The City of Detroit Planning & Development Department kicked off a neighborhood planning process at the beginning of 2017 in the West Vernor Corridor. Over the past year, the community identified challenges and properties that shaped the development of a neighborhood framework plan. We hope you can join us for a presentation of near-term projects for City investment in your neighborhood, followed by an open house for break out discussions by topic area with City staff.

With advance notice of seven calendar days, the City of Detroit will provide interpreter services at public meetings, including language translation and signage for the hearing impaired. Please contact the Planning and Development Department at (313) 224-1339 to schedule these services.
