to the DDA pursuant to Article 9 hereof.

The Local TIF Revenue, the Catalyst

Project Revenue and the Concession Fee, each as described and subject to the limitations and priorities of payment set forth in this Article 7.2, are referred to herein collectively as the "Bond Repayment Sources".

7.3 DDA Bonds. If requested by the issuer of any of the Bonds, the DDA shall issue to such issuer one or more bonds (the "DDA Bonds") in the amount of the then existing amount of the Bonds, which DDA Bonds, if so requested, shall be secured by a pledge of all or a portion of the revenue sources described in Article 7.2, and which shall otherwise be without recourse to the DDA.

#### 7.4 Application of Bond Repayment Sources.

(a) Until Full Debt Repayment, the Bond Repayment Sources shall be first applied (i) to pay amounts then due in repayment of the Bonds and to pay other amounts then due under the Bond Documents (including, without limitation, to establish or replenish any reserves required under the Bond Documents) and (ii) commencing in 2017, a portion of the Bond Repayment Sources equal to Five Hundred Thousand Dollars (\$500,000) per year, escalating at the rate of 4% per year (cumulative), will be transferred to the Repair Fund by the Bond Trustee. Funds deposited into the Repair Fund shall be used as permitted in this Agreement.

(b) In the event that the funds payable from Bond Repayment Sources exceed the amount required to make the payments described in Article 7.4(a), such excess shall be applied, subject to Article 7.4(c), as follows: (i) first, to the prepayment of the Bonds, so long as any such prepayment would not cause any prepayment fee or other prepayment premium to become due or payable under any of the Bond Documents, (ii) second, if any prepayment under the immediately preceding clause (i) would cause any prepayment fee or other prepayment premium to become due or payable under any of the Bond Documents, then such excess shall be deposited into the Bond Escrow Fund and held therein until such time as the Bonds (or any series of the Bonds) may be prepaid without incurring any prepayment fee or other prepayment premium, at which time such excess shall be applied to prepay the Bonds that may then be prepaid without incurring any prepayment fee or other prepayment premium, (iii) third, as otherwise required under the Bond Documents (and with respect to the Local TIF Revenue and the Catalyst Project Revenues, as permitted by the Act), (iv) fourth, as otherwise permitted under the Bond Documents (and with respect to the Local TIF Revenue and the Catalyst Project Revenues, as permitted by the Act), with the consent of the DDA,

which consent will not be unreasonably withheld, delayed or conditioned, and (v) fifth, as otherwise determined by Concessionaire and the DDA (and with respect to the Local TIF Revenue and the Catalyst Project Revenues, as permitted by the Act), including but not limited to the payment of Costs of the Events Center Project. Notwithstanding the foregoing, in the event that the Bond Documents require that such excess be applied in a manner other than as set forth in this Article 7.4(b), then such excess shall be first applied in the manner required by the Bond Documents and thereafter in the manner and order otherwise provided in this paragraph. Subject to the foregoing permissions, the application of such excess funds shall be pursuant to the direction of Concessionaire, but subject to prior notice to the DDA.

(c) In the event that there are more than one series of Bonds at the time of any prepayment of the Bonds made pursuant to Article 7.4(b), then such prepayment will be applied as follows, unless otherwise agreed in writing by Concessionaire and the DDA or as otherwise provided in the Bond Documents: (i) if each series of the Bonds do not bear interest at the same rate as the other series of Bonds, then such prepayment shall be applied to the series of the Bonds that then bears the highest rate of interest, and (ii) if each series of the Bonds bears interest at the same rate as the other series of Bonds, then such prepayment shall be applied in equal amounts to each series of the Bonds.

(d) The obligations of the DDA with respect to the Bonds and the DDA Bonds shall not exceed the Local TIF Revenue and the Catalyst Project Revenues and the pledge of the Concession Fee payable by Concessionaire, as described above in Articles 7.2 and 7.3. Recourse to the parties in connection with the obligations under the Bonds and the DDA Bonds shall be limited to the payment obligations expressly described herein.

7.5 Bond Modifications. Either party shall have the right, at any time during the Term prior to the occurrence of Full Debt Repayment, to request (i) that all or a portion of the Bonds to be refinanced, restructured, refunded or amended or (ii) to convert the modes for the determination of the interest rate on the Bonds or the interest payment periods or to modify the principal amortization schedule of the Bonds as permitted under the Bond Documents (collectively, "Modifications") as and in the manner determined by such party but subject to the prior written approval of the other party, provided however, that (a) Concessionaire shall have the sole right to arrange any such Modifications (but shall consult with the DDA in connection therewith) and (b) in

no event shall the aggregate term of the Bonds (including, without limitation, the term during which Modifications are in effect) extend beyond the Trigger Date. Concessionaire and the DDA shall cooperate in such Modifications and will execute and deliver such agreements and other documents as are necessary or appropriate in connection with such Modifications. Without limiting the foregoing, until the occurrence of Full Debt Repayment, all of the agreements and obligations of the DDA hereunder shall remain in full force and effect including, without limitation, the obligation of the DDA to pay and pledge the Local TIF Revenue, the Catalyst Project Revenues and the Concession Fee as provided for in this Agreement.

**7.6 Pledged Special Revenues.** The DDA intends, without warranty, that the Local TIF Revenue and the Catalyst Project Revenue constitute "special revenues" within the meaning of Section 902(2)(C) of the U.S. Bankruptcy Code and constitute "pledged special revenues" for payment of indebtedness secured by such revenues in accordance with Section 922 of the U.S. Bankruptcy Code, the terms and conditions of which pledge are as set forth in the DDA's resolution authorizing the issuance of the bonds pursuant to Section 7.3 and the Bond Documents.

**7.7 Rights of Bond Holders.** The DDA shall assign such rights of the DDA as security for the Bonds as the MSF (or other issuer of the Bonds) requests in connection with structuring and consummating the issuance of the Bonds. Upon receipt by Concessionaire of written notice from the Bond Trustee directing Concessionaire to pay installments of the Concession Fee to the Bond Trustee or its designee, Concessionaire shall thereafter comply with such direction, the DDA shall be deemed to have consented to such direction and such payment shall constitute satisfaction by Concessionaire to pay the Concession Fee hereunder, provided that the Concessionaire has provided the DDA with written notice of payment. In the event and to the extent that the Bond Trustee or the holders of the Bonds (or their designee) succeed to the rights and interests of the DDA under this Agreement, then so long as there shall then exist no Concessionaire Default under this Agreement, this Agreement shall continue in full force and effect and Concessionaire's other rights hereunder shall not be disturbed, in which case Concessionaire shall be bound to the Bond Trustee or the holders of the Bonds (or their designee) in accordance with the provisions of this Agreement for the balance of the Term.

**7.8 Conflict with the Bond Documents.** In the event of any conflict between the terms and conditions of this Agreement

and the terms and conditions of the Bond Documents (a) the terms and conditions of the Bond Documents shall prevail, and (b) at the request of any party to this Agreement, the parties shall enter into an amendment, restatement or supplement to this Agreement which is mutually agreeable to all parties for the purpose of making this Agreement consistent with the terms and conditions of the Bond Documents.

## ARTICLE 8

### TERM

#### 8.1 Commencement Date and Term.

This Agreement shall become effective as of the Effective Date. Subject to the provisions of Article 8.2, Concessionaire's Use, Concessionaire's right to hold all concessions for the Events Center Project, and its rights under this Agreement shall end at the end of the Initial Term, unless extended pursuant to Article 8.2. Upon determination of the Commencement Date, the parties shall execute an appropriate supplement to this Agreement or memorandum setting forth the Commencement Date.

#### 8.2 Extension Options.

(a) Provided there shall not then exist a material Concessionaire Default under Article 14.1 beyond the expiration of any applicable cure or grace period, Concessionaire has the option to extend this Agreement for twelve (12) additional five (5) year terms. Each Extension Term shall commence the day after the last day of the prior period, subject to the provisions of Article 8.2(b).

(b) Unless Concessionaire provides the DDA with written notice (a "Non-Renewal Notice") that Concessionaire does not intend to exercise its option to extend at least twelve (12) months prior to the last day of the then existing Term, Concessionaire shall be deemed to have exercised such option, in which case the Term of this Agreement shall be automatically extended for the duration of the then applicable Extension Term.

## ARTICLE 9

### PAYMENTS TO THE DDA

#### 9.1 Payments to the DDA.

(a) Beginning on the Commencement Date or such earlier date as may be required by the Bond Documents (the "First Payment Date") and ending on the Trigger Date, Concessionaire will pay to the DDA a concession fee (the "Concession Fee") in the sum of Eleven Million Five Hundred Thousand Dollars (\$11,500,000.00) per year. The Concession Fee shall be paid semi-annually on each Semi-Annual Payment Date. The amount due on each Semi-Annual Payment Date shall be Five Million Seven Hundred Fifty Thousand Dollars (\$5,750,000.00). The portion of the Concession Fee due on each Semi-Annual Payment Date shall be prorated

for any partial year that occurs during the period between the First Payment Date and the Trigger Date.

(b) In each year of any Extension Term, within ten (10) days after the first day of the first year of the particular Extension Term and within ten (10) days after the first day of each year thereafter during such Extension Term, the Concessionaire shall pay the sum of Two Million Dollars (\$2,000,000.00) into a separate account maintained by the Concessionaire to be known as the Capital Improvements and Repairs Fund, with the funds deposited into such account to be applied to the cost of repairs and improvements to concession areas or other areas within the Events Center, with the prior consent of the DDA, which consent shall not be unreasonably withheld, delayed or conditioned. The Concessionaire may accumulate funds in the Capital Improvements and Repairs Fund and is not required to use any or all funds in the Capital Improvements and Repairs Fund within any particular year, but may accumulate such funds for the purpose of paying the cost of capital repairs or improvements with a cost larger than the amount placed in such fund in any particular year. Nothing herein shall limit the rights of the DDA set forth in other provisions in this Agreement. Upon the DDA's request, Concessionaire shall provide the DDA with a detailed accounting of the Capital Improvements and Repairs Fund and expenditures made therefrom. At the end of the Term or upon termination of this Agreement, all sums then in the Capital Improvements and Repairs Fund shall be paid to the DDA and may be used by the DDA for any purpose.

#### ARTICLE 10 CONCESSIONS

##### 10.1 Grant of Concession Rights.

Except as otherwise expressly provided in this Agreement (including Article 11.3), Concessionaire is hereby granted, and shall have during the Term, the exclusive right to operate all concessions which are operated in the Events Center Property, including but not limited to the Events Center Project, the Parking Structure, and such food and/or beverage, novelty and/or souvenir, parking, retail, cell, data and other communications services, entertainment or other operations offering goods or services to the public, whether in free standing structures or whether it is within or outside of the Events Center itself, as may serve the public using the Events Center Property, or any part thereof.

10.2 Selection of Sub-Concessionaires. Except as otherwise provided in this Agreement (including Article 11.3), the exclusive right and privilege granted Concessionaire herein to operate any and

all concessions to be operated within the Events Center Property shall include the right to select one or more sub-concessionaires (which may be Concessionaire or related entities) and to negotiate and enter into sub-concession agreements consistent with the terms and requirements of this Agreement for a period no longer than the Term. The Concessionaire specifically acknowledges that it will enter into a sub-concession agreement with the Red Wings pursuant to which the Red Wings will agree to play Hockey Events at the Events Center in accordance with the terms of such sub-concession agreement and including such obligations as the Red Wings have agreed to hereunder.

10.3 Construction Standards for Concession Facilities. In keeping with the grant herein to Concessionaire of the exclusive right and privilege to operate any and all concessions, directly or with sub-concessionaires, which are operated in the Events Center Property, Concessionaire may, directly or indirectly and subject to Article 3.2, construct or cause to be constructed such Improvements to the Events Center Property and/or structures thereon as are reasonably necessary and appropriate to the establishment, operation and maintenance of such concessions, with title to all such real property Improvements to immediately vest in the DDA. The DDA shall be notified in advance of all such construction plans as require the issuance of a building permit, no later than ten (10) days following the issuance of each such building permit, enabling the DDA to assure itself through contacts with the appropriate offices and/or departments of the City that such Improvements are constructed consistent with the City's enforcement policies of the applicable codes, ordinances and laws.

10.4 Construction of Concession Facilities. In exchange for the exclusive privilege and right to operate all concessions to be operated within the Events Center Property, directly or through sub-concessionaires, during the Term and subject to Article 3.2, Concessionaire agrees to construct Improvements to house, to equip, and to operate, directly or through sub-concessionaires, such concessions to serve the public frequenting the Events Center Property, including but not limited to the Events Center, as Concessionaire, in its discretion, concludes are appropriate to serving the public using various parts of the Events Center Property, the cost of which Improvements shall be paid for from proceeds of the Events Center Project Fund in accordance with Article 6 except for those Improvements described in Article 12.5 hereof, the cost of which shall be paid for pursuant to the terms of Article 12.5.

