# Livernois Under Construction – Pardon Our Noise

## What is going on?

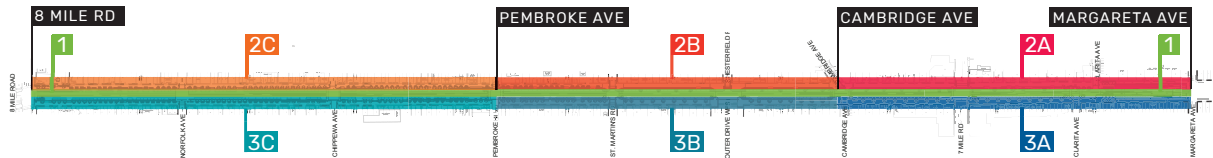

Construction for roadway improvements between Margareta Street and 8 Mile. This project will include new roadway pavement, underground infrastructure, new extended sidewalks, removal of the median, bike lanes, better lighting, landscaping and other elements that will further make Livernois a beautiful welcoming corridor.

## Remember to support local businesses!

Livernois will remain open to traffic and all businesses will maintain pedestrian access.

Check out our website [www.detroitmi.gov/streetscapes](http://www.detroitmi.gov/streetscapes) for future updates!
