

DETROIT WATER AND SEWERAGE DEPARTMENT

INDUSTRIAL WASTE CONTROL DIVISION

ANNUAL REPORT: BOOK 1

JANUARY – DECEMBER 2014

April 1, 2015

Ms. Jodi Peace
Michigan Department of Environmental Quality
Water Bureau
27700 Donald Court
Warren, Michigan 48092-2793

Dear Ms. Peace:

RE: 2014 Annual Report – Industrial Pretreatment Program

Enclosed, please find the 2014 Industrial Pretreatment Program Annual Report for the City of Detroit Water and Sewerage Department. This report has been prepared in compliance with the requirements of NPDES Permit No. M10022802. Part 1, Section B, 1.m.

Should you have any questions or comments concerning the enclosed report, or require additional copies, please contact Mr. Thomas Eapen of the Industrial Waste Control Division at (313) 297-5802.

Sincerely yours,

Sue F. McCormick
Director

Detroit Water and Sewerage Department
Detroit Industrial Pretreatment Program Annual Report
January - December 2014.

The Detroit Water and Sewerage Department (DWSD), in accordance with the requirements of the NPDES permit number MI0022802, is required to submit an annual report to the Department of Environmental Quality (DEQ), consistent with the approved Industrial Pretreatment Program (IPP) and 40 CFR 403.12(i). The following paragraphs summarize the program status for the period of January 1, to December 31, 2014.

The summary report shall contain, at a minimum, the following items:

- 1. Additions, deletions, and any other modifications to the permittee's previously submitted Nondomestic User Inventory.**

The Nondomestic User Inventory is summarized in Book 2.

- 2. Additions, deletions and any other modifications to the permittee's approved Significant Industrial User List.**

Table Ia lists those users added to the list of Significant Industrial Users during the period of January 1, to December 31, 2014. The total number of companies reported as added is 13. Table Ib lists those users who have been deleted from the list of Significant Industrial Users during the period of January 1, to December 31, 2014, and the reason for the deletion of said companies. The total number of companies deleted from the list is 12.

- 3. A listing of the names of Significant Industrial Users not inspected by the permittee at least once during the reporting period.**

The Detroit Water and Sewerage Department conducted 654 inspections during calendar year 2014. The Inspection Group conducted 264 comprehensive inspections and 381 unscheduled inspections. All known Significant Industrial Users were inspected at least once during 2014.

4. **A listing of the names of Significant Industrial users not sampled/monitored for all required pollutants at least once during the reporting period, frequency committed to in the approved Industrial Pretreatment Program.**

The Detroit Water and Sewerage Department conducted 6834 sampling/monitoring events during. At least one sampling event was conducted for each Significant Industrial User.

5. **A listing of the names of Significant Industrial Users without an individual control mechanism (permit) at any time during the reporting period.**

All known Significant Industrial Users were operating under an individual control mechanism during 2014. The individual control mechanism includes but is not limited to a wastewater discharge permit, court order, or administrative consent order.

6. **The number of Significant Industrial Users and Categorical Industrial Users.**

At the end of 2014 there were 123 Categorical Industrial Users classified under the National Categorical Pretreatment Standards (*see Table IIb*) and 143 Non-categorical Significant Industrial Users, for a total of 266 Significant Industrial Users (*see Table IIa*).

7. **A listing of the names of Industrial Users in Significant Noncompliance and Proof of Publication in the largest daily newspaper in the permittee's area.**

The Detroit Water and Sewerage Department published the names of those Industrial Users who were found to be in significant noncompliance with one or more of the criteria specified under 40 CFR 403.8(f)(2)(viii). The name of Industrial Users, criteria for Significant Noncompliance and proof of publication done in June and December is provided in Table III.

8. **A summary of the enforcement activities by the permittee during the report period. This summary includes:**

- (1) **A listing of the names of the Industrial Users which were the subject of an enforcement action;**
- (2) **The enforcement action taken and the date the action was taken; and,**

(3) Whether the Industrial Users were returned to compliance by the end of the reporting period. Industrial Users returned to compliance will have compliance status marked "compliant."

Table IV identifies the Industrial Users under enforcement action during 2014. It also includes a list of Industrial Users that received at least one "Notice of Exceedance," and the Fine and Penalty List.

9. **A listing of the names of Significant Industrial Users who did not submit pretreatment reports at a frequency in accordance with 40 CFR 403.12. and,**
10. **A listing of the names of Significant Industrial Users who did not self-monitor in accordance with the requirements specified in their individual control mechanism during the reporting period.**

Table V lists those Significant Industrial Users who are required to submit pretreatment/self-monitoring report and the status and/ or action taken regarding their submission or non-submission of the report.

Table Va covers the January to June 2014 report and Table Vb covers the July to December 2014 report.

The following additional activities are reported:

1. The IWC - Incident Prevention and Emergency Response Section (IPER) investigates citizen's complaint and referrals on illegal dumping and other incidents involving sewer system. In addition IPER receives, approves and follow up Industrial Users' Slug Control/ Spill Prevention Plans (SC/SPP), as required by the City of Detroit Ordinance 08-05, and maintain statistics on these activities.

Table VI lists the details and statistics of the IPER Program.

2. Special Project Program: IWC issues Special Discharge Permits for wastewater generated from groundwater remediation as well and other remediation projects.

Table VIIa lists those industrial users who are regulated by the IWC under the Special Discharge Program.

3. Hauled-in-Waste Program: IWC issues Hauled-in-Waste Discharge Permit to Septage

Waste Haulers in accordance with the Septage Receiving Operating Plan approved by the Department of Environmental Quality (DEQ) on December 7, 2005.

Table VIIb includes the list of Industrial Users monitored under Hauled-in-Waste Program.

4. The PCB/ Mercury Minimization Program Annual Status Report were submitted to DEQ on October 1, 2014.
5. A summary of results of sampling and analyses of the wastewater treatment plant influent, effluent, and sludge is presented in Table VIII.
6. Appointment of Enforcement Authority

The DEQ had granted the City of Detroit an Appointment of Enforcement Authority by means of a document dated December 23, 2002 which has been renewed in October 2012. This authority supplements Detroit's existing authority under its Ordinance 08-05.

7. Notification to Contributing Jurisdiction

The Department has notified all the contributing jurisdictions of their requirements to amend and adopt revisions to their Sewer Use Ordinances to coincide with the Detroit's Ordinance 08-05. Seventy-one (71) communities already adopted the revisions to their Ordinances. The remaining Six (6) communities are in various states of adoption of the amendments to their Ordinances. Detroit continues to work with these contributing jurisdictions to adopt these revisions and considering additional actions to bring these communities into compliance.