10.5 Equipping of Concession Facilities. Concessionaire shall furnish, at its expense, or at the expense of any sub-concessionaire under agreement with Concessionaire, all service equipment of every sort which may be required for use in each of the concessions operated hereunder, title to which equipment shall remain in Concessionaire or the sub-concessionaire.

10.6 Title to Replacements or Additions to Concession Facilities. Title to all real property of every sort which may be installed by Concessionaire, or a sub-concessionaire, as a replacement for or as an addition to any Improvements affixed to the Events Center Property, including but not limited to the Events Center, shall immediately vest in the DDA, specifically including all machinery and equipment which is permanently affixed to a building and is necessary for the use and operation thereof, but excluding office furniture, trade fixtures, decorations and moveable machinery and equipment belonging to the NHL, Concessionaire, the Red Wings or any other sub-concessionaire.

10.7 Concession Operating Hours. Concessions authorized by this Agreement operated by Concessionaire, or its sub-concessionaires, will be open to the public at all reasonable, suitable and convenient hours (normally beginning from 1.5 to 2 hours before the beginning of the scheduled event and during the event), including but not limited to DDA Events, to serve the public attending events at the Events Center. On and after the Commencement Date, the DDA has the right, upon not less than 180 days prior written notice to Concessionaire, to require minimum hours of operation of the Events Center on days of scheduled events, provided such minimum hours (a) are generally consistent with such hours of operation as are normally and customarily in effect at comparable multipurpose events centers, (b) are consistent with applicable law and (c) with respect to NHL Games, are not inconsistent with applicable NHL rules and regulations. Notwithstanding the obligations undertaken hereunder, Concessionaire is not required to open and operate concessions not appropriate to a DDA Event (such as Red Wings souvenir concessions) and Concessionaire is permitted to operate less than all concession operations so long as an adequate number of such operations are open and in operation to reasonably serve the numbers of persons attending any particular event.

10.8 Standards for Concession Operation. Concessionaire will at all times provide, or arrange for the provision of personnel, directly or through agreements with sub-concessionaires, sufficient to (a) operate the concession facilities on a

standard consistent with that maintained at comparable multipurpose events centers for comparable events, and (b) satisfy, in any event, the standards required by the DDA to be set forth on Exhibit F to be attached hereto. Concession employees serving the public at such concession operations shall be neat and clean in their appearance and shall conduct themselves in a manner which is not detrimental to the interests of the public being served by such concessions. Concessionaire and the DDA intend that the standards required by the DDA for concession operations be prepared, mutually approved by such parties and thereafter attached hereto as Exhibit F in accordance with Article 27.

10.9 Maintenance of Concession Facilities. Concessionaire directly, or through sub-concession agreements, will (a) maintain in good condition and appearance all concession areas and (b) satisfy, in any event, the maintenance standards required by the DDA to be set forth on Exhibit F to be attached hereto. Concessionaire and the DDA intend that the maintenance standards required by the DDA for concession facilities be prepared, mutually approved by such parties and thereafter attached hereto as Exhibit F in accordance with Article 27.

10.10 Types of Concession Products or Services. Concessionaire directly, or through sub-concession agreements, will operate such concessions, and offer such products and/or services through such concessions, as are normally and customarily found at comparable multipurpose events centers. On and after the Commencement Date, the DDA has the right, upon not less than 180 days prior written notice to Concessionaire, to require that Concessionaire or its sub-concessionaires offer specific food, beverage and menu items and specific categories and brands of merchandise, provided that (a) such food, beverage and menu items and specific categories and brands of merchandise are generally consistent with such concessions as are normally and customarily offered at comparable multipurpose events centers, and (b) sufficient supplies of such items are available for purchase by Concessionaire or its sub-concessionaires at reasonable prices.

10.11 Concession Prices. Concessionaire will directly, or through sub-concessions, charge prices for food, beverages and other merchandise or services sold through such concessions, which are competitive with the prices charged for similar food, beverages, other merchandise or services of like quality and quantity at comparable multipurpose events centers. The DDA may make suggestions to Concessionaire regarding prices for food, beverages and other mer-

chandise or services sold through such concessions, provided that Concessionaire shall have the right, subject to this Article, to determine the prices for food, beverages and other merchandise or services sold through such concessions.

10.12 Sub-Concession Terms and Conditions. All sub-concession agreements entered into by Concessionaire, including the sub-concession agreement to be entered into with the Red Wings, in addition to such terms and conditions as Concessionaire at its sole and complete discretion may impose, shall obligate the sub-concessionaire to the terms and conditions imposed by this Agreement on and with respect to concession operations.

10.13 Concession Insurance and Indemnity. Each sub-concession agreement entered into by Concessionaire, including the sub-concession agreement to be entered into with the Red Wings, will require that the sub-concessionaire (a) maintain insurance in accordance with the requirements to be set forth on the Sub-Concessionaire Insurance Exhibit to be attached hereto as Exhibit G, (b) name, at minimum, the DDA, the Bond Trustee and Concessionaire as additional insureds, as appropriate, in all insurance policies required to be held by such sub-concessionaire pursuant to the sub-concession agreement and this Agreement, (c) indemnify, hold harmless and defend the DDA and such other persons as are determined by Concessionaire from all liability, including reasonable actual attorney fees, resulting from, or arising in connection with, the sub-concessions constructed and operated by such sub-concessionaire and (d) shall make the DDA a third-party beneficiary of such sub-concession agreement with respect to the indemnification described in clause (c) of this Article. Concessionaire and the DDA intend that such Sub-Concessionaire Insurance Exhibit be prepared, mutually approved by such parties and thereafter attached hereto as Exhibit G in accordance with Article 27.

10.14 Indemnification in Connection With Construction and Operation. Concessionaire will indemnify, hold harmless and defend the City and the DDA from all liability, including reasonably actual attorney fees, resulting from, or arising in connection with, the construction and operation of the Events Center Project and each concession, including but not limited to the failure of the Concessionaire to perform its obligations pursuant to this Agreement, irrespective of whether or not the DDA consented to or approved actions giving rise to such liability (but excluding any such liability to the extent said liability is incurred by reason of the gross negligence or willful misconduct of the DDA). The foregoing indemnity of

each sub-concessionaire shall be limited to that portion of the Events Center Property on which it is conducting its concession activities or to any activities undertaken by the sub-concessionaire on the Events Center Property. Subject to the limitations of this Article 10.14, this indemnification shall extend to any future liability associated with the failure of Concessionaire to comply with the requirements of applicable environmental laws, but does not cover any liability associated with the failure of the DDA to comply with such environmental laws. This indemnification shall also extend to liability that may arise under the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), or the Michigan Natural Resources and Environmental Protection Act ("EPA"), for release of contaminants caused or first introduced by Concessionaire to the Events Center Property, as well as liability for any costs specifically attributable to exacerbation of contamination caused by Concessionaire. It does not extend to any contamination which currently is present at, on, under, or from those portions of the Events Center Property originally constituting Public Property unless it has been exacerbated by Concessionaire, but expressly extends to any contamination which currently is present at, on, under, or from those portions of the Events Center Property originally constituting Private Property. The obligations imposed by this Article 10.14 shall survive the termination of this Agreement.

10.15 Cooperation with the DDA. Concessionaire agrees, and by each sub-concession agreement, each sub-concessionaire will agree, to reasonably cooperate and assist the DDA in verifying that each of the concessions and sub-concessions is designed, constructed, equipped and operated consistent with the requirements imposed under all applicable laws, ordinances and codes and with the obligations and requirements of this Agreement.

10.16 DDA's Oversight and Control.

(a) On and after the Commencement Date, (i) the DDA hereby requires that Concessionaire operate the Events Center substantially in accordance with the standards to be set forth on Exhibit F to be attached hereto, and (ii) in addition, the DDA has the right, upon not less than one hundred eighty (180) days prior written notice to Concessionaire, to impose on Concessionaire additional or alternative specific standards for the operation of concessions at and Maintenance of the Events Center which are generally consistent with concession obligations and standards normally and customarily offered at comparable multipurpose events centers (which obligations and

standards shall, with respect to the matters addressed in Articles 10.7, 10.10 and 10.11, be subject to the limitations set forth in Articles 10.7, 10.10 and 10.11). Concessionaire and the DDA intend that the Events Center operation standards required by the DDA be prepared, mutually approved by such parties and thereafter attached hereto as Exhibit F in accordance with Article 27.

(b) Upon reasonable prior written notice, the DDA or its designated agents shall have the right during regular business hours to access and inspect the Events Center, in the presence of Concessionaire or its agents, for the purpose of assessing Concessionaire's compliance with the standards set forth on Exhibit F attached hereto and other standards required by this Agreement with respect to Concessionaire's obligations for Repair, Maintenance and Events Center Management.

(c) The parties intend, without warranty, for the covenants and obligations of Concessionaire set forth in this Agreement relating to design, construction, management, maintenance, repair, use and operation of the Events Center Project to give the DDA substantial control and regulation over the Events Center Property and the Improvements thereon, to impose on Concessionaire specific obligations and responsibility to maintain particular services and to provide for the Events Center Property and the Improvements thereon to be open and available for use by the general public in accordance with such covenants and obligations.

#### ARTICLE 11

##### USE OF AND RIGHTS TO RECEIVE REVENUE FROM THE EVENTS CENTER PROPERTY

###### 11.1 Concessionaire's Use.

(a) Beginning on the Effective Date, the DDA grants to Concessionaire the exclusive right (i) to Use of the Events Center Property (including, without limitation, use of the Events Center Property for the development and construction of the Events Center Project and for activities related to the development and construction of the Events Center Project), and (ii) to operate one or more concessions thereon, including parking.

(b) Beginning on the Commencement Date and continuing for the balance of the Term, the DDA grants to Concessionaire the exclusive right to use and operate the Events Center Property as one or more concessions and Concessionaire shall, subject to all limits and conditions imposed upon Concessionaire in this Agreement, be entitled to manage, operate and use the Events Center Project on a year-round basis for the purpose of providing for Hockey Events, Concessionaire Non-Hockey Events and for other purposes

permitted under this Agreement. Concessionaire shall cause the Events Center Property to be used and operated in compliance with applicable federal, state and local laws, rules, regulations and ordinances. Beginning on the Commencement Date and continuing for the balance of the Term, neither Concessionaire nor the Red Wings shall allow any of the Red Wings' regular-season NHL Games scheduled as home games for the Red Wings to be played in any facility other than the Events Center without first obtaining the written approval of the DDA (which may be withheld in its sole discretion), except (i) where the Events Center is claimed by Concessionaire or the Red Wings to be unfit for Concessionaire's or the Red Wings' use, in which case the withholding of approval by the DDA must be reasonable, (ii) in connection with any NHL "Winter Classic" event or any similar or other instance where the NHL designates the Red Wings as the home team at a NHL Game played at a location outside of the Events Center Project, or (iii) as otherwise expressly permitted in this Agreement. Notwithstanding the foregoing, the Concessionaire and the Red Wings will not permit the NHL to permanently designate another location as the location at which the Red Wings are designated the home team for a NHL Game. This Article 11.1(b) shall not require the Red Wings to play any NHL Game in the Events Center if any governmental agency with jurisdiction over the Events Center and its use prohibits such use on the basis of health or safety risks attendant to such use.

(c) DDA expressly prohibits Concessionaire and the Red Wings from using the Events Center Project for any of the uses to be set forth on Exhibit H to be attached hereto (the "Prohibited Uses"). Concessionaire and the Red Wings each agrees that it will not use, and Concessionaire will not permit any sub-concessionaire to use, the Events Center Project for any Prohibited Uses. Concessionaire and the DDA intend that the Prohibited Uses Exhibit be prepared, mutually approved by such parties and thereafter attached hereto as Exhibit H in accordance with Article 27.

(d) Subject to Article 10.16 and 11.1(c) and the other provisions of this Agreement relating to Concessionaire's use of the Events Center Property and DDA's oversight and limitations thereon, including without limitation, the foregoing limitation upon the use and operation of the Events Center Property in compliance with applicable federal, state and local laws, rules, regulations and ordinances and as otherwise required by this Agreement, Concessionaire shall have the right during the Term to determine how the Events Center Property shall be

used (including its use for hosting concerts, shows, exhibits and other entertainment and sports events open to the public other than Hockey Events, "Concessionaire Non-Hockey Events") and who may be present therein, to select and employ sub-concessionaires or licensees with respect to any Events Center Property operations, including, but not limited to parking, food and beverage (including alcoholic and non-alcoholic beverages) operations, club and restaurant operations, suite catering and advertising within the Events Center Property and to use the Events Center Property and exploit the benefits thereof in any lawful manner.

(e) Concessionaire (or its Affiliates) or its sub-concessionaires shall have the right to obtain and shall exclusively own all permits, approvals and licenses relating to use and operation of the Events Center permitted herein, including, without limitation, liquor licenses; provided, however, that upon termination of this Agreement, the Concessionaire shall assign to the DDA its rights in all assignable permits, approvals and licenses (except for its rights to any liquor license which may be transferred to another location, the rights to which may be retained by Concessionaire, provided that the retention of such licenses by the Concessionaire does not prohibit the DDA from obtaining a liquor license for the Events Center).

11.2 Exclusive Rights to All Revenue. Subject to Article 11.3(c), Concessionaire (or one or more of its sub-concessionaires) shall have the right to all revenues and other income and proceeds derived from the Events Center Project and all revenues and other income and proceeds from the conduct of any and all of the activities (whether now in existence or created or conducted in the future) at any time during the Term conducted by Concessionaire, the Red Wings or other sub-concessionaires.

(a) Without limiting the foregoing, Concessionaire (or one or more of its sub-concessionaires) shall have the right to all revenues and other income and proceeds derived from radio, television, cable, satellite, telephone, digital, internet and other communications media, broadcast and technology fees and revenues, publication fees, parking fees, admission fees, suite or luxury box licensee fees, ticket sales, ticket fees and surcharges, signage and advertising sales, concession and vending machine rents or payments, sales of souvenirs, novelty items, sale of food and beverage (including alcoholic and non-alcoholic beverages), events sponsored or branded by the NHL or the Team, and club membership fees related to any or all of the foregoing upon terms and conditions acceptable to Concessionaire;

(b) Without limiting the foregoing, Concessionaire (or one or more of its sub-concessionaires) shall have the right to all revenues and other income and proceeds relating to the production and distribution of the Red Wings' NHL Games and any other Hockey Events for television (by over-the-air, cable or otherwise), including direct sales of advertising by Concessionaire, radio, television, cable, satellite, telephone, digital, internet, and other communications media, broadcast and technology fees and any other media fees and revenues, and any income attributable to such media and broadcasts (whether in or out of the local market) ("Broadcast Fees"), which Broadcast Fees shall be retained and exclusively controlled by Concessionaire (or one or more of its sub-concessionaires) or as Concessionaire may agree with any other party. Broadcast Fees for Concessionaire Non-Hockey Events and any and all other events occurring within the Events Center Property shall be retained and exclusively controlled by Concessionaire.

(c) Without limiting the foregoing, Concessionaire shall own and have all intellectual property and other proprietary rights with respect to the use of the Events Center and the name of the Events Center Project, including the right to sell, market, copyright, secure a trademark for or otherwise exploit the same. Concessionaire shall have the sole right to sell the name of the Events Center, all or any part of the Events Center Project and all or any part of the Events Center Property for the Term of this Agreement. Concessionaire shall consult with the DDA with respect to the name of the Events Center and the Events Center Project, provided that, Concessionaire shall have the sole right determine the name, to sell the same and to receive and retain all proceeds thereof.

(d) Without limiting the foregoing, Concessionaire shall have the exclusive right to all revenue and income described in Article 19.

11.3 DDA's Rights. During the Term, the DDA will have the following rights regarding the use of the Events Center:

(a) The DDA reserves for itself, and Concessionaire will provide to the DDA, without payment of fees or any other consideration therefor, (i) the use of one (1) suite and tickets for all seats in such suite for all Hockey Events and Concessionaire Non-Hockey Events at the Events Center to the same extent as such tickets are provided to all suite holders at the Events Center, and (ii) twelve (12) tickets (of which four (4) shall be "lower bowl" tickets) to all Hockey Events and Concessionaire Non-Hockey Events at the Events Center. The suite location will be at Concessionaire's discretion and may change from year to year.

(b) Subject to the unavailability of the Events Center due to any use reserved to Concessionaire by this Agreement, the DDA shall have the right to use certain areas approved by Concessionaire within the Events Center for events held during the Term. Such events are limited to those of a civic, charitable or cultural purpose which do not compete with any business of Concessionaire or the Red Wings or a related person ("DDA Events"), which, for avoidance of doubt, shall not include homecoming, graduation and other school events. During any such DDA use for a DDA Event, the DDA will be required to ensure the integrity of the Playing Surface in the Events Center to the complete satisfaction of Concessionaire and the Red Wings and Concessionaire or the Red Wings may deny use of the Playing Surface to the DDA for a DDA Event at any time and for any event when in Concessionaire's or the Red Wings' judgment the Playing Surface may be adversely affected. The DDA shall notify Concessionaire at least ninety (90) days in advance of any DDA Event, which notice will allow Concessionaire to reach a good faith estimate of managerial and operational costs that may be incurred as a result of such DDA Event, and coordinate with Concessionaire and the Red Wings in the scheduling of all such events so as not to interfere with Concessionaire's rights and duties under this Agreement. Within thirty (30) days after receipt of such notice Concessionaire may preempt the right of the DDA to use the Events Center Project for a DDA Event upon advising the DDA that it reasonably believes that the proposed DDA Event will adversely affect the integrity of the Playing Surface, or that the proposed DDA Event cannot be held due to a conflict with a previously scheduled or to be scheduled use of the Events Center for a Hockey Event, an Concessionaire Non-Hockey Event or another DDA Event or with the preparation or cleanup of the Events Center for such events, or that the event is for a purpose not permitted by this Agreement. The failure by Concessionaire to so notify the DDA shall be deemed an affirmative statement by Concessionaire that it reasonably believes that the proposed DDA Event will not harm the integrity of the Playing Surface, that no such scheduling or other conflict exists, and that the event is for a purpose permitted by this Agreement. If Concessionaire does not so notify the DDA, within forty five (45) days after receipt of the notice from the DDA provided for in this Article 11.3, Concessionaire shall provide the DDA with a good faith estimate of managerial, operational, maintenance, utility and any other costs which will be incurred by Concessionaire or its sub-concessionaires as a result of any DDA Event.

(c) The DDA shall have the right to retain the net revenues (which means all revenues realized from ticket sales or the equivalent, less the costs of preparation, operation, staffing, security, clean up, playing field protection, utilities and restoration, if required) for each DDA Event held by the DDA at the Events Center and that percentage agreed to by Concessionaire and the DDA of the revenues from the parking related to the DDA Event and from sales food and beverages at the Events Center in other than any "stadium club" or restaurant.

(d) The rights conferred by this Article 11.3 shall be conditioned upon execution of an agreement between Concessionaire and the DDA which would require the DDA to either prepay, subject to a final accounting and reconciliation, or, within thirty (30) days after receipt of an itemized statement of such actual costs from Concessionaire, reimburse all reasonable costs anticipated to be incurred as a result of a proposed DDA Event. To the extent not covered by proceeds of insurance received by Concessionaire, the DDA shall be obligated to pay the costs to repair all damages caused by the DDA or its invitees in connection with a DDA Event.

11.4 MEDC Tickets. Concessionaire will provide to the Michigan Economic Development Corporation (the "MEDC"), without payment of fees or any other consideration therefor, (i) the use of one (1) suite and tickets for all seats in such suite for all Hockey Events and Concessionaire Non-Hockey Events at the Events Center to the same extent as such tickets are provided to all suite holders at the Events Center, and (ii) twelve (12) tickets (of which four (4) shall be "lower bowl" tickets) to all Hockey Events and Concessionaire Non-Hockey Events at the Events Center. The suite location will be at Concessionaire's discretion and may change from year to year. The MEDC (and any successor thereto) is hereby made an express third party beneficiary of this Article 11.4.

#### ARTICLE 12

##### OPERATING COSTS, MAINTENANCE, REPAIRS, AND MANAGEMENT

12.1 Assumption of Responsibility. Concessionaire assumes responsibility for Maintenance, Repairs and Events Center Management throughout the Term. Concessionaire shall be responsible for the Maintenance of the Events Center Project in good repair and good operating condition (ordinary wear and tear excepted) in a manner generally consistent with maintenance standards generally achieved at comparable multipurpose events centers, in compliance with City, County, State and federal laws, ordinances, rules and regulations, and as otherwise required in this Agreement. The parties acknowledge that Concessionaire

(a) in accordance with and subject to Article 12.6, may use funds on deposit in Repair Fund to satisfy obligations of Concessionaire hereunder and (b) in accordance with and subject to Article 12.7, funds on deposit in the Operation and Maintenance Fund to satisfy obligations of Concessionaire hereunder. No depletion or exhaustion of funds on deposit in the Repair Fund shall reduce Concessionaire's responsibility for Maintenance, Repairs and Events Center Management as otherwise set forth in this Agreement.

#### 12.2 Concessionaire's Obligations.

(a) Concessionaire is hereby designated operator and manager of the Events Center Property and all Improvements thereon and shall be responsible for all Events Center Management. Concessionaire shall obtain or provide, at its expense, all labor, services, materials, supplies and equipment needed to perform all Events Center Management, Maintenance and Repairs. Concessionaire shall not reduce, diminish or eliminate any equipment or services it is required to provide under this Agreement without the prior written consent of the DDA. The DDA shall provide Concessionaire with a copy of all plans, specifications and other documents in the control of the DDA necessary to assist Concessionaire in fulfilling its obligations pursuant to this Article 12.2.

(b) Concessionaire shall cause all Maintenance and Repairs required to be performed by Concessionaire under this Article 12 to be performed promptly and diligently, and in a good and workmanlike manner. Concessionaire shall plan, schedule and conduct such Maintenance and Repairs so as to minimize (i) inconvenience to any patrons, (ii) any material reduction in seating capacity at the Events Center, (iii) any material reduction in the number of parking spaces available in the Events Center Project, and (iv) interference with the DDA's or Concessionaire's use and enjoyment of the Events Center Project.

(c) On the dates of each and every Hockey Event, Concessionaire Non-Hockey Events and DDA Events which is open to the public and uses the playing surface or stands, beginning with the time of day by which an admission ticket to any such event is required in order for the public to enter the Events Center, Concessionaire shall be responsible for: (i) providing and supervising all personnel including ushers; (ii) providing and supervising crowd control and management within the Events Center Property; (iii) providing and supervising first-aid personnel to operate the first-aid facilities in the Events Center; and (iv) providing all other services and materials necessary to fulfill its obligations under this Agreement.

(d) With respect to security in connection with the operation of the Events Center, the Concessionaire agrees to pay reasonable costs that are related to and germane to security both inside and outside of the Events Center. The details of the security plan will be negotiated between the City and the Concessionaire on or before April 1, 2014. A negotiated agreement is a Condition to Effectiveness as defined in section 27.1 hereof.

(e) Concessionaire shall promptly notify the DDA (orally first, then by written notice if written notice alone is not practicable) whenever Concessionaire knows of or discovers any material defects in, damage to, or destruction of any part of the Events Center Project or any dangers or hazards in or on the Events Center Property.

(f) Concessionaire shall provide insurance, pursuant to the provisions of Article 13, to cover the Repair, restoration or replacement of any Damaged Property. Concessionaire shall be responsible for the payment of all deductibles attendant to such insurance. To the extent that such insurance is insufficient to cover the costs of any Repair, restoration or replacement of any Damaged Property, Concessionaire shall be solely responsible for such costs (including but shall not be limited to the costs of all labor, supplies, materials and equipment). No money in the Repair Fund shall be used for the Repair, restoration or replacement of any Damaged Property if the damage is the result of the gross negligence or willful misconduct of Concessionaire or the Red Wings.

(g) Should Concessionaire, pursuant to the terms of this Agreement, wish to contract with other related or unrelated entities to assist in performing any of its obligations under, and subject to the restrictions of, this Agreement, Concessionaire shall in all events be and remain fully responsible and liable to the DDA under the restrictions and obligations set forth herein, notwithstanding any such contracts with such entities, and any agreements, written or verbal, with such other concessionaires or sub-concessionaires shall each contain no less than the same restrictions and obligations imposed by the terms of this Agreement on Concessionaire, and such other restrictions and obligations as may be imposed by Concessionaire which do not conflict with the restrictions and obligations established by this Agreement.