8. Pretreatment Program Audits

The DEQ conducted a Pretreatment Compliance Inspection of the Detroit IPP on September 17, 2014 and the DWSD received the Pretreatment inspection Report on December 12, 21014 and a response was submitted to DEQ on February 26, 2015.

DEPARTMENT OF ENVIRONMENTAL QUALITY

PRETREATMENT PROGRAM ANNUAL REPORT

I General Information

1. Control Authority:	<i>Detroit Water & Sewerage Department</i>
2. Address:	<i>Water Board Building, 735 Randolph</i>
3. City: <i>Detroit</i> State/ Zip Code:	<i>Michigan, 48226</i>
4. Contact Person:	<i>Stephen J. Kuplicki</i>
5. Contact Telephone No:	<i>(313) 297-5804</i>
6. Total Number of Categorical SIUs:	<i>123</i>
7. Total Number of Noncategorical SIUs:	<i>143</i>
8. Total Number of Significant Industrial Users:	<i>266</i>
9. Reporting Period:	<i>1/1/2014 - 12/31/2014</i>
10. NPDES Permit No:	<i>MI0022802</i>

II POTW Toxic Substance Data - Annual Average

1. Influent:	<i>See DWSD Final Monthly Operating Reports</i>
2. Effluent:	<i>See DWSD Final Monthly Operating Reports</i>
3. Sludge:	<i>See DWSD Final Monthly Operating Reports</i>

III Industrial Users (IU)

See Book 2 for List of Industrial Users

IV Significant Industrial User (SIU) Compliance

1. List Additions, Deletions	
Number of SIU Added	<i>13</i>
Number of SIU Deleted	<i>12</i>
2. No. of SIU's submitted/No. of SIUs required to submit Semi-Annual Reports	
b1. January - June 2014	<i>264/265</i>
b2. July - December 2014	<i>263/265</i>
3. No. of SIU completing schedules and/ or agreement and achieving compliance during the reporting period	<i>18</i>
4. List of SIUs in Significant Noncompliance and parameters violated - <i>see Table III</i>	

V Compliance Monitoring Program

1. No. of Nonsampling Inspections Conducted	<i>727</i>
2. No. of Sampling Visits Conducted	<i>6834</i>
3. No. of Facilities Sampled	<i>273</i>

Enforcement Activities Statistical Report

Total number of Industrial Users subject to enforcement action as of January 1, 2014	=	39
Total number of Industrial Users added to the list in 2014	=	14
Total number of Industrial Users in the 2014 list	=	53
Total number of Industrial Users who achieved compliance	=	21
Total number of Industrial Users subject to enforcement action as of December 31, 2014	=	32

Enforcement Actions

Conferences held	=	36
Compliance schedule issued	=	8
Notices of exceedance issued	=	169
Notices of violation issued (includes NOV, NON, NDSN)	=	64
Administrative orders issued	=	1
Cease and Desist orders issued	=	1
Enforcement cases referred for Civil Action	=	0
Civil Litigations filed	=	0
Administrative fees, penalties and fines	=	\$ 29500.00
Industrial Users published for Significant Noncompliance (SNC)	=	40

TABLE III

Proof of Publication
of Significant
Noncompliance

**DETROIT WATER & SEWERAGE DEPARTMENT
INDUSTRIAL WASTE CONTROL DIVISION
303 S. LIVERNOIS DETROIT, MI 48209**

PUBLIC NOTICE

The Department is required to publish Industrial Users found to be in Significant Noncompliance as defined by the US EPA's General Pretreatment Regulations, Section 403.8 (f) (2). An Industrial User is in Significant Noncompliance if it meets one or more of the following criteria:

- (1) Chronic Violation – sixty-six percent or more of the measurements in a six month period exceed the effluent limitations; or
- (2) Technical Review Criteria – thirty-three percent or more of the measurements in a six month period exceed the product of the effluent limitations multiplied by the applicable TRC, 1.4 for BOD, TSS, FOG, or 1.2 for all other pollutants except pH; or
- (3) Violations which have caused interference, pass-through, endangered the public health or that of POTW workers; or
- (4) Discharges which have caused imminent endangerment to human health or welfare or the environment, or required the Department to exercise its emergency authority; or
- (5) Failure of a User to meet a compliance schedule milestone within 90 days of the scheduled date; or
- (6) Failure to provide required reports within (30) days per City of Detroit Ordinance 08-05 after the due date; or
- (7) Failure to accurately report noncompliance; or
- (8) Violations, which have adversely affected the operation or implementation of the local Pretreatment Program.

Advanced Resource Recovery, LLC
27140 Princetown Avenue
Inkster, MI 48141

Technical Review Criteria (TRC) violation of the Monthly Average Limitation for the parameter Zinc (Zn) during the period of October 2012-March 2013.

3510 E. McNichols
Detroit, MI 48212

Technical Review Criteria (TRC) Violation of the Monthly Average Limitation for the parameter Zinc (Zn) during the period of July - December 2013.

Superior Metal Finishing has since entered into a Compliance Agreement with the Department in order to demonstrate compliance with the applicable discharge permit limitation.

US Ecology Michigan, Inc.
6520 Georgia St.
Detroit, MI 48211

Technical Review Criteria (TRC) Violation of the Monthly Average Limitation for the parameter Titanium (Ti) during the period of March - August 2013.

US Ecology Michigan, Inc., has since demonstrated compliance with the applicable discharge permit limitation.

Usher Oil Company
9000 Roselawn
Detroit, MI 48204

Technical Review Criteria (TRC) of the Daily Maximum Limitation for the parameter Tin (Sn) during the period of June 2013 - November 2013.

Usher Oil Company has since demonstrated compliance with the applicable discharge permit limitation.

XRI Testing
1961 Thunderbird
Troy, MI 48064

Technical Review Criteria (TRC) violation of the Monthly Average limitation for the parameter Silver (Ag) during the period of July-December 2013.

XRI Testing has failed to comply with the applicable Wastewater Discharge Permit limitations. Enforcement action is ongoing.