12.3 Maintenance and Repairs. Concessionaire shall be responsible for performing and completing any day-to-day Maintenance of and any Repairs to the Events Center, including but not limited to any Maintenance of and any Repairs to the Playing Surface required in connection with any Hockey Events, Conces-

sionaire Non-Hockey Events, and DDA Events, including any necessary preparation and conditioning of the Playing Surface before or during such events, and Maintenance as may be required in Concessionaire's reasonable judgment after such events in order to restore the Playing Surface to first-class NHL condition. Such restoration shall be completed by the beginning of the next NHL Season after such Concessionaire Non-Hockey Events or DDA Events occurring other than in the NHL Season. For DDA Events, the DDA shall promptly reimburse Concessionaire (or cause a promoter or other third party to reimburse Concessionaire) for Concessionaire's or its sub-concessionaire's personnel and material costs in providing such maintenance and for reasonable costs associated with the Repair or restoration of any portion of the Playing Surface or a portion of the Events Center Project which becomes Damaged Property as a result of a DDA Event. Concessionaire shall supply the DDA and any promoters or third parties designated by the DDA with itemized invoices for such personnel and material costs, including supporting invoices for costs incurred in acquiring materials. If the DDA believes that Concessionaire is failing to perform its obligations under this Article 12.3, the DDA shall promptly notify Concessionaire, and Concessionaire shall then be obligated to cause its maintenance crew and/or Repair contractors, as applicable, to perform Concessionaire's obligations.

12.4 Utilities. Throughout the Term of this Agreement, Concessionaire shall bear the cost of all utilities consumed or used in or on the Events Center Projects or in connection therewith (such as, by way of example and without limitation, gas, steam, electricity, water, sewer, telephone, cable, trash collection, etc.), except such costs associated with any DDA Event, which shall be paid by the DDA or other user of the Events Center pursuant to Article 11.3.

12.5 Improvements and Alterations by Concessionaire.

(a) Following the Commencement Date, except for alterations and Improvements to Concessionaire and sub-concessionaire offices, locker rooms, performer dressing rooms, player/family/media lounges, training and storage spaces which may be made in Concessionaire's discretion, Concessionaire may make Improvements to the Events Center Project and/or demolish, alter, and rebuild all or any portion of the Events Center Project subject to the prior consent of the DDA, which consent shall not unreasonably withheld, delayed or conditioned. Any such Improvement, demolition, alteration, and/or rebuilding (irrespective of whether the DDA has the right to consent thereto

pursuant to the immediately preceding sentence) shall be performed in a first class workmanlike manner and otherwise in accordance with the terms and conditions of this Agreement. If plans and specifications are necessary or customarily prepared in the making of the Improvement, demolition, alteration, and/or rebuilding to the Events Center Property, Concessionaire shall cause such plans and specifications to be prepared and will furnish copies thereof to the DDA prior to the commencement of such the Improvement, demolition, alteration, and/or rebuilding. Concessionaire further agrees that before the commencement of any Improvement, demolition, alteration, and/or rebuilding of all or any part of the Events Center Project, Concessionaire shall cause to be obtained all required approvals. The originals of all such approvals, authorizations, permits and consents of governmental authorities shall be delivered to and retained by Concessionaire, its Affiliates, designees or permitted assigns. Any such consents by the DDA shall not operate or be construed as a consent by the DDA for the purpose of filing any lien or making any charge of any kind whatsoever against the DDA. All Improvements, demolition, alteration, and/or rebuilding shall be done subject to and in accordance with all applicable laws, rules, regulations, ordinances and other requirements of all governmental authorities having jurisdiction thereof. Concessionaire shall cause to be procured and maintained such insurance bonds and other forms of indemnification, if any, as the DDA may reasonably require in connection with the Improvement, demolition, alteration, and/or rebuilding of the Events Center. Upon reasonable prior notice, the DDA and its agents shall have the right to inspect all such Improvement, demolition, alteration, and/or rebuilding periodically during the construction and upon completion thereof, but subject to any construction area safety rules imposed by the contractor therefor or by law.

(b) The cost of all Improvements to the Events Center Project made by Concessionaire pursuant to this Section 12.5 may be paid from (i) the Operation and Maintenance Fund, or (ii) funds of Concessionaire, its Affiliates, designees or permitted assigns or (iii) such other third party sources as Concessionaire and the DDA mutually agree in writing prior to the commencement of construction of such Improvements. The DDA is under no obligation to furnish funds to pay for said Improvements, demolition, alteration, and/or rebuilding unless such Improvement, demolition, alteration and/or rebuilding constitutes a Repair payable from the Repair Fund in accordance with and subject to Article 12.6.

12.6 Repair Fund.

(a) The Repair Fund shall be created as set forth in Article 7.4, above, and maintained by Concessionaire, and during the Term shall be the property of and held by Concessionaire, subject to the terms of this Agreement. Said Repair Fund shall be deposited in a bank account separate and apart from the other revenue or funding sources of the Events Center and shall only be used in the manner set forth in this Agreement. The Repair Fund may be used by Concessionaire to pay any costs associated with the Repair of the Events Center and any portions thereof and the Repair of Damaged Property. All interest earned on the Repair Fund shall remain in such fund and become a part thereof. Except with respect to Repairs (i) that are authorized pursuant to Article 12.8, or (ii) the cost of which is less than Fifty Thousand and 00/100 Dollars (\$50,000.00), or (iii) that are included in a periodic pre-approval by the DDA of specific Repairs, Concessionaire's withdrawal and application of funds from the Repair Fund shall require the prior consent of the DDA, with such consent shall not be unreasonably withheld, delayed or conditioned. At the end of the Term or upon termination of this Agreement, all sums then in the Repair Fund shall be evenly split between the DDA (or its designee) and Concessionaire (or its designee) and may be used by such parties for any purpose.

(b) Upon reasonable prior notice, the DDA and its agents shall have the right to inspect all work paid for using proceeds of the Repair Fund and all major Repairs periodically during the repair work and upon completion thereof, but subject to any construction area safety rules imposed by the contractor therefor or by law.

(c) On or prior to February 28 of each year from and after the establishment of the Repair Fund, the Concessionaire shall provide the DDA an annual accounting of the use of the funds deposited in the Repair Fund, including but not limited to Repairs performed pursuant to Section 12.8, during the calendar year ending December 31 of the immediately preceding year.

(d) No depletion or exhaustion of funds on deposit in the Repair Fund shall reduce Concessionaire's responsibility for Maintenance, Repairs and Events Center Management as otherwise set forth in this Agreement.

12.7 Operation and Maintenance Fund.

(a) The Concessionaire may establish an Operation and Maintenance Fund, which shall be the property of and held by Concessionaire, subject to the terms of this Agreement. The Operation and Maintenance Fund may be used by

Concessionaire to pay any costs associated with the Use, Maintenance and Repair of the Events Center Property and the Events Center Project or any portion thereof, and for any other purpose as desired by Concessionaire. All interest earned on the Operation and Maintenance Fund shall remain in such fund and become a part thereof. Funds in the Operation and Maintenance Fund may be withdrawn by Concessionaire and applied to the costs incurred at its discretion. At the end of the Term, or upon termination of this Agreement, all sums in the Operation and Maintenance Fund shall remain the property of Concessionaire and may be used by Concessionaire for any purpose.

(b) Neither the election of the Concessionaire not to establish an Operation and Maintenance Fund, or the depletion or exhaustion of funds on deposit in the Operation and Maintenance Fund shall reduce Concessionaire's responsibility for operating the Events Center, Maintenance, Repairs and Events Center Management as otherwise set forth in this Agreement.

12.8 Emergency Repairs. If Concessionaire reasonably determines that the health or safety of persons will be jeopardized or that the Events Center Project or any part thereof may be unavailable for use when needed pursuant to this Agreement absent the immediate commencement of a Repair, Concessionaire may commence such Repair without prior approval of the DDA, when such consent may otherwise be required. The DDA agrees that it will authorize the release of funds from the Repair Fund to pay any cost of a Repair made pursuant to this Article 12.8 upon written certification from Concessionaire that the health or safety of persons will be jeopardized or that the Events Center Project will deteriorate or be unavailable for use when needed pursuant to this Agreement absent the immediate commencement of such Repair.

ARTICLE 13

INSURANCE AND SUBROGATION

13.1 Type of Insurance.

(a) Concessionaire shall obtain and maintain, throughout the term of this Agreement, both liability and property insurance coverage as set forth in this Article 13. The Concessionaire, the DDA, the City and the Bond Trustee shall be included as additional insureds, as their interests may appear, for such insurance coverage. Such insurance shall be in the amounts set forth herein.

(b) Throughout the Term, Concessionaire shall obtain and maintain insurance on the Events Center Project against loss or damage by fire and such other hazards, casualties, risks and contingencies as are normally and usually covered by all risk policies in effect in the

City of Detroit, Michigan, in an amount at least equal to the Full Replacement Cost of the Events Center Project. During the construction period, the property insurance shall be in the form of "all risk builder's risk" coverage. Such insurance shall provide that loss proceeds will be first payable to Concessionaire, the DDA, the City and the Bond Trustee, as their interests may appear, and such other persons as either party may determine necessary. In addition, so long as the Events Center Project shall be equipped with any boiler or boilers or so long as the maintenance of such insurance shall be required by law, coverage shall include Boiler and Machinery insurance covering loss and liability resulting from property damage, personal injury or death cause by explosion of boilers, heating apparatus or other pressure vessels on the Events Center Project.

(c) Concessionaire shall also maintain throughout the Term, commercial general liability insurance, against claims of any and all persons, firms and corporations for personal injury, death or property damage occurring upon, in or about the Events Center Property. Such commercial general liability insurance coverage shall be in the amount of not less than Fifty Million Dollars (\$50,000,000.00) per occurrence and in the aggregate not less than Fifty Million Dollars (\$50,000,000.00) as to liability for personal injury, or such other amount as may be reasonably agreed upon by Concessionaire and the DDA from time to time. All such policies shall include, at minimum, the DDA, the City and the Bond Trustee as additional insureds in respect of this Agreement. Required limits may be satisfied through a combination of primary and umbrella/excess policies.

(d) Concessionaire shall also maintain throughout the Term commercial automobile liability insurance. Such coverage shall be in the amount of not less than \$5,000,000 per occurrence and cover all Concessionaire owned, non-owned and hired automobiles. Such policy shall include, at minimum, the DDA and the Bond Trustee as additional insureds in respect of this Agreement. Required limits may be satisfied through a combination of primary and umbrella/excess policies.

(e) Concessionaire shall also maintain throughout the Term workers compensation insurance with statutory limits in compliance with applicable state laws. Coverage shall include employers liability coverage with the minimum limits of \$1,000,000 per occurrence for bodily injury. The insurance required under this paragraph may be satisfied through attainment of a qualified self-insured authority with the State of Michigan.

(f) The insurance policies required by this Article shall be provided by such

insurers having an A.M. Best rating of A or better, and are qualified to write the respective insurance in the State of Michigan. Except as otherwise permitted herein, all required insurance shall be written on an occurrence policy form and include such provisions (including without limitation and where applicable, a waiver of subrogation clause) as are generally considered standard provisions for the type of insurance involved, shall prohibit cancellation or substantial modification by the insurer without at least 30 days written notice to the DDA and any other person designated by the DDA and Concessionaire. All of the foregoing insurance, other than in respect of workers compensation, shall name the Bond Trustee and the DDA and such other persons as either party may determine necessary as additional insureds thereunder as their respective interests may appear. The insurance policies shall be held by Concessionaire but certificates evidencing that Concessionaire has obtained the insurance required hereunder shall be delivered to the DDA prior to inception and at each renewal. All costs and expenses of obtaining and maintaining insurance as required by this Article shall be paid by Concessionaire.

(g) The DDA hereby waives any claim of liability against Concessionaire, the Red Wings and their respective its officers, directors, agents or employees, for any loss or damage to the Events Center Property whether or not such loss or damage may have been caused by or resulted from the negligence of Concessionaire, the Red Wings, any sub-concessionaire or any of their respective officers, directors, agents or employees, to the extent that the amount of such loss or damage is covered by insurance. Concessionaire hereby waives any claim of liability against the DDA and their respective officers, directors, agents or employees, for any loss or damage to property, fixtures and equipment owned, maintained, erected or installed by Concessionaire in and about the Events Center Property whether or not such loss or damage may have been caused by or resulted from the negligence of the DDA or their respective officers, directors, agents or employees to the extent that the amount of such loss or damage is covered by insurance. Any insurance policy carried by the DDA shall contain a provision that any right of subrogation which the insurance company may have against the Concessionaire, the Red Wings, any sub-concessionaire or their respective officers, directors, agents or employees, is waived.

(h) Upon the DDA's written request to Concessionaire, the DDA and the Concessionaire shall meet annually to review the levels of coverage provided for in this Article 13 and to make mutually-agreed to

adjustments to the levels and forms of coverage that the parties determine are reasonably necessary to ensure that insurance coverages required under this Agreement are generally consistent with insurance coverages normally in effect for comparable multipurpose events centers in comparable markets at comparable costs. No such adjustments shall become effective until ninety (90) days after the parties mutually agree in writing thereto. Any modifications to required levels or forms of insurance agreed upon by the parties shall be paid for by the Concessionaire, unless otherwise agreed in writing.

### 13.2 Damage to Events Center Project.

(a) In the event of any loss or damage to the Events Center Project, the proceeds of all insurance (other than business interruption/income loss insurance) shall be deposited into a joint account of the DDA and Concessionaire at a bank in Detroit acceptable to both the DDA and Concessionaire. Concessionaire shall arrange for any temporary Repairs as well as the permanent Repair and restoration of the Events Center Project, and funds shall be disbursed from such joint account as the work progresses in accordance with the same procedures established under Articles 4 and 5 for initial costs of the Events Center Project. The proceeds of any business interruption and income loss insurance policies maintained by Concessionaire shall be paid directly to and retained by Concessionaire. Nothing in this Article 13.2(a) shall reduce, limit or otherwise affect the obligation of the Concessionaire to pay the Concession Fee or cause a reduction in such payment.

(b) In the event that any insurance proceeds remain after completion of such repairs, restoration and reconstruction, such excess funds shall be returned to Concessionaire.

(c) In the event that the insurance proceeds are insufficient to pay the cost of all permanent repairs, restoration and reconstruction, Concessionaire may propose certain modifications to the Events Center Project for the purpose of reducing the cost of such repairs, which may only be made subject to the approval of the DDA, which shall not be unreasonably withheld, delayed or conditioned. In any event, Concessionaire agrees to provide any additional funds which are required in order to repair and restore the Events Center Project to substantially the same condition as it existed immediately prior to the loss or damage.

(d) In the event that the loss or damage occurs during the last five (5) years of the Term (or any extension thereof), Concessionaire shall have no obligation to repair, rebuild or restore the Events

Center Project. In the event that Concessionaire does not elect to repair and restore, the insurance proceed shall be applied in the following manner (i) Full Bond Repayment has not yet then occurred, first to repay the Bonds until Full Bond Repayment occurs, (ii) second, to pay the costs to demolish the Events Center and (iii) third, the balance shall be shared equally by the DDA and the Concessionaire or its designee, following which this Agreement shall terminate.

13.3 Disbursement by Bond Trustee. Notwithstanding any provision to the contrary in Article 13 of this Agreement, the DDA and Concessionaire agree that any and all loss proceeds of any insurance (other than business interruption and income loss insurance) maintained by Concessionaire pursuant to this Agreement shall be paid directly to the Bond Trustee and applied and disbursed subject to the terms and conditions set forth in the Bond Documents. Following the repayment in full of the Bonds, all loss proceeds of any insurance maintained by Concessionaire pursuant to this Agreement shall be paid, applied and disbursed as set forth in Article 13.2(a).

## ARTICLE 14

### DEFAULT AND REMEDIES

14.1 Default by Concessionaire or the Red Wings. The occurrence of any one or more of the following events constitutes a default by Concessionaire or the Red Wings (a "Concessionaire Default") under this Agreement:

(a) Except for defaults described in Articles 14.1(c) and 14.1(d), failure by Concessionaire or the Red Wings to observe and perform any covenant, condition or agreement on its part to be observed or performed under this Agreement for a period of 45 days after written notice specifying such failure and requesting that it be remedied, given to Concessionaire by the DDA; provided, however, that if any event of default shall be such that it cannot be corrected within such period, it shall not constitute a default or Concessionaire Default if corrective action is instituted by Concessionaire or the Red Wings, as applicable, within such period and diligently pursued until the default is corrected.

(b) The dissolution or liquidation of Concessionaire or the Red Wings or the filing by Concessionaire or the Red Wings of a voluntary petition in bankruptcy or failure by Concessionaire promptly to lift any execution, garnishment or attachment of such consequence as will affect Concessionaire's or the Red Wings' ability to carry on its operations at the Events Center Project or the commission by Concessionaire or the Red Wings of any act of bankruptcy or adjudication of Concessionaire or the Red Wings as bankrupt, or assignment by Conces-

sionaire or the Red Wings for the benefit of its creditors, or the entry by Concessionaire or the Red Wings into an agreement of composition with its creditors, or the approval by a court of competent jurisdiction of a petition applicable to Concessionaire or the Red Wings in any proceeding for its reorganization instituted under the provisions of the U.S. Bankruptcy Code, as amended, or under any similar law which may hereafter be enacted. Nothing in this paragraph shall be construed to include the cessation of the corporate existence of Concessionaire or the Red Wings resulting either from a sale, transfer, merger or consolidation of Concessionaire or the Red Wings into or with another corporation or dissolution or liquidation of Concessionaire or the Red Wings following a sale or transfer of all or substantially all of its assets to another entity under the conditions permitting such actions with respect to the NHL contained elsewhere in this Agreement.

(c) The failure to make a payment, when due, under Article 9 of this Agreement, if such payment is not made within a period of 10 business days after written notice specifying such failure and requesting that it be remedied is given to Concessionaire by the DDA.

(d) The failure to maintain the insurance required pursuant to Article 13, for a period of ten (10) business days after written notice specifying such failure and requesting that it be remedied is given to Concessionaire by the DDA.

**14.2 DDA Remedies.** If a Concessionaire Default occurs and is continuing, the DDA may take any one or more of the following remedial steps:

(a) Require Concessionaire to pay the amount that is then past due, if any.

(b) Where appropriate, enjoin any action by Concessionaire or the Red Wings in violation of this Agreement or any part thereof or compel performance by Concessionaire or the Red Wings of their respective duties under this Agreement by specific performance or mandatory injunction.

(c) If the DDA determines that Concessionaire is in material default in performing its Events Center Management function as a result of Concessionaire failing to satisfy management standards generally achieved in the management of comparable multipurpose events centers, the DDA shall deliver written notice to Concessionaire detailing with reasonable specificity the ways in which the DDA claims that Concessionaire is failing to satisfy management standards generally achieved in the management of comparable multipurpose events centers. If Concessionaire fails to begin to satisfy management standards generally achieved in the management of compara-

ble multipurpose events centers within forty five (45) days of Concessionaire's receipt of such written notice from the DDA, then subject to the written approval of the holders of the Bonds the DDA may commence an action or proceeding to terminate all or part of Concessionaire's management authorities and responsibilities under this Agreement. Termination of Concessionaire's management authority and responsibilities pursuant to this paragraph shall not (i) impair or disturb the rights of any sub-concessionaire of Concessionaire, including, but not limited to the Red Wings, or (ii) relieve Concessionaire of any of its other rights and obligations under this Agreement, including but not limited to its rights to use in any manner authorized by Articles 10 or 11 and preempt the use, pursuant to Articles 10 or 11, of the Events Center Project for Hockey Events and Concessionaire Non-Hockey Events, Concessionaire's rights to revenues from the use of the Events Center Project, Concessionaire's rights to assign its rights to use the Events Center Property and to receive payments related to such assignment, and its obligation to bear the costs of all Repairs, Improvements, Maintenance, and operations of the Events Center Project. In addition, the DDA shall be entitled to use moneys in the Repair Fund and/or the Operation and Maintenance Fund to pay for, or to recover damages equal to, the DDA's costs and expenses incurred in obtaining, and retaining until the expiration or termination of this Agreement, replacement management services for the Events Center Project. In the event that all or part of Concessionaire's management authorities and responsibilities are terminated pursuant to this paragraph, the DDA shall engage a replacement manager to perform such authorities and responsibilities, which replacement manager shall (i) be paid for its services but have no right to revenues from the Events Center Property, which such fee shall be paid by Concessionaire in addition to the Concession Fee, (ii) be a professional manager with experience in the management of multipurpose events centers professional sports arenas or stadiums and (iii) manage the Events Center Project in accordance with management standards generally achieved in the management of comparable multipurpose events centers.

(d) Take whatever action at law or in equity as may appear necessary or desirable to collect any fees or payments then due and thereafter to become due or to enforce performance and observance of any provision of Concessionaire under this Agreement.

(e) If the Concessionaire Default is a failure to observe requirement of Articles 4.1(b) or 5.4, require Concessionaire to

pay for each and every Occurrence of such a Concessionaire Default to the DDA the lesser of Twenty Five Thousand Dollars (\$25,000.00) or, if a lessor amount has been disbursed, then the amount disbursed without compliance with these requirements as liquidated damages (and not as a penalty), it being acknowledged and agreed that actual damages for any such failure by Concessionaire would be extremely difficult, if not impossible, to calculate. The determination of whether an Occurrence has taken place, and when disbursements are made, shall be made by the DDA, and notice thereof delivered to Concessionaire.

The remedy authorized under this Article 14.2(e) shall represent the total of all damages due any or all parties for, and shall be the exclusive damages remedy to the DDA with respect to a failure by Concessionaire to observe the requirements of Articles 4.1(b) or 5.4. No failure by Concessionaire to observe the requirements of Articles 4.1(b) or 5.4 shall entitle the DDA to terminate, cancel, suspend, enjoin or commence an action or proceeding to terminate, cancel, suspend or enjoin all or part of Concessionaire's rights or management authorities or responsibilities under this Agreement, but the DDA, in addition to seeking any damages authorized under this Article 14.2(e), may seek to compel performance by Concessionaire by an action for specific performance or declaratory relief.

A failure by Concessionaire to observe the requirements of Articles 4.1(b) or 5.4, including with respect to a payment on a contract or change order either of which had not been approved by the DDA, shall be subject to the damages under this Article 14.2(e) only after such failure would be considered a Concessionaire Default under Article 14.1(a) after application of the notice and cure periods and rights to institute corrective action.

(f) If the Concessionaire Default is a failure to observe requirements of Article 22.1 as a result of failing, beyond the expiration of the notice and cure periods described in Article 14.1(a), to follow the business and workforce participation and outreach plan set forth on Exhibit I attached hereto, the DDA's sole and exclusive remedy shall be to submit such matter to the dispute resolution process described on Exhibit J attached hereto, and any remedy shall also be limited as described herein. All payments made by Concessionaire (or its Affiliates) to any person or entity as a result of failure to comply with the plan set forth on Exhibit I (such payments are referred to as "Executive Order Non-Compliance Payment") shall be credited to and reduce any liability of Concessionaire to pay the DDA in respect of Concessionaire failing to follow the plan set forth on Exhibit I

attached hereto, it being agreed, for avoidance of doubt, that Executive Order Non-Compliance Payments, if any, made by Concessionaire (or its Affiliates) (i) shall be a credit to and reduce Concessionaire's liability to pay the DDA in respect of its failure to follow the plan set forth on Exhibit I and (ii) shall not be a credit to or reduce the Concession Fee or other obligation of Concessionaire under this Agreement except as described in clause (i) of this sentence. Funds received by the DDA pursuant to this Article 14.2(f) shall be used by the DDA to further the objectives of the programs for equal opportunity employment and business inclusion as described under Article 22.1 of this Agreement. Notwithstanding the foregoing, the Concessionaire will be obligated to reimburse the DDA for any out-of-pocket costs incurred by the DDA as a result of such Concessionaire Default relating to the plan set forth on Exhibit I, including but not limited to reasonable actual attorney fees.

No failure by Concessionaire to observe the requirements of Article 22 shall entitle the DDA to terminate, cancel, suspend, enjoin or commence an action or proceeding to terminate, cancel, suspend or enjoin all or part of Concessionaire's rights or management authorities or responsibilities under this Agreement. The DDA may seek specific performance of Concessionaire's obligations pursuant to Article 22 or, with respect to Section 22.1, the right to seek to enforce the non-compliance remedies described in section xi in Exhibit I, as its sole remedies.

(g) If the Concessionaire's default is under Article 23, the DDA's sole and exclusive remedy shall be to seek specific performance of the Concessionaire's obligations thereunder.

**14.3 Default by the DDA.** The occurrence of any one or more of the following events constitutes a default by the DDA under this Agreement:

(a) Except for defaults described in Article 14.3(c) and (d), failure by the DDA to observe and perform any covenant, condition or agreement on its part to be observed or performed for a period of 45 days after written notice specifying such failure and requesting that it be remedied, given to the DDA by Concessionaire; provided, however, that if any event of default shall be such that it cannot be corrected within such period, it shall not constitute an event of default if corrective action is instituted by the DDA within such period and diligently pursued until the default is corrected.