BIDS/PROPOSALS BIDS/PROPOSALS BIDS/PROPOSALS BIDS/PROPOSALS

**DETROIT WATER & SEWERAGE DEPARTMENT
INDUSTRIAL WASTE CONTROL DIVISION
303 S. LIVERNOIS DETROIT, MI 48209
PUBLIC NOTICE**

The Department is required to publish Industrial Users found to be in Significant Noncompliance as defined by the US EPA's General Pretreatment Regulations, Section 403.8 (f) (2). An Industrial User is in Significant Noncompliance if it meets one or more of the following criteria:

- (1) Chronic Violation - sixty-six percent or more of the measurements in a six month period exceed the effluent limitations; or
- (2) Technical Review Criteria - thirty-three percent or more of the measurements in a six month period exceed the product of the effluent limitations multiplied by the applicable TRC, 1.4 for BOD, TSS, FOG, or 1.2 for all other pollutants except pH; or
- (3) Violations which have caused interference, pass-through, endangered the public health or that of POTW workers; or
- (4) Discharges which have caused imminent endangerment to human health or welfare or the environment, or required the Department to exercise its emergency authority; or
- (5) Failure of a User to meet a compliance schedule milestone within 90 days of the scheduled date; or
- (6) Failure to provide required reports within (30) days per City of Detroit Ordinance 08-05 after the due date; or
- (7) Failure to accurately report noncompliance; or
- (8) Violations, which have adversely affected the operation or implementation of the local Pretreatment Program

**Advanced Resource Recovery, LLC
27140 Princeton Avenue
Inkster, Michigan 48141**

Case 1: Failure to report self-monitoring violation for pH for sample dated May 14, 2014 within twenty four (24) hours of becoming aware and subsequent failure to submit the required thirty (30) day compliance report within thirty (30) days of the due date.

Case 2: Failure to submit the required analytical report on time for the parameters Total PCB and Individual Phenolic compounds sampled on April 2, 2014 for the six month reporting period of December 2013-May 2014 within thirty (30) days of the due date of June 30, 2014.

Case 3: Technical Review Criteria (TRC) violation of the monthly average limitation for the parameter Bis (2-Ethylhexyl) Phalate (BEHP) during the period of September 2013-May 2014.

Case 4: TRC violation of the monthly average limitation for the parameter Zinc (Zn) during the period of December 2013-May 2014.

Advanced Resource Recovery has failed to comply with the applicable wastewater discharge permit reporting requirement for the May 14th pH result. The Company submitted the analytical reports for Total PCB and Individual Phenolic Compounds on September 4, 2014. Enforcement action is ongoing.

**Ajax Tocco Magnethermic
30100 Stephenson Hwy.
Madison Heights, MI 48071**

Case 1: Chronic Violation (CV) and Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation of the parameter Copper (Cu) during the period of October 2013 - March 2014.

Case 2: Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation of the parameter Copper (Cu) during the period of January - June 2014.

Case 3: Failure to submit required Thirty (30) Day Compliance Report for the Notice of Exceedances (NOE) issued on November 11, 2013 and June 6, 2014, within thirty (30) days of the due date.

Case 4: Failure to submit response to Notice of Violation (NOV) issued on August 15, 2014, within thirty (30) days of the due date
Ajax Tocco Magnethermic has failed to comply with its applicable discharge limitation and reporting requirements. Enforcement action is ongoing.

**Applied Technology Industries, Inc.
50271 E. Russell Schmidt Dr.
Chesterfield, Michigan 48051**

Technical Review Criteria (TRC) violation of the Monthly Average Limitation for the parameter Zinc (Zn) during the period of January-June 2014.

Applied Technology Industries, Inc. has since demonstrated compliance with the applicable discharge permit limitation.

**Caraco Pharmaceutical Lab. Ltd.
51150 Elijah McCoy Drive
Detroit, MI 48202**

Technical Review Criteria (TRC) Violation of the Daily Maximum

Global Titanium has failed to comply with its Wastewater Discharge Permit limitations. Global Titanium is in the process of installing an adequate treatment system. Enforcement action is ongoing.

**Great Lakes Golf Center
561 Collier Road
Auburn Hills, MI 48326**

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation of the parameter Mercury (Hg) during the period of October 2013 - March 2014.

Great Lakes Golf Center has failed to comply with applicable discharge limitation. Enforcement action is ongoing

**GST AutoLeather, Inc.
31601 Industrial Road
Livonia, MI 48150**

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation of the parameters Copper (Cu) and Zinc (Zn) during the period of January - June 2014.

GST AutoLeather, Inc. has since demonstrated compliance with the applicable discharge permit limitation.

**Hajjar Plating Services, Inc.
38300 Van Born Road
Wayne, MI 48184**

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation of the parameter Nickel (Ni) during the period of October 2013 - March 2014.

Hajjar Plating Services, Inc. has failed to comply with applicable discharge limitation. Enforcement action is ongoing.

**Liberty Burnishing Company
18401 Sherwood
Detroit, MI 48234**

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation for the parameter Zinc (Zn) during the period of October 2013 - March 2014.

Liberty Burnishing Company has since demonstrated compliance with the applicable discharge permit limitation.

**Michigan Plating, LLC
21733 Dequindre Road
Hazel Park, Michigan 48030**

Technical Review Criteria (TRC) violation of the 4-day average limitation for the parameter Amenable Cyanide during the period of January-June 2014.

Michigan Plating, LLC has failed to comply with the applicable discharge limitation.

**Park Metallurgical Corp. Plant #1
8074 Military
Detroit, Michigan 48204**

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation for the parameter FOG during the period of January - June 2014.

Park Metallurgical Corp. Plant #1 has since demonstrated compliance with the applicable discharge permit limitation.

Caraco Pharmaceutical Lab. Ltd. has failed to comply with its applicable discharge limitation.

Chemical Process Industries, LLC
25428 John R
Madison Heights, MI 48071

Chronic violation of the monthly average limitation for the parameter Zinc (Zn) during the periods of October 2013-March 2014 and January-June 2014.

Chemical Process Industries, LLC has failed to comply with its Wastewater Discharge Permit limitation. Enforcement action is ongoing.

Curtis Industrial Services, Inc.
9797 Erwin Ave.
Detroit, MI 48213

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation of the parameter Total Phenolic Compounds during the period of October 2013 - March 2014.

Curtis Industrial Services, Inc. has since demonstrated compliance with the applicable discharge permit limitation.

EQ Detroit, Inc.
1923 Frederick St.
Detroit, MI 48211

Technical Review Criteria (TRC) violation of the monthly average limitation for the parameter Zinc (Zn) during the period of December 2013-May 2014.

EQ Detroit, Inc. has since demonstrated compliance, has made improvements and taken corrective actions necessary to meet monthly discharge permit limits.

Electroplating Services, Inc.
945 E. 10 Mile Road
Madison Heights, MI 48071-4206

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation for the parameter Copper (Cu) during the period of January - June 2014.

Electroplating Services, Inc. has since demonstrated compliance with the applicable discharge permit limitation

Global Titanium
19300 Filer Road
Detroit, MI 48234

Case 1: Technical Review Criteria (TRC) and Chronic Violation (CV) of daily maximum limitation and monthly average limitation for the parameter Titanium (Ti), at SL#1 during the periods of October 2013-March 2014 and January-June 2014.

Case 2: TRC violation of the daily maximum limitation for the parameter Ti at SL#2 for the period of January-June 2014 and TRC and CV violation of the monthly average limitation for Ti at SL#2 during the period of October 2013-March 2014 and January-June 2014.

Case 3: TRC violation of the monthly average limitation for the parameter Chromium (Cr) at SL#1 during the periods of October 2013-March 2014 and January-June 2014.

Case 4: TRC violation of the daily maximum limitation for the parameter Copper (Cu) at SL#1 for the periods of October 2013-March 2014 and January-June 2014.

Case 5: TRC violation of the daily maximum limitation for the parameter Mercury (Hg) during the period of October 2013-March 2014.

THE FOLLOWING INDUSTRIAL USERS ARE BEING PUBLISHED FOR ADMINISTRATIVE OR REPORTING VIOLATION ONLY. THEY WERE ADVISED OF THE REPORTING REQUIREMENTS AND NO FURTHER ENFORCEMENT ACTION IS REQUIRED AT THE PRESENT TIME.

Brent Bunner Septic Pumping
725 Countryside Lane
Oakland, MI 48363

Failure to submit required January - June 2014 Six Month Report (SMR) within thirty (30) days of the due date of June 30, 2014.

Brent Bunner Septic Pumping has failed to comply with the applicable discharge limitation. Enforcement action is ongoing.

Detroit, Michigan 48204

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation for the parameter FOG during the period of January - June 2014.

Park Metallurgical Corp. Plant #1 has since demonstrated compliance with the applicable discharge permit limitation.

Plymouth Plating Works, Inc.
42200 Joy Road
Plymouth, MI 48170-4636

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation for the parameter Available Cyanide (AVCN) during the period of October 2013 - March 2014.

Plymouth Plating Works, Inc. has since demonstrated compliance with the applicable discharge permit limitation.

Power Vac of Michigan, Inc.
44300 Grand River
Novi, Michigan 48375

Technical Review Criteria (TRC) violation of the daily maximum limitation for the parameter Total PCB during the period of July-December 2013.

Power Vac of Michigan has since demonstrated compliance with the applicable discharge permit limitation.

Superior Metal Finishing
3510 E. McNichols
Detroit, MI 48212

Case 1: Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation for the parameter Zinc (Zn) during the period of January - June 2014.

Case 2: Technical Review Criteria (TRC) Violation of the Monthly Average Limitation for the parameter Zinc (Zn) during the periods of October 2013 - March 2014 & January - June 2014.

Case 3: Chronic (CV) Violation of the Monthly Average Limitation for the parameter Zinc (Zn) during the period of October 2013 - March 2014.

Superior Metal Finishing failed to comply with the applicable discharge permit limitation. Enforcement action is ongoing.

Usher Oil Company
9000 Roselawn
Detroit, MI 48204

Technical Review Criteria (TRC) of the Monthly Average Limitation for the parameter Tin (Sn) during the period of September 2013 - February 2014.

Usher Oil Company has since demonstrated compliance with the applicable discharge permit limitation.

Winter Sausage Mfg. Company
22011 Gratiot
East Point, MI 48021

Technical Review Criteria (TRC) Violation of the Daily Maximum Limitation of the parameter Mercury (Hg) during the period of January - June 2014.

Winter Sausage Mfg. Company has failed to comply with applicable discharge limitation. Enforcement action is ongoing.

XRI Testing
1961 Thunderbird
Troy, MI 48084

Technical Review Criteria (TRC) violation of the monthly average limitation for the parameter Silver (Ag) during the periods of October 2013-March 2014 and January-June 2014.

XRI Testing has failed to comply with the applicable Wastewater Discharge Permit limitations. Enforcement action is ongoing.

Difco Laboratories, Inc./Becton Dickinson
920 Henry Street
Detroit, MI 48201

Failure to report self-monitoring violation for the parameter Mercury (Hg) for sample dated February 21, 2014 and June 18, 2014 and subsequent failure to submit the required thirty (30) day compliance report within thirty (30) days of the due date.

Difco Laboratories, Inc./Becton Dickinson has submitted required 30 day Compliance Report on August 18, 2014.

TABLE VI

Incident Prevention & Emergency Response Program

**Emergency Response Report
For 01/01/2014 To 12/31/2014**

Incident #	Response Date	Type	Location	Incident Type	Incident Description	Follow-up Description	Status
I-2014-640	01/09/2014	Initial	7278 Dix, Detroit	Illegal Dumping	Jeff Thueme, DTE 586-405-9981 15 gallons of Non-PCB mineral oil release to city sewer at a Mexican restaurant. DTE contracted cleanup by Pro Services. 5gal mineral oil lost to storm sewer, 10 gallons lost to snow bank. Two restaurant grease dumpsters are leaking to storm sewer at this location as well.	Ms. Ida Fulks investigated illegal dumping complaint. Company had two tanks full of grease on location. Company was instructed to have the grease removed by a grease recycling company.	Closed
S-2014-642	01/10/2014	Initial	Marathon Ashland, 1300 S. Fort Street, Detroit	Spill	Adrian Taylor (System Control Center Supervisor) Reported on January 9, 2014 to SCC at 12:27 PM that Marathon Ashland Refinery had an fuel oil leak that they were investigating	Ida Fulks meet with Brian Sutherland, HES&S Professional at 1300 South Fort Street. We inspected the manhole inside the gate off Pleasant and the manholes under the vidox going south. The flow was good and no sign of illegal dumping.	Closed
R-2014-641	01/13/2014	Initial	225 Merton, Highland Park Michigan 48203	Odor Complaint	Complainant : Ms. Michelle Mitchell 225 Merton, Highland Park, 472-9349 or 3-575-3336 Ms. Mitchell is concerned about a strong smell of sewer gas in her unit on the first floor and in other units of the building. She indicated that a resident on the fourth floor has complained about the odor, as have other residents. She stated that the building opened for rentals in August 2012 and has just recently become filled with residents. Ms. Mitchell said the landlord/management is not addressing the complaints.	Met with Ms. Mitchell and Ms Edith Chandler, Office Manager and tenant at the apartment. I inspected some apartments. The odor in the rooms and hallways had somewhat of a sewer odor. We inspected the laundry room that had a sewer odor. We inspected the partial sub-floor basement and found the air was much fresher than in the rooms or hallways. Checking the floor drains I found one that had trash in it and what appeared to be chunks of concrete in it. Most of the strong odors were next to a floor drain. I contacted Assets and Maintenance Central Yard and spoke with the Dispatcher and asked them to send out a crew to inspect the sewers to see if they were up. I was informed from DWSD Assets and Maintenance that the Department sewers were not up and the flow inside of them was good. Manager was informed their maintenance or plumber needed to check the traps and the ventilation system to ensure proper ventilation for the apartment unit.	Closed