(b) The dissolution or liquidation of the DDA or the filing by the DDA of a voluntary petition in bankruptcy or failure by the DDA promptly to lift any execution, garnishment or attachment of such conse-

quence as will affect the DDA's ability to perform its obligations under any covenant, condition or agreement contained herein or the commission by the DDA of any act of bankruptcy or adjudication of the DDA as bankruptcy, or assignment by the DDA for the benefit of its creditors, or the entry by the DDA into an agreement of composition with its creditors, or the approval by a court of competent jurisdiction of a petition applicable to the DDA in any proceeding for its reorganization instituted under the provisions of the U.S. Bankruptcy Code, as amended, or under any similar law which may hereafter be enacted. Following Full Debt Repayment, the dissolution of the DDA pursuant to the Act shall not be a default, provided the DDA has assigned its obligations under this Agreement to another public entity pursuant to Article 17.3.

(c) The failure to make a payment, when due, under Articles 6, 7, 12 and 21, if such payment is not made (i) with respect to the payments described in Article 7, within the period of time specified in Article 7, including, without limitation, the cure period of time specified in Article 7 for the purpose of catching up on insufficient payments, and (ii) with respect to all other payments, within a period of 10 business days after written notice specifying such failure and requesting that it be remedied is given to the DDA by Concessionaire.

(d) Any failure of the DDA to reimburse Concessionaire for the costs of repairs (to the extent such costs are not covered by proceeds of insurance required hereunder) necessitated by damage caused by any act or omission of the DDA or its agents acting in such capacity within a period of 10 business days after written notice specifying such failure and requesting that it be remedied is given to the DDA by Concessionaire.

**14.4 Concessionaires Remedies.** If a DDA Default occurs and is continuing, Concessionaire may take any one or more of the following remedial steps:

(a) Require the DDA to pay the then balance owing, if any.

(b) Where appropriate, enjoin any action by the DDA or any other person described in Article 14.3(e) in violation of this Agreement or any part thereof or compel performance by the DDA of its duties under this Agreement by specific performance or mandatory injunction.

(c) Take whatever action at law or in equity as may appear necessary or desirable to collect any fees or payments then due and thereafter to become due or to enforce performance and observance of any provision of the DDA under this Agreement.

(d) In the event of the occurrence of a DDA Default under Article 14.3(b) during the period prior to the Commencement

Date, subject to the terms and conditions of the Bond Documents Concessionaire shall have the right to cause the appointment of an independent third party construction administration agent reasonably acceptable to the Bond Trustee to perform the DDA's obligations under Articles 4, 5 and 6 of this Agreement and other provisions of this Agreement relating to the design, construction and cost disbursement process for the Events Center Project.

**14.5 Bond Trustee Cure Rights.** The DDA agrees that the DDA shall grant to the Bond Trustee under the Bond Documents the right to cure any DDA Default hereunder relating to the collection and application of any funds comprising Bond Repayment Sources at the times and in the amounts required hereunder and under the Bond Documents, and, in connection therewith, the right to take all actions on behalf of the DDA and to perform any and all obligations of the DDA under this Agreement and the Bond Documents relating to the Bond Repayment Sources in order to make the payments to the Bond Trustee that the DDA has agreed herein and under the Bond Documents to pay with respect to the Bonds, provided that, (a) the Bond Trustee may appoint an agent to act on behalf of the Bond Trustee in the exercise of the Bond Trustee's rights set forth in this paragraph, and (b) the Bond Trustee shall have no obligation to cure any such DDA Default. If the Bond Trustee causes any DDA Default relating to the Bonds and the Bond Documents to be cured, then such DDA Default shall be deemed cured for purposes of this Agreement.

**14.6 General Provisions.**

(a) No right or remedy herein conferred upon, or reserved to the DDA, or Concessionaire is intended to be exclusive of any other right or remedy, but each shall be cumulative and in addition to every other right or remedy given herein or now or hereafter existing at law, or in equity or by statute. No waiver by either party of any breach of obligation, agreement or covenant, nor shall any forbearance by either party to seek a remedy for any breach by the other party be a waiver by such party of any rights or remedies with respect to such or any subsequent breach, nor shall any express waiver by either party be deemed to apply to any other existing or subsequent right to remedy any default by the other party, nor shall any waiver by either party of any default or breach by the other party in the performance of any of the covenants or obligations of such other party under this Agreement be deemed to have been made by the party against which the waiver is sought to be charged unless contained in a writing executed by such party.

(b) In the event that, in connection with

bankruptcy or other insolvency proceeding in which the DDA is the debtor, this Agreement is deemed to be an executory contract enabling the DDA or a third party acting on its behalf to terminate this Agreement, then Concessionaire shall have the right to exercise all rights and remedies available under Section 365(h)(1)(A) of the U.S. Bankruptcy Code (or comparable provisions under similar laws which may hereunder be enacted), including, without limitation, the right to retain and continue to the Initial Term and Extensions Terms of this Agreement.

(c) In the event that either party fails to pay any payment required hereunder when due which constitutes a default under this Article 14, then, without limiting any other rights of the non-defaulting party, the defaulting party shall be liable for interest thereon from the date that such installment was due until the date paid in full at a rate determined as of the business day immediately preceding the date of the event of default, and thereafter on the business day immediately preceding each ninetieth day thereafter, equal to the rate quoted in a nationally recognized publication of financial information for United States Treasury Bills coming due in the thirteenth week following the date of determination.

#### ARTICLE 15 RELOCATION OF TEAM

From and after the Commencement Date and until the expiration of the Term (or earlier termination of this Agreement), and subject to the terms and conditions of this Agreement and except as otherwise expressly set forth in this Agreement, the Red Wings shall pay all its regular season home games and post-season home games for each NHL Season at the Events Center, provided that, if the Commencement Date occurs after the first NHL Game of the Red Wings to occur after the NHL all-star game in the then ongoing NHL Season, then the Red Wings shall not be required to play its regular season and post-season home games at the Events Center until the start of the next following NHL Season.

Concessionaire and the Red Wings acknowledge that the DDA will be irreparably harmed by the relocation of the Team to a location other than the Events Center Project during the Term of this Agreement. Accordingly, Concessionaire and the Red Wings each agrees that:

(a) The DDA does not have an adequate remedy at law for breach of this Article 15;

(b) Except (i) during any period during which the Events Center is unfit for playing a NHL Game, (ii) during any temporary taking, (iii) prior to the Commencement Date, or (iv) except as permitted under the provisions of Articles

11.1, 15 or 16, the Red Wings shall not play any regular or post-season NHL Game scheduled to be played by the Red Wings at home at any time during the Term anywhere other than in the Events Center.

(c) The Red Wings shall not enter into any contract or agreement of any kind to transfer the Red Wings' franchise which is effective during the Term if such transfer would result in the Red Wings relocating to a location other than the Events Center Property without the prior written consent of the DDA, which consent shall be subject to the DDA's sole and exclusive discretion;

(d) The Red Wings shall not make a formal application to the NHL for approval to transfer the Red Wings' franchise which is effective during the Term to a location other than the Events Center Property without the prior written consent of the DDA, which consent shall be subject to the DDA's sole and exclusive discretion; and

(e) Concessionaire and the Red Wings grant the DDA a right of specific performance to enforce the agreements of Concessionaire and the Red Wings under this Article 15.

#### ARTICLE 16 FITNESS FOR CONCESSIONAIRE'S USE

16.1 Alternate Site. If the Events Center Project is rendered unfit in whole or in any material part (as that term is defined in Article 18.1) for use by Concessionaire, then for the period of such unfitness, Concessionaire shall be entitled to make arrangements for an alternate site for Hockey Events and Concessionaire Non-Hockey Events. Notwithstanding any provision herein to the contrary, any such period of unfitness shall not give Concessionaire any right to terminate this Agreement, unless the Events Center Project is rendered unfit in whole or in any material part within the last five years of the Term.

16.2 Continuing Obligations. Except as provided in Section 16.1, any period of unfitness shall not relieve Concessionaire of any of its necessary Events Center Management obligations hereunder; in addition, Concessionaire and the DDA shall continue to make such payments and contributions as would have been made if the Events Center Project continued to be fit for Concessionaire's Use in accordance with the terms and conditions of this Agreement.

#### ARTICLE 17 ASSIGNMENT

17.1 Rights of Assignment by Concessionaire.

(a) Concessionaire shall have the right to assign, without the consent of the DDA, any of Concessionaire's rights and/or obligations hereunder to an Affiliate, fol-

lowing notice to the DDA that contains suitable evidence that the assignee is an Affiliate and delivery to the DDA of an executed copy of the applicable assignment agreement. Provided that the Approved Assurances remain in effect upon given effect to any such assignment, upon the effective date of any such assignment Concessionaire shall be relieved of its obligations under this Agreement.

#### ARTICLE 18 EMINENT DOMAIN

18.1 Termination of Condemnation. In the event that any material part of the Events Center Project or the Events Center Property shall, at any time during the Term, be taken by exercise of the power of eminent domain ("Condemnation"), whether by formal condemnation proceedings or by purchase under threat of exercise of the power of eminent domain proceedings, this Agreement shall terminate on the date on which possession is required to be delivered to the condemning authority. As used herein, a "material part" shall mean (i) any loss of fan seating components whose sale during the previous regular season, whether actually sold or not, would have represented 10% or more of the total amount which would have been realized from sale of all fan seating components, (ii) loss of 10% or more of the space or equipment being used to provide food and beverage service in the Events Center, or (iii) loss of any material portion of the concourse area.

Notwithstanding the foregoing, Concessionaire may elect in its sole discretion to treat any loss, other than a total taking, as not a "material part" of the Events Center Project or the Events Center Property, and this Agreement will not terminate upon such Condemnation. Concessionaire must make any such election within thirty (30) days after an award of immediate possession of the condemned portion of the Events Center Project or the Events Center Property to

the condemning authority and expiration of the time allowed for legal process, including appeals, and must provide written notice of such election to the DDA within that same thirty (30) days. If this Agreement terminates pursuant to the provisions of this Article 18.1, all rights, obligations and liabilities of the parties hereto shall end as of the effective date of such termination, without prejudice to any rights which have accrued prior to such termination.

All proceeds of any Condemnation award or settlement related to the Events Center Project or the Events Center Property which is received by the DDA or Concessionaire shall be used to pay for costs of restoration, including, but not limited to, the purchase of any necessary additional real property. All such work shall be performed in a manner consistent with development and construction of the Events Center Project, pursuant to Articles 4 and 5.

**18.3 Temporary Taking.** In the event of any temporary taking of the Events Center Project or the Events Center Property, or any portion thereof, for public use, this Agreement shall not terminate by reason thereof, and the rights and obligations of the parties shall continue in full force and effect as provided herein except that during any period of a temporary taking of the Events Center Project or the Events Center Property, or a material part thereof (as defined in Article 18.1), Concessionaire shall be entitled to make arrangements for an alternative site for Hockey Event dates and Concessionaire Non-Hockey Event dates, and Concessionaire shall be relieved of its Events Center Management responsibilities during the period of such temporary taking to the extent such management responsibilities are inconsistent with the terms of the taking. Except as provided in the immediately preceding sentence, the parties shall continue to make such payments

and contributions as would have been made if the Events Center Project or Events Center Property had not suffered a temporary taking. All proceeds of any temporary taking award or settlement related to the Events Center Project or the Events Center Property which is received by the DDA or Concessionaire shall be exclusively paid to and retained by Concessionaire and may be used by Concessionaire to cover costs or losses it incurs as a result of the temporary taking or otherwise. Concessionaire shall have the right to fully participate in, appear in, defend and prosecute all temporary taking proceedings, and in no event shall the DDA consent or acquiesce to, or fail to respond to, any temporary taking without the prior written consent of Concessionaire.

Concessionaire shall be entitled to make a separate claim against the condemning body for an award of any damages sustained by it as a result of such temporary taking.

**18.4 Claims.** Concessionaire shall have the right to fully participate in, appear in, defend and prosecute all Condemnation proceedings, and in no event shall the DDA consent or acquiesce to, or fail to respond to, any Condemnation without the prior written consent of Concessionaire.

**18.5 Parking Facilities.** If more than ten percent (10%) of the parking spaces located in the Events Center Property at the time of any Condemnation are taken by such Condemnation, the DDA shall either, at the option of Concessionaire, remit the proceeds to the Repair Fund or use the proceeds received as a result of the Condemnation to (a) construct parking facilities in the remaining Events Center Property, or (b) acquire on adjacent land, substantially similar parking facilities, or (c) any combination of the foregoing, and in any event only to the extent possible with such proceeds. The Concessionaire shall receive and retain all revenues generated by such additional parking facilities.