**Emergency Response Report
For 01/01/2014 To 12/31/2014**

Incident #	Response Date	Type	Location	Incident Type	Incident Description	Follow-up Description	Status
S-2014-643	01/13/2014	Initial	7 Mile and Davidson, Sunoco Station, Detroit MI	Spill	Fire Marshall Lance called and reported spill of 230-300 gallons of diesel fuel free running on the street and in the pump area of the station and in the catch basins. Sunoco Gas Station 13300 Livernois, Detroit, Michigan Abe Hage (313) 931-01122	Ida Fulks met at the site and found that diesel fuel was on the street along the curb and in the lot and in DWSD catch basin. I met the DFD fire Marshall Lance who updated me on the status. Inland Waters would be there within one hour and the company was there repairing the pump on the diesel. We were told that someone had hit the pump with their vehicle.	Closed
M-2014-644	01/15/2014	Initial	13040 Merriman Rd., Livonia	Misc.	D. Walton (Maintenance & Repair), 267-1211 Ms. Gobel, City of Livonia (734) 421-1313 Mr. Walton received a call from Ms. Gobel (City of Livonia) reporting a fire at 13040 Merriman Rd. in Livonia that caused an oily substance to enter the sewer.	Mr. Vernon Johnson investigated fire. The city sewer not was affected by the run-off.	Closed
S-2014-645	01/16/2014	Initial	Child Care Academy, 8007 2nd Ave., Detroit	Spill	PEAS referral from Jodi Peace Reported: Kevin Westbrook 585 7843 Incident Location: in front of Child Care Academy 8007 2nd Ave, Detroit Caller is reporting a potential release of sewage into the streets in front of their child care facility from underground sewer lines that run under them. A pipe was fixed earlier in the summer but made matters worse. If left untreated it could flow into the streets and contaminate the area.	Mr. Vernon Johnson investigated the complaint and found no signs of sewerage on the streets as alleged. Maintenance and repair was called to unblock the storm drains	Closed
I-2014-646	02/19/2014	Initial	9101 Hartwell, Detroit	Illegal Dumping	Complainant: Katie James 517-402-7141 Katie James complained about neighbors pouring gasoline and ammonia down the sewer from her home located at 9101 Hartwell in Detroit	Ida Fulks met with the homeowner, Ms. Katie James who believed that the neighbors across the street were pouring ammonia and gaseoline into the sewer, catch basins, and etc so that the solution would enter into her house and harm her. Ms. James was angry and upset at the time of my visit and felt as though I was part of the scheme too. A neighbor of her told me that she would get in touch with her ex-husband and kids to get her some help. They wer no odors at the time of my visit.	Closed

**Emergency Response Report
For 01/01/2014 To 12/31/2014**

Incident #	Response Date	Type	Location	Incident Type	Incident Description	Follow-up Description	Status
M-2014-647	02/20/2014	Initial	10067 Greensboro, Detroit	Misc.	<p>Paul Maxx BSE&E (313) 471-5115 Complainant: Kenny (313) 244-6375</p> <p>Mr. Kenny reporting that someone down the street from his home located at 10067 Greensboro in Detroit spilled diesel fuel into the sewer from a commercial truck. Quantity unknown</p>	<p>Ida Fulks visited the site listed and found no vehicle leaking or signs of illegal dumping at the site</p>	Closed
I-2014-648	02/21/2014	Initial	12171 Coyle, Detroit	Illegal Dumping	<p>MDEQ Referral - Jodi Peace Complainant: Cory Buckalew, 12211 coyle Detroit 835-4330, cory@securitysteel.com</p> <p>The business next door to us at 12171 Coyle has spilled or poured a quantity of green liquid on the street and parking area. I suspect it is automotive antifreeze being used for ice control. It is clearly running into the storm water system. I have to deal with these people on a regular basis and therefore wish to remain anonymous</p>	<p>Mr. Vernon Johnson investigated the illegal dumping complaint. Facility had poor housekeeping. I saw a green puddle of what appeared to be anti-freeze and water at the end of the apron of the parking lot. Manager told me a delivery truck had a leak. He was instructed to cleanup the antifreeze.</p>	Closed
R-2014-649	02/24/2014	Initial	71 Garfield, Detroit	Odor Complaint	<p>Cheryl Porter, DWSD, cporter@DWSD.org 926-8135</p> <p>The sewer line located in the alley between 71 Garfield and George N'Namdi's Gallery on East Forrest has consistently given an off-gas into our buildings since their renovation.</p>	<p>Ida Fulks visited the site at George N'Namdi's Gallery located at 52 E. Forest. The gallery was closed. I met with DaDon Ashop, manager at Seva's Fresh Imaginative Vegetarian Cuisine, located at 66 E. Forest. Phone 974-6661. Ms. Ashop said the odor comes in the winter and the last time she notice the odor was two months ago. The odor come from an area in the hallway of the restaurant and the odor is strongest behind what appeared to be a large door that has a hall way/corridor that closed out the various offices located on the site. Ms. Ashop mentioned the no odor was present and that the odor had a sulfuric/sewage odor. I monitored for gases upon my entrance and leaving the building and no entrance</p>	Closed
M-2014-650	02/25/2014	Initial	8064 Curt, Detroit	Misc.	<p>Complainant: Gary Carter 932-2264</p> <p>Citizen who lives next door to 8064 curt, states that property owner at this residence routinely pumps raw sewage, from his basement into the backyard.</p>	<p>Mr. Vernon Johnson investigated the complaint and told the homeowner to discontinue discharge of waste. I performed a follow-up inspection of the residence and found no signs of the discharge of sewerage.</p>	Closed

**Emergency Response Report
For 01/01/2014 To 12/31/2014**

Incident #	Response Date	Type	Location	Incident Type	Incident Description	Follow-up Description	Status
M-2014-651	03/14/2014	Initial	14245 Birwood St., Detroit	Misc.	Uncle Rays, LLC 14245 Birwood St. Detroit Jon Cieslowski 834-0800 John Cieslowski of Uncle Rays, LLC reported water by train tracks coming from a building located 14375 Wyoming.	Mr. Vernon Johnson investigated the and complaint contacted Central Yard North Facility.	Closed
M-2014-652	03/18/2014	Initial	Brother's Collision 13771 Joy Road, Detroit	Misc.	To Whom it May Concern: I'm sending some pictures that I took on Sunday Morning, March 16, 2014. The pictures are regarding Brother's Collision, which is located at 13711 Joy Road, Detroit. They continue to throw trash and garbage everywhere, plus the street/sidewalk is stained with various automobile fluids. The city water drain is located near, and the fluids wash down into it. They park their damaged cars over the drain, and it spills directly into the drain also. David	Mr. Vernon Johnson investigated the complaint. There was no sign of leaking fluids impacting the storm drain. I looked inside of the drain and found no signs of oil or anti-freeze. I spoke to the owner Mr. Ali Dawish and told him he should not park cars on the sidewalk. Mr. Dawish moved the car in front of his business. I asked him to sweep up some plastic and broken glass from the vehicle on the sidewalk	Closed
S-2014-653	04/07/2014	Initial	NB. Southfield @ Schoolcraft	Spill	System Control received from DFD Diesel fuel spill 50 - 100 gallons in N.B Southfield @ Schoolcraft	Mr. Vernon Johnson investigated the complaint. Two storm drains had diesel fuel in them. B&T Towing was contracted to perform the clean-up of the fuel.	Closed
M-2014-654	04/22/2014	Initial	Industrial Metal Coating, Inc., 6070 18 Mile Road, Sterling Heights	Misc.	Fire broke out at 3am at Industrial Metal Coatings Co. located at 6070 18 Mile Road in Sterling Heights. The fire apparently started as a pallet fire behind the bussiness.	Investigated the fire at Industrial Metal Coating, Inc., 6070 18 Mile Road, Sterling Heights. The fire was under concontrol and no one was hurt. DTE crews were on the scene to fix the melted powerlines.	Closed
I-2014-655	04/24/2014	Initial	3245 Hubbard , Detroit	Illegal Dumping	Paul T. Max Environmental Specialist II Water running out of a PVC pipe at the top of wall just east of 4086 Michigan Ave. Rusty colored water is flowing down the sidewalk into the street for approximately 150 feet until it reaches a storm drain. I traced the PVC pipe to a taxicab repair shop located at 3245 Hubbard where a black rubber hose was observed exiting the building and feeding into the PVC pipe. I spoke to an employee that gave his name as Luther Jones. He said that his boss name is Sam but he couldn't give his last name. He thought that they were pumping water out of the back of the building	Investigated illegal dumping complaint. Company ceased pumping into the street	Closed
B-2014-657	05/05/2014	Initial	Sweetwater Tavern, Detroit	Sewer Blockage	Maintenance and Repair reported a sewer blockage at Sweetwater Tavern in Downtown Detroit	Investigated sewer blockage. Mr. Vernon Johnson arrived at the site and Maintenance & Repair, DWSD had rodded the sewer.	Closed

**Emergency Response Report
For 01/01/2014 To 12/31/2014**

Incident #	Response Date	Type	Location	Incident Type	Incident Description	Follow-up Description	Status
M-2014-656	05/06/2014	Initial	Model T Plaza, Highland Park	Misc.	Bill Bair, MDOT 248-431-2887 Reported grease and sanitary coming up at the Model T Plaza entrance in Highland Park.	Investigated grease and sanitary coming up at the Model T Plaza entrance in Highland Park. Vernon Johnson visited the site and found no grease or sewage coming up from the Plaza. Mr. Johnson did locate a small flow of water from the McDonalds located in The Plaza. He contacted the McDonalds and The Highland Park Water Department	Closed
I-2014-659	05/15/2014	Initial	27950 Harper Ave., St clair Shores	Illegal Dumping	Jodi Peace (DEQ) , PEACEJ@michigan.gov 586-601-7985 Someone is dumping methyl chloride. The chemical is put down the toilets. Chemical Stripper for Furniture, is being pumped out of the holding tanks by a chemical tanker, 220 gallon month is purchased and he has only witnessed the tanks being pumped out once in the past few years. The facility is about ¼ from Lake St. Clair	Investigated the complaint of illegal dumping. There was no sign of illegal dumping	Closed
S-2014-660	05/22/2014	Initial	500 S. Dix , Detroit	Spill	Rodney William, Maintenance & Repair, Central Yard (999-3622) reported a fire at a company located 500 S. Dix in Detroit and the spill of 400 gallons of diesel fuel.	Investigated the spill caused by the fire. The Detroit Fire Department (DFD) had left the scene by the time William Ware and I arrived at the site	Closed
R-2012-556	05/30/2014	Follow-up	EnviroSolids - 6011 Wyoming, Dearborn	Odor Complaint	Reported by MDEQ: Caller stated there is a very strong chemical odor coming out of the sewers (inside & out). Workers and customers are complaining. Odor is far worse than normal today. She believes it is related to the former Comprehensive Environmental Service facility located on Wyoming (currently Enviro Solids).	Mr. Mike Marad (945-8259) at Mobil Gas Station located at 10000 Ford Road in Dearborn called and reported an odor in the air. Mr. Brent Damman, EnviroSolids, called Ms. Rosam George, DWSD and Mr. Mike Marad (945-8259) at Mobil Gas Station and said that EnviroSolids cause the odors. The odors were the result of excess amount of Detroit Waste Water Clarifier Sludge on the floor left over night. This occurred because of scheduling issues of outbound trucks to the landfill. He said the the scrubbers are functioning properly and the the doors will remain closed until the sludge is removed. No odors were detected at the time of the site visit by William Ware, DWSD and Sidney High, DWSD	Closed
I-2014-661	05/30/2014	Initial	13780 W. Buena Vista, Detroit	Illegal Dumping	Jodi Peace (DEQ) , PEACEJ@michigan.gov 586-601-7985 Complaint: Mr. Tashtanov (517) 488-9343 Oil dumped into street in front of their home	I met with Mr. Ray and Mr. Ghazwuan of RI Express and told him that DPW handles solid waste dumping and provided him the number to call DPW Environmental Enforcement 876-0974	Closed