**18.6 Rights of Bondholders.** Notwithstanding any provision to the contrary in Article 18 of this Agreement or any related documents, each of the DDA and Concessionaire agrees that any and all proceeds of any condemnation award or settlement related to any portion of the Events Center Property shall be paid as required in the Bond Documents and subject to the terms and conditions set forth in the Bond Documents or in any applicable agreement among the Bond Trustee (or the bondholders), the DDA and Concessionaire.

Upon the occurrence and during the continuance of a Concessionaire Default, the DDA is hereby expressly authorized to assume the obligations of Concessionaire under the Events Center Contracts and so notify the Construction Contractor and the Project Architect, respectively, and promptly thereafter may, but without any obligation to do so, exercise any and all rights and privileges as developer under the Events Center Contracts, including, without limitation, directing the activities of the Construction Contractor and the Project Architect under the Construction Contract and the Architect Agreement, respectively, with respect to the performance of their services in accordance with the terms and conditions of the Construction Contract and the Architect Agreement and generally, to execute and perform any other act, deed, matter or thing whatsoever that ought or needs to be done with respect to the completion of services and work provided for under the

Events Center Contracts with respect to the completion of construction of the Events Center Project.

**28.3 Directions to Construction Contractor and Project Architect.** Concessionaire hereby irrevocably directs the Construction Contractor and the Project Architect, upon demand and notice (a "Direction Notice") from the DDA advising of the existence of a Concessionaire Default under this Agreement, but subject to the last sentence of this paragraph, to recognize the DDA as developer under the Events Center Contracts, including without limitation, the Construction Contractor and the Architect Agreement, respectively, and to render performance of their services and work in accordance with the terms of the Construction Contract and the Architect Agreement as may be directed by the DDA. The DDA shall deliver a copy of each Direction Notice to Concessionaire concurrent with the DDA's delivery of the same to the Construction Contractor and the Project Architect. Notwithstanding the foregoing, in the event that Concessionaire delivers, within ten (10) days following Concessionaire's receipt of the Direction Notice, to the DDA, the Construction Contractor and the Architect Agreement a written objection to the Direction Notice disputing the existence of a Concessionaire Default, then (a) the dispute shall be resolved in accordance with Article 30.16 and (b) the Construction Contractor and the Architect Agreement each shall not obey the Direction Notice unless it subsequently receives a written direction signed by the DDA and Concessionaire to obey the Direction Notice.

**28.4 No Obligation For DDA to Perform Under the Events Center Contracts.** The DDA shall not be obligated to perform or discharge nor does either hereby undertake to perform or discharge, any obligation, duty or liability on the part of Concessionaire under the Events Center Contracts by reason of the collateral assignment hereunder, provided, that in the event that the DDA elects to perform or discharge any obligation, duty or liability as developer under the Events Center Contracts or any of them, the DDA shall thereby be deemed to have assumed all of the obligations as developer under the Events Center Contracts assumed by the DDA from and after the date of such assumption, or any of them, provided, further, that prior to making such election, the DDA shall be entitled to confirm that Concessionaire has faithfully abided by, performed and discharged each and every obligation, contingent obligation and agreement on its part to be performed under the Events Center Contracts and that there exists no material event of default under any Events Center Contract on the part of Concessionaire.

**28.5 Warranties of Concessionaire.** In connection with this collateral assignment of the Events Center Contracts, Concessionaire warrants to the DDA that there have been no prior assignments of the Events Center Contracts and that there will be no subsequent assignments of the Events Center Contracts, except to the MSF, the Bond Trustee, project lenders or bond holders in connection with financing to be provided by MSF, the project lender or bond holders for the Events Center Project, and that to the best of its knowledge: (i) the Events Center Contracts are valid and enforceable, (ii) no party to the Events Center Contracts or any one of them, is in default thereunder as of the date hereof and (iii) all covenants, conditions and agreements on the part of the parties to the Events Center Contracts have been performed as required therein, except those not due to be performed until after the date of this collateral assignment. This Article 28.5 shall not apply in the event the MSF, the Bond Trustee or any project lender or bond holder or any of their respective designees (i) exercises its rights or remedies under its security documents, or (ii) sells, assigns, transfers or otherwise disposes of its rights, title or interest in any Events Center Contract.

**28.6 Acceptance of Assignment.** The acceptance by the DDA of this collateral assignment of the Events Center Contracts from Concessionaire is without prejudice to or waiver or relinquishment of, or an estoppel to assert, any of the DDA's rights or remedies against Concessionaire under this Agreement or applicable law.

**28.7 Concessionaire's Agreement to Perform Events Center Contracts.** To protect the security of this collateral assignment Concessionaire agrees to faithfully abide by, perform and discharge each and every obligation, covenant and agreement on the part of Concessionaire to be performed under this Agreement and the Events Center Contracts.

**28.8 Subordination of Rights.** Notwithstanding anything contained in this Agreement to the contrary, the rights of the DDA as set forth under Articles 28.1, 28.2, 28.3 and 28.4 hereof are and shall remain expressly subject to the rights of the Bond Trustee and the holders of the Bonds as set forth in the Bond Documents.

#### **ARTICLE 29 OBLIGATIONS AT THE END OF THE TERM**

**29.1 Obligations at the End of the Term.** At the end of the Term, or upon termination of this Agreement, the parties shall have the following obligations (each of which shall survive the end of the Term and the termination of this Agreement):

(a) Concessionaire shall surrender the

Events Center Project to the DDA in broom-clean condition. Concessionaire shall remove all decorations, trade fixtures, moveable machinery and other equipment of Concessionaire or its sub-concessionaires upon such surrender. The Concessionaire shall repair any damage to the Events Center Property resulting from the removals described in the previous sentence. In no event shall Concessionaire, the Red Wings or any of their respective affiliates have any obligation relating to any demolition of the Events Center Project or the costs thereof.

(b) Concessionaire shall surrender to the DDA all keys to or for the Events Center Project and inform the DDA of all combinations of locks and vaults, if any, in the Events Center Project.

(c) At the end of the Term, Concessionaire shall deliver to the DDA a perpetual license (the "License") to the DDA or its designee to use all architectural drawings and construction documents for the Events Center Project, which are owned by Concessionaire, for the repair, operation and maintenance of the Events Center, together with copies of architectural drawings and construction documents in Concessionaire's possession, all at no cost to the DDA. Notwithstanding the foregoing, (i) in no event shall Concessionaire, the Red Wings or any of their respective affiliates have any obligation to convey any intellectual property rights or other proprietary rights other than granting the License, and (ii) nothing in this Agreement shall be construed as granting any intellectual property rights or other proprietary rights to the DDA, other than set forth in the License.

(d) Concessionaire shall (i) terminate all contracts, in effect at the end of the Term, pursuant to which Concessionaire or any Affiliate of Concessionaire performs maintenance or other services at the Events Center Project, (ii) cause to be assigned to the DDA all contracts, in effect at the end of the Term, pursuant to which any person other than Concessionaire or any Affiliate of Concessionaire performs maintenance or other services at the Events Center Project to the extent such contracts are assignable, provided that the DDA shall have the right to notify Concessionaire in writing of contracts ("Rejected Contracts") that the DDA does not desire to be assigned to it, (iii) cause to be terminated all Rejected Contracts, and (iv) cause to be assigned to the DDA all warranties, owned by Concessionaire or its Affiliates, then in effect in respect of the Events Center Project to the extent such warranties are assignable and assign other rights as set forth in Section 11.1(f) above.

**29.2 Survival of Obligations.** At the end of the Term, or upon termination of this

Agreement, subject to the obligations of Concessionaire set forth in Article 29.1, the parties shall be relieved of any and all obligations under this Agreement, other than in respect of any obligations that expressly survive the end of the Term or termination of this Agreement.

#### ARTICLE 30 MISCELLANEOUS

No waiver by Concessionaire or the DDA of any covenant, agreement, term, provision or condition of this Agreement shall be deemed to have been made unless expressed in writing and signed by an appropriate official on behalf of Concessionaire or the DDA. To the extent that Concessionaire performs Events Center Management and concession activities hereunder, Concessionaire shall be an independent contractor of the DDA.

30.14 Words of Limitation. Whenever the words "including but not limited to" or "by way of example but not limitation" or

any other similar prefatory words are used throughout this Agreement, such words shall be deemed to preface an example or list of examples, which examples) are set forth for informational purposes only and not for purposes of limitation.

**City Council

December 16, 2013

Honorable City Council:

Re: Special District Review for PC (Public Center) zoning district for Cobo Center modifications to previously-approved plaza in the area of Washington Boulevard and West Jefferson, including the removal of the intersection of Civic Center Drive and West Jefferson Avenue, and the installation of two pieces of public art around the Detroit Regional Convention Facility (Cobo Center).

**BACKGROUND**

As you know, the PC (Public Center District) zoning classification in which Cobo Center is located calls for City Council approval of the location and design of any exterior changes following the review and recommendation of CPC and the Planning and Development Department (Sections 61-3-182 and 61-11-76 of the Zoning Ordinance).

The City Planning Commission (CPC) is in receipt of a request from SDG Inc., on behalf of the Detroit Regional Convention Facility Authority (DRCFA), to modify the plans approved previously by City Council on July 30, 2013 for Cobo Center. The previously-approved plans showed the creation of a "Cobo Square" plaza north of Cobo Arena. The public open space will compliment and direct attention to the front door of Cobo Center. It will relate to the new food court being completed in the former Cobo Arena area and as an activity space in conjunction with the new animated display to be constructed in 2014 as a main canopy on the east side of Cobo Center (directly over the Lodge Freeway as it passes under Cobo Center). The space may be employed as an approach to or extension of programming at the contiguous east terrace which opens off of the former arena, now the new Cobo Center Grand Riverview Ballroom. Extending further to the east it may also be engaged in conjunction with events and activities at Hart Plaza.

The approved plans showed Civic Center Drive relocated from its current position where it is characterized as a disruptive feature directly north of the former Cobo Arena to a revised alignment taking it due north and connecting it directly to West Jefferson Avenue/Lodge Service Drive. That reconfiguration had been approved in writing by the City of Detroit Department of Public Works; (DPW) — Traffic Engineering Division, and approved by City Council under resolution 2549. As a result of that approval the Michigan Department of Transportation (MDOT) agreed to provide an approximately \$2.5 million grant for the corresponding street alterations. Construction documents were developed and the work

was bid for and awarded. However, at the time of commencing construction work the DPW withdrew its approval for the reconfigured Civic Center Drive.

The CPC recommendation (and City Council's subsequent authorizing resolution) included the condition that DPW or the Planning and Development Department (PDD) empanel and convene the oft requested Public Art Site Review Committee to review the relocation of the Joe Louis and Spirit of Transportation statues from placement within Cobo Center to exterior locations. The Joe Louis statue would move to the middle of the vehicular turn around created where Washington Boulevard intersects West Jefferson Avenue and the Spirit of Transportation would move to the south side of the convention center, east of the new entry way from Steve Yzerman/Civic Center Drive.

**PROPOSED DEVELOPMENT**

The DRCFA felt that Cobo Square plaza was a vital element of the overall improvements at Cobo Center and in particular to enhancing the user perception of the quality and utility of the Cobo Center complex. Retaining the Civic Center Drive ramp in front of the former Cobo Arena would weaken or destroy that benefit and in turn the image of the renovated Cobo Center. In response to the revocation of approval from, DPW, the DRCFA's preferred alternative is to have Civic Center Drive remain at the lower level grade, dead-end into a cul-de-sac dedicated as an easement at the corner of the DRCFA property in the Atwater Garage, creating the right-of-way necessary to create a turn suitable for trucks buses and automobiles. DRCFA has also agreed to make the necessary structural changes, including column removal, to create the required clear space. Discussions with MDOT indicate its willingness to fund the street changes as originally agreed and in the same amount, in spite of the aforementioned plan alteration.

From an urban design perspective, DRCFA believes the revised modification is a improvement. It creates a more pedestrian-friendly link between Hart Plaza and the new Cobo Square by eliminating the need to cross a street and the related pedestrian/vehicular conflicts. In response to comments made under the original review (and in the Council resolution), DRCFA has extended the previously approved surface treatment for the Cobo Square along Washington Boulevard.

As was previously shown but not formally reviewed the statue of Joe Louis that is currently located in the Cobo Center concourse is proposed to be relocated to the center of the new turn-around and mounted on a base similar to the current one, 2'5" tall. The Spirit of Transportation statue, presently located

on the third floor of Cobo Center near the People mover station is proposed to be relocated to the plaza created where the curved wall of the former arena (now ball-room) meets the rectangular convention center. The canoe carried by the native American in this piece would be roughly level with the second floor of the convention center.