**Emergency Response Report
For 01/01/2014 To 12/31/2014**

Incident #	Response Date	Type	Location	Incident Type	Incident Description	Follow-up Description	Status
I-2014-662	06/03/2014	Initial	40875 Irwin Dr., Harrison Twp	Illegal Dumping	Laura J. Verona, P. E., District Supervisor, (586) 601-7693, verona@michigan.gov Public Wastewater Unit, MDEQ Water Resources Division PEAS complaint: Company that he currently works for has told him to dump oil down the toilet to avoid having someone coming out and pump it out. Also they have dumpster in the parking lot that has holes in the bottom, they dump oil grind in there, it is leaking out the bottom and down into the drain. They also wash their own oily rags.	Investigated illegal dumping complaint. I met with Mr. Roger Belanger (Owner) and he gave me a tour of the facility. He showed me the grind dumpster in the parking lot. The ground was clean around the dumpster and the drain was closed. The parking lot drains look clean. T	Closed
I-2014-665	06/18/2014	Follow-up	67 E. Kirby, Detroit	Illegal Dumping	Jodi Peace, MDEQ 586-601-7985 Jodi Peace, MDEQ forwarded a complaint regarding a contractor working at 67 E. Kirby in Detroit washing paint sludge from the windows of the building into the sewer.	Investigated illegal dumping complaint. The storm sewer inspected showed no sign of paint sludge.	Closed
I-2014-666	07/28/2014	Initial	LaRosa Refrigeration, Detroit	Illegal Dumping	PEAS Referral - Jodi Peace (DEQ), PEACEJ@michigan.gov, 586-601-7985 Complainant: David Thacker 586-709-3723 LaRosa Refrigeration located at 19191 Filer in Detroit dumps toxic materials and has for years. Has pictures of labels that state if there is spillage it should be solidified, then disposed of. They are emptying the barrels in to the parking lot ground and storm drain.	Ida Fulks along with Sidney High met with Jerry Grillo concerning illegal dumping of toxic materials at the site. Jerry Grillo informed us that they had recently let go of an employee named Dave and last name beginning with the letter T had made allegations of them dumping toxic materials and calling other regulatory agencies. Mr. Grillo mentioned that the employee is very disgruntled of having to let go. We were given a tour of the facility and found that the floor drains mostly was clogged up with dirt and no flowing was getting through it. The facility had good housekeeping practices and we found no signs of illegal dumping inside or outside of the facility.	Closed

**Emergency Response Report
For 01/01/2014 To 12/31/2014**

Incident #	Response Date	Type	Location	Incident Type	Incident Description	Follow-up Description	Status
I-2014-667	08/04/2014	Initial	9501 Conner, Detroit	Illegal Dumping	<p>PEAS Referral : Jodi Peace (DEQ) <PEACEJ@michigan.gov> 586-601-7985</p> <p>Complainant: Anonymous</p> <p>Incident Description: hundreds of gallons of oil being dumped/ spilled onto the ground and there are drains everywhere, and there are tunnels on the property.</p> <p>Ivan/Doverspike building (Used to be the Cadillac bldg) Doverspike sold to New owner (Bill) has purchased the bldg to scrap it out and is and there is an AST tank in the back of the property that is leaking hundreds of gallons of oil to the ground, there are drains everywhere, and tunnels as well. The AST is 2-3 stories high.</p>	Mr. Sidney High and Mr. William Ware arrived at the facility and two gentlemen from Ivan Doverspike Co. let us in the gate onto the property. They said Bill work in the office and we drove around the property to the office. The office was locked and no one answer. The building had neither lights nor running water. We drove back to the front gate and met Ms. Jill 579-3000 Ext 3 who was sitting in a parked SUV. She said she work for the Ivan Doverspike Co which had sold the property to Mr. Bill on November 1, 2013 and they were leasing a small part of the building for cold storage for industrial equipment. She said that Mr. Bill is difficult to contact and difficult to deal with.	Closed
M-2014-668	08/05/2014	Initial	2101 Conners, Detroit	Misc.	<p>Anonymous caller reported Chrysler Group LLC - Jefferson North Assembly Plant located at 2101 Connor St. in Detroit is discharging wastewater with high Zinc and Nickle.</p>	I informed Ms. Rosam George, IWC-Enformant and she told me that the company was currently under enforcement for the Zinc. I also informed Mr. Thomas Eapen, Manager, IWC and he told me that staff met with the company yesterday.	Closed
M-2014-671	08/06/2014	Initial	Delray Park- Detroit River Fishing Access Site	Misc.	<p>Complainant : Charles E. Drake 919-6393</p> <p>Mr. Charles E. Drake reported possible human waste in the water where he was fishing at Delray Park - Detroit River Fishing Access Site</p>	I went to the site to verify human waste in the water. I notice some debris in the water clump together. I was unable to determine what the nature of the debris. I contacted system control and spoke with Mr. Troy. He said he started 7:30 am that morning and they had not had a release into the river during his shift.	Closed
R-2014-672	08/08/2014	Initial	Pleasant & Liddesdale, Detroit	Odor Complaint	<p>This complaint came into our PEAS line last night. Pleasant and Liddesdale is right beside the Oakwood CSO RTB. There is a history of odor complaints from this area. Sometimes it's from Marathon or Marathon's discharge into the sanitary sewer (which runs right down Pleasant to the Oakwood RTB) or slow moving flow in the sewer when it's hot and there hasn't been any rain for a while.</p>	Ida Fulks investigated the odor complaint and met with Ms. Martha Gupton who told me the odor smell like human waste. The odor was not present at the time of my visit.	Closed

For 01/01/2014 To 12/31/2014**

Incident #	Response Date	Type	Location	Incident Type	Incident Description	Follow-up Description	Status
I-2014-673	08/27/2014	Initial	21551 Oakwood Blvd. Dearborn MI	Illegal Dumping	Jodi Peace, MDEQ, (586) 601-7985 Subject: Carpet cleaning water dumped in stormsewer Ms. Jeanne Schlaufman, DEQ observed truck emptying its holding tank over a storm sewer manhole in the parking lot of the DFCU credit Union beech and Oakman. She took pictures of the truck with license plate.	Talked with Mr. Mike Capatina, owner of SunGlo Carpet Cleaners (313) 292-3400. I explained that DEQ employee Jeanne Schlaufman allegedly witnessed the dumping incident in parking lot of DFCU. He said he would look into the situation; gave him the license plate number of van in picture taken by Jeanne Schlaufman. He said they usually dispose of the carpet water at self service car washes.	Closed
I-2014-673	09/09/2014	Follow-up	21551 Oakwood Blvd. Dearborn MI	Illegal Dumping	Jodi Peace, MDEQ, (586) 601-7985 Subject: Carpet cleaning water dumped in stormsewer Ms. Jeanne Schlaufman, DEQ observed truck emptying its holding tank over a storm sewer manhole in the parking lot of the DFCU credit Union beech and Oakman. She took pictures of the truck with license plate.	Talked with Mr. Mike Capatina again; he forgot to follow up on inquiry - he promises to get information today. Mr. Capatina states that his worker wasn't dumping the carpet water down the sewer; it was overflow clean water from the onboard 120 gallon tank.	Closed
I-2014-673	09/10/2014	Follow-up	21551 Oakwood Blvd. Dearborn MI	Illegal Dumping	Jodi Peace, MDEQ, (586) 601-7985 Subject: Carpet cleaning water dumped in stormsewer Ms. Jeanne Schlaufman, DEQ observed truck emptying its holding tank over a storm sewer manhole in the parking lot of the DFCU credit Union beech and Oakman. She took pictures of the truck with license plate.	Mr. Capatina explained that his workers were emptying excess clear water from the onboard 120 gallon tank. This procedure is usually done at self-service car wash drains.	Closed
S-2014-675	09/19/2014	Initial	East 8 Mile Road and I-75	Spill	September 19, 2014 at 9:57 A.M. Mr. Monick Hughes, System Control Center Called received from Detroit Fire Dispatch reporting incident at East 8 Mile Road and I-75. 50 gallons of diesel fuel spilled and that Haz Mat unit was on sight using absorbent to clean up the fuel spill.	Ida Fulks met with Rich Story, Hazel Park Fire Chief, and DFD Terrance Lance. Fire Marshall at the site. A automobile had hit the side of a gas tank of a semi truck that caused the spill of 50 gallons of diesel fuel free running and entered a catchbasin. The incident was up top and not down on the freeway. The site was being cleaned and the catch basin was cleaned of all waste material. The fuel was contained inside the catch basin.	Closed

I-2014-677	09/30/2014	Initial	12959 Borgman, Huntington woods	Illegal Dumping	PEAS Incident No. : 11885 Great Lakes Landscape Design was cutting concrete without water suppression of dust. CT contacted Hunting Woods Public Safety who asked the contractor to apply water. Contractor did so with a garden hose. Cutting slurry drained to the storm sewer. Hunting Woods Public Safety incident report available (248) 541-1180	Ida Fulks received PEAS Report concerning Great Lakes Landscape and Design cutting concrete without water suppression for dust control. I tried contacting Joseph Trice several times and phone call was never returned. I will contact Great Lakes Landscape and Design and find out their procedure for dust control and procedure for keeping sludge from entering the DWSD sewer system.	Closed
R-2014-676	10/01/2014	Initial	8100 W. 7 mile, Detroit	Odor Complaint	Darryl A. Latimar, Duputy Director, DWSD (313) 224-4784 Mr. Latimar email Mr. Steve Kuplicki that he received a sewage odor complaint coming from Messiah Baptist Church at 8100 W. 7 Mile. The odor is coming from the alley.	Ida Fulks on 10/1/14 met with Assets and Maintenance crew at the site and inspected the grease traps, monitored for adnormal odors and cleaned the sewer line in the rear of the church.	Closed
S-2014-678	10/13/2014	Initial	5275 Addison, Detroit, Michigan	Spill	October 13, 2014 Central Yard called around 6:30 A.M. and System Control Center called System control reported a tanker truck located at 5275 Addison off MrGraw Street was leaking fuel (25 gallons) from the tank and that Detroit Fire Department 's Hz Mat was on site.	Ida Fulks arrived at the incident and found that a tanker truck (McKinleey Trucking) caring fuel had crashed into a church. The tank on the rear of the tractor was not leaking but the saddle mandle on the truck had leaked some 25 gallons on the street and in the berm. Absorbent material was used to control the spillage and B and T Trucking did the cleanup as well as hauled the tractor (tank) off site. The DWSD sewerage was impacted from the spill.	Closed
M-2014-679	10/13/2014	Initial	4446 Yorkshire, Detroit, Michigan	Misc.	October 13, 2014 DWSD Maintenance and Assets Division Rodney Williams, Foreman called and reported raw sewerage being dumped at 4446 Yorkshire in Detroit, Michigan (313) 267-1241	Ida Fulks arrived at 4446 Yorkshire and found that no one answered the door. I was not able to see if signs of sewerage being dumped in the rear of the hose because of the enclosed gate and tall shrub around the house. I left card and asked anyone to call concerning the sewerage. I have not heard from anyone at this time, Octoberr 15, 2014. I called Mr. Williams at he number given and was told that he was one the evening shift at 3:30 P.M. at Central Yard. Will contact Mr. Williams and let him know of the incident thustar.	Closed

R-2014-680	11/13/2014	Initial	Waste Management of MI, Inc.-Pine Tree Acres Landfill, 36600 29 Mile Road, Lenox Township	Odor Complaint	<p>MDEQ Referral Peace, Jodi (DEQ) Subject: Lenox Township: H2S & strong odors from sewers</p> <p>Incident : Lenox Township City Offices: strong gas odors near their office at 29 Mile Road & Gratiot. I spoke with the Assistance Fire Chief, Marty Hartway. He tracked the source of the odors to the sanitary sewers and believe the cause is the leachate discharge from Pine Tree Acres Landfill. H2S levels at ground level were measured at 34 ppm. Spoke with Captain Trombley and Chief Hartway. They have closed the City's offices, vented the building, and opened manholes to vent the sewer system.</p> <p>Asst Chief Marty Hartway 586-855-7270 Captain Cam Trombley 586-615-0741 Steve Walters, Engineer, Waste Management 586-749-6122, 586-634-8085</p>	<p>I called Mr. Steve Walters, Engineer, Waste Management of MI, Pine Tree Acres Landfill 586-749-6122 Cell 586-634-8085) about the H2S odor complaint. He said that he was investigating to determine if they were the cause the odor complaint. I told him that he should have notified DWSD of the incident. The Fire Department came out and got a reading of 34 ppm. He said that he was not certain yet if they were responsible for the odor complaint. I ask him to stop discharging until they determine the source of odor he said the fire department had already made the request. He said that that had a holding tank that can be use temporarily. I told him to submit a 5-Day report to the Department. He told me that Mr. Houxiang Liu, DWSD, is scheduled to do a comprehensive inspection next week. I call Mr. Houxiang Liu and informed</p>	Closed
I-2014-681	12/14/2014	Initial	15829 Kentucky, Detroit	Illegal Dumping	<p>Rechanda L. Willis, Assistant to the Deputy Director/Chief Customer Service Officer sent email to Mr. Steve Kuplicki to Investigate the claim of raw sewage pouring into street at 15829 Kentucky Steet in Detroit.</p>	<p>In December 2014, Ida Fulks and William Ware investigated the illegal sewer dumping at 15829 Kentucky Street, and found no evidence of the alleged sewer dumping</p>	Closed