With the assistance of P&DD, LPD staff assembled the departments that make up the Public Art Site Review Committee. The agencies reviewed the proposed art installations found them to be appropriate.

#### REVIEW

In accordance with the PC provisions of the Zoning Ordinance (Sections 61-11-77), reviews of proposed changes should be conducted in light of the following relevant criteria, with the analysis following in italics:

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development; *The scale, massing and density are relatively unchanged, and the expansion of outdoor space will hopefully draw convention attendees outside and create a gathering space.*

(3) The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties; *The expanded plaza seems to fit well with the convention center.*

(4) Vehicular and pedestrian circulation facilities should be adequately designed to meet expected demands; disruption of traffic flow in surrounding areas should be minimized; truck traffic should be carefully planned and controlled; *The termination of Civic Center Drive into a cul-de-sac should be manageable, once drivers learn the configuration. The eventual relocation of the Red Wings will reduce the traffic volumes on the street.*

(6) Adequate public and private open space should be provided for light and air, landscaping, and, where appropriate, for passive and active recreation; *The expanded plaza increases open space.*

(7) Adequate rights-of-way, easements and dedications should be provided where appropriate for trafficways, utilities and community facilities; *The relocated Civic Center Drive will require the vacating of the current easement and the dedication of new land for the right-of-way.*

(15) Urban design elements of form and character should be carefully considered; such elements include, but are not limited to: richness/interest of public areas through the provision of storefronts, window displays, landscaping, and artwork; color, texture and quality of structural materials; enclosure of public spaces; variations in scale; squares, plazas and/or "vest pocket parks" where appropriate;

continuity of experience, visual activity and interest; articulation and highlighting of important visual features; preservation/enhancement of important views and vistas; *The expanded plaza and terrace continues the pedestrian experience and the removal of the street intersection improves the pedestrian experience. The removal of the intersection does, however, remove an access route for non-motorized transit between West Jefferson Avenue and the Detroit River Walk. The relocation of the sculptures outside allows more people to see them and the proposed locations seem to fit well with the overall site.*

The proposed modifications appear to meet these criteria.

#### RECOMMENDATION

The CPC took action at its December 5, 2013 meeting to recommend approval of the proposed modification to the plaza and terrace areas, the shifting of Civic Center Drive, and the relocation of the two statues. The new right-of-way alignment would of course not be zoned land, but the vacated easement would gain zoning. The CPC finds that the proposed exterior changes would be in keeping with the spirit and intent of the PC zoning district and the statues seem appropriately sited.

The CPC further recommends that non-motorized access to the Detroit River Walk from West Jefferson be analyzed, as the access is being lost with the removal of the intersection of West Jefferson Avenue and Civic Center Drive.

Whereas, SDG, on behalf of the Detroit Regional Convention Facility Authority, seeks approval to modify the plans approved previously by City Council on July 30, 2013 for Cobo Center for the modification and expansion of the plaza on the south side of West Jefferson Avenue and in the former Washington Boulevard right-of-way, relocate two (2) statues from the interior of the Detroit Regional Convention Facility, and the removal of the intersection of Civic Center Drive and West Jefferson Avenue; and

Whereas, The subject area is subject to provisions of Sections 61-11-61, the PC (Public Center District) zoning classification of the Detroit Zoning Ordinance; and

Whereas, The PC zoning district classification requires that any exterior building alteration or changes to the site plan within a PC district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission and

the Planning and Development Department; and

Whereas, Both the Planning and Development Department and the City Planning Commission have reviewed the proposal in order to ensure that the proposed construction is in keeping with the spirit, purpose and intent of the PC zoning district classification; and

Whereas, At its December 5, 2013 meeting, the CPC took action to recommend support of the requested modification and expansion of said plaza.

Now, Therefore, Be It

Legislative Policy Division**

December 16, 2013

Honorable City Council:

Re: Special District Review for PC (Public Center) zoning district for the transition of temporary to permanent of antennas installed by AT&T in Hart Plaza on existing structures (RECOMMEND APPROVAL).

**BACKGROUND**

As you know, the PC (Public Center District) zoning classification in which Hart Plaza is located calls for City Council approval of the location and design of any exterior changes following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-76 of the Zoning Ordinance).

The City Planning Commission (CPC) is in receipt of a request from Amine & Associates, LLC on behalf of AT&T Inc. to make permanent the temporary antennas presently installed on three structures (a light pole, and two vent "stacks"). AT&T originally installed the three antennas in question for the 2013 Jazz Festival. Sheets 5-7 (attached) show the antennas as they look presently. These locations are where the Recreation Department allowed the temporary antennas to be installed, and these seem appropriate for the permanent antennas also. As a part of the lease, staff understands that the

Recreation Department will have the right to request the antennas be moved once the plans for the redesign of Hart Plaza are finalized.

**PROPOSED DEVELOPMENT**

These installations are mounted on existing structures, so they met the definition of "collocation" under State Law. The locations are what were previously negotiated with the Recreation Department, and that department has further reviewed them for their appropriateness. These antennas will add service capacity at Hart Plaza to improve reception during major events.

**REVIEW**

In accordance with the PC provisions of the Zoning Ordinance (Sections 61-11-77), reviews of proposed changes should be conducted in light of the following relevant criteria, with the analysis following in italics:

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development; *The scale, massing and density are relatively unchanged from what is currently installed. While the installation shown on sheet C6 seems cluttered, the objects protruding over the pipe edge are cameras installed by the Recreation Department.*

(3) The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties; *The antennas appear to be compatible. They can be relocated once the Hart Plaza redesign is completed.*

The proposed modifications appear to meet these criteria.

The review of the Planning and Development Department (PDD) is required as a part of the PC review. The PDD staff requests that the design not be approved, based on the inappropriate siting and the location. They find that the proposed location is not appropriate for such permanent telecommunications elements due to the significance of the place as a civic center and as a public space, not for a "private use". There are also civic design criteria that PDD would have to consider when placing any elements within this civic space even if it was a public art work - sculpture or public building.

**RECOMMENDATION**

The CPC and PDD staffs have reviewed and proposed installation, as has of course the Recreation Department. CPC staff does not find the existing antennas to be excessively obtrusive. We generally agree with the concerns raised by PDD. However, because a redesign of Hart Plaza is pending and because the antennas can be relocated at that time, we do not really see these as a perma-

nent placement. CPC Staff therefore recommends approval of the proposed PC modifications.

November 22, 2013

Honorable City Council:

Re: Request to Accept an Award from the Michigan State Police for School Safety Program Byrne Justice Assistance Grant (BYRNE JAG) for Fiscal Year 2013-2014.

The Michigan State Police (MSP) has awarded the Detroit Police Department (DPD) **\$9,690.00, with no cash match** for the School Safety Program Byrne Justice Assistance Grant (BYRNE JAG). The Award number is MSP #72447-1-14-B. The project period is October 1, 2013 to September 31, 2014.

The Safe School program is designed to enhance the critical infrastructure protection of school facilities through technology enhancements and to encourage collaborative efforts between law enforcement and school administrators. These technology enhancements can improve the ability of schools, police, prosecutors, and courts to prevent and solve crimes that occur in the school environment.

The DPD has partnered with Fisher Magnet Middle School in the Eastern District. In the parking lot of the school grounds there are high rates of crime being reported by staff and visitors. The DPD will be purchasing an automatic security gate that will secure the staff and visitor's vehicles and gate clickers that will allow access in and out of the parking lot. This will enhance security, deter violent activities and ensure a safer school environment.

If approval is granted to accept this funding, Officer Viera L. Brownlee of the Grants and Contracts, will serve as the project director. The appropriation number is #13676.

I recommend that the Grants and Contracts be granted permission to

accept the grant funding from the MSP and further recommend that the Chief of Police endorse the attached letters.

Sincerely,

Honorable City Council:  
Re: Request Permission to Accept an Increase for the "Detroit Youth Violence Prevention Capacity -

Building Project" from the Office of Juvenile Justice and Delinquency Prevention.

The United States Department of Justice, Office of Justice Programs, Office of Juvenile Justice and Delinquency Prevention (OJJDP) has awarded an increase to the City of Detroit for the "Detroit Youth Violence Prevention Capacity - Building Project" grant. The increase amount is \$170,220.00, with no cash match, bringing the total amount of the award to \$295,220.00. The project period will run from 10/1/12 through

9/30/14. The federal grant award number is 2012-NY-FX-0027 and the city appropriation number is 13592.

OJJDP's Demonstration Programs Continuation Grants program was established to provide grants and cooperative agreements to organizations that OJJDP has selected for funds in prior years. This program will be authorized by an Act appropriating funds for the Department of Justice.

The Detroit Youth Violence Prevention Initiative (YVPI), established by the Office of Mayor Dave Bing, plans to build the program capacity and enhance the prevention, intervention, enforcement, and re-entry efforts through the proposed partial funding of the Chief Service Officer position, evaluation services, and technology tools. Essentially, awarded funding will support the Mayor's Office in the continued management of the strategic growth of the initiative as guided by the steering committee and informed by community partners. Successful funding of those needs will ultimately strengthen the ability of YVPI partners and stakeholders to collectively better serve youth and reduce violence in the targeted areas of Cody, Osborn and Denby High Schools.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

**APPROVING THE ENERGY DELIVERY SERVICES AGREEMENT BETWEEN THE CITY OF DETROIT AND DTE ELECTRIC COMPANY**

By Council Member K. Cockrel, Jr.:

Whereas, The Energy Delivery Services Agreement (the "Agreement") by and among DTE Electric Company, a Michigan corporation ("DTEE"), The Detroit Public Lighting Department ("PLD") and the City of Detroit, Michigan ("Detroit" and together with PLD, the "City"). Each of DTEE, PLD and Detroit is referred to herein as a "Party," and, collectively, as the "Parties" and is to be effective with respect to the applicable portions of this Agreement on the initial effective date and the subsequent effective date (each as defined in Section 7.1 of the Agreement); and

Whereas, The City owns and operates certain electric facilities located in Wayne County, Michigan, consisting of 31 substations and the overhead conductors, underground cables, poles, connecting conduit meters and other items attached to such substations, which PLD currently utilizes to deliver electricity purchased from DTEE to approximately 115 commercial customers at approximately 1,400 separately metered sites in or around Detroit, Michigan; and

Whereas, The current state of the PLD Facilities has been characterized as unreliable and estimates of the capital investments needed to address these concerns range up to \$630 million, and, as a result, the Emergency Manager for Detroit has determined that it is in the best interests of the citizens of Detroit for the City to terminate its municipal electric utility operations and cease providing electrical service to all of its public and private electrical service customers; and

Whereas, DTEE is the public utility that serves substantially all of the balance of the retail electric service customers located within the area that includes the PLD customers and which provides the electric energy to PLD that is redelivered to the PLD Customers by means of the PLD Facilities, and DTEE is willing to serve the PLD customers; and

Whereas, Over an estimated period of between five years and seven years (the "System Conversion Period") com-

mencing on the Customer Conversion Date (as defined in the Agreement) and continuing through the System Conversion Completion Date (as defined in the Agreement), DTEE intends to directly or indirectly (through contractors) perform activities to systematically transfer the PLD Customers to the existing DTEE energy delivery system (including any build-outs to such system to be constructed by DTEE) (the DTEE System) in accordance with the terms and conditions of this Agreement; and

Whereas, The City will receive substantial benefits under this agreement, including, without limitation, and subject to the City's compliance with the applicable terms and conditions in this Agreement: (i) payment of the costs associated with work on the customer side of meters necessary to convert the City facilities currently served by PLD to DTEE System and normal system readiness work and customer site work related to the system conversion for city-metered facilities and (ii) reimbursement to the City for Energy Delivery Services, operations and maintenance and other work following the Customer Conversion Date, all in accordance with the terms and conditions of this Agreement; and

Whereas, DTEE wishes to engage the City, and the City wishes to accept such engagement, to manage, operate and maintain the PLD Facilities and to perform Energy Delivery Services and certain other duties pertaining to the PLD Facilities during the System Conversion Period, in each case in accordance with the terms and conditions set forth in this Agreement;

Now, Therefore Be It

Resolved, That the Detroit City Council (the "City Council") approves the consideration of the mutual agreements, covenants, representations, warranties and indemnities contained in this Agreement between, the City and the DTEE; and

Be It Further

Resolved, That a copy of this resolution be forwarded to Governor Rick Snyder, State Treasurer Kevin Clinton, Emergency Manager Kevyn D. Orr, Mayor Dave Bing, DTE Electric Company, c/o Julie Cohen, Assistant General Counsel, Commercial, DTE Energy Company, One Energy Plaza, 688 WCB, Detroit, MI 48226 and Gary Brown, Chief Operating Officer.
